NUMBER FORTY-FIVE

Damages Local Grocery Thursday

Amounting to several dollars was caused by vandals who broke into the Wiggly grocery store Monday morning. Payne, manager and partner owner, said immediately after the store had been broken into he had no estimate of the damage. Several other employees had opened the store about six o'clock, and discovered the damage to the roof of the building. The most damage was done to the stock of canned goods and some damage to stock in the back of the building. Hattox said that no amount of the store's insurance was affected.

High School Band Makes Excellent Progress

Under the direction of James Hobbs, McMurry senior, the Haskell High School Band is making splendid progress and gaining well deserved recognition in the school and community. The band, composed of 45 members and led by Mary Beth Payne, Drum Major, and Betty Oates and Dorothy Fouts, Major, has performed at every football game of the season. The Haskell Band attended the Band Clinic held in Abilene Oct. 17. The band was presented in full uniform Friday Oct. 31 to the entire student body. These uniforms have been purchased this year with the aid of the Band Mothers Club, Mrs. Alton Middleton, president.

Officers of the band are: Billy Adkins, captain; Charles Smith, first lieutenant; Bobby Don Smith, second lieutenant; Virginia Frierson, reporter.

Patsy Toliver, HHS Sophomore, was elected Band Sweetheart and she was presented in a colorful ceremony at half-time during the Indians-Greyhounds game last Thursday night.

Another outstanding performance of the band will be given during the Christmas season.

Plans are being made to hold a Band Clinic in Haskell and at that time several bands of this section will be invited to take part in the all-day affair. Special teachers for each instrument will be on hand to give instruction and the feature of the day will be the mass band concert and downtown parade.

Mental Hygiene Group To Meet

A meeting of the Haskell County Society for Mental Hygiene is scheduled next Monday night in the Activity building of Haskell high school at 7:30 o'clock. All persons interested in the work and activities of the group are requested to attend.

Revival Announced At Local Church

A revival meeting will begin at the Assembly of God Church in this city November 16th with the Rev. and Mrs. M. A. Grayson as the evangelists. There will be special music and singing each evening. Services begin at seven o'clock.

Hospital Notes

The following patients were registered in the Haskell County Hospital Thursday morning:

Mrs. Joe Tyson, Mrs. John Hart, Mrs. McLeod and baby boy, Mrs. John Peters and baby boy, Odus Opry, Mrs. Andy Martiz, Mrs. Ed Hester and baby boy, W. E. Bland, Mrs. Homer Kelly and baby girl, Harry Wheeler, Mrs. Lem Ivy and baby boy, Mrs. D. F. Nicholson, Mrs. Grady Plaisance, Mrs. Jack Bale and baby girl, Joe Bazon.

Patients dismissed: Mrs. C. B. Tribby and infant daughter, of Rule; James Kirk, Haskell; Mrs. J. L. Kidwell and infant daughter of Rochester; Mrs. T. C. Griffin, Haskell; Boyd Rousseau, Haskell; Mrs. Martha McCann, Arson; Mrs. Caudelore Regas, Haskell; Mrs. Harold Walton, Haskell; Mrs. Glenda Walton, Haskell; Miss Nelva Walton, Haskell; Mrs. Dray Lowe and infant daughter, Haskell; Mrs. Jaunda Ortez Sandrey and infant daughter, Goree; Thurman Perkins, Rule; Mrs. P. D. Sanders, Haskell; Newt Moore of Old Glory; Baby Edwards of Haskell; H. Harris, Haskell; W. A. Moore, Old Glory; Mrs. J. R. Leight, Haskell; Ralph Ammons of Haskell; Manuel Rometrey, Haskell; Mrs. W. Burleson, Munday; Mrs. E. Reynolds, Rule; Mrs. Nan Simpson and infant daughter of Rule.

Officers Kept Busy During Week-End

Law enforcement officers filled a fairly busy schedule during the week end in Haskell County, with eleven cases being filed in the period covering Saturday through Armistice Day.

Principal offenses included two arrests made at Rule by City Marshal Ollie Kittley for driving an automobile while intoxicated. City Marshal Eton Corley also filed a case charging driving while drunk and Highway Patrolman Keith Whitt also listed one arrest. Sheriff Mart Clifton's department filed seven charges after arrests made in as many cases for drunkenness. Rounding out the record, City Marshal Kittley of Rule preferred charges of possession of intoxicating liquor in a dry area against a Rule man who was fined \$125 and costs in county court.

Farmers Meeting Scheduled Nov. 19

A meeting of all interested agricultural agencies will be held in the district court room Wednesday afternoon, November 19, at 1:30 p. m. for the purpose of selecting soil conservation practices to be used in Haskell County under the 1948 AAA program. Joe Harper, ACA Secretary, announced this week.

Invitations to all concerned are being mailed from the county AAA office this week, and in addition to those specifically invited, other persons interested in agriculture are requested to attend.

RETURNS TO SAN DIEGO

Clyde Dilbeck returned to his home in San Diego, Calif., Monday after a 10 days visit with his father, J. L. Dilbeck and sisters, Mrs. W. H. Montgomery and Mrs. Edith Livengood of Paint Creek.

Ministers Group Is Reorganized

The local ministers met this week and reorganized The Haskell Ministerial Association. All ministers of the city are welcome in this Christian fellowship. The meetings will be each month at 10:00 a. m. on the Monday after the first Sunday.

The Rev. J. H. McClendon was re-elected President. Rev. W. T. Priddy was re-elected Secretary.

Rev. Harold G. Wise was named Publicity Secretary. A Community Thanksgiving Service was planned. It will be at the First Methodist Church Thanksgiving morning at ten o'clock, Nov. 27th. At this service Rev. J. H. McClendon is Moderator; Rev. W. T. Priddy is Minister of Music; Rev. Albert Mikuta is Preacher; Rev. J. E. Harrell will pronounce the divine Benediction and Rev. Harold G. Wise leads the people in prayer.

An offering is to be given and received. This offering will be given to the charity recommended by the local chapter of the Red Cross. It will go to the United Charities.

World-wide Bible Reading from Thanksgiving to Christmas, promoted by the American Bible Society, is being sponsored locally by a committee of the Association.

Community Singing Planned Sunday

The regular Community Singing held each month at the Fundamental Baptist Church is scheduled for next Sunday, beginning at 2:30 p. m.

A special invitation is extended to all pianists, song leaders and choirs to attend the program, bring their own song books and sing their own selections.

Rapid Progress Being Made On Water and Sewer Extensions

By J. R. GILSTRAP

This past week we laid 700 feet of six inch sewer main on South 6th Street between Ave. F and H, and north to South 5th Street and on Ave. BE South 1st to Ave. BE North 2nd St.

Once again we call your attention to our grade stakes as we lost two days last week because some one pulled up our grade stakes. We have some 10,000 feet of sewer main yet to install.

Now a few words about our water system. In the area around our water tower we have an elevated storage tank holding 150,000 gallons, a ground reservoir holding 50,000 gallons that is used for fire purposes only, fire pump station, chlorinator and two wells.

