HASKELL, HASKELL COUNTY, TEXAS, THURSDAY JULY 31, 1947

NUMBER THIRTY

Two Fine Assessed for Liquor Violation; 2 Year Sentence Imposed In Four Forgery Cases

The heaviest penalty assessed in Haskell County for violation of the liquor laws, was imposed on Monday when he entered a guilty plea before Judge O. E. ...

Rev. J. G. Robbins Resigns Pastorate

Rev. James G. Robbins, pastor of the Curry Chapel Baptist Church, is resigning the pastorate August 1. This information was contained in the following letter to The Free Press from Rev. Robbins:

"This is to announce my resignation as pastor of the Curry Chapel Baptist Church, effective August 1st. During my pastorate the church has gone full time, installed electric lights, and a butane heating system. There have been 17 additions to the church and two professions of faith. The church adopted a budget system and increased its gifts to missions and the cooperative program of the Baptist General Convention.

"I would like to express my appreciation to your paper for the cooperation you have shown the church in making announcements and publicity notices. Sincerely yours, James G. Robbins."

Special Election on Amendment Set For August 23

A special state election will be held Saturday, August 23, for the purpose of voting on the adoption of a proposed amendment to the Texas State Constitution. The proposed amendment provides for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of 7c for Confederate pensions in order to create a special fund necessary for the payment of Confederate pensions, and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amount of 2c and 5c respectively.

The proposed amendment also provides for a 5c reduction of the maximum allowable state tax on property making such tax not to exceed 30c and the \$100 valuation; providing a method of payment and construction and equipment of improvement and buildings at the Texas A. & M. College and the University of Texas.

Hospital Notes

The following patients were registered in the Haskell County Hospital Thursday morning: Mrs. Lloyd King of Goree. Mrs. M. R. Stice, Weinert. Mrs. J. E. Johnson, Munday. Mrs. Paul Hood and infant daughter of Stamford. Mrs. Buck Turnbow of Weinert. Mrs. H. M. Emerson and infant son of Haskell. Mrs. J. C. Halliburton of Rochester. Mrs. Riley Pittman of Haskell. Mrs. Ben Kittley of Rule. Mrs. Raymond Smith and infant son of Old Glory. Mrs. I. J. Roper and infant daughter. Mrs. Aubrey Fouts of Rule. Mrs. Glenn Humphreys. Baby Jimmie Von Gonten of Haskell.

Mrs. A. J. Lowellen of Haskell. Bird Lane of Haskell. Patients dismissed: Wayne Graham of Haskell; Mrs. Edna Johnson of Weinert; Evalene Lankford of Edcouch, Texas; Curtis Chapman of Morton; Miss Betty McCafferty of Stamford; Mrs. J. W. Casey of Haskell; Mrs. L. E. Beggs and infant son of Haskell; Mrs. Annie Gerick of Weinert; Mrs. I. N. Simmons of Haskell; Mrs. Randolph Wilson and infant son of Haskell; Mrs. H. S. Wilson of Haskell; V. P. Terrell of Weinert; Mrs. Alvin Moore and infant daughter of Rule; Bobby Leech of Weinert; Melvin Address of Haskell; Mrs. W. R. Pierson of Haskell; Mrs. Odell Campbell and infant daughter of Weinert; Mrs. L. W. Scott and infant son of Haskell; Quinton Williamson of Rule; Mrs. John Larned and infant daughter of Haskell; A. C. Baillif of Merkel.

Rites Held Tuesday At Weinert for Mrs. Mary Ellen Ford

Funeral service for Mrs. Mary Ellen Ford, 93-year-old resident of Haskell County for the past fourteen years, was held at the First Baptist Church in Weinert Tuesday at 4 p. m., conducted by Rev. C. M. Currey, who was assisted by Sister Ruby Moorhead. In failing health for several years, Mrs. Ford died Monday at 10:30 p. m., at the home of a son, W. B. Ford in Weinert.

Interment was in Johnson cemetery near Munday, with Holden's funeral home directing. Pallbearers were R. S. Edwards, R. M. Walker, Ned Rich, G. W. Alexander, C. F. Moorhead, O. D. McKennon.

Mrs. Ford was born June 26, 1854, in Mississippi. She lived in Hunt County, Texas, before moving to Weinert in 1933. Her husband preceded her in death a number of years ago. Mrs. Ford had been a member of the Methodist Church for about 50 years.

Surviving are two sons, J. A. Ford of Fort Worth; W. B. Ford of Weinert; and six grandchildren.

Cotton Insect Study Planned Monday

A cotton insect school will be held on Monday, August 4, starting in the district court room in Haskell at 1:30 p. m., where J. C. Barton, entomologist with the U. S. Department of Agriculture, and F. W. Martin, county agent, will give instructions on identifying cotton insects.

After this preliminary work the group will go out into the fields and actually make cotton insect counts. All farmers that are interested have a special invitation to attend.

Seymour Player Wins Tri-County Golf Tourney

Bob Hill outlasted Chas. Richmond Saturday, both of Seymour, to take the Tri-County golf title in the annual tournament played in that city. Hill was medalist, with 71. Hill won the crown by beating Richmond 1 up.

The tournament was the best in the history of the event. The counties of Baylor, Knox and Haskell were all well represented. The event comes to Haskell next year.

In the semi-finals, Hill beat Winston Blacklock of Munday, 4-3; and Richmond beat Jim Morris of Seymour, 1 up. In the consolation, Byron Shupee of Seymour beat D. E. Holder of Haskell, and Travis Everet of Haskell beat Curtis Thurman of Seymour. Shupee was one under for 16 holes in defeating Everett for the title.

In the first flight, Buel Gibson of Truscott beat Pat Goodwin of Seymour, 6-5, in the finals. Gibson had defeated Ray Holcomb of Munday, 1 up; and Goodwin had beat L. P. Nolen of Seymour, 4-3; Deaton Moorhouse of Seymour won from G. Brown of Haskell in the semi-finals consolation match; and Lindsey Carter had beat O. C. Harrison of Seymour. Carter won from Moorhouse in the finals.

In the second flight, R. V. Williams of Munday won over Buck Everett of Haskell, 1 up on 19, for the championship. Everett had won from J. Duke of Munday 3-2; and Williams had taken out Paul Pendleton of Munday. In the consolation, Felton Everett of Haskell took out W. Higgins of Munday; and J. W. Holland of Munday beat David Moorhouse of Seymour. Then Holland beat Everett in the finals, 5-4.

In the third flight, the winner was C. J. Reese of Knox City, who beat Omar Cure of Gilliland, 3-2 in the finals.

GEORGE MAHON

Mahon Is Named On Committee To Visit Europe

Representative George Mahon of Lubbock was named Tuesday to a 19-man congressional committee which will visit Europe this summer to study the aid required by foreign nations and the extent to which United States resources can safely be used to supply this aid.

Mahon, the only Texan in the group, was appointed by House Speaker Martin. The inspection was authorized by a congressional resolution. Selection of Mahon was undoubtedly made because of the important role the West Texan had played as a member of the House appropriations for foreign relief.

The group will leave the United States Aug. 27. Mahon plans to visit his congressional district before leaving, and will return to West Texas after he gets back to report on the European study.

Mahon points out that the American people are not going to permit Congress to appropriate funds for foreign relief each session much longer.

"Congress is going to have to tell the people how far we are going to have to go and where the end is," Mahon says. "That is the purpose of this investigation." The group will make progress reports on the study during the trip, and will compile an overall report when it is finished. From it, a United States policy on foreign relief for the future is to be devised.

Mayor John A. Couch Speaks at Hamlin Lions Club Meet

Mayor John A. Couch of this city was guest speaker at the weekly meeting and luncheon of the Hamlin Lions Club Tuesday. Mayor Couch, former president of the Haskell Chamber of Commerce, talked on the subject of "Americanism As Exemplified by American Democracy."

Exploding Pop Bottle Hurts Youth

Eugene Seets, son of Mr. and Mrs. Jesse Seets, discovered Tuesday that hot pop bottles are dangerous. When he placed a hot bottle in a pop box the bottle exploded as it came into contact with the cold water. A piece of glass flew up, struck his arm and cut an artery. He was taken to the hospital and the artery was tied together and the wound sewed up.

Jack Watson Named On Staff of Texas Law Review

Seven University of Texas law students have been named to the editorial staff of the Texas Law Review and 22 appointed to the editorial board. Parker C. Fielder of Austin, editor in chief of the Law Review announced the selection of Carl F. Hendrix of West Columbia as note editor; Jack W. Watson of Haskell, assistant note editor; and Jesse P. Luton, Jr., of Austin, as book review editor.

