Farmers Dusting Cotton As Bollworms Show Up In Several Areas of County; No Extensive Damage Seen at Present

Haskell county's potential record-breaking cotton crop moved closer to the gathering stage this week, but growers in some sections were becoming increasingly alarmed over threat of damage from boll and leafworms which have begun showing up in the fields.

Worst bollworm threat at the present time is northwest of Haskell and in the Rochester and O'Brien areas, County Agent F. W. Martin said today. And most of the damage is being caused by bollworms, with a minor infestation of leafworms reported in the fields.

Farmers in the affected areas have their counter offensive under way, the County Agent said, and large areas are being dusted with poison. Two crop-dusting planes have been operating in the area during the past week, covering principally the larger fields of cotton. Other farmers are dusting smaller tracts with tractor drawn equipment, and good control results are being obtained with both methods the county agent said.

Due to the fact that most of the cotton acreage in the county is from late plantings, threat of insect damage will remain until the crop nears maturity, the County Agent explained, and if the infestation reaches a too-serious stage, areas already poisoned may require a second application of poison. However, most growers appear ready to take all control measures necessary to insure maturity of the bumper crop, he said.

Labor factor involved in gathering the expected large yield of the county's estimated planting of 160,000 acres has also come in for a share of attention, Martin said. Although the need for laborers is expected to be greater than in the past, a large number of farmers have already made arrangements for additional help. Some of the larger cotton producers, especially in the area along the Haskell-Knox county line, have permanent facilities for the accommodation of transient farm labor, Martin pointed out.

Surviving him are his parents, Mr. and Mrs. Rice Alvis; two brothers, Rice G. Jr., and Thomas; two sisters, Ruth and Ann; his maternal grandparents, Mr. and Mrs. M. B. Howard, all of Haskell; and his paternal grandmother, Mrs. Mary A. Alvis of DeWitt, Ark.

Palbearers were his high school coach, Jack Roten, and members of the football squad, Bud Lane, Billy Ray Lusk, Clinton Kimbrough, Kenneth Stuart, Bobby Jack Price, Tommy Rhoades, Bobby Neil Smith, and Harold Spain, Haskell postmaster.

Alvis was born March 9, 1931, in Haskell County. He would have been a senior in high school this fall. He had been a member of the Baptist Church his entire lifetime.

Stationed in Yokohama, Japan's major port city and seat of the headquarters of the Eighth Army, Corporal Langford is filling an essential job with the Army's Occupational Forces. To occupy his leisure hours, he has access to theaters, clubs, libraries, evening classes, a gymnasium, bowling alleys, volleyball and tennis courts, a swimming pool, a golf course as well as the picturesque scenery of this ancient country.

Entering the Army in March, 1947, he arrived in this theater in January 1949. He served with the 514th QM Base Depot in Korea before coming to Japan in January, 1949.

Dr. Leo Hendricks, professor of geology at TCU, said the fragment of a shark of the Permian age. It was the second such discovery made in North America, although such finds are reported fairly common in Russia, Hendricks said.

The half-circle portion was teeth along the inner edge measured some five inches across. Hendricks said. This portion of the jaw would be the animal's jaw, he added.

Present day sharks have teeth set in cartilage structure.

PAINT CREEK, MATTSON SCHOOLS SET OPENINGS

The Mattson school will open the 1949-50 term Thursday, Aug. 25th with the strongest faculty in the school's history, according to Supt. L. W. Norman, who said this week that all preparatory work on the school plant had been completed.

Buses operated by the school will make their first run about 9 a. m. Thursday to register pupils.

Parents are invited to visit and get acquainted with the faculty, Supt. Norman said, who pointed out that cooperation of parents and school patrons would be necessary in making the term a success.

Fully qualifying under the new Gilmer-Aiken law, the following teachers will be assigned in their respective fields of study:

George Beard, B. S., Hardin-Simmons, Principal and commercial subjects; Odell McCoy, B. S., Hardin-Simmons, Coach, Math and Science; Annie Mae Roberts, B. A., Mary Hardin-Baylor, English and 7th and 8th; Julia Williams, B. S., Hardin-Simmons, 5th and 6th; Rubye Faye Norman, B. S., North Texas State, 3rd and 4th; Loyce McCoy, B. S., McMurry College, 1st and 2nd; L. W. Norman, M. A., North Texas State, Superintendent, English and Social Science.

Supt. Norman said the Irby community has joined Mattson, with all their scholastics planning to attend their home district. These pupils are extended a warm welcome and it is hoped that the Irby community will furnish a few room mothers for the coming term.

The new term will open with a fully accredited high school which has recently been removed from the doubtful list, two new courses are being planned. They are Agriculture, primarily for boys, and Shortland, primarily for girls. If the new Commissioner of Education is favorable, Home Economics will be added another year.

Area Youths Register With Draft Board

Twenty-two youths of Haskell, Jones and Shackelford counties who reached their 18th birthday during the July were registered with Local Board No. 77 at Anson, headquarters of Selective Service for the tri-county area.

New registrants include Roy Lee Jordan, Harold Wayne Angel, John Wyatt Couger, George Washington Mullins, Jr., Danny Ben Myers, Alton Kite, James Webb Faulks, Walter Lee Rainwater, Thomas William Jetton, John Edward Hill, Thurman Junior Briscoe, Bennett Edgar Hull, Clois Kirby Thomas, Clifford Le on Darden, Jim Stanley Willis, Johnny Allen Medford, John Ed May, Norbin Dempsey Smart, Alben Bennett, Jr., Billy Leonard Pannell, Billy Darrell Sorenson, Norman Lee McCoy.

RETURNS TO LOS ANGELES

Mrs. Hicks Hinkle and little daughter, Laurita, left Saturday for their home in Los Angeles, Calif., after a visit of several weeks here in the home of Mrs. Hinkle's father, C. K. Jones and family.

VISITING MOTHER IN TULSA, OKLA.

Mr. and Mrs. Art McMillin and children went to Tulsa, Okla., last week, where Mrs. McMillin and children will visit in the home of her mother, Mrs. Lillian B. Robertson.

SUNDAY VISITOR

H. J. Hambleton of Wichita Falls was a Haskell visitor Sunday, in the home of his mother, Mrs. H. J. Hambleton, Sr.

Stanolind Gets Second Producer; Important New Wildcat Test Starts

REV. MAX COPELAND

Revival at Roberts Baptist Church Begins Tonight

The annual summer revival sponsored by the Roberts Baptist Church, northeast of Haskell, will begin Thursday night, August 18 and will close Sunday night, August 28.

The pastor, Rev. Max Copeland will bring both morning and evening messages during the meeting. Herbert Lancaster will direct the music and singing during the revival.

Everyone is cordially invited to attend all services possible.

Byron Frierson Takes Managerial Job With State Prison Farm

Byron W. Frierson, County Agent of Sterling County, recently tendered his resignation to W. I. Marshall, District Extension agent, in connection with the Bureau of Reclamation. He will assume the position of Assistant General Manager in Agriculture for the Texas Prison System.