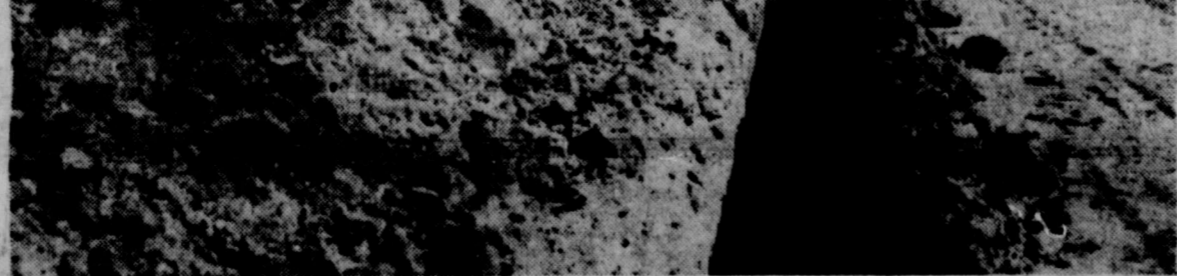

In our fire pump station we have two 500 gallon per minute Worthington horizontal centrifugal pumps which gives us 1,000 gallons per minute extra water for fires of a large nature. These pumps are only used in case of a large fire and draw only from our 50,000 gallon concrete reservoir.

In the building adjoining the fire pump station we have our chlorinator. It is a Wallace and Fireman chlorinator and can feed up to 20 pounds of liquid chlorine gas for 24 hours. I realize you do not like the taste of chlorine gas, but it's better to drink some chlorine than have typhoid fever or some other water borne disease. Chlorine gas when properly used is absolutely harmless.

On our two wells under the water tower we have two Johnston turbine water pumps. Each of these pumps has a capacity of 300 gallons per minute and are automatically controlled by a float switch in the top of the water tower. Our wells, pump, and ground area meet all State health requirements as well as the personell operating the system.

Next week we plan to have a picture of your water plants as discussed in this article. We will also tell you about your warehouse for water, sewer and street departments, along with your two water wells in the park area.

Street Department Has Modern Machines

One of the machines used by the street department in maintenance and construction work is shown in the above photograph. Operator is Supt. Rogers Gilstrap, who is stand-by operator in emergencies. Photo by Blohm Studio.

C. of C. Will Sponsor Xmas Lighting in Business Section

Grand Jurors Are Recalled Monday

Grand Jurors for the current term of 39th District Court have been recalled for Monday, Nov. 17. Members of the jury are: A. Y. Barnes, Haskell; Glenn Cobb, Haskell; Buford Cox, Haskell; Howard Montgomery, Haskell; R. R. Clark, Sagerton; W. R. Gibson, Sagerton; A. C. Knippling, Sagerton; R. A. Lane, Haskell; R. W. Clanton, Haskell; Adell Thomas Haskell; Tom Patterson, Haskell; Jack Johnson, Haskell.

Papooses Win All-Girls' Grid Game

Fans of the Haskell Pep Squad all girls game Tuesday night saw proof that the girls have the "spunk" and sportsmanship necessary in football. The girls' efforts to appear as the "real McCoy's" were amusing but the laughs were as much a part of the game as the sport itself. Joyce Matthews seemed to be the star of the game, making two touchdowns for the Papooses and running for one extra point. The Squaws were unable to score, but conspicuous on their team was the fight spirit.

The girls wish to express appreciation for the use of the Haskell Indians equipment and to Mr. Berryhill for his efforts—and to their fans for their support. The girls will be able to buy new Pep Squad uniforms to be ready to use by the fall of 1948.

The only injuries were sprained and pulled ligaments. However Nancy Burton was unable to play because of an injury to her collar bone during practice.

The line up for the Squaws: Doris Nell Camp, re; Evelyn Linville, le; Ozella Skains, rt; Paula Decker, R; Nancy Furr, rg; Anita Jo Pittman, lg; Freddie Frierson, center and captain; La Vada Reese, rb; Geneva Wheeler, left half; Jean Bird, fb; Rose Ann Johnson, quarterback and co-captain.

Papooses lineup: Joyce Matthews, quarterback and captain; Margaret Denny, full back and co-captain; Jane Gentry, half back; Nabeela Hassen, half back; Nancy Ratliff, left end; Freddie Kendrick, right end; Betty Connally, center; Anita Robison, left guard; Jackie Treadwell, right guard; Frances Yancey, left tackle; Frankie Robison, right tackle.

Attend Baptist State Convention

Rev. and Mrs. Whatley and daughter Mrs. Covell Adkins and children and Miss Maybelle Taylor and Mrs. Ed F. Fouts and daughter Eddie Bess attended the Baptist State Convention in Amarillo the first of the week.

Rev. and Mrs. Whatley and Mrs. Adkins and children visited in Pampa Sunday, going from there to Amarillo.

Miss Eddie Bess Fouts appeared on the Young Peoples program Sunday night and Miss Taylor was the speaker on Tuesday evening.

Football Players On Rally Program

Two football players, one the captain of the Hardin-Simmons Cowboys will appear on the program of the Youth Rally at the Baptist Church in O'Brien Sunday afternoon November 16 at 3:00. Football players are given a special invitation to attend. Also to appear on the program will be an outstanding tennis player, violinist, trio, soloist, pianist and song leader. Two Hawaiian students of Hardin-Simmons are expected to be heard on the program. Young people from every church are invited to come, and the invitation is extended to all who would like to attend.

HERE FROM DEMING

Mr. and Mrs. Billy Burt and daughter of Deming, N. M., have been visiting friends in Haskell and her father, Mr. and Mrs. Frank Turner in Stamford.

Mrs. O. D. Cook and son Allen left November 5th for Seattle, Washington and expect to sail for Osaka, Japan, November 19 to 20 to visit her husband who has been in Japan for the past year.

Officers and Youth Injured in Knox City Gunfight

Charges of assault with attempt to murder were filed in Knox City Monday against two men involved in a shooting affray with police officers in the main street of Knox City Saturday night, City Marshal George Hardberger said Monday night.

An 8 year old boy, Sijfredo Martinez, a bystander struck by a stray bullet during the affray, was under treatment in the Knox City hospital Monday night. He was reported to have developed pneumonia and his condition was still serious.

The two men charged, James Edward Anthony and his 25 year old son, John Thomas Anthony, formerly of Lamesa and now living near Weatherford, were charged Sunday in the court of Justice of Peace S. L. Favor in Knox City. Bond was set at \$2,500, but Monday Hardberger said neither had made bond. The father was being held in jail at Knox City and the son at the county jail at Benjamin.

Witnessed by a large Saturday night crowd the shooting was said to have started after Hardberger had arrested the elder Anthony. Witnesses said the son attempted to prevent the arrest and is alleged to have fired six shots at close range at Hardberger and Night Watchman Lee Wampler of Knox City.

Hardberger and Wampler both received flesh wounds.

The wounded boy is the son of Mr. and Mrs. Benjamin Martinez of Elsa, Tex., farm workers who had been picking cotton at Rochester.

Rule Celebration Attracts Throng

With practically all Haskell business concerns taking a holiday, top Armistice Day observance in this section was the annual celebration in Rule, where hundreds of Haskell people gathered for the occasion.

The two-day observance began Monday and was concluded with a gala program Tuesday starting with a parade through the business section. The Haskell high school band won first place in the parade section, with Munday in second place.

In the saddle horse contest held Tuesday afternoon, Buster Shelton of Haskell won first place award.

Feature attraction of the day, a football game between Rule and Rochester high school teams saw the invaders taking a win over Rule.

Sixteen Haskell Students Enrolled At H-S U

Among the more than 2,000 students enrolled in Hardin-Simmons university at Abilene this term are sixteen from Haskell and two from Weinert, according to Mrs. J. A. Beard, registrar of the university.