Lions, Rochester Rotarians to Play Softball Tonight

Summer temperatures did not appreciably affect attendance at the weekly meeting of the Lions Club Tuesday at noon in the High School activity building, when twenty-seven members were present. Roy O'Neal, Haskell grocer, was welcomed as a new member.

Lions also voted for a softball team made up of club members to play the Rochester Rotary Club team in a game to be played tonight beginning at 8:30 o'clock under lights on the CWT fairgrounds.

A committee was appointed to arrange for a different meeting place after beginning of the 1947 school term, when the activity building will not be available. Named on the committee were Olen Dotson, Theron Cahill and Leonard Florence.

Musical program during the meeting was furnished by Mrs. Frank Martin and Miss Carolyn Turner of Haskell.

Funeral Rites For V. L. Adkins Held At Rochester

Funeral rites for Vinnie Lonza (Ben) Adkins were held at the Rochester First Baptist Church Friday July 18 at 5 o'clock p. m., with Rev. H. R. Whaley of Haskell and Rev. Roy Young of Rochester officiating. Burial was in Rule Cemetery with E. Hob Smith, Rochester funeral director in charge.

Mr. Adkins was born in Alabama and had reached the age of 54 years, ten months and 26 days at the time of his death, which occurred suddenly Thursday, July 17. He was converted and joined the Pinkerton Baptist Church in August, 1908.

On February 8, 1922, deceased was married to Maude Purvis. To this union was born three sons, V. L. Jr., Robert and Tommy, the latter preceding him in death in March, 1929.

Mr. Adkins is survived by his wife, two sons, two grandchildren, three brothers and one sister, all of whom were present at the funeral. The brothers are Oscar Adkins of Amherst, J. D. Adkins of Graham, Duke Adkins of Ralls, and the sister is Mrs. John Gibson of Lubbock.

Mr. Adkins had been in failing health for several years and became critically ill about three weeks ago. He had been to Haskell for a treatment by a doctor and after lunch was returning home and was stricken and died before reaching the hospital.

Mr. Adkins was a World War I veteran. Pallbearers were Wilburn Adkins, Keel Acree, Bud Clark, Dickie Roberson, Monty Penman, Freddie Hicks, Truett Alvis and W. L. Ballard.

Rev. Scott Hickey to Give Radio Sermon

Rev. Scott W. Hickey, who is holding a revival for the Oak Grove and Mt. Pleasant churches near Anson, will preach over the Stamford radio station Sunday morning, 8 to 8:30. A group of singers, led by Rev. L. D. Regeon will furnish the music. This will be a part of the celebration of Oak Grove's 25th anniversary.

Examination for Sub Clerk-Carrier Here Is Announced

Announcement of an examination for Sub Clerk-Carrier for the Haskell post office is made by the U. S. Civil Service Commission. Application blanks may be secured at the Post Office from Ella D. Cox, local secretary.

Visit New Grandson and Nephew

Mr. and Mrs. O. W. Tooley and Kenneth visited Mr. and Mrs. G. W. Cone and infant son, Robert Stanton, of Pampa this week. The youngster arrived July 23, and weighed five pounds, eleven and one-half ounces.

Haskell-Knox County H-D Club Women Holding Annual Two-Day Encampment At Lueders

Mattson Gets New Shop Equipment

The Mattson Consolidated Rural High School will receive two special purpose machine tool items without cost as one of the successful applicants in the Grand Prairie War Assets Administration office's first war surplus donation program.

The school will be the recipient of one extension reamer and one high speed tool reamer. Successful recipients are selected through an impartial drawing conducted by WAA's priority claimants division from a total of 108 applications submitted by institutions throughout Texas.

In all 284 machine tool items to be used in furtherance of vocational education will be distributed to 74 schools, colleges, and public institutions. A second donation program now under way closes August 16.

All Rationing Of Sugar Ended

All sugar rationing came to an end Monday because the government does not have the money to finance it further.

This action, announced by the Agriculture Department in Washington, affected only industrial and institutional users such as food processors, baking establishments, hospitals and hotels. Household rationing ended about two months ago.

The department had requested funds to finance industrial and institutional rationing until Oct. 31, the date when all sugar rationing authority expires. But Congress adjourned without voting the money.

As a consequence, officials said the department had no alternative to dismissing the approximately 650 employees of the sugar rationing administration without the usual 30 day notices.

Officials still are of the opinion that, despite improvement in supplies, sugar is not plentiful enough to meet all demands at current ceiling prices.

The government decided, nevertheless, to keep present price ceilings. It will attempt to prevent big users from buying large quantities and hoarding them.

Texas Peach Crop Rolling to Market

Haskell County home canners will be interested to learn that a Texas peach crop that's expected to be of the best quality yet has started rolling into market from the West Cross Timbers area and the northeastern part of the state.

Most growers in both areas have carried out intensive spraying schedules throughout the growing season, which is producing worm and rot free peaches, says J. Rosborough, horticulturist of the Texas A. and M. College Extension Service.

During the last half of July and well into August, the yellow freestone peaches—Halehaven, Fairs Beauty, Texberta and others—will be coming in. The Elbertas will start moving in early August.

The big crop is coming from some 6 million trees, most of which are around Weatherford, Eastland and Comanche in the West Cross Timbers area. Approximately one million of the fruit trees, mostly Elbertas, are in the vicinity of Avery, Dekalb and Omaha, Texas.

For the first time in several years, housewives will have a chance to combine this quality peach crop with unlimited supplies of sugar. The peaches will go by way of truck to every town in Texas.

IN CALIFORNIA

Mrs. K. H. Thornton is spending several weeks in Tracy, Calif., where she is visiting in the home of Mr. and Mrs. Kermit Thornton.

W. E. Pitman Dies Early Monday At Home of Son

W. E. Pitman, retired farmer and resident of Haskell County for almost forty years, died at the home of a son, John Pitman in this city, July 28 at 1:30 a. m. He had been in declining health for several years. He was 88 years old. He had been a member of the Methodist Church since 1887.

Born Sept. 15, 1858 in Jackson, Miss., Mr. Pitman came to Texas when a young man and married Miss Eliza Moore in 1878, at Rusk, Texas. In 1908 they moved their family to this section from Bell County. Mrs. Pitman preceded her husband in death in 1943. A daughter, Mrs. Lela Newsom, died in 1934.

Surviving children include six sons, J. B. Pitman, D. D. Pitman, R. F. Pitman, Calvert Pitman, W. H. Pitman, all of Haskell; Calvin Pitman of Grand Prairie; and two daughters, Mrs. Lillie Bell Riley of Carlsbad, N. M., and Mrs. Verena Childress of Brownwood. Seventy-one grandchildren and great grandchildren also survive.

Funeral rites for Mr. Pitman were held at the First Methodist Church Tuesday at 10 a. m. with the pastor, Rev. James E. Harrell officiating. Interment was in Willow Cemetery with Holden's funeral home in charge of arrangements. Pallbearers were John Bartley, Clifford Nicholson, W. E. Woodson, Wallace Cox, R. L. Foote, James Ussery.

Three Thousand People Attend PCA Meeting

An attendance record was set by members of the Stamford Production Credit Association at their annual meeting held at the Cow-boy Reunion grounds in Stamford July 25. A total of 3,163 people were in attendance.

A program featuring J. W. Dalton, amateur magician from Pampa, Texas, was presented for the entertainment of the crowd during the morning hour. At noon he members and their guests were served an old fashioned chuck wagon dinner.

The business session of the meeting was called to order at one o'clock by J. F. McCulloch, vice president of the association.

Director J. Spurgeon Reeves of Hawley gave the report of the board of directors, summing up the activities of the directors and officers for the past year. J. L. Hill, Jr., secretary and treasurer, gave a brief report on the progress of the association. J. B. Pumphrey of Old Glory was reelected director for a term of three years.

L. Roy Prescott, treasurer of the Production Credit Corporation of Houston, addressed the meeting long the lines of cooperative credit, using as his subject, There Is A Great Day Coming.

In the matched calf roping contest between Fred Albright of Knox City and Sammy Baugh of Aspermont, Albright won with a total time of 154 seconds for eight calves. Baugh's time was 155 1-5 seconds.

An attractive array of attendance gifts was awarded to the members and their wives holding the lucky tickets.

At the organizational board meeting held following the annual meeting C. G. Burson of Haskell was elected president of the board; J. F. McCulloch of Stamford, vice president; J. L. Hill Jr., secretary and treasurer; Paul L. Summers, assistant secretary and treasurer and J. R. Gleaton, assistant treasurer.

GUESTS IN HOME OF MR. AND MRS. FULLER

Mr. and Mrs. D. P. Fuller had as guests in their home this week Mr. and Mrs. George Tooley of Cave City, Ky., and Miss Shirley Atwell of Frankfort, Ill.

