July 4th Brings 2-Day Holiday This Week-End

Employers and employees alike in Haskell business establishments are looking forward to a double weekend holiday—from Saturday through Monday.

Observance of a business holiday Monday, July 4th, has been announced by practically all Haskell stores and offices. Independence Day is one of four annual holidays which are observed regularly under a schedule adopted by business men years ago.

All offices in the court house and city hall will be closed, and the postoffice will also observe a holiday, with no mail delivery in the city or on rural routes.

Abilene Man Is Fatally Injured In Truck Crash

Buster Evans, 41, of Abilene, member of a West Texas Utilities Company crew, was fatally injured in a truck crash on Highway 277 just south of Munday shortly before noon Tuesday, and two other occupants of the W-T-U truck were critically injured. They were Charles Wadlington, 21, and Tobe Wilhelm, also of Abilene.

The truck mishap occurred when a commercial truck reportedly sideswiped the WTUC truck, causing it to leave the highway and overturn.

Evans, fatally injured, and Wadlington and Wilhelm all were members of a transmission crew with the West Texas Utility Company, and at the time of the accident were pulling a power line between Haskell and Munday.

Evans died while being rushed to the Knox County Hospital. Both Wadlington and Wilhelm were described as being in very serious condition. Both suffered internal injuries. Wadlington sustained a broken pelvis bone, and Wilhelm had both legs crushed.

According to official reports, Morris Richmond Shanks, also of Abilene, driver of the other truck attempted to pass the utility truck when another car, approaching from the opposite direction, forced him to pull in. As he did, his truck came in contact with the utility truck overturning it. Shanks escaped with minor injuries.

Methodist Church At Paint Creek To Hold Revival

A series of evangelistic services are to be conducted by the Paint Creek Methodist Church. The first service will be held July 6th and services will be conducted each night through July 17th. Sunday morning preaching services will be held at 9:45 o'clock. The pastor, Rev. Vernon N. Henderson, will do the preaching for these services. The public is cordially invited.

Arnold and Young Barber Shop to Be Closed Temporarily

The Arnold & Young Barber Shop in the Wheatley Building on the east side of the square will close this week-end, probably for a week or longer, while repairs are being made to the roof of the building, which suffered severe damage from fire several weeks ago.

D. E. Arnold and Bruce Young, owners and proprietors of the shop, will reopen the establishment in the same location as soon as building repairs are complete.

Return to Brooklyn

Alene and Beatrice Wheeler of Brooklyn, N. Y., have been visiting in the home of their mother and brothers, Mrs. H. Wheeler and Lyndon and Raymond Wheeler, and their sister, Mrs. Virgil Brown and Mr. Brown. They left Thursday for Brooklyn, accompanied by Mrs. Wheeler, who will spend a month with them.

New Church Pastor

REV. JOE SCHEETS

Organization Of New Church Is Announced

With Rev. Joe Scheets of this city as pastor, organization of the Friendship Baptist Church of Haskell was announced this week by members of the congregation. Eight charter members were listed on the church roll at the organization meeting held Sunday, June 19th, and this number has more than doubled and is steadily increasing, Rev. Scheets said Tuesday.

Pastor of the newly-organized church is a well known Haskell minister, and has been preaching in area churches for several years. Temporarily until a church building or meeting place is secured, services of the Friendship Baptist are being held in the home of O. E. Nuckles on South 5th Street, East.

A regular schedule of church services has been arranged, with Sunday School each Sunday at 9:45, preaching service at 11 a.m., and 8 p.m. Prayer Service is held each Wednesday at 8 p.m.

Congregation of the new church extends a sincere invitation to people of the community who are not attending some other church, to attend any or all services at the Friendship Baptist Rev. Scheets said.

Carroll D. Bledsoe Opens New Home Drug Store

Carroll D. Bledsoe, young Haskell businessman, owner and former proprietor of the Wagon Wheel cafe in this city, Wednesday opened his new business venture, The Home Drug, located in the Tonkawa Hotel Building. Bledsoe purchased the establishment, formerly Berrys' Pharmacy from Cliff M. Berry several months ago, and the store has been closed while extensive repairs were made and new fixtures and equipment installed.

In addition to new fixtures, a complete stock of new drug sundries and merchandise has been placed in the store, and new modern fountain equipment has been added. In addition to the merchandising line, the store will feature complete fountain service, sandwiches and steaks.

Community Singing At Rule Church Next Sunday

Singers and music lovers of the Rule section will be interested to learn that the regular Community Singing will be held Sunday afternoon, July 3, with the 5th Street Baptist Church in Rule.

The program of singing will start promptly at 2 p.m. Everyone is cordially invited to attend and enjoy an afternoon of good singing and music.

Commissioners Court Appoints Constable At Rochester

The Commissioners Court has appointed W. D. Loper, former peace officer at Knox City, as Constable at Rochester. The new officer has assumed his duties, and will serve as enforcement officer in the Rochester precinct.

Mr. and Mrs. Loper and their children plan to move to Rochester to make their future home there.

Attend Reburial Service Of Kin In De Leon

Mrs. C. M. Baird and son, Conrad, attended the reburial services of their nephew and cousin, Sgt. William J. Slaughter, in De Leon Tuesday, June 28th. Sgt. Slaughter was killed in action May 7th, 1944.

Will Represent Haskell at Reunion

Haskell's sponsor at the Texas Cowboy Reunion, opening Friday in Stamford, will be Rada Thornton of the SMS Ranch. An expert rider since childhood, she is a junior in McMurry College, where she is majoring in physical education.

Schools To Receive Gilmer-Aiken Data On Local Funds

School districts throughout the state will learn this week how much money they must raise locally for their first year of operation under the Gilmer-Aiken educational plan.

Then the districts can complete preliminary applications for state funds, P. L. Sturgeon, director of the foundation school program division, announced from Austin.

The local fund assignments for school districts are based on an economic index, a new method for determining how much each district should pay in comparison to the ability of other districts to pay.

Sturgeon said his division plans to make a payment to districts the first day of September amounting to one-ninth of the total state grant. Plans call for payment of one-ninth of the total each succeeding month so schools will receive their full amount of the money before the end of the school year.

Sheriff and License Examiner Exchange Office Locations

Office of the Sheriff's department in the courthouse has been moved to the south side of the building, to the quarters formerly occupied by Joe Daws, license examiner for the Department of Public Safety. Office of the license examiner was moved to quarters formerly occupied by the Sheriff's department in the northwest wing of the courthouse.

New office location will provide larger and more convenient quarters for the law enforcement department, including a private office for use when necessary.

Revival At Bible Baptist Church Begins Sunday

The annual summer revival of the Bible Baptist Church will begin Sunday July 3, with the Rev. Ernest Marion of Walsh, Colorado, doing the preaching.

Everyone is invited to attend this revival campaign as much as possible.

GOING SOMEWHERE THE 4TH?—DRIVE CAREFULLY! Thousand Texans Will Be Killed Or Maimed During 4th Of July Holidays

The Fourth of July celebration will bring death or injury to a thousand Texans.

Nine hundred will be hurt in traffic accidents during the long week-end from Saturday through Monday. Twenty seven will be killed in auto accidents. A dozen will die as suicides or murder victims. Fifteen more will die in plane crashes, fires and other accidents. That's a total of 79 violent deaths.

These predictions were announced by Charles A. Miller, President of the Texas Safety Association, following a holiday accident-prevention conference with officials of the Texas Department of Public Safety.

