Register

Bailey County will have 3,583 qualified voters during elections held from March 1, 1968 through February, 1969.

This number is the greatest year by year count of eligible voters since 1964, the last presidential election year when the tabulation was 3,880. This was 297 more voters than is qualified in the county this presidential election year.

The figure shows a marked drop back through the years. In 1960, only 2,500 were registered, while four prior to that in 1956, the total who paid poll tax were only 900.

Byron Hardgrove and David "Hoot" Gibson attended a Social Studies seminar at the "PESO" Educational Service Center in Amarillo, Monday, February 5. The inquiry method or inductive approach in teaching social studies was discussed by a representative from the Holt, Rinehart and Winston Publishers.

J. Frank Ford Candidate For State Representative

J. Frank Ford, a Deaf Smith County farmer and businessman, has announced as a candidate for State Representative in the 72nd District, subject to the action of the Republican primary. The district includes Deaf Smith, Parmer, Castro, Bailey, Lamb, and Cochran Counties.

Ford is a native of the Texas Panhandle-South Plains area, and is a 1955 graduate of Texas A & M. He served in the U. S. Army during 1956, 1957, and 1958. He was an Honest John Rocket Battery commander and attained the rank of captain.

"We are all concerned about the rapid increase in taxes, crime rates, and the general unrest which we see now in our country," said Ford in announcing his candidacy, "and the best way we can stop this trend is to work harder to make our state and communities better places in which to live. It is my desire to see more responsibility placed at the state and local levels, rather than in Washington, D. C." "I consider vocational training as a high priority item for

Cotton Production Conference Slated

South Plains cotton producers and agribusinessmen will get firsthand information on the production of quality cotton at a conference to be held at the KoKo Palace on February 15.

The program is slated to kick off at 9:30 a.m., according to Billy C. Gunter, Extension District 2 agricultural agent, Lubbock.

Leadoff speaker at the session will be one of the foremost cotton economists in the nation, Dr. M. K. Horne, Jr., chief economist of the National Cotton Council, Memphis, Tenn. Horne will discuss the world cotton situation and the demand for quality cotton.

Quality cotton production programs are essential to meet this demand and these programs will be discussed by Wayne Underwood, vice president of Lockett Seed Farms, Vernon. One of the highlights of the conference will be a discussion on "Cotton Varieties and Fiber Quality Improvement" by Dr. Levon Ray, in charge of the cotton breeding program at the South Plains Research and Extension Center.

The cotton fiber development process will be discussed by Dr. Robert Metzger, Extension area agronomist at the Center.

Certain cultural practices also play an important role in the overall cotton quality picture. At the session, a discussion on "Planting and Harvesting Techniques for Fiber Control" by Elmer Hudspeth, ARS agricultural engineer at the Center, should be of extreme interest to all producers.

In line with this will be a discussion on "Improved Production Practices with Emphasis on Producing Acceptable Micronaire" by Bill R. Taylor, Hockley County Agricultural a-

Primary Filing Deadline Passed: Eight Files for Two County Posts

To date, two have filed for a position on the board of trustees of Muleshoe Independent School Board.

They are Roald D. (Buck) Johnson of Johnson-Nix Implement and Dillard Morris, manager of the Nickle's Pleasant Valley Gin.

Deadline for filing is March 6 and election date is April 6. Two positions are to be filled as the terms of Ralph Douglas and John Smith expire.

Two places on the city council are also to be filled. Matt Dudley's term expires and he is not a candidate for re-election and the term of Alex Williams expires. Williams took a council position after Rudolph Wiedebush resigned last year.

City manager Albert Field said that no one had filed as a council candidate.

Filing deadline for the May 4 primary passed at midnight, Monday, February 5. The latest candidates to file with the chairman of their parties were Morris McKillip, who filed with Harvey Bass, Democratic chairman, for the post of Commissioner, Precinct 1,

making this a five-man race.

The deadline passed, leaving unopposed Jack Young for District Attorney; Jean Lovelady, tax assessor-collector; Dee Clements, Sheriff; Roger Gorrrell, county attorney.

Within the county, the hottest political spot should be for the office of Precinct One. The five who have filed are W. L. (Lewis) Middlebrook, Sherman Inman, Matt Dudley, Morris McKillip and Wayne Williams.

Next with three candidates is the commissioner for Precinct 3 with three men as contenders. They are L. E. (Bud) Warren, Wayland Altman and incumbent, W. H. Eubanks.

Mrs. Thurman White FOL Head

Muleshoe Area Friends of the Library elected Mrs. Thurman (Marie) White FOL president for 1968-1969 at the February 2 meeting held in Bailey County Cooperative Association community room. Joe Harbin is retiring FOL president.

Mrs. Buck Ragsdale will serve as first vice president and membership chairman; Buck Johnson, second vice president and project chairman; Mrs. Larry B. (Jessica) Hall, secretary; and Mrs. Jim (Joyce) Shafer, treasurer.

A vote of commendation was given to retiring president Harbin, and his board members, Marlon McDaniel, Bula, vice president; Mrs. Rufus Glibreath, treasurer; Mrs. Byron Gunter, membership chairman; and Miss Mildred Davis, who has served as secretary since FOL organization in 1964.

Mrs. White asked the assistance and suggestions of all Friends in assuming presidency of the organization.

Civic-minded citizens who

believe that any community is a better place in which to live if that community has a first-rate library compose the area FOL group, which affiliated with Friends of Texas Libraries. FOL brings together persons who believe in books, who are willing to work for the development of book resources within the area, and who will speak up for library service whenever and wherever efforts are needed.

Mary Rando To Entertain

Mary Rando, Friona, famous for her outstanding ability as dramatic speaker, will entertain youths who attend the program designed especially for them Friday night.

Miss Rando will be a guest entertainer at the meeting of "Young Americans in Action" at the game room of the First Methodist Church at 7:30 p.m. Friday, February 9.

All senior high students and college students visiting are urged to attend and hear this outstanding young Friona High School student.

Although the program is held at the First Methodist Church each Friday night, the entertainment is non-denominational.

Humpty Dumpty Had A Great Fall

"Humpty Dumpty sat on a wall . . . Humpty Dumpty had a great fall . . ." so goes the old nursery rhyme, and so went the undefeated eighth grade basketball team Monday night. The team, with fourteen straight victories under their belt, lost to the Gattis Junior High School team in a close heartbreaker 40-36.

Yet, unlike the ancient nursery rhyme which continues - "All the kings horses and all the kings men, couldn't put Humpty Dumpty back together again . . ." the Muleshoe Junior High School eighth grade team can be put back together again. This extraordinary basketball team, with its consistent record of wins over all opponents, has only the Hereford tournament on Thursday, Friday and Saturday of this week to re-establish its record of all wins - no losses. Even with the record marred somewhat now with one loss on the red side of the ledger, they have been a credit to the school system and to Muleshoe since the beginning of the 1967-68 basketball season.

