

THE BULLETIN.

JOHN HENRY BROWN, EDITOR.
INDIANOLA, TEXAS.
THURSDAY, AUGUST 19, 1852.

We are authorized to announce William Chamberlain as a candidate for the office of Sheriff of Calhoun county.

NOTICE.

Mr. R. C. Brady, the junior editor of the Bulletin, will run a line through the upper country in a few days with the view of extending our circulation and forming acquaintances. We hope for his among our friends and acquaintances a welcome and encouraging worthy of the enterprise in which we are ardently engaged, viz., the general advancement of the welfare and best interests of Western Texas. We have so far made no effort to procure patronage through the interior; yet in the brief space of six months, we have received, through the agency of friends, the names of six hundred and fifty subscribers. We are hence encouraged to expect a large accession to the following line:

In consequence of the death of the Sheriff elect in this county, before qualification, a new election has been ordered to take place on Saturday 28th inst.

POWER FROMS.—The threatened whomps Aragon, Shepherd master, arrived at Lower Horn from Atascosa on Saturday, with 140,000 feet of assault express lumber, consigned to Dodgeville, Sparks & Co., expressly for the wharf, hold and storehouse at that place. That house have already ready on hand for their works four hundred thousand feet, besides five hundred thousand logs.

PATRONS.—We have the pleasure to say that, at this sitting this week, in answer to a petition for that purpose, the county appointed an efficient Guard police for Indiana, consisting of R. D. Martin, Duncan Beaumont, Henry Luttrell, Wm. M. Varnell, George W. Parks and John Cary. The negroes of this place need restraint and we hope it will now be imposed.

IMPORTS OF LUMBER THIS WEEK IN INDIANA.—Per schooner Aragon, from Atascosa, 140,000 feet express lumber, to Dodgeville, Sparks & Co.

Per schooner Remo, from Sabine, 250,000 shingles, 2 masters.

Per schooner Medina, from Sabine, 15,000 feet pine lumber, to Jerry Smith Jr.

Per schooner Alida, from Mobile, 50,000 feet pine lumber and 30,000 shingles, to H. K. Rice & Co.

FAIRFAX.—There is evidently some person or persons in this region of country who delight in circulating the sheered falsehoods. On a late occasion, a boy, belonging to a family in the upper country, came to Indiana to spend a few weeks. She had scarcely arrived here ere a well-authenticated report reached her friends that she had fled suddenly of cholera. Her anxious relatives at once sent down to know the facts in the case, when it turned out that the lady had not had a moment's sickness, nor could there have been the slightest ground for such a rumour. It was the work of a depraved mind. There has not been a case of cholera here for many weeks. Many reports of this kind have been traced to the same source, and were it not that public notoriety will surely reach to the author, and that the mention of such names might give undue weight to such a creature, we should thus expose him.

WHAT IS IN THE MOUNTAINS.—We have a letter from a good friend, stating that he is farming extensively at Fort Croghan, Hamilton's Valley, about six miles above Austin, where he raises wheat, rice and oats, of the very best quality, and gets larger yields than any place he ever saw.—The water is familiar with farming in Illinois, Missouri and Kentucky, and considers the Upper Colorado superior to either as a wheat country.

EXTRA SESSION OF THE LOUISIANA.—There is almost an unanimous desire in this portion of the State for the Governor to call an extra session. It is thought that he should do so, because until there is a new apportionment of Senators and Representatives, a constitutional Senate cannot assemble, and this alone should control Governor Bienville's course. But aside from this there is a vast amount of general and local legislation demanded by the State. The popular will demands some wise and definite action on the subject of Internal Improvements. Our Rio Grande border is in a state of suspense, and needs the consideration of the State; and in the rapid increase of the population of the country, new causes for legislation are daily arising. The people in Texas are equally so situated in regard to their boundaries, and disputes with the colored race are daily to have gone on, and forced the archives from them.

We sincerely hope, that Governor Bienville, the popular head of our State, will call an extra session of the Legislature in October, and that these varied and exciting causes receive early attention from our legislature.

The editor of the *Advertiser*, Calvert, master, was born in New York on the 7th August, 1812, and educated at the school of W. L. McCleary & Co.

THE COURTS.—The Courts of this county will meet in Indiana as follows:

The District Court meets on Monday, September 2nd, the 1st, 8th, 15th, 22d, 29th, and every month.

The County Court meets on Tuesday, the 28th September, October, November, December, Chief Justice, and county Commissioners presiding.

For this precinct, Justice Segui's Court meets on the last Saturday of each month; and Justice Varnell's on the first Saturday of each month.

GENERAL BANK.—Mr. J. A. F. Gravie is engaged in Corpus Christi in making cement or concrete brick, of the same material as the concrete houses and cisterns are built. Why do not the people of Indiana adopt this simple, cheap, and durable method of building? The common sand and sand upon our town and lands are the material used for that purpose, with an addition, we think, of one-half per cent. Such houses will last for ages, and may be made fire-proof. As material for cisterns, nothing surpasses. Try it.

ARRIVAL OF THE LOUISIANA.

The Louisiana came in yesterday, bringing us full news to the 16th from New Orleans.

BENTON ELECTED.—The delegation to Congress from Missouri stands as follows: Thos. H. Benton, Alfred N. Lamb, John S. Phelps, Democrats; John G. Miller and Mordigan Oliver, Whigs.

Judge Conklin has been confirmed as Minister to Mexico, in place of Gov. Letson, resigned.

Hon. Robert Ranon, of Massachusetts, died in Washington on the 8th August.

The *Southern Press* newspaper at Washington City has been discontinued.

There is news of much interest in our exchanges.

