Mitchell matches donated funds

Annual fund-raiser nets \$1,189 for needy families

to give or to receive is always needy. debatable at this time of the year, but because of the efforts of a few, fourteen Ozona families will have a brighter and happier Christmas this year. Beautifully wrapped gifts of clothing, shoes and toys along with a supply of groceries were delivered to Circle Bar Cable T.V., \$1,189.00 was the homes Friday by employees of raised. Circle Bar Truck Corral.

The project, now in its third year, is operated annually by the fuel desk cashiers at Circle Bar. Charlene Reneau, Maurine Harrison, Dana Stokes and Albert Longoria put up a Christmas tree at Thanksgiving, and from then until last week, invited each trucker who showers at Circle

Whether it brings more pleasure Bar to donate \$1.00 to help the

Truckers shower free at Circle Bar, but through the generosity of these travelers, along with donations from Crockett County National Bank, Perry Motors, Stockton Savings, Harvey Hill, Perry Hubbard and

That amount was matched, as it is each year, by Circle Bar owner Tom Mitchell, helping to make this a Christmas to remember for the fourteen families.

After the gifts were bought, the packages were taken to the Longoria home to be sorted and wrapped. By

December 20, everything was in readiness, and Circle Bar employees were off to make their deliveries.

Crockett County Care Center will be the recipient of \$130.00 which remained after the needs of the selected families were met.

Doing for others, that's what Christmas is all about at Circle Bar.

Candidates to begin filing

Candidates for the May primary election may begin filing for a place on the ballot beginning January 4. Six county positions will be up for election.

Terms which are expiring are those of County and District Clerk Debbi Puckett, Judge A. O. Fields and Justice of the Peace Raymond Davee, County Treasurer Jim Dudley and commissioners of Precincts 2 and 4, B. W. Stuart and Jesus "Chuy" Castro.

Puckett, Fields and Davee were appointed to fill unexpired terms and

Nicole Harrison, Albert Longoria and Maurine Harrison with gifts for needy families.

Hunting offenses top chart

Three Andrews men were arrested December 23 on charges of killing deer at night. Two charges each were filed on the hunters with bond set at \$213 on four of the charges.

Bond for one of the hunters was set at \$500 per offense and charges filed in county court due to a previous record for the same offense.

Of the nine arrests made in Crockett County during the week, only one was a local resident. An Ozona man was charged December 22 with public intoxication and released later in the day on a \$500 bond.

A Massachusetts man arrested by troopers on a charge of auto theft was released after Massachusetts refused to extradite.

Unauthorized use of a motor vehicle was the charge in the arrest of a Dallas man. He was released deer hunters.

after posting a \$3,000 bond.

Warrants out of Brazoria and Taylor Counties resulted in the arrest of a Liverpool man by THP. He was released to a deputy from Brazoria County.

A man arrested on warrants out of Travis County was released the same day after paying off the traffic warrants.

A Carlsbad, NM man arrested December 19 for driving while intoxicated and traffic offenses remained in jail December 23.

The Sheriff's Department received a report December 20 of two guns being stolen from a ranch in the western part of the county. Suspects are being checked out and the case is still under investigation.

Two deer rifles were stolen from a pickup on Avenue A December 20. The guns belonged to out-of-state ran for election in 1984 to fill those terms.

Filing fees for all offices except that of Justice of the Peace are \$600. Filing fee for the office of Justice of the Peace is \$300.00.

District Judge Brock Jones will also be up for re-election.

The filing period ends February 3, 1986. Persons wishing to file for any of these four year positions should contact Democratic Party Chairman Steve Kenley or Judge. A. O. Fields.

Dear Santa,

Jimmy Dale and Kimberly Nicole Nowell were among the children going to see Santa at the Fire Station. They are the children of Tasha and Billy Nowell.

Administrator outlines new Medicare rules for Crockett County Hospital

Medicare decertification at Crockett County Hospital means that the Medicare and Medicaid program will no longer pay for the hospitalization of a Medicare or Medicaid patient after December 31, 1985, except in cases of extreme emergencies where actual life or limb is threatened.