Haskell County Home Demonstration Club women will meet at the Baptist Encampment grounds at Lueders July 31-Aug. 1 for a joint encampment with the Knox County club women, Louise Newman, county home demonstration agent has announced.

The program arranged by the encampment officers begins with registration at 4 p. m. under the direction of Mrs. J. R. Dakin, Tonk Creek Club, and Mrs. O. R. Yarbrough of the Lucky Club. Recreation for the first day includes games, swimming, songs and the stunts and plays presented by the clubs followed by vespers at 11:30. Friday morning activities will feature an exhibit from the National Cotton Council of two complete wardrobes made from cotton bags. Handcraft activities will be glass etching and photo tinting.

Directing the recreation will be Mrs. T. M. Patterson, Center Point club; Mrs. R. V. Hagle, Blue Bonnet club; and Mrs. Ted Campbell, Center Point club; with Mesdames Arthur Williams, Fred Knipping, Guy Marshall, Louise Merchant assisting with music and songs, and Mesdames Clyde Walker, Dakin, Red Murray with games. Directing the photo tinting will be Mrs. Roy Cowan, with Mesdames Lee Brown, Lee Cornelius, Louise Merchant and Raymond Astin. Glass etching will be taught by Mesdames Ollie B. Vernon, Mrs. Buck Calloway, and Mrs. Guy Marshall. Mrs. Rex Murray will lead the vesper service.

Mrs. Lonnie Martin, encampment president will direct the business meeting for the reports of the clubs and councils and for the election of officers for the 1948 encampment.

A meeting of the Haskell County Home Demonstration Council will follow the adjournment of the encampment.

Red Cross Spends \$1,221,962 in Texas City Disaster

The report of total expenditures of the American Red Cross at Texas City as of July 12 has been disclosed. \$18,604.17 was spent for mass shelter, rescue and transportation; \$360,240.10 for food, clothing and other maintenance; \$261,701.01 for building and repairs; \$7,123.08 for household furnishings; \$324,469.42 for medical and nursing care; \$772,183 for farm equipment and livestock; \$23,160.63 for occupational rehabilitation. This is a total of \$1,221,962.24.

Within just a few hours after the disaster occurred, a plane left St. Louis with \$57,000 emergency medical supplies and surgical instruments, two billion units of penicillin, five and one-half billions anti-gangrene tetanus.

By June 12, the Red Cross had handled 41,000 telegrams regarding 8,000 persons. During the emergency period, the Red Cross served 120,000 sandwiches, 150,000 sweet rolls; 50,000 gallons coffee; 40,000 gallons soup; and 1,000 cases milk. Sixty-six temporary housing units were built by Red Cross on lots given by the city.

In the Texas Panhandle and Woodward area, the Red Cross spent \$1,209,252.04 for emergency needs. In this territory, 156 were killed, 1006 injured, 736 homes destroyed, 1,015 damaged, 2,487 other buildings destroyed, 1,244 damaged. Eighty temporary housing units have been moved in by the Red Cross; 979 families assisted, and 269 building contracts let for rebuilding homes.

Rev. Harrell Will Conduct Revival At Paint Creek

The Rev. James E. Harrell, pastor of the First Methodist Church, will begin a revival at Paint Creek Friday night and continue the evangelistic services through Sunday night August 10. There are to be services each week day, morning and night except Saturday mornings. Everyone is welcome.

Escape Taxation

The U. S. Treasury Department is beginning to study the income of tax-exempt organizations which, in 1943, had an income of more than \$5,000,000,000 without taxation.

The Treasury's study is designed to pave the way for a sweeping revision of the tax structure next year. One of the purposes is to eliminate tax-avoidance loopholes and to prevent the tax-exemption privilege from being abused.

A Treasury official says that, since tax rates have gone up following the two World Wars, the complaint has been made that certain tax-exempt organizations are enjoying an unfair competitive advantage over tax-paying businesses. Moreover, there are organizations which are being used to avoid taxes in a manner never intended by Congress.

For Improved Teaching

Leading educators are beginning to give attention to methods to improve teaching in public schools and to persuade a high quality of young people to take up teaching as a profession.

At a recent meeting, held at Miami University, in Ohio, there was general recognition that salary adjustments, voted in nearly every part of the nation, have presented professional educators with another problem: To build up the quality of teaching to be made available to pupils everywhere.

This is undoubtedly an important matter and one which deserves the closest study of teachers generally. While the public recognizes that the men and women who make up our teaching staffs have been underpaid, and some amends have been made, the average American recognizes the imperative need of securing the most intelligent teachers for the proper instruction of their children.

Honor The Air Force

Friday, August 1st, has been designated as "Air Force Day" by President Truman in recognition of the personnel of the victorious Army Air Forces and "all those who have developed and maintained our nation's air strength."

Mr. Truman calls attention to the fact that "air power is essential to the preservation of our liberty." This is no exaggeration and it behooves the people of the United States to interest themselves in the status of the Air Forces.

There is every likelihood that war, if and when it comes, will break upon the nation like an unexpected tornado. There will be no time to build airplanes, engines or to train personnel. The battle will have to be fought with what the nation has available when hostilities begin. Because of this fact, it is vitally important that we maintain an adequate air force always.

Since the nation observes "Army Day" and "Navy Day," it is logical that we pay some attention to the Air Force and it is worth noting that the day set aside for this purpose marks the fortieth anniversary of the creation of the Army Air Forces.

PHELPS ICE & LOCKER PLANT

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 YEARS AGO

At a meeting of the City Council Wednesday morning, all sewer rates above \$2 were cut 12 1/2 per cent.

H. D. Neff has been elected as manager of the Haskell County Fair, according to announcement made following a meeting of the board of directors this week. Mr. Neff will assume his duties immediately.

C. L. Glazener of Archer City has moved to Haskell and has accepted the position as manager of the Haskell Motor Company filling the vacancy created by the resignation of R. R. English.

Miss Minnie Ellis, superintendent of Public Instruction of Haskell County has returned from College Station where she attended a conference of County Superintendents. She returned by way of Austin where she visited the State Department of Education in the interest of the Haskell public schools.

40 YEARS AGO

The bridge over the Brazos River three miles west of Rule was completed last week. The structure is 820 feet long, supported by 30-foot oak logs driven in sets of four every 20 feet and the timbers and flooring are 3 by 12 inches. The cost of the bridge was in the neighborhood of \$9,000 and was built by a stock company formed at Rule.

Fried Chicken Can Be Year Round Delicacy

Fried chicken can be a year round food for the family table if some of them are saved for the freezer locker. Gwendolyn Jones, food preservation specialist for the A. and M. Extension Service, suggests.

She says the young birds are best for fried chicken and getting them ready for freezing is the same as for eating. But, it is easy to pick the chicken if it's dipped into a smelting water for half a minute. This means the water should be about 128 degrees.

Suggestions on freezing include cutting up the chicken into pieces exactly as you would cut them for frying. The next step is to cool the pieces and pack into moisture and vapor proof container or wrapping paper. Put the amount needed for each meal into a package. Make the package as airtight as possible.

Freeze quickly, and store at zero degrees or lower. If the home freezer is used, the chicken may be killed in the afternoon and frozen that night. If a commercial freezer locker is used, the chicken may be killed in the morning, and taken to the locker early in the afternoon.

Bill Wilson Motor Co.

Mr. and Mrs. S. W. Scott entertained a party of their friends on a camping trip on California Creek this week. The following were in the party: Misses Tishie Simmons, Kathleen Wilfong, Cora Lemmon of Haskell, Miss Flora Tandy of Woodrow, Okla., and Miss Quese of Bosque County, and Messrs. Clyde Williams, Charles Irby, Roy Shook and Giles Tandy of Fort Worth and Mr. and Mrs. J. A. Bailey.

50 YEARS AGO

Dave Garren's wheat crop which was recently threshed, made 28 bushels to the acre on a thirty acre section, and his entire crop of 70 acres averaged 25.77 bushels to the acre.

Two men arrived here Thursday evening and erected a tent in which they put on exhibition what they claimed to be the petrified body of a notorious outlaw, Bill Johnson who flourished in central and southwest Texas prior to 1858 and had 30 odd murders to his account. It is claimed to be the body found in the bank of the Brazos River at Waco January 11, 1893 and identified by the old citizens as that of Johnson who was executed there by a mob in 1858. It has the appearance of a genuine petrification.

Haskell County has 28 bushels of wheat per acre to its credit on one crop at least this year.

Rochester News

Millard Wyatt and family of Anson spent the week end here with their parents, Mr. and Mrs. Henry Burleson.

Shelby Worley and family of Roswell, N. M., are visiting here in the home of her parents for a few days vacation.

Dr. Watkins Webb of Washington, D. C., made a short visit to his parents, Mr. and Mrs. N. B. Webb here last week.

