Do we, the residents and taxpayers of Bailey County, fully realize the burden of responsibility which law abiding citizens place on the shoulders of our elected and hired law enforcement officers?

Few do. There are those who will raise a quizzical brow to this statement. . . how do 'law abiding citizens' add to the burden of these peace officers?

Unintentional apathy covers much of the field as the average American citizen is accustomed to being protected, therefore public apathy is here, due to the fact that citizens are protected, but rarely are they aware of the length officers have to go to make this statement true.

It has been said that peace officers are afflicted with a nearly impossible public relations job. But the public must realize that from some source the enforcement of our laws, which is taken for granted, is worthy of their support.

The citizens of this county are the people who can alleviate the problems which confront the officers who serve residents of this county.

All official statistics show that crime is on the increase over the nation. This includes Bailey County.

Yet, the same jail and facilities are being used or the use of the jail facilities avoided...which ever the case calls for, by the men who wear the badges in this county. This is done to protect the citizens of this county.

For instance, should a hardened criminal be arrested here, few people are aware that it is for the protection of those who live here that this criminal is not just 'thrown in Bailey County jail.'

Why? . . . Because it is far from being escape proof. . . and should apathy strike the minds of the officers and should they simply use the facilities which are presently provided for them, instead of silently taking the arrested person or persons to Lubbock or another jail which is more secure the most likely situation which would exist is that the prisoner or prisoners would escape during the night.

The ultimate result might be that this prisoner could be the one who holds your family hostage. . . this is not uncommon.

However, the local officers never place this type prisoner in the jail here. They are

**Ford Opens Bailey Campaign**

Frank Ford opened his campaign for State Representative in Bailey County this week with the pledge that "The people of this district are going to be represented in the Texas Legislature."

"It is very evident that the voters of this area are dissatisfied with the recent fifty percent in the state sales tax which will go into effect October 1," Ford said. "This tax bill did little or nothing toward funding the impending pay raise for Texas teachers, nor did it provide much needed tax sharing with local government."

COULD BE EASY--Although Sheriff Dee Clements laughs as this picture was snapped, he demonstrates, with his boot planted in a hole already kicked in the wall inside Bailey County jail, that with some of the more experienced criminals can be so easy 'its funny' to use the term loosely. Yet it is far from funny because to keep such prisoners in custody is the responsibility of these peace officers who use the poorest of facilities to do so or carry them to another city.

ESCAPE ROUTE--Bailey County Sheriff Dee Clements points to the spot which is the famous escape route for prisoners who had left Bailey County jail, WITHOUT PERMISSION, during years past. The lock above and below Sheriff Clements hand has been broken many times and prisoners left through a store room behind the door, by way of the roof and down over the side. The walls are also kicked in in many places inside the jail.

**Commission Approves Work**

The Texas Highway Commission has approved this expenditure of \$22,900.00 for highway safety and betterment and for Farm to Market Road improvement in Bailey County during 1969.

District Engineer Oscar L. Crain, Lubbock, said that a total of 19.2 miles in Bailey County will be involved in the annual program. Work will be under the supervision of James W. King, District Maintenance Engineer, Lubbock.

The work is part of the Highway Commission's combined Farm to Market Road Improvement and State Highway Safety and Betterment Program for 1969.

The farm to market road improvement program will cost an estimated \$22,900.00 for 19.2 miles within the county. This construction will include seal coat of 11 miles on highway FM 1731 at an estimated cost of \$13,100 and on FM 1760, seal coat goes down on 8.2 miles at an estimated cost of \$9,800.

Crain stated that the proposed improvements play an important role in the Department's continuing highway safety program.

He said that the types of work

### Public Urged to Study Plans: Tax Increase Nil

A public meeting will be held Thursday, September 5 at 8 p.m. in the Muleshoe high school cafeteria with public officials present, city councilmen and commissioners to answer questions any resident might have concerning the two bond issues to be voted on Tuesday, September 10.

The issues will include six improvement phases for the city and the bonds for the construction of a central law enforcement center by the county which will also be used by the city police department Texas Highway Patrol and Driver's License Division.

The city election covers two phases of years. The \$235,000.00 which will be voted upon will be bonds to be sold during the year period of 1968-72 and the second period will be 1973-77.

This figure is considered the sub-total of the bonds which are to be sold for 1973-77 and for an additional \$180,000.00 to be retired during that period of time. This is called the Phase II portion of the Capital Improvement program.

Six items of improvements are listed for Phase I of the improvement program. They are: Park improvement (a portion of the overall plan) land acquisitions and play equipment; Paving existing streets in older parts of the city and Birch Ave; Improvement to sewage and treatment plant; City hall and land; Community Building and Library.

The second Phase will be the second phase of parks and recreation improvement and improvements to lakes and playing courts and a fire station.

Of these the Federal Government will match local funds for parks improvement and play equipment, the community building and library.

The paving project is to be supplemented by assessment programs and the sewage system improvement are to be supplemented by approximately \$25,000 Federal Grant under U.S. Public Law 660.

