

### Citizens Group Urges Voters to Consider Amendments In General Election

Have you studied the seven Constitutional Amendments to be voted on November 2nd? Some have merit, others are dangerous and should be defeated. It is your duty as a good citizen to go to the polls and vote.

**AMENDMENT No. 7**  
Should this amendment carry, and Amendment No. 5 fail, to carry, the exemption on your homestead will be repealed. We recommend that you vote for Amendment No. 5 and against Amendment No. 7. Why repeal a Constitutional law more than one hundred years old? Why repeal a tax law that is not now costing you anything, and divert

the same money to a law that will levy the tax against you every year, and where your values can be doubled? We recommend this amendment.

**AMENDMENT No. 8**  
This amendment was lobbied through the 50th Legislature by an interested group. We see no reason why the taxpayer should be burdened with additional taxes by paying retirement to our judges and commissioners of the appellate courts, and to the judges of our district and criminal courts on account of service, age or disability. Isn't the compensation for these offices fair,

and above what the average judge would make in civil practice? Why should this profession be favored? Why shouldn't John Q. Public, who makes less money be compensated. If the judges are not satisfied with their compensation they should quit; there are others who are anxious for their place. We recommend you vote against this amendment.  
Mr. Vetter, the proponents of these amendments will turn out and vote in full force. You should by all means go to the polls and vote, regardless of how you vote.  
Citizens' Committee.

### SPEND WEEK-END IN PAMPA

Mr. and Mrs. A. Y. Corley spent the week-end in Pampa,

Texas, visiting in the home of their son and family, Mr. and Mrs. Cecil Corley. They were

accompanied by Mrs. H. R. Whatley, who visited her sons in that city.

### Eastland Appellate Court Has Splendid Record of Achievement

(By Boyce House)

A remarkable record has been made by the Eleventh Court of Civil Appeals, which sits in Eastland during the period that Chief Justice Clyde Grissom and Associate Justice Milburn Long have served together.

There have been only three reversals by the State Supreme Court on the many decisions handed down by the Eastland court in the four years that the two justices have been on the appellate bench together. Unusual points of law and large amounts have been involved in some of the important litigation which the court has decided. There has been a great variety of cases because of the diversity of activities—oil, livestock, agriculture, industry and business—in the 23 counties comprising the district. Also, the court has passed upon numerous cases transferred from other parents of the State.

The third member of the court at present is Justice Courtney Gray of Brownwood who will soon be succeeded by the newly-elected member, District Judge Cecil Collings of Big Spring.

Most recent case of general interest decided by the court was an election contest from Brown County. While neither of the recent candidates for the Democratic nomination for the United States Senate was a party, the effect of the court's decision was to give Lyndon B. Johnson a net gain of more than 400 votes.

The Courts of Civil Appeals have final jurisdiction in con-

tested elections, except where the validity of the statute is attacked by the decision. The Courts of Civil Appeals also have final jurisdiction in divorce cases, boundary suits and slander cases.

The careers of Chief Justice Grissom and Justice Long are almost parallel, in many ways. Each is of course a West Texan. Each has been a county attorney and a district attorney.

Grissom was born at Alvord, Wise County, Feb. 24, 1898. The family moved to Haskell two years later, where he attended public schools. He received his B.A. degree from T.C.U. and his law degree from the University of Texas. He worked as night watchman in the State treasury while attending the State University. His law degree was awarded while he was serving in the army, as a private, in World War I. He practiced law a year in Fort Worth, then went to Haskell, was elected county attorney in 1923, resigned three years later to join a leading law firm in Wichita Falls.

A year later, Grissom returned to Haskell and, soon afterward was appointed district attorney by Gov. Dan Moody, who in January 1931, named him district judge. Then in May, 1935, Gov. Allred appointed Grissom to the Court of Civil Appeals.

The most celebrated case in which Grissom participated while practicing law was a murder case originating in Wichita Falls, where a man and his wife were accused of the slaying of their young son-in-law. After the husband, who had been mayor of Wichita Falls had been tried in that city and given three years, his wife's case was transferred to Haskell and there Grissom and Allred, then a district attorney, prosecuted and the jury brought

in a verdict of guilty and set the penalty at 10 years.

In 1945, Grissom became chief justice, succeeding the late Chief Justice Leslie. Grissom has been a noted raiser of fine Herefords but recently sold his herd. Mrs. Grissom is the former Miss Helen Shook of Haskell. They have a son, Tom, and two daughters, Misses Zena and Emily. The Grissoms' home is in Eastland.

