## Mark IV Chemical Mace Updates Lawmen's Equipment

around

with the journal staff

A small cylinder of gas called the Mark IV Chemical Mace has been added to the equipment of local law enforcement officers.

Hailed from coast to coast as a non-lethal means of subduing those who resist arrest, a riot queller and a humane police weapon, causes the older method of the blackjack to be virtually abandoned as the new method gains popularity.

The use of Chemical Mace eliminates the officer having to use physical force in making arrests . . . thus is a chief factor in cutting down on the "police brutality" cry of law violators.

The new device was acquired by the city and county officers last week and is being worn on holster belts along with other regulation equipment.

Chemical Mace is sold only to law enforcement officers and looks like a large can of spray deodorant. It can be aimed with accuracy at an individual or sprayed toward a mob. The spray instantly stuns the lawbreaker and brings dizziness, tears and a burning sensation to the skin. The violator is incapacitated for 15 to 20 minutes and leaves no harmful after effects or physical damage.

Reports over the country relate that the weapon is 92 percent effective and through experience in larger cities, policemen have found that in some cases, the new weapon is not always effective on drunks, drug addicts or mentally disturbed persons; these persons are those who are beyond feeling through the excessive use of alcohol or drugs or are mental cases.

However, in several tests, the second blast of Chemical Mace will sometimes subdue this type violator.

CHEMICAL MACE---City Policeman Jackie Tanner and Sheriff Dee Clements show the spray-type cans of Chemical Mace being used here now. The law violator may learn to respect this small can because it's contents are non-lethal, but very unpleasant. A violator is subdued with this spray which causes a burning sensation, dizziness and tears to the point they can be handled without the use of blackjacks in most cases.

A volleyball tournament is underway this week at Lazbuddie. Finals will be played on Saturday night at the Lazbuddie School gymnasium.

Elliott and Dr. Charles Lewis were re-elected to offices they held as chairman and director last year. A general resume was given by Harmon Elliott and Harold King concerning the past year's activities of MAIF. W. B. LeVeque gave the financial report. In addressing the group, Milner congratulated MAIF on the progress made by the organization and how advantageous it was for Muleshoe to have a prepared team to work with industrial prospects in competition with other towns.

### March 4-8 Texas School Week

March 4-8 is Texas Public School week and all Bailey County parents and interested persons are encouraged to visit schools at Muleshoe, Three Way and Bula during this time.

During this special week, school facilities and teaching methods are open to inspection and observation of everyone interested.

Public Schools Week in Texas is an excellent opportunity for parents to observe first hand the progress their children are making academically and socially at school.

In fact, parents are especially urged to set aside one day to visit their children's classrooms.

### 1968 Track Season Starts

With the 1968 Muleshoe Mule track season now underway, a lot of school records, some of which have been outstanding for several years now, may be broken by the sprinters, hurdlers and jumpers this year.

One school record which has been outstanding for some years now, was established by Donnie Shafer in 1956, when he made the 100-yard dash in 9.5. To date, Muleshoe has not had this outstanding record bettered by another sprinter.

Travis Bessire had held the record in the 220-yard dash since 1962 with his time of 21.7. Other records are in the 44-yard dash, Jerry Gilbreath, 1963, with a time of 49.9; Joe Adams in the 880-yard dash with 2:02.1; Mile run, Jody Mills, 4:39.0 in 1966; Low Hurdles, Travis Creamer in 1962, 19.8; Intermediate Hurdles, Bobby Julian in 1967 with 41.3; High Hurdles, Travis Creamer in 1962 with 14.5; High Jump, Robert Seagroves, 6'3 1/2" in 1963; Pole Vault, David Roberts, 12'0" in 1964; Pole Vault, Mickey Wilson, 12'0" in 1967; Broad Jump, Myron Young, 22'4", 1967; Discus, Ronald Julian, 142'4", in 1961 and Shotgun, Bob Camp, 54'2" in 1960.

In the 440-yard relay, the record was established in 1962 with a time of 43.9 by Jimmy Cabrera, Jerry Gilbreath, Ricky Bell and Travis Bessire.

The newest record for the mile relay was set in 1967 by Myron Young, Terry Field, Ramon Gonzales and Charles Beaman with a time of 3:24.8.

Some of these old records

New innovations and teaching techniques in Texas Public Schools are interesting and important, and school administrators and teachers are eager to point them out, during Texas Public School Week.

In making his official statement designating the period of March 4-8 as "Texas Public School Week," Governor John Connally said, "Special observance of increased emphasis on our education system has been marked annually for 18 years by a Public School Week in Texas. Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it is also important to remember that our public schools will furnish our tomorrow's leaders with the basic human, moral and spiritual foundations necessary for more advanced training and knowledge."

It has been 114 years since

Billy Wimberly received a den chief's appreciation certificate.

Those receiving wolf badges were Toby Tucker, Roy Foster, Brent Young, Chris Holt, Dean Hufford, John Davis, Nicky Miller and Micky Merriott.

Gary Wrinkle received a Gold Arrow on a bear badge. Those receiving bear badges were Dick Pena, Jimmy Wedel, Kenneth Harris, Ricky White, Charles Madrid, Wayland Baker, James Cook and Clifford Garth.

Keith Buice received a den-

ner bar. James Johnson received a two-year pin and denner bar; Mark Short a two-year pin and denner bar and Mike Tinney a two-year pin, denner bar and bear badge.

In Weblos, Larry Puckett received a certificate for citizenship, geologist, engineering, naturalist, artist, athlete,

## Youth Entertainment Program Continuing

"Young Americans in Action," a variety entertainment program for senior high students and college students visiting back home has been successful.

"The program which began on a three month trial basis, is continuing by popular demand," Rev. J. Frank Peery announces.

The non-denominational program was designed after a survey was taken to determine the need for wholesome entertainment for this age group and has been held each Friday night in the game room of the First Methodist Church.

These past weeks, presentations have introduced some popular talent and allowed the youths of this area to see and hear some outstanding performances as well as parti-

cipate in their favorite games and different types of indoor sports. Young Americans in Action will meet from 7:30 to 11:30 p.m. Friday, March 1, and the program slated is "Battle of Bands." Participating will be the \$6 and the Main Street Rhythm Band.

Since the program originated, approximately 300 youths have registered and Rev. Peery said the average attendance was in the vicinity of 125. "We feel the time and effort to provide such a program has been beneficial to our youths and is continuing past the three month trial period because of the success of it and the youths showing indication that they needed and wanted "Young Americans in Action" in action," Rev. Peery summarized.

