

THE HASKELL FREE PRESS

HASKELL, HASKELL COUNTY, TEXAS, THURSDAY OCT. 6, 1949

NUMBER 40

BEST C. W. T. FAIR IN HISTORY IS GIVEN AUSPICIOUS START TODAY

Haskell's largest and most ambitious exposition in the history of the Central West Texas Fair Association was launched with an auspicious and spectacular start today, with every factor—interest, attendance, variety and premier quality of exhibits—and the weather, presaging one of the most successful Fairs ever staged in any West Texas city. The exposition will run through Saturday.

Crowds which thronged and crowded all streets in the business section and overflowed all sections on the parade route began gathering early Thursday morning for what turned out to be the most colorful opening day spectacle in several decades—the mile and a quarter long parade of bands, pep squads, decorated floats and miscellaneous entries which wound through Haskell streets and to the fairgrounds at noon today opening the 21st annual show.

Predominant in the huge crowds were school children from all sections of the county, enjoying a holiday for Children's Day at the Fair. They came in a body accompanied by numerous school bands and pep squads which had a prominent part in the parade.

Leading the colorful opening spectacle was a State Highway Patrol car, followed by mounted color-bearers Scott W. Green, and two attractive sponsors, Misses Rada Thornton and Margaret Free.

Next came Haskell's own HHS Band, official band for the annual exposition, and the HHS pep squad, heading the procession of college and high school bands, pep squads, sponsors, floats, commercial entries and decorated cars. Other sections of the mammoth parade included bicycles, clowns, miscellaneous entries, and a colorful division of riders, both junior and senior cowboys and cowgirls.

Gates of the fairgrounds swung open at 1 o'clock, with school children admitted free to the grounds and carnival midway, where Victory Exposition Shows have one of the largest collections of rides, shows and other attractions ever brought here.

In the main exhibition building every inch of space was at a premium to accommodate the largest number of exhibits in the various divisions that have entered in any similar exposition.

Predominant are the Home Demonstration, Girls 4-H Clubs, and FFA educational booths, each carrying a message. In other sections of the main building are exhibits of culinary, textile, art, hobby and curios, along with booths arranged by West Texas Utilities Company, Haskell Cub Scouts, Mobil Oil, Conner Nursery and the outstanding C of C booth depicting the county's principal crop—cotton.

Here, each visitor will be permitted to guess at the estimated cotton production in the county for 1949, with a cash award of \$25 for the closest estimate.

In the poultry building, entries of more than 400 birds by West Texas poultry fanciers made this feature of the Fair the premier poultry show of West Texas, in the opinion of visitors and judges.

Livestock and Boys Club beef and swine exhibits are of the best class and largest in number for many years, show officials said, placing the Haskell show in a class with the larger regional livestock exhibitions.

First entertainment attraction Thursday afternoon were Special Cowboy events, including cutting horse contests, jackpot wild cow milking and other events, in which the number of entries has far exceeded expectations, Fair Association President E. R. Lowe declared. These events will be staged again Friday afternoon, with attractive purses each day for the winners.

Attendance prizes will be awarded each night of the Fair, with bicycles to be the principal award tonight.

Climax of the Fair will be the "mystery wedding" on the fairgrounds Saturday night, when a young couple will be wed in a public ceremony. A treasure chest of wedding gifts from Haskell merchants, with a value of approximately \$500 will be presented the couple, whose names are being kept secret. Most treasured gift of all, a diamond and solitaire rings, will be the gift of the Fair Association to the couple.

Fair-goers will also have the opportunity of seeing and taking part if they desire, in an exhibition square dance on the fairgrounds each evening.

Haskell 4-H Club Boys Swine Win At Abilene

Haskell county 4-H club boys made a clean sweep of the swine show, winning top honors at the Abilene Fair on Friday of last week.

The grand champion sow of the show was shown by Lester Hutchinson, Weinert boy, on ACC Royal Beauty.

The grand champion sow of the show was shown by Billy Ray Anderson, Weinert club boy, on Miss Haskell 20th.

The grand champion barrow and best pen of three barrows was shown by Lester Hutchinson. According to F. W. Martin, County Agent, these boys have made an outstanding record with their swine demonstrations.

These hogs are now on exhibit at the Haskell Fair.

SWABBING OF COTTON IS NEARING PEAK ENTIRE COUNTY

Haskell county's crop, halted by cloudy weather week, got underway Monday morning as the stage is favorable. Five local ginners are processing 1,225 bales up to date, and some of the cotton would probably be ready for operation by Wednesday. At maximum production plants can produce 300 bales daily under conditions.

A county-wide ginning operation is being conducted for the county's benefit, or to be considered shooting a section of the pay zone if necessary to develop the production horizon.

The No. 1-A was drilled 25 feet west of the Standolind location on the Wyche tract, where operators were compelled to abandon the test at below 2200 feet when tools and pipe broke loose at that depth. The rig was skidded to the present location.

South of the Wyche well, operators were drilling ahead at a reported depth below 2200 feet Thursday on Humphreys No. 2 T. L. Ballard, offset to the same operators No. 1 Ballard, a small producer.

Mrs. Kinnison Dies Saturday After Long Illness

Mrs. Martha Kinnison, 78, long-time resident of Haskell, died at 8:45 p. m. Saturday at the home of her daughter, Mrs. Carrie McAnulty in this city, where she had been making her home in recent years. She had been in failing health for some time, and had been bedfast for the past four months.

Funeral services were held at the First Christian church Monday evening at 7:30 p. m., conducted by the pastor, Rev. F. C. Nickerson. Burial was in Willow cemetery under the direction of Holden's Funeral Home. Pallbearers were George Neely, Dick Frierson, C. E. Smith, Ree Gardner, Roy Oliphant, Gene Tonn, J. W. Ghillion, Raymond Stuart.

Deceased was born August 25, 1871, in Usher county, Texas, the daughter of Mr. and Mrs. William Jones. On April 19, 1893, she married A. P. Kinnison in Eastland county, Texas, and the couple lived in Bosque county before moving their family to Haskell in 1911. Mrs. Kinnison had been a member of the First Baptist church for several years.

Survivors include her husband, of Kirvin, Texas; a son, Sim Kinnison of Houston; three daughters Mrs. McAnulty and Mrs. Waymon Williams of Haskell and Mrs. Ed Stinson of Los Angeles, Calif.; and a brother, E. A. Jones of Gorman, Texas. Seven grandchildren and four great-grandchildren also survive.

District IOOF and Rebekah Meeting Set Oct. 12th

The Odd Fellows and Rebekahs Association of District 1 will convene in Rule Wednesday, October 12th for an all day and evening session. A good program has been mapped out with some of the state officers taking part.

All Odd Fellows and Rebekahs of the district are especially invited to attend.

The district includes the towns of Haskell, Rule, Abilene, Baird, Tuscola and Sweetwater.

ANNOUNCE ARRIVAL OF SON

Mr. and Mrs. Russell Johnson of Weinert are announcing the arrival of a son, Gerry Wayne, born Wednesday morning, Oct. 5, in Hendrick Memorial hospital in Abilene. He weighed six pounds, nine and one-half ounces. Grandparents are Mr. and Mrs. Jack Walker and Mr. and Mrs. W. L. Johnson of Weinert.

Walter Graham of Decatur visited in the home of his aunt, Mrs. Pearl Dilbeck Friday night.

Farmer Narrowly Escapes Death Beneath Tractor

C. M. Baird, 65-year-old farmer of the Rule section, is recovering in the Haskell County hospital from severe injuries received when he miraculously escaped death after being run over by a disk plow and tractor.

Baird, who lives a few miles north of Rule, was thrown from a tractor and run over by an attached plow, then lay helpless and almost paralyzed with fear as he watched the machine circle about and pass over his body a second time. The accident happened about 9 a. m. Monday and Baird, helpless and unconscious at times, laid in the field for two hours before his plight was discovered.

He was found at 11 a. m., by Bonner Ingram, a neighbor, and Baird's daughter, Fern, who rushed him to the Haskell hospital. When he regained consciousness at the hospital, he told relatives the tractor hit a rock causing him to lose balance and fall from the machine.

Hospital attendants said he suffered back and shoulder injury, deep facial cuts and torn ribs.

Ingram said he had started to call on the Bairds at their home when he noticed the driverless tractor circling in the field. He went to the home and was told that Baird was plowing. He and Fern Baird rushed to the field where they found her father unconscious.

Ingram said the plow was still connected to the tractor when it was stopped. It had not been lowered into the ground, a condition which perhaps saved Baird from instant death, he added.

Albany Game Nets \$988.90 For HHS Athletic Fund

Gross receipts from the Haskell-Albany game here Friday night, amounted to \$1,818.50, with net receipts of \$723.40 for each school, according to the financial statement released by Supt. S. H. Vaughtner.

Paid attendance at the game included 2,182 adults and 455 students, the report shows, for a total paid attendance of 2,637 persons. This was increased to approximately 3,000 persons, it was estimated, by bands and pep squads from both schools not required to pay admission.

Total expenses amounted to \$371.69, including \$293.69 tax, \$51.00 for officials, and \$27.00 for lights and other expenses.

In addition to Haskell's share of \$723.40 of net receipts from general admission tickets, the athletic fund received an additional sum of \$265.50 from reserved seat sales, the statement shows.

From the previous week's game, played at Rule, the school athletic fund raised the customary \$100 as the visiting team in a non-conference contest.

Merchants to Show Skill As Riders and Ball Players

Some of Haskell's most prominent citizens and business men will display their dual talents as riders and ball players in a Donkey Baseball game to be played at Fair Park field Monday night, Oct. 10.

The game is sponsored by the local baseball association, according to Thos. B. Roberson, who is in charge of advance plans for the event.