The current enrollment is the greatest in the history of H-SU. Mr. Beard said, and represents both the resident students and those who are taking extension courses.

Those from Haskell enrolled for the term are: Ernest Edger Welsh, Jr., Edna May Welsh, Stanford W. McFarlin, Janet Turner, Rice Alvis, Ventres Brock, Allen D. Adams, Gerald Dear Bird, Rex Power, Mary Ernie Reeves, Carolyn Turner, Eddie Fouts, Othella Jay Cox, James R. Mickler, Joan Berry, Morris Haynes, Jr.

Students enrolled from Weinert are Charles Leach and John C. Rutherford.

All Haskell merchants and business concerns will be asked to take part in the Christmas lighting and decoration program being initiated this year as renewal of the observance annually during the pre-war period by Haskell merchants.

Decorating schedule calls for all Christmas lighting displays to be turned on Friday night, Dec. 5 at 6:00 p. m., at which time the judging of the window decoration contest will be held. The lighting and decoration program is being sponsored through the Chamber of Commerce, and the county, city, and fire department.

It is planned to decorate the courthouse and lawn in somewhat the manner used in the past, and attractive additions are planned if material can be secured to arrange them.

Attractive awards will be given for best displays, based on decision of judges who will inspect all displays.

Realizing that stores differ a great deal in the type of merchandise available for decorating purposes, four classes have been set up. These include dry goods, drugs, specialty shops and jewelers in one class. Another class is composed of hardware, lumber, auto parts, automobile dealers and appliance stores. Grocery stores are in another class and the final classification will be miscellaneous, and will include all businesses not in the above groups.

No set rules have been suggested by the committee with respect to decoration and judging will be based on originality and the Christmas motif. Awards will be given first and second place winners.

In connection with the decoration contest, each business concern is being asked to place a Christmas tree of uniform size in front of each store, and if possible all trees are to be sprayed silver. With the new city lights in operation, it is believed this will add much to the decorations of the business section.

Weinert Home Ec Class Initiates New Members

The Home Economics Club of Weinert high school had an initiation party for the Freshman girls October 21. The program was as follows:

The National Creed — Patsy Britte.

There's A Tavern In A Town — Wynelle Stephens.

La Paloma — Ann Derr.

Call Me No Housewife — Fretta Edwards.

Song — Group. Refreshments were served and games were played in the school gym. Chaperones were Miss Havran, Mrs. Smith and Mrs. Phenister. Everyone had a grand time and the group is looking forward to another party soon. At the Halloween Carnival the Home Economics girls had a food booth, selling sandwiches, hamburgers, coffee, pie and cake. They also had a cake walk and sold chances on a chenille bed spread. The class cleared \$109.25. Half of this sum goes to the school, and with the other half the class plans to purchase Venetian blinds for the dining room and curtains for the laboratory.

The girls are divided into groups of four and are making some luncheon cloths.

Social Security Man Coming Nov. 20

A representative of the Social Security Administration, Abilene office will be at the Chamber of Commerce office in Haskell on Thursday, November 20, at 2:30 p. m.

All persons wishing to see him should call promptly at 2:30 p. m. as he will remain in the office for only a short time.

"Make maximum use of pasture" is a good general rule to follow in feeding stock, whether beef or dairy cattle, hogs or lambs. It will save badly needed grain as well as reduce costs of operation.

An artificial dairy breeding association must be well financed at the start if it is to be successful. Much time and energy is required of the association leaders to maintain interest and support, especially for the first year of operation.

D. G. Tidwell Honor Guest at Gathering

Observing his 77th birthday last Sunday, D. G. Tidwell was the honor guest at an all day gathering of relatives and friends in the home of Mr. and Mrs. Garland Calloway.

Each brought a basket of dinner, and with the beautiful birthday cake, dinner was served and then the gifts were opened, after which kodaking and other diversions were enjoyed. Mr. Tidwell received many good wishes during the day.

Those attending were J. F. Tidwell and family of Fort Worth; Mr. and Mrs. Arvil Jarman and Patricia, of Lamesa; Mr. and Mrs. Robert Tidwell and family; Wayne Tidwell of Fort Worth; Mr. and Mrs. Windell Jarman and family of Lamesa; Mr. and Mrs. Arthur Sanders, John and Junior, from Franklin, Texas, Mr. and Mrs. Joe Larned and Jerry, Mr. and Mrs. Jack Harvey and Jackie, Mrs. Maggie Larned, Joe and Don, Mr. and Mrs. John Larned and family, Mr. and Mrs. Elmer Dean and family; Mrs. Wallace of Munday; Mr. and Mrs. Dee Larned and family; Mr. and Mrs. Clayton Jarman; Mr. and Mrs. Alfred Grand and family, Mr. and Mrs. Garland Calloway and daughters, and Lewis Hughes.

No Man To Trifle With

—Is John Harrell as Elizabeth Scott finds out in "Desert Fury", Hal Wallis' Technicolor production, which arrives Sunday and Monday at the Texas Theatre.

TEL Class Has Social Meeting

The T. E. L. Class of the First Baptist Church met Tuesday at 3 p. m. in a business and social meeting.

Opening songs were My Faith Looks Up to Thee, and Jesus Is Calling.

Prayer was by Miss Ida Crawford, Mrs. O. O. Akin presided for a short business session in which good reports were made by group captains.

Mrs. Jack Merchant was elected as captain of Group 4 to fill the vacancy made by Mrs. Moore's resignation.

After the business meeting the following program was rendered: Song, Faith of Our Fathers. Mrs. George Herren brought a very sweet and inspiring devotional reading the 100th Psalm and speaking on Thanksgiving. She told way to bring happiness to our own hearts and lives was to do something to help someone else to be happy.

Prayer by Mrs. McDonald. Mrs. Whitaker brought a short story and read some of her beautiful poems which all enjoyed. After a Bible Quiz by Mrs.

FIRST PRESBYTERIAN CHURCH

Harold G. Wise, Pastor
"Faith That Fortifies"

Woodrow Frazier, W. H. Holt, Joe Kelly, and W. G. White were elected to Deaconship by the congregation last Sabbath. Each has expressed his willingness to serve.

This is Youth Night. The Presbyterian Youth Fellowship will lead the congregation in Evening Worship at seven o'clock. The Youth will gather at 5 p. m. for supper and their meeting. All High School and Junior High School Youth of the Church and Sunday School are invited.

"In the Days of Thy Youth" is the sermon of the pastor on this Youth Day, at 11 o'clock. "Building Christian Character" is the Sunday School lesson at 9:45 a. m.

The Woman's Auxiliary meets Monday at 3:00 p. m.

Prayer Meeting will be on Wednesday at 7:00 p. m. Miss Margaret Richey, of Fort Worth, Director of Religious Education in the Presbytery of Mid-Texas, will be our guest leader November 24-26.

Our Thanksgiving Party for the whole Church will be at 7:00 p. m., November 26. Moving pictures. Folk games.

Our Church will cooperate in the Community Thanksgiving Service at 10 a. m., Thanksgiving Day, Nov. 27.

The Rev. C. W. Williams will be our guest Minister Dec. 7-11. Our Church will cooperate with the Harmony Club in their Christmas Cantata, Sunday night December 14.

"Good Tidings of Great Joy" is the Christmas Vesper Service for the whole Church at 7 p. m. Dec. 21st.

We invite all to worship the Lord and serve Him.