Frierson is a son of Mr. and Mrs. Paul Frierson of this city. He is a graduate of Texas A&M College and a veteran of the recent war. He is married and has one daughter. Graduating from A&M in 1947, he worked in San Angelo for a short while as Assistant County Agent before moving to Sterling City in May 1947.

In assuming his new position, which was recently authorized by the Texas Prison Board, Frierson will work directly under the direction of General Manager O. B. Ellis. He will be concerned with the agricultural phase of the prison operation. The system is comprised of more than 70,000 acres of land.

Mr. and Mrs. Art McMillin and children went to Tulsa, Okla., last week, where Mrs. McMillin and children will visit in the home of her mother, Mrs. Lillian B. Robertson.

Baskin Dam Plans Discussed With Brazos Authority

Haskell civic leaders and other backers of the proposed Bob Baskin Dam on the Double Mountain Fork of the Brazos presented their request Monday night for rights to 310,000 acre feet of water to the Brazos River Authority, conservation and reclamation district, at Mineral Wells.

The request was made at the suggestion of the Texas Board of Water Engineers to whom the Baskin Dam proponents presented a similar plea two weeks ago. They were advised by the engineers that the Brazos Conservation Board held an earlier permit for the unappropriated flow of the Brazos and its tributaries.

The group met with R. D. Collins, general manager of the Brazos district, and Fred Brown, Mineral Wells, member of the governing board.

In the group presenting the request were John A. Couch, president of the Baskin association, Mayor Courtney Hunt, Ralph E. Duncan, and D. A. Bandeen, West Texas Chamber of Commerce manager.

Collins reported the request would be presented to the executive committee of the Brazos River Authority in time to be reviewed by the directors at their next meeting.

He said that he had no doubt that the Brazos district would "do all possible to help make the Bob Baskin Dam a reality."

He added that a reservoir such as is proposed by the Bob Baskin group, has been slated for several years by the Brazos river group, and no objection has ever been offered to municipalities using the water for drinking purposes.

The Brazos river spokesman said the district has estimated cost of land and a dam would be seven or eight million dollars. A Bureau of Reclamation estimate, made several years ago for a like dam only with cost of pumping facilities and canals for irrigation would be above \$19,000,000.

Members of the Bob Baskin association said the Bureau of Reclamation is undertaking a new survey to see if municipal water potentialities will be a factor in its construction of a dam. The Baskin dam supporters declared they prefer to work with the existing Brazos district, rather than attempt to set up a separate authority.

New Cotton Storage House Built At Duncan Gin Plant

A modern new cotton storage house has been completed at the Duncan Gin plant in this city, replacing the structure destroyed by fire last winter during the ginning season.

The new building is of entirely new design, according to W. A. Duncan, veteran gin operator. Of unusual design, the structure is divided into 32 separate bins, each with a capacity of five or six bales of seed cotton. The separate bins provide additional protection from fire or other elements while cotton is stored to await ginning, Mr. Duncan explained, and thereby permits the plant to accommodate a larger number of patrons than formerly.

In addition to the new storage house, the entire gin plant has been gone over and placed in readiness for the coming season, Mr. Duncan said.

Mr. and Mrs. Art McMillin and children went to Tulsa, Okla., last week, where Mrs. McMillin and children will visit in the home of her mother, Mrs. Lillian B. Robertson.

Completion of what is authoritatively reported as Haskell county's largest oil producer—Stanolind's No. 1 F. A. Pleasant's three miles southeast of Haskell, and discovery of new Strawn reef lime production in Humble's No. 1 J. D. Brown north of Haskell, coupled with the start of drilling operations on an important new wildcat in the South Haskell field, marked an accelerated trend in oil activity this week.

The new wildcat is the Thos. D. Humphrey No. 1 T. L. Ballard, located 330 feet out of the north and east lines of the Ballard tract in Block 1, H&TC Ry Co. Survey 14.

Surface pipe was set today in the new test, projected to 4,000 feet with rotary. Location is a mile southwest of the Stanolind Canyon reef discovery on the Pace tract.

Completion of Stanolind's No. 1 Pleasant's was completed Sunday when the well cleaned itself out and came in natural after tubing had been run. After flowing 250 barrels, the well was shut in to await erection of storage and taking railroad commission gauge on the potential. Based on initial flow through tubing and choke, estimates of potential production ranged above 2,000 barrels daily. A southeast offset to the No. 1 Pace Canyon reef discovery, the well is 330 feet from the north and 2,993 feet from the east lines of the F. A. Pleasant's tract in T. D. Owings Survey. Stanolind Oil & Gas Co. has a block of approximately 4,000 acres surrounding the two producers. The Texas Railroad Commission has granted discovery allowable to the Pace No. 1 with location designated as the South Haskell field.

Humble Oil & Refining Company No. 1 J. D. Brown, in the southwest corner of block 7, J. Wilson survey in the Burson field north of Haskell, has prospects for production from a new Strawn reef lime for this part of the county.

Top of the formation was picked up at 4593 feet and was drilled to 4630 feet where a drill stem test was made. Open 90 minutes, gas surfaced immediately and sprayed oil. Recovery registered 2493 feet of free oil with no water. The test is a north offset to the same company's Burson producer, a completion in a sand formation at 4736-60 feet with initial production of 175 barrels daily. The finding of the new horizon and formation in this area is important. Holding large acreage in the vicinity is Continental, Humble and the Anderson-Prichard Co. Operators shut down the well to wait on orders.

Five miles northeast of Haskell Roark, Hooker and Fain & McGaha No. 1 Couch, a 5800-foot rotary test in block 76, J. Williams survey, was drilling Wednesday in shale and sand formation below 4449 feet.

Mr. and Mrs. Art McMillin and children went to Tulsa, Okla., last week, where Mrs. McMillin and children will visit in the home of her mother, Mrs. Lillian B. Robertson.

County Trustees Authorize New Teacher Set-Up

The County Board of School Trustees, in a business meeting here last Thursday, approved the hiring of additional personnel for Haskell county schools, whose time and services will be shared by the various schools, under provision of the new school program being worked out in Texas this year.

New school personnel for the county, approved by the Board Thursday, will include a County School Nurse, two visiting teachers, and exceptional teacher (for handicapped children) and an Elementary Supervisor for Haskell county.

For the position of elementary supervisor, the Board elected Mrs. Lillian Logan of Knox City, a former teacher at O'Brien, who has had broad experience in the field of education. Mrs. Logan is to receive her Master's Degree from H-SU Friday night.

The Board expects to be able to select personnel for the three additional county teaching posts, and for the School Nurse before the approaching school term is far advanced in the schools of the county.

The county Board of Trustees is composed of John A. Couch of Haskell, president; E. H. Baugh, W. H. Merchant, Roy A. Overton, and Will Stegemoller.

Mr. and Mrs. Art McMillin and children went to Tulsa, Okla., last week, where Mrs. McMillin and children will visit in the home of her mother, Mrs. Lillian B. Robertson.