COUNTY SEAT OF CALHOUN COUNTY.—For general information we publish below the certificate of Judge Beaumont, detailing the result of the late election for County Seat:

STATE OF TEXAS. This is to certify, that Calhoun Co., at an election held on Monday, the second day of August, A. D. 1852, for the selection of a Seat of Justice for the county of Calhoun, a majority of all the votes were given for "The nearest point to Indianapolis within five miles of the centre of the County."

That point is therefore declared to be the Seat of Justice of and for the county of Calhoun.

Given under my hand, and the seal of [L. S.] the County Court, the 14th day of August, A. D. 1852.

J. BEAUMONT,
Chief Justice.

The County Court assembled in Lavaux on Monday, the 16th inst., and, on the 17th, after a full and fair hearing, passed the following decree, from which there is no appeal:

STATE OF TEXAS. COURT COURT, Calhoun Co., 1 August 1852.

Whereas, by the election for a Seat of Justice of Calhoun county, held on the second day of August, 1852, under the law approved May 1st, 1851, a majority of all the votes were given for the nearest point to Indianapolis within five miles of the centre of the county, by which that point was selected as the Seat of Justice: And whereas, from the best authority before this Court, it appears that the point voted for, fall within the limits of the town of Indianapolis: And whereas, John Henry Brown, F. E. Hughes, Chambers Etter & Co., Henry J. Huett, John H. Dale, Henry Beaumont, E. Boehmer, R. D. Martin, J. M. Camp, D. Beaumont, S. M. Peiser, Wm. M. Cook, C. Beaumont, G. M. Bechler, and W. M. Varnell, citizens of the county, have given a satisfactory bond to this Court to furnish suitable buildings at that point for County offices, free and six months: And whereas, ample grounds for County purposes have been donated to the County at said point: It is therefore, Ordained and Decreed, that all public offices and archives of the county, which by law are required to kept at the county seat, be removed to the new county seat, designated by the county court, and they be renamed as follows: And whereas, the friends of God, to open the hearts of the friends of humanity in the older States—and they have helped us with their means, their prayers and good will."

CONRADE COUNTY.—A letter to the editor says: "The crops in this county are excellent; the health is very good, though there is some light sickness. Columbus, formerly boasting a bad name, is now one of the most moral and religious towns in the State."

GUM IN ARABIA.—In Morocco, about the middle of November, that is, after a rainy season, which begins in July, a gumy juice exudes spontaneously from the trunk and principal branches of the acacia tree.—Is about fifteen days it thickens in the furrow down which it runs, either in a vermicular (or worm) shape, or more commonly assuming the form of oval and round tears, about the size of a pigeon's egg, of different colors, as they belong to the white or red gum tree. About the middle of December the Moors encamp on the borders of the forest, and the harvest lasts six weeks.

The gum is packed in very large sacks of leather, and brought on the backs of bullocks and camels to certain ports, where it is sold to the French and English merchants.

IT IS THEREFORE.—Oracles and Decrees, that all public offices and archives of the county, which by law are required to kept at the county seat, be removed to the new county seat, designated by the county court, and they be renamed as follows: And whereas, the friends of God, to open the hearts of the friends of humanity in the older States—and they have helped us with their means, their prayers and good will."

THE ST. LOUIS REPUBLICAN, in noticing the appointment and confirmation of Dr. Wm. C. Lane, of that city, as Collector of New Mexico, says:

"This is gratifying news, Dr. Lane is every way competent for the office. He will discharge its duties faithfully and impartially, protecting alike the people and the interests of the Government. He is one of our early pioneers, is familiar with the difficulties attending the organization of a government in so distant a territory, and will devote all his energies to the execution of his duties."

Mr. PLATT, Agent of the Railroad, has been in our place a number of days this week, but will shortly go back to San Antonio. We do not learn what is the nature of his business here, but consider he might be engaged in the matter of getting further subscriptions to the Railroad, if this were his intention, he abandoned the idea, finding our people in a bad humor for further subscriptions.

Wa learn from Mr. Platt that the upper route would certainly be adopted as far as the crossing of the Guadalupe river near Clinton, but in September an engineer would be sent down to make a survey of the country from the Guadalupe at that point, to intersect with the lower survey at some point between the two rivers. The problem is to find a point located at some point on the west side of Matagorda Bay, instead of the point known as Tres Palacios, it is stronger on the west side of Matagorda Bay, instead of the east.

It is believed, that the route will be chosen by the 21st inst.

Ordered, that James Ashworth be authorized to receive the buildings above mentioned for the use of the county in Indiana.

J. WILLIAM P. MILBY, Clerk, of the county court of Calhoun county, hereby certifies that the foregoing is a true copy of the original on the records of said court.

In testimony whereof I hereunto subscribe my name and affix my official seal [L. S.] at office, this the 17th day of August, A. D. 1852.

WILLIAM P. MILBY, Clerk.

A portion of the county offices have already been removed, as will be seen by the following notice, and the others are to be removed by or before Saturday next.

Notice is hereby given, that the office of County Clerk of Calhoun county, made at the time of the term, 1852, now in the seat of Justice from Port Lavaca to Indiana, the undersigned, County Treasurer, and Acting Sheriff, have removed their offices to Indiana.

JOHN H. DALE, Treasurer,
G. M. BECHLER, Cor. & Act. Sheriff,
Aug. 18, 1852.

NOTICE.

Is hereby given, that the office of County Clerk of Calhoun county, according to a Decree of the County Court, has been removed to the town of Indiana.

Wm. P. MILBY, Clerk.

REVENUE ELECTION.

LAVACA, 16th August, 1852.

An election held on the 20th inst. to take the names of the people on the erection of a workhouse, doors to be policed, for a workhouse, three hundred and one votes for no workhouse, three votes.

J. BEAUMONT, Clerk Justice.