A physician can admit a nonemergency Medicare or Medicaid patient to the hospital; however, the patient must agree to pay the bill himself.

As soon as the hospital receives its designation as a Medicare approved non-participating emergency hospital, all emergency diagnostic and therapeutic outpatient tests will be

ble to see many stars; therefore a

ready made application for the designation, and the designation as a non-participating emergency hos-

pital should be forthcoming according to Bill Boswell, interim administrator.

Crockett County citizens who have commercial hospital insurance will not be affected. Private insurance companies will pay as long as the hospital is licensed by the state, and becoming a non-participating the hospital will retain its state emergency hospital, the hospital will hospital license.

"Getting out of the Medicare/ Medicaid program is not necessarily permanent," says Boswell. "It is no harder to get back into the program than it is to stay in the program.

"Medicare conditions of participation were written to cover all hospitals whatever the size. This means that a 10 bed hospital must maintain its hospital license.

meet the same requirements as the 1000 bed hospital in order to participate in the Medicare program. As the Medicare program began tightening up the requirements, it became difficult, if not impossible, for smaller hospitals to comply. By divest itself of most of these cumbersome rules and regulations; rules and regulations 90 percent of which had nothing to do with good patient care anyway," said Boswell.

The Crockett County Hospital will still have to pass an annual inspection by the State of Texas in order to

But if you're a superstitious person, like those who've been so since 467 B.C. when the comet was first recorded, and each 76 years thereafter, then go hide in your closet.

Overwhelmed by the demand for information on Halley's Comet, the U. S. Naval Observatory will ex-Saturday party with concentration periment with a high-volume com-

mercial service for its phone-in hotline starting in December.

More than 20,000 calls have come in since September 3, keeping the single line offering recorded Halley information busy nearly 24 hours a day, with an unknown number of callers turned away by a busy signal. Hoping to ease this congestion, the observatory and the American Astronomical Society will inaugurate a new special line starting at noon, December 15 on an experimental basis.

The new Halley Hotline number will be 900-410-8766.

The last time Halley traced its orbit around the sun was, of course, in 1910-1911. At one point, the tail of the comet stretched two-thirds of the way across the horizon to directly overhead. It was quite surprising what relatively enlightened early 20th century people did because of this beautiful phenomenon. "Comet

We get letters.....

Crockett County News Ozona, Texas 76943

Dear Sir:

This letter is written in response to the article published about the hospital in last week's Crockett County News. I can overlook some things that have been said about the hospital in recent months, but criticism about my nurses, I cannot

The licensed nurses of Crockett

There is no lack of Continuing least one inservice per month for them -- sometimes more; they are well-attended. Over half of my licensed nurses have been out of town to at least one seminar during the past year; when they return, they present a program on that particular seminar to the rest of the nurses. Also, our consulting pharmacist and our Pharmacy representatives. This takes chemotherapy.

MOVE MOBILE HOMES

LOCATION CLEAN UF

We also have a V.C.R. and a T.V., and use these to watch many educational tapes. We really enjoyed having these.

The class referred to in the article was one that was given during an E.M.T. training session. It was not a nursing inservice, nor were the nurses invited. Those two nurses just happened to be in that class.

I hope that I have been able to enlighten you on a few things. Remember that the "Angels of Mercy" of Crockett County Hospital are here to serve YOU -- the citizens of Crockett County; given them a chance to serve you, even if it's just to take your blood pressure!

Sincerely yours, Ramona Turnley, R.N. **Director of Nurses**

Letter to the Editor

not between the federal government

I would suggest that patients read the back of the Medicare Form No.

Incidentally, the above discussion overlook.

> County Hospital go to the same schools, and are licensed by the same State Board of Nurse Examiniers as are the nurses in the larger hospitals. They are just as competent as those nurses, sometimes moreso. They take very good care of their patients, sometimes to the point of spoiling them!