As the clock ticked off time the lead was changing early in the Monday night game at Muleshoe Junior High gym. Gattis took an early lead and held it at the one-quarter mark, when the score was 6-5. At halftime Muleshoe had pulled ahead to 19-14. The eighth graders still led at the three-quarter buzzer with an uncomfortably close 29-28 on the scoreboard. Then in the final two minutes of the game Gattis went into the lead

Arthur Bolton, incumbent for constable, is being opposed by Roy Bayless.

Republican J. Frank Ford, Deaf Smith county farmer and businessman will oppose Democratic Bill Clayton as candidate for State Representative,

District 72, comprising Deaf Smith, Parmer, Castro, Bailey, Lamb and Cochran Counties. J. R. "Dick" Brown, Hartley County farmer and businessman is a candidate for U. S. Representative. He opposes incumbent, Bob Price.

Pool Appointed To Draft Board

William M. Pool, II of 318 East Elm, Muleshoe, has been informed that he has been appointed a member of local draft board No. 4 at Muleshoe.

Pool was appointed by President Johnson and was advised of his appointment by Colonel Morris S. Schwartz, state director of Selective Service.

"I am sure your membership on this board will reflect great credit to yourself and the Selective Service System of Texas," Colonel Schwartz wrote Pool.

Local board No. 4 has jurisdiction over Bailey, Cochran and Lamb counties.

Annual Membership Meeting Slated for February 9

The Annual Membership Meeting of the Five Area Telephone Cooperative, Inc., will be held in the Muleshoe High School Auditorium on Friday, February 9 at 2 p.m. At this meeting, members will hear the

financial report, progress report, and general condition of the Cooperative, consider and take action on any matters that might come before the meeting. Also, on the order of business will be the election of four (4) members of the Board of Directors. The nominating committee elected at the 1967 meeting and composed of Bob Byrd, E. W. Gray, R. B. Seaton, R. L. Jones, Cullen Hay, Jack Angley, Van Rogers, M. C. Street,

Ministerial Alliance Re-Organized

The Bailey County Ministerial Alliance has been re-organized. In a meeting held at L. B.'s Cafe Monday, Rev. Walter Bartholf, minister of the First Christian Church, was named president.

Other officers elected were Rev. H. F. Pieman, minister of the St. John's Lutheran Church, Lariat and E. McCraizer, minister of the St. Matthews Baptist Church was elected as secretary-treasurer.

Rev. Bartholf said a number of plans were in primary stages and would be announced upon completion.

The Ministerial Alliance will meet each first Monday of the month at 7 a.m. at L. B.'s Cafe.

Oratorical Semi-Final Contest February 13

Eleven students from area schools will compete in an oratorical contest sponsored by Bailey County Electric Cooperative Tuesday, February 13. These students will each give a five to eight minute talk on a choice of six subjects. A panel of judges from West Texas State University will select two girls and two boys as finalists. These four students will speak again on Feb-

ruary 17 at the Bailey County Electric Annual Membership Meeting. The two winners selected at the membership meeting will win a 12 day all expense paid trip to Washington, D. C. The eleven students from area high schools who will be in the semi-final contest are: J. Wayne McDermott, Morton; Richard Lee Black and Vivian

This occasion marks the solo flight made by Bamert in the Cherokee shown in the background. An old pilot's custom is to cut off the shirttail of a pilot after his first solo flight and hang it on the airport bulletin board. FAA examiner and instructor Morgan Locker looks on. and managed to hold the lead to the end.

Randy Field, who lobbed a total of 16 points through the hoop was high pointer for the game and played an excellent game defensively.

Jimmy Steptoe played what was probably his best game of the year, as he was all over the court and made 10 points for his team, some of them rather spectacular shots. It was stated by the coaches that he had not played a more outstanding game since the beginning of the season.

Lee Clodfelter had 6 points, and Mike Riley scored 4 points.

7TH GRADE BOYS

After a crushing defeat by the Gattis Cubs of Clovis on Monday night, January 29, the seventh grade cagers worked diligently all week and this Monday night defeated the team in a tight one, 28-26.

Apparently unsatisfied by the 47-22 victory by the Cubs the previous week, the fast young cagers raced up and down the court in Muleshoe Junior High School gym to win the game after trailing 18-15 at halftime and 22-19 at the three quarter mark.

In the last three and one-half minutes of play, the score switched back and forth almost faster than you could keep up with it before the Muleshoe seventh grade team was finally victorious.

Charles Young racked up 14 points for high points of the night, followed by David Favor with 6, Roger Williams 4 and Rex Black and Ray Davenport each had 2 points.

Fouls were held to a minimum as the Clovis team had nine and the Muleshoe seventh grade had only five for the entire game.

FRESHMAN BOYS

Although it was Gattis ninth grade all the way, there was nothing to discredit the playing of the Muleshoe Junior High School ninth grade team when they played in the junior high gym Monday night.

With the taller, bigger and admittedly much rougher boys, the Muleshoe ninth grade team played an admirable game.

When the final score of 80-57 was posted on the scoreboard, Jerry Putman had just made the last of his 22 points, shooting with a stream of blood flowing down the left side of his face from a blow received about a minute earlier in the game.

The young cager required stitches following the game to close the cut which was high on his left cheekbone.

Keith Turner had a good night and scored 17 points, Lewis Morris followed up with 6, Steve Black had 4, Jerry Scoggin 3, Kerry Siewert and Dana Cockrell each had 2 points and Frank Ellis had 1 point.

For Gattis, once again the combined score of Roger Jackson and Donnie Williams led their team as Williams had 22 points and Jackson had 18.

MULETTES

After trailing by one point at halftime, 19-18, the Muleshoe Mullettes lost out to the Tullia Hornettes 66-41 in the final quarter of a Tuesday night tilt played in Muleshoe Junior High gym.

Carolyn Embry had 21 points for high pointer of the game, followed by 13 for Ann Douglass, 6 for Joyce Puckett and Debra Hayes had 1 point.

Sandy Carter led scoring for Tullia with 24 points, followed by the Loves, Linda and Sheri, who each had 20 points and Donna Spear had 2 points.

BOYS 'B' VARSITY

With the Mules leading at each quarter mark buzzer, they came out winning the game at the final buzzer 62-60. But, it wasn't all that easy for the 'B' team when they played the Tullia 'B' team at Muleshoe Junior High gym Tuesday night.

Early in the 4th quarter, Tullia shot ahead on the score-board and it showed 45-43. By the time the clock showed 2:02, Tullia was still ahead 53-51. With 1:37 left, the game tied up 53-53. Tullia scored twice in the final 15 seconds of the game and the final score was the 62-60 shown.

At the one-quarter mark, it was an uncomfortable close 11-10 for the Mules; halftime showed still close, 29-21 and the three-quarter buzzer saw 43-40 on the scoreboard.

John Woodard, who scored the first two points of the game for the Muleshoe 'B' team, also was high scorer in the game with 22 points. Jesse Clemmons, in a burst of accurate shots, made it 12 points to follow the high scorer, Lionel Patterson was close behind Clemmons with 11, Dennis Beene had 8, Alford Bleeker 4, Ricky Botkin 3 and Bobby Burge 2 points.