"Speed, more than anything else, will account for the traffic fatalities," Miller said. Emphasizing that extra caution is needed to overcome holiday hazards created by heavy traffic, Miller pointed out that speed control is the personal responsibility of each driver.

"Safe speeds," he declared, "have little if any relationship to legal speed limits. You are permitted to drive 60 miles an hour on an open highway in the daytime, but only if the road is in good condition, and so on. When a hazard occurs, the smart driver compensates for it. The stupid driver doesn't. And that's why we bury so many stupid drivers."

Since traffic law violations will be involved in virtually all the fatal accidents occurring during the holiday period, Miller said, the Texas Highway Patrol and local traffic officers are expected to be out in full force in an effort to hold down on accidents with strict enforcement.

Named Fire Chief

RAYMOND LUSK

Raymond Lusk Is Elected Chief Of Fire Department

At the annual business meeting of the Haskell Volunteer Fire Department Monday night, Raymond Lusk was elected Chief for the ensuing year to succeed Frank B. Reynolds, who has headed the department for the past three years, and Marion Reeves, local manager for the Lone Star Gas Company was named Assistant Chief, succeeding P. C. (Buck) Kendrick who has held that post for several terms.

Alton Middleton, retiring secretary and treasurer of the department, was succeeded by George Neely, former Chief. Captains of the two companies were re-elected. They are Duggan Starr in Company No. 1, and R. A. Lane in Company No. 2.

Newly-elected officers of the department assumed their duties at the meeting, and appointment of several committees was announced. A report from delegates and officers who attended the annual convention in Galveston recently will be made at a later meeting.

Retiring officers of the department, Chief Reynolds, Kendrick and Middleton, were given unanimous vote of appreciation for their service and loyalty.

Lusk, new head of the department, is a veteran fireman and is district maintenance foreman for the State Highway Department in Haskell county. Reeves, assistant chief, has been a member of the local department since coming here as manager for the gas company in 1947. Secretary-treasurer Neely is also a veteran member of the department, its former chief, and a former member of the City Council.

HHS Seniors Of '44 Plan Reunion Dinner Here

Members of the Senior Class of 1944, Haskell High School, will have a reunion dinner at the Texas Cafe in this city Saturday, July 2, at 7 p.m. It is likely that plans will be made for an annual event will be discussed.

Plate reservations can be made as late as Friday night, by telephoning 143.

All members of the Class of '44 are urged to attend.

Return to California After Visit

Mrs. Eula Mapes, Mr. and Mrs. Lawrence Mapes and children of Modesto, California, returned to their homes last week after a visit with the former's mother, Mrs. R. M. Atchison and other relatives here.

Donkey Softball Game Scheduled Friday, July 9

Haskell's perennial sports attraction, donkey softball, is back, says Thos. B. Roberson, secretary of the Tri-County Softball League, and he announced Tuesday that a game had been arranged between the Haskell Black Indians and American Legion team.

The contest will be staged on Fair Park Field Friday night, July 8th. Proceeds from the game will go to the Softball Association for ground improvements, and to the local Legion Post.

The long-eared little animals to be used in the game have been well trained and they can be counted on to turn in a creditable performance, Roberson declared. There will also be nine players on each team, but the League secretary had no further comment.

Players for the Legion team are being recruited by Doyle Eastland.

Operators Plan Test Today of Oil Production In Pace No. 1

Assistant Chief

MARION REEVES

Noted Oil Well 'Shooter' Slain In Amarillo

W. A. (Tex) Thornton, former resident of Goree in Knox County, who gained world fame as an oil field explosives expert during the boom days of Burkburnett, was found murdered Thursday morning, June 22, in an Amarillo tourist car.

Thornton, 57, was the father of Col. Bates Thornton, formerly of Washington, D. C., and now an executive with Hughes Aircraft Corporation in California.

Shortly after finding of the body of the oil field "trouble shooter," police launched a three-state hunt for a young couple last seen with Thornton late Wednesday. Press dispatches Tuesday of this week said a young man and his woman companion had been arrested in Granada, Colo., for questioning as possible suspects. Thornton's car previously had been found abandoned near Dodge City, Kans.

Thornton won fame as an oil field trouble shooter. Clad in an asbestos suit, he would walk right up to a wildly blazing well and snuff out the fire with explosives. He worked in oil fields over the globe, handling explosives in situations where one slip could mean death.

In addition to his son, Thornton is survived by his wife, of Amarillo; two brothers, Van Thornton of Goree and Dude Thornton of Seagraves and three sisters, Mrs. Ila West of Fort Worth, Mrs. Howe Ratliff of Bowie and Mr. Bob Gilliland of Odesa.

Office of License Examiner to Be Closed Saturday

License Examiner Joe Daws of the Texas Department of Public Safety, is on annual vacation leave this week, and his office in the courthouse will not be open Saturday, July 2.

Persons who had planned to take examination for license this week-end should postpone their call at his office until Saturday, July 9, when Daws will be back on the regular schedule.

Mrs. Lemmon Visits Daughter in Moody

Mrs. Lola Lemmon was a week-end visitor in the home of her daughter, Mr. and Mrs. Horace Payne and children, of Moody. She was accompanied home by Anne Payne who will spend several days visiting with relatives here.

Church Of Christ Announces Gospel Meeting Date

Dates for a Gospel Meeting to be held at the Church of Christ in this city have been announced. The meeting will begin Friday July 15 and continue through Sunday, July 24. Roy Deaver, minister of the Haskell church, said today.

H. W. McClish of Burnet, Texas, well known to many Haskell church-goers, will do the preaching and Roy Hooten of Mineral Wells will lead the singing.

Services will be held twice daily during the meeting, at 4 p. m. and 8 p. m.

Return to California After Visit

Mrs. Eula Mapes, Mr. and Mrs. Lawrence Mapes and children of Modesto, California, returned to their homes last week after a visit with the former's mother, Mrs. R. M. Atchison and other relatives here.

Interest in oil activity in this immediate area was centered Thursday on the Stanolind Oil & Gas Company's No. 1 John M. Pace, wildcat test which was seen as a potential Canyon Sand pool opener after recovery of oil from sand encountered last week at 3,614 to 3,624 feet.

Approximately 180 feet of oil was recovered on drillstem test, and drilling was suspended and the hole undreamed to bottom for seven-inch casing.

Operators Thursday had finished running casing and were completing storage facilities in preparation for developing production in the 3,614-24 foot horizon.

The wildcat, three miles south-east of Haskell, is located 350 feet from the south and west lines of a 365 acre tract in the T. D. Owings Survey. Nearest production is in the Lawson pool, seven miles northeast.

In the Thomas D. Humphrey No. 4 J. Z. Miller, offset to the Dallas operators' production in the Lawson pool, located in the L. Willoughby Survey, Abstract 408, was drilling ahead Thursday after passing up the 2,700 foot pool pay section.

Parking Meters To Be Given Trial In Stamford

Parking meters are to be installed in Stamford for an eight-months trial basis. This action was voted by the Stamford City Council last Friday. Installation of the meters will probably be made late in July.

Meters will be of the penny type, giving 12 minutes of parking for 1 penny, or one hour for a nickel. According to present plans, the meters will be placed around the Stamford square and on the first block of the four streets running into the square.

Church Of Christ Announces Gospel Meeting Date

Dates for a Gospel Meeting to be held at the Church of Christ in this city have been announced. The meeting will begin Friday July 15 and continue through Sunday, July 24. Roy Deaver, minister of the Haskell church, said today.