## Age No Problem to Licensed Pilot

The days and years going by has not dampened the spirits and ambitions of Warner Reid, Tulla farmer-rancher.

Federal Aviation examiner Morgan Locker issued a private pilot's license to Reid Saturday afternoon, February 24, after the 67-year-old man completed training under Don

Schacht, Miller Flying Service in Plainview.

Reid, born in Swisher County in 1901, is the oldest man to receive such a rating here.

Owner of an airplane, the pilot said he planned to use the craft in connection with his ranch work, checking cattle and watering places.

"This," he said, "will cut

down on time consumed in taking care of my Swisher County ranch and needless to say, when I made my first solo flight, I didn't exactly feel like I was using the old-time horsetack method of ranching."

Another interesting fact about the newly-licensed pilot was his telling of working on the Muleshoe Ranch as a youngster. He said Elmer Hoskins was ranch foreman at that time and he remembered the watering places and ranch headquarters as they were in the early days.

Locker said "Reid did exceptionally well during the examination and it was an inspiration to issue a license to such a man with this desire to fly."

Reid has two daughters, Mrs. Mike Settles and Sue Osborn, both of Tulla, and two grandchildren, a granddaughter and a grandson.

## Seminar Thursday On Cotton

An informational Seminar on Cotton Futures Trading will begin at 2 p.m. Thursday, February 29, at the Koko Palace, 5201 Avenue Q, Lubbock.

Sponsored by the Lubbock Cotton Exchange, the event will feature addresses by the three top officers of the New York Cotton Exchange, Inc. Each will speak briefly on one phase

of the Futures Market and a liberal amount of time will be reserved for questions and answers.

Bob Poteet, Executive Vice President of the Lubbock Cotton Exchange, said the Seminar was arranged after many area cotton producers and others expressed an interest

## Neal Dillman to Direct District TSTA Convention

The Ninth Annual Convention of District XIII Texas State Teachers Association will convene March 1, at the Municipal Coliseum, Lubbock.

The banquet will be Thursday evening, February 29, at 6:30 p.m. in the Coronado High School cafeteria, and the House of Delegates meeting will be in the Coronado High School auditorium following the banquet. Elected delegates from the Muleshoe Local Unit T.S.T.A. are Mrs. Eric Smith, Mrs. Vernelle Craig, Mrs. Oscar Rudd, Clarence Hawkins, and Kerry Moore, Local Unit President.

Neal B. Dillman, the District XIII President, will preside during the convention. Dillman received his B. S. degree from Southwestern College, Winfield, Kan., and received his master degree from Western State, Gunnison, Colo.

The District XIII President has been a coach, a classroom teacher, and a high school principal before becoming Superintendent of Muleshoe Schools. He holds membership in the National Education Association, the American Association of

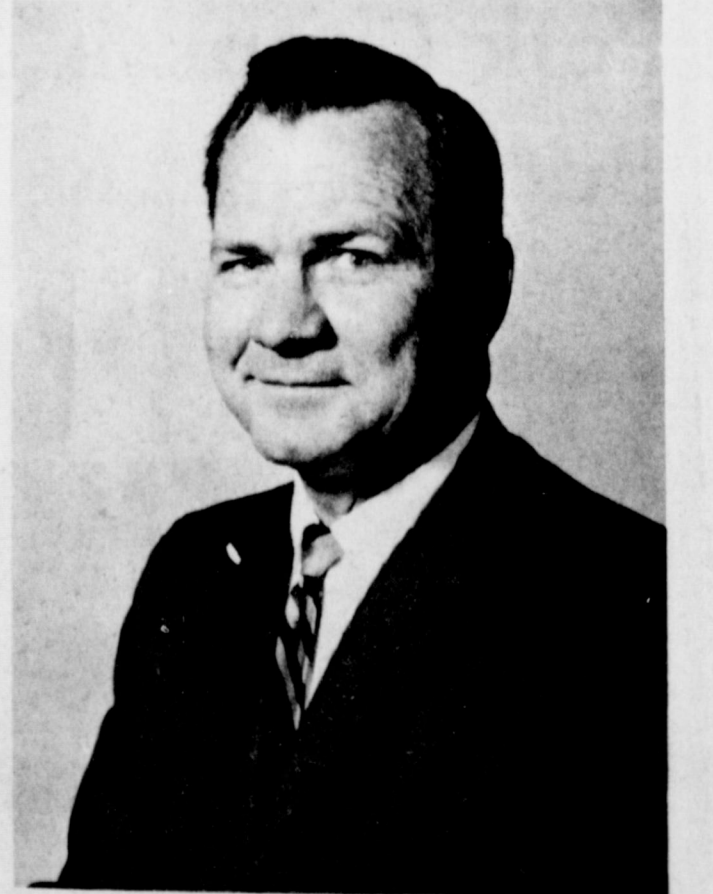

School Administrators, Texas State Teachers Association, West Texas Association for Supervisors and Curriculum Directors, and the Parent-Teachers Association.

Dillman belongs to Phi Delta Kappa and is listed in "Who's Who in American Education." In addition to performing his many professional duties he is active as a civic leader.

Mr. and Mrs. Dillman have three children, David, a senior; Mark, a freshman in Muleshoe High School, and Maribeth, a fifth grade student in Richland Hills.

Other District XIII officers are Mrs. Kathleen Weiss, Brownfield, vice president; Miss Marietta Montgomery, Lubbock, secretary; Wilburn Z. Martin, Flomot, treasurer; and Bill Bickel, Muleshoe, parliamentarian.

Miss Antoinette Miller, Houston, is the president of the State Teachers Association and Charles A. Hearn, Jr., is the vice president of the T.S.T.A. Hearn will bring greetings from the T.S.T.A. at the General Session Friday morning. Hearn

## Easter Seal Letters Mailed

Easter Seal Appeal letters are to be delivered this week in Bailey County according to Jimmie Crawford, the Easter Seal Representative of the Easter Seal Society for Crippled Children and Adults of Texas.

As Representative, Crawford serves as contact representative for disabled persons needing Easter Seal rehabilitation services and also serves as Treasurer of the Easter Seal Appeal in Bailey County.

The Easter Seal Society offers physical and occupational therapy, speech and hearing programs and special equipment loans to enable disabled persons to make the best use of their abilities to overcome handicaps. These services are financed by the annual Easter Seal Appeal.