Ricky Cox was high pointer for Tullia with 19, followed by Mike Martin with 18 and Dan Bonds had 15 points, Rnady Jordan had 2 and Mike Barbee 1 point.

VARSITY

It was Tullia all the way in the Muleshoe Varsity basketball game with Tullia Tuesday night. In the game played in Muleshoe Junior High gym before a good crowd of basketball fans, Tullia led at each quarter and the fouls were numerous.

Nearly 50 fouls were made by both teams and both had a high number of free shots count on their scores. The final score was Tullia 80 and Muleshoe 57. Alvin Walker was high pointer with 14 points, followed by Don Huff with 12, David Davis had 11, Eddie Derrick 8, Terry Field 7, Roy McCormick 3 and David Dillman 2 points.

A six foot, five inch Junior from Tullia proved to be almost too much for the Muleshoe varsity team as Mike Henthorn led scoring for his team with 24 points.

Boy Scouts Membership Six Million

On the eve of its 58th anniversary to be observed February 7 to 13, the Boy Scouts of America announced it attained an all-time high in membership on December 31 with an active membership of 6,058,508 boys and leaders according to word received by R. L. Hurst staff director of the South Plains Council.

Chief Scout Executive Alden G. Barber told local Scout officials that 1967 closed with 4,461,111 boys registered, a gain of 171,732, or four percent during the year.

Barber also said there are 1,597,397 adult volunteer leaders in the movement, a gain of 55,235 or 3.6 percent.

In Cub Scouting, a program for boys 8, 9 and 10 years of age, there are 2,243,174 boys a gain of 117,780 or 5.3 percent. There are 1,908,183 Boy Scouts, 11 and older, a gain of 54,867 or three percent.

Explorers, young men 14 and older, total 309,754 units, a decrease of 915 young men, or a .3 percent loss.

On December 31 last year there were 149,454 units, a gain of 2,266 over the previous year, or 1.5 percent. There are now 58,045 Cub Scout packs, 69,388 Boy Scout troops, and 22,021 Explorer posts.

Ceremony Unites Killingsworth, Bynum

Mr. and Mrs. Larry Bynum (Formerly Miss Kay Killingsworth)

Miss Kay Lynn Killingsworth became the bride of Larry Dale Bynum in an impressive double ring ceremony in the home of her parents, Mr. and Mrs. O. G. Killingsworth, Saturday, February 3, 7 p.m.

E. D. Bynum of Lubbock is the father of the bridegroom. Rev. Bob Marrow, pastor of the Longview Baptist Church, read the vows.

Presented in marriage by her father, the bride entered the room amid an arrangement of her chosen colors of white gladiolas and red roses.

For the wedding, the bride was attired in an empire wedding gown of white lace over red satin. She carried a white Bible and one single red rose.

Completing her ensemble of tradition was a blue garter and a white handkerchief belonging to the bride's mother, that was sent to her from France, 48 years ago.

Linda Ashford, Muleshoe, a friend of the bride, was maid of honor. She wore a white knit street-length dress and carried a red rose.

Gary Ratliff, a friend of the bridegroom, served as best man.

The reception was held in the dining room of the home. The table was laid with a white linen cloth covered with white net. An arrangement of one dozen red and white roses in a white fuchsia flower bowl with lighted

candles in crystal holders accented the bride's table. Appointments of crystal and silver were used. Red cranberry punch and white wedding cake with silver bells, were served to approximately 20 guests, who were members of the immediate family.

Mrs. Jerry Killingsworth and Mrs. Gary Ratliff presided at the bride's table.

After a short wedding trip to Clovis and other points of interest, the couple will reside in Muleshoe.

AAUW Meets In Rennels Home

The Muleshoe Branch of American Association of University Women met Monday evening February 5, in the home of Mrs. Jack Rennels. Mrs. John Gunter was co-hostess.

Betty Harbin, Jane Branscum, and Larry Baker, members of the Muleshoe High School Debate Team, presented the program and reviewed the topic "Resolved; Congress Should Regulate Uniform Criminal Investigation Procedures." Kerry Moore, coach of the team, was also present.

Mrs. Neal Dillman, Branch president, presided during the business session and announced the Spring Conference which is to be in Andrews, Saturday, February 10 from 9 a.m. to 2:35 p.m.

The theme of the conference is "Design and Direction," and Dr. Blanche Dow, Association Travel Visitor, and Mrs. Marvin Pedlar, President Texas Division, will speak. Other participants will be Texas Division board members and branch presidents. Five members of the Muleshoe Branch plan to attend this conference.

Mrs. C. E. Moore discussed "Emerging Issues" that the branches have the responsibility of suggesting to the program development committee. These issues form the basis of program items for the next biennium (1969-1971).

Mrs. Jack Rennels announced a Silver Fellowship Tea which will be given February 25 from 3 to 5 p.m. in the First National Bank.

Dr. Higgins, assistant Dean of Women at Texas Tech, Lubbock, will be the speaker at the March 4 meeting.

Guests attending were: Mrs. Charles Lewis, Mrs. Roald Johnson, Betty Harbin, Jane Branscum, Larry Baker and Kerry Moore.

Members attending were: Mrs. Joe Costen, Mrs. Eldon Davis, Mrs. Neal Dillman, Mrs. Robert Hooten, Mrs. E. W. Johnson, Mrs. C. E. Moore, Mrs. A. J. Phillips, Mrs. Eric Smith, Mrs. John Watson, Mrs. Mabel Wolfe and the hostesses.

Epsilon Delta Meets In Olton

The Epsilon Delta Chapter of the Delta Kappa Gamma Society met Saturday morning, February 3 at 10 a.m. in the Home-making Cottage in Olton for a coffee.

Mrs. E. W. Johnson, president, presided during the business session. A letter of acknowledgment of the Epsilon Delta donation given to Hurricane Beulah refugees was read to the chapter. Mrs. Fred Gordon was appointed as corresponding secretary to finish out the term of Mrs. Jimmy Jenkins. The membership and publicity committees reported.

The program "Does What I Do Speak Louder Than What I Say?" was given by a panel led by Mrs. Ed Blessing, Amherst and Mrs. C. E. Nichols, Sudan. Avoled values and practiced values were discussed by all the members. Mrs. Marvin Tollett, Sudan, led the group singing.

Mrs. Gordon Tiller Shares

Favorite Recipe of Fruit Salad

Mrs. Gordon Tiller, a busy mother, housewife and school nurse, shares her favorite recipe of fruit salad to the women of Muleshoe and surrounding area.

Mrs. Tiller is the mother of two daughters, Kay, a freshman at W. T. S. U. and Brenda is a freshman in Muleshoe High School.

Imogene and her family attend the Longview Baptist Church, where she teaches Ladies' Adult Sunday School class.

Mrs. Tiller has been a school nurse at Mary DeShazo school since 1963. She has also nursed at West Plains Hospital and Green Memorial Hospital since 1945.