HOUSE JOINT RESOLUTION NO. 32

proposing an Amendment to Article I of the Constitution of the State of Texas, by adding thereto another Section following Section 15, providing that the Legislature may provide for trials in lunacy cases without a jury; further providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another Section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. The Legislature

shall have the authority to enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. That the foregoing Constitutional Amendment be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, A. D., 1949, at which election all ballot shall be printed

thereon: "FOR the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases" and

"AGAINST the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases." Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. That the Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 25-4c

HOUSE JOINT RESOLUTION NO. 38

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be au-

thorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the words "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees." Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for the retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Sec. 5. The sum of Five Thousand Dollars (\$5,000, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election. 25-4c.

About 34 million man-days of labor were lost through strikes in 1948.

Surplus Potatoes Make Good Livestock Feed If Properly Balanced, Agent Says

Surplus Irish potatoes, available through the local PMA office for livestock feeding, will give good results if fed properly in balanced rations, according to County Agent F. W. Martin.

Four to five pounds of potatoes furnish livestock with about as much total digestible nutrients as one pound of grain; 2 1-2 to 3 pounds of potatoes equal to one pound of hay; and potatoes are about equal to silage, pound for pound.

County Agent Martin points out that potatoes are deficient in protein and vitamin A, and contain so much water that they should be fed with other feeds. The feeding of as much or more protein concentrate, such as cottonseed meal, is recommended by livestock authorities when potatoes are fed as when grain is used.

Because they may cause scours or other digestive troubles, potatoes cannot be fed in unlimited amounts. They should be freshly chopped each day for cattle or sheep, and cooked for hogs.

Dairy cows can do well on 20 to 30 pounds daily, of potatoes, when they replace part of the grain at the rate of 4 to 3 pounds of potatoes for 1 pound of grain. To provide needed dry matter, feed cottonseed hulls or hay liberally. Include enough cottonseed meal, or other vegetable protein concentrate, to make an 18 per cent protein mixture for cows on poor pasture, or a 14 per cent mixture for cows on good pasture or legume hay. Feed only after milking; potatoes may cause off-flavor if fed during milking.

Steers fatten satisfactorily when potatoes replace part of the grain in balanced rations. Feed 3 to 4 pounds of potatoes daily, at first. Gradually increase until steers are eating 15 to 20 pounds of potatoes daily. Used in these amounts, each 4 to 5 pounds of potatoes replaces one pound of grain.

Cooked potatoes have about 50 per cent more value for hogs than do raw potatoes. Add two pounds of salt to each 100 pounds

of potatoes. Cook until done and drain off water. For fattening hogs, combine 3 pounds of potatoes with one pound of the following concentrate mixture: 80 pounds of ground grains, 8 lbs. of cottonseed meal, 8 lbs. of tankage, and 4 lbs. of alfalfa leaf meal. Feed hogs all they will clean up, twice daily.

Fattening of lambs should be started carefully on small amounts of potatoes, gradually increased to 1 to 2 pounds daily per lamb. A balanced ration for fattening lambs is: 1 1-2 pounds of chopped potatoes, one pound of ground grain, 1-3 pound of cottonseed meal and two pounds of hay.

Potatoes make good silage, the County Agent says, when dry feeds are added in the silo. Potatoes should be run through an ensilage cutter along with the dry roughage. Twenty to 25 pounds of dry roughage for each 100 pounds of potatoes will improve silage by absorbing excess moisture and aiding fermentation. Adding 3 to 5 pounds of ground grain also improves silage quality.

Wednesday is named after Woden, a deity of the Anglo-Saxons.

ONEAL'S RECIPE OF THE WEEK

by Mary Lee Taylor

Royal Meat Patties
Broadcast: August 20, 1949
4 large onion slices, 1/2 inch thick
1 lb. ground beef
1/2 cup rolled oats
1 cup Pet Milk
1 1/2 teaspoons salt
1/4 teaspoon pepper
3 tablespoons shortening
1 tablespoon butter or margarine
2 tablespoons flour
few grains pepper
No. 2 can peas, drained

Remove centers from onion slices leaving 2 outer rings from each. Cut centers fine; mix with meat, oats, 1/2 cup milk, 1 teasp. salt and 1/4 teasp. pepper. Shape into 8 flat patties. Cook onion rings slowly in skillet 5 min. in hot shortening. Remove and save. Brown patties slowly on one side. Turn; put onion rings on top of patties. Cover; cook slowly to brown under side of meat. Meanwhile, melt butter; blend in flour, 1/2 teasp. salt and few grains pepper. Stir in 1/2 cup liquid off peas. Boil and stir 2 min. Stir in 1/2 cup milk and the peas. Heat. Serve in the onion rings. Make 4 servings.

FOUR FAMILIES COMPOSE PARTY VISITING POINTS IN NEW MEXICO

Members of four families were in a party which recently visited points of interest in New Mexico. In the group were Mr. and Mrs. Garth Garrett and son Don Ray, Mrs. C. L. Garrett, Joe Edd and Weldon, Mr. and Mrs. H. D. Griffin, Bennie Jewel and Donald, Mr. and Mrs. Willie Farrell and sons Billy and Cleve. They visited Carlsbad Cavern, Roswell and Ruidosa, N. M., during the past week. Everyone reported a very pleasant trip. They all agreed that Mexico had beauty galore, but home in Texas was best of all. Garth plans to open a shop in the J. I. Case Garage in Munday. He has worked for Morrison Construction Company for the past two years in Jamez Springs, N. M.

Nearly the whole of Haskell county had a rain this week, which will assure a good feed crop and make the cotton fruit. M. H. Gilliam has returned from a trip to Temple and spoke points.

W. L. Hills of Rule was in Haskell Wednesday and reports crop prospects in that vicinity very flattering.

Mr. and Mrs. G. W. Pitchford took their little daughter, Gussie to Fort Worth this week, where she was operated on for appendicitis. Mr. Pritchard has returned and says the little girl is recovering nicely.

Mr. and Mrs. C. D. Grissom left Monday for Fort Worth, Corpus Christi and other points. They also plan to visit in Oklahoma before coming home.

Will Boone and little daughter, Miss Margaret of Wichita Falls, are visiting his brother, J. S. Boone and family.

Haskell has the gravel to make good streets, and it would be in order for our citizens to unite in getting this work started.

W. A. Marsh has sold his interest in the firm of Marsh & Williams and has purchased an interest in the North Side Meat Market.

Mr. and Mrs. Ross Hemphill and Mrs. Steadman visited relatives in the Vontress community Sunday.

50 Years Ago—August 19 1889
 A Mexican struck the town Thursday with a big Italian harp and, being something of a novelty here, the young folks got up a party at Mr. Tandy's and enlisted the services of the bronzed son of Montezuma and with other stringed instruments and a piano had a big musical time.

Frank Smith was bitten Thursday night by a snake or some insect, and Dr. Gilbert who went out to see him, says he has been suffering considerable pain from the bite.