Whiteker the group was dismissed with prayer by Mrs. Bailey.

Mrs. Herren's group served a nice refreshment plate of cherry pie, whipped cream and coffee to the following:

Mesdames O. O. Akins, J. A. Bailey, McDonald, Glenn, Paxton, Lane, Marin, Jack Merchant, Craham, Cox, Dilbeck, Whiteker, Carlton Couch, Herren, C. A. Merchant, Roberts and Miss Ida Crawford.

REV. HARRELL WILL PREACH AT PAINT CREEK

The Rev. James E. Harrell will preach at Paint Creek Methodist Church Sunday night. The public is cordially invited to attend.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Methodist WSCS Meets Monday

The Gospel of Our Generation was the subject of discussion led by Mrs. Wallace Cox when members of the W. S. C. S. of the Methodist Church met in the Menefee class room Monday Nov. 10.

The group sang, Open My Eyes and repeated the Lord's Prayer in unison.

Present were Mesdames O. E. Patterson, W. Cox, C. L. Lewis, J. E. Harrell, Joe Irby, Harry Pettis, T. C. Cahill, E. M. Tate, W. A. Kimbrough, W. D. Kemp, I. H. Stephenson, Burl Cox, W. I. Pitman, W. D. Hellums, Virgil Bailey and M. E. Helber.

GUESTS IN TOOLEY HOME

Mr. and Mrs. O. W. Tooley had the following guests in their home during the week end: Mr. and Mrs. A. W. Tooley, brother of Mr. Tooley from Kress, Texas; Mrs. G. W. Cone and son, daughter and grandson of Mr. and Mrs. Tooley from Pampa, Texas; Kenneth and Wendell Tooley at McMurry College.

net and Wendel Tooley at McMurry College.

Haskell County Must Cooperate

The people of Haskell County have been asked to cooperate in the nationwide food conservation program. It is to make available the continued shipment of food to relieve starvation in Europe. There is no doubt of the willingness of the people of this county, in common with those of other American counties, to make the small sacrifice requested in order to prevent the starvation of millions of men, women and children in the war-devastated areas of Europe. Only doubt in the matter is related to the effectiveness of the voluntary campaign. We cannot succeed unless the people, which means all of us, respond to the call and make a positive effort to contribute our mite to the relief of suffering humanity.

From \$3.55 to \$8.19

A housewife in another State recently checked up the cost of her Sunday dinner and discovered that it cost \$3.55 in 1940 now runs to a grand total of \$8.19. She compared present prices with the 1940 advertisement of leading stores, eliminating high-priced shops and bargain sales. She found that virtually every item on the menu rose at least 100 per cent. The comparison of prices is very interesting and the situation is bad enough, there is no assurance the upward movement of prices has come to an end.

Small Newspapers Threatened

The shortage of newsprint will continue until 1950, says Representative Clarence J. Brown, of Ohio, chairman of the House Committee on newsprint.

This continuing shortage of newsprint represents a threat to thousands of small county newspapers throughout the United States. The larger metropolitan newspapers have taken care of their needs by the purchase or construction of paper mills and, consequently, are not as seriously affected by the increase in price of newsprint.

Both world wars produced something like prosperity for American farmers, probably the most peaceably-ruled people in the nation.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

50 YEARS AGO

B. F. Frost returned from Henrietta Tuesday bringing a bunch of horses for his ranch in Stone-wall County.

Capt. W. W. Fields and family and Miss Mae and George Fields and Witt Springer are spending a few days on lower Paint Creek camping and hunting.

Rev. D. James and H. R. Jones who were delegates from the Haskell church to the Baptist State Convention at San Antonio returned Tuesday evening.

Rev. D. J. Woods of Virginia will be the new pastor of the Presbyterian churches here and at Anson.

Lee Kirby was out hunting last Thursday and killed an eagle that measured 7 feet and 10 inches from tip to tip of wings. He killed one near the same spot several years ago that measured over 10 feet.

40 YEARS AGO

W. P. Caudle of Sagerton has resigned the office as Commissioner of Precinct No. 4 and C. F. Davis has been appointed to fill the unexpired term. Mr. Caudle is engaged in the real estate business in Sagerton and he finds that he cannot give proper attention to the office of Commissioner.

K. W. Stein, a real estate man of Rule was in Haskell Wednesday and Thursday.

J. T. Miller has sold his dairy business to P. D. Solomon and moved to his farm southwest of town.

20 YEARS AGO

County Agent Trice held a terracing demonstration on the W. H. Fiber farm two miles west of town.

of Sagerton last Thursday. According to the county agent more interest is being manifested in terracing in the Sagerton community than in any other section of the county.

When Stamford played Anson last Friday and the score was tied Haskell got the chance they have been wishing for and deserve. The team will go to Sweetwater Friday to play for championship of District 3A. If they win this game they will play the winner of the De Leon-Rising Star game.

Rev. W. B. Vaughn has been returned to the Haskell Methodist church for the third year by the Northwest Texas Conference that convened in Big Spring last week.

Grubby Cattle Cost Texas Stockmen Millions Annually

A little time and trouble now, plus some rotenone, can put Texas cattle and dairymen on the road to saving \$5 million.

How? By spraying for cattle grubs.

Statistics show that forty-two percent of all Texas cattle are grubby. Grubby cattle are discounted on the market at about one cent a pound. The total loss to Texans in the cattle and dairy business in terms of milk, meat and leather each year comes close to five million dollars.

Most farms and ranches cause their own trouble with grubs, Extension entomologists for Texas A. & M. College point out. Heel flies are the parents of grubs, and the flies seldom migrate over half a mile. So treatment for grubs in the fall and winter will control the heel fly on the farm and ranch in the spring.

Spray the backs of the animals with a mixture of 7 1/2 pounds of 5 percent rotenone in 100 gallons of water at about 30 day intervals in the fall and winter, he entomologists say. Rotenone dust can be used on small herds.

Control now will help to save feed next year, too, as it takes from 10 to 15 percent more feed to fatten a grubby steer than one free of grubs.

CARD OF THANKS

We want to thank the dear sisters of the East Side Baptist W. M. U. for their kindness and consideration during the illness of my husband, and especially do we appreciate the beautiful love gift. May God's richest blessings ever be yours.—Mr. and Mrs. W. M. Melton and children. 17p.

IS YOUR CHILD LIVING ON BORROWED TIME?

The Texas Safety Association has a message for parents: Your child is living on borrowed time if you have not taught him to cross streets properly. Teach him to cross only at intersections and only with the green light; and teach him to look carefully both ways before crossing. And remember that his best lesson is your own good example.

BANK BULGES WITH WHEAT

Centerville, Kans. — The once thriving Centerville State Bank, which was liquidated fifteen years ago, again bulged with deposits—in the form of golden wheat. Lacking granary space, wheat growers leased the building and filled it with wheat.

STOP DOSING YOUR STOMACH

WHEN constipation hangs on and you have that listless, "half alive" feeling chances are it's not your stomach but your intestinal tract that's at fault. Sluggish intestinal muscles permit waste to accumulate... gas is formed and often you feel miserable, nervous and out of sorts. For real relief... take sure, safe ADLERIKA with its new improved taste. It moves waste quickly but gently to relieve constipation and gas. You'll enjoy a new feeling of pep and vitality when your digestive system is in perfect order. Try ADLERIKA today and you'll learn why over 20,000,000 bottles have been sold. Caution: take only as directed.