H. W. McClish of Burnet, Texas, well known to many Haskell church-goers, will do the preaching and Roy Hooten of Mineral Wells will lead the singing.

Services will be held twice daily during the meeting, at 4 p. m. and 8 p. m.

Clean-Up Campaign Is Extended; Widespread Observance Noted

Although declared successful, the city-wide clean up campaign observed the week of June 19-25 has been officially extended, according to Courtney Hunt, Haskell mayor.

While a large degree of cooperation during the sanitation program, many unfavorable sanitary conditions still exist which are considered detrimental to public health, and the campaign will be continued until all these conditions have been eliminated, Hunt declared.

In announcing the extension of the campaign, the appreciation of the City Council was extended by the mayor to the people of the community for the fine spirit of cooperation displayed in ridding Haskell of the tons of rubbish and trash that had accumulated during the recent months. Continued rains had caused an unprecedented growth of weeds and grasses that are ideal places of breeding for and mosquitoes, he said.

A city-wide inspection is being made at this time to determine the extent of progress in the current drive for a more sanitary town, and property owners are urged to continue in the collection and removal of rubbish from their properties. Special attention should be given weeds on and near places of residences and in alleys, the mayor pointed out.

Property owners are to be responsible for the removal of trash and rubbish from their property in the future as the City has discharged its responsibility during the week of June 19-25 in removing all collected rubbish. However, Hunt said that any rubbish not collected during the first week of the campaign would be hauled free by city operated trucks if the property owners would notify the city secretary's office. Also any vacant lots not cleaned or properly kept should be reported to the city office.

The decision to extend the sanitation program was prompted by the increase of polio in Texas, which in many localities has neared epidemic proportions, Mayor Hunt explained. Public health is at stake during such danger periods, and it is the desire and purpose of the municipal leaders to do all possible to prevent the outbreak of the dread disease here.

To accomplish an overall sanitation program, the full cooperation of the entire citizenship is necessary, Hunt declared, and urged that each person use every possible measure in keeping their property and adjoining property, as well as alleys and streets, clean and free of rubbish and weeds. To use every possible precaution against flies and mosquitoes and to report to the authorities any known unsanitary condition in the city.

The city is being sprayed for the second time this year, and present plans call for periodic operations.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—June 27, 1949
 Fire which was discovered shortly after noon Sunday destroyed the two-story building housing the Weimert State Bank, together with all fixtures of the bank. Furniture, robes and other lodge property in the Odd Fellows Hall which occupied the second floor, also burned. A truck from the Haskell Fire Department started to Weimert but did not reach the fire after motor trouble developed. Business of the bank was resumed Monday morning across the street from the burned structure, and bank officials said plans were underway for rebuilding.
 Dr. J. C. Davis of Rule has re-

turned from a two weeks stay in Galveston, where he attended lectures of the annual medical clinic.
 Mrs. W. A. Holt and little daughter of Weinert were in the city Wednesday.
40 Years Ago—June 26, 1909
 The contract for the new \$25,000 Methodist church building was let Wednesday to H. C. Wyche of this city. There were many bids from contractors over the state. The new church will be of brick and stone and will be one of the most substantial structures of its kind in the west.
 After an absence of 23 years, Joe Friedman, who was the first

boot maker in Haskell county, has returned and opened up a shop in the Neathery Building. Mr. Friedman came here in 1884 and was here when the county was organized. He made footwear for the old cowboys and will be remembered by many.
 Following the disastrous storm recently, Haskell merchants have shipped in a car of cotton seed and will let the farmers have them at cost.
 Dr. L. F. Taylor of Hereford has settled in Haskell. He is an old friend of A. J. Smith of this place.
50 Years Ago—July 1, 1899
 Misses Rob Lindsey and Etta James are visiting in the home of Dave Lindsey on Paint Creek.
 Messrs. S. S. Cummins and family, F. C. Alexander and family, R. D. Smith and family and Misses Lena Wilson, Eugenia and Evelyn English, Ada Fitzgerald and Messrs. Booth English and Bill Gillian went down on the Clearfork Monday to spend the week fishing and hunting.
 L. B. Watkins of Quanah was here this week trying to buy cattle, but we understand he found none for sale at the prices he was willing to pay.
 Jim Kelley is back from his trip to New Mexico. From his report of the conditions in the portion of the country which he went to investigate, it would seem that it is not a very inviting place for homeseekers.
 Prof. J. B. Jones having been offered a large school in Knox County at 80 per month, got the trustees to release him from his contract to teach the Vernon school and has accepted the Knox county school.
 Snap Beans, peas, roasting ears, cucumbers, onions and some other vegetables are coming in abundantly now.
 The Commissioners Court of Stonewall county made another effort this week to have the county records and officers moved back from Aspermont to Rayner, and an opposing Commissioner and a delegation of citizens came over to see District Judge Sanders and try to checkmate the move. The matter is so mixed up with suits, mandamus proceedings and conflicting orders of the Commissioners Court that we don't know any more about the true status than a Stonewall Commissioner does. We understand that Judge Sanders declined to make an official order, but advised the officers to keep the records at Rayner on account of having a safe place for them. But he said he would hold his next court at Aspermont and that all writs, etc., should be made returnable to that place.

MISS VELMA ALICE BALLARD

Mr. and Mrs. T. L. Ballard are announcing the engagement and approaching marriage of their daughter, Velma Alice, to Mr. Frank Nevil of Denver, Colorado.

The wedding will be solemnized July 1st in the post chapel, Fitz Simons general hospital in Denver. Mr. and Mrs. Ballard left Tuesday to be present for the wedding ceremony.

Dennis Chapel Club Meets In Home of Mrs. Coyt Hix

The Dennis Chapel HD Club met in the home of Mrs. Coyt Hix Friday, June 17 with nine members present. Roll Call was answered by giving the date for renewing your drivers' license. We had W. L. Milford with us at this time and he gave a very interesting talk on driving. This was enjoyed by everyone present.

The timely topic was given by Mrs. Cecil Hutchinson at which time she told of the change in styles of clothing for another year.
 Mrs. Coyt Hix gave the slick trick demonstration by showing how to sharpen a razor blade on a glass.
 Mrs. Robert Hutchinson gave a talk on THDA.
 We will meet Friday, July 1, with Mrs. C. C. Childress at 3 o'clock at which time we hope to have our new agent with us.

Refreshments were served to the following: Our speaker Mr. Milford and the members: Mrs. Elwood Hackney, Mrs. Charlie Childress, Mrs. Guy Marshall, Mrs. Cecil Hutchinson, Mrs. Clyde Walker, Mrs. Lloyd Semby, Mrs. Robert Hutchinson, Mrs. Mrs. Darwood White and the hostess, Mrs. Coyt Hix.

Cottonseed, used mainly for oil and livestock feed, now has another use. It is a synthetic protein fiber, and can be blended with cotton, wool, rayon or nylon to give mixed fabrics more softness or elasticity.

Spot Market Quiet As New Cotton Harvest Starts

Although spot cotton markets were quiet again last week in Oklahoma and Texas, interest turned toward the new crop as first bales from the lower Rio Grande Valley captured the usual attention and premiums, reports the Production and Marketing Administration, U. S. Department of Agriculture.

Inquiries from domestic mills and European countries for new crop cotton for forward shipments became more numerous, but sales were small.

Conditions of the new crop look good in nearly all areas, according to the latest reports from cotton farmers. Insect infestation is generally light, so poisoning is not general.