The heavy coat of grass on the ground is getting dry enough to burn in many places and the chances are that inside of thirty days half of the county will be burn off unless the people go to work and burn or plow sufficient fire guards.

S. R. Edwards of Kansas is here for the purpose of buying cattle.

Miss Laura Garren returned Monday from a visit in Seymour.

Very few Haskell people attended the reunion at Seymour, but those going reported a good program of entertainment and hospitable welcome on the part of our neighbors to the north.

G. J. Miller has sold 320 acres of land about 12 miles east of town to L. V. Smith of Denton county for \$500 cash. Mr. Smith has gone home to close out his affairs there and move to Haskell.

Miss Maud Isbell of Knox county is visiting friends here this week.

W. M. Sager returned a few days ago from a visit to Young county.

John Vannoy came down Wednesday on a visit to his numerous Haskell friends. He is now located at Canadian.

C. H. Hand has sold his leased pasture in the west part of the county to Mr. Wasson of Breckenridge, who will move to Haskell.

Miss Varney Epley, who lives in the northwest part of the county stuck a pin in her arm about a week ago and it is reported that blood poisoning has set in and that she is suffering a great deal of pain and may lose her arm.

HOUSE JOINT RESOLUTION No. 34
 proposing an Amendment to Article III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section to be designated as Section 60, reading as follows:

"Section 60. The Legislature shall have the authority to provide by law for the establishment and creation of hospital districts in the counties of this State under such conditions as the Legislature may fix by law, and to provide for the support of said districts by a tax on the ad valorem properties situated in said counties; providing, however, that before such district shall be created it shall be approved by a vote of the people in said district."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR the Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts"; and

"AGAINST the Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 25-47

Condition Feeder, Calf Now For the Locker This Fall

Now is the time to start getting that milk pen calf ready for the locker plant this fall, says Roy W. Snyder, extension meats specialist of Texas A&M College. You want tender, juicy and tasteful beef in your locker box and you can have it if the calf you butcher is fat.

Snyder adds that a thin animal with no external fat usually produces meat that is dry, tough and stringy but a fat calf furnishes the kind of meat that we all like to eat. There is fat mixed with the lean muscles and that is what makes a juicy steak or roast.

Snyder says, he likes a calf that will weigh about 500 pounds on foot and is fat. It will dress out about 270 pounds—135 pounds to the side—and this doesn't include the heart, tongue and liver.

Condition Feeder, Calf Now For the Locker This Fall

It is easy, he says, to cut to fit any size family. Roasts can be cut either large or small and you can't do this with a thin small calf. The short ribs from this kind of calf are also very good. You'll find them juicy and tasty because of that mixture of lean and fat.

A beef type animal is desirable but a milk pen calf makes a good substitute and they are available on most farms, says Snyder. So long as the calf gets milk and good grazing, it will do well but

Condition Feeder, Calf Now For the Locker This Fall

when the grass begins to dry up, supplemental feeding is necessary. This is the feed that will make the good beef. The grain ration should be increased as the calf gets older and if grazing is not available, it is advisable says Snyder, to feed hay or other roughage with the grain.

The Dollars That Go Farthest Are Those You Spend For Farm Machinery

FIGURES FROM U. S. DEPARTMENT OF COMMERCE FOR 1948

This picture of farm prices shows that the dollars you invest in farm machinery today go farther than the dollars you spend for other things.

For, in spite of steel prices that climbed over 60% and factory wages that increased over 90%, the price of farm machinery was held down to about 44% over the 1939 level.

In the meantime, farm labor costs stepped up over 200% . . . and the prices of such things as livestock feed multiplied, too. These are the things you had to buy every month . . . even though you found the price tag going higher and higher.

The situation today is that the cost of crop-producing machinery is on a comparatively low level. This is shown by the heavy black line in the chart above.

It is easy to see that the prices of other things would have to take quite a tumble to make them as good a buy as the labor-saving, crop-saving farm machinery that you find on your dealer's floor today.

Don't be misled by a few dramatic cuts in other items. Remember, farm equipment has been and is today your best buy for your money. Be able to recognize the importance of being equipped to care for and to harvest the crop that you depend upon for this year's profits.

Farm Equipment Prices Didn't Climb to High Peaks During and Since the War Years as Most Other Prices Did—Therefore Can't Slide Downward As Other Prices Can.

temporarily absent for other reasons than marital troubles. The husbands are relatively young. Nearly one third are under thirty-five. About one fourth are over thirty-five, and 90 per cent of these men have been married fifteen years or more. Only 6 per cent of husbands under thirty-five have been married before. For all ages, 13 per cent have been married more than once, including those widowed as well as divorced. Fully half the husbands provide for one or more dependent children as well as their wives. Less than one fourth of the wives work outside the home, even though the proportion of working wives is greater than ever before. "All in all," the bulletin concludes, "American men still look with great favor on traditional family life."

In the fiscal year 1947-48 the FBI handled and solved 33 kidnapping cases.

ENGINEERING CHANGES in Ford trucks during the past 18 months are keeping pace with the demand for greater measures of flexibility, performance and economy. J. D. Ball, manager, truck and fleet sales department, Ford Division, has announced. Above is the Series F-3 Ford stake truck which has a wheelbase of 122 inches and a gross vehicle weight rating of 6,800 pounds.

Governor Orders Statewide Election For Nov. 8th

Governor Shivers Wednesday ordered a special state-wide election for Nov. 8 for consideration of 10 proposed constitutional amendments and selection of a State Board of Education. The order was directed by new laws enacted by the last Legislature. One member of the new elective state board of education will be selected from each of the state's 21 congressional districts, as provided by the new Gilmer-Aikin laws. Candidates to the school posts must file application with Ramsey between Sept. 8 and Sept. 19. Petition carrying the names of 100 qualified voters in the congressional district may also place a candidate's name on the ballot, if filed within the same dates required for applications. Order in which names of candidates appear on the ballot in each district is to be determined by lot by the secretary of state. County judges will be notified of ballot form at least 30 days before the election. Law requires the governor, attorney general and secretary of state to meet and canvass the election returns on the 15th day after the date of election. That means that the members of the new school board would be officially recognized on Nov. 23. Results of the amendment voting would also become official on that date. Question of who are members of the state board of education between election day, Nov. 8 and date of the canvass, Nov. 23, meanwhile, has the present appointive board of education in a business snarl. Present members don't know whether they are still commanded by old laws or prohibited by new law in performing certain required textbook selection functions during that period. They have asked for an attorney general's opinion. The constitutional amendments propose to: Abolish the poll tax voting requirement. Qualify women to serve on juries. Authorize creation of rural fire prevention districts. Provide annual legislative sessions and annual salaries for legislators. Authorize creation of city-county health units. Authorize civil service in counties on popular vote. Permit district judges in multi-county districts to hand down decisions in any county of his district regardless of where the suit may have been tried. Provide for trials without a jury in lunacy cases. Provide for creation of hospital districts.