You'll always be your "better self" with ADLERIKA on the shelf.
ADLERIKA THE TONE-UP LAXATIVE

NEWS

County Home Demonstration Agent Texas A. & M. College Extension Service
By Louise Newman

The County Home Demonstration Council is proud of its attendance Honor Roll for this year. Perfect attendance of all eleven meetings this year go to the Council chairman Mrs. A. M. Bird; the secretary treasurer, Mrs. Jim Perrin; the finance chairman, Mrs. Guy Marshall; the exhibit chairman, Mrs. A. C. Denson; Mrs. Jess Adams, council delegate from New Mid club; Mrs. J. R. Davis, president of the Liberty club; Mrs. Joe Ragsdale, Council delegate from Liberty club. Those attending ten meetings are Mrs. T. M. Patterson, summarizer and recreation chairman; Mrs. Ollie B. Vernon, president of Lucky club; Mrs. J. L. Toliver, Sr., and Mrs. O. L. Yarbrough, council delegate from the Lucky club.

Cool nights with a hint of frost always make us think of using the green tomatoes for piccalilli or green tomato relish. Green tomato-cabbage relish is a variation of the usual green tomato products and is easy to make. Here is the recipe:
4 quarts of chopped green to-

atoes.
4 quarts sliced cabbage.
3 cups chopped onions.
1 cup chopped sweet red pepper.
1/4 cup salt.
1 teaspoon ground allspice.
2 teaspoons celery seed.
2 teaspoons mustard seed.
1 pound brown sugar.
1 quart vinegar.
Sprinkle layers of tomatoes, cabbage, onion, and sweet pepper with salt. Let stand over night; drain; add the spices, sugar and vinegar. Boil 25 minutes or until there is just enough liquid left to moisten the ingredients well. Pack into clean, hot, sterilized jars, filling the jars to the top, seal tightly. This makes about four quarts.

DARKNESS BRINGS MORE TRAFFIC DEATHS

The Texas Safety Association reports that increased hours of darkness mean increased automobile deaths. Shadows, reflection and glare restrict the distance an object can be seen by the human eye. Remember your Uniform Traffic Code and dim your lights when approaching within 500 feet of an oncoming car. Safety is cheap—it costs only a thought!

RETURNS FROM NAVY

Dellie Joe Bouldin, SSML 3/c has just returned home with his discharge from the U. S. Navy after spending almost two years in the China and Japan zones. He visited his brother, Olin Bouldin and wife in Fort Worth for a week before coming to Haskell.

MISTER DRIVER: PLAY IT SAFE!

Here's a message to Haskell automobile drivers from the Texas Safety Association: Don't let traffic lights, officers and patrol boys around schools act as a sedative and lull you into thinking there is no need to exercise extra caution. These things help to make our schools safe, but the most essential protective measure is the driver's alertness and caution. Children's safety should never be taken for granted, because their actions are unpredictable. The smartest of them may walk absent-mindedly into danger. The quietest of them may dart suddenly into the street. The best of them may do some reckless scuffling on the curb. So

watch out for the youngsters—always!

Select Your Sterling Pattern NOW

Despite current shortages it is possible to acquire a "starting set" of beautiful, enduring Reed & Barton sterling (solid) silver in these authentic patterns.

THE PLACE-SETTING PLAN

Smart brides and home-makers are building their services today—despite current production curtailments—on the common-sense "place-setting" plan. The standard 6-piece place-setting includes a knife, fork, teaspoon, cream soup spoon, salad fork and butter spreader. The prices given are per place-setting, and include the 20% Federal tax.

Pictured here is the standard six-piece "place-setting".

Sterling by century-old Reed & Barton is just as beautiful, just as heavy, just as well made and magnificently finished, as it has always been.

Careful Planning Is Aid to Convenience Of Kitchen

Counter space and convenience mean the same thing when it comes to planning a kitchen. The size, height, and location of the counter are what count most. The Bureau of Human Nutrition and Home Economics have made studies to determine the best height and size and have found that cookies and bread making require more counter space. The least space they recommend is 24 by 36 inches but 24 by 42 inch space will take care of all mixing jobs comfortably. They are also recommending a counter 36 inches high for washing dishes and 32 or 34 inches for mixing foods—the height and arm length of the woman using the kitchen should be allowed to select the heights most convenient for her.

MRS. FORREST D. YANCY

Loyce Milford and Forrest Yancy Recite Wedding Vows November 7th

Loyce Milford became the bride of Forrest D. Yancy Friday evening in a double ring ceremony performed by the Rev. W. H. Albertson, pastor of the Munday Baptist church, in the home of Mr. and Mrs. J. B. Graham in Munday.

Wedding vows were repeated by the couple as they stood before an improvised altar of fern combined with pink and white carnations, and blue lamps. Recorded wedding music was furnished by Mrs. Lillie Mitchell.

Given in marriage by her step-father, Bert Welsh of Haskell, the bride wore a blue suit with black accessories and a corsage of pink carnations. For something old and borrowed she wore a pin belonging to Mr. Welsh's grandmother, Mrs. W. M. Silvers.

Mrs. Joyce Walling, twin sister of the bride, served as maid of honor. She wore a black dress trimmed in gold and a corsage of pink carnations.

Best man was Bobbie Barton. The bride's mother, Mrs. Bert Welsh, wore a cream colored crepe dress with a corsage of roses.

Dorothy Fisher presided at the reception table where a tiered wedding cake, topped with miniature bride and bridegroom and wedding bells, was served with punch.

For the wedding trip to San Antonio and other points of interest, the bride chose a dress of aqua crepe with black accessories.

Mrs. Yancy is a graduate of Sunset high school and has been employed in Munday for several years. The bridegroom is a graduate of Munday high school where he was a star football player.

Mr. Yancy was a student at Baylor university and also served in the Army for 32 months with duty in the Pacific theater.

Mr. and Mrs. Yancy will live in Munday.

where you wanted it, you can still count on a very dead deer somewhere in the immediate vicinity, or at least a deer that won't run into the middle of the next county."

Rose, in his provocative article, Stop That Buck, presents facts based on over 5,000 1946 deer kills and attempts to prove that the ideas of the vast majority of United States hunters on where to hit a deer to bring him down are "way off base." Rose's factual findings are startling and will be something a lot of experienced hunters alike can mull over just as they are getting ready to take to the woods.

The conservation expert began his study by questioning a representative group of "big name" hunters on where you should hit

a buck if you want to be sure of anchoring him in his tracks. He got the 'cut and dried' answers—hit him behind the shoulders, bust him in the heart, get him in the chest.

After questioning the big name boys, Rose studied his five thousand kills and his findings refute the hunters.

The NRA expert found that 94 per cent of all deer hit in the neck dropped in their tracks or trailed a little over five yards as an average. The heart shot killed only 51 per cent in their tracks and the rest trailed up to an average of 35 yards with extreme cases going to a thousand.

Among other types of hits he studied the gut shot, frowned on by every good hunter, and found that it turned in a record that compared favorably with the heart shot.

Rose misses no arguments in the defense of his viewpoints. He considers all types of hits, angles of shots, ranges, leads, bullet performance and all sundry other factors that might come into a successful kill and then defends his neck shot above all others.

He did find that the NRA survey backed up the reputation of the spine shot, which has always been classed as deadly. Eighty-four per cent of all the deer hit in this area dropped in their tracks. The average trailing distance for all hits in the spine was barely over thirteen yards.