Demand for 1948 cotton remained stagnant last week with a few inquiries from domestic mills for special lots, mostly low grades. Sales in the ten spot markets dropped to 45,922 bales compared to 48,209 for the corresponding week last year. This is one of the few periods this year that current sales fell below those of a year ago.

Dallas, Houston and Galveston basis and differentials were unchanged this past week as Midland 15/16 inch quotations hovered around 32.50 cents per pound. Last year at this time cotton brought 36.60 to 37.10 cents per pound at these markets, or about \$20 to \$23 per bale higher than current quotations.

Prices for new crop futures were slightly stronger last week than for the old crop.

Cotton gray goods markets saw less active demand and declining prices last week.

A good cotton insect control program will increase the yield by 15 per cent. How big the profits will be depends on a couple of things: 1) what price the farmer gets for his crop, and 2) the cost of producing and harvesting the crop.

Farmers can save money if they will buy the water pump best suited for their needs. Three types of water pumps on the market give the farmer a choice, depending on the depth of his well.

National Farm Safety Week is July 24-30.

Can Black-Draught Help That Headachy Feeling?

Yes! Black-Draught may help you when you feel lousy if the only reason you feel that way is because of laxative. Black-Draught, the highly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath—and if these symptoms are due only to constipation—try Black-Draught. Get a package today.

Time Required to Remedy Bad Effects of Overgrazing Land

The results of overgrazing on the range cannot be eliminated by one season of above normal rainfall, nor in two or three seasons, soil technicians point out. It is dangerous thinking to believe that the first six months of this year are going to heal the scars of range abuse that have been carried on for many years. To have the ground covered with grass is not enough if the species of grass is not deep rooted and drought resistant.

To many farmers and ranchers in this area has come a better understanding of which grasses are good and which are not so good. The old timers thought that buffalo grass was enough if sufficient quantities of it was provided for a cow. We have now learned that it takes a combination of good grasses, about fifteen species, for a pasture to be classified better than fair. If given a chance by proper range management, an average pasture will produce a varied assortment of green palatable vegetation composed of 15 to 20 different grasses, ranging from four inches in height to five feet or better in the more favored sites. During a year of favorable rainfall, and if the pressure of grazing is lessened, the better grasses will seed. It is not until the following year that this seed will germinate and come up to thicken the stand of these better grasses. If a pasture is in poor condition like many pastures in this area, it will take several years of seed crops before the desired results will take place.

The supervisors of the Wichita-Brazos Soil Conservation District and technicians of the Soil Conservation Service believe that during the good years every effort should be made to lighten the load of grazing on at least one-fourth of all pasture land not in excellent condition to allow the better grasses to go to seed to build up the resistance of rest range for the dry years.

HOUSE JOINT RESOLUTION NO. 32

proposing an Amendment to Article I of the Constitution of the State of Texas, by adding thereto another Section following Section 15, providing that the Legislature may provide for trials in lunacy cases without a jury; further providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another Section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. The Legislature shall have the authority to enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may be provided for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. That the foregoing Constitutional Amendment be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in September, A. D. 1949, at which election all ballot shall be printed thereon.

"FOR the Amendment to the Constitution of the State of Texas as providing that the Legislature may provide for trials without a jury in lunacy cases" and

"AGAINST the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases."

Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. That the Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 25-4tc

Special Award to Burlington Lines For Safety Record

A special award of honor for exceptional service to safety has been conferred on the Burlington Lines by the National Safety Council in connection with its centennial anniversary celebration. The citation to the railroad states:

"The prevention of accidents to its passengers and employees has been the steadfast goal of Burlington Lines since its founding 100 years ago. The success of its resolute efforts over the century is proved by its outstanding record and the consistent improvement in that record, year after year.

"In every year since 1930, the employee casualty rate of Burlington Lines has been substantially below the average rate of all Class I railroads. And in 1948 its rate not only was 20 per cent better than in 1947, but was 35 per cent better than the average of a conspicuous industry."

In connection with the award announcement, Ned H. Dearborn, president of the Council, said: "On its centennial anniversary, the railroad should be honored

Brazos Soil Conservation District and technicians of the Soil Conservation Service believe that during the good years every effort should be made to lighten the load of grazing on at least one-fourth of all pasture land not in excellent condition to allow the better grasses to go to seed to build up the resistance of rest range for the dry years.

Resting the range in dry years will maintain the stand of existing grasses, but will do little toward improvement.

There are many other good range management practices such as constructing water facilities in all areas of the range to distribute the grazing uniformly, moving the salting locations frequently, providing high protein concentrates during the time that the grasses are cured out, etc., that will improve the condition of the range and provide for a heavier calf crop and a larger per cent of calves each year.

Erosion of the soil in pastures is always present when they are not producing as they should due to improper management.

not just for the passage of years, but for what it has achieved during the past century. In accident prevention, its achievement has been noteworthy, and the Council's award is richly deserved."

A new avocado with yellow skin and flesh has been discovered in the Dominican Republic. It has a buttery texture and a decided nutty flavor when ripe.

Nut grass, or coco grass, can be choked out by growing plants that will smother it. Sowpeas and sudan grass will do the job in the summertime, and in the winter, wheat, oats, barley, rye or rye grass can be planted to control this yard pest.

HOUSE JOINT RESOLUTION NO. 36

proposing an Amendment to Article III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section to be designated as Section 60, reading as follows:

"Section 60. The Legislature shall have the authority to provide by law for the establishment and creation of hospital districts in the counties of this State un-

der such conditions as the Legislature may fix by law, and to provide for the support of said districts by a tax on the ad valorem properties situated in said counties; providing, however, that before such district shall be created it shall be approved by a vote of the people in said district."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the fourth Saturday in September, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR the Amendment to the Constitution of the State of Texas authorizing the Legislature to

provide for the establishment and creation of hospital districts"; and

"AGAINST the Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 25-4tc

New Product Meets Million-Mile Test

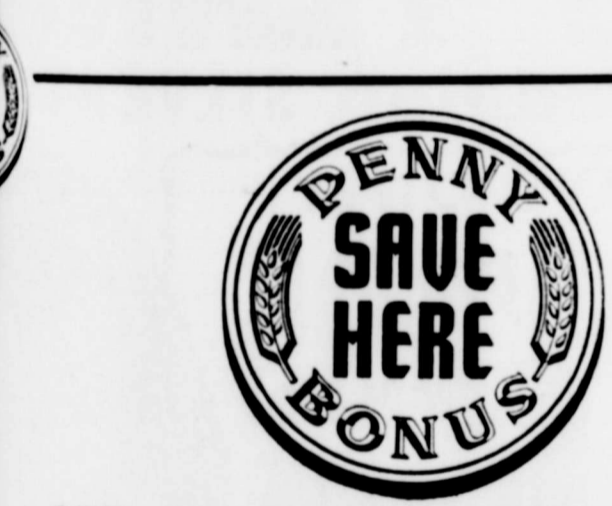

Completed over a million miles of road tests the new Humble Esso Motor Oil was offered to automobile owners. The tests, scientifically planned, duplicated driving condition, and the cars were used.

The testers reported that in every instance, the new Humble motor oil gave extra protection to automobile engines. Humble station salesmen are urging customers to drain dirty, diluted oil and refill with Esso Extra Motor Oil for extra protection. Adv.

Cotton Farmers Are Asked to File For Classing Service

Cotton farmers in organized improvement groups are urged to file their applications for benefits due them under the Smith-Doxey Act as soon as they have planted their crops.

taken and submitted to the classifying office, H. J. Matejowsky, who is in charge of the Abilene classifying office of the Cotton Branch, Production and Marketing Administration, U. S. Department of Agriculture, said today.

