Bob Price will be the principal speaker tonight (Thursday) when law enforcement officers from the area are to be honored with a "Law Appreciation Night."

Price, a congressman from the 18th district, which includes Bailey County, has agreed to visit Muleshoe and speak on what is being done to promote law and order on the national level.

The meeting is open to the general public and will be held in the Muleshoe High School Cafeteria at 8 p.m. A group of Muleshoe people from civic clubs, the Muleshoe City Council and other organizations are planning the special night to honor law enforcement officers.

A spokesman for the group organizing the appreciation night said, "The right of people to be safe in their lives and property is one of the principal purposes of government."

"Since crime and violent acts have greatly increased lately, some interested citizens thought that it would be good in some manner to honor the law enforcement personnel of the Muleshoe area."

Regional Science Fair Exhibit Set

The Regional Science Fair will be held in Lubbock at Lubbock Christian College on Friday, April 11 and Saturday, April 12.

Exhibits are to be in the LCC Fieldhouse between 1 and 5 p.m. on Friday for the judging which will be held at 5 p.m.

Projects are to be removed no earlier than 8 p.m. and no later than 9 p.m.

City Hall Contract Awarded

In a called meeting Wednesday morning at 8 a.m., Muleshoe City Councilmen met to award a construction contract to Lampe Construction Co. of Lubbock, who submitted the low bid for construction of the new Muleshoe City Hall. The bid was for approximately \$87,740.

Construction will begin on the city hall within the next ten days and is due to be completed within 180 days.

Following the vote canvas, City Mayor W. S. LeVeque presented oaths to newly elected councilmen Kenneth Wayne Heathington and Frank Ellis who signed the oaths and were sworn in.

"Certainly there are times," he continued, "when some law officers over react to a given situation, but most of the time they are risking their lives under unfavorable conditions and deserve the full support of the citizens of our country."

DECA Banquet For Employers Friday Night

Lyndal Murray will be speaker Friday night, April 11, when the annual Distributive Education banquet will be held in the Home Economics room of the Muleshoe High School. He will speak on what DE means to the employer.

This annual banquet is held to honor the employers of the Distributive Education students.

This year, the theme of the banquet is 'Patriotism.' The invocation will be given by Peggy Williams and Johnny Raney will welcome the guests.

Dinner music will be presented by a local trio, Leland Ferris, David Gupton and Ray Sanchez.

Each employer will be introduced by the student working for him.

Menu for the evening will be ham, barbeque beef, baked beans and a variety of salads. Charlotte Davis will give the benediction.

"It is hoped that this meeting will help to create a greater respect for law and order and a law enforcement personnel among all citizens, especially our teenagers, who should learn peace officers are their friends and not their enemies."

"We hope," he concluded, "that each and every person in the entire area will turn out in full force to attend this meeting which is designed to honor our law enforcement officers. It is free and will be open to the general public."

(Pick up original copy of Mayor LeVeque's proclamation from last paper)

WHEREAS, law enforcement officers apparently have reached a low ebb not only in the immediate area, but also across this nation; AND

WHEREAS, it is the belief of the Muleshoe City Council, local civic clubs and organizations and interested individuals that our law and law enforcement officers deserve the respect and recognition of the people of not only our own area, but all across the nation; AND

Heathingtons Win Elections

It was a Heathington day in Muleshoe Saturday when Aubrey Heathington became the newest member of the Muleshoe Independent School District School Board and his brother, Kenneth 'Kenny', was elected as a member of the Muleshoe City Council.

In the election held last Saturday in Muleshoe, a very tight turnout was noted in Muleshoe. Only a total of 147 votes were cast, with 25 votes of that total being absentee votes.

W.E. 'Jinks' Meyers received 114 votes; Eugene Black, 109; Aubrey Heathington, 96 and W.M. Pool II, 81.

The re-elected board members and new board member Aubrey Heathington will be sworn in at the regular meeting on Monday, April 21.

Kenneth Heathington and Frank Ellis were elected to fill places Three and Four on the Muleshoe City Council in one of the lightest votes ever cast in Muleshoe. A total of 59 people voted in the City election on Saturday. Ellis received 58 votes and Kenny Heathington received 54 votes; write-in votes were cast for Jim St. Clair, one; Irvin St. Clair, one and Albert Field, one.

Babe Ruth Tryouts

Babe Ruth tryouts will be held Saturday, April 12, at 3 p.m. at the Muleshoe Babe Ruth Park.

Those who have not previously signed up to play Babe Ruth baseball, are required to have their birth certificate with them said Mrs. Aubrey Heathington, secretary.

To be eligible to play in the Babe Ruth League a boy must have been born on or after August 1, 1953 and before August 1, 1956.

Jaycee Banquet Date is April 19

April-
What a Month!

Four 'Outstanding' Awards Slated

If you get the urge, during April, to sing about showers, look forward to flowers, choose a mate, or go on a holi-date, you will be taking part in a custom that is older than many people realize--and enjoying a month that is special in many ways.

Think a kind thought, during April, about Al Jolson; he's the singer who probably did more than any other to make the song, "April Showers," popular.

Choosing a mate? If so, you are in the company of Pocahontas and John Rolfe. They married 355 years ago on April 5, 1614.

To some, an April holiday may seem like a new idea, for 1969 is the second year on record that thousands of American hotels, motels and restaurants are offering special rates and events to persuade people to "get away from it all" more often. But the idea of a "spur of the moment" holiday in April--a special evening out, or a long weekend or two at a hotel or motel--is perhaps grounded in the stars. For centuries, according to astrologues, April has been

represented by two signs: Aries, the ram, and Taurus, the bull. People born under the April signs have for centuries been recognized as energetic, impulsive, enthusiastic, positive and enterprising.