The phase I portion of the

**Rev. Bristow To Lead Revival At Three Way**

Evangelist Wayne Bristow of Lubbock, and James Hollars of Tahoka will lead Three Way Baptist Church in an evangelistic campaign September 8-15. Services are scheduled daily at 8 p.m., according to Hugh Jack Norwood, pastor.

Rev. Bristow has led churches throughout the United States and Canada in similar campaigns. At 31, he is a veteran of more than 200 evangelistic crusades.

A native of West Texas, he is a graduate of Wayland Baptist College and is an ordained Southern Baptist minister. Before entering a ministry of full-time evangelism, he served two years as a pastor. Active in many student endeavors during college days, he is often called on to address student rallies and has conducted several evangelistic missions on major university campuses.

"Spiritual revolution is mankind's one final hope. Christ"

### Youth Night Set At Three Way

Thursday, September 12, has been designated as Youth Night during the Wayne Bristow Evangelistic Crusade being conducted this week at Three Way Baptist Church, according to Hugh Jack Norwood, pastor.

Evangelist Wayne Bristow will deliver a message of vital interest to young people and their parents during the Crusade service at 8 p.m. This service will be followed by a special time of fellowship in the Three Way School Cafeteria for those 13 through 24 years of age and single. This fellowship period will be directed by the evangelistic team.

Speaking at a Youth Night service during a recent crusade, Mr. Bristow declared: "We must go all out to enlist young people for Christ. An army of young people marching

REFLECTS VIEWS--Chief of Police Harold White shows the reflected views of the prisoners who wrote "For Sale" on the inside of the cell block door. This reflects the views of the three departments of law enforcement officers who use the facilities to house prisoners, the City Police Department, Sheriff's Office and Texas Highway Patrol. Although a person placed in jail is entitled to be housed in a place which meets health regulation, prisoner comfort is not the major concern. The major concern is for the safety of the officers elected and hired to enforce law and to contain prisoners for the safety of the public.

**FOR AMENDMENT NO. 9** -- Lucy Faye Smith is among local teachers who will be working to secure passage of Amendment No. 9 to the Texas Constitution November 5. The amendment will remove the salary ceiling on which teachers can now contribute toward their retirement. A similar ceiling was removed for state employees several years ago. Mrs. Smith is president of the local unit of the Texas State Teachers Association.

## Earth News

By Beulah Newton

Coy Davis of Pecos was a visitor of Springlake-Earth school the first day. He was a guest of Terrel Ott, his cousin. Randy Ball, of Sunnyside was a spectator at football practice on the Springlake-Earth Wolverine football gridiron Monday afternoon.

The old swimming pool is officially closed for the season. Sunday afternoon was the final time for dip and swim at the Earth pool. More fun next summer, kids.

Rev. Johnny Williams and Jauna are vacationing in Colorado this week with their daughter and family.

Bulah Newton spent 12 days visiting with her children, Mr. and Mrs. Wayne Davis, Craig, Coy and Cliff in Pecos, returning home on Thursday. Coy Davis returned home with her for a few days visit.

Mrs. Bessie Cearley spent from Tuesday till Friday in Lovington, N.M., visiting her children, Mr. and Mrs. Mervyn Cearley, Jon, Joe, and Jeff.

Mrs. Adline Newton spent several days recently visiting her daughter and family, Mr. and Mrs. O.B. Ginn of Amarillo.

Guests in the Cecil Ginn home last week were their children, Mr. and Mrs. Rayford Ginn, Garry, Mark and Lory of Tempe, Ariz. They returned home Friday.

Guests last week end of Mr. and Mrs. L.S. Griffin were their son and family, Mr. and Mrs. Larry Griffin, Sharla and Michael of Abernath.

Mr. Kathrin Hensly of Mangum, Okla. is visiting her sisters, Mrs. Herb Wendborn and Mrs. Abe Griffin.

Mrs. Nannie Ginn spent several days last week with her son and wife, Mr. and Mrs. O.B. Ginn of Amarillo.

Randy Ball of Sunnyside was a week end guest of his grandmother, Beulah Newton and cousin, Coy Davis.

Walter Driver, 79, of Hale Center passed away last Thursday in a Hale Center hospital and was buried Saturday afternoon. He was the father of the Rev. Walter L. Driver, former pastor of the Methodist church here.

School bells are ringing this morning (Monday) for Springlake-Earth students. Thirty-one teachers will begin their work along with 900 students, registered at this time.

Band students have new uniforms for this year. Ninety new uniforms were bought. We are proud of our bands and the new director, Jerry Starks.

Clarence Hamilton, local teacher, has accepted a position on the Clarendon Junior College faculty. He will teach psychology, sociology, government and American history.

Rev. and Mrs. Johnny Williams and Mrs. Rita Richardson attended funeral services for Walter Driver at Lakeview Saturday afternoon.

Mrs. Mary Curlee and children of Lubbock spent several days with her parents, Dr. and Mrs. C.T. Richardson last week. Mrs. Curlee is a teacher in the special schools in Lubbock.