He explained that it takes at least 15 days to process applications and then deliver supplies to gins, warehouses, compresses or other agencies approved to take samples.

Groups that file their applications as soon as their cotton is planted will be sure of getting them approved in plenty of time to get their first bales classed.

Cotton is classed without cost for farmers belonging to organized improvement groups under the Smith-Doxey Act.

Applications for this service should be sent to the U. S. Department of Agriculture, PMA, Cotton Branch, P. O. Box 2001, Abilene, Texas. Also, they may be secured from the county PMA office, county agent or local gin-ner.

1949 PONTIAC

Hydra-Matic Drive, white sidewall tires, bumper spring guards and fender shields available at extra cost.

A Product of General Motors

A Very Fine Car at a Very Low Price!

When the 1949 Pontiac was introduced, its public reception made Pontiac history. Yet today, some six months later, it still continues to grow in popularity and demand! For this extraordinary situation, there is a very simple and obvious reason. This big, distinctively styled beauty enables people to enjoy fine car ownership at a very low price.

Powered by the world's sweetest engine, it provides fine car performance wherever you drive. Its handsomely appointed Fisher body affords fine car spaciousness and fine car atmosphere. Because of

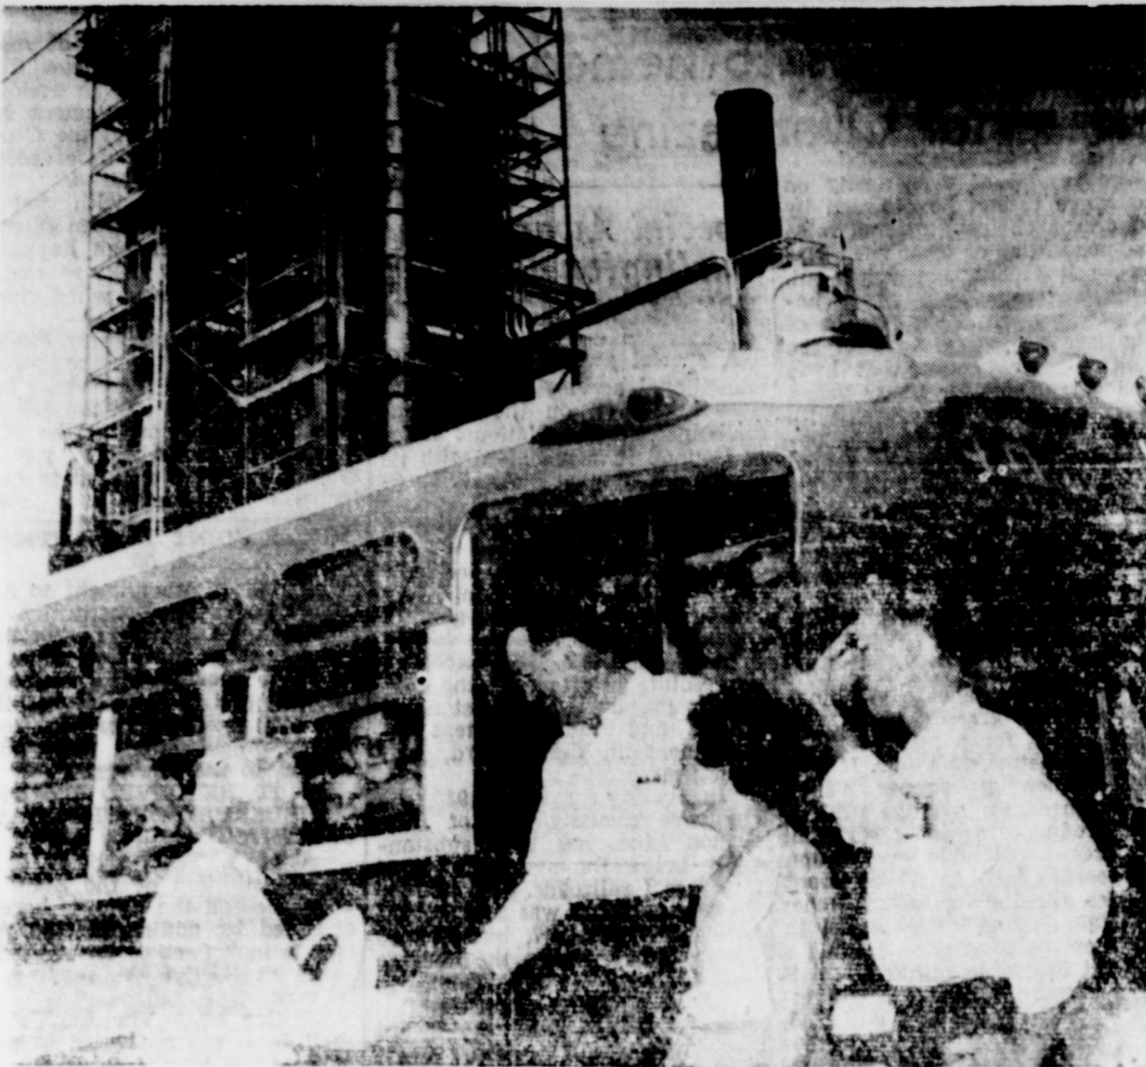

the exclusive Travelux Ride, Pontiac comfort over every road is fine car comfort. Its fine car steering and general handling ease are the happy result of fine car engineering and design. As you have the right to expect of a fine car, Pontiac ownership carries with it the definite promise of satisfactory, dependable performance over the years.

Yet for all its fine car quality, Pontiac is not expensive. Few cars undersell it. In fact, it is America's lowest-priced straight eight. Buy this fine car at its very low price and you'll be very, very happy for a long, long time!

"The Only Authorized Singer Agents In This Territory"