Education for our nurses. I hold at dietitian conduct inservices, as do month, we saw a film on "Chemotherapy"; this film was very beneficial to the nurses, as we do have an outpatient at the present time who

diagnosis and the treatment. When this happens, it is THE PATIENT'S **RESPONSIBILITY TO SETTLE THE** DIFFERENCE WITH MEDICARE. It is NOT the physician's responsibility! As a courtesy to the patient, the physician will help the patient in

ment and the physician. This concept stand. THE CONTRACT IS BE-TWEEN THE PATIENT AND THE GOVERNMENT, NOT BETWEEN THE PHYSICIAN AND THE responsibility to pay its portion of the

pills" were sold by hucksters to protect people from "harmful effects of the comet". Weather was erroneously blamed on the comet. Mid-Eastern people climbed into barrels of water to protect themselves from the effects of "harmful" cyanogen gas of Halley's tail. Sales of oxygen gas soared "just in case". A religious sect in Okalhoma tried to sacrifice a virgin to the comet, but their plan was foiled by the local sheriff. Because of the comet, some might have committed suicide. One possible cause of so much fear might have been the sensationalism of the "fear side" of the news by capitalizing media, instead of the event being one to capitalize on the educational aspect.

in 1758, began in 1948 when the "wad" of gas, dust, and ice reached its fartherest distance from the sun. This point is called the aphhelion of the orbit, which was located beyond the planet Neptune, or about 3,250 million miles from the sun. Oddly enough, astronomers say the comet, thought to be made of leftover matter from the formation of the Solar System, at its aphhelion was only about three miles across. When near the sun, however, expanded by the sun's heat and distrubed by the soalr "wind", the comet may span 100,000 miles in diameter and have a tail that extends 50 million miles.

Some dates to remember, should you be interested, are these:

Early January, 1986-Comet visible to the unaided eye 10 degrees above The return of Halley's Comet the western horizon in twilight.

from unaided vision. There are lots of interesting things about comets. Many amateur astronomers set up shop and just survey the sky for comets. Some have been rewarded, and have had

comets named after them. New comets are discovered almost every year. Comets have variable orbital periods. Encke's Comet has the shortest period -- about 3.3 years. There are literally hundreds of

comets orbiting the sun.

Terrorism

Terrorism is on the rise. The wings of violence have swept into every limb of society, and its feathers fall, more often than not, on innocent people.

Hardly a week goes by that we don't hear about an act of terror somewhere. International flights are seized, government offices are bombed, city streets are menaced by muggers - even our homes, once the hovels of safety are plundered by marauders.

Our headlines tell the story: Massacre at McDonalds. Bombing at Beirut, Slaughter in the Subways, or Fear Follows Flight 505. These are becoming common place in our society.

While our metropolitan areas are more apt to be the targets of terror,

rural areas keep gaining in incidents. Terrorism is no respecter of locale - it can happen anywhere.

Rape, robbery and murder are acts of violence that know no limits of incidence. I think we could add abortion, child abuse and alcoholism as acts of terror, don't you? As the list goes on, it always strikes closer and closer to home.

I wish that I could say that terrorism is going to subside. But our past has seen it coming, our present sees it escalating, and our future - well, from the sound of the footsteps, it will only intensify.

I don't like terrorism. I have no desire to be kidnapped by some half-crazed maniac high on drugs or madly driven by some political ideology. I do not want to be mugged for the two dollars I often carry, nor do I want to look down the barrel of a Saturday Night Special. I fear these things happening to any of us. But, I have a greater fear.

Jesus said we should fear losing our soul. It is our most valuable possession, and Satan seeks to terrorize us in order to obtain it. Having your physical self or property done away is bad - but losing your soul is worse. Much worse!! The ultimate act of terrorism!

If your property is threatened, you will guard it. Double-bolt the doors and install an alarm system. If your body is threatened, you will protect it as best you can. What about your soul? Are you putting it in the safe-keeping of Christ?

