## Multi-Million Rain Helps Area Farmers

### Rabies Outbreak Feared In Area

Dr. Jerry Gleason has issued a plea for all area residents to get their cats and dogs inoculated

#### Vaccination Clinic Slated Here Thursday

Dr. Jerry Gleason of the Muleshoe Animal Clinic and the City of Muleshoe will co-sponsor the annual vaccination clinic for dogs and cats next Thursday, May 22.

Dr. Gleason explained that because of the rabies found near Muleshoe recently, it has been decided to push up the clinic. Also, the hours have been extended. In the past, the clinic was normally a two hour clinic. This year, the hours will be 2-5 p.m. at the Fire Department on East Ave. B.

He and city officials, including City Secretary Mary Watkins will be conducting the clinic.

### County Gives Holmes Nod For JP Court

Meeting in regular session this week the Bailey County Commissioners Court approved Tana Holmes as Justice of the Peace for Precinct One in Bailey County.

Mrs. Holmes will replace K.B. Martin who resigned on April 1. She is expected to assume her new office on June 16. She has been employed for the past four years in the courthouse, first as secretary in the Bailey County Extension office, and currently is employed in the tax office.

Commissioners also approved payment for an upcoming advertisement for the Storm Sentry, with cost of the ad to be split with the city of Muleshoe. They approved a part-time secretary to work in the Bailey County judge's office to work on peace justice records.

against rabies. A confirmed case of rabies has been reported in this county.

On Saturday, May 10, Mrs. Jim Crawford found her son holding a bat he had taken from the family dog in the West Camp community. She took the bat from her son, six year old Andy, and holding it by its tail, the bat was brought to Dr. Jerry Gleason at the Muleshoe Animal Clinic.

Results from testing the bat showed that it was a rabies carrier, so on Wednesday, Mrs. Crawford and her son began a series of 14 rabies vaccinations.

It has been reported that rabies vaccinations are very painful and have to be given in the stomach. It was determined to give the rabies vaccinations to the Crawfords because both Mrs. Crawford and Andy had scratches on their hands, which could have become infected with the rabies as they both handled the bat. Dr. Gleason said the family dog was also given a booster shot against rabies, although the dog had received a vaccination less than a year ago.

Dr. Gleason said he sent off two bats found near Earth and one found by Kenneth Precure north of Muleshoe. Test results on all three bats were negative. However, he said this was an abnormally high incidence of bats being found in this area.

He has also determined that the rabid bat may have possibly infected animals in this area before it was caught by the dog on the Crawford farm.

"I cannot stress enough how important it is for everyone to remind their children of the dangers of handling any type of wild animals," said the local veterinarian. "Also, it is of the utmost importance for all dogs and cats possible to be inoculated against rabies."

He said the Animal Clinic has sufficient vaccine on hand to handle area animals.

LOOKING OVER THE DAMAGE--Lester Elmore holds a two by four that was knocked from the edge of his house by an electrical storm in Muleshoe Wednesday afternoon. Above his head is a large hole in the roof and corner of the house from a bolt of lightning. A scorched and blackened area shows where a fire started, but was apparently extinguished by the heavy rain that accompanied the storm. The Elmores were not home when the lightning struck. Clocks were stopped in the home at 2:30 when the electricity went off.

### Athletes Honored At Annual Banquet

Bill Yung was lavish with his compliments for the large group of people who attended the annual All-Sports banquet, sponsored by the Muleshoe Athletic Booster Club in Muleshoe last Tuesday night. "This is the largest participation for any school, of any size, that I have ever seen, anywhere," he commented.

Then the personable head football coach from West Texas State University held his young group spellbound as he spoke on what makes winners. However, he also touched on what makes person a good loser, and what contributes to make a 'bad' loser.

"You may not win all the games, but you can still be champions. It's not how you start, but how you end up that counts," he cautioned. "A person who cares about their team does not complain. They are always positive, and believes in teamwork. When one makes a mistake, it's up to all to share the blame and it affects all of us," he added.

"Somebody's looking at you. It may be a little niece or nephew, or maybe a younger brother or sister, but remember, someone is always looking at you," he reminded the young athletes.

Coach Yung touched on religion as the 'main background, he told of his main inspiration, his father, who made a good life despite being a double amputee, who gradually had his legs removed to his trunk, yet remained a bright, cheerful, outgoing, uncomplaining person. Coach Yung also spoke of his own perseverance to become a player on the 'main string' at his college, and of younger and smaller athletes who did well, because they were patient, worked, and were consistent.

he has seen "go down" after becoming involved in drugs.