The Society also provides for research into the causes and cures of crippling conditions, finances public education programs and provides scholarships for training of professional personnel to staff rehabilitation centers.

Crawford pointed out that all these programs are important if Texas is going to continue to provide the best in rehabilitation services for its own disabled citizens.

During 1967, the Texas Easter Seal Society provided treatment and services to 17,622 children and adults who were in need of rehabilitation services. These services are available to any disabled person who can benefit from help provided by the Easter Seal Society, Crawford added.

## Tax Man Sam Sez:

Last year Internal Revenue sent 987,000 refunds amounting to more than \$136 million to Northern Texans. Unfortunately, thousands of these checks were delayed due to simple errors.

1. 1700 omitted or erroneous social security numbers.
  2. 7000 had missing signatures.
  3. 5000 were missing a W-2.
  4. 2600 were missing a statement or schedule.
  5. 12,000 made a math error in the tax computation.
  6. 10,500 miscalculated their standard deduction.
  7. 19,500 had other arithmetic errors.
  8. 55,000 (astounding) took their tax from the wrong tax table, or used the wrong line or column.
- If you don't want to delay your refund, keep your number off the computer's error tape.

**Rev. Leland Callaway  
Featured in Publications**

Rev. Leland Callaway, pastor of Richland Hills Baptist Church has received two distinguished honors.

He has appeared in the publication of Personalities of the South and "Who's Who in Texas."

The 1967 edition of Personalities of the South, recently released, contains the biographical data of over three thousand outstanding people in the southern states. These persons have, in different ways through different professions, helped to build better communities in the Southland. These persons are from all walks of life and include governmental leaders, businessmen and women, state legislators, senators, congressmen, Governors, and many other individuals throughout the South who have made these contributions to their community, state and country.

The persons are chosen because they have already received recognition as distinguished and outstanding citizens.

Rev. Callaway was born in Arkadelphia, Ark. and moved here in 1962 from Magnolia, Ark. where he was a professor at Southern State College. He received his BBA degree from Stephen F. Austin College, Texas MBA Degree, East Texas State University, Commerce: EdD Degree from Texas Tech.

He is presently attending Tech where he will receive his doctorate in August. He is also teaching at Tech.

Rev. Callaway is a member of Alpha Chi Pi Omega Pi; National Education Association, Arkansas Business Education Association and is an ordained Baptist minister.

The Callaways are parents of three children, Kevin, age 7 years; Kelli Ann, age 6 and Khalin, four years.

When they left Magnolia, he had been pastoring the Buckner Baptist Church.

Rev. Callaway said: "We are enjoying a pleasant experience of living in this West Texas town of Muleshoe and working with the people of the community and church. The church members are so wonderful to work with and our association with people outside the church has also been very pleasing and beneficial to us."

Mrs. Callaway is a registered nurse and works when needed at local hospitals, however does not work full time as much of her time is devoted to her home and with church activities.

Texas education was born and the progress made is now, more than ever, evident.

Public School Week gives people the opportunity to see how your tax dollars are being spent to make the student ready for the world tomorrow.

The educational advantages currently offered in Texas will delight you, and help you to further encourage your child's education.

School administrators throughout Texas believe that this gives parents an opportunity to talk with their child's teacher and enjoy a day in the life of that parent's child and to view the Texas education scene which is constantly changing, and for the better.

The three Bailey County schools will announce times for special events in Sunday's Bailey County Journal.

in the possibility of using the Futures Market as a hedge against next year's cotton prices.

Donal Johnson, Executive Vice President of the Plains Cotton Growers, Inc., said "At one time the Cotton Futures Market was an integral part of the cotton business and served various useful purposes. And as the Commodity Credit Corporation becomes less and less of a factor in the price of cotton it may be that some can again use the Futures Market to advantage."

He added, "To do so, most of us need a much better knowledge of how the Market operates, and that is what the Seminar is all about."

Poteet said the Seminar would be open to all merchants, ginners, producers, and other interested parties. No registration charge will be assessed.

**Sixth Grade Intramural Finals Held**

Once a year, following regular basketball season by the 'big' teams who play in area competition, the youngsters, the 'little ones' play in their own tournament. In this case, it is the sixth grade basketball team.

This group of first year basketball players are divided into teams and are named for college teams to play in an intramural tournament.

On Monday, the annual sixth grade intramural games began. The Rebels were defeated by the Bearcats 39-15.

For the Bearcats, Ricky Smallwood scored 16 points to lead the scoring, Bruce Bruns had 11, Fred Locker and Steve Bell each had 5 and Larry Sutton had 2 points.

Earl Ladd had 8 points for the Rebels, followed by Aaron Kelton with 4, Phillip Yruegas had 2 and Arthur Lopez, 1 point.

When the Longhorns and the Buffaloes locked horns, the Buffaloes lost the battle 27-16.

**Hold out on the phone company.**

After 7 p.m., you can call anywhere in the country for a dollar.

All long distance callers worth their salt know that calling in the daytime is more expensive than calling in the evening hours. (Actually, most people call during the day, when we charge our regular rates.)  
But long distance callers aren't interested in explanations.  
The only thing they care about is calling for

the cheapest possible price.  
So to get more for their money, they devised a scheme you might call The Waiting Game.  
The idea is to do just what the name implies: Wait and wait and wait and wait.  
Because they know if they can hold out till after 7 p.m. or any time of the day on Saturday

or Sunday, they can call anywhere in the country for a dollar or less.  
Which just goes to prove that anybody can afford to call long distance.  
Provided they know how to play The Game.

HONOREE AND FAMILY---Dr. Charles Lewis, honored as "Outstanding Young Texan" by the state Jaycees, is pictured here with his family, his parents and Mrs. Lewis' parents. Pictured l. to r. are her parents, Mr. and Mrs. Albert Carroll, Dr. and Mrs. A. R. Lewis and Dr. and Mrs. Charles Lewis and their children, Lashelle and Lamont.

### Reception Honors Dr. Charles Lewis

An open house reception was given Sunday afternoon, February 25, in the church parlor of First Methodist Church, honoring Dr. Charles Lewis for his outstanding achievements in civic affairs and for having been cited as one of five outstanding Young Texans by the state Jaycees.

Dr. Lewis has mixed welfare projects in the field of dentistry with extensive civic endeavors to become one of the West Texas town of Muleshoe's most important leaders.