Since Satan terrorizes constantly by his multitude of both seen and

The Crockett County News

Ann and J. McCartney new careers after 34 years

time to move on to new careers and new adventures. For many Ozonans, especially those in the Crockett County Care Center, it is time to say goodbye to good friends.

in October as senior production operator, and December 20 was Mrs. McCartney's last day as activities director of the Care Center. He started his long career with Shell on June 15, 1951, at the plant in Notrees. The McCartneys were on the move by 1962, when he transferred to the plant in McCamey. In 1970, McCartney moved to Quanah, where he was a combination man with both the gas plant and

He started work as a lease operator at the plant here in 1978. During that time, Mrs. McCartney returned to school and graduated from Angelo State University, and soon began her career as an activities director at the Care Center.

"I really don't know that much about the gas industry. I was in my own little world, as a pumper," McCartney said. "We have really tried to support the community and the church (United Methodist). I feel that we have not contributed a lot to this beautiful community."

McCartney has contributed to the enjoyment of his wife's friends at the Care Center by learning to play the fiddle.

"There is no need for a generation gap," Mrs. McCartney said. "All age groups can learn from one another.

"The elderly have taught me patience. They have taught me understanding. I just hope that I've done the same. I have really tried to show them how much I care for them," she said.

"The patients at the nursing home have shown me how to cope with life under adverse circumstances. They still have feelings and desires and even dreams. They need to feel they have value. The patients must have people come and see them," she explained. "Sometimes, it is just important for someone to come and

just say 'Hello'.' Determining when a person should enter a nursing home is a complicated issue. "It hinges on the patient's and the family's need. If a person can no longer function in his own home and round the clock care is not available, the nursing home offers the patient the opportunity to still function and yet be cared for,'

said the loving activities director. "I really can't envision some in a nursing home. Everyone's needs vary with the passing years.

"The worst thing that can happen to an old person is not to be kept active. This is the reason we have activities. I hope that volunteers will continue to come and be with the elderly of our community."

The McCartneys will miss the friendly people, the lovely climate

NEWS photo by Scotty Moore __

ambitions must be fulfilled elsewhere." McCartney said.

Page 5

After 34 years, McCartney is returning to school, where he plans to attend Texas State Technical Institute and study commercial refrigeration and heating. "We plan to take things as they come. I haven't yet looked at the job market in Waco. I hope to find a job in social work or as a consultant at a nursing home," Mrs. McCartney said. "I returned to school a few years ago so that J. could retire at an earlier age, and we could do what we have wanted for years."

The McCartneys are the parents of three grown sons, Greg McCartney, and his wife Starla, and their daughter, Regina, 3, of Desota; Danita Bounds and her husband

They left the cross

Charles Huffman, Pastor **Faith & Hope Lutheran Churches Ozona and Sonora**

READ: Luke 14:15-24 'Though seeing they do not see' Matthew 12:13

The home of an aged, handicapped woman was ransacked. Thieves took everything of value. Later, her little cross was found lying on the porch steps. Nobody wanted that.

That is how people act. They try frantically to get earthly belongings and whatever can be converted into money, but figuratively speaking, they let the cross of Jesus lie on the porch steps. Spiritual things don't interest them.

Someone has said that we had better put all our Christmas packages in the trunk of our car where thieves can't see them, but if we wrote on a package: 'This package contains God's message of salvation for you', we could leave that lying on the front seat and not worry that it would be stolen.

No doubt, this will again be a strictly material Christmas for many who will not even give a second thought to the gift that God is offering to the world.

The things of God are foolishness to most people. They see no advantage in listening to God. They are content to celebrate Christmas and leave Christ out completely. Christmas is becoming a secular

Christmas **Connie Marrouquin, Pastor**

Church of God

It was in Bethlehem almost 2,000 years ago that Mary had her first born Son and named Him Jesus. An angel from heaven came to the

shepherds with tidings of great joy. For unto you is born this day in the city of David a Saviour, which is Christ the Lord. And then suddenly there was with the angel a multitude of the heavenly host praising God and saying, Glory to God in the highest, and on earth peace, and good will toward men.

Oh, what joy the shepherds must have felt to be among the first ones to find the Baby which was Christ the Lord.