#### Coach Eiland Has Resigned; Moving Away

Resignations of several teachers and coaches in the Muleshoe School system were approved by the Muleshoe Independent School District Board of Trustees during their regular meeting Monday night.

Don Eiland, coach and biology teacher resigned. He has accepted a position with McMurry College. Also resigning were Judy Eiland, elementary school; Gentry Lynn, vocational agriculture teacher and his wife, Shirley, a second grade teacher and Brenda Black, physical education teacher and coach.

Also resigning were Vernelle Craig, special education supervisor; Sharyn Flowers, physical education teacher and coach; Estelle Fox, retirement; and Jane Cornelius, special education aide.

Jan Garrison was employed as an elementary teacher. She is a native of Vernon and a graduate of Baylor University. For the past four years, she has taught at Lubbock-Cooper Junior High School.

### Lazbuddie Banquet Scheduled

Come to the Country Fair! Tuesday night at 7:30 p.m., the Lazbuddie Booster Club is sponsoring the annual athletic banquet in the Lazbuddie cafeteria.

Lazbuddie athletes from the schools will be honored at the banquet and tickets may be purchased in advance from the Booster Club members.

Tickets are priced at \$5 for adults and \$2.50 for children under the age of 12.

Serving will begin promptly at 7:30 p.m., so make your plans to help honor Lazbuddie's outstanding athletes.

### Indictments Are Returned By Grand Jury

Six persons were indicted by the grand jury in Muleshoe this week in three cases.

Two men and one woman, who recently were apprehended some 14 minutes after an armed robbery of Lindsey Jewelry store in Muleshoe were indicted for the robbery. Bond was denied for each of the three defendants in the indictment.

One person was indicted after being charged with theft from an automobile and two persons were indicted for burglary.

The grand jury, which met Monday, reconvened on Thursday, however, no information was released following the Thursday session.

### Muletrain Dedicated To MHS Principal

A surprised high school principal found himself honored Wednesday morning. Wayland Ethridge, principal of Muleshoe High School was told at the annual awards ceremonies at Muleshoe High School Wednesday morning that the 1980 edition of the Muletrain had been dedicated to him.

Co-editors JoRonda Rhodes and Shelley Splawn made the presentation to the principal and commented:

"When we recall the highlights of 1980, we will reflect on the added benefits we gained through the emphasis placed on our education.

"It will primarily be to one man that we will owe our greatest tributes. Since transferring from Junior High School simultaneously with the Class of 1980, he has skillfully directed the school and its staff.

### Cotton Planting Expected Here Soon

Wednesday and Thursday of last week, area economy received a big boost with general rains, which have been called by some farmers, a 'multi-million' dollar boost to economy. No irrigation wells were in operation Friday, and farmers said by shutting off the wells, are able to save at least \$30 per day on operating costs.

It was estimated that with the average daily operational cost for wells running some \$50 per day, and 3,500 wells in this immediate vicinity, the local savings alone are around \$175,000 per day. And, with around 10,000 wells in this general vicinity, the savings is averaging \$500,000 per day for each day the irrigation wells are not in operation.

"We have never had a rain like this when we were getting ready to plant," quoted one farmer, who also spoke of the benefits to the dryland farmer, and benefits to the range land in this county and area.

"Our rain was excellent," said assistant Bailey County Extension Agent Jim Irwin. "It looks like we are in good shape now, and the rain that fell will really be a boost for dryland crops.

"Our reports are from slightly less than an inch to just over three inches, and it will really help the crops just planted as well as the crops that are ready to be planted."

He estimated that perhaps 30 percent of the cotton has been planted at this time. Most farmers in Bailey County have now received adequate moisture to plant.

In Muleshoe, nearly two inches, 1.87, was recorded. With .52 falling on Wednesday, followed by an additional 1.32 Wednesday night and Thursday evening.

During the Wednesday rain, heavy lightning was the cause of some damage in Muleshoe.

Lester Elmore, who resides at the corner of West Third Street and Avenue C found lightning had struck the northwest corner of his house, leaving a large hole in the roof and upper corner of the house. At The Journal, the lightning struck a

The auto industry has a long list of engineering developments over the years. A large part of the engineering has been done to improve the safety of the vehicle and, in my opinion, none has been greater than the advancement over the years of the braking system. This began with the development of the hydraulic brake during the 30's. This was a great step forward, but, of recent years, the development of the disc brake has been just as important. The big advantage of the disc brake is its ability to stop the automobile without skidding and is self-adjusting so that one side will not be tighter than the other - the results of which is pulling sideways. Another great advantage of the disc braking system is its life as disc brakes last almost twice as long as drum brakes. Most new cars come standardly equipped with disc brakes, at least in front. This would be one of the things to check when buying a new car.