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

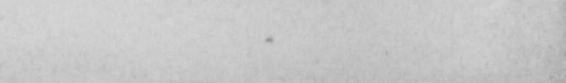

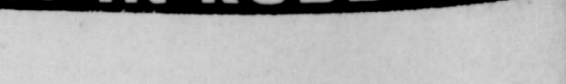

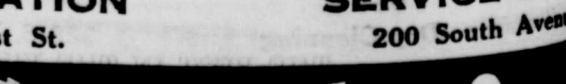

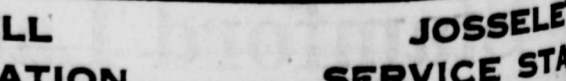

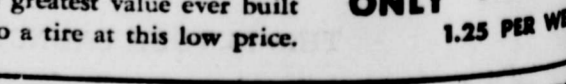

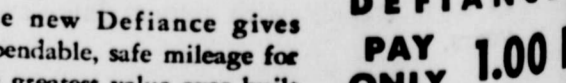

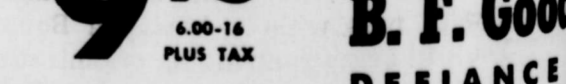

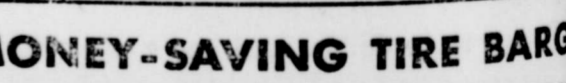

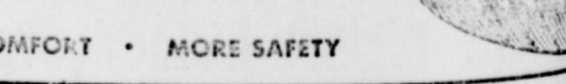

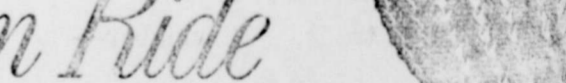

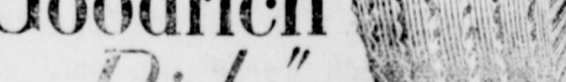

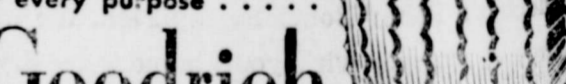

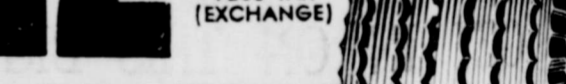

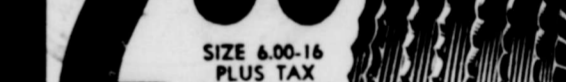

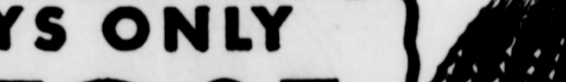

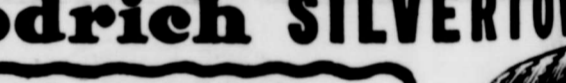

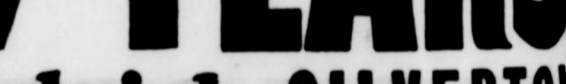

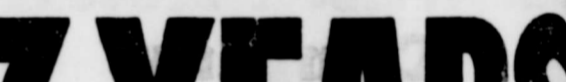

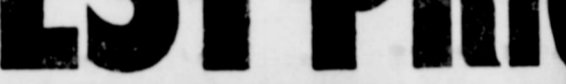

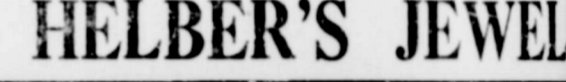

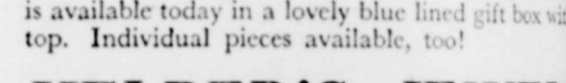

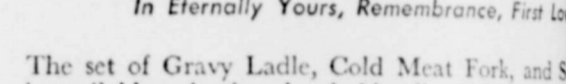

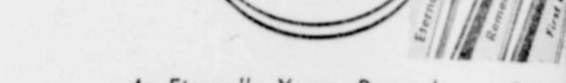

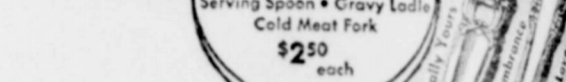

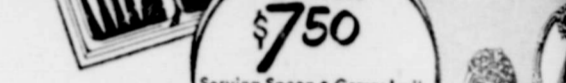

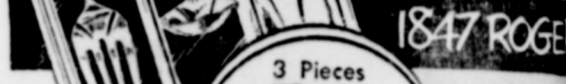

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the fourth Saturday in September, 1949; and at said election the ballots shall have printed thereon the words "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees." Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor therefor.

Sec. 5. The sum of Five Thousand Dollars (\$5,000, or so much thereof as may be necessary, is

hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay of such proclamation election.

H-D Club Women Told About New Weed Killer

Combatting Johnson grass along side of road and on cropland with the new weed killer, TCA, was the timely topic given by Mrs. Corbet Lytle, when the Blue Bonnet Club met with Mrs. Rex Murry, Thursday, June 16.

Mrs. Joe Holcomb gave the council report. Mrs. Raymond Astin gave a quiz program on traffic laws, and also displayed road signs. The roll call was answered by telling when I Renewed My Drivers' License.

Mrs. R. V. Hagle was elected representative to Haskell for the election of delegates to the state meeting to be held at Baker Hotel in Mineral Wells.

The club decided to mail a ten dollar check to Girl's Town, Buffalo Gap.

Ice cream and cake was served to Mesdames Raymond Astin, R. Y. Hagle, Fred Knipping, John Meneborn, Lee Corneliu, A. C. Denson, G. E. Davis, Joe Holcomb, Corbet Lytle and hostess, Mrs. Rex Murry. Visitors were Miss Lonnie Lou Martin, Lennye Lytle.

MR. AND MRS. ALLEN D. OVERTON

Genelle Bailey and Allen Overton Wed In Candlelight Ceremony Sunday Evening

A candle light ceremony performed Sunday evening in the First Methodist Church of Haskell, united in marriage Genelle Bailey, daughter of Mr. and Mrs. Virgil Bailey of Haskell and Allen Overton, son of Mr. and Mrs. Roy Overton of this city. The popular young couple are members of two prominent families of this section.

The double-ring ceremony was read by Rev. Vernon Henderson before an arch of greenery and daisies flanked by tall baskets of white gladioluses. Church pews were marked with white satin ribbon.

Anita Jo Pitman played the traditional wedding music and accompanied Mrs. Gene Overton, an aunt of the bride groom, who sang One Alone. At the close of the ceremony while the couple knelt on a white satin pillow before the altar, Mrs. Gene Overton sang The Lord's Prayer.

The bride was given in marriage by her father, and was attended by her sister-in-law, Mrs. Ruth Bailey of Galveston.

Dresses of the bride and matron of honor were fashioned alike of imported organdy, with ballerina length bouffant neckline, and matching mitts pointed over the hands. The bride's was of white and she wore a crescent head-dress of white daisies on a white Bible. She wore a strand of pearls, a gift of the bridegroom. For the traditional something old she wore a gold bracelet which was a gift from her father to her mother before their marriage.

The matron of honor wore Chartreuse and carried a nose gay of white daisies.

The bride's mother wore a navy sheer with matching accessories.

The bridegroom's mother was dressed in dusty rose cotton with black accessories.

Irving Overton, of Haskell, was his brother's best man. Rex Powers and James Ross

Mickler were ushers. A reception followed at the bride's parents' home where the table was overlaid by a hand-drawn linen cloth. The interlocked hearts wedding cake, was topped by a miniature bride and groom.

Miss Dorothy Jean Overton, sister of the bride groom served the cake. Mrs. Delman Bailey of Stamford, sister-in-law of the bride, presided at the punch bowl.

Guests registered in the guest book, presided over by Miss Emme Lou Opitz. The bride left wearing a frock fashioned of soft blue cotton and embroidered organdy. She wore white accessories and an orchid shouldered corsage.

Following a wedding trip to New Orleans and Galveston, Mr. and Mrs. Overton will make their home in Odessa, where Mr. Overton is employed by Cities Service Oil Co.

Second Day Camp Held For Colored Camp Fire Girls

Camp Fire Girls sponsored another day of camp for the colored girls in Haskell Monday. The day was spent in doing handicraft.

Upon arrival at the grounds the girls collected various types of wild flowers and weeds. Then each person present made Ozlid prints of all the plants. As many as possible were identified.

Film, which had been given by the Texas Theatre, had been taken

home and cleaned. This was brought back and attractive belts were made to add to the wardrobe of each person.

Wild flowers and petals were placed inside. It was pointed out that girls who collect stamps might put some inside the belt or miniature picture of their friend are often used.

After lunch the girls made their camp fire scrap books, one of the requirements for the Trail Seekers Rank. Attractive books were done by spatter painting. These were partially completed by listing the honors they had done.

J. M. Crawford furnished cook-

ies and lemonade for the afternoon snack. Songs and a clean-up period completed the day's activities.

Present were Mrs. Vernilla McDonald, Mrs. Marvin Kingsberry, Sue Almond of Fort Worth, Audrey McDonald, Billie Justin and Kathleen Crawford, area executive.

RETIREES FROM ACTIVE SERVICE IN WSCS

Mrs. W. D. Hellums, who has been a member of the Executive Board of the Missionary Society and WSCS for more than 30 years has had to retire from active

service on account of ill health. She served nine years as treasurer and the rest of the time as secretary of Literature and Publications and Status of Women.