Uneven Trend Marks Southwest Farm Markets

Some higher, some lower prices appeared at southwest farm markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports. Cotton ranged from \$1.25 a bale higher to \$1.25 lower for the week. Spot cotton closed Monday at 30.55 at Dallas, 30.80 at Little Rock, and 31.20 at New Orleans. Yellow corn fell 13 1-2 cents a bushel, and milo 10 to 12 cents a hundred pounds. White corn lost 4 to 6 1-2 cents, oats about 2 and wheat a penny. No. 2 yellow corn closed Monday at \$1.45 3-4 to \$1.47 1-4 per bushel, basis Texas

common points. No. 2 yellow milo brought \$2.05 to \$2.10 a hundred. No. 2 white corn cashed around \$1.75 1-4, and No. 1 hard wheat from \$2.17 1-2 to \$2.24 1-2. More rough rice went to market last week as new crop harvesting increased. Feedstuffs sold mostly unchanged to somewhat higher. Both alfalfa and prairie hay met with very low demand, especially on the lower grades. Less went to market and more to storage. Peanut shelling started in South Texas, but rains delayed digging. Trend of most fruit and vegetable prices continued downward last week. Peas declined 25 cents a bushel, and cauliflower 50 cents a crate in Colorado's San Luis Valley. Potatoes held steady in Colorado, and sweet potato prices rose in southern Louisiana. Most products moved well at New Orleans on liberal receipts. Lettuce advanced at Fort Worth, but a long list of fruits and vegetables showed price declines. Spring chickens held firm and other poultry steady for the week. Good quality eggs found firm markets. Shipments from mid-west areas made up shortages in the southwest. Canded or graded eggs ranged largely from 45 to 50 cents a dozen in Colorado, 53 to 60 cents in Louisiana, and 45 to 55 in Texas. Dressed meat sold largely steady to higher at eastern wholesale markets. More livestock arrived at mid-west markets last week than a week earlier, but sheep decreased by a half at Texas and Oklahoma terminals. Most cattle sold steady to 50c higher for the week at Texas markets, but calves and stockers declined at San Antonio and Fort

Worth. Cattle advanced mainly 50c to \$1 at Oklahoma City. Choice steers and heifers set new highs for the year of \$28.40 and \$28.35 at Denver, but other grades and classes lost 50c to \$1. Hogs lost 50 to 75 cents for the week at Texas markets, and \$1.25 to \$1.50 at Oklahoma City. Butcher hogs declined \$2.25 at Denver and \$1 to \$2. Pigs showed little change. Top butchers ranged from \$21 to \$22 in the Texas, Oklahoma and Colorado markets. Spring lambs declined mainly 50 cents to \$1 in the southwest, while ewes sold mostly firm to slightly stronger. Top springers cashed at \$22.50 at Fort Worth Monday and \$24 at Denver. Goats lost 25 to 75 cents for the week at San Antonio. Some territory wool sold in Boston, and some grease wool moved in Texas and New Mexico last week. Mohair continued to sell at steady prices. Sheep have two skins, separated by a layer of fat.

Gay Gibson JUNIOR DRESSES DANCE EVERY DANCE In romantic Rayon Canton Crepe, designed for dancing, with its graceful floating panel. Black, copper, pine green, cherry red. brown 9 to 15 \$12.95 Perkins-Timberlake

On Sunday morning the entire group went to church. For lunch they met at the home of their parents, Mr. and Mrs. J. A. Rose where a bountiful lunch was enjoyed. Present for the occasion were: Mr. and Mrs. Chas. A. Rose and son Kenneth, of San Angelo; Mr. and Mrs. Clovis L. Pinkerton and daughter Norma Lee, of Austin; Mr. and Mrs. J. A. (Dan) Bland and daughters, Delores, Wilma Dan, and Thelma Ann, of Dallas; Mr. and Mrs. Gene Rose and daughters, Patricia and Carolyn, Mr. and Mrs. J. C. Hillburton, Jr., and sons, Artie and David, all of Haskell.

The double ring ceremony was read by Roy Deaver, minister of the Church of Christ of Haskell, before an improvised archway of pines, fern and palm leaves, with tall baskets of pearly gladiolas for background. Tall cathedral tapers were used on either side of the archway. Jackie and Jimmie Jetton, twin cousins of the bride, lighted the white tapers. They wore pink waffle pique with white accessories. Doris Faye and Roy Glen Johnston and Margaret Lasseter sang Because, Always, and Melody of Love.

After supper were served games and recreational plays were enjoyed by all. Special guests were Mrs. E. D. Arnold, Mrs. Ethel Bird, Mrs. Earl Carroll, Mrs. Bill McFarlin, Mrs. June Smith and Mrs. Edna Brown. Members present were: Sisters Pearl Warren, Mary Kingston, Sylvia Force, Jaunita King, Opal Barker, Trudy Wheeler, Linna Cunningham, Jewel Perdue, Gertrude Waggoner, Wilma Brown, Estie Bland, Erma Watson, Callie Robinson, Eva Spears, Pauline Williams, Fave Self, Maples, Oleta Pennington, and the hostess Sarah Holt.

Those present were Mr. and Mrs. Jobey Denton, Carol, J. and Patsy; Mr. and Mrs. J. J. Denton, Sr., Mr. and Mrs. Verline Cypert, Roy and Jerald, Mr. and Mrs. Parker Denton, Brooks and Patricia, Mr. and Mrs. J. T. Cypert and Lyndol, Mr. and Mrs. L. W. Cypert, Mr. and Mrs. John Jones, Mr. and Mrs. Ralph Jones and Clara Sue, Mr. and Mrs. Morris Denton, Billy and Joyce, Mr. and Mrs. Sipe Denton and Hollis Gene, Frank Griffith, Mrs. Lora Griffith, Lynn Tankersley, all of Knox City.

Visitors during the afternoon were: Mr. and Mrs. Clyde Bland and family of Haskell. in all which belongs to Mrs. J. C. Green of Brownfield, Texas. This collection comes from every state in the union and many foreign countries. Mrs. Green has been collecting for 20 years and her goal is 500. Her collections are made of silver, china, glass, wood, plastic, adobe, and yucca. Mrs. Nathan Foster gave a slick demonstration when she told how to renew feather pillows by adding a teaspoon of talcum powder to each pillow to collect the dampness of the down which causes lumpiness of the feathers. Another slick trick Mrs. Foster gave was to punch holes in chicken livers, before flouring, to prevent them from popping when frying. Mrs. John Powell gave a test on Hows Your Mental Health. This was a physical health inventory. The papers were checked and each member graded herself. Stepping Stones to Happiness, a test on mental adjustments was given by Mrs. D. N. Powell. This test consisted of 100 questions with answers to be checked. Secret pals were revealed and new names drawn. The skit, Wanted, A Husband, which won first prize at the H. D. Encampment at Lueders, was re-enacted for the Club by the cast, Mesdames J. H. Isbell, D. N. Powell, and the twin sisters, Mesdames H. B. Yarbrough and S. E. Lewis. Refreshments of ice cream and cake were served by the hostesses Mesdames Lewis and Yarbrough.