### TOPS Has Weekly Meeting

The T.O.P.S. Club met Thursday May 15, in the community room of Bailey County Electric. Carlene Stroud, leader, called the meeting to order. The TOPS pledge was recited and the song sung.

Roll call was by Linda Vinson. Vickie Garner read the minutes and they were corrected.

Carlene Stroud announced that the area coordinator, Mona Spencer of Plainview, will attend the meeting June 5, to answer questions any of the members have. All members are urged to attend.

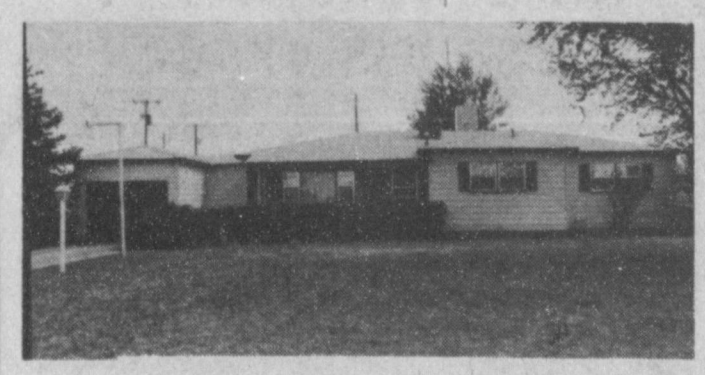

Beth Park, Bettie Campbell, Rose Sain and Ann Vinson received material for three consecutive weeks weight loss.

Best loser for the week was Rose Sain, Leavell Parker was first runner-up with Evelyn Moore and Hazel Nowell tying for second runner-up.

After a short business meeting, due to the weather, the meeting was dismissed with the good-night song.

# Evening Ceremony Unites Susan Elizabeth Black, Ball

In an evening ceremony in the First United Methodist Church of Sudan on Saturday, May 3, Susan Elizabeth Black and Don Girven Ball were united in marriage. Parents of the couple are Mr. and Mrs. Richard Black of Sudan and Mr. and Mrs. Fred Ball of San Angelo. Rev. Kerry Hurst of Sudan officiated at the ceremony.

Given in marriage by her father, the bride wore a formal white slipper satin gown trimmed with re-embroidered lace and featuring a double chiffon capelet. Her fingertip illusion veil designed with a mock blusher and she carried a cascade of white silk orchids, roses and lilies-of-the-valley. For something old Susan wore a gold pin which had belonged to a great-grandmother; something new was her wedding dress; something borrowed was the English sixpence she wore in her shoe; and something blue was the traditional garter.

Matron of honor was Mrs. Nathan Ray, sister of the bride. Bridesmaids were Vickie Schkade of San Angelo, niece of the groom and Arati Prabhakar of Pasadena, California. All wore matching formal length gowns of coral panne and carried nosegays of silk carnations and miniature mums.

The bride's mother chose a gown of light coral quiana with a chiffon cover-up and the groom's mother wore a gown of blue crepe.

Eddie Cook of Livermore, California served as best man. Brothers-in-law of the groom, Karl Bookter and Gene Schkade of San Angelo were groomsmen. Ushers were David Harper of Sudan and Nathan Ray of Lubbock. Gaylene Rogers of Lubbock registered guests.

Vows were exchanged before the altar arrangement of gladiolas, carnations, spider mums and baby's breath against a background of arched candelabra. White column urns were filled with fern and carnations stood on each side and greenery decorated the pulpit and lectern bannister. Coral ribbons and greenery marked center aisle pews. Musical selections were given by Joann Gaston and Joan Nix. Tim Nix accompanied them on the guitar as they sang "Longer" and Sandra Nix accompanied them on the piano for "O Perfect Love". Bill Nix played

traditional organ music for the ceremony.

A reception followed the ceremony in the church parlor and fellowship hall. Lori Harper of Sudan, Debbie Black and Lynn Messina, both of Austin served traditional wedding cake and punch from the bride's table. A five branch candelabra with spider mums gladiolas and carnations centered the table.

Lisa Harper of Sudan served cake and coffee from the groom's table which featured a gold coffee service and devil's food cake decorated with gold doves.