David Cearley and children, Ricky, Lesa and Kyle were weekend guests of his mother, Mrs. Bessie Cearley. They returned to Amarillo Monday.

Jimmy Littleton attended the National Explorers Conference in Denver Colo. recently. This was an outstanding accomplishment for Jimmy. Congratulations to Jimmy, we know he worked for the chance to make the trip.

Mr. and Mrs. R.S. Cole and Regina, Mrs. Alice Martin, Mrs. Francis Davis and boys recently attended the Martin family reunion that was held in the Earth community building.

Mr. and Mrs. V.J. Sigman and LaDonna recently attended the Sigman family reunion in Mansfield, Ark. in the home of Mr. and Mrs. Cecil Sigman. The Cecil Sigmans are former residents of Earth.

Guests last week of Mr. and Mrs. L.T. Smith were her brother and wife Mr. and Mrs. O.F. Sumner of Carlsbad, N.M.

The 24th annual Boys Ranch Rodeo will be held at Cal Farley's Boys' Ranch September 1-2. The 348 boys of the ranch will have a part in making the rodeo a success. Some will ride in the events and others will serve as ushers or help around the chutes and running the concession stands.

## Farmer's Union Banquet Slated

The state office of Texas Farmers Union in Waco has announced that National Farmers Union President Tony Dechant of Denver, Colo., will be the principal speaker at a Lubbock County Farmers Union banquet at the Plains Co-op Oil Mill in Lubbock Thursday, September 12, at 7:30 p.m. Mr. Dechant will make a major farm policy address dealing with federal farm policy and proposed commodity legislation.

Dechant was elected president of National Farmers Union in 1963 and serves as president of the several business entities which are affiliates of the National Farmers Union. He is a native of Kansas and has been associated with National Farmers Union since 1946, having previously served as the Secretary-Treasurer. Delmer McLeod of the Acuff community, president of Lubbock County Farmers Union is in charge of arrangements for the banquet, and he reports that because of the limited seating space at the Co-op it will be necessary for those interested in attending to purchase tickets in advance. Banquet tickets can be procured from the Lubbock office at 1630-50th Street, telephone 797-2619. A reception for Mr. Dechant will be held at the South Plains Electric Coop, auditorium in Lubbock during the afternoon from 4 to 6 o'clock p.m. on September 12, preceding the banquet, hosted by District 2 Farmers Union; and invitations have been extended to county leaders in the district to attend, according to Joe Rankin of Ralls, District 2 Director. Mr. Rankin, who is in charge of President Dechant's itinerary, states that he will give Mr. Dechant a tour of the area agriculture including a stop at the High Plains Research Foundation at Halfway, if time permits.

tax retroactive to April 1 on individual tax returns. This means, Mr. Campbell said, that most taxpayers who file on a calendar year basis will be required to pay a 1 1/2 percent surcharge on federal income tax covering income received during 1968.

Taxpayers who previously based their 1968 estimate on tax paid during 1967 can no longer use this method after September 15, Mr. Campbell said. The law now requires individuals to use "anticipated income" as the basis for computing estimated tax.

A new Form 1040FY will be sent to fiscal year taxpayers in time to file and pay the surcharge tax by the due date, Mr. Campbell said. Form 1040FY will also be available at IRS offices the first part of August.

There is no way to accurately predict what people will do.

At this time, members of the club are contacting businessmen so that they can renew their ad in the football program for this fall and also renew their memberships.

Ice cream was served following the meeting.

Next meeting of the Booster Club will be Monday, September 9, at 8 p.m. in the high school cafeteria.

demonstrate an automated sprinkler irrigation system, the latest research project at the Foundation at stop number 4.

Dispatching the tours for the 12th year will be Ollie Linder, County Agent, Hale County, and Lee Dent, Executive Vice-President of the Hale Center Chamber of Commerce. These officials organize the schedule for the guides who will be on each seated truck. The Guides are professional agricultural leaders from throughout the High and South Plains. They are appointed by the District or Area leaders of the Extension Division, Farm Home Administration and Soil Conservation Service. Each guide makes one tour and is then free to enjoy the other exhibits and demonstrations.

A new display for 1968 will be conducted by Water, Incorporated. This display will show the plans made by the water import program and will be located in the Killgore Building Conference room. Cliff Chamberlain, Executive Director, will be assisted by members of the Water, Incorporated organization.

The various Governmental Agricultural Agencies will have exhibits and demonstrations at the Field Day. The Killgore Building Conference room will house the displays by Noxious weed control programs in Hale, Floyd and Swisher Counties. Wild Life Conservation will be demonstrated and displayed by the Soil Conservation Service, Home Demonstration agents and the Womens Cotton Promotion Association, along with the Farm Home Administration and the County Agent's 4-H program, will be represented at various displays.

included in the program includes seal coating, surface widening, base strengthening, and resurfacing and rebuilding of shoulders.