Justice Milburn Long was born on Paluxy Creek in Hood county in 1893, attended country school, Glen Rose High School and Reynolds Presbyterian College at Albany. He taught school in Shackelford county, studied law in an office and at home, was admitted to the bar in 1917 and a year later, became the prosecuting attorney for Shackelford County, serving until his election as district attorney in 1922. Gov. Neff named him to serve the few months of an unexpired term before his elective term began. In 1927, Long was appointed district judge by Gov. Moody and served until his election in 1944 to the Court of Civil Appeals.

Mrs. Long is the former Miss Ida Clausell of Albany. They have a daughter, Miss Emily, who is a teacher at Midland. He enjoys horseback riding and owns some cattle. Abilene is his home.

The 11th district consists of Dawson, Howard, Mitchell, Scurry, Nolan Fisher, Stonewall, Taylor, Jones, Haskell, Knox, Callahan, Shackelford, Throckmorton, Baylor, Coleman, Brown, Comanche, Eastland, Stephens, Erath, Palo Pinto and Borden counties.

**Beta Upsilon Plans Activities For Xmas Season**

Elna Minick was hostess Monday night, Oct. 25, to the bi-monthly meeting of the Beta Upsilon Sorority. A Halloween motif was carried out in the decoration, with a mock "pledged" mare from a pumpkin and lamp to greet the guests as they entered the entertainment rooms. Refreshments consisted of hot "Witches' Brew" and owl face sandwiches. As is the custom of the sorority, Sue Pate sold slices from her cake, in observance of her birthday, the proceeds from which were placed in the chapter treasury. The cake was also in accordance with the Halloween decorations in gold and brown with the candleholders representing witches on brooms. A business meeting was held in which a report was given

**Methodist Ladies Hostesses For Hawaiian Tea**

Members of the Women's Society of Christian Service of the Methodist Church were hostesses for a Hawaiian Tea Monday afternoon, Oct. 25th, naming ladies of the First Christian Church as honor guests. Mrs. J. U. Fields was responsible for the splendid program and the refreshments. Mrs. W. A. Holt had the church auditorium attractive with fall flowers in various colors. Mrs. J. U. Fields, Superintendent of Mission Study, extended greetings to the group. The following program was presented: Hawaiian organ music, Mrs. Wallace Cox; prayer, Rev. Henderson; The guest speaker, Miss Madeline Hunt, gave a very interesting part on "Life in Hawaii" due to the fact that Miss Hunt had lived in Hawaii and was able to bring out more vividly the facts about the natives of the island. Mrs. Cecil Gregory gave the part of "Mission Work in Hawaii" which was enjoyed as she proved she had put much study and thought on her topic. Mrs. J. M. Glass gave the

Lord's Prayer as a benediction. Tea was served in the basement of the church, from a table laid with a lace cloth centered with a Hibiscus, native flower or Hawaii. Hawaiian articles loaned by Mrs. Robert Wheatley and Miss Madeline Hunt, were displayed and discussed by Mrs. C. L. Lewis. Those present were: Mesdames W. E. Martin, Sam Scott, V. C. Bailey, B. Cox, S. Hassen, Jesse B. Smith, Courtney Hunt, W. D. Kemp, Ethel Irby, W. Cox, Ada Rike, M. E. Helber, J. M. Collins, P. D. Sander, Lynn Pace Jr., Paul Roberts, H. C. King, F. C. Nickerson, J. W. **Methods To Control Peach Tree Borer Are Outlined**

It's the peach tree borer gain. He does an awful lot of damage, but it doesn't take much to stop him before he gets started. And this is the time of the year he starts working, says C. A. King, associate extension entomologist of Texas A&M College. Just clear the grass and weeds from around the tree trunk and build the ground level up a little. Four one-half pint of diluted ethylene dichloride emulsion on the ground around the mature bearing trees. For the younger trees just 2 to 4 years old, use only one-fourth of a pint, and cover the liquid with a few shovelful of dirt. You'll find directions for diluting this stock solution on the manufacturer's container. And the material may be applied any time after the leaves shed in the fall until early April if the temperature is above 45 degrees and the ground is not too wet. An other good control of the peach tree borer is paradichlorobenzene crystals. Just break the soil crust from 15 to 18 inches around the tree and clear out the grass and weeds. Then sprinkle the crystals in a circle around the tree about two inches from the base. One ounce is enough for mature trees, but sometimes one and a half ounces is needed for extra large trees. For trees 3 to 5 years old use three-fourths of an ounce, and for the younger trees sprinkle around about one-half ounce. Cover the crystals over with soil as soon as they have been sprinkled around, and pack the dirt with a shovel. The best time of year to apply these crystals is between Oct. 20 and Nov. 15. After about six weeks, tear down the mound of earth and remove the crystals, says King. Either the ethylene dichloride or the paradichlorobenzene crystals will give a good control of the peach tree borer. Ethylene dichloride emulsion is the best chemical for peach tree borer control. And this is the best time of the year to spread it around the tree and cover it over with a mound of dirt. A pound of pecans contains 3,336 calories. A pound of beefsteak contains 1,625 and a pound of turkey has only 1,060. But who'd trade a pound of pecans for a big, thick, juicy steak that weighs a pound?