Members of the house-party were Mrs. Ed Harper, Frank Lane, Bill Nix, Marvin Tollett and Bob Drake.

After a wedding trip to Lake Tahoe, the couple will reside in the Liver-

more, California area where both are employed as electrical engineers.

Out-of-town guests were: Mr. and Mrs. Fred Ball, Miss Louise Ball, Mr. and Mrs. Bill Ball, Mr. and Mrs. Karl Bookter, Danielle and Shawn, Mr. and Mrs. Gene Schkade and Vicki, Mrs. Edwina Dudley all of San Angelo; Mr. and Mrs. Bill Merriwether of Alpine; Mr. and Mrs. Ed

Cook, Arati Prabhakar of California; Mr. and Mrs. O.J. Estes Mertzson; Jim Estes of Midland; John Powers, Anthony Donaldson, David Barrett, Charles McCartney, Mr. and Mrs. Tom Burkes all of Lubbock; Mrs. J.E. Wade of Whitharrel; Mr. and Mrs. Lee Holtkamp, Mrs. Emma Grams, Mrs. Henry Sager, Mr. and Mrs. Cecil Price, of Littlefield. Mr. and Mrs.

Richard Black, James Black, Lynne Messina all of Austin; and Janet White of Lubbock.

## Lazbuddie School Test Pre-Schoolers

Parmer County will be offering services for children 3-5 years of age who are having learning or developmental problems.

The child must be three years and be eligible for help.

We will be testing and evaluating these children on May 15, at the Lazbuddie Elementary School library from 9 to 11 a.m. and from 1 to 3 p.m.

If you have a child who is showing a learning difficulty, please bring him/her on May 15 so help can be made available.

## NOW OPEN Pat Walker's Figure Perfection Salon

# Losing 92 inches cut my weight problem down to size

"When I bought these size 18 jeans, I weighed 202 pounds," says 5'4" Sandy Camp of Dangerfield, Texas. "I managed to take off 20 or so on my own, but then I was stuck. That's when I went to Pat Walker's."

### No-sweat exercise is the secret

After her introductory treatment on Pat Walker's Symmetricron passive exercise unit, Sandy knew that she'd come to the right place. She felt rested and relaxed—not sweaty and exhausted. She didn't even have to change into exercise clothes. And before many weeks went by, she could see how her figure was being toned and firmed up. Sandy eventually lost 13 inches from her waist, 12 inches from her tummy, 11 1/2 from her hips, and several inches in other areas.

### Complete privacy is your privilege

If wearing a leotard embarrasses you... if you don't like revealing your figure problems to a roomful of strangers, then Pat

Walker's is your kind of place. Every aspect of your weight loss program—from counseling sessions about sensible eating habits, to Symmetricron treatments—is totally private. We think you deserve that.

### Free figure analysis

Today, even Sandy Camp's husband loves to buy her new things to wear, now that she's down to 124 pounds and size 8. Sandy's success story could be yours. Make an appointment for a free, no-obligation consultation at Pat Walker's. We'll tell you how much you need to lose, how long it will take—and the total cost of your complete figure correction, based on four dollars per thirty-minute treatment.

Bennie Claunch from Bula said they received three-fourths of an inch of rain during the week, and although what they received would help, some dryland farmers still were needing planting moisture.

Around Birdwell Ranch in the Coyote Lake area, three inches of rain fell during the week, accompanied by light hail on Wednesday. No damaged crops were reported from the light hail there.

However, a one mile strip of hail criss-crossed the county and fell mostly in pastureland, and where crops had not been planted. Although the hail was reported to be up to four inches deep, no major damage was reported this early in the growing season. Graders from the Texas Highway Department scraped the hailstones from the highways.

Bill Eubanks at Maple said two weeks ago Maple received some two inches of rain, and during this week, had received two or three 'good cotton showers' of about one-half inch at a time.

Eubanks noted that he had received very little reports of damaging hail, although one man reported although one man reported his garden was hailed out near the county barn some four miles north of Maple. At this time, no cotton is 'up' in the Maple area.

At Enochs, Farmer's Co-op received 1.2 inches of rain, with no hail. They reported cotton planting just getting underway in that area.

From Foster Fertilizer at Lazbuddie, the report was 2.1 inches of rain with very little hail, and no damage from hail.

Corn and some cotton are up in the Lazbuddie area, and corn has been 'plowed out' one time already.