Animals to be used are the original "Panhandle Donkeys," trained Texas mules that have been used in exhibition contests throughout the Southwest.

The game will begin promptly at 8 p. m., sponsors announced.

Philip Cadenhead Is Elected to A&M Student Society

Philip W. Cadenhead of this city, student in Texas A. and M. College, has been elected to represent the freshman veterinary class at the college on the Council of the Junior AYMA.

He is the son of Mrs. J. F. Cadenhead of Haskell.

PARADE WINNERS

First, second, and third place winners in the various divisions of the Central West Texas Fair parade today, were announced at 1 o'clock. All bands were of such exceptionally high rating, that the judges unanimously voted a consolation first award to each organization. Other awards were:

Commercial Floats—Lane-Felker, first; Ivy Insurance Agency, second; Hattox Hardware, third.

H. D. Club Floats—Veterans Wives Club, first; Friendship Club, second; Liberty Club, third.

Class A School Pep Squads—Stamford, first. Class B Schools—Rule, first; O'Brien, second; Rochester and Mattson (tie) third.

Miscellaneous Floats—Blue Birds, first; Dowakiya Camp Fire Girls, second; Lions Club, third.

Junior Cowboys and Cowgirls—Dwana Matthews, first; Janice Pitman, second; Jimmy Ferguson, third.

Bicycles—Nubbin Kelley, first; Gloria Ratliff, second; Peggy Seay, third.

Clowns—Jim McMillen, first; John Duncan, second.

County Singers to Meet at East Side Church Sunday

Singers of this area are being invited to attend a program of the Haskell County Singing Convention, to be held at the East Side Baptist church in this city, Sunday, Oct. 9, beginning at 2:30 o'clock.

The convention programs were dismissed for several months during the summer, in order to avoid conflict with revivals and other gatherings, and Sunday's program is the first to be scheduled this fall. T. C. Cobb, county convention official said.

An interesting program is being planned and all singers and musical lovers are invited to attend.

INDIANS BLAST ALBANY 20 TO 7 FRIDAY NIGHT

The Haskell Indians staged a fourth quarter uprising on the local field Friday night to upset the favored Albany Lions 20-7 in the conference opener for both teams in District 6-A east. The win left the Indians alone in the undefeated class for season play.

The Warriors were left trailing 6 to 7 in the first period following a touchdown by Albans quarterback, Ronnie Macon, who took the opening kick-off on his own 10 and ran untouched through the entire Indian team for 90 yards after faking to two of his teammates, Clovis Riley converted for a 7-0 lead for the first period.

The Indians rallied in the second period and a backfield headed by Billy Ray Lusk, John Flannery and Billy Davis worked the ball to the Albany 30 where Davis, on a beautiful hand-off ran down the side line to score. Tommy Rhoads who played a stellar game throughout, converted to knot the count 7-7 at half time.

Statistics heavily favored the Lions in the first two quarters.

Playing a cautious game following the half-time intermission neither team scored in the third and with only mild downfield drives. No serious threat was made by either team. The punting of Billy Ray Lusk who averaged almost 50 yards per try kept the Lions out of scoring position.

With the fourth quarter four minutes old Billy Davis whipped a pass to Edward Ammons from the Albany 40 to start a series of first downs that carried to the one foot line where Lusk powered over to put the Indians ahead 13-7. The conversion attempt failed.

The final tally was made when Davis intercepted an Albany pass on the Haskell 40 and carried

12 yards before being downed on the 28 yard line.

A fighting Indian backfield worked the ball to the 10 where Ammons circled end for the score. Conversion was made by Bobby Jack Price, all-district end who saw service in the game for the first time this year due to a broken leg suffered in fall training.

The game, one of the best ever played on the local field, was witnessed by an estimated 3,000 fans.

An alert and rugged Indian line that recovered four of the Albany's five fumbles to stop downfield drives was credited with stopping the Lions for the first time this year following three previous wins by top-heavy scores. This was the first time

Albany had been scored on in games with Moran, Winters and Eastland.

Outstanding in the Haskell line were Strain, Mullins, Lane, Ammons, and Bledsoe, with fine defensive work turned in by backs John Flannery and Jimmy White.

Outstanding for the Albany team were backs Macon, Frank Tucker, Keith Witherspoon, and Clovis Riley, and A. J. Viertel and Ben Earl Carlile in the line.

First downs favored Haskell 9 to 6. Seven of the local first downs were made in the fourth period. Total yardage gained favored Albany. Haskell attempted 9 passes to complete 3, while Albany attempted 7 to complete 2. Only two penalties were assessed during the game. Punting honors favored Haskell when Lusk consistently zoomed high spirals over the Albany safety or sent them out of bounds deep in the Albany territory.

The Indians presented an improved aggression, both in offense and defense, over previously played games.

Starting line-ups:
 Haskell—Edward Ammons, lb; Buddy Lane, lt; Billy Altoft, lb; Tommie Rhoads, c; Royce Mullins, rg; Ernest Strain, rt; Jimmy Bledsoe, re; Billy Ray Lusk, Jimmy White, Billy Davis, John Flannery, backs.
 Albany—Ceil Edgar, le; Welton Walker, lt; Kenneth Spurgin, lg; Ben Earl Carlile, c; A. J. Viertel, rg; Kenneth Burton, rt; Claude Rilev, re; Ronnie Macon, Frank Tucker, Keith Witherspoon, Clovis Riley, backs.

Paint Creek and Benjamin Play 25-25 Tie

In their second conference game of this season in District 10 six-man football, Paint Creek and Benjamin high school squads played a 25-25 tie contest Thursday night, Sept. 29 on Indian Field in this city.

The Pirates from Paint Creek took an early lead in scoring, with James Raughton starting from the 50 to race to pay dirt in the first minutes of the game, repeating his performance a few plays later after the ball had again been worked into scoring distance.

Early in the second period, a determined Benjamin drive was stopped almost at the goal stripe. On a series of running plays, the Pirates then drove to the 20 yard line where Clyde Thomas took over to score the third counter for the Pirates. On an offensive march, Benjamin drove over the goal line for the visitors first score, then racked up two more trips to the pay zone on marches downfield.

The Pirates and Benjamin scored one touchdown each in the fourth frame to knot the score 25-25.

ATTENDS FUNERAL OF MRS. N. D. GOODSON

Mr. and Mrs. Frank McCurley of Haskell and Mr. and Mrs. E. H. Tankersley of Knox City attending the funeral of Mrs. N. D. Goodson in Lamesa, Monday. She was the mother-in-law of Mrs. McCurley and grandmother of Mrs. Tankersley.

HHS Indians Opponents Friday Night

Next conference foes of the Haskell Indians will be the Stamford Bulldogs, pictured here. The game, to be played in Stamford Friday night will be the headliner in District 6-A east.

Members of the Bulldog squad shown above are, back row, left to right: Don Smith, Royce Rasco, Frank Foster, Don Stearns, Hubert Kelley, Johnnie Webb, Royce Fuqua, David Bashford, Jerry Ulke, Herbert Miller, Tommy Joe Johnson, Middle row: James Hall, Eugene Lyckman, Carlton Kelley, Charles Young, Billy Terry, Charles Gary, Kenneth Lowe, Spencer Baize, R. W. Kelley, Toodie Portwood. Bottom row: James Thompson, Dickie Bennett, Don Prewitt, Jerry Prewitt, Keith Miles, Elmer Bell, Glen Lewis, Paul Phy, Gerald Clark, Billy Davis.

Boll Weevil Being Eliminated Over Valley Area

The boll weevil has practically been eliminated as a major pest of cotton in the Lower Rio Grande Valley, according to A. C. Gunter, associate extension entomologist for Texas A. and M. College.

How? By early, thorough destruction of cotton stalks on farms in a group. Lower Rio Grande Valley farmers estimate that the early clean-up program they follow on a community wide basis in connection with pink boll worm control gives them an average increase of one-fourth bale per acre.

In 1947 Williamson county had almost a complete destruction of cotton stalks by September 30, according to a survey made by the Texas Extension Service. Surrounding counties had no organized program of stalk destruction. As a result Williamson county farmers had an average of less than 10 per cent punctured squares throughout the 1948 season as compared to an average of 30 to 40 per cent punctured squares in the bordering counties of Milam, Bell, Lee and Bastrop.

Plowing under cotton stalks early is the most dependable method for controlling boll weevils, says Gunter, and the recent large increase of this pest in many counties emphasizes the urgent need for cotton growers to plow under the cotton stalks as early as possible—not later than the first frost.

Extension Service insect specialists give three excellent reasons why cotton should be harvested early and the stalks plowed under green: First, the added organic matter helps condition the soil so it will hold more moisture. Second, the early destruction of cotton stalks aids in controlling insects, especially the boll weevil. And third, as a direct result of improved soil and fewer insects, cotton yields and profits are increased.

Gunter suggests a heavy roller-type stalk cutter to cut the stalks low and into small pieces. A disk harrow attached behind a stalk cutter will further improve the field condition and make plowing easier. The stalks may be covered

High School Pep Squad Has New Officers, Leaders

The Haskell High School Pep Squad began the year with new officers and new leaders that were elected at the end of the last school term. They are as follows: President, Mary Glass; Vice President, Lula Faye Free; Sec.-Treas., Jane Weaver; Reporter, Wanda Stacks. Leaders are Doris Nell Camp, Rosie Johnston, Nancy Burton, Co-leaders, Nancy Free, Sue Busby, Betty Redwine.

The forty-nine members of the Pep Squad are very proud of the new black four-gore skirts which are being worn with the gold jackets that were gotten new last year.

The Pep Squad was very proud of the lovely corsages that some of the business people gave them for the Albany-Haskell football game.