Miss Johnston and Miss Lasseter wore identical dresses of pink waffle pique with white accessories. The bride, given in marriage by her father, was attired in a white waffle pique dress styled with high neck line, fitted bodice and full skirt. She wore matching pique mitts with other accessories in Navy. Her bridal bouquet was feather white gladiolas and feverfew, tied with satin streamers. Lois Allison, maid of honor, wore a blue dress with white accessories and carried a colonial nosegay consisting of pink gladiolas. Roy Fraley, brother of the bride, was best man. A reception was held after the ceremony with Mrs. Ben McMillin of Lamesa ladeling punch, assisted by Mrs. Sonny Pitcock of Rule. The lace laid briday table was lighted by white tapers. The tiered wedding cake was topped by a miniature bride and groom. Mrs. Raleigh Conner of Rule presided at the bride's book. When the couple left for a wedding trip to New Mexico the bride travelled in an orchid cotton dress, with black accessories. Her corsage was taken from her bouquet. After the wedding trip they will make their home in Happy, Texas, where he is employed.

H. D. Club Honors W. J. Kendrick on 76th Birthday Members of the Liberty Home Demonstration Club honored W. J. Kendrick on his 76th birthday with an ice cream supper, after which 84 was played. There were 27 guests present for the enjoyable affair.

Look what you get for less than many Sixes THIS BUICK SPECIAL 3-PASSENGER COUPE Model 461 does double duty as a business car and a car for the small family. Come see this Stunning New Buick SPECIAL—big in room, big in valve-in-head straight-8 power, easy to manage in size and price. Yes, we know it looks like a lot more money. That stunning new front end—those graceful, tapering fenders—those bigger interiors and high-visibility windows add up to a car you'd expect to wear a pretty fancy price tag. But come in and see for yourself how right we were when we said this new beauty was priced right down your alley. Come try the comfort-patterned seats, handle this easily managed wheel, lift the hood and see the bonnet-filling valve-in-head straight-eight power plant you command, measure the shorter bumper-to-bumper length. Then do a little hard-boiled matching-up of price tags. In particular—compare this beauty with the sixes—and ask yourself why you should pay for straight-eight power and not get it. You have, remember, three smart body types to choose from—the tidy, three-passenger Coupe shown here, a neat 2-door, six-passenger Sedan and a smart 4-door Sedan with the roomiest interiors ever found in a Buick SPECIAL. They're going fast, as you might expect. Getting a firm order in is a smart move just to insure early delivery. How about dropping in—the first minute you can. **Mount Pleasant Girl
And Haskell Man
Wed Recently**

Hugh Lowe of Dallas, son of Mr. and Mrs. R. C. Lowe of Haskell, and Miss Martha Myers of Mount Pleasant were married August 13.

They will make their home in Dallas where both of the young people have been employed for the past few years.

**Parents Announce
Betrothal of
Daughter**

Mr. and Mrs. Lynn Toliver of Haskell are announcing the engagement and approaching marriage of their daughter, Jeffie, to Borden Clifton, son of Mr. and Mrs. E. R. Clifton of Haskell.

The couple will be married in an evening ceremony Thursday September 8th in the First Baptist Church, Haskell. Rev. Allen Webb, pastor, will read the service.

**Rainbow Sewing
Club Meets With
Mrs. H. D. Bland**

Mrs. H. D. Bland was hostess to the Rainbow Sewing Club Tuesday August 16th.

In absence of the president, Mrs. Corzine, vice president, conducted the business session.

Plans were made for a social, consisting of a program and recreation to be held in the near future.

Several songs were sung, led by Annie Pearl Lusk with Mrs. Tooley accompanying at the piano.

Mrs. Bland gave the thought for the day. Mrs. Corzine played a musical number on the organ. The Needlecraft Report was one of interest.

The hostess was showered with several beautiful and useful gifts. Games were directed by Mrs. Corzine and all enjoyed the hour of fun.

Mrs. Bland received a gift for being the winner of the game contest.

A refreshment plate of watermelon slices was served to the following members:

Mesdames Annie Pearl Lusk, A. B. Corzine, Copeland, O. W. Tooley, Tony Patterson and little grand-daughters, and the hostess, Mrs. Bland.

Ivan of Hollywood Hairstyle

Nutri-Tonic Oil Creme Permanent is now available to women of Haskell and vicinity, according to the announcement advertisement of Oates Drug Store in this issue of The Free Press.

Nutri-Tonic Permanent formerly was available exclusively for beauty salon use, and is now available for the first time for home use, the announcement states. It is being introduced through a "2 for 1" offer which is a factory packed unit—with a money back guarantee.

**Bridal Shower Is
Compliment to
Mrs. Mendenhall**

A bridal shower honoring Mrs. Frank Mendenhall was given in the home of Mrs. Leon Burson August 5th.

Before her recent marriage, the honoree was the former Miss Opal Mae Dodson, daughter of Mr. and Mrs. Frank Dodson.

In the receiving line welcoming guests were Mrs. Minnie Dodson, Mrs. Leon Burson, Mrs. Raymond Burson and Ellen Hilliard.

Refreshments were served by Wanda Nell Green and Joanne Melton, and Miss Geneva Wheeler registered guests in the brides book. Gifts were displayed by Mrs. Gene Wheeler.

The guest list included: Mesdames Stewart Burson, Opal Rose, Seets, Doris Burson, Frankie Gay, Mary Barnett, Clyde Hunt, O. L. Miller, Jap Wheeler, Johnnie Adkins, Bertha Sloan.

**Ivelaris Horizon
Club Observes
"Rush Week"**

Rush Week for the Ivelaris Horizon Club meant some kind of activity every day for a week. Girls not belonging to the Club were invited to attend the Rush Week in order that new members might be selected for the Club.

Monday morning Rush Week began with a come-as-you-are breakfast at the home of Chan King. Breakfast was served by hostesses Chan King and Nabeela Hassen.

Tuesday night the Club was honored to be guests at the home of Olen Dotson for a barbecue. The barbecue was served by hostesses Nancy Furrh, Nancy Burton and Betty Oates in the garage which was decorated very attractively.

The Club attended a card party at the home of Mary Beth Payne Wednesday afternoon. Everybody played card games and then refreshments were served by hostesses Mary Payne and Pat Toliver.

Nancy Free had a Coke party Saturday afternoon for the members of the Club only. Some business was discussed and then refreshments were served by the hostess.

Sunday morning the Ivelaris Club attended church as a group at the First Baptist Church.

Rush Week continued through Monday morning when the Club and its guests were asked by our sponsors, Mrs. Edna Lyles and Mrs. Ozelle Frierson to have refreshments with them at the Texas Cafe.

The Club was honored to have visitors at all of its activities.

**FOUR SCHOOL BUILDINGS
FOR SALE**

Sealed bids will be accepted at the office of Superintendent at Paint Creek School for the school buildings of the former Rockdale CSD No. 19; Ward CSD No. 18; Cobb CSD No. 31 and the second teacherage from the east end at Paint Creek School.