Mrs. Charles Farmer in the West Camp area said

Senior athletes were presented individually, and their four year accomplishments were outlined as they stood beneath an arch. It was noted that five athletes had received scholarships to colleges for their accomplishments while students at Muleshoe High school. They are James Atwood, Panhandle State; Shelly Dunham, San Angelo University; Jim Norman, McMurry College; Mike Northcutt, Angelo State and Sam Whalin, McMurry College.

All athletes were introduced by their respective coaches for the various athletic programs at Muleshoe High School.

Recipients of the major award, The Fighting Heart Award, were James Atwood and JoRonda Rhodes.

Winning the news media awards were Sam Whalin, football; Mike Northcutt, basketball; Shelly Dunham, basketball; Gloris Castorena, volleyball; Jim Norman, track; Shelly Dunham, track; Monti Vandiver, tennis; Dennis Watson, track; Jo Ronda Rhodes, tennis; Cindy Hamblen, golf and Sammy Gonzales, golf.

Immediately following the banquet, the Muleshoe Athletic Booster Club held a short business meeting and elected new officers. Elected president was Curby Brantley; Merlyn Neel, vice president; David Cox, secretary-treasurer and Jeanetta Precure, reporter.

they have received just over three inches of rain during the week, with lots of wind and no hail. They had also received two and a half inches of rain on their dryland farm in the Stegall community.

Around Baileyboro, a report was received from Malvern West that they received one and one half inches with very small, non-damaging hail during the week. He said little planting is underway in that community as yet, but does expect much more planting following the rains.

Cont. from Page 1

Principal Wayland Ethridge gave a report on recent discipline cases during which students were suspended from school and Elizabeth Watson gave the board a report on results of Texas Assessment of Basic Skills. She pointed out strengths and weaknesses indicated as a result of this assessment.

Nickie Landers and Principal Ethridge explained the objectives of a proposed computer math program for high school. A demonstration was given on the use of the computers that will be necessary for the program. The board gave approval for the program and authorized expenditure of funds for the program.

In a formal vote, the

board expressed 'thanks' to the athletic booster club, the PTA the fine arts booster club and the vo-ag booster club for support they have given the school, and asked that letters be sent to each organization.

In other action, the financial report was given as well as the tax collection report. Approval was given Keystone Life Insurance Company of Texas for student and football insurance for 1980-81.

Although the board heard a request by the fine arts boosters to construct a concession stand on the visitor's side of the football field, the board took no action.

Changes from the quarter system to the mandated semester system created a change in the grading policy for both junior and senior high school.

# Do You Know That?

The City of Muleshoe and Bailey County have in the last three years tried to give you the best possible emergency warning system that money could buy.

In the past three years they have installed a fully staffed and equipped Emergency Operating Center- that is in direct radio contact with all City-County-Fire and Civil Defense Units - also is in contact with KMUL and National Weather Service Office. This center is staffed by people that have been trained to operate under any type of emergency.

By using City County Law Enforcement Units along with city of Muleshoe units and approximately 50 well trained fire and civil defense people the Muleshoe-Bailey County Civil Defense can staff a spotting network that extends 20 miles out from Muleshoe covering the area like a net to make sure that any threatening weather will be spotted and the people of the area will receive notice in plenty of time to get to shelter. The shelters are opened and manned by Civil Defense People that stay in contact with emergency operating center by hand held portable two way radios each shelter is equipped with portable lights in case of power loss. Auxiliary generators are in operation at Emergency Operating Center- and KMUL so that the public can be informed of danger even with loss of electric power.

## DECA

The Muleshoe High School Chapter of Distributive Education Clubs of America has chosen Kim Williams as their outstanding student for April and Robert Hooten as Employer of the month. Both of these people are very deserving of their awards.

Kim Williams has worked very hard in DECA all year and has participated in almost all club activities. She is employed at the Art Loft and enjoys her work very much.

Robert Hooten has employed DECA students in the past and has been a great help to the club this year. He is a willing and patient employer and his employees learn a great deal under his leadership. Congratulations to both of these outstanding and deserving people.

## NHS Initiates Sixteen

Sixteen members were inducted into the National Honor Society Tuesday night in a candlelight ceremony. Principal Wayland Ethridge gave a short history of the National Honor Society and introduced President Mark Northcutt who conducted the initiation. Secretary Lauri Burgess called the roll of the members and each answered roll and presented an initiate. Vice-President Tommy Wheeler led the members in the NHS pledge. The sponsor Lucy Faye Smith gave the symbol of NHS, which is the torch and led the candlelighting assisted by Shelley Splawn and Cindy Hamblen. Other members present were Becky Turner, Scott Baker, Shelly Dunham, Robert King, Debra Stevens, Jesse Lackey, Sharla Henry, and Jesse Seiguero.