Rose's survey proved two things—that the neck and spine shots were most deadly. With that in mind he tells in his article why all hunters should forget their usual heart shots and aim for the spine. He proves that if you miss the spine, you miss the deer. Most likely will hit the spine. Thus you get the deer at the two most deadly shots, most deadly as proven by the study.

Rose ends his article with the unqualified statement: "To put the whole affair on a blunt, meat getting basis, the hunter who uses the neck shot, regardless of considerations of sportsmanship and humane killing, is going to stand a better chance of bringing home his buck than will be adherent of the time honored heart aiming point."

Expert Offers Advice To Deer Hunters

Here's some advice of interest to Haskell County sportsmen who plan to go deer hunting:

"If you want to drop a deer in his tracks forget that time honored heart shot and hit him in the neck."

That's the counsel John S. Rose, National Rifle Association's conservation expert, gives the nation's 11,000,000 hunters in the October issue of The American Rifleman, based on the results of a six months study on the business of deer killing.

"Then," quoting Rose again, "if you miss your lead and the bullet lands a couple of feet back of

Culling Poultry Is "Good Business"

When it comes to poultry and livestock, it's always good business to cull out the poor producers — these good and times it's not only good business—it's a "must," says County Agent F. W. Martin.

It is up to each poultryman to sift his flock down to a paying basis if he wants to stay in the business. The chicken-feed ration is lower than it has been in 24 years and there's no help in sight, Martin says. No help, that is, except efficient management.

Here's what the poultry husbandmen suggest: Cull your layers each week—especially the immature and slow developing pullets. Feed a balanced ration—remember that mash furnishes the protein to balance the grain. Use a poultry pasture whenever possible. This saves grain.

Then, unless you have a special breeding flock or are selling eggs for hatching, get rid of the roosters. Roosters don't help egg production—and they eat enormous quantities of grain. The best place for a rooster these days is in the can or freezer locker.

Another suggestion: Don't fill the feed hoppers to the brim—the hens just have a good time flipping the mash out on the floor or ground. Wasteproof hoppers half filled are grain saving.

Cull each week—feed a balanced ration—use poultry pasture whenever possible—get rid of the roosters—and watch the grain hopper. That's the best way to make money—and save grain—in the poultry business.

Dairymen Face Bright Future

"Farmers in the dairy business have a pretty good future ahead of them, if," and that "if" is mighty important, County Agent F. W. Martin declares.

"If the herd replacements are the result of a good bull, if the feeding program is built around good pastures, high quality hay and plenty of silage, and if the job of managing the herd is handled in such a way that the cows produce quality products for the market, then the dairy outlook is good."

Good dairy management goes back, in the end, to one thing: The right kind of sire for the herd. The feeding program won't help much if the cows are culls; there won't be plenty of quality products for the market if the cows aren't good producers and are not handled right. The way to get the best results, all the way round, is to pick out a good bull.

We says that a prospective buyer should thoroughly investigate

Limited Supplies of Farm Equipment Available from WAA

Farmers of the agricultural Southwest are being encouraged to contact Customer Service Centers of the War Assets Administration for such limited farm equipment and supplies as are offered from time to time. Farm operators are urged to communicate with such Centers in their territory regarding any wanted items on farms whether or no the equipment desired has been advertised.

"We are eager to serve our food producers with such equipment and supplies as are available or whenever they come into our surplus inventories," Mr. Berle added. "We will welcome correspondence or visits to these centers in order that individual farm needs might be checked against whatever items might be on hand for sale at the time."

Customer Service Centers in the Southwestern WAA zone are located at Grand Prairie, Houston and San Antonio, Texas; New Orleans, La.; Tulsa and Oklahoma City, Okla., and at Jackson, Miss.

the bull under consideration. Go back to the records of his sire and dam and his grand sire and dam. The production records and type classifications of tested daughters of all three generations are especially important. His physical condition, feet and legs, disposition, general appearance and size should be considered. The health record of the herd from which he came should be examined. The needs of the herd for which he is being bought should always be kept in mind.

The future of the dairy business depends on the breeding program, and the breeding program depends on the bull.

DARKNESS BRINGS MORE TRAFFIC DEATHS

The Texas Safety Association reports that increased hours of darkness mean increased automobile deaths. Shadows, reflection and glare restrict the distance an object can be seen by the human eye. Remember you, Uniform Traffic Code and dim your lights when approaching within 500 feet of an oncoming car. Safety is cheap—it costs only a thought!

Life should not be all work. Everybody is entitled to recreation and amusement, whether everybody gets it or not.

Dreaded Rabies is Cold Weather Danger

Contrary to popular belief, rabies is more prevalent in winter than in the so-called "dog days" of the hot summer months.

In a statement released this week by Dr. Geo. W. Cox, State Health Officer, it was disclosed that of all animal brains submitted for examination by the State Laboratory in January, 1943, 33 per cent tested positive for rabies while in the mid-summer month of July only 18 per cent were positive.

"If all stray dogs were destroyed, and all pets vaccinated for rabies, it would go far toward stamping out this justly feared, and always fatal disease," Dr. Cox said.

Fruit Important On Daily Menus

Haskell County housewives are agreed now that flour and eggs are on the list of critical foods, it is a good idea to feature fruits in desserts for the family. A variety of fruits, fresh, canned, and dried, are on the market this fall, and there is plenty of sugar and sirups for sweetening.

All homemakers know that baked pears and baked apples are easy to prepare as well as good to eat. Dried apples, peaches, apricots and prunes can be served many ways. Raisins add taste and texture variety to such dishes as marmalade, fruit and waldorf salads.

Spiced prunes are good hot or cold and may be served as a relish with the meat course or as a dessert. Prepare the prunes in the usual way, Louise Newman, County Home Demonstration Agent, says, then toward the end of cooking, add sugar to taste, a few grains of salt, such spices as clove, nutmeg, cinnamon or allspice, and a little vinegar or lemon juice. Other dried fruits can be spiced by the same recipe.

Fruit Important On Daily Menus

Haskell County housewives are agreed now that flour and eggs are on the list of critical foods, it is a good idea to feature fruits in desserts for the family. A variety of fruits, fresh, canned, and dried, are on the market this fall, and there is plenty of sugar and sirups for sweetening.

All homemakers know that baked pears and baked apples are easy to prepare as well as good to eat. Dried apples, peaches, apricots and prunes can be served many ways. Raisins add taste and texture variety to such dishes as marmalade, fruit and waldorf salads.

Spiced prunes are good hot or cold and may be served as a relish with the meat course or as a dessert. Prepare the prunes in the usual way, Louise Newman, County Home Demonstration Agent, says, then toward the end of cooking, add sugar to taste, a few grains of salt, such spices as clove, nutmeg, cinnamon or allspice, and a little vinegar or lemon juice. Other dried fruits can be spiced by the same recipe.

If fruits are used as much as possible, Miss Newman pointed out, there is less need for cakes, pies and puddings. By cutting down on baked desserts, the housewife is doing her part in the governments program for saving certain foods.

Peace in the world can be maintained only when there is some fore to restrain nations which want something and have the means of taking it.

HARD WORK FOR NOTHING
Baltimore, Md.—After climbing over two rooftops, breaking down two doors and knocking the combination and hinges off a 500 pound safe in the office of a pickle factory, yeggs came off empty-handed. The safe was owned by Samuel Cohen, office company, said there in the safe anyway, employees had been paid before.