Mr. and Mrs. J. H. Parsons visited relatives at Weatherford last week.

Carl Davidson visited his son Lynn, who is in a veterans hospital at McKinney. Mr. Davidson reports Lynn is doing fine.

Terry Robertson is in a veterans hospital at McKinney for treatment of an eye ailment.

Mrs. J. M. Hicks and son Mar-

CITATION BY PUBLICATION

The State of Texas
TO: W. B. Finley and his unknown heirs and his unknown legal representatives, legatees and devisees and the unknown legal representatives, legatees and devisees of the unknown heirs of said W. B. Finley and the unknown claimants of the land hereinafter described, Defendants, GREETING:

You are hereby commanded to appear before the Honorable District Court of Haskell County at the Court House thereof, in Haskell, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty two days from the date of the issuance of this citation, same being the 1st day of September, A.D. 1947, then and there to answer Plaintiff's Petition filed in said Court on the 14th day of July, 1947, in this cause, numbered 7453 on the docket of said court and styled:

John Tinkle, Plaintiff

VS
W. B. Finley, et al Defendants

A brief statement of the nature of this suit is as follows, to wit: Trespass to try title. Plaintiff alleges that on June 1, 1947, he was the owner in fee simple title and entitled to the possession of what is known as lot number 12, in block number twenty of the Highland Addition to the town of Haskell in Haskell County, Texas.

Plaintiff says that on said date Defendants unlawfully entered upon said property and dispossessed Plaintiff and have since such date unlawfully withheld from Plaintiff the possession thereof to his damage in the sum of Three Thousand and No-100 (\$3,000.00) dollars. Plaintiff pleads the five, ten and twenty-five year statute of limitation as barring any claim to said property upon the part of the Defendants. Plaintiff prays for

judgment for title and possession of the property above described. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Haskell, Texas, this 15th day of July, 1947.

ATTEST:
Jesse B. Smith
Clerk, District Court,
Haskell County, Texas

Salt Is Needed In Summer Diet to Prevent Cramps

If your work is such that it causes excessive perspiration and a pinch of ordinary table salt to each drink of water you take, to prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent a possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers, and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fag. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during hot days.

In industry, a method for preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Heat cramp is characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency then the abdominal muscles begin to

cramp. Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help make up for the deficiency caused by sweating.

It is a wise precaution to keep the body supplied with salt, and thus avoid much possible suffering and loss of time from heat cramps.

CARRIED TO ABILENE FOR TREATMENT

Melvin Andress, son of Mr. and Mrs. Beno Andress, who was injured last week when struck by a truck, was taken to Abilene Monday for further treatment.

NOTICE

An election will be held in precinct 1, Precinct 2, and Precinct 4 of Haskell County, Texas, to determine whether the Commissioners Court shall levy a road tax not to exceed 10 cents on the \$100.00 valuation of the maintenance of the roads of the precincts. Said election will be held on the 23rd day of August, 1947, and at the regular boxes in said precincts.

GUESTS OF ASTIN'S AT BARBECUE

Mr. and Mrs. T. O. Pearson and Mrs. Raymond Astin Production Credit Association barbecue Friday in Stamford. Astin is a niece of Mr. Pearson.

REPLACE YOUR OLD BATTERY WITH A NEW Ford BATTERY. ALWAYS LET US KEEP YOUR BATTERY UP SO IT WON'T LET YOU DOWN... BRING YOUR CAR IN REGULARLY. Bill Wilson Motor Company

A Statement To Our Customers About Resale PRICES of PRODUCTS Built by International Harvester Company

Here at Harvester we are concerned over the fact that a growing number of our products are appearing on the resale market at greatly inflated prices.

As manufacturers, we try to produce at the lowest possible cost. We cannot set the prices at which our products—tractors, motor trucks, farm implements, refrigeration, and industrial power equipment—are sold. We can and do suggest list prices which the great majority of our dealers adopt as their retail prices.

\$20,000,000 Price Reduction
Our basic price policy was publicly stated in March, 1947, when we announced price reductions at the rate of approximately \$20,000,000 per year on our products. At that time, Fowler McCormick, Chairman of the Board, said: "ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED."

Practically all of our dealers cooperated with this policy and passed on the savings to their customers.

The objective of the price reductions was to make it possible for customers to buy our products, which they need so badly, at lower prices. Naturally, this purpose is defeated when our products are sold by anybody at inflated prices.

IH Production at All-Time Peak
Inflated prices are caused by

the difference between supply and demand. To increase supply, we now have the greatest number of employes in history on our payrolls—almost 90,000 in the United States, as against about 60,000 prewar. Large new plants are getting into production in Louisville, Evansville, and Melrose Park. A fourth will soon be in operation in Memphis. The men and women now employed are turning out the greatest quantities of IH products of all kinds that we have ever made. These are also the finest products we have ever made, and recognition of that fact is an important contributing factor to the demand for them.

Distribution to Dealers
But even record-breaking production is not sufficient to give your dealer—and other IH dealers—enough products to meet today's demand. We have tried to make the fairest possible geographical allocation of our products so that every dealer would get a fair share, and we know that dealers, in most cases, have tried earnestly to make the fairest possible distribution to their customers.

But we also know that many of our products—far too many—are being resold at inflated prices. The public criticism and resentment of these resales are of real concern to us, as we know they must be to our dealers, because such reactions en-

danger the good will of the dealer and the Company any community.

Distribution to Customers
Experience shows that IH new products are being sold by users who decide can continue to make out their old equipment after have had an inflated offer their new equipment. To date this, many dealers taking measures to be sure equipment purchased is their customers' own use is not to be resold.

Nearly all IH dealers, we believe, are now using the of PRESENT NEED as their primary guide for the scarce products. The customer whose need is real and is not likely to resell.

What Price Should You Pay?
While it may take a little time to get delivery, we our customers to consider of the factors mentioned before paying more than list price for any IH product. Any IH dealer or branch furnish the suggested list for any IH product.

We know that the overwhelming majority of IH ers are as much opposed to inflated prices as we are. In public interest, we have ready asked their cooperation—and are now asking the operation of customers correcting this situation.

You are commanded to appear
and answer to the Plaintiff's
Original Petition at or before ten
(10) o'clock A. M. on the first
Monday after the expiration of
forty-two (42) days from the
date of this citation, the same be-
ing the 25th day of August, A. D.
1947, before the Honorable Dis-
trict Court of Haskell County,
Texas, at the Court House in Has-
kell, Texas.
Said petition was filed on the
7th day of July, 1947 and the file
number of said suit being No.
7452.

The names of the parties to said
suit are Mary J. Kirkpatrick as
Plaintiff and the Defendants are
all those persons first named here-
inabove in this citation.
The nature of said suit being
substantially as follows, to-wit:
Plaintiff sues in Trespass to Try
Title, as well as for damages, for
the title and possession of the
following described lands and pre-
mises situated in Haskell County,
Texas to-wit:
Being Lot No. 2 in Block "E"
and Lots 1, 2, and 15 in Block "A"
all in the Tandy and Pinkerton
Addition to the town of Haskell
and being a part of the Peter Al-
len Survey, Abstract No. 2.
Plaintiff especially pleads the
five (5) years statute of limitation
as provided by Art. 5509 of the
Revised Civil Statutes of Texas,
1925, and the ten (10) years sta-
tute of limitation as provided by
Art. 5510 of the Revised Civil
Statutes of Texas, 1925, as a basis
for her title to the above describ-
ed real estate and prays for judg-
ment against the Defendants for
the title and possession of said
lands and premises for writ of re-
stitution, rents, damages and costs,
and for general and special relief.
If this citation is not served with
in ninety (90) days after the date
of its issuance it shall be returned
unserved and is issued this 7th day
of July, A. D. 1947.