Members initiated were Manuel Garcia, Joel Bratcher, Dennis Watson, Pam Young, Keva Roming, Lynnette Shafer, Carla Shafer, Andy Snell,

Bryce Holmes, Carroll Precure, Clifford Watson, Shelli Hawkins, Brenda Stevens, Diana Saldana, Mary Mata, and Nancy Garcia. Preceding the induction, Mr. and Mrs. Don Harmon hosted a dinner at the Corral Restaurant. A blue silk flower arrangement and blue lighted tapers were on the head table. The other tables featured spring colors with carnations of pink, yellow, blue, and apricot in bud vases. President Mark Northcutt and Vice-President Tommy Wheeler presided at the banquet. Miss Cindy Hamblen, NHS Chaplain, gave the invocation. Mr. Harold Horne, Superintendent, was introduced. Others attending were Mrs. Wayland Ethridge, Mr. and Mrs. Ben Roming, Mr. and Mrs. Kenneth R. Henry, Mr. and Mrs. Ronnie Shafer, Mr. and Mrs. Luis Mata, Mr. and Mrs. W.T. Watson, Mr. and Mrs. Jinks Meyers, and the host couple, Mr. and Mrs. Don Harmon.

## Muletrain '80 Dedicated To Wayland Ethridge

The highlight of the Annual Awards Assembly was the dedication of the Muletrain 1980 to Mr. Wayland Ethridge, high school principal. Co-editors Jo Ronda Rhodes and Shelley Splawn made the presentation: "When we recall the highlights of 1980, we will reflect on the added benefits we gained through the emphasis placed on our education. It will primarily be to one man that we will owe our greatest tributes. Since transferring from Junior High to High School simultaneously with the Class of 1980 he has skillfully directed the school and its staff. Our insight has been deepened and our knowledge magnified because of his belief in the vital importance of learning. We are confident that we will have emerged better individuals and more capable citizens for having been a student under the guidance of PRINCIPAL WAYLAND ETHRIDGE"

The opening ceremonies for the awards assembly were conducted by Student Council President Mark Northcutt and Chaplain Diana Saldana. Mr. Kerry Moore served as Masters of Ceremonies for the assembly. Mark Northcutt was named Valedictorian with a 98.3 average, and Cindy Hamblen, Salutatorian with a 96.8 average. Principal Wayland Ethridge presented the awards. Mark also received the English award presented by Mrs. Johana Wrinkle, and the Math award from Mr. Nicky Landers. Cindy was presented the government award by Mrs. Jean Allison. Assistant Principal Bob Graves presented the Best All Around awards to Mark Northcutt and Jo Ronda Rhodes. The recipients of these awards were chosen by the faculty, Jo Ronda also received the cheerleader award from Mr. Stephen Johnson.

Mr. Pat Black presented the Citizenship awards to Sharla Henry and Joel Bratcher. These students were also selected by vote of the faculty. Sharla Henry also received the Home Economics awards presented by Mrs. Dorine Harbin. Lauri Burgess received the Spanish award presented by Mr. Stephen Johnson and the History award presented by Mr. James Jennings. **Teaching strategy helps students learn chemistry**

**COLLEGE STATION** — Texas A&M chemistry teachers who often lecture to standing-room-only crowds of 400, where over half will make A's and B's, say "Bunk!" to the popular notion that students only learn well in small classes.

And they have convincing figures to back them up. First-year chemistry director Dr. Rod O'Connor and colleague Dr. Alton Banks say the high ratio of A's and B's is not grade inflation and they can prove it.

They've kept figures which show that Texas A&M students who go through the program do up to 90 percent better in subsequent chemistry classes than

do transfer students.

The system at Texas A&M lets students "shop around" to find the best time or teacher they like. They can repeat lec-

tures or go to a special learning center with its slides, books and tapes.

**The heart of an energy efficient home.**

Some of the new homes built today will save more energy than others. Energy efficient homes (EEH) are built with tested and proven energy saving products and modern construction techniques.

Look for the Energy Efficient Home sign.

Energy Efficient Homes are different because each has extra insulation added throughout the walls, floor, and attic. They are built as structurally tight as possible to minimize air infiltration and leakage while maximizing energy savings.

Consider installing the energy saving heat pump for heating and cooling the home. The heat pump operates efficiently by delivering more heat in winter than energy used to produce it.