This year, with sugar plentiful and prices down, the flow of other sweetenings such as syrup, molasses and market has slackened noticeably.

**THE CENTRAL WARD COLORED SCHOOL NEWS**

There was a social for the high school students on last Friday night, refreshments were served. Also, a basketball game was played between the high school boys and girls.

The total amount reported for lunches and entertainment was \$44.00. We are yet keeping our bills ahead. The children are enjoying the commodities that we are getting, which means much to the balanced diet.

The Mrs. Crawford, has donated to the little children of our school a swing, and everyone is all in smiles over it. And we wish to take this method of thanking Mrs. Crawford for her interest in our school.

**College Education Plan Is Offered By Navy**

A free college education is available to certain high school seniors and graduates between the ages of 17 and 21.

If they meet physical and mental standards and pass an aptitude test they may attend, at Navy expense, one of 52 colleges and universities in which there are Naval Reserve Officer Training Corps Units. The University of Texas and Rice Institute are Texas schools with NROTC units.

Applications for aptitude tests should be made before Nov. 15. Principals of high schools, college deans and Naval recruiting stations will advise students or how to apply. Aptitude tests will be given Dec. 11 in 21 Texas cities.

Successful applicants will be permitted to take any college course they desire but must include certain naval subjects. Students enrolled in this program will be deferred from induction under the Selective Service Act. In return for payment of tuition, books and other normal fees and a \$50 per month living allowance the student is obligated to participate in naval drills and cruises and, if qualified upon graduation, to accept a commission in the regular Navy or Marine Corps. After two years of active duty, he may elect to transfer to the Reserve Corps and return to civilian life or he may request retention in the regular service.

**Sugar Replaces Substitutes On Texas' Tables**

During the war, there was a big shortage of sugar and folks in this country became heavy users of syrup, molasses and honey.

The pendulum is swinging back the other way now. This year, with a big supply of sugar, and prices going down, people just aren't using honey and the syrup and the lasses on the biscuits as much as they used to, says C. H. Bates, extension farm management specialist of Texas A&M College.

The beekeepers don't have as many bee colonies this year as they did last, so there won't be as much honey produced. Last year's production was the second highest on record, but this year, things are a little different—a downward trend in production. The making of sorghum syrup has been dropping off, too, for the past several years. This summer's drouthy weather has brought a further cut in sorghum syrup yields.

In the ribbon cane areas of Texas the picture is still worse. Dry weather and reduced acreage of cane means a scanty production of cane syrup on farms in the eastern part of the state. The economists look for a decline in refiners' production of molasses and cane syrup from both domestic and Cuban supplies. Likewise, corn syrup production, which reached an all-time high last year, will be down to almost half as much this year.

So, for sweets of all types, it's a pretty spotty picture. But there's enough sugar in sight to keep prices to household and industrial users very near the present levels for the months ahead, says Bates.

**Veterans News**

Carl R. Gray, Jr., Administrator of Veterans Affairs, will visit Southwestern installations of the VA next month.

It will be Gray's first official visit to Texas, Louisiana and Mississippi since he was appointed head of the VA by President Truman to succeed General Omar Bradley, new Army Chief of Staff.

Gray left the position of Vice President of the Chicago and Northwestern Railway System to come to VA. He has had an active railroad career since his youth in Kansas.

During World War II, Gray served overseas 34 months as Director General, Military Railway Service in North Africa, Italy and Southern France. Later, he became Director General of Military Railway Service in the European Theater of Operations.

Gray, a Major General, commanded approximately 25,000 officers and men and supervised military railway traffic over a system embracing more than 46,000 miles of lines.