He has worked with the Muleshoe Independent School District and other schools in the area to initiate a program of dental care for indigent children.

Dr. Lewis is past president of the Muleshoe School Board of Trustees, past president of the chamber of commerce and superintendent of Sunday School at the First Presbyterian Church. He received the State Muleshoe Jaycee Outstanding Young Man Award in 1966.

He served as chairman in 1965 of the Muleshoe Area Economic Development Forum which resulted in the formation of the Muleshoe Area Industrial Foundation.

Other contributions to his home community since his return in 1960 from academic pursuits and service as a captain in the U. S. Army Dental Corps have included active membership and committee participation at First Presbyterian Church; chairman of the Farmer-Bailey County Young Republicans in 1964 and Muleshoe Chamber of Commerce duties as industrial committee chairman, director, vice president and two terms as president.

Himself a student in Muleshoe public schools from 1941 to 1952, he earned letters in basketball and band; was voted the Sportsmanship Award by his teachers and "Best All-Around Boy" by his instructors during his senior year.

While a Baylor University pre-dental student, Lewis attained the Dean's List; he was graduated from Baylor University College of Dentistry in 1958.

He and his wife, Sammy, are the parents of Lashelle, 9 and Lamont, 5.

Dr. Lewis' professional memberships include the A. D. A., Texas Dental Association, the South Plains Dental Society which he has served as vice

president, president-elect and president; the American Academy of General Dentistry (which requires the acquisition of formal post-graduate hours annually); charter membership and service as secretary-treasurer in the Panhandle Chapter of the Texas Academy of General Dentistry; the Texas Society of Dentistry for Children; directorship with the Association of American Dentists; the Baylor Century Club and charter membership in the Hub Dental Study Club. During his senior year in Dental school was Grand Master of Psi Omega Dental Fraternity and was presented Outstanding Senior Award.

Receiving guests were Dr. and Mrs. Charles Lewis, their children, Lashelle and Lamont, Mr. and Mrs. A. E. Lewis, parents of Dr. Charles Lewis, and Mr. and Mrs. Albert Carroll, parents of Mrs. Charles Lewis.

Registering guests was Mrs. Don Chihak. Two scrapbooks, showing all honors and activities of Dr. Lewis, were displayed for viewing by the guests.

The serving table was laid with an Ecu Belgium lined cloth, with an arrangement of

bronze mums and yellow roses accented the table. Bronze appointments were used. Alternating at the serving table were the hostesses, Lee Ann Yerby and Karen Mayhugh entertained with piano selections during the afternoon. Hostesses were: Mr. and Mrs. Roald Johnson, Mr. and Mrs. Jerry Gleason, Mr. and Mrs. J. D. Small, Mr. and Mrs. Ernest Martin, Mr. and Mrs. H. A. Douglass, Mr. and Mrs. Elvon DeVaney, Judge and Mrs. Don Chihak and the Muleshoe Jaycees as co-hosts.

### Scout Troop 66 Elects Officers

Scout Troop 66 met February 22 to elect officers. They are: Lorena Hufford, treasurer; Donna Lambert, reporter and Jean Woodall, scribe. Patrols and their leaders are Patrol No. 1: Brenda St. Clair, leader; Vickie McDaniels, assistant leader; Donna Lambert, Brenda Weeks, and Kem Clodfelter. Patrol No. 2: Leesa Sanderlin, leader; Jean Woodall, assistant leader; Marvina Barnhouse and Lorena Hufford.

### New 4-H Club Organized

The Y-L 4-H Club met and organized Monday night at 7 p.m., February 19, at the Y-L church. Joann Bray showed a film on 4-H membership and new officers were elected.

Officers are as follows: Vowery Throckmorton, president; Dicky Hanks, vice president; Linda Head, secretary and treasurer; Tim Black, reporter and committee chairman; Judy Newman, refreshments; Gary Hanks, entertainment and Larry Vinson, program.

The Senior Leaders for the group are Mr. and Mrs. Dan Throckmorton and Mr. and Mrs. Jimmy D. Black. The group voted to meet at the Y-L church every third Monday of each month.

## Representative Bill Clayton Speaks on Liquor Issue

By Bill Clayton

The Liquor Laws Study Committee held its first meeting in Austin last Saturday and scheduled another meeting for February 26 to begin its study of needed changes in the Texas Liquor Control Act.

One of the responsibilities which falls upon the shoulders of a state official is that of reporting to the people. I do so now. I report to you on a problem that has me deeply worried . . . and deeply concerned. The problem I refer to is the "liquor mess," and I know you share this concern with me.

You've heard the reports on radio and television. You've read the accounts in newspapers. And, if you're like most citizens, you have a few questions about just what is going on.

Let me tell you what is happening in all this furor over

the Texas Liquor Control Board and the so-called "liquor-by-the-drink" controversy. But, first let me caution you. When you talk about whiskey in Texas, you raise a highly emotional issue. Just check your history books if you want an idea of how deeply ingrained the problem is. Politicians and citizens have engaged in loud debate, voting, fistfights and even shootings as the subject of whiskey has confronted Texans. We must keep emotions out of this. What makes it touchy right now is not only the emotional problem . . . but the fact that the current situation is one that is very complicated.

First, let's talk about the Liquor Control Board. You all know that there have been changes . . . that some state employees in responsible positions have been fired . . . that an investigation is currently underway. As you also know, you cannot come right out and

make a charge against an individual or a group without all the facts to back up that charge. It is not responsible . . . and it would be illegal. Therefore, an investigation is underway. And it's being conducted by several different agencies of the state. It would be the height of IRRESPONSIBILITY to make any charges against any individuals or agencies without the benefit of a thorough investigation into all the allegations. Therefore, it is premature -- at best -- to come right out and say "This specifically, is the problem."

But, I can give you an idea of generally what is being checked into. You are entitled to know what your state government is doing. Generally, the problem revolves around the areas of administration and enforcement. Administration and enforcement of, frankly, a law that is very difficult to administer and enforce. There are some who have charged that the law in Texas -- the liquor law -- is NOT being enforced as it should be. And, as a result, they feel that the law is being abused. If any law, and I don't care what it is, is being circumvented by the people . . . or not being enforced as it should, you have a very serious problem. The law should be changed. Or the law should be enforced. There is no middle ground.

When enforcement of the law breaks down, then the very fabric of our society breaks down. We've seen too many examples of this in the race riots in other cities in our nation.