DR. WEATHERBY DIED IN CAMBRIDGE, MASS.

The old-time friends of Miss Una Foster will regret to learn of the death of her husband, Dr. C. Alfred Weatherby, which occurred at their home in Cambridge, Mass., June 21st. Dr. Weatherby was a Harvard professor. Mrs. Weatherby, her father, the

late Judge A. C. Foster, were pioneer residents of Haskell.

ANNOUNCE BIRTH OF A DAUGHTER

Mr. and Mrs. Marlin Brown of Rule are announcing the birth of a girl, Shirley Marie. She arrived June 27 in the Haskell County Hospital. She weighed six pounds and 12 ounces.

Blue Bonnet Club Holds Meeting In Lewis Home

The Blue Bonnet HD Club met Thursday, June 23, in an all day meeting in the home of Mrs. Less Lewis.

At the noon hour a covered dish luncheon was served. The after dinner speaker was Mrs. J. H. Blue of Stamford. She talked on what she called, My Favorite Hobby! Cancer Control.

After a short business meeting Mrs. Rex Murry, read a letter from Girl's Town, Buffalo Gap, thanking the club for being interested in them and for the \$10 check.

Mrs. Corbet Lytle gave the slick trick. A barbecue will be held Sunday July 3 for club members and their families.

Attending were two visitors, Mrs. J. H. Blue and Mrs. J. V. Frizell, Stamford.

Mrs. Rex Murry, G. E. Donis, Arthur Williams, Corbet Lytle, John Wendeborn, Lee Cornelius, Raymond Astin, Fred Knipping, R. V. Hagle, C. Fox, A. C. Denison, Miss Muri Debard, the hostesses, Mrs. Lewis and little Misses Sue Williams, Edith and Myrtle Murry.

The next meeting will be July 7 with Mrs. C. Fox Clark.

Jud H. D. Club Has Program On Safety First

The Willing Workers HD Club met in regular session Thursday, June 23, with eleven members present for a Safety-First program.

Roll call was answered with "Give the Date for Renewing Drivers' License." For a timely topic, Mrs. H. B. Yarbrough chose an editorial "Don't Be Traffic Boars." She quoted Emily Post, "A gentleman will no more cheat a red light or stop sign than he would cheat in a game of cards."

Furthermore, "a courteous lady will not 'scold' rancously with her automobile horn anymore than she would act like a 'fishwife' at a party." It isn't only good breeding to drive carefully and courteously; it is good policy and good sense.

Mrs. Elmer Burleson gave the slick trick demonstration. She used fine sandpaper to remove dark slick spots from suede shoes.

The following Safety First program was given: How to Get a Texas Drivers' License, by Mrs. Joe Mathis; a poem Driver's License, by Edgar A. Guest, Mrs. Cecil Jetton; Traffic Rules, Mrs. Eugene Wheeler; Facts Asked on Drivers' Tests, Mrs. Nathan Foster; Night Driving and Speed, Mrs. S. E. Lewis; Sharing the Road with Others and the poem, Courtesy, Mrs. J. H. Isbell; Things to Remember, Drivers and Pedestrians, Mrs. Ira Short; Accidents, Mrs. D. N. Powell. Each part was given in the form of questions from the Driving Handbook.

Mrs. Elmer Burleson will represent the club at County Council where delegates are elected to attend the State Convention in Mineral Wells on September 21.

Refreshments of cup cakes and soda pop were served by the hostesses, Mrs. Eugene Wheeler and Mrs. Nat Foster.

Jo Ann Bevel and E. J. Carroll Wed In Rochester

Jo Ann Bevel, daughter of Mr. and Mrs. T. C. Bevel of Rochester, became the bride of E. J. Carroll, son of Mr. and Mrs. Hugh Carroll of Itate, Saturday evening in the First Baptist Church of Rochester.

The Rev. Cecil Meadows read the double ring ceremony. The bride wore a light blue lace dress, with white accessories. Her corsage was of pink carnations.

Lena Faye Bevel, the bride's sister, was her only attendant. She wore white organdy over yellow satin, with white accessories and corsage of blue iris.

Billy Ray Bayde of Rule was best man. Upon their return from a wedding trip, the couple will live in Rule.

Christian Church Sunday School Class Visits Colorado

The members of the First Christian Church of Haskell inaugurated and financed a trip to Denver, Colo., for the members of the Youth Bible Class. The purpose of the trip was to make it possible for these young people to attend the Rocky Mountain Christian Service Camp at Jarr Canyon, which is thirty miles from Denver.

The dormitories and cabins are of log structure, rustic in design. Each morning was spent in classes and chapel, with the afternoon designated as rest and recreation periods. Before the evening meal, a vesper service was held on the scope of a mountain. A worship service at night completed the day's program.

Instructors of the classes included Miss Helen Welsch, whose father writes the Sunday School lessons in the "Lookout" publication. Also on the staff were Mr. and Mrs. Vernon Newland of Chavel, who are missionaries to China and who spent over two years in a concentration camp as prisoners of the Japanese. Mr. and Mrs. F. C. Nickerson, minister of the local Christian church were also instructors. Mr. Nickerson served as camp bugler.

There were over 300 registered in the camp, coming from various states. Haskell was the farthest point from the camp, receiving much recognition as such. The Haskellites spent their spare time snapping pictures of the mountains and dense forests, but the campers from Nebraska, Colorado, Kansas found it much more interesting to take snapshots of Texans and all it stood for, but were very disappointed that the Texans had brought no "six shooters."

One of the excursions offered by the camp included a trip up Devil's Head Mountain, for which W. P. Ratliff was designated as one of the sponsors. This journey was made uphill three miles in a cattle track, two miles upward on foot, followed by 175 steps to camp.

On the return trip the group drove down the Garden of the Gods at Colorado Springs and had their lunch at the Garden. The campers on their way to the camp of the Youth Bible Class, who were unable to make the trip are: Mrs. Frizell, Helen Hobbs, Kenneth Hebbie, Freddie Frierson, Fred Draper, Wanda Williams, Martha Menders, Nancy Collins, and Faye and Jewel Minick. Sue Pate and Wanda Draney are teachers of the class.

4-H Better Methods Activity Benefits Home, Community

Time and motion studies are not tools of industry alone. In Texas over 1,600 farms have become proving grounds where boys and girls enrolled in the 1949 National 4-H Better Methods Electric award program are finding easier and better ways of doing a job. Everything from unloading grain to washing dishes is analyzed to save time and energy. The family and community alike benefit from more efficient practices developed through this activity.

Guided by club leaders and county agents, 4-H'ers are "learning by doing" some of the 350 ways in which electricity is used on the farm. To fix the family wash, roasting a chicken, pumping water, milking cows, and making minor electrical repairs are only a few examples of tasks the teen-agers try to improve, and on farms where electricity is not available (about 30%) better methods of doing everyday chores are worked out and practiced.

Club members keep records of accomplishments, and for the best in each county the Westinghouse Educational Foundation presents a gold-filled medal of honor.

House Calls Day or Night

Recent Bride Is Party Honoree In Turnbow Home

Mrs. Herbert Lancaster, who was Martha Dollar, formerly of Lamesa, was named honoree at a bridal shower in the home of Mrs. Alfred Turnbow, June 16.

Summer flowers were used as decorations throughout the house. The table was centered with a crystal bowl of punch encircled with sprays of daisies and fern on a mirror reflector. Mrs. J. W. Aycock presided at the punch bowl assisted by Mrs. Ernie Pueschal and Mrs. G. B. Therwanger, Mary Sue and Francis Lois Lancaster, registered guests. Genena Drinnon greeted guests.