Bids will be opened at 9:30 Thursday, September 1, 1949. The right to accept or reject any or all bids is reserved by the Paint Creek School Board. 33 2c

**RETURN FROM VACATION
TRIP**

Mr. and Mrs. C. T. Jones and Mr. and Mrs. H. T. Wilkerson recently returned from a trip which took them through the Southern Central and Middle Atlantic States, the Great Lakes region and Southern Canada. Stops were made at interesting points all along the way both going and coming.

**SPEND WEEK-END
SHREVEPORT**

Mr. and Mrs. Bill Cole and daughter of Plano, Lewis Thomas and Joyce Reding spent the past week-end in Shreveport, La.

HERE FROM DALLAS

Mr. and Mrs. J. M. Diggs had as their guests over the weekend Mrs. Walter H. Cousins, Jr., and little daughter Cynthia Margaret of Dallas.

Activity In Spot Cotton Market Up During Week

Spot activity was on the up-grade in southwest cotton markets last week but sales were lower, according to U. S. Department of Agriculture's Production and Marketing Administration. Most of the trading was being done in south Texas where merchants were having difficulty in filling commitments of highgrade cotton because of rains.

To date none of the new crop has been placed under government loan. Sales dropped in the three major markets. Spot sales in Dallas amounted to 21,922 bales, about 4,230 lower than a week earlier. Houston-Galveston sales were 14,131 bales, compared with 17,188 a week earlier.

Dallas basis was unchanged with Middling 15-16 inch offerings quoted at 30.45 cents. Bases were firm in Galveston and Houston.

Unusual weather conditions for the past 10 days were reported in all areas. Also light to heavy rains were general. Hot open weather is needed to speed maturity of the new crop and reduce insect infestation.

Rains in the Rio Grande Valley, where harvest is about 75 per cent complete, delayed picking and lowered grades of open cotton. Harvest is about 25 per cent complete in the Coastal Bend area.

THE STATE OF TEXAS

TO: CHARLEY L. GLOVER defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Haskell County at the Court House thereof, in Haskell, Texas, at or before 10 o'clock a. m. of the first Monday next after expiration of forty-two days from the date of the issuance of this citation, same being the 12th day of September, A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 1st day of June, A. D. 1949, in this cause, numbered D-1207 on the docket of said court and styled Minnie Glover Plaintiff, vs. Charley L. Glover, Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit for divorce, the plaintiff alleging marriage to defendant on June 10, 1931, and final separation in January, 1942, and that defendant abandoned plaintiff more than 3 years prior to the filing of her suit with the intention of abandonment; that plaintiff and defendant have no community property; that plaintiff and defendant have five minor children whose care and custody should be awarded to the plaintiff. Plaintiff prays judgment for divorce and for care and custody of all minor children, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Haskell, Texas, this 25th day of July, A. D. 1949. Attest: JESSE B. SMITH, Clerk District Court, Haskell County, Texas.

(SEAL) 30-4tc.

m. by pastor, J. W. Seay. Sunday evening service at 8:00 o'clock. Wednesday evening prayer meeting at 8:00 o'clock. Everyone is welcome. Come and bring your friends.

Of course — it's Electric!

LADIES... is your kitchen a "Turkish Bath"? The kitchen in many an otherwise modern home is often turned into a regular "steam-bath" by the use of old-fashioned cooking stoves. However, many housewives are finding these hot August days that Electric Cooking makes their kitchen work cooler, easier, faster, and cleaner.

And when it comes to that important item of economy, the cost of Electric Cooking is amazingly small, considering the marvelous conveniences and the extra leisure time it brings.

Stop in at the West Texas Utilities Company... see a demonstration of modern electric ranges. Ask questions, look them over thoroughly... then you, too, will prefer electric cooking

Morgan and children of Fort Worth, Mr. and Mrs. Ellis A. Bean and children of Lueders.

GUEST IN CLIFTON HOME

Mrs. Wiley Hicks was a visitor in the home of Mr. and Mrs. Mart Clifton during the week-end.

PERFORMANCE WITH ASSURANCE

A lot of assurance in owning a Moline-Monitor there's the assurance in its quality construction accuracy and dependability. Then there's the assurance that no matter what crops you decide to sow, the Moline-Monitor will handle the job accurately without danger of injuring the most delicate seeds. The assurance in Moline-Monitor opener design of depth of drilling and uniform covering of seed. The assurance of light draft and long life in its axle construction, in its Hyatt roller bearings ensuring self-aligning, dust-proof housings.

Moline-Monitor drills offer a choice of fluted or double-run feeds; single or double disc openers or hoe openers; and equipment to meet every need. We're here to give you complete facts.

If you need a drill or are going to need a drill and see our New Power Lift Drills before we have them on steel or rubber. We will trade with you.

Here are a few items we have:

New UTS Tractors for heavy plowing

Used UTS Tractor. A good buy

Also have some 6-Ft. New M-M One-Way rubber or steel. Will sell or trade. Come for a trial.

If you need a truck or pickup see us. I have GMC Pickups and Trucks.

These Peach Trees Have Changeable Ideas, It Seems

Mrs. Maude Lewellen, who lives in South Haskell, has three peach trees bearing in her orchard which she considers unusual, in that the variety of peach produced this year is entirely different from the kind the trees bore last year.

Last year the three trees put on a heavy yield of white peaches, of large size and excellent flavor. This year, two of the trees produced large Indian peaches, the variety most ideal for pickling, she said. All the trees are seedlings, and bore for the first time last year.

Seismograph Co. Truck Damaged By Fire Tuesday

A field truck of Exploration Service Company was damaged Tuesday evening, when the ignition wiring caught fire while the motor was being cleaned on the parking lot at Bynum Service Station south of the square. The incipient blaze was extinguished by members of the fire department who answered the alarm.

Haskell Youth Who Was Hurt In Wreck Reported Improving

Tracy Grimes, Haskell youth injured in an automobile accident near Van Horn last Thursday in which Howard Alvis was killed, was reported Wednesday to be somewhat improved in an El Paso hospital, where he was carried after the accident. Young Grimes suffered concussion and other injuries. Two other Haskell boys in the car, Bobby Henshaw and Don Smith, were only slightly injured and have returned home.

Dan Mack Oates To Receive BA Degree From U. of T.

Dan Mack Oates of this city will receive his Bachelor of Arts degree at the close of the current summer session of the University of Texas, where he is a senior.

The degree candidate list, announced by Dean H. T. Parlin, includes 479 seniors.

The Haskell student is the son of Mr. and Mrs. Hill Oates of this city.

Mrs. Edna H. Welsh Will Receive Degree At H-SU

Mrs. Edna Hicks Welsh will receive her B. A. degree Friday night August 19th, at Hardin-Simmons University. She is an honor student, and the wife of E. E. Welsh, Jr., of this city. Her parents, Mr. and Mrs. R. A. Hicks of Leonard, Texas, and Mr. and Mrs. E. E. Welsh Sr., of Haskell will attend the graduation exercises.

Truckers Study Fleet Operation At Texas A. & M.