The Pep Squad is very proud to have such a swell sponsor as Mrs. Clifford Thomas, who is doing a wonderful job working with them.

Mrs. Travis Smith Hosts Center Point Club Meeting

The Center Point Club met Wednesday, Sept. 28, in the home of Mrs. Travis Smith, with 18 members answering roll call. New and old business was discussed, and the installation of new officers for the coming year took place. The club voted for a float in the parade, which was carried.

Our meeting was a week early on account of the Fair. Our next meeting will be the third Thursday in October.

Refreshments were served to Mrs. Ethel Bird, I. M. Patterson, O. W. Whitaker, Doris Hantz, LaVern New, Mildred Robertson, Julia Gibson, Anis Pennington, Curtis Pennington, Della Corzine, Lorene Fouts, Clyde Bland, Bill Wiseman, Tilda Marugg, Essie Bland, Emma Bland, Ida Farrell, and the hostess, Mrs. Travis Smith.

He's Very "Careful"

'Suicide' Simon To Blow Self Up With Dynamite 22 Times At Fair

A man who says he enjoys living will "blow himself up" with dynamite 22 times during the 1949 State Fair of Texas Oct. 8-23.

He is Capt. Leo (Suicide) Simon of El Jobean, Fla., world-famous daredevil who developed his dynamite stunt because he got tired of getting his neck broken in the fire-diving act he did up until about two years ago.

Simon's current act is simplicity itself. He climbs into a wooden coffin-sized structure with three sticks of dynamite and a lighted cigar. The box is surrounded by wire to protect the spectators from flying pieces of wood.

The force of the dynamite blast disintegrates the box, but Simon gets up and slowly walks away—if he's lucky.

"A Slight Thud"

"If everything goes off all right," Simon says, "I just feel a slight thud. If everything doesn't go just right, I don't feel anything; I just wake up in the ambulance on the way to the hospital."

Simon explains that sometimes he miscalculates and uses too much dynamite. Even so, it's not the dynamite that knocks him cold, but usually pieces of the box hitting him in the head.

The noise of the explosion does not bother Simon. He has been virtually deaf for years. However,

"SUICIDE" SIMON He Blows Himself Up

Best Winter Legume Varieties Defined For Texas Areas

With acreage allotments definitely ahead for several cash crops, many Texas farmers are turning to winter legumes for soil improvement on diverted acres. It is important that farmers plant legume varieties that are best adapted to their particular soil and climatic conditions, according to E. A. Miller, extension agronomist for the Texas A. and M. College System.

Experiments all over the State have proven that certain legumes give better results in certain areas.

Hairy vetch is the best adapted legume on all soil types in North-east Texas and Austrian winter peas and singletary peas give good results on the sandy loam or clay loam soils of this area, says Miller. In the Southeast Texas timber region, hairy vetch, common vetch and Willamette vetch do well. Also, dixie wonder peas and Austrian winter peas are adapted. Dixie crimson clover is another promising winter legume for the East Texas timber region.

In the Gulf Coast Prairie area, annual yellow blooming sweet clover is popular in addition to Willamette, common and hairy vetch and Austrian winter and dixie wonder peas.

In the Blackland belt, hubam and madrid sweet clover continue to be the favorites. The new evergreen, a white blossom biennial, shows promise but seed are still scarce. Miller says that hairy vetch and winter peas are well adapted on Blackland soils but are not as effective in controlling cotton root rot as the sweetclovers. In the counties south of an east-west line approximately through Waco, sweetclovers can be planted in fall as winter crops but farther north it is safer to plant them in early spring.

Hairy vetch is the top legume in the West Cross Timber area, although winter peas, hubam and madrid sweetclover are also adapted. These same legumes are also suitable for the Rolling Plains area. On subirrigated soils alfalfa does well.

Miller says alfalfa under irrigation is the most satisfactory adapted legume for the High Plains, Pecos Valley and El Paso Valley. Biennial sweetclovers also do well under irrigation when planted in early fall.

If you have plans for more soil improving crops this winter, Miller suggests that you see your county agent for the latest proven recommendations as to legume varieties, fertilizer requirements, seed inoculation and planting methods.

The estimated population of China in 1948 was more than 463 million, according to the Britannica Book of the Year.

ATTEND DRUESEDOW FUNERAL

Out-of-town friends and relatives attending the funeral of Chas. W. Druessedow were Mr. and Mrs. John Ashleman, Waco, Texas; Mr. and Mrs. Wm. Haseloff and family and Mr. and Mrs. Henry Haseloff and daughter of Vernon, Texas; Mrs. Ernest Sanders, West Texas; Mrs. Emma Petzolt and Mr. and Mrs. Arthur Ahand, Holland, Texas; Mrs. John Wieder-ander of Oklahoma, Texas; Mr. and Mrs. Alvin Kriegel and son and Mr. and Mrs. Walter Schwede

Three-Fourths Of Texas Farms Now Have Electricity

It is estimated that almost three-fourths of Texas farm families now have electricity in their homes. That's a good indication of better living on Texas farms, says W. S. Allen, extension agricultural buildings-engineer of Texas A. and M. College.

To get the most benefit from all electrical equipment, Allen suggests that you plan the complete wiring system carefully and see that the wiring job is done right. Make accurate plans for the wiring system when you build that new house or remodel the old one.

Here are a couple of tips that Allen says will make your wiring system do the job you want it to do. First, make a list of all the ways you use electricity now, including any electrical equipment you plan for the next few years. Next, make a list of the lights and electrical equipment in each room. Take this list and a rough sketch of your house to some reliable wiring contractor. With this information, he can help you plan a wiring system that will take care of all of your needs.

Additional information about farm wiring methods and plans can be obtained from county agricultural agents or from the Superintendents of Documents, U. S. Department of Agriculture, Washington, D. C.

Bank Will Observe Legal Holiday on October 12th

The Haskell National Bank will observe a legal holiday on Wednesday, Oct. 12, in observance of Columbus Day and the institution will be closed the entire day.

Businessmen and other bank patrons are reminded to keep the date in mind in order to transact their banking business without undue inconvenience due to the holiday.

Sophomore Class Of HHS Elects Officers

The Sophomore Class of 1949-'50, elected the following officers: Betty Joy Redwine, President; Bobby Wilson, Vice President; Mary Cobb, Secretary; Clinton Baccus, Treasurer; and Jane King, Reporter.

The new students which have enrolled this year are Wanda Williams from Aspermont and Mary Cobb from Lueders.

Doris Fave Johnston represents the Sophomore Class as a major-ette in the band and Betty Joy Redwine is a representative as a co-leader in the pep squad.

In a recent election Mary Cobb was elected as the Sophomore F. F. A. Sweetheart candidate.

Josset H-D Club Has Regular Meeting

Josset H. D. Club met in regular meeting at the club house on Sept. 27 at 2:30 o'clock, with 10 members and one visitor. Mrs. W. B. Hill was hostess. Committee reports were given and Fair exhibits were discussed. Mrs. Jimmy Anderson is the reporter for 1950 and Mrs. Louise Merchant is parliamentary.

Refreshments were served by the hostess to Mrs. L. L. Carrol, Mrs. S. G. Perrin, Mrs. Jimmy Anderson, Mrs. J. P. Perrin, Mrs. J. L. Tolver, Mrs. Louise Merchant, Mrs. Jim Perrin, Mrs. J. L. Tolver, Mrs. C. A. Thomas, Mrs. W. B. Hill and Lucille Tolver.

Sign of Fast Starts and Long Mileage...

There's one sign I believe in!

Yes, sir, I keep my eye peeled for that Phillips 66 sign! I do plenty of long distance driving and I know the difference in gasolines!

It's control that makes the difference, Mr. Harris! Right now Phillips 66 is controlled for cooler weather to give you easy starts—and plenty of miles to the tankful!

What's all this business about control?

It means Phillips 66 is blended with more of the high volatility elements that give fast pick-up and smooth power! You'll feel the difference!

Best road to Madison is 51, Mr. Roberts!

You Phillips 66 dealers sure know your roads! Thanks for the help!

Get down from there, Thomas, or I'll take a fan-belt to you!

You get high-level performance from your car all year 'round when you rely on Phillips 66 Gasoline. It's controlled to give you the volatility needed for easy starting, quick warm-up and smooth power, in winter, summer, spring or fall. Yes, it's smart to stop where you see the "Sign of the Sixty-Six."

Always ask for PHILLIPS 66 GASOLINE

ES DRY GOODS THE CASH STORE

TO BE DEDICATED SATURDAY—The \$480,000 Sandefer Memorial will be dedicated Saturday, October 8 on the Hardin-Simmons campus, Abilene. Dr. John Hill, editor of the Broadman Press, will be the speaker. The four-story structure is the largest building on the campus and is being dedicated to the memory of J. D. Sandefer, former president of the university.

In 1948, the best defoliation was obtained from the use of monosodium cyanamid. It was used as a spray at the rate of 20 pounds per acre in 12.5 gallons of water. This type of defoliation was not entirely satisfactory because the leaves became dry and brittle before dropping, and a large percentage of the growing plant tips were damaged by the caustic solution.

at 15 pounds per acre with 1 percent Vatsol, gave almost as good defoliation as the same material sprayed at the rate of 20 pounds per acre with no wetting agent. The defoliation was 70 and 80 percent respectively.

Results from the 1948 tests indicate that in drouthy years when no dew is present good defoliation requires the use of a spray material. The experimental monosodium cyanamid compound gave the best results.

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID
Free Book Tells of Home Treatment that Must Help or it Will Cost You Nothing
Over three million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc.—due to Excess Acid. Sold on 15 days' trial! Ask for "Willard's Message" which fully explains this treatment—free—at PAYNE DRUG COMPANY

book Station has shown that excellent defoliation is possible with the use of aero cyanamid dust, special grade, when applied at the rate of 30-35 pounds per acre when persistent dews occur and the cotton plant is still active.