After the wishing well of happiness, the bride was presented with many lovely gifts.

Hostesses were Mrs. Alfred Turnbow, Mrs. Ervin Preschal, Mrs. G. B. Therwanger, Mrs. J. W. Aycock, Mrs. Tom Mapes, Mrs. Elbert Mapes, Mrs. E. J. Couch, Mrs. Bill Reeves, Mrs. T. C. Cobb, Misses Maye Cothren and Genena Drinnon.

OUT-OF-TOWN GUESTS FOR WEDDING HERE

Out-of-town guests for the Overton-Bailey wedding that was performed here Sunday evening in the First Methodist Church included Mr. and Mrs. C. D. Bailey, Virginia and Dorlyne, Elctra; Mr. and Mrs. W. E. Laird, Grandview; Mr. and Mrs. H. W. Smith and family, Weibert; Mrs. Jesse West and Betty Sue, Dallas; Mr. and Mrs. Delmon Bailey and Jane Ann, Stamford; Miss Patti Eager, Stamford and Mrs. Quinton Bailey, Galveston.

JACK HARRISON WILL PREACH SUNDAY AT PRESBYTERIAN CHURCH

Jack Harrison, of Austin, will preach at the Presbyterian church in Haskell next Sunday, July 3, at the 11 o'clock service only.

HERE FROM DALLAS

Jack Bettis of Dallas, personnel manager for Leon Theatres, was a business visitor in Haskell during the week-end.

There are few rules for success that improve on "pay cash" for what you buy.

installments in proportionate amounts received each year from the sale of these seats. Repayments are to be made on or before December 1st each year until all notes are retired.

All improvements at Indian Field, made under this project, will be the property and under the supervision of the school district, with members of the Lions Club responsible for the sale of the notes and raising the funds needed for the project, it was pointed out.

Endorsement of the program was so generous Tuesday when the bonds were placed on sale that school officials deemed it advisable to begin work immediately. As a result, construction crews were busy Wednesday morning on the first of several stages of the project. All work is to be completed before the opening football game of the 1949 season.

A steering committee of J. M. Crawford, A. M. Turner, Joe W. Young, Marion Reeves and S. H. Vaughter is directing the campaign, with all 65 club members comprising the bond sale committee.

Will You Invest ONE CENT For Hearing Happiness?

MINNEAPOLIS, Minn. - Can you spare a penny to find out about "wireless circuits"? This is a brand new way to hear better - a triumph of Telex' electronics and plastic research. Users report they can hear even a whisper. Is the price of a postcard too much to pay for remarkable new information which may mean undreamed-of hearing happiness for you? There is absolutely no obligation of any kind on your part. So put that postcard in the mail today. Simply write the words "Wireless Circuits" and your name and address. Send to Allen Hemmel, Telex Park Minneapolis, Minn. Act now for hearing happiness. 26tf

Teacher Training Enrollment Gains At U. of T.

If University of Texas College of Education summer enrollment is a barometer, the teaching profession is gaining in popularity. Graduate and undergraduate enrollment is up 20 per cent over last summer, Dean L. D. Haske said.

With higher salaries in the offing, an increase in the number of undergraduates taking teacher training is hoped for to help alleviate the teacher shortage.

Given as reasons for the enrollment rise are special offerings by the University's College of Education of particular interest to teachers and administrators, increasing competition for jobs as school administrators, and a general desire for advanced study as result of the new minimum foundation act.

Clean-Up

(Continued from First Page)

erations of the fogging machine as a precaution against the increase of flies and mosquitoes. As a result of the current campaign, the mayor indicated that certain health measures will be adopted and enforced by the City in the interest of public health.

Work is progressing on the dredging of Spring Branch through the city, according to R. P. Hattox, city street commissioner. When work is completed on this project, the stream will be kept free of weeds, rubbish and other obstructions that have allowed water to stand and become stagnant. This was a much needed program, and is only one of several phases of sanitary improvements to be made by the City, officials declared.

Brother of O'Brien Women Dies In San Angelo

A. A. Price, long-time resident of San Angelo and brother of Mrs. Ruby Lee Brothers of O'Brien, died Friday morning in a San Angelo hospital. Other survivors include his wife, three children, and two brothers. He was a brother-in-law of Mrs. W. T. Frady of this city.

Funeral service for Mr. Price was held Saturday at 2 o'clock from Cox Funeral Home, San Angelo, with Rev. W. T. Piddv, pastor of the East Side Baptist Church here, officiating.

J. E. Walling, Jr., Presides at Annual Butane Dealers Meet

J. E. Walling, Jr., retiring president of the Texas Butane Dealers Association, returned Wednesday from Dallas where he had attended the three-day annual convention and Trade Show of that organization.

Held in the Baker Hotel in Dallas, the meeting closed Tuesday night with the annual President's Dinner, at which Walling was an honored guest. During the evening he was presented an Award Scroll for service rendered the association during the year.

Clayton Rand, well-known newspaper man and writer, of Gulfport, Miss., was principal speaker for the final meeting. W. P. McCreight of Victoria succeeds Walling as president of the state association. Walling becomes a member of the Board for one year. He will serve as a Director-at-Large.

Mrs. Walling accompanied her husband to the convention, and was a registered delegate. More than 500 butane dealers from over the state attended the panel discussions and annual dinner. The retiring president presided over the three-day business sessions.

Mr. and Mrs. Virgil A. Brown, Jr., of Stillwater, Okla., were week-end visitors in the home of their parents, Mr. and Mrs. V. A. Brown in this city.

Cotton Market Quiet During Past Week

Oklahoma and Texas cotton markets were quiet again last week, reports the Production and Marketing Administration, U. S. Department of Agriculture.

Demand for spot cotton by domestic mills was extremely light and mostly for specialty lots. Active demand for new crop offerings is expected soon. Inquiries received so far have been considered "feelers."

New crop inquiries continue to increase but reports indicated that the volume of sales were small.

Farmers sold their equities in government loan cotton slowly since current market prices were hardly attractive enough to pull cotton out of loan and pay charges.

Dallas basis weakened. However, Houston and Galveston were about unchanged. Prices dropped below 32 cents per pound for the first time in several months.

VISITING GRANDMOTHERS IN HASKELL

Sara Jean Williams of Vernon, and Sharon and Raina English, of Spur, have been visiting their grandmothers, Mrs. Edith English and Mrs. W. D. Kemp in Haskell.

It is surprising how many people can tell what is the matter with other people, without knowing what is the matter with themselves.

Gholson Marks 33rd Anniversary In Business Here

J. W. Gholson, prominent Haskell merchant and civic leader, more than likely will be down to open his modern grocery store Friday morning a little earlier than usual.

On that date—July 1—he will round out his 33rd year in the grocery business in Haskell, a period during which he has seen and had a part in the development of the town from progressive farm community to a thriving city boasting between 5,000 and 6,000 population. His store, one of the city's leading food stores, has kept pace with this progress.

Gholson came to Haskell July 1, 1916, from Anson, and opened his first store in a small wooden building on the north side about where the building housing the Fair Store now stands. Weathering the severe drought of 1918 and several business depressions, the progressive merchant gradually enlarged his establishment and moved to his present location in the building he owns at 414 North 1st Street. A former City Alderman, he has given much time and work in behalf of civic and school affairs, and to the work of the First Baptist Church, of which he is a member.