People who live in Energy Efficient Homes save a lot to be happy about. It's good to know there are some things you can depend on.

### Services Held

#### For Clara Young

Services for Clara Young 79, of Fort Worth, a former Muleshoe resident, were held at 3:30 p.m. April 30, in Shannons Chappel with Rev. E.B. Anderson, North Texas Distict Superintendent and Rev. Shutter, pastor of Central Assembly of God where she was a member, officiating. Burial followed in Laurel Land Cemetery.

She had been an ordained minister of the Assembly of God Church since 1934. In 1935, she and her husband, the late Fred Yong came to Muleshoe. They held tent revival on the lot now occupied by Winkler Meat Co. They also pastored the Assembly of God Church here for a time after that.

Survivors include a daughter; Clara Bell of Fort Worth; five sisters; Edith Neely of Upland, Calif.; Fannie Hughes of Portales; Nina Hendrix and Maxine Reynolds of

Amarillo, and Juanita Scarbrough of Muleshoe; a brother, R.E. Jackson of Hereford; three grand-children and six great grandchildren also survive.

Attending the services from this area were Mr. and Mrs. H.R. Scarbrough, Mrs. Fannie Hughes, Mr. and Mrs. R.E. Jackson and Mrs. Billy Williams, a niece of Mrs. Young.

Mrs. Robert George and Chris, Kim and Kerry Rowden of Lubbock came out Saturday to visit the E.N. McCall's and the children spent till Sunday afternoon. Chris, Kim, and Kerry also visited their grandparents, Mr. and Mrs. Tom Rowden at Morton and attended their Aunt Susan Rowden's wedding at Morton.

Mr. and Mrs. J.W. Layton and son J.W. Jr. visited Mrs. Mandy Terrell at Midland last Tuesday and drove on to Dell City and visited the Harold Layton's till Thursday.

Company in the home of Mr. and Mrs. Goldman Stoud last Sunday were their children, Mrs. Jimmy Dickey and children of Lubbock, also Mr. and Mrs. Gene Stroud and children of Dimmitt.

The annual meeting of the Farmers Cooperation Association of Enochs was held Saturday Evening at the County Activity Building in Morton.

There was a fish and chicken dinner at 7:00 p.m. Dale Nichols opened the meeting and Rev. Mike Heady gave the invocation. Bob Newton introduced and welcomed the visitors. Other reports were given and two directors were elected. Dale Nichols was elected for three years and D.M. Mc-Bee for two years. Door prizes were handed out and Rev. Mike Heady offered the closing prayer, and the dividend checks were distributed.

Mr. and Mrs. Dale Nichols and Paula drove to Lubbock after church Sunday morning and ate out, also visited Mrs. Bob Newton and Jim Emerson at the Methodist Hospital. Mother's Day guests in the home of Mr. and Mrs. Goldman Stroud were their children and grandchildren, Mr. and Mrs. Glenn Stroud and children of Muleshoe, Mr. and Mrs. Gene Stroud and children of Dimmitt, Mrs. Harold Pollard and Steve of Enochs, Mr. and Mrs. Tommy Lewis and children of Earth, Mrs. Craig

readily available within the state. Texas has carried its own weight, producing enough energy to supply its statewide needs and export the remainder throughout the United States. But recent years have brought an abrupt change with the nation becoming increasingly dependent on foreign imported oil. The OPEC oil embargo in 1973 and the trail of related international crises and pressures since then has made reliance on foreign oil a detriment both to our nation's economy and security. Realizing this early on, Texas in 1975 began steps to convert large industrial and utility boilers away from natural gas to other fuels. Later federal laws have set similar requirements to limit the use of natural gas in boilers in an effort to conserve that scarce form of energy for higher uses. Texas has supported and complied with these federal measures even though the best replacement fuel for natural gas is the more abundant domestic coal, and Texas has no substantial deposits of high-quality coal. This means

the shift to increased coal use is far more difficult and costly for Texas than for some other areas of the country. Texas' electric utilities and industries have actively complied with the federal call to convert to coal. For example, the City of San Antonio expects to burn over three million tons of coal this year to produce over half of the electricity used by its residents. In power plants alone, Texas utility companies statewide will be purchasing almost 24 million tons of coal by the end of 1980. By 1988 that amount is expected to increase to around 44 million tons.