## Law...

Con't. from Page 1

taken elsewhere...nothing said, just taken. Officers then must go get them and return them here for trial.

This is a small portion of the scene behind the scene of what Bailey County peace officers do for the citizens without their knowledge. This is done for the protection of the people who live here, not for the protection of local police.

In many places recently, people have lived in fear... in riot sections of the country. It is then that most people become suddenly aware of what the enforcement of the law really means. Now these people are all working to help law enforcement officers.

Thusfar, we have not been faced with this situation, however, many towns this size have been forced to move to full scale preparation for riots and other mass violence. Should this situation arise, it would take some doing to cope with the situation with our existing facilities.

Although all things point to a sharp rise in crime over the past few years, Bailey County still has a 12 man jail facility built in 1925, which is located on the top floor of the courthouse. A dark, winding narrow staircase leads to this jail.

The arrest of one unruly 'drunk' requires all the skill of an officer, and in most cases, it requires more than one to place this type prisoner in jail. Several persons have called the Journal and requested a re-run of the story which appeared in the Sunday, August 25 edition of the Bailey County Journal written by Judge Don Cihak concerning the pros and cons and explanation of building a courthouse and the building of a central law enforcement center.

This story will be reprinted in Sunday's paper.

## Youth...

under the banner of the cross would mean revival in the churches, a new sense of responsibility in government, new determination in the classroom and a real reason for living for every person in the world today. The daring, imagination and energy which belong to youth will either be harnessed for Christ, or they will be used by godless ideologies to destroy civilization as we know it."

## Show...

the farm in the last six years. "Meanwhile, much of the money which has been appropriated for our State Department of Agriculture has been used for political empire building by the incumbent commissioner, John C. White," Ford continued.

"An honest two-party system can protect our taxpayers from this sort of waste and help all of our citizens to achieve progress within a sound budget," he said.

"The voters of the 72nd District are also going to be heard on the issue of Daylight Savings Time, which was sponsored and passed against their known wishes, and which has been a real hardship on school children, mothers, farmers, and many businesses," the candidate concluded.

Ford stated that he will have more to say on this issue in the near future.

The 72nd District includes Cochran, Lamb, Bailey, Castro, Parmer and Deaf Smith counties.

### Shower Honors

#### Mrs. Little

Mrs. Bruce Little, the former Jackie June Lewis, was honored with a miscellaneous shower in the home of Ruby Willman on Saturday, August 31.

Registering guests as they arrived was Debbie Sain.

Becky Sain poured coffee from a silver coffee service and Mrs. Kenneth Hanks served punch from a crystal punch bowl.

The refreshment table was laid with an off-white linen cloth, decorated with lace corners. Centering the table was a fall arrangement of bronze and gold mums.

Refreshments of fruit bread, melonballs and grapes, coffee and punch were served the guests.

Gifts were displayed in one of the bedrooms in the home. Hostesses included Mrs. Dick Willman, Mrs. Carl Bamert, Mrs. Kirk Pitts, Mrs. Eugene Black, Mrs. A.R. McGuire, Mrs. Alex Williams, Mrs. Kenneth Hanks, Mrs. Bill Millen, Mrs. Gary Miller, Mrs. Earl Richards and Mrs. Bill St. Clair.

You can save time and worry if you will not try to solve your problems until they arrive.

The best reducing exercise that we know of is pushing away from the table soon enough.

**COKE DATES OR CLASSROOM** -- Gayetta Gable chose for her coke dates and school wear a long sleeve turtleneck bulky sweater in beige by Campus Casuals with a dyed to match grey beige and camel plaid skirt. For comfort the skirt has no waistband. With it she is wearing brown modern shoes. Gayetta will be modeling for Sweetheart Lane in the Llano Estacado Civic Club Style Show, Friday night, September 6.

**SUNDAY SCHOOL AND CHURCH** -- Mila Beth Gibson has chosen a navy blue coat-dress of bonded orlon as one of the favorites to wear for that 'dresy' occasion. The double-breasted dress has a double row of brass military buttons marching up the front to a semi-shoulder closing. The skirt has in back an inverted pleat for fullness, is half-belted and features mock pockets. Mila Beth is wearing navy blue shoes, navy blue hose and white kid gloves to complete her costume that she is modeling for Dot's Shop.

**PERFECT FOR FOOTBALL** -- A Cape suit in Denegal tone was chosen by Pat Macha as one of the outstanding fashions to model Friday night at the Seventh Annual Llano Estacado Style Show. It features the menswear look. The cape is pile-lined with a stand-up collar and flap pockets in leather-look. The front closure is a ring-caught long front zipper and brass collar clasp. The straight skirt is lined with acetate taffeta. Pat is modeling for Ward's.

**CASUAL WEAR** -- Bennie Sue Free is wearing a Cadillac imported three piece knit suit in firebrand red for casual occasions. She is modeling for the Fashion Shop in the Llano Estacado Civic Club's Style Show. Other apparel to be modeled from the Fashion Shop include fashions by Jean Durrell, Howard Wolfe, Gay Gibson and slimmaker. The Cadillac knit suit is one of many fashions to be modeled Friday night.