Also there came wise men from the east looking for Him that was born King of the Jews. They searched diligently for the young Child and found Him. They worshipped Him and presented Him gifts, gold, frankincense and myrrh. So you see, the true meaning of join the shepherds in worshipping the Baby Jesus. Let's come to Him in

gratitude and love, and let's join the wise men in bringing Him gifts. You may not have gold, frankincense or myrrh like they did, but you do have a beautiful heart. Why not wrap it up in love and give it to the sweet Baby Jesus who was born almost 2,000 years ago?

He loves you so very much. Accept Him as your one and only Saviour, and you will have Christmas for the rest of your life. God bless you is my prayer.

Decoration donations

Donations to the Christmas decoration fund continue to come in says Beth Boyd of the Chamber of Commerce. Latest donors are Mr. and Mrs. L. D. Kirby, Alpha Alpha Mu, Eugene Miller, Dr. Steve Sessom, Mrs. Fred Hagelstein, White's Auto and Ozona National Bank.

Henderson, Karen Huffman, Susan McMullan, Renee Pearl, Leslie Reeves, Rita Sigwing, Roylan Sullivan, Lisa Wagoner, Marcy Williams and Leslie Wilson.

Also attending were Lisa Branch, Sharon Forehand, Barbara Glosson,

Poinsettias and Christmas Cactus

With reasonable care and proper lighting, Christmas poinsettias can be year-round houseplants, providing color until spring and green foliage during the other months.

Poinsettias do best and flourish near a window that brings in lots of light. They require lots of moisture and should never be allowed to dry out. Water is required daily or thorough soaking at regular intervals. Make sure drainage is good. Normal household temperatures, 52-62 degrees, are ideal for poin-

settias in bloom. Night temperatures can drop to 55 degrees. Avoid heated rooms above 75 degrees, temperatures below 50 degrees; chilly drafts and direct heat from furnaces. Plant misters can be used to keep the plant's humidity level adequate.

When Christmas color fades, cut poinsettias back to about eight inches. This pruning may look severe, but allows new shoots to emerge. Poinsettias may be transplanted outside when night temperatures exceed 50 degrees. Summer pruning may be necessary during the summer months.

After the Christmas season is over and the Christmas cactus has finished blooming, it will be excellent as a hanging plant. During and attention.

Bridge group holds Christmas luncheon

The Thursday Bridge Club met December 19 at Ozona Country Club for a luncheon and gift exchange along with their afternoon of bridge. Hostess for the event was Mrs. Joe Bean.

Mrs. Jess J. Marley was high and Mrs. Joe Friend second high. Bingo went to Mrs. Doc Dockery.

Others attending were: Mmes.

Bunger, John Childress, Joe Couch, Tommy Harris, Brock Jones, Arthur Kyle, Bill Mason, Buddy Phillips, Jake Short, Sherman Taylor, Lefty Walker, Evart White, Charles Williams, Charles Williams, Gene Williams and Jack Williams.

Luncheon guests were: Mmes. W. E. Friend Jr., James Childress, John R. Hunnicutt, Dempster Jones,

the winter months, place it in a window or other area of high light intensity. In the spring and fall, full sun and outdoor growing area is ideal. During the hot summer months, light shade during the

mid-day period is best. Christmas cactus grow best in all plastic containers. Since it is native to the tropical rain forests of Brazil, it likes plenty of moisture, but will not tolerate wet, soggy soil. A diluted solution (1/2 recommended rate for houseplants) of a liquid houseplant fertilizer is recommended once a month throughout the growing season.

Christmas cactus blooms only when it has 12 or more hours of total darkness. If kept in a lighted room, flower buds will not appear. If placed in a light proof box or enclosed with a light-proof cover from 6:00 p.m. until 8:00 a.m. every evening, it can be brought into bloom almost anytime desired provided night temperature is 65 degrees or lower.

Christmas cactus can be readily propagated from cuttings by placing a short section of the flattened stem in a clean rooting medium for a few weeks until rooted. Many years of pleasure can be derived from the Christmas cactus with moderate care

The Crockett County News

Wednesday, December 25, 1985

Merry Christmas to everyone! And may the new year be your very best.