The first GI Bill deadline is not far away. Veterans discharged before July 25, 1947, have only until July 25, 1949, to apply for readjustment allowances for unemployment and self-employment. GI's discharged after the 1947 date have until two years after discharge

Here's a job tip for veterans scheduled to graduate this year as pharmacists.

VA needs qualified pharmacists who are graduates of accredited colleges of pharmacy and who have registered as pharmacists in one of the states or the District of Columbia.

No experience is necessary for P-1 ratings (\$2,974.80 to \$3,727.20 a year).

**Questions and Answers**

Q.—I served in the U.S. Army during World War I. Am I eligible for Government Life Insurance?

A.—As a veteran of World War I, you are eligible to apply for up to \$10,000 of U. S. Government Life Insurance, whether or not you took out such insurance while you were in the service or have yet such insurance lapse.

Q.—What are the deadlines that apply if I wish to take my training under the provisions of the GI Bill at a later date?

A.—You may apply for training within four years from July 25, 1947, or within four years from the date of your discharge or separation from the armed services, whichever is later. You must finish your training by July 25, 1956.

Q.—I am considering taking on-the-job training but I find the proposed training will necessitate purchase of a great many tools and some equipment. Will VA pay for the tools I will need?

A.—VA will furnish you with tools and equipment, provided they are required by all other trainees taking the same course.

Q.—Will the government pay funeral expenses for a World War I veteran who dies of a non-service connected disability? A.—Funeral expenses, up to \$150, will be paid by the government in the death of any World War I veteran discharged under condition other than dishonorable.

After ten years of the average of farm product prices becoming successively higher, it is hard to realize that this same index the next ten years could be successively lower. This possibility is worth thinking about.

**CARD OF THANKS**

May we take this means of thanking our friends for your many kind deeds and expressions of sympathy to us during the illness and after the death of our husband and father. We would also like to thank each one for the beautiful floral tribute in his memory, and the food sent to us. Should sorrow befall you, may you find the same consolation through friends as our desire.

Mrs. Pearl B. Monke and Children. 1tp

Milk production in Texas cent of average in early summer ranges from a high of 143 per cent to a low of 62 per cent by early winter. These extremes are costing the producer as well as the manufacturer.

**Postponed Meeting Of Study Club Held Oct. 13th**

The Progressive Study Club's regular meeting was postponed during the West Central Texas Fair, and this delayed program was presented on the evening of Oct. 13th. Miss Frances English was director of a demonstration on the theme of "Being a Gracious Hostess." Mrs. E. M. Frierson and Mrs. W. A. Lyles showed and discussed table settings for different occasions, including silver, china or pottery, glassware, table linens and decorations. Color and pattern were discussed as well as the care of silver, glassware, and china.  
Hostesses, Mrs. Joe Thompson and Mrs. Carroll Bledsoe, served a refreshment plate to members and a guest, Mrs. John English of Rochester, New York.  
The club met again for regular session the following Thursday evening, Oct. 21st.

Mrs. R. W. Herren directed discussion on "Federation" and brought along two Horizon Club members, Misses Virginia Frierson, president, and Nabella Hasen, who told about their recent trip to their regional conference held in Oklahoma City. The group went with Miss Kathleen Crawford, in her car, and others going were Miss Chan King and Mrs. W. A. Lyles. This conference had an attendance of about 300 girls from clubs in the five states of Texas, New Mexico, Oklahoma, Arkansas and Louisiana.

Virginia reviewed the schedule of the conference proper including topics of discussion and social gatherings. Nabella talked of other sites seen on their trip, including the Oklahoma State Fair, capitol building, universities in Oklahoma City and Norman, Platt National Park, and Turner Falls.  
Hostesses, Mrs. Bill Woodson and Mrs. Harold Spain, served coffee and Halloween decorated doughnuts to all present, including another guest, Mrs. Wix Curry.

**CARD OF THANKS**  
We desire to express our grateful appreciation to our friends and all of the good people of this section for the many acts of understanding sympathy, comforting words, and beautiful floral tributes at the final rites for our son and brother. Your kindness and thoughtfulness will always be appreciated.—Mr. and Mrs. Joe Ejem and family.

**Uncle Sam Says**

Pop's got his feet in the sand, not his head, because he's a payroll saver. He knows where his future vacations are coming from. There's no guesswork about his plans for security. Automatically every pay day part of his pay goes into United States Savings Bonds which will pay him \$4 for each \$3 in 10 short years. Security—future plans—will belong to other fellows like Pop unless you count yourself in with United States Savings Bonds.