## Orientation For Teacher Completed

The staff of the Muleshoe Schools attended a week of orientation during the week of August 26-30.

On Monday, August 26 the new teachers met in the Curriculum Office and Superintendent Neal Dillman briefed the group on school policies and challenged each teacher to inspire the child to think logically, systematically and creatively, always seeking the truth. After the early session the teachers met with the principals in their respective buildings.

The TSTA Breakfast honoring the new teachers was given on Tuesday morning. Mrs. Kathleen Weiss of Brownfield, District XVII president gave a report of the N.E.A. Convention in Dallas in July.

The first General Session for the entire faculty was at 9 a.m. in the high school auditorium. After Dillman's welcome and review of the new school year's program, Miss Virginia Miller, Director of Project Impact, Lubbock, entertained and demonstrated in an enlivening way how children can be taught values through books.

On Wednesday noon, all teachers were honored with a luncheon sponsored by the Chamber of Commerce, Lions Club, Rotary and Jaycees.

On Friday, August 30 Bob Holman, assistant Superintendent of Hereford, spoke to the Junior High and High School teachers on linguistics.

Mrs. Leota Mathews, Social Studies consultant of Lubbock, spoke to the secondary social studies teachers.

## Three Way

MRS. H. W. GARVIN

Neal Smith spent several days the past week in West Texas Hospital in Lubbock.

Wayland Altman underwent surgery Friday in Green Memorial Hospital in Muleshoe. Mr. and Mrs. George Tyson spent the weekend in Ruidoso, N.M.

Mr. and Mrs. Adolph Wittner and girls are on vacation in Arizona and California.

Mrs. Jimmy Green, daughter of Mr. and Mrs. Jack Furguson, left Friday for California to be with her husband who is stationed on the coast with the Navy.

Mr. and Mrs. Johnnie Wheeler spent the weekend in Lovington visiting their son and family and attending the Fat stock show and county fair. Mr. and Mrs. W.C. McElvey are in Lubbock at the bedside of his mother who is seriously ill.

Tommy Dupler, student at A&M, spent the weekend visiting his parents, the Leon Duplers.

The home of Mrs. Paul Powell was the scene of a bridal shower Monday afternoon honoring Mr. and Mrs. Monte Toombs. Many useful gifts were received by the young couple.

Mr. and Mrs. Troy Kelley and family from Dallas visited their parents, the Fred Kelleys, the past week. They were on their way to California to visit a brother.

Mr. and Mrs. Gene McGuire from Muleshoe spent Sunday in the Terry Hutton home.

Mrs. H.W. Garvin, John and George Tyson were called late Sunday telling them of the death of a sister, Mrs. Ethel McMillan of Comanche.

Showers have fallen over the community the past week. Rain fall was light.

Three Way School will start September 3. We hope to have a very fine school year.

## A Long Time Lady-- It Took a Long Time

**SMITHVILLE** -- Howard Tiner, park attendant at Buesher State Park, two miles northwest of Smithville in Bastrop County, says he has received what amounts to a nomination for World Champion Tree Decorator, if such a title exists. Tiner was mowing a picnic area, stopping frequently to pick up Spanish moss from the ground and throw it back into a tree so it wouldn't foul the mower blade.

An out-of-state woman watched Tiner for about an hour and was overwhelmed by the enormity of his job. Finally she approached him. "How long" she asked, staring in wide-eyed amazement at the moss hanging from almost

every tree in the 1,730-acre park, "did it take you to hang all that?"

"Anyone want to second the nomination?"

Nixon Beats Humphrey

The latest Gallup Poll, conducted after the Republican convention at Miami but before the Democratic convention at Chicago, is ominous in its impact for supporters of Vice President Hubert Humphrey. It shows G.O.P. nominee Richard Nixon has pulled far ahead of the present Vice President.

Whereas a mid-July poll showed Nixon and Humphrey running close, Nixon with 40 per cent and Humphrey with 38 per cent public support, the August poll reveals Nixon has widened the gap to 45 per cent to 29 per cent. This is a wide lead and represents a loss to Humphrey, in a national election contest, by many millions of votes.

Even considering the fact that Nixon made his nationwide acceptance speech at the Republican convention in the interval between polls, the extent of the change in one month is significant. And it should be remembered that in the mid-July period Vice President Humphrey was also repeatedly exposed to national television audiences.

One result of the August poll is to focus great attention on the September opinion sampling. This will reflect whatever influence the Democratic convention has had on the electorate. If Humphrey doesn't make up most of the heavy loss he suffered between mid-July and mid-August, his candidacy will obviously be in trouble, for he began as the candidate of the majority party.

Safe Hunting Rules Listed

Safety is the most important factor to remember in the upcoming hunting season, says Wallace Klussmann, Extension Wildlife Conservation Specialist at Texas A&M University. Nearly all hunting accidents could be prevented if gun safety rules are followed.