### The Consumer Alert

by Mark White  
Attorney General

AUSTIN—As part of a national energy conservation effort, Texas utilities and industries have been called upon to shift their primary boiler fuel from the locally abundant petroleum and natural gas to coal. The United States has vast reserves of coal, and Texans are supporting the effort, but unfortunately this has created the situation where electric utility rates have been driven up in our state due to the new dependence on coal to produce electricity. My office believes these rates are too high, and for two reasons: the Interstate Commerce Commission has set excessive rates for the transport of coal, and some states exporting coal to Texas have levied excessive severance taxes on that coal. To fight these artificially high prices that Texas consumers are paying for electricity, my

**PARROTS DO TALK... But!**

**SO DOES A RECORD PLAYER**

Our Nation faces a serious threat of communism just off our shores. At the same time within our nation, they are seeking to undermine our faith in God. There are many sayings and expressions going around in our country that are communist inspired. In order to prevent "parroting" these sayings, that weaken our nation... attend church regularly, and study God's word so that the truth is more easily recognized.

"Put on the whole armour of God, that ye may be able to stand against the wiles of the devil."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Mrs. Gayla Wagnon's high school health classes have been taught by the

### Horn Duo Are Given Scholarships

Tommy Hill, son of Mr. and Mrs. R.L. Barber of Lazbuddie, has been awarded a football scholarship at Ranger Junior College.

Hill, a unanimous All-District and honorable mention All-South Plains defensive tackle for Lazbuddie, was also a regional qualifier in the shot put this year.

Another Lazbuddie graduating senior, Dennis Steinbock, son of Mr. and Mrs. Maz Steinbock, has been awarded a football scholarship at West Texas State University.

Steinbock received All-District, All-South Plains and All-State honors following the past football season at Lazbuddie.

He was also a regional medalist in the discus and a regional finalist in the pole vault during the 1980 track season.

DENNIS STEINBOCK

pros in emergency care and CPR.

Recently, Mrs. Wagnon decided to ask various speakers to come out and speak on and demonstrate different skills, such as how to control bleeding, and the procedures in how to do CPR.

So far the class has seen a "Pulse of Life" film, heard an ECA speak on bleeding control, and has had a CPR provider out to demonstrate.

Mrs. Wagnon assures all that the students are really learning a lot, and to prove it, they will be tested on the procedures they have learned at finals time.

**LONGHORN TWIRLERS**  
Lori Ivy and Launa Brockman will be the sparkle to the Longhorn Band as they will serve the band as twirlers.

These two girls expressed an interest in twirling to director Carl Wilke, so they will be the majorettes for next year.

As part of the requirement for twirling, the girls will spend two weeks at Texas Tech Band Camp during the summer where they will be busy learning many new routines and the basics of twirling.

**THIRD GRADE TOPS**  
Mrs. Becky Nowland's third grade class was named as the Neat Readers of the year in Lazbuddie Elementary Library, according to Librarian Janet Wilke.

This class held the weekly honor of being neat readers several times throughout the year and emerged as the neatest, most conscientious class while in the library.

For their efforts, the third graders will receive their Neat Readers book markers, and the honor of being selected as the neatest readers for 1979-80.

**DRUM MAJOR TRYOUTS.....**  
Five contestants will vie for the ability to lead the Longhorn Band next fall, as drum major tryouts will be on Thursday, May 15, the judge will be Lynn Burton, band director from Farwell.

Those trying out for drum major include Cara Smith, Frank Jesko, Sandra Zamora, and Paul Stanley.

All of those who are trying out are members of the high school band and have had marching experience.

Tryouts are open to the public.

### Mr. and Mrs. White Celebrate 50th Anniversary

Mr. and Mrs. Oscar White of Muleshoe are being honored this weekend with a family gathering at the Red Raider Inn in Lubbock, celebrating their 50th wedding anniversary.

A dinner party was hosted Saturday night at the Smuggler's Inn by his nephew and wife Mr. and

Mrs. Homer G. White of Edmond, Oklahoma, and their family Mr. and Mrs. Carl Webb, Bryce, and Ben of DeSota, and Mr. and Mrs. Woody Anderson and Brad of Colorado City.

White and the former Louise Lawler were married in Clovis, New Mexico, May 24, 1930. They

made their first home in Muleshoe after their marriage and moved here in 1944. The Whites returned to Muleshoe last year.

They have a son Oscar Ray White and two granddaughters. Mrs. White's mother is Mrs. Nona Lawler of Temple, formerly of Muleshoe. The Whites are active members of the First

Baptist Church of Muleshoe.

**Chip Off The Block**  
Visitor--What will you do when you are as big as your mother, Joan?  
Joan--Oh! Reducing exercises, I suppose.