For the busy mother, Mrs. Tiller shares this delicious recipe of Fruit Salad.

- FRUIT SALAD**
- 1 stick oleo
 - 2/3 cup sugar
 - 2 eggs
 - 1 tablespoon flour
 - 1-1/2 cups pineapple juice
 - 1/2 cup Thompson's seedless grapes (cut in 1/4)
 - 8 bananas, sliced
 - 1/2 pint whipping cream
 - 20 marshmallows (cut in 1/4)
 - 1/2 cup pecans (chopped)

METHOD

Mix together sugar, flour, add well-beaten eggs, oleo and pineapple juice. Cook until thick, cool. Add nuts, grapes, marshmallows and bananas. Fold in whipped cream. Serve on slices of pineapple with maraschino cherry or is delicious served alone. Serves 8-10.

International Friendship Texas Federation of Women's Clubs

By Mrs. Byron Campbell, Chairman

In 1965, at the State Convention in Dallas, the Texas Federation of Women's Clubs in convention assembled and voted to sponsor a n International Friendship Garden, similar to the only known Peace Garden in the world, located on the U. S. Canadian border and supported by the U. S. Congress and the Canadian Parliament and civic organizations, including the General Federation of Women's Clubs. This Garden is to be located in the Rio Grande Valley of Texas bordering with Mexico.

The chairman was appointed, and a survey was made of possible sites; Brownsville, Texas, was selected and contributed land valued at more than \$200,000. The site is located on the banks of the Rio Grande River and Fort Brown Resaca and one block from the gateway bridge to Matamoros, Tamps., Mexico. It is the terminus of three transcontinental highways, is served by all forms of transportation, rail, sea, plane and car. Ships from 60 different nations do business at the Port of Brownsville annually. Brownsville has a population of 58,000 with a combined population with Matamoros of 185,000. Last year there were 8,000,000 crossings listed at this gateway to Mexico. These visitors came not only from Mexico and the United States but from all countries. The site is within walking distance of hotels, Texas Southmost College, the city library, convention facilities at Fort Brown Memorial Center, Chambers of Commerce and cities of Brownsville and Matamoros. It is five miles from Port Brownsville and 27 miles from Port Isabel and Padre Island.

The State Legislature appropriated \$125,000 for the project, on a matching fund basis to the Texas Federation of Women's Clubs. The Federation has a large number of worthwhile and important projects, therefore the effort of trying to raise the \$125,000 became a matter of great concern. Methods of fund raising were investigated; in the General Federation of Women's Clubs magazine a story was written of a small club in a town of 10,000 population raising money in the amount of \$60,000 in a very short time for a club house, by having each member contribute a trading stamp book, and asking their friends, neighbors and relatives to do the same. In the Texas Federation of Women's Clubs there are approximately 50,000 members, and in the Rio Grande

Valley Federation of Women's Clubs where the Garden is to be located there are approximately 1500 members in an area that boasts a population of 400,000; here is a source of funds to more than match the \$125,000 if the members will appoint a fund drive chairman in each club in the state and go to work. Congressman Kika de la Garza and other representatives and senators from Texas were contacted and meetings have been held with the directors of departments in the Federal Government who might help fund this project. Great interest has been shown, as this is the type of project they are interested in. The project was presented to the Border Development meeting in Brownsville on September 15 and it was well received, Ambassador Telles headed the group, and all Directors of the governmental agencies interested in this type of work were present. It is more than a hope that funds will be available through these sources, and that the project will be completed during the six months of the HemisFair in San Antonio.

The Pavilion will be a 28,000 square foot circular type building where the flags from the counties of the Western Hemisphere will fly from its top. A map of the Western Hemisphere will be in tile in the center of the building. The construction will be of reinforced concrete, steel roof structure and face brick exterior. The grounds will be landscaped to provide an attractive site for the pavilion and a place of beauty on the International Border with plenty of parking and picnic space. It will house permanent exhibits from the countries of the Western Hemisphere, will have an auditorium that will seat 1700 people, have meeting rooms, a catering kitchen, office space and restrooms. It will be available for all types of international meetings and will be of tremendous influence in retaining and enhancing mutual understanding, cooperation and friendship among the people of the Western Hemisphere. It will be a place where one may go to learn more of the cultures and contemporary life, customs and costumes symbolic of each nation. It can serve as an linguistic educational center and may be used as a refuge shelter in times of a disaster, as it proved to be in a protected area and stayed high and dry and out of the path of flood waters during the recent hurricane which devastated so many places in that area. This project was voted during the administration of Mrs. J. L. Ginnings as President of Texas Federation of Women's Clubs, and Mrs. Frank Dotterweich as President of the South Texas District of Texas Federation of Women's Clubs and where the Garden will be located. It has been worked on during the term of Mrs. B. F. Seay President of Texas Federation of Women's Clubs, and we sincerely hope it will be completed during her administration. During this past two years the Texas Federation of Women's Clubs, the South Texas District, TFWC, and the Rio Grande Valley Federation of Women's Clubs have had splendid programs featuring the International Friendship project. Governor Connally, Representative Pipkin, and Senator Reagan were instrumental in securing the \$125,000 from the State Legislature for the project, and the members should let them know of their appreciation. Congressman Kika de la Garza was instrumental in setting up the meetings with the various Federal Agencies, and we should express our gratitude to him. Among those helping on the project with the Federation are: Mrs. B. F. Seay, President TFWC; Mrs. Henry Lauderdale, Mrs. E. E. Marchant, Mrs. Gilson Knapp of Mercedes, Mrs. Wesley

Pearson, Publicity Chairman; Mrs. Cecil Cabness of Austin, Mrs. J. E. Phillips, Mrs. Scot Campbell of Raymondville and Mrs. W. W. Zimmerman from Port Isabel.

In Brownsville, Mayor Tony Gonzalez, Mr. Stephen Bosio, Executive Vice President and Manager of Brownsville Chamber of Commerce; Mr. Blair Westbrook, Brownsville's City Manager and Mr. Gayle Wilhite, architect for the project; and Mrs. Byron Campbell collaborated on the brochure and have met with Federal Agencies and coordinated plans for the completion of the project.

The actual work on this project can only begin when we match the \$125,000 appropriation made by the State Legislature, and we will lose this appropriation if we have not matched it by August 1968. If we could start construction immediately the project would be completed in six months... in time for HemisFair.

Stays Fresh Longer

Senator John Tower Comments On Seizure of USS Pueblo

The last week certainly has been a hectic one for Washington and for the entire nation. On top of the very major business of receiving and analyzing the President's large budget, we have faced the continuing Pueblo crisis.

There is little point in rehashing again what happened to U.S.S. Pueblo except to say that the violent, pirate action of North Korea in seizing an American ship in international waters was a deliberate, calculated escalation of interna-

national lawlessness. Two questions were immediately raised: What to do about getting the ship and crew back? And, how could it have happened?