The defoliation materials used in the 1948 tests were applied to the cotton on September 18, October 1, and October 27. Complete details can be obtained from your nearest experiment station or from your local county agent.

SPECTACULAR EXHIBIT

opens in Natural Gas Building to State Fair of Texas visitors

Spectacular Fair Exhibit launches gigantic eight-week gas range sale in this and over 300 cities and towns served by Lone Star Gas Company

It's a money-saving event

Signs, window displays, circulars and newspaper advertisements by Gas Range Dealers will announce Automatic Gas Range Special Trade-in Sale soon.

10 years in the making

For the first time in 10 years Gas Range Dealers are able to offer huge quantities and unlimited variety of automatic gas ranges necessary for a sales event of this magnitude.

It's a big event

Hundreds of Gas Range Dealers are taking part to make this a gigantic Trade-in Sale. Trade-in Sale continues for eight wonderful weeks.

DEERE... The Quality Name in Farm Equipment

Boll Weevil Being Eliminated Over Valley Area

The boll weevil has practically been eliminated as a major pest of cotton in the Lower Rio Grande Valley, according to A. C. Gunter, associate extension entomologist for Texas A. and M. College.

How? By early, thorough destruction of cotton stalks on farms in a group. Lower Rio Grande Valley farmers estimate that the early clean-up program they follow on a community wide basis in connection with pink boll worm control gives them an average increase of one-fourth bale per acre.

In 1947 Williamson county had almost a complete destruction of cotton stalks by September 30, according to a survey made by the Texas Extension Service. Surrounding counties had no organized program of stalk destruction. As a result Williamson county farmers had an average of less than 10 per cent punctured squares throughout the 1948 sea-

son as compared to an average of 30 to 40 per cent punctured squares in the bordering counties of Milam, Bell, Lee and Bastrop.

Plowing under cotton stalks early is the most dependable method for controlling boll weevils, says Gunter, and the recent large increase of this pest in many counties emphasizes the urgent need for cotton growers to plow under the cotton stalks as early as possible—not later than the first frost.

Extension Service insect specialists give three excellent reasons why cotton should be harvested early and the stalks plowed under green: First, the added organic matter helps condition the soil so it will hold more moisture. Second, the early destruction of cotton stalks aids in controlling insects, especially the boll weevil. And third, as a direct result of improved soil and fewer insects, cotton yields and profits are increased.

Gunter suggests a heavy roller-type stalk cutter to cut the stalks low and into small pieces. A disk harrow attached behind a stalk cutter will further improve the field condition and make plowing easier. The stalks may be covered

High School Pep Squad Has New Officers, Leaders

The Haskell High School Pep Squad began the year with new officers and new leaders that were elected at the end of the last school term. They are as follows: President, Mary Glass; Vice President, Lula Faye Free; Sec.-Treas., Jane Weaver; Reporter, Wanda Stacks. Leaders are Doris Nell Camp, Rosie Johnston, Nancy Burton. Co-leaders, Nancy Free, Sue Busby, Betty Redwine.

The forty-nine members of the Pep Squad are very proud of the new black four-gore skirts which are being worn with the gold jackets that were gotten new last year.

The Pep Squad was very proud of the lovely corsages that some of the business people gave them for the Albany-Haskell football game.

The Pep Squad is very proud to have such a swell sponsor as Mrs. Clifford Thomas, who is doing a wonderful job working with them.

Mrs. Travis Smith Hosts Center Point Club Meeting

The Center Point Club met Wednesday, Sept. 28, in the home of Mrs. Travis Smith, with 18 members answering roll call. New and old business was discussed, then the installation of new officers for the coming year took place. The club voted for a float in the parade, which was carried.

Our meeting was a week early on account of the Fair. Our next meeting will be the third Thursday in October.

Refreshments were served to Mrs. Ethel Bird, I. M. Patterson, O. W. Whitaker, Doris Hantz, LaVern New, Mildred Robertson, Julia Gibson, Anis Pennington, Curtis Pennington, Della Corzine, Lorene Fouts, Clyde Bland, Bill Wiseman, Tilda Marugg, Essie Bland, Emma Bland, Ida Farrel, and the hostess, Mrs. Travis Smith.

He's Very "Careful"

'Suicide' Simon To Blow Self Up With Dynamite 22 Times At Fair

A man who says he enjoys living will "blow himself up" with dynamite 22 times during the 1949 State Fair of Texas Oct. 8-23.

He is Capt. Leo (Suicide) Simon of El Jobean, Fla., world-famous daredevil who developed his dynamite stunt because he got tired of getting his neck broken in the fire-diving act he did up until about two years ago.

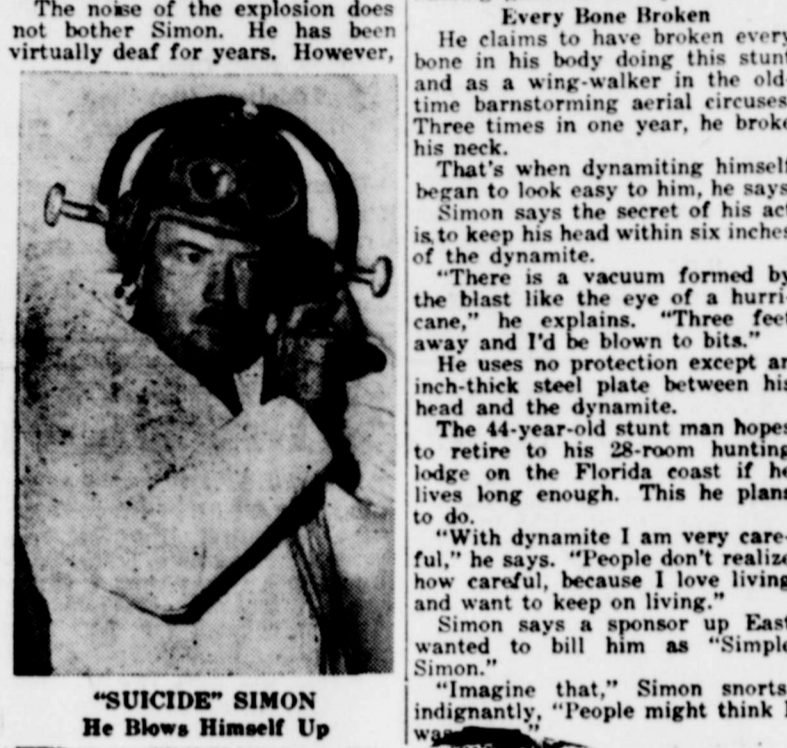

Simon's current act is simplicity itself. He climbs into a wooden coffin-sized structure with three sticks of dynamite and a lighted cigar. The box is surrounded by wire to protect the spectators from flying pieces of wood.

The force of the dynamite blast disintegrates the box, but Simon gets up and slowly walks away—if he's lucky.

"A Slight Thud"
"If everything goes off all right," Simon says, "I just feel a slight thud. If everything doesn't go just right, I don't feel anything; I just wake up in the ambulance on the way to the hospital."

Simon explains that sometimes he miscalculates and uses too much dynamite. Even so, it's not the dynamite that knocks him cold, but usually pieces of the box hitting him in the head.

The noise of the explosion does not bother Simon. He has been virtually deaf for years. However,

"SUICIDE" SIMON He Blows Himself Up

You'll Be Glad After—

When you refurbish your home after a fire, you'll be glad you took this agency's advice to increase your insurance to keep pace with today's greater insurable value of your furnishings.

by bedding—run a middlebuster in the middles or by breaking—use a one-way plow when stalks are not too large and the ground isn't too hard. Wings can be removed from middlebuster if the ground is too hard and dry for normal bedding.

A final suggestion from Gunter is to apply fertilizer and plant a winter legume crop for further increased yields of following crops.

Three-Fourths Of Texas Farms Now Have Electricity

It is estimated that almost three-fourths of Texas farm families now have electricity in their homes. That's a good indication of better living on Texas farms, says W. S. Allen, extension agricultural buildings-engineer of Texas A. and M. College.

To get the most benefit from all electrical equipment, Allen suggests that you plan the complete wiring system carefully and see that the wiring job is done right. Make accurate plans for the wiring system when you build that new house or remodel the old one.

Here are a couple of tips that Allen says will make your wiring system do the job you want it to do: First, make a list of all the ways you use electricity now, including any electrical equipment you plan for the next few years. Next, make a list of the lights and electrical equipment in each room. Take this list and a rough sketch of your house to some reliable wiring contractor. With this information, he can help you plan a wiring system that will take care of all of your needs.

Additional information about farm wiring methods and plans can be obtained from county agricultural agents or from the Superintendents of Documents U. S. Department of Agriculture, Washington, D. C.

Sophomore Class Of HHS Elects Officers

The Sophomore Class of 1949-'50, elected the following officers: Betty Joy Redwine, President; Barry Wilson, Vice President; Mary Cobb, Secretary; Clinton Baccus, Treasurer; and Jane King, Reporter.

The new students which have enrolled this year are Wanda Williams from Aspermont and Mary Cobb from Lueders.

Doris Faye Johnston represents the Sophomore Class as a major-ette in the band and Betty Joy Redwine is a representative as a co-leader in the pep squad.

In a recent election Mary Cobb was elected as the Sophomore F. F. A. Sweetheart candidate.

Jossett H-D Club Has Regular Meeting

Jossett H. D. Club met in regular meeting at the club house on Sept. 27 at 2:30 o'clock, with 10 members and one visitor. Mrs. W. B. Hill was hostess. Committee reports were given and Fair exhibits were discussed. Mrs. Jimmy Anderson is the reporter for 1950 and Mrs. Louise Merchant is parliamentarian.