Local People Attend Dinner at Morton

Mrs. Lester Davis of Morton, Texas, honored her mother, Mrs. John Lackey of Fort Worth with a birthday dinner last Sunday, November 9. The lovely gifts were presented following a bountiful dinner that was enjoyed by a daughter, Mrs. Beno Andress and family, Mr. and Mrs. Heath of Haskell, Mr. and Mrs. Clyde Davis and son, Mr. and Mrs. Curtis Chapman and son, Mr. and Mrs. Jack Bouldin and children, all of Morton; and Mr. and Mrs. Lester Davis and family, Mr. and Mrs. H. J. Andrews, brother of Mrs. Lackey, were visitors during the afternoon. Mrs. Lackey accompanied Mr. and Mrs. Heath to Morton where she will visit with her other children before returning to her home in Fort Worth.

Mattson Parents Club Meets

The Mattson Parents Club held their regular meeting this week, with the session called to order by the president. The following program was given: Prayer—M. H. Swenson. A Talk, How to Know Your Child, by Mr. Burton. Talk, A Child's Social Techniques, by Mrs. W. H. Merchant. After the meeting a social hour was enjoyed by all. Those present were Mr. and Mrs. W. H. Merchant, Henry Smith, Henry Rueffer, M. H. Swenson, Roy Fought, G. A. Ruef.

Leaders of Snappy High School Band

Pictured are the three leaders' Oates, Majorette; Mary Beth Payne, Drug Major; and Dorothy Fouts, Majorette.

Weinert School Carnival a Success

A Carnival was held Halloween night at Weinert Rural High School. Each of the twelve grades, the V. A. Classes and the Home Making department sponsored booths and entertainments. The Speech Class presented a play and the first two grades sponsored an auction sales. Chances were sold on a turkey, fruit cakes, chenille bed spread, and an angelfood cake. Everything from cake walks to a Honeymoon Trail were used for entertainment. With the splendid work of pupils and teachers and the cooperation of the patrons, the carnival was very successful. The school cleared approximately \$900, about \$100 more than last year when a similar event was held. In connection with the carnival a coronation ceremony was held in which a grade school Queen and high school Queen were crowned. Grade school king, Danny Earle and Queen, Nell Rainey were from the first grade. High school King, James Carroll, and Queen, Bill Farquhar were from the Senior class. There were a number of preschool children attendants in the coronation.

VISIT DALLAS MARKETS

Mrs. Hallie Chapman and Mrs. Joe Thomson from The Booterie were in Dallas the first of the week attending the Shoe Markets and purchasing new spring shoes. They were accompanied to Fort Worth by Miss Mildred Chapman who is attending TCU and who had spent the week end here with her parents.

Mrs. Monke Hosts Weinert Club

The Weinert Matrons Club met in the home of Mrs. Fred Monke on Thursday, October 30th with the president, Mrs. Claude Reid presiding. After the business meeting, the president introduced Mrs. Pearl B. Monke who gave a book review of "Gentleman's Agreement" and in her usual clear and concise manner Mrs. Monke brought out the high points of this story of the Jews. Mrs. Monke has given several book reviews before various organizations and all have been greatly enjoyed. At the conclusion of the meeting, Mrs. Monke, the hostess, assisted by Mrs. J. W. Liles served a delicious plate using the Halloween motif.

Will Present Pupils In Speech Recital

Dale Bartlett Bledsoe will present her speech students in two recitals—the Senior recital to be Monday, Nov. 17, and the Junior recital Wednesday, Nov. 15. Both recitals will be held in the High School Auditorium beginning at 7:30 p. m. The public is cordially invited.

Band Director

JAMES HOBBS
James Hobbs, the capable director of the Haskell High School Band is a Senior band student at McMurry College, Abilene, and has recently been elected president of the Indian Band. His wife is also a Senior in McMurry College. Mr. Hobbs has been a resident of Abilene for twelve years. He served in the armed forces from August, 1942, to November, 1945. He is a graduate of Abilene High School, Class of '38. His major instrument is the clarinet, and he has been a student of piano for 12 years.

Church Group Has All Day Meeting

On Thursday Nov. 6th at 9:30 the ladies of the East Side Baptist Church met at the church for an all day meeting. Two quilts were quilted during the day, one having been pieced by the Ladies class and presented to their teacher, Mrs. Opal Rose as a birthday gift. The other was quilted for Mrs. Dendy. Each lady brought a covered dish and dinner was served in the annex to the following: Mesdames J. A. Yancey, W. T. Priddy, W. C. Childress, John B. Lamkin, John McGuire, Austin New, E. W. Andrews, Gene Lancaster, Tom Mercer, Emory Anderson, Opal Rose, Joe Ragsdale, Thurman Rhoads, Frank Patterson, L. B. Dendy and Rev. Priddy.

MESSAGE OF THANKS
We take this method of thanking each and everyone for the kind deeds and words of sympathy in the death of our loved one. When sorrow comes to you may you each have the same kind friends as we. We especially thank every one for the beautiful floral offerings and the nice lunches by the ladies of the different churches. May God bless each and everyone.—Mrs. Anna Vaughn and family. 1p

Veterans News

The Veterans Administration is appealing to veteran students and job trainees, as well as to schools and to training establishments in which veterans are enrolled under the GI Bill, for assistance in preventing subsistence allowance overpayments.

The veterans and their training establishments are asked to notify VA immediately when trainee veterans abandon their training programs. When veterans know in advance the definite date on which they will complete or discontinue their training, they should advise VA at that time instead of waiting until they actually stop their training.

Failure to notify VA of training discontinuances usually results in overpayments of subsistence allowances, VA said. Such overpayments must be refunded to the government.

A recent survey disclosed an average lapse of 23 days between the time the veteran stopped his training and the time VA was notified of his discontinuance. As a result, the veteran continued to receive subsistence allowance payments to which he was not entitled.

Immediate or advance notice of training discontinuances will assist VA materially in reducing the amount of overpayments. In many cases, such notices will eliminate overpayments and the necessity or refunds by veterans.

Veterans who fail to make arrangements to repay subsistence allowance overpayments may be prevented from re-entering the schools or job training courses under the GI Bill.

Veterans are not being forced to turn back full amounts immediately. They need only make arrangements for monthly repayment.

payments that cause them no financial hardship and thus become qualified to resume training.

The Veterans Administration is now the custodian of more than 53,000,000 Army chest X-ray films of World War II veterans, which it will use in its long range anti-tuberculosis program.

VA records show that about 23,000 veterans of World War II are drawing compensation for tuberculosis contracted in the service. Included in the state figures are Texas 817, Louisiana 390 and Mississippi 332.

WILL VISIT IN CHILDRESS

Why is this man important to you?

If you're the fortunate owner of John Deere Farm Equipment, it will pay you to get acquainted with the mechanics in our modern, completely-equipped service shop. They're mighty important fellows to know. Here's why—

They're trained to know the best and most economical way to keep your John Deere Equipment in "tip-top" condition. Whether it's advice you want or an overhaul job you require, they're eager—and well trained—to help you... to give you the benefits of their experience.

If your equipment needs servicing, our mechanics will go over it thoroughly... tighten all loose parts... replace worn parts with new genuine John Deere Parts... clean and repaint it, if you wish... and pat it in excellent condition for the coming season.

Come in soon and talk over your servicing problems with us. Remember... we do only the work that's necessary... at the lowest possible cost to you.