The Administration's immediate answer to the first question was to attempt recovery through diplomatic means. First the Soviet Union was asked to help. Not unpredictably the U. N. proved unable to even talk, much less to help at a crucial time.

Despite these rebuffs the Administration continued diplomatic efforts apparently in the desperate hope that when the North Koreans finish stripping the ship and interrogating the crew they will eventually have no further use for them and will give them back.

From the very beginning, with the chances for diplomatic settlement so invariably dim, it was widely suggested and widely anticipated that at the appropriate time American military power would be brought to bear

to free the men and recover the ship. This was not done. It is appropriate for the American people to ask why. The safety of the crewmen is reason enough for us to ask why strong attempts were not made to save them.

Of perhaps greater importance is the maintenance of a believable American foreign policy. It is very important that we make it clear and credible to adventuresome communist bloc nations that just as we will not tolerate warlike

acts by major powers, neither will we allow warlike acts by smaller powers. In other words, our power to deter violence must extend to and be believed by small nations as well as big nations or our international policies fall flat on their face and everybody is free to push us around.

Why, then, was no U. S. military power applied when diplomacy stalemated? It is very possible that it was not applied because it could not be applied. It is possible

that our nation was not sufficiently strong in the area concerned that we could have recovered Pueblo in those first days even if we had tried. I realize this is a very serious thing to say, and I do not say it lightly.

On the basis of information available to me I have asked the Senate Armed Services Committee to undertake a full investigation of what U. S. strength was when the Pueblo was committed to and engaging in her assigned mission. I believe it is important for us to know whether or not she was sent into such dangerous waters, in effect, totally unprotected.

May I say that -- and Texans know this -- I have for many months been concerned about the policies of the outgoing Defense Secretary, Mr. McNamara. Those policies have stripped men and equipment from U. S. forces all over the world to support the Vietnam effort. There is some evidence now that this policy has left our nation astonishingly weak in other potential-crisis areas of the world.

I frankly believe the American people are entitled to know what the situation is. And, they are entitled to know whose fault it is. They may very well desire some changes of both policy and personnel.

Just a word now, about the defense budget presented for the coming year. It calls for expenditure of some 80 billion dollars. That is a fantastic sum, but the American people should know that it is only 80 percent of what our military experts think we need in the world in which we live. The defense budget represents a 21 billion dollar difference between the military services and the Administration's McNamara - guided policy.

There is a very real possibility that even the Administration knows it is not asking for all the defense funds it needs and that it intends to ask for more before fiscal year 1969 is over. I hope Congress will try to find that out now. The American people are entitled to know whether shortchanging on national defense is likely to bring them further Pueblo disasters.

We certainly owe it to the 83 Pueblo crewmen to see that none of their fellow sailors is ever again placed in danger from which a shortage-policy may prevent his rescue.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm reacts unfavorably to a political proposal this week.

Dear editor: I had started to use a copy of the Dallas Morning News to start a fire in my fireplace the other morning, I like to be fair about such things and while it's true I have kidded along the big dailies some I'll have to admit that when it comes to starting a fire on a cold winter morning The Dallas Morning News is better than the Journal, although when it comes to settling back in the warmth and finding out what's happening around here, The Journal wins our every time, when I noticed a headline on the front page. I tore it out and used the rest of the paper to start the fire, and after the wood caught sat back and read this article which reported that a man running for office in this Presidential year said:

"My fellow Americans, I believe the time has come when the government ought to be given back to the people."

I didn't think much about this until a little later in the day and then it hit me.

Whoa, I said. Hold on there just a minute. I'm not sure I want it.

If somebody offered you an enterprise which was head over heels in debt, was operating on borrowed money, and was living way beyond its income, would you be interested in having it thrown in your lap?

Enoch News

By Mrs. J. D. Bayless

Mr. and Mrs. Bob Newton, manager of the Enochs Co-op Gin and directors and their wives, Mr. and Mrs. W. L. Welch, Mr. and Mrs. Ray Spence, Mr. and Mrs. J. E. Layton and Mr. and Mrs. Jun-ior Austin, left Saturday to attend the ginners convention at Houston.

Guests in the home of Mr. and Mrs. G. R. Newman Thursday were Mrs. Lewis Cunningham of the Muleshoe community and her daughter, Miss Nelda Reynolds, who is a nurse at the West Plains Hospital in Muleshoe.

The Enochs WMU met 9:30 a.m. Tuesday for their regular business meeting.

The meeting opened with a song, "Break Thou the Bread of Life," led by Mrs. Junior Austin, followed by a prayer by Mrs. J. D. Bayless. Mrs. L. E. Nichols brought the devotional, "To Keep the Sabbath Holy," Exodus 20:8.

Mrs. Harold Layton was in charge of the business. Mrs. Nichols read the prayer calendar and offered the closing prayer.

Those attending the meeting were Mrs. Quinton Nichols, Mrs. Donald Grusendorf, Mrs. Preston Harrison, Mrs. L. E. Nichols, Mrs. Harold Layton, Mrs. J. D. Bayless, Mrs. J. B. Vanlandingham, Mrs. Guy Sanders, Mrs. Shortie McCall, Mrs. J. E. Layton, Mrs. Carl Hall, Mrs. J. M. Angel, Mrs. Ray Seagler, Mrs. Junior Austin, Mrs. J. W. Layton and Mrs. J. O. Dane.

Mrs. C. H. Byars cared for the children, Keith Layton, Greg Austin, Rane Beasley, Robert Layton, Donnie and Aneta Clark and Mike Nichols.

Elton Byars left Thursday for a fishing trip at Graham. He returned home Monday.

Mr. and Mrs. Harrie Gilbert from Wellington, spent the weekend in the home of Mr. and Mrs. H. B. King. Also, other dinner guests Saturday were Mr. and Mrs. Roy Hill of Morton.

There was a grade school basketball tournament at the Bula school Thursday through Saturday. Bula girls won first place, Christ Kingdom seventh graders (Lubbock) second, Pep third and Three Way consolation.

Boy's games: Three Way won first; Bula, second, Smyer was third and Morton, consolation. R. P. McCall was able to return to his home Thursday from the Methodist Hospital in Lubbock.

J. W. Layton and J. O. Dane took a trailer load of sheep to San Angelo last week.

Mr. and Mrs. T. A. Thomas left Sunday for Great Bend, Kan. to spend two weeks visiting

their daughter, Mr. and Mrs. G. M. Kipe and children. John William Gunter took his parents, Mr. and Mrs. John W. Gunter Sr., to Kosse, Monday to attend the funeral of Mr. Gunter's brother-in-law, George Garrett.

Mr. and Mrs. A. G. Howard from Andrews spent the weekend in the home of their granddaughter and husband, Rev. and Mrs. Preston Harrison, also with Mrs. Harrison's brother, Lynn Furr, who is in the Navy, and has been stationed in San Diego, Calif. He will be leaving for Vietnam soon.