**Knox Farmer Adds
2 1/2 Miles Terraces**
C. C. Browning, located in con-
servation group No. 13, has added
2 1/2 miles more terrace lines to his
conservation plan in accordance
with the district program. Brown-
ing, a member of the Wichita
Brazos Soil Conservation District
Board of supervisors, realizes the
importance of a coordinated con-
servation plan. In this realization,
Browning has followed through
with the practice of stubble mulch-
ing, seeding of clover and hairy
vetch, contour cultivation and a
system of terracing. A firm be-
liever in hairy vetch, he plans to
plan a considerable acreage this
fall if seed are available.
Technicians of the Soil Conser-
vation Service have also recently
assisted several other cooperators
in running terrace lines. M. L.
Hughston, located in group No. 29
near Truscott, has run approxi-
mately 8 miles of lines. Norman
D. Fitzgerald, whose land is locat-
ed in group No. 4 near Benjamin,
is a new cooperator and to begin
his plan, 10 miles of terrace lines
have been run. He plans to fol-
low through with a complete con-
servation program. C. A. Bullion,
a cooperator in group No. 13, has
added one mile of terrace lines to
his plan. About 3-4 miles of lines

**Pickled Peaches
Easy to Prepare**
Pickled peaches are one of Am-
erica's favorite sweet spicy rel-
ishes, says Gwendolyn Jones, food
preservation specialist of Texas
A. and M. College Extension Ser-
vice.
The specialist recommends this
recipe using 8 pounds of small or
medium sized peaches; After the
peaches are washed and pared,
two cloves are stuck in each
peach, or the 8 two inch sticks
of cinnamon and 2 tablespoons of
whole cloves may be tied loosely
in a clean, thin, white cloth and
placed to cook with 2 pounds of
sugar, 1 quart vinegar and 1 cup
water for 10 minutes. The peaches
are added to the liquid and cooked
slowly until tender but not bro-
ken. After standing overnight, the
sirup is drained from the peaches
and spices removed. The sirup is
boiled rapidly until thickened, and
poured over peaches already pack-
ed in clean, hot sterile jars. The
jars are sealed tightly.
To give time for the flavor to be
blended, the jars of peaches
should be kept in a cool place for
several weeks before serving.

**California People
Visit In Astin Home**
Mr. and Mrs. John E. Graves of
Richmond, Calif., spent several
days with their cousin, Mrs. Ray-
mond Astin and Mr. Astin near
Stamford. They went from Stam-
ford to Garland for a visit with
their children. Saturday and Sun-
day they visited relatives in Fort
Worth. Mrs. Astin joined them in
Denton Tuesday at the home of
her mother, Mrs. John Walton and
sister, Mrs. Roy Stone for a fam-
ily reunion and dinner.
Wednesday night a watermelon
feast was given in honor of the
California visitors.
Those present were Mr. and
Mrs. John E. Graves, Mrs. Ray-
mond Astin of Stamford; Mrs.
Harvey Garrett of Fort Worth;
Mrs. John Montgomery, Denton;
Mr. and Mrs. Roy Stone and Ruth
Elaine Stone.
Mr. and Mrs. Graves returned
home with Mrs. Astin and spent
Thursday night with Mr. and Mrs.
Astin before leaving for California
Friday morning.

**TEACHING AT YOUTH
CAMP**
Miss Frances English is at Buf-
falo Gap this week teaching crafts
at the Methodist camp for young
people of the Abilene, Sweetwater
Stamford and Vernon districts.

HERE FROM CALIFORNIA
Mrs. Hicks Hinkle and daugh-
ter of Los Angeles, Calif., are
visiting in the home of Mrs. Hin-
kle's father, C. K. Jones of this
city.

Christian Worship**

The Church of Christ is a di-
vine institution built by Jesus
Christ upon the foundation truth
that He is the Christ, the Son of
God. The Plan of Salvation was
revealed through the New Testa-
ment writer by the Holy Spirit
and requires people to hear the
gospel, believe, repent of every
sin, confess Jesus Christ as Lord
and be baptized for the remission
of sins. Thus one becomes a
Christian and must live faithful
to the instructions of the New
Testament.
We speak where the Bible
speaks and remain silent where
the Bible is silent; we call Bible
things by Bible names, do Bible
things in Bible ways; we have
no creed but Christ; no book but
the Bible; no name except that
authorized.

Veterans' News

QUESTIONS AND ANSWERS

Q. I am a World War II veteran taking a school course that requires three hours per week. Am I entitled to receive subsistence allowance under the G. I. Bill?

A. If you are taking an undergraduate course at a college or university, you are eligible for one-quarter of the full subsistence allowance, but if it is a high school or vocational school of less than 6 hours per week, you are not eligible for any subsistence allowance.

Q. I am a veteran-amputee. Am I entitled to a service card and what is the limit on repair service cost allowed?

A. Yes, if you are a veteran wearing an artificial limb, you are entitled to repairs at government expense and may obtain a Prosthetic Service Card. This card enables the veteran to get immediate repair service up to \$35 without prior approval from the Veterans Administration.

Q. I am a disabled veteran and have completed my on-the-job training course, but have not been able to get a job. Am I entitled to receive unemployment compensation under the G. I. Bill?

A. Yes. The Servicemen's Readjustment Act (G. I. Bill) provides that you can draw adjusted unemployment compensation up to a maximum of 52 weeks, provided that you are able and available for work at the time. The number of weeks of readjustment allowance payable to you is determined by the length of your service. The service must have been 90 days or more between Sept. 16, 1940 and the end of World War II.

Q. As a World War I veteran with a nonservice-connected disability, which does not permit me to work regularly, am I entitled to a pension?

A. Your only pension relief is through the law which gives you the right to a pension of \$60 per month, provided you are permanently and totally disabled and unable to follow a substantially gainful occupation. This pension is repayable if your income exceeds

Laverne Irvin Is Bride of Dallas Man

Miss Laverne Irvin, daughter of Mr. and Mrs. Gaines C. Irvin of 1719 Garza Ave., Dallas, formerly of Haskell, became the bride of S. J. Smith, Jr., son of Mr. and Mrs. G. J. Smith Sr., of Apple Springs, Texas, near Lufkin.

The ceremony was performed at the First Free Will Baptist Church, Dallas, Saturday July 26 at 6 p. m.

The Rev. R. E. Connor officiated at the ceremony.

The bride attended Adamson High School. The bridegroom served 21 months in the Air Force, 17 months of which he spent in Alaska.

The guests at the wedding were Mr. and Mrs. G. C. Irvin Jr., and Mr. and Mrs. B. H. Roach.

The couple are making their home at 1719 Garza Ave., Dallas.

\$1,000 if single, or \$2,500 if married or with minor children.

Q. I have a blue discharge from the Army. Am I entitled to any of the benefits under the GI Bill?

A. If you have other than an honorable discharge, you may request Veterans Administration to review the circumstances under which it was issued. If it is found that your discharge was issued under conditions other than dishonorable, you will be eligible for benefits under the Servicemen's Readjustment Act (GI Bill).

Q. I am an American Indian and a World War II veteran. Am I eligible for a GI loan?

A. Yes, but it must be on property you own or plan to own outside the reservation. You cannot secure a GI loan to build a home on tribal land.

Q. Will Veterans Administration accept collect telephone calls made by physicians who wish to ascertain whether they will be paid for emergency treatments given veterans?

A. Yes.

Q. I am a World War I veteran and I was married in June, 1945. Is my wife entitled to receive a pension when I die?

A. A widow of a World War I veteran is entitled to receive a pension if she was married to the veteran before Dec. 14, 1944, or for 10 or more years. Consequently, your wife would not be eligible for pension if you died less than 10 years after your marriage.

August Furniture Clearance Sale

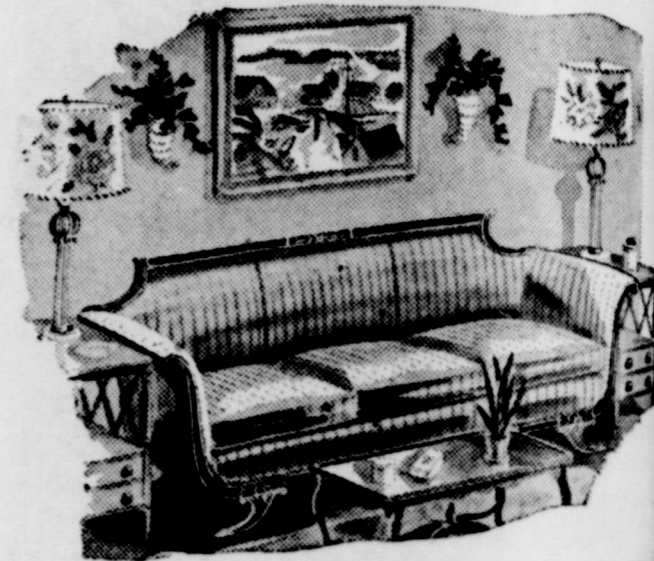

As you have read in the last issue of The Haskell Free Press, we have purchased the entire stock of Stockton Furniture Company and have moved it to our store and warehouse on the southwest corner of the square. Frankly we have too much furniture and we are so crowded for room we cannot properly display it.

In order to clear our floors and adjust our stock we now offer desirable and wanted furniture at Drastic Cuts. Prices have been cut as much as 50% in some cases and if you are contemplating buying furniture in the near future, now is the TIME. Collections are few in some items so come early to avoid disappointment.

Below are a few of the items offered for immediate delivery subject to prior sale, but we have many other items too numerous to list.