Refreshments were served by the hostess to Mrs. L. L. Carrol, Mrs. S. G. Perrin, Mrs. Jimmy Anderson, Mrs. J. P. Perrin, Mrs. J. L. Toliver, Mrs. Louise Merchant, Mrs. Jim Perrin, Mrs. J. L. Toliver, Jr., Mrs. C. A. Thomas, Mrs. W. B. Hill and Lucille Toliver.

Best Winter Legume Varities Defined For Texas Areas

With acreage allotments definitely ahead for several cash crops, many Texas farmers are turning to winter legumes for soil improvement on inverted acres. It is important that farmers plant legume varieties that are best adapted to their particular soil and climatic conditions, according to E. A. Miller, extension agronomist for the Texas A. and M. College System.

Experiments and demonstrations all over the State have proven that certain legumes give better results in certain areas.

Hairy vetch is the best adapted legume on all soil types in North-east Texas and also in winter wheat areas and sandy loam or clay loam soils of this area, says Miller. In the Southeast Texas timber region, hairy vetch, common vetch and Willamette vetch do well. Also, dixie wonder peas and austrian winter peas are adapted. Dixie crimson clover is another promising winter legume for the East Texas timber region.

In the Gulf Coast Prairie area annual yellow blooming sweet clover is popular in addition to Willamette, common and hairy vetch and austrian winter and dixie wonder peas.

In the Blackland belt, hubam and madrid sweet clover continue to be the favorites. The new evergreen, a white blossom biennial shows promise but seed are still scarce. Miller says that hairy vetch and winter peas are well adapted on Blackland soils but are not as effective in controlling cotton root rot as the sweetclover, cotton root rot as the sweetclover in the counties south of an east-west line approximately through Waco, sweetclovers can be planted in fall as winter crops but farther north it is safer to plant them in early spring.

Hairy vetch is the top legume in the West Cross Timber area although winter peas, hubam and madrid sweetclover are also adapted. These same legumes are also suitable for the Rolling Plains area. On subirrigated soils alfalfa does well.

Miller says alfalfa under irrigation is the most satisfactory adapted legume for the High Plains, Pecos Valley and El Paso Valley. Biennial sweetclovers also do well under irrigation when planted in early fall.

If you have plans for more soil improving crops this winter, Miller suggests that you see your county agent for the latest proven recommendations as to legume varieties, fertilizer requirements, seed inoculation and planting methods.

The estimated population of China in 1948 was more than 463 million, according to the Britannica Book of the Year.

Bank Will Observe Legal Holiday on October 12th

The Haskell National Bank will observe a legal holiday on Wednesday, Oct. 12, in observance of Columbus Day and the institution will be closed the entire day.

Chemical Defoliant Increases Cotton-Stripper Machine

Interest in the following to cotton county, according to county driven harvester stripper-type as an efficient method for harvesting cotton on the Texas High Plains has been increasing, but to insure best harvest results, and a consistently good grade, growers must either use a chemical defoliant to drop the leaves from the cotton plant or wait for "mother nature" to take them off with frost.

D. L. Jones, superintendent, and E. L. Thaxton, Jr., junior agronomist, at the Lubbock Experiment Station, report that normally, the more mature a plant is, the easier it is to defoliate if it is still alive. The Texas High Plains has an extremely short growing season, consequently plant maturity at the time of defoliation is one of the limiting factors.

They have found that plant activity is of equal importance. They say the plants, by fall, in a subhumid area, often have used up the available soil moisture and are under great stress. This effects the time required for a complete leaf drop. In the more humid area, 6 to 10 days is usually required, while on the High Plains 2 to 3 weeks should be allowed. This inactivity on the part of the plant makes defoliation difficult.

The tough, leathery leaf developed by the cotton plants on the High Plains is another factor to be considered. This type of leaf develops as a result of the late summer droughts and hot, dry winds.

Low humidity and dewless nights are often encountered at the time the cotton plants should be defoliated and since moisture is required to activate many of the dusts used, satisfactory results are not obtained.

In 1948, the best defoliation was obtained from the use of monosodium cyanamid. It was used as a spray at the rate of 20 pounds per acre in 12.5 gallons of water. This type of defoliation was not entirely satisfactory because the leaves became dry and brittle before dropping, and a large percentage of the growing plant tips were damaged by the caustic solution.

Jones and Thaxton say the most encouraging test was with the use of wetting agents in the spray solution. On one-acre test blocks, monosodium cyanamid, sprayed at 15 pounds per acre with 1 percent Vatsol, gave almost as good defoliation as the same material sprayed at the rate of 20 pounds per acre with no wetting agent. The defoliation was 70 and 80 percent respectively.

Results from the 1948 tests indicate that in drouthy years when no dew is present good defoliation requires the use of a spray material. The experimental monosodium cyanamid compound gave the best results.

The use of a wetting agent in the spray material to improve coverage and penetration showed good results in 1948.

Previous work done at the Lubbock Station has shown that excellent defoliation is possible with the use of aero cyanamid dust, special grade, when applied at the rate of 30-35 pounds per acre when persistent dews occur and the cotton plant is still active.

The defoliation materials used in the 1948 tests were applied to the cotton on September 18, October 1, and October 27. Complete details can be obtained from your nearest experiment station or from your local county agent.

OF TEXAS
E. G. Sawyer
T. L. Booth and
reside in Ector
County, Texas.
The parties in
this suit being
follows, to wit:
The reasonable annual
rental value of said land
and premises is two hundred
and no/100 dollars.
Wherefore plaintiff prays
judgment of the court that
defendants be cited to appear
and answer this petition, and
that plaintiff have judgment
for the title and possession
of said above described land
and premises, and that writ
of restitution issue, and for
his rents, damages and costs
of suit, and for such other
and further relief, special
and general, in law and
equity, that he may be
justly entitled to and in
duty bound will ever pray.
T. R. Odell, Haskell, Texas,
Attorney for plaintiff.
In the alternative, plaintiff
says that he and those whose
estate he has, claiming the
same land described in the
above petition under deeds,
duly registered of record
of the deed records of
Haskell County, Texas, has
had peaceable and continuous
adverse possession of the
land and tenements claimed
in plaintiffs' petition and
fully described therein, using
and enjoying the same and
paying taxes due thereon
before delinquency for a
period of more than five
years before the commencement
of this suit and this

That on or about the 1st day
of August, 1949, plaintiff was
lawfully seized and possessed
of the following land and
premises situated in Haskell
County in the State of Texas,
holding and claiming the same
in fee simple, to wit: Lots one
(1), two (2), three (3), four
(4), five (5), six (6), seven
(7), and eight (8) in Block
five of the Pinkerton Sub-
Division of Blocks five and six
of the Rhombert Addition to
the town of Haskell, Texas,
in the County of Haskell, Texas,
as shown by map or plat of
said Pinkerton Sub-Division,
recorded in Volume 35, page
419 of the Deed Records of
Haskell County, Texas.
That the reasonable annual
rental value of said land and
premises is two hundred and
no/100 dollars.
Wherefore plaintiff prays
judgment of the court that
defendants be cited to appear
and answer this petition, and
that plaintiff have judgment
for the title and possession
of said above described land
and premises, and that writ
of restitution issue, and for
his rents, damages and costs
of suit, and for such other
and further relief, special
and general, in law and
equity, that he may be
justly entitled to and in
duty bound will ever pray.
T. R. Odell, Haskell, Texas,

his family returned last week, but
for the present he will not fill
the pulpit.
We are also happy to announce
that Mr. Joe Tyson, a member
of the High School faculty will
speak at the morning worship.
His topic will be "The Beatitudes."
You are cordially invited to hear
him.
In medieval France, believers
in witchcraft always consult a
toad before making a journey.

**West Texas Water Needs In Top Spot For
Consideration of Reclamation Bureau**
The need of water in West
Texas now has top billing in the
Bureau of Reclamation of the De-
partment of Interior and the big-
gest show of its kind will be held
in Fort Worth, Tuesday, Nov. 22.
J. A. Krug, secretary of the
Department of Interior, has ac-
cepted the invitation of the West
Texas Chamber of Commerce to
speak at its annual banquet there
on that date. The WTCC has
promised a thousand water-thirsty
West Texans there to hear him,
along with the Reclamation Com-
missioner Nathan Strauss and
Senator Lyndon Johnson.
This, the annual meeting of
the WTCC board of directors, will
be the climax of the year's work
of the organization in defining
water needs of the area, and es-
tablishing economic loss through
lack of water companion to flood
loss.
"The federal government will
learn how badly West Texas
needs water at this meeting," said
WTCC President John D. Mitchell
in reporting the plans to his ex-
ecutive board in session here this
week. "We have been sitting over
waterholes with Winchesters or
fighting to keep our domestic
water rights in West Texas for a
long time.
"This is a program to develop
new water, a program so big it
can only be handled in a big
way and that's what we are do-
ing in bringing a man at cabinet
level here to hear our story and
tell us what the federal govern-
ment can do to protect our eco-
nomic loss from lack of water."
The WTCC has a nominal board
of approximately 200 among its
6000 membership in the 132
county area, but the organization
hopes to take interested officials
from all the towns to help the
water cause according to Man-
ager D. A. Bandeen.
Already the Bureau of Reclamation
has authorized three West
Texas surveys under the direction
of Harry P. Burleigh, state plan-
ning engineer, according to Ban-
deen. One will provide for all the
area on the Brazos river shed
above Possum Kingdom and be-
low the Caprock; another is on
the Colorado above the mouth
of Pecan Bayou, while the other
under authorization is a survey
of the Prairie Dog creek area
and tributaries of the Red river
in the Memphis-Childress area.
These are in addition to the
\$85 million Canadian project al-
ready approved by the Bureau
to supply water to a dozen West
Texas towns between Borger and
Lamesa.