COLLEGE STATION, TEXAS—There is more to truck driving and fleet operation than meets the eye in the motor transport industry today, as Texas A. & M. is plainly showing in its vocational training courses. This Fruehauf trailer powered by an International tractor, provides the main prop in this unique class room, out in the Texas sunshine. The courses are conducted by Engineering Extension Service Industrial Division of the College cooperating with the State Board of Vocational Training. The courses cover such fields as Oil Field Trailers, Private Carriers, Common Carriers and Insurance Agents and Safety Engineers.

SPEND VACATION IN NEW MEXICO

Mr. and Mrs. Alvin Steiwert of Haskell, and Mrs. Steiwert's parents, Mr. and Mrs. E. A. Howard, Sr., of near Rule, have returned from a week's visit in Odessa and points in New Mexico. They first went to Odessa where they visited relatives, and were joined there by Mr. and Mrs. Howard's daughter and husband, Mr. and Mrs. Bill Dick Lovin. Then they went 50 miles up in the Guadalupe Mountains, where Mr. Howard lived and worked on a cattle ranch in 1916-17. This land is now in a National Park area. The party reported an enjoyable time on the entire trip.

VACATIONS IN COLORADO AND NEW MEXICO

Netta Faye Jeter returned home this week from vacationing in the mountains and other scenic spots in New Mexico and Colorado. Miss Jeter is employed in this city by Tom Davis, attorney.

VISITING IN HOME OF PARENTS

Mrs. Will Smith and children of Spur are visiting in the home of her parents, Rev. and Mrs. C. Jones and other relatives and friends in Haskell this week.

RETURN FROM VISIT IN NEBRASKA

Mrs. Bertha Humphrey and daughter Anita Jo returned last week from Nebraska, where they visited their daughter and sister Mrs. Don Hazelwood and Mr. Hazelwood. They also visited the Black Hills of South Dakota.

Mr. and Mrs. J. C. Davis Jr., and little daughter of Austin are here visiting in the home of Mrs. Davis' parents, Mr. and Mrs. B. M. Whiteker and other relatives, and friends at Rule. They will leave Sunday for a trip through New Mexico.

Roy E. Frierson Enrolls In A & M Summer Session

Roy E. Frierson, son of Mr. and Mrs. Paul Frierson of Haskell, is enrolled at Texas A&M College for the second summer session.

Roy is a senior agricultural economic student. He graduated from Haskell high school in May, 1940 and first entered A&M in June 1942.9 His college work was interrupted by the war in May, 1943 and after serving 32 months in the armed services he re-entered A&M in September 1947. He has been an active member of several clubs including the Marketing and Finance Club, the JSK Club, and the Biology Club.

NOTICE TO BIDDERS

The State of Texas, County of Haskell.

NOTICE IS HEREBY GIVEN that the Commissioners Court of Haskell County, Texas, will receive bids until 10 a. m., on the 12th day of September, 1949, at the Courthouse in Haskell County, Texas, for the purchase of the following road machinery:

One New Diesel Powered Motor Grader of not less than 100 h.p.

The County will offer as part payment the following second-hand machinery: One Used J. D. Adams, Model 51, Motor Grader.

The successful bidder will be required to enter into a contract with the Commissioners Court of Haskell County, Texas, if any bid is accepted, but the County reserves the right to reject any or all bids.

A cashier's or certified check, issued by a Texas bank, payable without recourse to the order of O. E. Patterson, County Judge of Haskell County, Texas, in the amount of five (5%) of the amount of the bid must accompany each bid as a guarantee that if awarded the contract the bidder will promptly enter into contract and execute bond in the amount and in the form required by law.

NOTICE IS ALSO GIVEN that it is the intention of the Commissioners Court of Haskell County, Texas, to pay all or a part of the net cost of said machinery out of an issue of Haskell County Road and Bridge Warrants, dated May 15, 1949, bearing 4 per cent interest per annum heretofore authorized by the Commissioners Court in the maximum amount of 72,000, said warrants having a maximum maturity date of 1963.

The County will make arrangements for the contractor to dispose of the warrants herein mentioned at not less than par, and the contractor must agree to deliver the warrants at such price to the party with whom the County has made such arrangements.

O. E. Patterson, County Judge, Haskell County, Texas.

CALLED TO BEDSIDE OF DAUGHTER

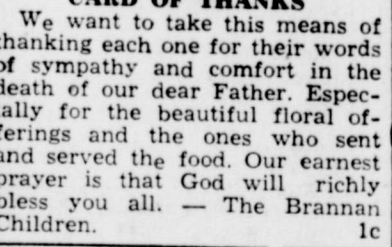

Mrs. Carrie McAnulty was called to Monahans Friday, to be at the bedside of her daughter, Mrs. Buford Cass of Grand Falls who underwent major surgery in a Monahans hospital after being stricken suddenly at her home the previous day. Mrs. McAnulty returned the first of the week, and reported her daughter somewhat improved, but still in serious condition. She was accompanied home by her two grandchildren, Bobby and Barbara Cass.

CARD OF THANKS

We want to take this means of thanking each one for their words of sympathy and comfort in the death of our dear Father. Especially for the beautiful floral offerings and the ones who sent and served the food. Our earnest prayer is that God will richly bless you all. - The Brannan Children. 1c

'Gadgetitis' Can Be Expensive Habit For Housewives

Are you a victim of gadgetitis? Many folks are and you usually find much of the storage space in their homes full of gadgets they seldom use. Many of the household gadgets now offered for sale are good, says Miss Gladys Darden, assistant extension specialist in home management of Texas A&M College, others are actually bad because so much energy is required to operate them.

Before purchasing these home appliances, it might be well to check them for the following points, says Miss Darden. It should be easy to operate, safe, save time, and effort, and have the capacity to do the job for which it was built. How much space is required to store it and does its use warrant the storage used?

The cost of upkeep and the length of service are two items that should be checked carefully, says Miss Darden. The initial cost might be considerable but if the appliance will give good service for years, the yearly cost will remain low.

The most economical gadgets or appliances are those that can be used for doing more than one job, and their use can effect a saving in foods or lessen the labor required for keeping the home, says Miss Darden.

RETURNS FROM BEDSIDE OF FATHER

Leonard T. Florence returned the first of the week from Tolar, Texas, where he had been at the bedside of his father, E. M. Florence, who suffered a stroke early last week and was gravely ill. The Haskell man expects to return to Tolar this weekend for another visit with his father and mother.

SPENDS VACATION HERE

Miss Marjorie Whiteker of Dallas spent her vacation here in the home of her parents, Mr. and Mrs. B. M. Whiteker.

CAN BLACK-DRAUGHT Help Physical Fatigue?

Yes, Black-Draught may help physical fatigue if the only reason you have that listless feeling is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

GUESTS IN DIGGS HOME

Guests in the home of Mr. and Mrs. J. M. Diggs on Tuesday of this week were Mr. and Mrs. William A. Ward of Wichita Falls and Mr. and Mrs. Lawrence Hibbs of Tulsa, Okla.