Mrs. R. N. Sheid Is Luncheon Hostess
Mrs. R. N. Sheid entertained with a luncheon for a group of friends Tuesday July 22 in her beautiful new home two and one-half miles north of Sagerton.

Those present were Mrs. W. P. Caudle of Whiteface, Texas, Mrs. J. W. Martin and Miss Fannie Kay of Haskell, Mrs. B. Hess, Mrs. Jennie Lusk, Mrs. Anna Hawkins, Mrs. G. A. Lambert and Mrs. John Clark and the hostess.

PARENTS OF SON
Mr. and Mrs. Robert White are the proud parents of a son, born July 18.

Texas has 254 counties.

Pinkerton HD Club Meets In Home of Mrs. Meyner

The Pinkerton Home Demonstration Club met with Mrs. Carl Meyner, with the president, Mrs. Buck Calloway in charge.

After the roll call and reports of committees, the meeting was turned over to Miss Newman, who gave an interesting demonstration on paint removing and refinishing old furniture that will be very helpful to us for future use.

Our next meeting will be with Mrs. Rice Alvis August 14. All members are urged to be present and to bring someone with them. Mrs. Meyner served refreshments to Mesdames Allen Adams, Rice Alvis, A. B. Townsend, Haskell Stone, J. C. Holt, Carl Meyner, Mack Mathis, Hollis Pitman, Minnie Hodgins, Buck Calloway, Carl Norman, A. Y. Corley and Miss Newman. Mrs. Corley and Mrs. Mathis were visitors and the club members were glad to have them.

VISIT IN AUSTIN
Mrs. Olen Dotson and Mrs. Roy Weaver spent Tuesday and Wednesday in Austin where they visited their son and grandson, Royce Adkins, law student in University of Texas.

VISITORS FROM CALIFORNIA
Rev. and Mrs. J. R. Davenport of San Jose, California, spent last Wednesday visiting Mr. and Mrs. Luther White and daughter.

Dairy cows need their vitamins. Good legume hay put up in the barn will help prevent a vitamin lack this winter.

Singing Held In Winchester Home

A singing was held in the home of Mr. and Mrs. Sidney Winchester Sunday afternoon. Those attending were: Mr. and Mrs. W. M. Rowan, Mr. and Mrs. Lynn Tankersley and daughter of Knox City, Mr. and Mrs. Milton Rowan and sons, Mr. and Mrs. E. L. Tankersley and children, Mr. and Mrs. E. H. Tankersley and children, Mr. and Mrs. S. N. Reed Jeanette Draper, Miss Sammie Ellis, Joyce Beauchamp, Mr. and Mrs. H. L. Force and son, Mr. and Mrs. R. S. Edwards, Mr. and Mrs. W. B. Guess and children, Mr. and Mrs. Clovis Winchester and Joan, Mrs. Veda West, Mrs. Lucille Boyles, Rev. and Mrs. R. O. Sullivan and children, Mr. and Mrs. Truman Winchester and Vernon, Merle Jenkins, Mr. and Mrs. M. L. Raynes, Mr. and Mrs. Tolbie Winchester, Hubert Crouch, Mrs. Lonnie Crouch, Mr. and Mrs. John Lindsey and Christene, Margie Hollis, Mr. and Mrs. Earl Claburn and Carol, Mr. and Mrs. L. L. Webb, and Mrs. Cora Senn.

RETURNS FROM BAYTOWN
Mrs. Elam Parish has returned home after a three weeks visit with her daughter and family, Mr. and Mrs. John Atterbury Jr. and daughter of Baytown.

This is the time of year when animals often get prussic acid poisoning when turned on grasses whose growth have been stopped or retarded by drought, trampling or overgrazing. Smart stockmen are feeding hay before turning cows on pasture.

LOOKING AHEAD
By GEORGE S. BENSON
President—Haskell College
Stacy, Arkansas

Experiment

Nationalization of industry is the big issue in England. The Labor government, elected last year on a nationalization platform, is proceeding to carry out the program as rapidly as possible. Some sectors of American thought are advocating the same measures for our country. For this reason it is my belief that many readers of this column will find interest in the progress of this socialistic program in England.

First step was the nationalization of the Bank of England, upon which the government long has relied for more or less of its own financing, particularly has it obtained large short-term loans for years. The bank's stock belonged to private individuals and had been paying about 3% interest. The government did not evaluate the bank, but simply took over all the stock, giving to all former owners bonds equal to the market value of the stock and bearing 3 per cent. The invaluable hidden assets which invariably accrue to such an institution went to the government without remuneration to the former stockholders.

Danger Present
The Bank of England also was given power to require other banks of the country to accept such banking policies as it might decide to issue. Some experienced bankers fear that the day may come when the government, because of extensive deficit financing, will advocate unsound banking policies which would react badly upon the financial status of the United Kingdom. Policies already adopted by the bank have led to the discontinuing interest formerly paid on deposits and savings accounts.

Industries slated for nationalization by the Labor government are: (1) Transportation, including railroads, transport buses, street-cars, canal barges, and coastal shipping; (2) Utilities, including production and distribution of electric power and the operation of water systems throughout the Kingdom; (3) The iron and steel industry; and (4) Civil aviation.

Complications in Steel
Perhaps the most complex problems for nationalization are presented by the iron and steel industry. This is a highly skilled craft, requiring skills and know-how to be found only in the present management of the industry. Many important but closely related industries in manufacturing, from needles to locomotives, would be affected.

One government economist told me that the government would take over production of steel and iron up to the point where the metal was allowed to cool, regardless of the form in which it might be. However, another economist stated that this policy would draw the line of demarcation for nationalized industry right through the center of some plants which were accustomed to using a continuous process until metals were actually shaped into materials for sale.

Some observers in England think difficulties will be so great that the government finally will give up the scheme of nationalizing the iron and steel industries. In fact, the government has recently indicated the scheme would be postponed for at least four years. One steel operator ventured that production per man-hour would certainly go down when and if the government took over. One of his reasons was that the workers would be at points entirely too far removed from the source of authority. He also affirmed that in his opinion workers did not like the idea of nationalization.

Demonstration On Removing Paint Is Given at Club

"Use Double 0 steel wool along the grain of the wood, in refinishing articles of furniture. This prevents scratching or marring of the wood," stated Miss Louise Newman, Home Demonstration Agent, at the regular meeting of Blue Bonnet H. D. Club in the home of Mrs. Fred Knipping.

After a short business session Miss Newman gave the demonstration on removing paint or varnish from furniture.

Club pals were revealed and gifts were given each pal. The money in jars was counted and the losing side entertained the winning side.

Ice cream and cake was served to the following members: Mesdames G. E. Davis, Rex Murray, Lonnie Martin, R. V. Hazel, Less Lewis, A. C. Denson, Joe Holcomb, Jean Conner, Raymond Astin, Lee Cornelius, John Wendeborn, Mrs. Kitley, Ed Conner and Sam Young.

The translation of DDT is dichloro diphenyl trichloroethane. Apple growing has become an intensive and specialized industry and one third of the U. S. crop each year is canned, frozen, dried or made into apple butter and other products.

HERE FROM ARIZONA
O. W. Johnson and little daughter Martha Raye from Globe, Arizona, visited their parents and grandparents, Mr. and Mrs. W. W. Johnson a few days last week.

Texas has over 17,000 miles of main railroad lines and 30,000 miles of bus and truck lines; 180,000 miles of roads, and 30 steamship lines which enter and leave six important ports. There are 350 airports in Texas (not including army and navy training fields.)

Cattle With Bang's Disease Must Be Branded

All Texas cattle that are tested for Bang's disease and found infected must be branded on the left jaw with the letter "B" and re-

ported to the Texas Livestock Sanitary Commission, to conform with House Bill 525, recently made law by the State Legislature.

Dr. E. A. Grist, veterinarian of the Texas A. and M. College Extension Service, explains that it is now the duty of the veterinarians who do Bang's testing to place the brand on cows that react positively to the disease. A penalty will be fixed upon any person who refuses to allow the branding, or who sells or disposes of cattle for milk purposes when he knows they to be infected.

The branding of Bang's infected cows will enable better control of the disease, says Dr. Grist, since control measure must be planned on the basis of individual herd problems.

In the fiscal year, September 1944 to August 1945, 133,891 head of cattle were tested for Bang's disease in Texas, with 9,435 showing up infected. Many of those reacting cattle probably found their way into other herds, says Doctor Grist. The requirements of the branding law will help hold down the spread of the disease.

Immature sweet potatoes will not keep well in storage. Growers who wait for fully mature potatoes, then dig them for storage, will prevent losses.