We have had lots of Christmas music at the Care Center, and we really appreciate all of those who came and gave of their time and talents. I only have numbers for the most part, but to all of you goes a big thank you!

On December 13 the 4-H Horse Club came by on their horses and sang outside. On the 16th, some 25 members of the Alpha Alpha Mu Chapter of the Beta Sigma Phi came by and sang and left a lovely fruit basket full of goodies.

On the 18th, nine members and two leaders from Mrs. Phillip's Brownies came caroling and also brought all the residents a Christmas card they had made. On the night of the 18th, twelve members of the United Methodist Church choir stopped by to sing.

On the afternoon of December 16, Thelma Janes and Angie Marshall, representing Girl Scout Troop #189, decorated our Christmas tree. Everyone who sees it agrees they did a mighty fine job.

That night twenty-two members of the Faith Lutheran Church gave our residents a lovely Christmas program and party. The program featured a play by the following youth: Angels, Jennifer Usener and Kylene Zimmerman; Shepherds, William Babb, John Usener and Chris Zimmerman; Banners, Walter Babb; Mary, Terri Harms; Joseph, John Babb; reader, Bryan Harms. It was all very nice. We thank you for the program and for the delicious refreshments.

Wednesday morning ceramic volunteers were Jeanne Wellman and Doris Karr. Marie Pierson assisted with a ceramic project on Thursday.

Wednesday night our residents were treated to a Christmas dinner and all the trimmings at the Baptist Church. Some twenty-five Baptist ladies, G.A.'s and Act-Teens gave our residents, three staff members, sitters and volunteer Jo Davidson a delicious meal. Fourteen residents were able to make the trip, thanks to our new van. Those going included: Jesus Hernandez, Trinidad Alvarado, Juana Hernandez, Tomasa Ramoz, Pauline Clinton, Jean Beardmore, Bertha Miller, Marcial Rodriquez, Hilda Dysart, Alice Ross, Inez Biggs, Moriama Perez, Edna

Wallace and Phil Schneemann. Thanks, Mrs. Ivy Smith, for the

lovely mum pot plant!

Thursday morning's beauty shop was manned by Vivian Hughes, Clara Byrd, Jo Ann Williams, and 16 girls from the morning class of the Ozona High School Cosmetology Department, Judy Sims, instructor. We thank these girls for all coming, fixing hair, nails and visiting. We really do hope they will come back during the holidays, their spring break and next summer.

Four members of the Faith Lutheran Church brought our Bible study followed by seven members of the Spanish Hour of Praise group from the Catholic Church who brought their service. Thanks go to these ladies for bringing a big box of candy, too.

Fifteen people, Calvary Baptist Church members, and their friends, came to the Center on Thursday night for a musical program. They brought a big box of fruit which included one of our residents' favorites, bananas. They were just what we needed to go with the sack of fruit which included oranges, apples and grapefruit donated to all our residents by Mr. and Mrs. Jesus Perez.

Susie Reynolds of Pampa with her mother, Mrs. Max Schneemann at the Care Center Christmas party.

enjoyed Christmas music and apples and pears brought back to our residents from Washington State by Dr. and Mrs. Owensby. Thanks, Dorothy Doll, for helping serve them

Another big thank you goes out to Westerman Drug for sending a big five pound box of chocolates and to Mr. Pierson of Perry Brothers for giving us four new fish for our aquarium.

Christmastime doesn't mean we miss any of our regular programs like bingo. Anna Bell Patrick was here to pop pop corn, Bonnie Warth came to call, and volunteers Inez Gutierrez, Sophia Tijerina, Dorothy Doll, Elvira Martinez, Elodia Zapata Minnie Karr and Alice Ross all helped our residents see their

NEWS photo by Scotty Moore -----On Friday afternoon our residents numbers. Juana Hernandez won the certificate for two El Chato dinners on Tuesday, and on Friday, Tomasa Ramoz won the first place certificate from Watson's Department Store, and Moriama Perez won the second place prize.