Mr. and Mrs. Edd Autry and daughter, Mrs. Myrna Turney and children drove to Dimmitt Sunday and visited in the home of Mr. and Mrs. W. K. Autry.

Dinner guests in the home of Mr. and Mrs. E. F. Campbell Sunday were Mrs. Myrtle Price and children, Tim and Curtis; Mr. and Mrs. J. T. Waldrop; Mrs. Jane Vineing and children, Jill, Gina and Jodie, all from Andrews; Mrs. Jeneva Wasson from Irving and Mrs. Dale Simpson of Maple.

Those visiting in the home of Mr. and Mrs. G. R. Newman Sunday were Mr. and Mrs. Loyd Carpenter, Mr. and Mrs. Bobbie Joe Newman and children, Judy, Debbie and Linette of Muleshoe.

There was a new Enochs Post Office completed in what is known as the old Enochs Gin Office building, and was moved to the new location Saturday.

Dear Editor

Dear Sir:

Thank you for your help during Christmastime in disseminating information on our Christmas needs throughout the area. Ample gifts and refreshments were received for our 200 people as a result of public participation in our 63-county hospital district.

We feel that news coverage is a necessity in presenting the problems of the mentally and emotionally handicapped to the public. With a dismissal rate of approximately 200 patients a month from this institution alone, it is imperative that citizens have some understanding of what mental patients face in returning to their communities. Otherwise, their chances of stabilizing their lives are minimized.

Our Volunteer Service Department would be happy to suggest other helpful projects for public consideration. Call on them at any time for further information. Again, our sincerest thanks for your assistance.

Sincerely,
/s/ Willard Segerson

STATE CAPITAL Highlights AND Sidelights

AUSTIN—Around and around goes the Texas Liquor Control Board inquiry -- and where it stops nobody knows.

Threatened with disclosures that would "blow the top off" irregularities in operations of some of its field personnel, the board heard just enough to rattle its windows at a one-day public hearing here.

Widely-heralded fact-finding proceedings before the three-member board developed little evidence.

But the probe, according to LCB Chairman W. D. Noel of Odessa and First Assistant Atty. Gen. Nola White, coordinator, will continue behind the scenes.

Gov. John Connally said the fact that only five witnesses showed up for the hearing (when 500 had been invited) was "very disappointing."

Ex-inspector William B. Groce and Raymond L. Valenta, among seven Dallas LCB employees fired on December 13, provided most of the testimony. They denied any wrongdoing and demanded exoneration of any part in alleged rigged sale of a confiscated \$78 truck and the reported trading of 11 bottles of confiscated liquor to an auto painter.

Dallas Assistant Dist. Atty. William F. Alexander repeatedly questioned Groce and Valenta about their association with a 417-pound private investigator named Smokey Joe Smith. Smith is under indictment on charges growing out

of alleged efforts to "fix" liquor license suspensions.

That some partiality was shown in enforcing liquor laws in the Dallas area, was hinted by the ousted inspectors. But they denied pressure to put anybody out of business or any knowledge of license suspension reductions by the board's state headquarters.

White commented after the hearing that no real evidence of wrong-doing developed. Further hearings in Jasper, Dallas, Odessa and Tyler have been suggested.

Meanwhile, new fuel was thrown on the fire by the firing or resignation of the board's supervisor of investigation, John W. Crank. Crank said he quit because he was "fed up." The board said he was relieved of his duties.

BUDGET—State agencies now are in the process of presenting their 1968-69 budget requests to the Legislative Budget Board and the Governor's Budget Office.

Staffers in these offices have indicated they can be ready for a special legislative session by the end of February if that time should strike the fancy of Governor Connally.

Budget office personnel are confining their attention to agencies offering major changes in their proposals over funds allocated for fiscal 1968.

CONSTITUTIONAL REVISION—A blue-ribbon constitutional revision commission has set itself a late-May deadline for the processing of study-

group proposals for changing the state constitution by sections.

Commission granted its study sub-committees broad leeway as to whether to recommend sweeping "philosophical" re-writing or simple updating of basic laws and elimination of deadwood. Most members appeared to lean toward the latter, and some warned that the legislature is going to do as it pleases anyway with the final handwork.

POLLUTION SUITS—Two Dallas corporations are suing the Texas Water Quality Board which ordered them to stop releasing untreated sewage into the Sabine River near Orange.

Meanwhile, the board has taken legal action against Harris County Water Control and Improvement District #60 to stop the discharges from its plant into Middle Bayou and Clear Lake. Board also called for Spring Branch Utilities, Inc. to show cause why it should not be ordered to stop pollution of Spring Branch Creek in Houston and Spring Valley with sewage plant effluent.

Inwood Development Company and Westgate Corporation, owners of Riverside Homes Addition near Orange U. S. Naval Station, filed suit after the board told them to tie into the Orange sewage system. Petition claimed the board has no authority over Sabine River since it is the subject of a Texas-Louisiana boundary dispute.

Board also learned that Shell Chemical Company is building a \$4,000,000 secondary wastewater treatment plant at Houston.

SCHOOL HEARINGS SET—House standing committee on education will hold 10 statewide public hearings during February. First will be in Kilgore on February 20 and the second in Gainesville on February 22.

Chairman George Hinson of Mineola says the principal purpose is to determine the needs in the area of vocational and technical education, and to explore inadequacies and lack of coordination. Most of the hearings will be held in rural areas and smaller towns, although metropolitan problems also will be explored.

Representatives of the Texas Education Agency, the higher education coordinating board, the regional education centers and the governor's public school study committee will report at hearings. Educators, business and industrial leaders and private citizens are invited to testify.

COLLEGE SALARIES—A new report from the Coordinating Board, Texas Colleges and University System, has pegged Dallas County Junior College as the highest paying junior college in the state.

Salaries there average \$8,962 annually. But the highest individual income for a junior college teacher, \$13,600 is reported from Tarrant County Junior College in Fort Worth. One with the lowest salary rate is Hill Junior College at Hillsboro. Average salary there is \$6,525 per year.

CAR INSPECTION SLOW—More than 4,250,000 vehicles still have not been inspected for 1968 auto safety stickers reports the Texas Department of Public Safety. April 15 is the deadline.

Col. Homer Garrison Jr., DPS director, said only 1,574,367 cars have been through inspection lines. A total of 5,702,862 were inspected in 1967.

Garrison urged drivers to have cars inspected soon in order to avoid those long lines which develop every year near the deadline.

Inspections will be a little

tougher this year. Items include steering, wheels, rims and front seat safety belts where anchorages are part of the manufacturers original equipment. Garrison observed that some drivers may have to install seat belts before they can get a stamp.

There are 5,336 inspection stations in Texas.

PARK GRANTS APPROVED—Federal grants of \$35,200 and \$31,250 respectively have been approved for development of state parks at Daingerfield and Corpus Christi. Funds will be matched by legislative appropriations for \$70,400 and \$62,500 total-cost projects.

Daingerfield's 551-acre unit adjoins an 80-acre lake. Corpus Christi park is on 13,838-acre Lake Corpus Christi near Marthas in the Nueces River.