RECIPE OF THE WEEK
by Mary Lee Taylor
Salmon Noodle Loaf
1 slightly beaten egg 1 1/2 cups cooked
noodles
1/2 cup Pet Milk 1 1/2 cups canned
salmon, drained
3 tablespoons water and flaked
1/2 teaspoon salt
few grains pepper 1 can condensed
tomato soup
Turn on oven; set at moderately
slow (350° F.). Grease a quart loaf
pan or baking dish. Mix egg, milk,
water, salt, pepper and sage. Mix in
noodles and salmon. Put into pan.
Bake about 1/4 hour, or until firm.
Turn out and slice. Serve with the
hot soup as a sauce. Makes 4 servings.
*Cooked or canned tuna, haddock,
halibut or canned fish flakes also can
be used.

Water won't stop it!

The beautiful Chrysler New Yorker with
Automatic Fluid Drive... the simplest of
all automatic transmissions.

When others cough and quit... Chrysler doesn't even splutter.
Storm—damp—high-water—can't faze it! Throw a bucket of water
over the engine and you can't stop it. Once again Chrysler brings
you the year's most needed engineering feat. The first and only
completely waterproof ignition system on any passenger car in
America—and it's standard on all Chrysler models! Coil—distribu-
tor—wiring harness—spark plugs—everything sheds water like a
duck! And mind you... this is only one of 50 stand-out advances
this year on the beautiful Chrysler. Better see how they add up to
the sweetest driving, best riding Chrysler ever built for you. Visit
your nearby Chrysler dealer for an eye-opening demonstration today.

THE PERSONALITY SHOPPE

Home Ec Club Is Formed at Paint Creek School

The First Year Girls of the Paint Creek High School have organized their Home Economics Club for 1949-1950.

The officers of the club consist of: Margaret Houston, president; Martha Sue Bauldin, vice-president; Geraldine Tidwell, Sec.; Shirley A. Griffin, reporter; Shirlene Tidwell, parliamentarian.

The president appointed two committees, consisting of three persons each. They are the entertainment and program committees. It was decided by the president and the club to have meetings the first Friday in every month. President then adjourned the meeting until October 7, 1949.

GUEST SPEAKER FOR BRECKENRIDGE CLUB

Mrs. J. U. Fields was guest speaker at a meeting of the 20th Century Club in Breckenridge last Tuesday. Her subject was "Club Ethics." Mrs. Fields was accompanied to Breckenridge by Mrs. Ada Rike.

Rainbow Sewing Club Meets With Mrs. Rogers

Mrs. Walter Rogers was hostess to the Sewing Club Tuesday afternoon, Oct. 4. Her home was very attractively decorated with lovely flowers of the season.

The dining table was laid with a pretty crocheted cover, and centered with a large bowl of roses.

In absence of the president, Mrs. Corzine, vice president, called the house to order and the secretary called the roll and read minutes of the last meeting.

Monthly dues were paid. Two songs were sung, lead by Annie Pearl Lusk.

Mrs. H. F. Copeland presided at the installation of new officers in a candlelight service, after which the new president took the chair and presided over the business meeting.

First she asked for the club motto, "A Stitch In Time Saves Nine".

Club Song, "Let Me Call You Sweetheart". Club Colors, Red and White. Club Flower, Rose.

The club song was sung by the group.

Mrs. W. E. Johnson was crowned Club Mother May 6, 1945, and little Germaine Stoddard was initiated mascot of the club in spring of 1949.

Mesdames Tony Patterson and Annie Pearl Lusk directed games during the social hour.

A delicious refreshment plate of white cake squares and ice cream topped with grape pop was served to the following members:

Mesdames W. E. Johnson, A. B. Corzine, J. B. Edwards, O. W. Tooley, Tony Patterson, Annie Pearl Lusk, H. F. Copeland, Jesse Jesselet, A. visitor, Mrs. Jim Alvis and little daughter Ruby Kate, and Jerry Bass. The hostess, Mrs. Rogers.

Buyers Active In Texas Spot Cotton Markets Past Week

Spot cotton markets in the southwest chalked up another busy week as some buyers hurried to fill commitments before October 1, according to the U. S. Department of Agriculture's Production and Marketing Admin-

istration. Dallas sold 131,143 bales and Houston and Galveston 44,429 bales, slightly more than the previous week. Total for the country's 10 spot markets including the three in Texas ran 100,000 bales larger than week before last reaching a grand total of 485,000 bales. This was the largest week's sale since October 1947.

Oklahoma and Texas farmers sold their cotton rather freely or slightly above the government loan values. Spot market quotations from Monday through Friday declined 25 cents per bale at Dallas and 75 cents at Houston and Galveston.

Friday's closing prices fell \$10.75 to \$11.25 per bale lower than the corresponding day last year.

Inquiries from domestic and export interests were fairly numerous during the week but offered prices were not attracting a very large volume of sales. Domestic demand was mainly for the better grades and for specialty lots for prompt shipment. Export demand continued to specify the better grades, but some inquiries were received for the lower grades.

Average prices for cottonseed declined about \$2 per ton again last week with farmers receiving anywhere from \$35 to \$45 per wagon lot at the gin.

Deferred Grazing Being Tried On University Lands

The University of Texas has retired 20,661 acres of its West Texas lands from grazing for two years in the initial phase of an experimental range building plan.

The McElroy Ranch Company has retired 7,680 acres in Crane county; Louis Brooks has set aside 3,520 acres in Crockett county; J. T. Baker, J. F. Baker and Mrs. Mary Walker have deferred grazing on 3,061 acres in Pecos county; and Nio D. Blackstone has closed 6,400 acres in Terrell county.

In each case, the acreage involved has been retired completely from grazing from July 1, 1949 to June 30, 1951. This is the first phase of a plan to give range grasses a chance to reassert themselves in the hope that eventually, the livestock carrying capacity of the land will be increased.

"A long period will be needed to determine the ultimate benefits of the range retirement, but we hope to demonstrate that the program will pay," said C. D. Simmons, University vice-president and comptroller.

receive enough votes to become effective immediately with their signing by the governor. Instead, they become effective 90 days after adjournment.

Among them are measures which set aside eight new state agencies, provide for a voter registration law if the poll tax is eliminated by the state, require premarriage blood tests for both bride and bridegroom and prenatal blood tests for women, per-

mit co-operative development of oil fields, ban high school sororities and fraternities, provide a judicial retirement system for higher salaries for district and appellate judges, and make lynching a crime punishable by imprisonment or death.

Many of the measures are minor and local in scope and effect. The new agencies are the Texas Real Estate Commission, a joint legislative council, the Texas Citrus Commission, the naturopathy board, board of regents of Beaumont which becomes a four-year full-status college, a water law codification committee, an election laws recodification committee, and the Gilmer-Aiken central education agency.

cants for marriage license have presented evidence of a medical examination, including a blood test. The state health department has released a list of 105 Texas laboratories qualified to perform the blood analysis under the law. Marriage must be performed within 15 days after the medical examination for the examinations to be valid for that purpose.

The judiciary retirement system was authorized by a constitutional amendment adopted at the polls several years ago. The pay raises for judges brings salaries in the supreme court and court of criminal appeals to \$12,000, civil appeals to \$10,000 and district judges to \$7,000. There's another \$1,500 for district judges serving as members of a juvenile court.

scripture reading by Miss Alma Steinfeth, song by Mrs. George Klose, Mrs. Ernest Peiser, Mrs. Willie Peiser. A poem was read by Mrs. August Steinfeth, Jr. Musical by Mrs. Henry Druesedow, Jr. Plans were discussed for the booth at the Fair and new officers elected. Mrs. Willie Peiser, Pres.; Mrs. Henry Druesedow, Jr., Vice-Pres.; Mrs. George Klose, Treas.; Mrs. Alfon Peiser, Sec.; Mrs. Gus Rueffer, Reporter. The program committee was appointed by Mrs. Willie Peiser. They are Mrs. Felix Klose, Mrs. Turner Grogan, Miss Lena Steinfeth. The meeting was closed with a prayer. Those present were: Mesdames Ernest Peiser, Willie Peiser, Paul Fisher, Herbert Fisher, Henry Druesedow, Jr., Henry Druesedow, Sr., Ida Von Goten, George Klose, Felix Klose, Alfon Peiser, George Moeller, Jr., August Steinfeth, Jr., Mr. and Mrs. Pat O'Keefe, Mr. and Mrs. Steve Kuebena, Mr. and Mrs. Richard Kretschmer, Rev. and Mrs. Hoermann, Misses Lena, Alma, Freida Steinfeth. Visitors were Mrs. Chas. Druesedow, Mrs. Albert Klose, Mr. and Mrs. A. Rueffer, Herbert

Rueffer, Mr. and Mrs. Raymond Mueller. Lunch with punch was served to all and all reported a good time. The next meeting will be at the home of Mrs. Henry Rueffer, the first Sunday in November.

The real estate commission replaces a former division in the secretary of state office. Already named, the six-member board will take oath of office with a business meeting to follow.

The joint legislative council is intended to be a legislative advisory group, studying matters of state between sessions and recommending action to subsequent legislatures. Part of it has been named.

The Texas Citrus Commission is empowered to levy a tax on citrus fruit or funds to promote and look after the welfare of the citrus industry. That commission has also been named.

The naturopathy board, not yet named, is to regulate and license practitioners in that field.

The Lamar College board is ready to function.