It's the "over-anxious" hunter who endangers the lives of fellow hunters and causes needless damage to wildlife. Approximately two-thirds of all hunting accidents are caused by humans in the line of fire, humans mistaken for animals and hunters not using the safety catch on their guns.

Hunting only in season and respecting the bag limits are rules of good hunting sportsmanship, says the specialist. Also never throw away a lit cigarette or leave a burning campfire, since either can start a destructive grass or forest fire.

Another good rule to remember is to respect the rights of others and to obtain permission before going onto another's property, says Klussmann. Treat all property as if it were your own and don't litter the countryside.

One of the most important rules, but one that is often neglected, is to handle every gun

as if it were loaded. Never carry a loaded weapon in an automobile and be sure the action and barrel are clear of any restriction.

In conclusion, always be as sure of your targets as you would want your fellow hunter to be, says the specialist.

Dear Editor

Dear Sir; I want to take this opportunity to thank each and every one of you for your time and consideration which you've shown this past year. It's a good feeling for all the men in Vietnam, to know that there is someone back home thinking of them and their purpose over here. I will be home for 30 days before leaving again on another overseas assignment to Thailand. I hope I get the opportunity to meet you and your staff while on my leave. Thanks again!

Voting Rules Have Changed

By-- Vern Sanford  
Texas Press Association

AUSTIN, Tex. -- Until this year no one could vote in any election in Texas unless he had lived in the state for a full year. "Not so now", says Secretary of State Roy R. Barrera.

As the result of a statute passed by the Texas Legislature in 1967, following voter approval of a constitutional amendment in 1966, voting rules have been changed.

Barrera, as the state's chief election officer, advises that any citizen of the United States, 21 years of age or older, who has resided in Texas less than one year and for at least 60 days as of the day of the election, who satisfies the conditions of a qualified voter in the state from whence he came to Texas and would have been qualified to vote had he remained there, may vote in the Presidential Election here this fall.

However, Barrera points out, the voter can not vote on any office except that of president and vice president of the United States.

Furthermore, he must apply for a ballot at the office of the county clerk in the county of his residence...sometime during a 15-day period beginning September 6. If the voter has an official document attesting to the fact that he was a registered voter in the state of his former residence, he should take that document with him when he applies for his ballot. This will eliminate the necessity of the clerk verifying eligibility at the place of his former residence.

It is important to note too, says Barrera, that once declared eligible to vote, the newcomer must cast his ballot in the county clerk's office...not on November 5, the general election date...but sometime during the 15-day period preceding the general election.

STATE INCOME TAX DISCUSSED

Constitutional Revision Commission finished its first full review of recommendations for a new constitution after a battle royal on the question of state income taxation.

Commission would up recommending that the current

provision allowing an income tax be retained, but there was considerable support for prohibiting income taxes.

Revenue and Taxation Committee, headed by George Wilson of Dallas, president of Lone Star Steel Company, had recommended retention of the clause authorizing such a tax. But Wilson quickly joined forces with Houston Rep. Bill Archer during the full commission meeting in an effort to forbid income taxation.

Wilson said a prohibition on the income tax "would be helpful to our chambers of commerce in recruiting industry," San Antonio Mayor Walter McAllister termed income taxes "socialistic, communistic and Marxist."

By a vote of 7-5 (most of the 25-man commission were absent or failed to vote) the prohibition of the income tax was approved. But Denton Rep. Alonzo Jamison forced reconsideration of the issue when he moved that the sales tax be limited to its current level, "if we are going to bind the hands of the legislature in the matter of one tax."

Wilson and Archer were strongly opposed to restricting the sales tax level, but Dallas Times Herald Editor Felix McKnight, who had voted with Wilson, changed his mind and said he thought decisions on tax policy should not be made by a constitutional drafting body. He moved for reconsideration.

By a 10-2 vote the income tax prohibition was opened for reconsideration, and the prohibition on income tax was then defeated by a vote of 9-6.

Commission will meet again in late September to look after actual drafting work. The proposed charter will be submitted to the legislature in January.

WALLACE CHAIRMAN IN AUSTIN

Bard Logan, State Chairman of the American Party and the George Wallace presidential campaign, has started a week-day schedule of working in Austin in American Party headquarters at 506 International Life Building.

"I have made my wife a 'political widow'," Logan said, "I'm staying in Austin during the week and trying to get home to San Antonio weekends until the campaign gets too heavy, and she's running my business for me back home."

Logan denied reports that his party moved its headquarters from Austin to New Braunfels, explaining, "I presided at the official opening of the New Braunfels local headquarters, and some people thought we had moved there. But we have not. We are right here in Austin."

TEXAS STOCK EXCHANGE

A legislative committee and the University of Texas at Austin will begin a study this fall on the feasibility of a Southwest stock exchange centered in Texas.

Advocates of the idea say that Texas and Southwestern stock-market transactions have grown so much in recent years that such an exchange soon will be a necessity and may be desirable now.