COURTS SPEAK—State Supreme Court, backing the lower courts, denied Sun Oil's plea for injunctions to keep two Hockley County men from blocking its use of fresh underground water in secondary oil recovery operations.

High Court refused to review a Midland woman's suit against a physician who, she claimed, performed an unnecessary operation that caused a stroke.

APPOINTMENTS ANNOUNCED—House Speaker Ben Barnes and California Speaker Jesse Unruh have been named co-vice-chairmen of a new Council of State Government Committee on Legislative Modernization.

Committee is to develop a series of new techniques to cope with growing problems facing state legislative bodies.

Danny Burger of La Marque has been appointed manager of the \$400,000,000 Texas Water Development Fund, succeeding Howard B. Boswell, who has moved up to executive director of the Water Development Board.

Howard Rose, Austin attorney, has been elected chairman of the Texas Water Quality Board.

Miss Katherine Ard, Conroe, will serve as field consultant for Texas State Library in a 33-county Southeast Texas area.

Governor Connally appointed former Congressman Ed Gossett of Dallas judge of County Criminal District No. 5. He succeeds the late Judge A. D. Bowie.

SHORT SNORTS
Republican leadership has agreed on Wichita Falls attorney

Paul W. Eggers, 48, a political unknown, as its preferred GOP candidate for governor. Two other republicans, John Trice of Dallas, and Wallace Sisk of Houston already had filed.

Texas State Teachers Association is polling legislative candidates on how they stand on another pay raise for teachers.

State Public Safety Commission announced a far-reaching new statewide crackdown on crime, with state officers moving in where local law enforcement efforts bog down.

Last year Atty. Gen. Crawford Martin and his staff of 100 attorneys won 98.5 percent of the department's lawsuits which is tried -- Score: 4,095 cases won, 65 lost.

Water Development Board sold a \$15,000,000 bond issue to a syndicate headed by a Chicago bank.

Railroad Commissioner Jim Landon has filed for re-election to that post.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

For years now there has been a lot of talk about the need to increase the volume of U. S. cotton exports. Talk, and not much else.

Only on the Texas High Plains, which exports some 65 percent of each year's crop, has there been any concrete action toward improving sales of cotton to foreign mills. Producers on the Plains, through Plains Cotton Growers, Inc., have since 1958 offered free fiber analyses and spinning tests, periodic cotton quality reports and have done a great deal of personal contact work to significantly boost export sales from the area.

But much of the good that might come from such efforts has been lost to unwise government pricing policies, a lethargic attitude toward exports on the part of the U. S. Department of Agriculture, and at

times a downright antagonistic stand on cotton exports by the U. S. State Department.

Too, regional sales efforts such as those carried out by the Plains would be much more effective if accompanied by beltwide work in the same direction. But what has been done on a national scale has been half-hearted and sporadic at best.

Consequently, shipments of U. S. cotton to foreign users have been sadly disappointing. And, instead of improving, the situation grows steadily worse.

The United States "fair historical share" of export markets is at least seven million bales per year. Actual exports for the five years 1962 through 1966 averaged only four and one tenth million bales, down from the previous five-year average of five and four tenth million. Percentagewise, U. S. cotton

exports have gone from almost 60 percent of total world exports in the 1925-29 period, down to 35 percent for 1955-59, and on down just below 30 percent since 1960.

And these sad figures are in the face of a continuous increase, at the rate of about a million bales a year, in the total amount of cotton consumed around the world.

Exports in 1965 dropped to a pitiful 2.9 million bales. In 1966 we sold a more encouraging 4.7 million abroad and current estimates for the 1967 marketing year range from 3.5 to 4.2 million.

In 1965, when Secretary of Agriculture Orville Freeman was stumping for passage of the current cotton program, he said he would export from 17 to 19 million bales by the end of the 1969 marketing year. To succeed he's going to have to move about 8 million bales in 1969, something no one even hopes for.

However, when confronted with this situation now USDA officials have a readymade answer. They can point to the fact that government stocks of cotton are down to less than a million bales and say "we don't have the cotton for sale so the

burden of exports rests with those in the trade who do have it."

Nevertheless, PCG executive Vice President Donald Johnson believes there are some things that can be done to boost exports and that some of these will require USDA action.

Johnson recommends a thorough, systematic study of the problem, followed by relentless, specific actions to solve it.

First, no one denies the influence of cotton legislation on exports and cotton laws should be written to assure (1) competitive pricing of U. S. Cotton and (2) adequate support for growers to make the production of cotton for export economically feasible.

Second, a long look should be taken at the broad aspects of U. S. foreign trade policies and their effect on cotton exports. This would include such matters as PL 480 programs and cotton arbitration procedures.

Finally, Johnson would apply proven salesmanship techniques. "Selling cotton in competition with other cotton exporters cannot be so very different from selling other commodities, and some of the same sales tools can be used to advantage," he says.

Specifically, he points to the need for a study of raw material requirements of foreign mills and the development of spinning data on U. S. cottons that will fill those requirements, keeping in mind the availability and cost of labor and the types of equipment in those mills.

In addition trade items, such as those used for other agricultural commodities, can be used to stimulate interest in and improve the reputation of American growths of cotton.

Johnson concludes that "if we expect to sell more cotton abroad we are going to have to give foreign spinners a reason or reasons for buying U. S. cotton over that offered by our competitors. We are going to have to give them a quality product at a competitive price plus the kind of technical and other services they aren't getting elsewhere."

"We can do this with a concentrated, industry-wide drive, assuming we get the proper cooperation from the people in Washington. And it is something that must be done unless we are willing to settle for a shrunken cotton industry subsisting on 11 or 12 million bales annually instead of the 16 million we are geared to produce and process."

Representatives of six Texas cotton producer organizations, in Oklahoma City January 29-30 for another cotton meeting, got together there and launched an all-Texas coalition called the Texas Association of Cotton Producer Organizations.

Joe B. Pate, Jr., Lubbock, was chosen as the new group's first chairman. Pate, who is chairman of the Water Committee of Plains Cotton Growers, Inc. and is active in other PCG affairs, was instrumental in getting the six associations together.

Pate said TACPO might be described as "Operation Pull Together," under which individual producer groups can better serve their members through "improved communication, better understanding and unity of action."

He said "There are many, many problems in the cotton industry common to the people of all cotton areas in the State, and the collective action of all producer associations in Texas can be much more effective in getting these problems solved."

Charter members of the new affiliation, in addition to PCG, are the South Texas Cotton and Grain Association, Rolling Plains Cotton Growers, Blacklands Cotton and Grain Association, Trans-Pecos Cotton Association and the El Paso Valley Cotton Association.

Elected vice chairman of TACPO was W. W. Hart of Sinton, president of STCGA, PCG Executive Vice President Donald A. Johnson was named secretary-treasurer.

Pate announced that the gov-

erning body of TACPO would be made up of three directors from each of the six member-groups, including each organization's executive officer, president, and one other director to be selected by the respective boards or executive committees.