The enforcement problem is complicated by another factor. There are those who go into a private club and buy a mixed drink and they feel they are doing nothing wrong. Even if they have never been in that club -- or even in that city before.

The way they are served the whiskey is that they are classified as a "guest." It just so happens that any John Doe can walk right in off the streets to many private clubs in Texas and become a "guest" by just

walking in . . . and be served all the mixed drinks he can pay for. This is wrong. It's wrong because it goes against the intent of the law. Now, if a majority of Texans want to change the law, that's another matter. But, that's not the way the law is written now. The law -- as it's written now -- is allegedly being abused and misused. And that's why we have several different groups checking into those allegations. That's just one of the problems being tossed out about the current liquor laws. Another problem is enforcement, for instance; it's badly hampered by a lack of L-C-B agents and auditors to check on possible violations. This is why Speaker of the Texas House of Representatives, Ben Barnes, has appointed a five-man subcommittee, of which I am a member, to do a complete and thorough study of the state's liquor laws.

We do not solve our problems in Texas by sitting back and hoping the problems will go away . . . and all the while criticizing those who would try to do what is right. In all this, there is one very obvious fact: IF the present liquor laws are being abused, as some feel they are, then it is up to those of us in positions of responsibility to correct those abuses. If the alleged abuses are corrected, you can look for a very strict, tight, tough enforcement of ALL liquor regulations in this state! And this will effect each and every person who has any connection with the sale or purchase of alcoholic beverages in Texas!

We cannot -- we WILL not -- tolerate any of our state laws to be flouted!

Now, if the people of this state -- and that's you -- do NOT like the laws we have, they have an excellent recourse through the members of the legislature. They can get the word to their Senators and their Representatives about their feelings.

I would hope that each of you would transmit those feelings to us as soon as possible. Don't forget: there is an

alleged problem. We are checking into it. And, if the facts warrant, there will be action. Only by hearing from each citizen can we be sure that what will be done will mirror the wishes of a majority of Texans and this District.

### April 15 Deadline For Stickers

"With the April 15 deadline for obtaining inspection stickers drawing near, only 43 percent of the 8,117 registered vehicles in Bailey County have been inspected," stated Captain Alan Johnson, Motor Vehicle Inspection Supervisor of the Texas Department of Public Safety.

However, this year the auto safety inspection could be more than just an inconvenience to the motorist who waits until the last day to get his vehicle inspected. It is possible many cars may not get inspected due to a shortage of seat belts. The 1967 state legislature passed a law requiring that front seat belts must be installed in all vehicles in which seat belt anchorages were a part of the manufacturer's original equipment.

Seat belt anchorages were part of the manufacturer's original equipment on all American passenger cars beginning with 1962 models. Seat belts also will be required on foreign-made cars in which seat belt anchorages were original equipment.

Captain Johnson points out that seat belt anchorages are threaded holes in the vehicle structure suitable for receiving seat belt attachment fittings.

Captain Johnson also explained there are many 1962 model vehicles containing the seat belt anchorages but no seat belts attached. Also, many of the 1962 and later model vehicles have had the seat belts removed after they were traded in for newer models and were never replaced. Therefore, the owners of these vehicles must have front seat belts installed before their vehicles will pass the inspection requirements.

A shortage of seat belts may develop here because automotive equipment suppliers are reluctant to build up a stock of belts for fear there will be no market for them after this year's inspection program, so most suppliers are holding their stock to a minimum.

Therefore, it is urgent that motorists have vehicles inspected now to be assured of obtaining the belts.

Captain Johnson called attention to the fact that since the beginning of the inspection program in 1951, vehicles having a defect that was a causative factor in fatal accidents decreased from 13 percent to three percent.

"The purpose of the Motor Vehicle Inspection Program is to discover any maladjustment which might become a link in a cycle of events leading to an accident and, by removing the link, prevent the accident," the Captain said.

Here is a check list of items that various vehicles must have and be operating satisfactorily before an inspection sticker can be issued.

1. Horn
  2. Windshield wipers
  3. Brakes
  4. Headlamps
  5. Cab lights
  6. Stop lights
  7. Tail lamp
  8. Beam indicator
  9. License plate light
  10. Clearance and side marker lamps
  11. Reflectors
  12. Directional signals
  13. Mirror
  14. Record motor, serial, identification number
  15. Steering
  16. Wheels and rims
  17. Seat belts
- The last three items -- steering, wheels and rims and seat belts -- are additional items to be inspected as required by the 1967 State Legislature.

### Resolution Introduced for Distressed Cotton Farmers

A resolution to free Federal disaster loan funds for distressed cotton farmers was introduced in a House Agriculture Subcommittee Tuesday.

Panhandle Congressman, Bob Price, a member of the Agriculture Cotton Subcommittee, offered the resolution which would make \$36 million of disaster loan funds available through the Farmers Home Administration.

The money has already been authorized by Congress for loans to farmers and cotton ginners in crop failure areas. The \$36 million has been withheld by the Bureau of the Budget and, according to Price, the Farmers Home Administration is using the disaster loan program only on a limited basis.

Price also said that Small Business Administration loans to cotton ginners had fallen far short of actual needs of the cotton crisis.

"An effective disaster loan policy for distressed cotton farmers and cotton ginners can ease the hardship of this rural disaster," Price said. An expanded disaster loan program would also forestall more Federal expenditures in caring for growing numbers of rural refugees in already overcrowded

and riot-threatened cities," he said.

"Many cotton farmers over a vast area of the south suffered an almost total crop failure last year and lost millions of dollars in income," Price said. "Many businesses in these areas -- particularly cotton ginners -- are faced with bankruptcy unless they get help."

"The victims of this disaster are not asking for government hand-outs but for loans to be

### Obituaries Buford Butts

Funeral services for Buford Butts, 61, will be held at 10 a.m. (today) Thursday, February 29, at the First Methodist Church. Officiating will be Rev. Clarence Stevens, pastor of the Spur Methodist Church and Rev. J. Frank Peery. Burial will be in Muleshoe Cemetery under direction of Singleton Funeral Home.

Butts, a resident of Muleshoe until 1957 when he moved to Fort Collins, Colo., died Monday of an apparent heart attack. He was a building contractor in Fort Collins. For many years, he was an employee of Arnold Morris Auto Company, then later became co-owner.