Part of the water laws and election laws committees are yet to be named. They are to study and recommend revisions in the state's surface water laws and election laws, respectively.

The elective board of education under the Gilmer-Aiken laws will be determined at the polls Nov. 8 and will take oath of office as soon as returns are canvassed.

The law requiring premarriage blood tests will likely hike the cost of a marriage license from \$2.50 to \$3. The law provides for charging a 50 cents fee by the county clerks for issuing a certificate certifying that both appli-

The new lynching law permits charging a violator with the specific crime. Previously a murder charge was as close to a lynching charge as the law provided.

Among other new laws becoming effective are statutes:

- Authorizing cities to raise to \$200 the previous \$100 maximum limit on traffic fines.
- Empowering board of education to adopt multiple textbook lists for elementary schools as well as high schools.
- Empowering counties to purchase fire-fighting equipment for use in rural areas.
- Appropriating \$2,100,000 to supplement local funds for support of public junior colleges.
- Reorganizing the 70th judicial district to be composed of Midland and Ector Counties and creating the 118th district to be composed of Howard, Glasscock and Martin Counties.
- Setting up a statewide fishing license to permit fishing anywhere in the state on payment of a single fee of \$1.65.
- Creating the 134th district court at Dallas.
- Authorizing department of public safety to build a new administration plant north of Austin.

Trinity Ladies Club Meets

The Trinity Ladies Club met in the home of Mrs. Gus Rueffer Sunday afternoon, Oct. 2. The meeting opened with a song by all. Prayer by Mrs. Felix Klose.

LEGAL NOTICE

THE STATE OF TEXAS
 To: J. S. Whitley, I. A. Mantooth, J. J. Lillie, S. W. Winters, Etta Gregory, C. L. Glass, W. J. Strawn, J. E. McPherson, L. H. Thompson, Jim Mayfield, F. G. Armstrong, J. B. Broadway, I. L. Lacy, R. L. Harris, Mary Ann Morris, P. J. Bolles, C. F. Ratliff, Dan Moneyhan, J. A. Walker, Bertha Yeager, M. M. McDaniels, W. A. Wiggins, and Mrs. W. A. Wiggins, J. F. Ferrell, A. B. Dedman and I. A. Williams, if living, or if dead, their unknown heirs, whose places of residence are unknown, hereafter styled Defendants, Greetings:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of October, A. D., 1949, at or before 10 o'clock a. m., before the Honorable District Court of Haskell County, at the Court House in Haskell County, Texas.

Said plaintiff's petition was filed on the 12th day of September, 1949.

The file number of said suit being No. 7551.

The names of the parties in said suit are:

S. E. Lanier as Plaintiff, and J.

S. Whitley et al, as Defendants.
 The nature of said suit being substantially as follows, to-wit: State of Texas, County of Haskell, IN THE DISTRICT COURT OF HASKELL COUNTY, TEXAS.
 To the Honorable Ben Charlie Chapman, Judge of said Court:

Now comes S. E. Lanier, who resides in Haskell County, Texas, hereinafter called plaintiff, complaining of J. S. Whitley, I. A. Mantooth, J. J. Lillie, S. W. Winters, Etta Gregory, C. L. Glass, W. J. Strawn, J. E. McPherson, L. H. Thompson, Jim Mayfield, F. G. Armstrong, J. B. Broadway, I. L. Lacy, R. L. Harris, Mary Ann Morris, P. J. Bolles, C. F. Ratliff, Dan Moneyhan, J. A. Walker, Bertha Yeager, M. M. McDaniels, W. A. Wiggins, and Mrs. W. A. Wiggins, J. F. Ferrell, A. B. Dedman and I. A. Williams, if living, or if dead, their unknown heirs, whose places of residence are unknown, hereafter styled Defendants, Greetings:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of October, A. D., 1949, at or before 10 o'clock a. m., before the Honorable District Court of Haskell County, at the Court House in Haskell County, Texas.

Said plaintiff's petition was filed on the 12th day of September, 1949.

The file number of said suit being No. 7551.

The names of the parties in said suit are:

S. E. Lanier as Plaintiff, and J.

and unlawfully withhold from him the possession thereof to his damage in the sum of five thousand and no/100 dollars.

3. That the reasonable annual rental value of said land and premises is five hundred and no/100 dollars.

Wherefore plaintiff prays the court that defendant be cited to appear and answer this petition, and that plaintiff have judgment for the title and possession of said above described land and premises, and that writ of restitution issue, and for his rents, damages and costs of suit, and for such other and further relief, special and general in law and in equity that he may be justly entitled to and in duty bound will ever pray.

This action is brought as well to try the title as for damages.

T. R. Odell, attorney for plaintiff, Haskell, Texas.

In the alternative, Plaintiff says that he and those whose estate he has, claiming the same under deeds, duly registered, has had peaceable continuous and adverse possession of the land and tenements claimed in said plaintiff's petition cultivation using and enjoying the same and paying all the taxes thereon before delinquency for a period of more than five years next after plaintiff's deeds were executed, and before the commencement of this suit, and that he is ready to verify.

Wherefore plaintiff prays judgment of the court.

2. Plaintiff says that he has had and held through himself and assigns under deeds, claiming to have good and perfect right and title to the land described in plaintiff's petition and has had and held peaceably the land claimed in his petition, and adverse possession of same using and enjoying the same for a period of more than ten years before the commencement of this suit, and this he is ready to verify.

Wherefore plaintiff prays judgment of the court that defendants be cited to appear and answer this petition and that plaintiff have judgment for the title and possession of said above described

Scarlet Fever Not Confined to Lower Age Limits

Scarlet fever is one of the most disabling and dangerous diseases usually associated with childhood, although actually it is confined to no age limit, according to Dr. Geo. W. Cox, State Health Officer. While only six cases were reported during the week ending September 24, it brought the year's total to 811 cases.

The doctor described scarlet fever as an acute infectious disease, the onset of which is sudden. The first symptoms including sore throat, vomiting, fever, and headache, may appear in three to five days after exposure. These are followed by the distinctive red rash which gives this disease its name, Dr. Cox stated.

Complications may cause prolonged disability or death. Children suffering with scarlet fever may develop sinusitis and middle-ear infections which can lead to mastoiditis. As the germs spread through the child's system, the joints, kidneys, and heart may become involved, causing lifelong invalidism or crippling.

"A child with any kind of a sore throat should be seen by the family physician promptly," Dr. Cox asserted. "If scarlet fever is present, the treatment recommended will do much to alleviate discomfort and reduce the possibility of serious complications."

Dr. Cox stated that children under ten years of age are most susceptible, and that those persons who fail to contract scarlet fever until grown stand an excellent chance of never having the disease.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—Oct. 3, 1929

A total of 1905 bales of cotton have been ginned here to date from the 1929 cotton crop, according to the report of Haskell's eight gins.

C. D. Hopkins, commercial salesman in the local office of the West Texas Utilities Company, has been transferred to Munday office of the company.

Mr. and Mrs. Marvin H. Post and family of Lubbock spent the week end with relatives here.

J. D. Hughes of the Hughes Ranch was in town Tuesday, and reports young grain in his section suffering from lack of moisture.

Glenn Marrs left this week for Cisco where he will attend Randolph College.

Congressman Marvin Jones of Amarillo spent Monday in Haskell.

A fish pond has been completed on the grounds of the South Ward school. Mrs. O. W. Maloy defrayed the expenses and the boys of the 6th grade did the work. Mart Clifton donated and mixed the cement for the walls and the bottom of the pond.

Sheriff W. T. Sarrels, accompanied by City Marshal Henry Townsend of Rule, returned Wednesday morning from Billings, Montana, where they had gone to return a man wanted here on a burglary charge who had been located and arrested in that city. The officers travelled a total distance of 2864 miles on the trip.

The City Meat Market and Grocery, owned by A. J. Josselot, has moved from the Hudson Bldg., to the Jones Bldg., on the east side of the square formerly occupied by Tucker's Cafe.

40 Years Ago—Oct. 2, 1909

Will Whitman made a business trip to Roswell, N. M., last week and in his absence T. J. Lemmon held down the City Marshal's job.

Last year it took about 4 bales of frost bitten cotton to bring \$80, now one bale will bring that much.

J. J. Steing, C. M. Hunt and wife and H. E. Fields and wife went to Merkel in an auto Sunday on a pleasure trip, returning Monday.

Mayor T. E. Matthews has received a letter from S. E. Leonard, Supt. of the Western Union Telegraph Company, that they have completed arrangements for a downtown office in Haskell.

County Attorney Bruce W. Bryant made a business trip to San Antonio and Austin last week.

Cotton has been selling here above the port market this week. Some cotton has sold as high as \$13.50 cents. This is a straw that may give the buyers some pointers.

Frank Baldwin and Buford Long have passed the examinations in the State University at Austin and entered the law department of that institution.

W. P. Metkiff of Wise county, is visiting in the home of W. D. Kemp this week.

50 Years Ago—Oct. 7, 1949

Walter Beavers got tangled up with a rope and a calf the other day and is going around with a stiff neck.

A. C. Foster will leave Monday to visit the Dallas Fair. On his way down, he plans to stop at Gungshit, in Eastland county, and assist in the organization of a Masonic Lodge at that place.

H. S. Posts' little boy, about 3 years old, was bitten by a rattlesnake Sunday morning, which had crawled into the house and was coiled up in the dining room when the little fellow approached it and was bitten on the leg. Fortunately, Dr. Lindsey got to the child in about five minutes and treated the bite and the boy is recovering with no bad effects.

Mr. and Mrs. T. G. Carney went to Merkel and Colorado City this week. Mr. Carney is looking after a sheep trade down that way.

We forgot last week to mention some fine peaches sent us by Mrs. Tandy as a sample of what Haskell can do even in a long drought. They would be a credit to any country with the best of seasons.