Everett Colborn and Gene Autry, above, have announced that the annual Dublin World's Championship Rodeo will be held Thursday, Friday, Saturday and Sunday, September 4, 5, 6 and 7. Gene Autry will give a performance at each of the night shows. Thursday, Friday and Saturday. The personnel of the Madison Square Garden Rodeo will assemble at Dublin to take part in the rodeo there before leaving for New York.

Young Economist

I met a young economist in England. His thinking revealed that he would like to see the complete crumbling of the present order and the ultimate nationalization of all England. His discussion showed that he would thoroughly relish failure of "the capitalistic order" in America, which he boldly predicted would surely come within a few years.

Notable thing about this young man is that he is very influential in the Labor government. He talked freely and with spirit, and the enthusiasm he exhibited shows conclusively which school of thought in England is on the defensive. It is unfortunate when Truth and Right are no longer on the crusade, but instead must be called to the defensive.

Influence of Youth

I asked this young economist the secret of the growth of the Socialist party in the United Kingdom. Displaying political acumen which is engendered only from a thorough understanding of reality and a knowledge of facts, this economist said that victory in the last election in close districts came because of the vote of the young people.

"In fact, the percentage of young people who voted the Socialist ticket was greater than the percentage of older people in the ranks of Labor," he told me, adding a fact I knew already: that the growth of Socialism has been more rapid among young people and among skilled workers. The influence of higher education, he stoutly affirmed, was a definite factor in the spread of Socialism throughout the Kingdom.

I did not encourage him in this regard about America, but the parallel was clear. I found myself wishing that our own high schools and colleges were doing a better job of building into the very fiber of American youth a deep appreciation for the fundamental principles of our American way of life. Let our youth some day lead this nation down that same unfortunate road. Strange irony it is, that wealth created by honest work is used in the form of taxes and in grants as means to destroy the philosophy which begot our freedom and our wealth.

Competition Needed

Even the government officials in London do not seem quite sure that the principle of nationalization is sound. Some uncertainty exists, for they are already detecting basic weaknesses. During the week of July 15 a London newspaper quoted the London County Council as saying that the London Transport (a government monopoly operating street-cars and buses) needed competition. In the same week another writer stated his opinion that the British Broadcasting Corporation, the weaknesses of which were at that time under fire in Parliament, needed the competition of other broadcasting companies in England.

Failure of the private enterprise system in America, our young economist said, would soon come because of the inability of business to operate at a loss. This thing the government could do indefinitely, just for the sake of maintaining employment, he affirmed, insisting there is no limit to deficit financing available to government-owned economy.

I have never been able to convince myself that Socialistic and Communist minded economists could be sincere in advocating this philosophy, characteristic though it is of their thinking. If the principle were workable, why does not some Communist nation issue a million dollar credit to each of its citizens and let them all enjoy wealth in a nation that cannot go broke?

READ THE WANT ADS.

Congress Passes Vets Bond-Cashing Bill

Permission to cash up to \$1,800,000,000 in terminal leave bonds tops a long list of veterans legislation passed by the Congress that went home Sunday from Washington.

Affecting probably 9,000,000 men and women, the measure was passed finally July 19 after being in the legislative works through most of the long and busy session. President Truman signed it Saturday with a statement urging the bondholders not to take advantage of it unless they are in actual need of money.

The cash can be obtained through local banks beginning on Sept. 1. Or the veterans can hold the securities and draw their 2 1/2 per cent interest for the bonds' five year term, as Truman recommended.

The bonds were issued, mostly to former enlisted men, as pay for leave which they did not get during their service in the armed forces. Some officers got bonds for leave accumulated as enlisted men before they were commissioned, and some officers also got bonds for accumulated leave in excess of 60 days which they had piled up as of last September when the limit on leave accumulation

for commissioned personnel was cut back from 120 days.

Within the limits on accumulated time, officers already were getting the leave pay in cash by staying on the payroll for the necessary length of time after going out of active service.

Numerous other measures for veterans' benefits were passed but two in which ex-service men's organizations had expressed great interest failed to get through.

Those were the Senate passed measure boosting by 15 per cent the subsistence allotments for the veterans attending school, and the bill, which failed to get through either house, under which the salary ceilings for veterans in on the job training would have been raised.

Another proposal turned back was to provide government help in building specially designed houses for wheel chair veterans.

One educational benefit that did get through put agricultural on the job trainees on the same financial footing as those in industrial plants. Formerly they had been limited to one-fourth of the benefits provided for other job trainees.

Among other veterans' measures which went through the first session of the 80th Congress were these:

Increasing pensions of Spanish-American and Civil War veterans by 20 per cent.

Repealing the time limit for reinstatement of national service life insurance.

Increasing from \$1,500,000 to \$3,000,000 the revolving fund for loans to veterans taking vocational training.

Providing priorities and financing aid in the purchase of government surplus permanent type housing.

Permitting banks to accept 25 year mortgage home loans, expanding the market for the paper that finances many veterans' houses.

Extending the law permitting purchase of automobile for veterans who have lost limbs.

Extending the time for bringing alien fiancées to the United States.

Expediting the admission of alien spouses and children to this country.

VISITING FROM NEW YORK

Mr. and Mrs. Jim Sloan of this city have as their guest for two weeks, Miss Patricia A. Bernel from Hempstead, New York. Miss Bernel is a special guest of James Sloan.

Camp Fire Girls Are Entertained With Slumber Party

The Tanda Camp Fire Girls had a slumber party in the home of Jean Bass Friday July 25 on her 10th birthday.

The girls gathered about 6:30 in the afternoon, played baseball, then had a treasure hunt on the lawn. Everyone enjoyed finding their gift.

A picnic supper was served, topped off with birthday cake and ice cream. The cake was white with 10 pink plastic animals, which were candleholders and they made a circus. Each guest was given an animal holder for keepsakes.

Games were played until a late hour, with all receiving prizes, then they retired.

The next morning breakfast was

cooked and served to everyone reported time and hope to be party soon.

Members of the Tanda Camp Fire Girls who attended the slumber party were: Barbara Mullins, Terry Bynum, Nancy nette Robertson, Elaine O'Neal, Jean, Jerry Bass, Mrs. Easton and Joan visited.

Stockmen Find DDT, Flies, Don't Mix

Haskell County livestock own-
 ers can profit from the experience
 of Potter County 4-H boys, dairy-
 men and ranchers who are getting
 excellent control of horn flies on
 beef and dairy animals this year
 by spraying with wettable DDT
 powder.

County agricultural agent Art
 Bralley Amarillo, reports that the
 mixture being used in the county
 is four pounds of 50 percent wet-
 table DDT powder in 100 gallons of
 water. The mixture is the most
 foolproof, says Bralley, and will
 not injure cattle in any way. Reg-
 ular sprayings by the club boys
 and ranchers is putting pounds of
 beef on Herefords and giving the
 dairymen extra pounds of milk.
 One Potter county dairyman,
 who recently sprayed his herd
 with DDT for the first time, told
 Bralley, "I thought at first that
 the spray made the cows sick,
 since they stood so quietly and
 didn't even switch their tails. But
 I soon found out that there were
 just no flies to bother them."

The county agent says that reg-
 ular DDT spraying is becoming a
 widespread practice in his area.

NOTICE TO BIDDERS

The Commissioners' Court of
 Haskell County, Texas, will receive
 competitive bids until 10 o'clock
 A.M. August 11, 1947 at the
 Court House in Haskell, Texas for
 the purchase of the following de-
 scribed road machinery: One Die-
 sel Powered Power Control Motor
 Grader, approximately 68 H. P.
 with starter, fully enclosed cab.
 (Used machine thoroughly recondi-
 tioned, repainted and guaranteed)
 at which time and place the Court
 will proceed to let a contract if
 any bid is accepted, and one used
 Galion Maintainer to be traded in
 as part payment for Motor Grader.
 Certified check of 5 per cent of
 bid required, and the Court re-
 serves the right to reject any and
 all bids.

O. E. Patterson
 County Judge Haskell
 County, Texas.

Who's To Blame For "Road Show" Movie Prices? . . . Not Theatres

When Joe Doks is asked to pay
 \$1.30 for a movie he simply must
 see, he'll do it but he won't like
 it. He holds opinions not so pri-
 vate about the cupidity of his lo-
 cal theatre owner.

The exhibitor carries a heavy
 burden of sins but the hiked ad-
 mission price is not one of them.
 In all fairness this should be un-
 derstood but the public. The local
 theatre normally fights to the last
 ditch to hold admission prices at
 the established figure, wins about
 three falls out of five for your
 benefit as well as his.

When a producer - distributor
 invests from \$4,500,000 to \$6,000,-
 000 in a picture he feels, first,
 that he has something extraordi-
 nary and, second, knows that only
 advanced prices can recover most
 of the money quickly.