Rep. Dave Finney of Fort Worth chairs the committee, which includes Reps. Don Caviness of Austin and Dick McKissack of Dallas. The UT research will be carried on by Dr. Ernest W. Walker, professor of finance, and a graduate student.

They will report to the 61st Legislature in January.

COREY NAMES GAS-STORAGE COMMITTEE

Rep. Dick Cory of Victoria, chairman of the House State Affairs Committee, appointed a special subcommittee to study Texas laws on the storage of gasoline.

Rep. Charles Jungmichel of La Grange will chair the committee, which will include Reps. Bud Atwood of Edinburg, Jack Elanton of Carrollton, Ace Pickens of Odessa and Rayford Price of Palestine.

HIGHWAY PROGRAM

Texas Highway Commission announces a \$60.6 million state Highway Safety and Betterment and Farm-to-Market-Road Improvement Program for 1969, including 1,177 projects in 224 counties.

Bulk of the work will serve to increase safety on the highways, and another large portion is for the reconstruction of highways and FM roads, including widening, improvements to shoulders and construction of improved surfacing.

In 1968, the program included 859 projects at a cost of \$40 million.

ANTHRAX REPORTED

Texas Animal Health Commission has received a report on an outbreak of deadly anthrax disease in the area around the juncture of Val Verde, Kinney and Edwards Counties.

Nine premises have reported deaths from the disease among cattle, horses and deer.

Commission has also reported 696 screwworm cases confirmed in Texas in July. Mexico reported 1,982 cases in roughly the same period.

REHABILITATION STUDY

A report by the Texas Research League on vocational rehabilitation has prompted the State Board of Education to appoint a committee to look into the situation.

William H. Evans of Lubbock is chairman of the committee composed of Porter M. Bales Jr. of Tyler, Doyle Corley of New Boston, E.R. Gregg Jr. of Jacksonville, Charles E. Hart of Bryan and James W. Harvey of Archer City.

League was prompted to make its report because of the sudden expansion of the rehabilitation program in the last five years.

ADDING IT UP

Two California mathematician-engineers are coming to Austin to begin computer work on the best ways to meet the problem of water shortages in Texas.

Their work comes under the water program being devised by the Texas Water Development Board. Simply stated, the mathematicians will work on a theoretical model of how Texas water resources can be best moved to where they are needed.

**Washington Report**  
From Congressman  
**BOB PRICE** 18TH DISTRICT, TEXAS  
1323 LONGWORTH OFFICE BUILDING, WASHINGTON, D. C. • 225-3706

Following are excerpts from remarks by Congressman Bob Price during visits in several Panhandle communities after his return from the Republican National Convention in Miami Beach, Florida:

FARM PROBLEMS

Although I supported a one-year extension of the farm program, this certainly does not mean that I believe the present farm program now in its third year has done what it is intended to do in achieving a parity position for our farmers with our citizens in industry and commerce.

The parity ratio, which averaged 85 during the 8 years of the Eisenhower administration, averaged only 74 for 1967 as a whole and is now down to 73. Even the adjusted parity ratio, which includes direct payments to farmers is down eight points and on both an adjusted and unadjusted basis, the parity ratio is the lowest it has been since the depression year of 1934.

Quite frankly, I think we must tell the American farmer and agriculture in this country that until we get politics and politicians out of agriculture, it is not going to change one iota.

The American farmer is subsidizing the American consumer. This is where I think the politics come in. Ten years ago, the consumer was spending 25 percent of his disposable income for food; to-day, he is spending 17 percent of his disposable income for food.

The realized net farm income in 1967 was down nearly \$2 billion from the year before--

10 percent cut in pay for farmers, while practically all other segments of industry were enjoying sizable pay increases to compensate for higher costs and prices. But the farmer is trapped by a vicious cost-price squeeze brought on by the inflationary fiscal policies of the past 8 years -- a \$25.4 billion deficit for the 1968 fiscal year alone. What other industry or business can take such a reduction?

So, although I do support a one-year extension to the present farm program, the next Congress must face up to the task and the dire necessity of overhauling this program and giving the farmer, the forgotten man of this generation, a fair shake and a fair share of the proceeds of the abundance of our economy. He has done more and done it better for the American consumer and hungry millions in other countries and realized less for his efforts than any other citizen. He deserves better and I believe there are enough Members of Congress who realize that this country cannot continue to prosper and solve the problems of its agricultural economy of America.

THE WAR IN VIETNAM

We all would like to see a real and lasting peace come out of the Paris negotiations. But so far, the North Vietnamese have shown no evidence that they were actively considering moves toward de-escalation to match President Johnson's limitation of bombing over most of North Vietnam. Basically, the Administration's policy has failed--militarily, politically, diplomatically and with relation to our own people.

President Eisenhower has repeatedly voiced his opinion that when a nation applies force as we have in Vietnam, then the force should be overwhelming. We have the capability to apply such force which we should know by now is the only language the Communists understand or respect. It is long past time that we did so.