While S. S. Cummings and others were branding a bull Friday morning the animal broke his fastenings and made for Mr. Cummings, giving him a severe rake along the back and side and bruising his thigh with his horns before he could escape over a fence.

Sheriff Collins, Judge McConnell and Tobe Mathis expect to start this evening for Dallas to see the Fair.

T. J. Smith, one of Stonewall's prominent cattlemen was over this week trading with Haskell's merchants.

A. B. Mason and family moved to Albany this week to make their home there while their daughter is in school.

Walter Tandy and H. M. Biker left Saturday to take in the Dallas Fair and big Democratic rally.

Chas. Hanson came in haste for Dr. Neathery Wednesday to go to his brother John's son, about 10 years of age, who was bitten by a large rattlesnake while he was picking cotton.

Mr. Terrell has had the back rooms of his drug store fitted up and has moved his family into them.

F. E. Turner started this week on a trip to the Devil's River country to look out a new range for his sheep.

We are informed that Rev. R. G. M. Eiland sent money this week to his son Dave, at Argyle in Denton county, to defray his expenses home. We are also reliably informed that there is smallpox at Argyle. It is stated that Mr. Eiland wrote his son not to come if he had been exposed to the disease.

Seniors of Paint Creek School Elect Officers

The senior class of Paint Creek High School elected their class officers. They are as follows:

President, Tommy Manker; Sec'y.-Treas., Alice Cox; Reporter, Martha Grand; Sponsor, Mr. Wayne Preston.

Student Council has recently been added to Paint Creek and we hope to make it successful. The officers have been elected and are as follows:

President, Barbara Watson; Vice President, Sue Bauldin; Secretary, Alice Cox; Reporters, Nell Hanson and Mrs. John McVey.

We elected council members, two members from each class in high school and eighth grade are to be the representatives. The following were elected: Senior class, Wanda Raughton and Bobby Micklen; Juniors, Douglas Hager and Clyde Thomas; Sophomores, Othella Moody and Phil McLennon; Freshmen, Geraldine Tidwell and Carlos Montgomery and in the eighth grade, Billie Middlebrooks and Jimmy Hohanson.

Our sponsors are Mr. Wayne Preston, Mr. J. W. Mullins, and Mrs. John Guillet.

The Port of New York is unique in that it is within the boundaries of two states, New York and New Jersey.

Southern Plantation Dinner Is Background For Harmony Club's Opening Program

The Harmony Club of Haskell held its first meeting of the year on Sept. 29th, 1949 at the Home-making Cottage.

Theme was a Southern Plantation dinner. The dining room was decorated as a southern garden with pampa grass and autumn flowers. The music room featured queens crown and roses.

The guests were greet at the door by Mrs. O. E. Patterson, president of the club.

The receiving line was made up of the women who were on the program, Mesdames Cook, Corvin, Lewis, Hawkins, Cadenhead, and Carolyn Turner, who were dressed in colonial costumes.

The lovely meal of chicken salad, potato chips, celery curls, buns, pecan pie, and ice cream was served buffet style by Mesdames Helber and Henson.

The Invocation was given by Mrs. B. M. Whitaker.

The following program was rendered: Voice, Alice Blue Gown, Carolyn Turner; Trio Carry Me Back to Old Virginia, and Beautiful Dreamer, Mesdames Cook, Corvin and Lewis, with Mrs. J. F. Cadenhead as accompanist.

Mrs. Hawkins gave a sketch of John Lomax's life and folk songs were sung from his book, "Our Singing Country" by the club.

Allen Lomax, son of the late John A. Lomax, gave a folk song program at the Biannual in Dallas in April, where folk music was stressed.

Mrs. B. M. Whitaker gave her original poem, Beginning a New Year.

The following women were present:

Mesdames Mark Clifton, O. W. Tooley, Leonard Florence, Tannie Squires, Tommie B. Hawkins, W. I. Coggins, Pearl B. Monke, Raymond Liles, V. W. Meadows, Eugene Tonn, Floyd Cook, W. A. Kimbrough, J. W. Medley, S. E. Corvin, Carolyn Turner, M. E. Helber, O. E. Patterson, J. F. Cadenhead, C. L. Lewis, Cecil Gregory, Robert Wheatley, B. M. Whitaker, Miss Watson, Mrs. Dows.

The love-song of the red-headed woodpecker consists of drumming with the beak on dead branches.

A. C. Orr Honored With Birthday Dinner

Mr. A. C. Orr of this city was honored with a birthday dinner Sunday in the home of a daughter, Mrs. W. L. Holt. Mr. Orr was 83 years old. Dinner was served to 34 guests: Mr. Orr, Myrtle Orr, Bert Orr, Mrs. Pauline Rodgers, A. C. and Jimmy, Mr. and Mrs. Boyd Davis and Mike, Mrs. Carolyn Tellers, Mr. and Mrs. W. L. Holt, Bobby W. L. Jr., and Barbara, of Haskell; Mrs. Leah Winningham, Joy and Lloyd of Paducah; Mr. and Mrs. Leonard Phemester and Jerry of Post; Garland Orr of Throckmorton; Mr. and Mrs. Frank McCarron, Mrs. Juanita Edsol, Wanda and Judy of Elbert; Mr. and Mrs. Mack DeJana of Dallas; Mrs. Bill Wilson, Sharon and Sallie of California; Mr. and Mrs. Wade Stephens of Stamford, Texas.

TO VISIT CHILDREN IN AUSTIN

Mrs. Arthur Edwards left Monday for Austin for a visit in the home of her children, Mr. and Mrs. Robert Arnold and son, Robert Scott.

State Fair of Texas OCT. 8-23 it's BIG... it's FANTASTIC... it's FUN! 10,000 FREE EXHIBITS NATIONAL LIVESTOCK SHOWS State Fair of Texas DALLAS

Chairman Cites Need for USO Support

Haskell county now has 139 young men and women serving in the Armed Forces, and through the medium of the USO we here at home have an excellent opportunity of seeing to their welfare and maintaining strong ties with them wherever they are," John H. Banks, County Chairman of the USO's reactivation campaign, reports.

"We will as good Texans look after our own whether they are serving in this country or on foreign soil," Mr. Banks said, "and the USO provides us with the opportunity we need, for it will continue as it did during the war to provide our young men and young women in the Armed Forces with a home away from home."

The County Chairman added that this county is being asked to contribute its share toward the \$500,000 campaign in Texas for the reactivation of the USO as requested by the President and the Secretary of Defense. The half million dollar figure is Texas' quota of the USO's national campaign for \$10,100,000.

Texas now has 98,000 of its citizens in uniform who will be benefitted by the on-the-spot services of the USO which will continue to fill its traditional role of supporting centers, lounges and area workers at all the principal army, navy and air force establishments both at home and overseas. It will also continue to finance camp shows in the 120 Veterans Hospitals across the country, including the many in Texas.

Governor Allan Shivers is general chairman of the Texas Cam-

Southwest Farm Markets Show Uneven Trend

Southwest farm markets paid some higher and some lower prices this week compared to a week ago, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Hogs advanced mostly around 50 cents for the week at Texas markets, although sows failed to share the strength at San Antonio and feeder pigs at Fort Worth. Stocker pigs gained 50 cents at Oklahoma City but other swine

classes declined around 50 cents at Oklahoma City and Denver—Texas butcher topwax \$20.25.

Slaughter cattle and calves moved to southwest markets at mostly 50 cents to \$1 lower prices than a week earlier. Stockers and feeders showed little change. Common and low-medium slaughter steers and yearlings cashed at \$15 to \$18 at San Antonio. Medium and good grades made \$18 to \$23.50 at Fort Worth. Common on medium steers brought \$16 to \$20 at Oklahoma City. Denver paid up to \$28 for high-goods.

Livestock marketings last week were about in line with the week before. Prices were steady to \$3 higher, with spring lamb and cow beef up most.

Southwest egg and poultry prices held about unchanged from a week ago Monday, with only slight declines here and there. Spring chickens sold 1 to 2 cents lower at Dallas and in Northwest Arkansas, and hens eased at Dallas. Fair to good demand continued to absorb mod-

erate supplies of poultry and light egg receipts.

Slow demand and increased supplies have lowered prices of many fall fruits and vegetables. The downward trend is widespread at both terminal and shipping point markets. Higher prices are confined mainly to products going out of season.

Most grains sold slightly higher for the week, although barley and white corn showed small declines. No. 2 white corn closed Monday at \$1.50 1-2 to \$1.54 1-2 per bushel in bulk carlots at Texas common points. Yellow corn brought \$1.46 1-2 to \$1.52 1-2. No. 2 yellow milo sold from \$2.05 to \$2.12 per hundred pounds.

Cotton sold 50 cents to \$2 lower for the week. Spot middling 15-16 inch closed Monday at 28.85 cents a pound at Dallas, 29.00 at Houston, and 29.35 at New Orleans.

Sterlin Holmesly, student in West Texas State Teachers College in Canyon, Texas, was a visitor in the home of his mother, Mrs. Pearl Holmesly over the week end.

Mr. and Mrs. Cecil Bookout and son of El Paso, Texas, were visitors in the home of Mrs. Bookout's mother, Mrs. Pearl Holmesly last Thursday.

East Side WMU Meets for All-Day Program

The regular meeting of the W. M. U. of the East Side Baptist church was held Tuesday, Sept. 27, as an all day session.

A program was presented by the following members: Mesdames Tom Mercer, Frank Patterson, Thurman Rhoads, Sarah Holt, Gene Lancaster, Willie Farrell and Mr. Fred Howard from the Brotherhood.

At the noon hour lunch was served in the annex to members and visitors.