Butts was a member of the First Methodist Church and the Muleshoe Masonic Lodge. Survivors include his wife, Iris and a daughter, Patricia, of San Francisco; two sisters, Mrs. John Wilkerson, Wichita Falls; Ruth Sidders, Shattuck, Okla., and one brother, Richard, of Florida.

Growers bought every pound of Planavin® Herbicide they could get their hands on last season. Read why.

## Planavin® is the cotton-soybean herbicide that gives you more than your money's worth.

Shell's Planavin® Herbicide gives you more than just excellent preemergence control. Nothing on the market does a better job.

It had to be more than just another good weed killer in order to break in against established competition. Growers found out *how good* last season. Planavin proved itself under the worst weather conditions in years. It held the fort against most annual grasses and many broadleaf weeds -- right through the early period when control really counts. Growers got what they paid for -- freedom from weed problems during the time when weeds can strangle young cotton and soybeans. Plus a sound control base that makes season-long control programs simpler and more economical.

Planavin also gives you a bonus. It frees you from immediate incorporation. Takes the pressure off. And it can save you hours of application time.

With Planavin you can spray by ground or air. You can use large rigs, wide booms. Covering large acreage fast saves you hours. There's no waiting for incorporation equipment to catch up. No downtime for custom applicators. The reason? Planavin doesn't require immediate incorporation. You can take your time. Even a few hours of exposure to air and sun won't wipe out your weed control when you use Planavin. Note: When you do incorporate, keep it shallow -- no deeper than 1 to 1½ inches. Don't bury your Planavin below the sprouting weeds.

Get Shell's Planavin® Herbicide early -- to keep the pressure on weeds and off you. Mrs. Lottie Ortog, her cousin, Mittie Beard and sister, Mrs. Bessie Wood, left California Sunday for a tour of Hawaii.

Guests Sunday in the Leon Foster home were friends, Mr. and Mrs. W. L. Lanham of Martha, Okla.

Weekend guests of Mrs. Jane Beavers were her sister and brother-in-law, Mr. and Mrs. Kithersed of Vernon.

Dr. and Mrs. C. T. Richardson visited their children and grandchildren, Mr. and Mrs.

Curlee, Jane, June and Chip in Lubbock Sunday.

Mrs. Alice Martin of Hale Center visited relatives and friends over the weekend.

Mr. and Mrs. L. S. Griffin spent the weekend in Hale Center visiting their children, Mr. and Mrs. Larry Griffin, Sharla and Michael.

Seven boys and girls from Springlake - Earth F.F.A. left Earth Sunday with their hogs, calves and sheep, to attend the live stock show in Houston.

Those attending were Craig Barton, David Foster, Eddie Sam Jones, David Templeton, Lonnie Deer, Bill Gover and Allen Hatfield. Sponsors were Agriculture teacher E. G. Gaston and Bob Phepps. Mrs. Weldon Barton and Welda went by train. Welda will show her lamb.

Mrs. Sam Jones is somewhat improved and is resting at the home of her son and family, Mr. and Mrs. Carl Jones.

Mrs. Joe Sneed of Amarillo spent from Wednesday until Sunday afternoon with her parents, Mr. and Mrs. R. C. Hyde.

Hyde is still a patient in the Amherst hospital where he is reported to be slowly improving.

Arthur King is reported to be growing weaker. He has been in the hospital at Amherst for four weeks.

Weekend guest of Beulah Newton was her sister-in-law, Mrs. O. B. Ginn of Amarillo. She also visited her mother and mother-in-law, Mrs. Adeline Newton and Mrs. Nannie Ginn.

LUBBOCK---"There is no way around the fact that the U. S. cotton industry and the people in it cannot expect to enjoy any lasting prosperity until we get back to growing and selling around 16 million bales of cotton every year. And that means five million or more of those bales will have to be sold to foreign mills."

This was the statement of L. D. (Don) Anderson, Crosbyton, President of Plains Cotton Growers Inc. on his recent election to the Board of Cotton Council International.

CCI is the foreign branch of the National Cotton Council which in the past has devoted its efforts toward increasing foreign consumption of cotton in general. Now it has pledged its efforts in the direction of increasing foreign sales of U. S. cotton specifically.

"Our domestic mills for the next several years can't be expected to use more than nine and one half or ten million bales of cotton a year, which is less than two thirds as much as we are set up to grow and produce," Anderson said.

He pointed out that producers have 16 million acres allotted to cotton and that suppliers and processors have huge investments in plants and equipment to furnish production inputs and handle the production from those acres.

"This great need for increased exports is nothing new, I know," Anderson continued, "but I think we may be closer to getting something done about it than we have been in a long time."

"Interest among producers and processors across the belt is higher now than I've ever seen it, and if we can get sincere cooperation and an honest effort from the Department of Agriculture and the Administration I believe we can achieve significant gains on the export front."

Officials of the Department of Agriculture have taken the position that they have complied with the law which requires them to determine and export our "fair share" of the world cotton market.

Our fair share of cotton export markets has been said by the Department to be around five million bales. But Anderson feels the figure should be well above five million.

World total exports for the 10 years 1957 through 1966

averaged 15.9 million bales. The U. S. average exports for the same period was 4.9 million, or 30.8 percent of the total.

For the previous 10 years, 1947 through 1956 the U. S. exported an average of 4.4 million of a world total 12.3 million bales, or 35.8 percent.

So, in the years since World War II the U. S. percentage of the export market has declined by five percentage points. Of 3.6 million bales gained by the total world export market, only

500,000, 14 percent, came to the U. S.

Using the 1947-56 percentage, U. S. exports for the next 10 years should have averaged 5.6 million bales, and Anderson says this is the absolute minimum that should be considered our fair share.

"In fact, if you look at the 1925-29 figures you'll find that the U. S. share of the market was almost 60 percent, and it stayed above the half-way mark until the middle 30's. So if we settle for 35 percent of the market now we are leaning over backwards to be 'fair,' Anderson said.

He also called attention to a USDA Economic Research Service publication in 1966 which stated "The U. S. share of world markets has trended downward for many years."

USDA officials have insisted that they have done and are

doing everything possible under the present cotton program to push exports, but have failed so far to reach even their own "fair share" figure of five million bales.

Exports in the first full year of the program, August 1, 1966 to July 31, 1967 totaled 4.7 million bales. For the 1967-68 year USDA is estimating exports at 4.2 million and trade sources are guessing anywhere from 3.5 to 4.0 million.