Ironically, gradualism--designed to prevent intensification of war--does the very opposite by preventing timely use of force against aggression, while "flexible response" blunts our first reactions, gradualism assures the aggressor that our subsequent reactions will also be cautiously phased to prevent over-application of force. Skillfully and patiently applied, the

O. C. McBride  
Dear Turnrow  
Tunkel . . .

Congress recently passed a bill banning imports of Egyptian cotton, but President Johnson vetoed it. Since Nasser has called the U.S. Egypt's No. 1 enemy, broken diplomatic relations with us and repudiated all debts to America, how do you explain the President's action?

Don't ask me. I quit trying to explain Lyndon's actions after his acceptance speech four years ago, when he yelled: "We shall overcome!"

Labor Dept. officials predict a large number of school-teacher's strikes in the next school year. When you were in school, did the teachers ever strike?

Only at the seat of my pants.

I read that on Russian airliners now flying between New York and Moscow, a breakfast of vodka, caviar and cucumbers is served.

If that's a typical Russian breakfast, the U.S. is in trouble. We have been counting on our atomic weapons to protect us, but what effect would an A-bomb have on people who can survive a breakfast like that?

According to a research institute, smokers who switch to a "low tar, low nicotine" cigarette reduce their chances of contracting lung cancer.

Maybe this information will persuade people to switch peacefully, and avoid all those black eyes.

Don't you think Lester Maddox entered the race for the Democratic nomination too late to expect any success?

Yes. If he had announced earlier, I could have suggested the perfect design for a Maddox campaign button--an ax handle crossed on a drumstick.

I read where Spiro Agnew said he enjoyed the music of Lawrence Welk. What a square!

Maybe, but his statement could also be shrewd politics. There are more "squares" in the U.S. than most people realize. We just don't make as much noise as some of the odd-shaped creatures.

process can hardly fail to nourish a skirmish into a major war.

The shacking of our Air Force and Naval air power in Vietnam affords us a striking exhibition of gradualism in action.

This conduct of our efforts in Vietnam has been bitterly disappointing both militarily and politically and has imposed

immense costs upon the American people. The war has already caused over 100,000 U.S. casualties, consumed some fifty billions of dollars, gravely impaired our international relationships, and sharply divided the American people. Continued adherence to this doctrine promises not only more disappointments but also an escalating risk of World War III.

Vietnam News

as reported by  
Gunnery Sgt. Tom Bartlett

"A Marine and his rifle," said Army General John J. Pershing, "is the most dangerous weapon in the world." Many years have passed since World War I. Rifles have changed. The Marine has changed.

Still dangerous, to be sure.. but Marines today realize that in order to win the war you must win the people. They realize that a single-shot, bolt-action rifle is not enough.

They armed themselves with the M-16, and they armed themselves with a second weapon with which to fight the "second war."

The Marine Corps' Reserve Civic Action Fund is that second weapon. Switched on to "full automatic," the Marines loaded it with \$629,453.51, and began the second battle against filth, poverty and illness.

"It began in September, 1965," said Maj. Gen. Clifford B. Drake, Deputy Commander, Provisional Corps, Vietnam.

"There were rumors that the Marine Reserve would be mobilized, and the reservist was up on the step and ready to go. But he wasn't called," the general said.

Marine Reservists wanted to show support for Marines in Vietnam. They wanted to contribute to the fighting Marine's efforts, but weren't sure just how to go about doing it.

"They contacted the Cooperative for American Relief Everywhere, or 'CARE' one of the oldest voluntary relief agencies in Vietnam," the general continued. "It has less than one percent overhead expenses."

Since 1965, nearly \$650,000 has been raised by Marine Amphibious Force. They average \$12,000 a month, which is de-

posited into a special account. Through primarily a project of the Marine Reserves, active duty Leathernecks especially those on recruiting and Inspector-Instructor staffs, are deeply involved in the program, which has mushroomed since 1965.

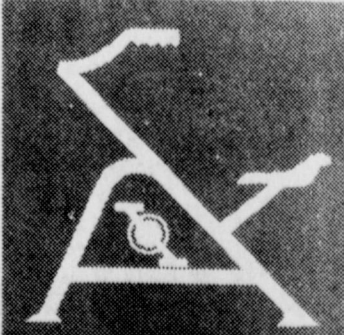

"Marines became totally involved," said General Drake, who became Director of the Marine Corps Reserve shortly after the program was adopted.

"From the Commandant on down, Marines were enthusiastic in their own civic action program."

Donations are sent to CARE. Some is banked in the United States and some banked in Vietnam. As needed, it is withdrawn by CARE. The Commanding General, III Marine Amphibious Force, has ready access to funds for special projects.

Though the general is a Marine, and the fund is primarily a Marine Corps project, the funds are not restricted to Marine Corps' activities, but are available to all allied units serving in the northern tactical zone of the Republic of Vietnam, or what is known as "I Corps."

Certainly, the III MAF Commander is a busy man. Why then "Saddle" him with the responsibility of a civic action project?