So every effort is made to force
 theatres to play "The Best Years
 of Our Lives" or "Duel in the
 Sun" at "road show" prices. As
 we said, three times out of five,
 the theatre managers holds out
 and eventually gets the picture for
 a normal run. With "Best
 Years," "Duel in the Sun" it was
 a matter of accepting "road
 show" dates on the pictures or
 none at all.

In this event the communities
 would have let out louder yaps
 than ever. They weren't getting
 the important new pictures.

The advanced price is of little
 benefit to the theatre. A picture
 like "The Best Years of Our Lives"
 which will be shown at the Texas
 Theatre with the producer-dis-
 tributor taking 70 per cent of the
 gross receipts, leaving the theatre
 just about enough to cover the
 operating expense.

We are definitely opposed to
 "road show" motion pictures, said
 C. D. Leon, owner of the Texas
 Theatre. We yield to importun-
 ities on the very biggest pictures
 only because we feel an obligation
 to our community. When "road
 show" box office prices are a
 national policy of the distributor,
 we are in no position to cause a
 change for our territory only.

The normal Texas Theatre ad-
 mission prices have changed al-
 most not at all since 1930. Dif-
 ferences have been caused by
 federal admission tax and the
 addition of an odd penny here
 and there to arrive at a round
 figure. In other words, where a
 former admission price plus the
 admission tax might have brought

the price up to 33c or 34c, the
 theatre charged 35c.

Cities like Minneapolis, St. Paul
 and many others of the Middle
 West and East increased prices
 during the war years by 30 per
 cent or more, often from 60c to
 85c for night admissions into the

Career With Ford Co. Offered College Students

Opportunity for college gradu-
 ates, between the ages of 20 and
 26, to plan a career with the Ford
 Motor Company was launched
 today as booklets describing the
 company's "Ford Field Training
 Program" were mailed to 120 col-
 leges throughout the country.

The new program will provide
 a select group of young men with
 a firsthand grasp of the wide and
 diverse career opportunities to be
 found with the Ford Motor Com-
 pany.

The "hand picked" group will
 spend the first two years on vari-
 ous assignments familiarizing
 them with every major division of
 the company including manufactur-
 ing, sales and advertising, purchas-
 ing, engineering, finance, indus-
 trial relations and public rela-
 tions. At the end of this train-
 ing period they will take positions
 of responsibility.

best theatres.

The upshot of the argument is
 that pictures like "Best Years"
 and "Duel" play on the producer-
 distributor's terms or wait one or
 two years. Otherwise movie ad-
 mission prices have not advanced
 during a period when everything
 else has gone higher and higher
 and still higher. We think the
 theatres in this territory deserve
 a friendly not for this and none
 of the censure for the "road
 show." (Adv.)

Final selection of applicants
 will be based on potential capac-
 ity for industrial responsibility
 as evidenced by scholarship, lead-
 ership, enterprise and personal-
 ity.

During the fall, Ford repre-
 sentatives will interview prospective
 candidates at various colleges.

Additional information about
 the program can be obtained by
 writing to the Director, Salaried
 Personnel Department, Ford Mo-
 tor Company, Dearborn, Mich.

New Poison Being Developed For Cotton Pests

They're still in the experimental stage, not on the market in commercial lots, and much research remains to be done—but USDA scientists believe they may have something in two new insecticides for the control of cotton insects.

They are benzene hexachloride and chlorinated camphene.

Results to date indicate that these organic chemicals may be much more effective than any of the standard dusts now in use.

A mixture of benzene hexachloride which contains 5 per cent of what is known as "gamma isomer" has proved deadly to the boll weevil and cotton aphid, but not the bollworm. This is just the opposite of DDT, which takes care of the bollworm but not the aphid or weevil.

The camphene compound apparently controls all of the common cotton insects.

The USDA Bureau of Entomology and Plant Quarantine, the Texas A. & M. College Agricultural Experiment Station and other state experiment stations have been testing the products under field conditions.

One mixture which made a good showing in tests last year near Waco and College Station consisted of 5 per cent DDT, 3 per cent of the gamma isomer of benzene hexachloride and a neutral diluent. The dust was applied at the rate of 10 pounds per acre repeated every 4 to 5 days as long as the insect infestation lasted. When bollworms were present the dusting was done at the rate of 15 pounds per acre.

At Waco, where lots of insects were present, cotton treated with this mixture yielded 59 per cent more than comparable plots dusted with calcium arsenate alone. The infestation was lighter at College Station but similar results were obtained.

USDA treatments near Waco with 20 per cent chlorinated camphene produced average yields of 46 per cent above that of cotton dusted with calcium arsenate.

As things shape up now, it looks like either the benzene hexachloride and DDT combination or the chlorinated camphene

Brief Facts About Texas

Texas' altitudes vary from 4 feet above sea level on the Gulf Coast to 8,500 at Guadalupe Peak in Culberson County. There are 50 peaks in Texas over 5,000 feet high.

Texas has five State Forests; 76 State Parks; 500 Roadside Parks maintained by the State Highway Department for the traveling public. Recently, Texas deeded to the U. S. Government 1,000,000 acres in the Big Bend Country of Southwest Texas for a National Park, Mexico on the other side of the Rio Grande River will co-operate by making that part a Mexican National Park.

Texas has the largest sulphur deposit in the world in Wharton County, and Texas produces most of the sulphur supply in the U. S. and a large percentage of the world's supply.

Texas has the biggest military garrison in the U. S. at San Antonio - Randolph Field - the "West Point of the Air".

Eleven and one half million people were working on farms in the United States on July 1. Farm wage rates average \$114 a month without board.

Farmers Study Need For Phosphates, Legume Seeds

District Supervisors of the Wichita Brazos Soil Conservation District met at Knox City Friday afternoon July 11. Those present were Jack Idol, Benjamin; H. D. Gammill, Rochester; C. C. Brown, Trusecott, and H. W. Smith, Weinert. Meeting with the supervisors were J. M. Carpenter, Knox County Agent and Fred P. Mika and Charley B. Cape of the Soil Conservation Service.

Legume seed and phosphate needs for another year was the main topic of discussion, and Soil Conservation technicians were requested to determine the amount to obtain for use by farmers co-operating with the District program.

Hairy vetch is an excellent cover crop on sandy land. It holds the soil in place, protecting it against wind erosion and adds a large amount of nitrogen to the soil. By analysis vetch contains 2 1-2 to 3 1-2 percent of nitrogen, or a ton of vetch contains approximately 60 pounds of nitrogen. A

considerable portion of this nitrogen is returned to the soil when the crop is harvested or grazed on the farm. Hairy vetch should be seeded from September 15 to October 15. Late seedings will not make sufficient growth for the most efficient erosion control. Austrian Winter peas are used generally in the same manner as hairy vetch.

The importance of phosphate is being recognized and better appreciated. It is one of the essential elements that plants must have to produce as they should. Phosphate is used at a good advantage under hairy vetch and Austrian winter peas or any other legume crop that we have in this section.

The cotton insect has started setting the one bale out of every seven that he usually gets in Texas. Insect control is necessary if Texas farmers get that extra bale or the gin.

Rot on late peaches, plums, apricots and related fruits can be controlled with a spray consisting of three to five pounds of wettable sulphur in 50 gallons of water.

Medals Authorized For Navy Vets

Chief H. F. Lindsey, recruiter in charge, U. S. Navy Recruiting Station, Abilene, Texas, announced today he has been authorized to issue the American Defense Service Medal and World War II Victory Medal to Navy veterans who have been honorably discharged or discharged under honorable conditions in this recruiting area beginning August 1, 1947.

The American Defense Service Medal will be awarded to all active duty personnel who served on active duty between September 8, 1939, and December 7, 1941, both dates inclusive.

Enlisted personnel who are entitled to either or both medals are requested to report to the Navy Recruiting Station, Abilene, with their original discharge and notice of separation. Photostatic copies of discharge will not be accepted.

Possum Kingdom Still in State Control

The Texas State Parks Board still retained claim to Possum Kingdom State Park this week.

The board refused Tuesday to relinquish the 6,969 acre park near Mineral Wells to the Brazos River conservation and reclamation district.

Commenting after the board had rejected the district's request for the area, Chairman J. V. Ash of Bastrop said:

"To do so would be betrayal of the public interest and would damage the public's investment of approximately \$250,000 already made in the park."

More than half the acreage has been inundated by the lake, and the park board now holds less than 10 per cent of the 310-mile lake shoreline for the use and benefit of the general public, Ash said.

Strawberry plants can be carried through the summer by irrigating every five to seven days, and providing shade, which can be made with old sacks tacked onto a frame.

During July, August and September, the meat in pecans is developing, which means that the trees need regular watering at intervals of 12 to 14 days.

Household tip: Pull out a small rug, hold sides, as the weight will pull the threads held by the ends.