"Either way," Anderson says, "exports are not going to be up to par. And if in fact there is nothing more that USDA can do to help the situation under the existing cotton program then we need to have a thorough study of provisions that might be put into the next program to encourage greater sales to foreign markets."

U. S. cotton competes in foreign markets with cotton from

many countries classified by our State Department as "developing" countries. These are interested in producing as much cotton as possible and selling it for maximum prices. Since the U. S. export price has traditionally set the pattern for cotton prices throughout the world, they keep a close eye on our cotton allotment system, price support loan rate and CCC selling prices.

And they are not at all hesitant to suggest, through our State Department, that U. S. policies be such as to benefit them at the expense of the U. S. cotton producer.

"So another thing we have to do," Anderson believes, "is to convince the State Department and all others in Government that no part of the U. S. cotton industry, including that part which supplies export markets, is expendable."

Rural electricity from the member-owned Bailey County Electric Cooperative has made the country store pretty much like its city cousin...and has made the rural home as modern and convenient as its city counterpart. As a matter of fact, there is a higher percentage of electric ranges in rural kitchens than in city homes and a far higher percentage of home freezers, electric water heaters and electrically heated homes. So the home town Trading Post sells washing machines...lots of them...instead of wash pots. Living in clean, quiet, rural areas is happier and healthier thanks to a dependable supply of low-cost electricity from the Bailey County Electric Cooperative that is building a brighter tomorrow and Helping Texas Grow.