> There was a going away party given for me by the staff this week. After our big residents' Christmas party December 20 I will be off to new adventures. Every place one works, they leave a part of themselves, a part of their lives, and take with them fond memories to remain with them always. The same is true of my stay in Ozona and my work at the Care Center. I hope many of our paths will meet again, so it is not goodbye, but so long for awhile. Keep volunteering!

> The Lions stayed right with them in the first quarter, and were only

Ozona advances to 13-1 Lions' "D" pulls them through

by T.C. Tucker

Last Friday night, the Ozona Lions hosted Irion County, a talented bunch of boys ranked high in state class A action. The Lions had much trouble with them, having a cold night shooting, but great hustle and defense saved the day as the Lions scooted past the Irion County Hornets.

The Hornets got on the scoreboard first as their main man, Jason Burleson, sank a a couple of baskets. The Lions looked in bad shape, but Steve Sanchez refused to fall before the Hornets. Sanchez and Harvey Fierro made numerous steals in the next few minutes to bring the Lions within four at the end of the quarter.

Three fresh Lions came in the second quarter and helped take the lead and keep it until the half. Abel Lara, who had a tremendous night with 3 points, assists, and steals, sank a basket to give the Lions a 3 point lead midway through the quarter.

In the third quarter, the Hornets buzzed back and retook the lead. They switched leads for the remaider the quarter, ending at 31-all. The Lions still remained cold, but made the necessary points to stay with Irion County.

The Lions gained a 39-31 lead halfway through the last quarter, only to see it diminish to a one point lead (42-41). Then Sanchez sank a basket and Fierro added a pair of free throws to vie the Lions a 46-41 lead before Irion County sank 2 free throws of their own. But Mark Marshall, who had an extremely good game, with 9 points and 6 rebounds, sank 3 of 4 free throws to put the icing on the cake.

"Our offense was not doing particularly well," stated Coach John Curry after the game. "But our defense came through and saved the game."

Scoring leaders for the Lions included Sanchez with 13 points and Fierro with 12 points. Sanchez also led with rebounds, having 6. Scott Denamn followed with 5. Fierro led in stealing, having 10.

Lions 52, San Angelo Lakeview 51

"We snatched victory from the jaws of defeat," Coach Curry stated simply after the Lions came from behind in the last quarter to beat Lakeview 52-51.

Steve Sanchez led all scorers with 16 points while Mike Morrow followed with 11. The Lions held the lead most of the game until the fourth quarter when things became pretty hectic for both teams.

Scott Denman led rebounding with seven, also having 8 points. Sanchez had 6 rebounds. The Lions continued to show how they can keep their poise and remain cool under pressure.

The Lions next game will be played here against Irion County again on December 27th and then against Ft. Stockton Dec. 28th.

Ranchers tour wool lab

Earlier this month, area ranchers attened a tour through the Texas A&M Research Center in San Angelo sponsored by Ozona Wool and Mohair Company. The tour included observing the new wool laboratory in operation, which included scouring, fiber fineness determination and combing wool and mohair.

The latest in research results and equipment used in wool an mohair research was discussed. In addition, the tour included visiting the remaining facilities and discussing research areas in sheep, goat, wool and mohair production through veterinary medicine, reproduction and nutrition.

The day proved to be very informative and was well accepted by ranchers attending according to Brian May, manager of Ozona Wool and Mohair.

Girls crush Sonora

by T.C. Tucker

The 8th grade Cubettes traveled to Sonora on December 16 in hopes of extending their winning streak. They proved to be successful as the girls pounded Sonora 31-6.

Polly Villarreal led all scorers with 10 while Kelly Williams followed with 6. Williams also led with 14 rebounds.

"The girls played with their minds working each play," said Coach Renee Shultz. "They executed each pass and shot very well."

The girls led the entire ball game and never slowed down long enough for Sonora to get into the game. The Cubettes did not allow Sonora to possess the ball too many times, having 37 steals while turning the ball over only a few times.

Lanessa Porter had five forced turnovers, 4 steals, 2 assists, and 2 points as she played a good game. Judy Fierro also led in assists with Porter having 2.