Endowment Trust Fund Set Up By Haskell Cemetery Association

Organization of the Willow Cemetery Endowment Trust has been completed, and set up under provisions of the trust laws of the state, it was announced this week.

Its purpose is to make possible a plan by which permanent upkeep can be provided for the various lot owners who care to take part as well as to provide a fund for general purposes. The latter provision will cover the general purpose work such as cleaning the cemetery streets, alleys, fence rows and such other matters of a general nature. This fund will be provided by voluntary gifts from anyone who cares to make them to the fund.

The idea of the Trust was stimulated by the experiences of the Executive Board of the Haskell Cemetery Association who found that a lot is seldom ever provided for after the first generation has passed and in many cases the maintenance does not last that long. Many grave spaces of the better fixed families of the county are going unkept at the present time because they themselves, during their lifetime, had no opportunity to provide for the permanent keeping of their plots. Due to these revealing facts, as well as to outside suggestions this plan has been completed.

There are two documents which show and guide the method of operations of the Trustees of the Endowment Trust, as well as the obligation of the Haskell Cemetery Association in connection therewith. For your information these documents are both filed of record with the County Clerk of Haskell County.

Attorneys of the town have been

generous with their advice in the formation of the Trust but the larger part of the local burden has been upon Attorney Calvin Henson and Judge Chapman.

To avail yourself of the benefits of the Trust it is necessary for you to pay into the Trust Fund an amount to correspond with the size of your grave space. When this fund payment is made to the Trustees of the Endowment Trust then your dues cease, at once, and are no longer required by the Haskell Cemetery Association.

If you have a full lot, an eight grave space, the amount is \$200.

If you have a half lot, four grave space, the amount is \$150.

If you have a fourth lot, two grave space, the amount is \$100.

If you have one single lot, the amount is \$50.

The money you pay into the trust is never spent but is all invested in securities approved by the Trust laws of the State. At the present time the officers are instructed to invest in U. S. Government bonds which they are doing. The income from this investment is to maintain your grave space, permanently. The trustees have the authority to change the above amounts, if within their judgment it is necessary to do so, in order that the income might be sufficient to maintain a given lot. However, this change will not affect any payments previously made but only the future ones. It is not retroactive.

If interested, how to proceed: First get the lot and block number of your grave space and to

State to Help Save Nations Millions of Tons in Lost Foods

Texas may soon provide a hungry world with 2,600,000 tons more food than during the state's bumper crop years.

New refrigerating systems, technical developments and faster transportation will make the goal possible, according to engineers, without increased sowing, labor and harvest yields.

"These developments are well beyond the blueprint stage," said R. L. Mallory, Texas regional engineer for Brown Instrument Company, Philadelphia manufacturer of electronic precision instruments for controlling food processing and carrier and storage temperatures. "New techniques will affect meats, fish, fruits, vegetables, dairy products, poultry and grains. They will conserve food and food nutrients and flavor."

"The 2,600,000 extra tons of food from Texas are based on U. S. Department of Agriculture estimates that at least 25 per cent of all food produced in the country, or 50,000,000 tons, is wasted in transit or in homes."

"Instead of adding to grower and processor financial burdens, a division of Minneapolis-Honeywell Regulator Company, "the increase in available foods should reduce costs for everyone and also prices to the consumer. We have reached that period where, from frozen foods to home equipment, we can build stocks in times of plenty for years of scarcity."

SAVED BY FEET

Olympia, Wash.—While inspecting a water line at the bottom of a ditch, the sides of the ditch collapsed and buried R. H. Hansen completely except his feet. He cupped his hands and arms under his face as he fell, providing a small quantity of air. A few minutes later, the brakeman on a passing engine saw Hansen's feet protruding. He called for help and Hansen was dug out, suffering only a sprained back.

BLOWOUT GIVES ALARM—FIVE SAVED

Towson, Md.—Explosion of an automobile tire, which was set aflame from the heat from a burning porch near where the car was parked, probably saved the lives of five persons. The exploding tire awakened Miss Anna G. Roemer. She awakened her step father and mother and they aroused Dr. Hugh Forsythe and his wife, Miss Roemer's grandparents and owners of the house.

whom deeded. A blank application will be handed you or made out for you. Attach your check for the proper amount plus \$1.00 for filing and hand to any of the Trustees. Upon its receipt a certificate will be filled out, signed and sworn to by the proper officers of the Trusteeship, and filed for record. After filing, the document will be returned to you and if lost, which it will be sooner or later, it will be on record for your proof and guidance.

The trustees are now all members, with their amounts fully paid. They are F. T. Sanders, Mrs. Carrie Williams, Mrs. Beatrice Maples, F. L. Peavey, Courtney Hunt, Walter Rogers, secretary treasurer, R. C. Couch, president, Calvin Henson, attorney.

BIG GUNS SPEAK FOR RESERVISTS

With hundreds of Naval Reservists aboard for a two-week cruise, the USS Wisconsin, Pacific veteran of World War II, demonstrates the might of her rifles as she plows over a peacetime Atlantic in the Navy's ceaseless program of personnel training. A participant in all the Pacific operations of 1945, the "Wiskey" has been one of the principal units employed for the schooling of Reservists since the end of the war. (Official U. S. Navy Photograph)

WATCH FOR THE PEDESTRIAN!

Yes, Motorists, green means "Go"—but not if there is still a pedestrian going across in front of you. The Texas Safety Association reminds you that the Uniform Traffic Code specifies that the pedestrian has the right of way if the light changes after he has started to cross. There are more pedestrians now than ever, so watch them carefully, and don't try to nudge them aside with your fender or bumper!

WATCH WHERE YOU WALK—AND WALK LONGER!

Two out of every three pedestrians killed in traffic accidents are either violating a traffic law or committing an unsafe act, according to the Texas Safety Association. And of these violations, crossing a street between intersections accounts for about half of the fatal accidents. So don't cross in mid-block—remember your Uniform Traffic Code and walk a few more steps to the corner—and then walk watchfully—you'll keep walking longer!

Scarlet Fever Cases Due to Increase During Fall

The State Department of Health has issued a warning in regard to scarlet fever, since the number of cases usually increases during the fall months. The majority of deaths from this disease occur during the months from October through February.

Scarlet fever is a very contagious and serious disease. Grown people may contract it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for children under 5 years, and Dr. Geo. W. Cox, State Health Officer, warns mothers to "not let your

children take any chances with scarlet fever. Call the doctor as soon as any suspicious symptoms appear."

Dr. Cox said that the first signs you may notice are that the child seems tired, restless and out of sorts. Usually there is a sore throat, chills, vomiting, or in some cases convulsions and fever. The skin is dry and hot, the tongue is furred, and under this furry covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest and soon the rash, very red in color, spreads over most of the body.

The doctor is required by law to report the case to the local health officer. It is important that the family follow carefully the quarantine instructions which the health officer issues, since a severe or fatal case of scarlet fever may develop from contact with some one who has only a

light attack. Children who have had scarlet fever, or who have been exposed, must not return to school until permission is given by the health officer and physician.

THE TUNIC

McCall 7043

McCall creates a slender silhouette by means of a long scalloped tunic over a stem-straight skirt. Belled over the hips, it minimizes the waist, adds a sash to tie in back. The squared-off neckline repeats the scallop motif. Choose a crepe or light-weight wool for this afternoon dress. It's easy to make with McCall 7043, the pattern with the double-printed cutting line that insures accuracy and perfect fit.