### W. T. Schedule For '68 Released

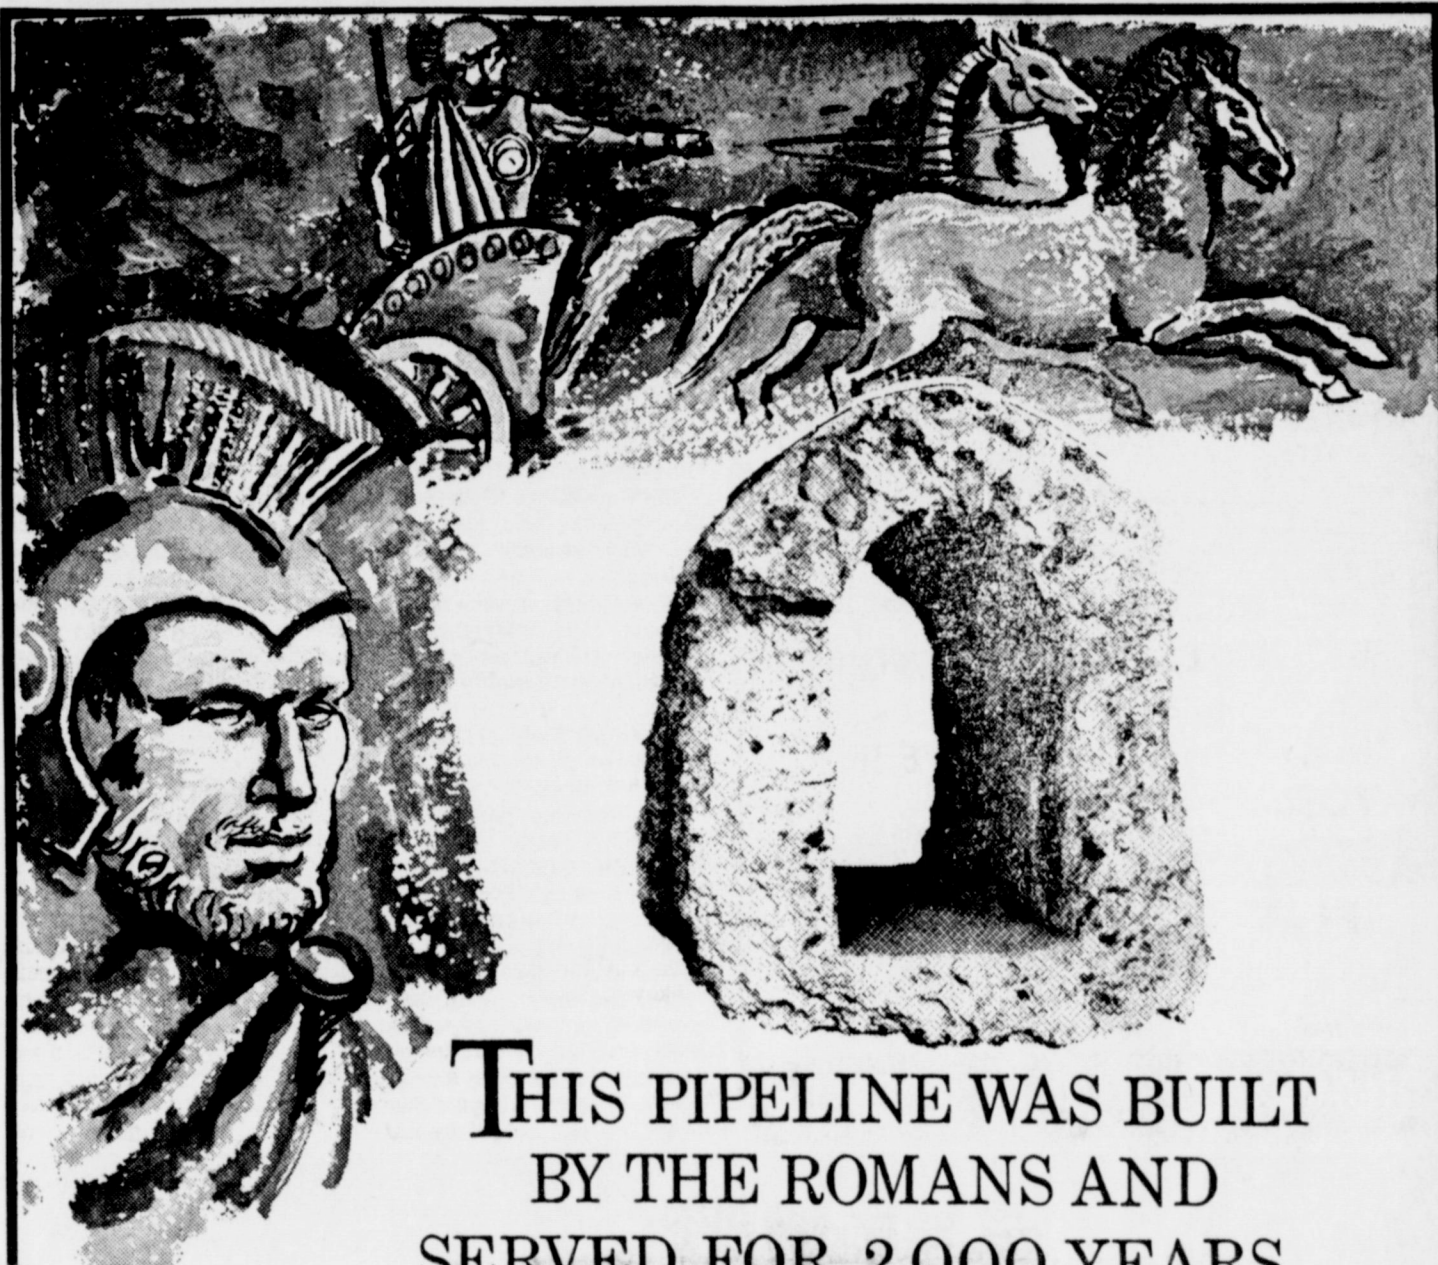

West Texas State University has completed its 1968 football schedule with the return of Memphis State, Western Michigan and Lamar Tech after sechdule absences of a year or more. The Buffs will also meet 1967 foes Wichita State, University of Pacific, Montana State, University of Texas at Arlington, Utah State, New Mexico State and Colorado State. West Texas' 10-game schedule includes five home games in Buffalo Bowl and five road contests.

The 1968 home games will begin at 8 p.m., rather than 7:30 p.m. like last season.

"I believe that starting our games at 8 p.m. will encourage more fans in the greater Panhandle area to come to our home games," says West Texas athletic director Frank Kimbrough. "We're hopeful that the additional 30 minutes will serve to boost our attendance for next season."

The 1968 home schedule features games with Lamar Tech (September 14), Wichita (September 21), U. of Pacific (September 28), UT at Arlington (October 19), and Western Michigan (November 9). The Western Michigan game has been designated as the 1968 homecoming contest. Road games are with Montana State (October 5), Memphis State (October 12), Utah State (October 26), New Mexico State (November 2) and Colorado State (November 16). The Montana State, Utah State and Colorado State games will all begin at 1:30 p.m. (MST). West Texas' homecoming game with Western Michigan will begin at 2 p.m.

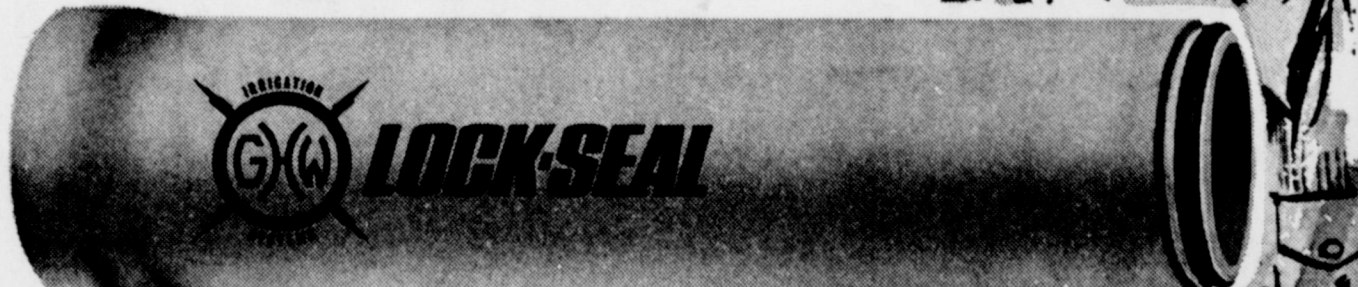

The Buffs posted a 7-3 season in 1967 and defeated San Fernando Valley State 35-13 in the Junior Rose Bowl. The 1968 team returns 24 lettermen and 13 starters from last year's squad.

## THIS PIPELINE WAS BUILT BY THE ROMANS AND SERVED FOR 2,000 YEARS

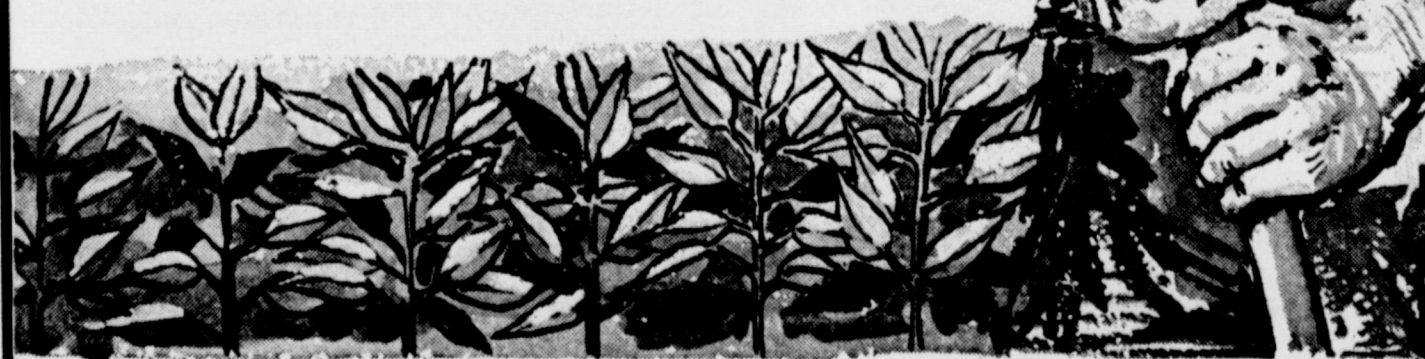

This photo, from the Smithsonian Institute in Washington D. C., shows a section of the original aqueduct that served the water needs of the conquered city of Cologne, Germany. It was constructed in 80 A.D. by the engineers of Fabius Sabinus Titus, Emperor of Rome. The aqueduct extended 56 miles underground between Cologne, and Eiffel and served as the main artery for the Cologne water supply until the late 1920's.

## THIS PIPELINE IS EVEN MORE DEPENDABLE!!

Because of modern materials and manufacturing techniques, Gifford-Hill-Western's LOCK-SEAL provides an even more dependable underground pipeline. The close tolerance design makes the pipe more suitable, and joint flexibility eliminates the effects of expansion and contraction due to soil conditions and temperatures. By combining a superior product with modern day design and installation know-how, you have an underground irrigation system that serves dependably year after year... generation after generation. LOCK-SEAL is the product, Gifford-Hill-Western is the Company... depend on them!