Officers were initially elected for one-year terms, but Pate said more permanent arrangements would be spelled out in the organizational by-laws now being drawn up by a special committee. These will be presented for approval to the next meeting of the TACPO Board.

Membership is limited to cotton producer organizations holding a charter under the Texas Non-Profit Corporation laws.

For the present, Pate said each member-organization would pay its own expenses in carrying out the work done, plus a contribution of \$25 to cover meeting rooms and other incidental expenses.

Pate stressed that "Nothing will be done by TACPO which will dilute, replace or conflict with the activities of individual organizations, nor will TACPO actions be binding upon its members. The strength of the organization will depend on its ability to take effective action in those areas where no significant conflict of interest exists between the various members."

He explained this would include labor problems, some State and Federal appropriations bills and other legislation, administrative rulings that might have a uniform effect on the industry across the state, efforts to improve the level of exports and "any number of other matters."

The group in Oklahoma City spelled out in the minutes of their meeting, and it will be written into the by-laws, that the majority rule will apply on all decisions, except that if any member so requests before the question is called, more than one negative vote will table any issue.

"We know some controversial matters will come before the state-wide organization for discussion," Pate stated, "and we felt this procedure would place sufficient restraint on TACPO without giving any one organization the paralyzing power of a simple veto."

TACPO Secretary - Treasurer Johnson noted that PCG has long seen the need for a vehicle through which cotton producers across the state would work for common cau-

ses, and said "We believe we have such a vehicle in TACPO, and Texas cotton and Texas cotton producers should reap substantial benefits from it."

Representing PCG at the meeting were Pate, Johnson and President Don Anderson of Crosbyton.

From the South Texas group were Hart, Executive Vice President Bob Heard, Victoria, and Lawrence Peterson, Danevang.

Rolling Plains Cotton Growers was represented by President J. B. Cooper, Roscoe; Executive Officer Charles G. Bragg, Stamford, and Charles Stenholm, Stamford.

Bula News

by Mrs. John Blackman

Visiting over the weekend in the G. B. Salyer home was their daughter and family, Mr. and Mrs. Merle Todd and small son, Shawn, of Kermit. Also, Betty Salyer, freshman student at South Plains College was home.

A pancake supper, sponsored by interested parents and patrons of our school, was held Friday and Saturday evenings from 5 o'clock until 9 o'clock. New tables and chairs for the school lunchroom have recently been purchased and the money from the pancake supper will go to help pay for these. A chicken supper was given recently also to help this cause.

Mrs. Olive Angel has accepted the job as assistant cook at the Bula school lunchroom. She took the place of Mrs. Jeanne Tharp, who resigned recently.

David McDaniel, son of Mr. and Mrs. Marion J. McDaniel, left Amarillo Monday morning, January 29, for Camp Polk, La. where he will take his basic training for the Army. He will be in the Army Engineers branch of service. David has had three years at Texas Tech.

On Saturday evening, Mr. and Mrs. McDaniel had all their children home. Mr. and Mrs. Morris Peterson of Brownfield, Mr. and Mrs. Gordon McDaniel of Levelland, also Dwight, Craig and David of the home.

Mrs. J. D. Rowland had charge of the class when the ladies of the Church of Christ met Tuesday morning at nine o'clock. "Sanctification" was the topic for study with all present having a part in the discussion. Attending were Mrs. John Hubbard, Mrs. Gene Bryan, Mrs. Nolan Harlan, Mrs. Mary Ann Soria, Mrs. Nina Garza and Mrs. J. D. Rowland.

Clarence Key underwent surgery at 6 p.m. Saturday for acute appendicitis at the Littlefield Hospital. He is doing

good and won't be confined but for a few days.

For your new car tags, pickup, truck, boat trailers, and motorscooter tags, you may purchase these at the Claunch Gin in Bula.

Mr. and Mrs. J. D. Rowland and Mr. and Mrs. Gene Bryan attended the LCC lectureship Thursday evening and heard Rev. Jimmy Allen, noted Church of Christ preacher, bring a message on "Unity of the Church."

Saturday evening at 9:30 p.m. closed a three-day basketball tournament for Bula grade school. In girls competition, Bula won first; Christ Kingdom seventh graders (Lubbock) won second; Pep girls, third. Boys Three Way won first place, Bula, second; Morton, third. Each group was presented trophies.

Bill Sowder was admitted to the Littlefield Hospital Saturday evening suffering from a back trouble.

Mr. and Mrs. Fleming were sponsors for the eighth grade class Friday evening, when they drove to Lubbock to see "Gone With the Wind," at the Winchester Theater.

Mr. and Mrs. Lee Carrol Simmons and small son, Gary Lee, visited first of the week with his father, O. L. Simmons and grandparents, Mr. and Mrs. F. L. Simmons, before leaving Thursday for his new assignment at Bergstrom Air Force Base near Austin.

Mr. and Mrs. W. T. Thomas left after church services Sunday for a month's vacation. They spent Sunday night with his sister, Mrs. Eddie Woolly at Abilene, then to Crane, to visit Mr. and Mrs. Fred Bishop and on to McCamey for a visit of several days with friends there and also to Rankin for a visit with Mr. and Mrs. Leon Houchin. From there they went to Port Isabel for several days fishing and visiting with friends there.

Mr. and Mrs. Dennis Medlin and son, Dewayne, of Lubbock, visited over the weekend with his parents, the L. H. Medlins.

Sorghum Hybrids Test Conducted

Fifty-one grain sorghum hybrids were included in a performance test conducted under irrigation at the High Plains Research Foundation in 1967. Yields ranged from 7,027 to 9,082 pounds per acre and were higher than normal because of more timely rainfall in June and July.

The test was planted on May 16 and harvested October 23 and 24. Fertilizer was applied at the rate of 120-60-0 from ammonium phosphate and anhydrous ammonia. The crop received a preplant irrigation and 13.9 inches during the summer from three irrigations. Rainfall during the growing season amounted to 17.34 inches. The test area had been planted to cotton in 1966.

The 1967 research report will include the following information on each hybrid: yield, percent moisture at harvest, bloom date, plant height, exertion, head compactness, head length, and protein percentage. Also included in the report is a table listing the average yields for all hybrids tested during the previous five, four, three and two years. This report will be printed and issued to members of the Foundation in the near future.

Lloyd Langford, Associate Agronomist on the Foundation staff conducted the grain sorghum variety test.

Tax Man Sam Sez:

One-sixth of the telephone callers to taxpayer assistants at Internal Revenue need a tax form. The good tax folks point out that you should use the tax forms sent to you by IRS, that have your name, address and taxpayer identification number printed on the form. Using the label printed by the Service Center assures that you will be on speaking terms with the computer. You can't speak to the computer unless you use the correct identification number. (You sure don't want the computer to write and say "Friend, where is your tax return?") If you need additional forms or schedules, you can get them at the nearest Post Office or at most banks. If you need an un-common form, you can pick it up at any Internal Revenue Service office.