Historical achievements bear out this appraisal. Ponce de Leon approached his fountain of youth--Florida -- April 8, 1513. Paul Revere began his ride April 18, 1775. Mutiny broke out on the Bounty April 28, 1789. Romulus founded Rome April 21, 753 B.C. And talk about people wanting to get away from it all, it was on April 6, 1909, after 23 years of trying, that Robert E. Peary reached the North Pole!

Don't be fooled by dates, Frenchmen would urge you. The whole idea of April Fool's Day is believed to have begun in France on April 1, 1564. That was the date on which a new calendar was put to use. This so confused the people that many were called poison d'April, or "April Fish"--fish being the slang word for fool or dupe in France.

And don't be fooled by "holi - dates" either, say those who know the ins and outs of staying at hotels and motels. Unlike the case with lengthy vacations far from home or in lands where English isn't spoken, a brief phone call is all you need to reserve a room at a near-by city or resort hotel or motel. A spur-of-the-moment phone call even a few hours before you plan to arrive is usually sufficient. Newspaper ads often tell you the phone number and even the rates. Or you can look up this information in the industry Red Book at your hometown hotel or motel.

April this year is a month when not only people, but also the moon will be making brief get-aways. "Going out" for an evening--or at least part of one--will be that heavenly body which goes in eclipse on April 2 this year.

You can, however, fool around a little in April, with numbers, (though not on your Cont'd. on Page 3, Col. 5

April 19 has been decided for the Jaycee Installation Banquet which will be held at the Corral Restaurant. At that time, new officers who were elected last Wednesday night will be installed. The new officers include Curtis Walker, president; Kenny Heathington, first vice president; Harold Neal, second vice president; Clarence Christian, Inter-Club Director; Tommy Gunstream, treasurer; Ronnie Spels, secretary and directors, Raymond Schroeder, Dick Johnson and Steve McGregor.

Honors to be presented at the banquet will be the naming of the Outstanding Young Educator; Outstanding Young Merchant; the Outstanding Citizen of the Year and the Outstanding Jaycee Chairman.

Tickets for the banquet are available now from any Jaycee member and are \$2 each.

At the Monday meeting, it was reported that the annual Jaycee Easter Egg Hunt was a huge success. They reported that it lasted a total of one minute and 20 seconds. Between 600 and 700 children took part in the hunt for which 10,000 Easter eggs had been hidden by members of the Jaycees.

On Thursday, May 22, the Jaycees will co-sponsor a Mobile Chest X-Ray unit in Muleshoe. Marlin Mills was named chairman of the program.

For the second place winner will be a \$7.50 check, while the third place will receive a check for \$2.50. The Bee will be held at the Muleshoe High School auditorium, at 2 p.m. Monday.

Pronouncer for the Bee will be Fred Johnson, who has been the official pronouncer for more than 12 years. Named as judges for the contest are Chamber of Commerce Manager Jerry Hutton, Mrs. Aubrey Heathington and Rev. Walter Bartholf, First Christian Church.

Other participants will receive ribbons and pens.

The winner of the Bailey County Spelling Bee will go to the regional spellingdown in Lubbock and the winner of the Lubbock contest will go to state contest and the state winner will journey to Washington D.C. for the National Finals.

Last years winner, Charlotte Wedel, won the Bailey County Spelling the word 'Fulcrum' but lost out in the Regional Bee at Lubbock by misspelling 'meticulously.'

In the forty-two years since the Spelling Bee began, it has been utilized as a means to encourage boys and girls to improve their spelling, increase their vocabularies and develop correct English

Residents' Son Geologist For 13 States

Jasper Holland, 1820 SW Wynwood, Cedar Hills, Oregon, was promoted to Regional Geologist for the 13 Western States, including Alaska and Hawaii on March 9. He is the son of Mr. and Mrs. E.E. Holland of Muleshoe.

Holland is with the Soil Conservation Service, Department of Agriculture. Originally from Fort Worth, Holland and his wife, Bessie and children, Ernie, Eddie, Norma, Nelda, Nance and Nanette have lived in the Beaverton (Ore.) area for 13 years. Holland is a graduate of Texas Christian University, Member of the Geological Society of America; American Association of Petroleum Geologists; Past Chairman Association of Engineering Geologists, Portland Chapter.

Holland has been the guest speaker for many meetings in the Portland Area.

FIRE--Members of the Bailey County Volunteer Fire Department were called to the Claude Gillis farm early Tuesday afternoon after a barn caught fire. Other than the burning piles, a storage barn was scorched and a wooden fence was partially burned in the fire.

The cotton sales policies of Commodity Credit Corporation for 1969-70, contained in a March 28 announcement from the US Department of Agriculture, are a small but definite step in the right direction.

This is the opinion voiced by Donald A. Johnson, Executive Vice President of Plains Cotton Growers, Inc.

After stating that the loan maturity date for 1968-crop cotton will again be July 31 this year, the USDA announcement said cotton acquired by CCC on that date "will be offered for sale on competitive bid basis at not less than 110 per cent of the loan rate plus carrying charges or current market price, whichever is higher, but in no event at less than 120 points above the loan rate."

It was further pointed out by USDA that it appears likely that production in 1969 will about equal or slightly exceed total consumption, "in which case production will be adequate to meet demand and offers of CCC stocks under the 'shortfall' legal provision at market prices will not be required."

Carrying charges, according to the announcement, will be added from the following schedule: August, 90 points; September, 45 points; October, 0 points; November, 15 points and increasing at the rate of 15 points per month to a maximum of 135 points in July.

"These policies," Johnson believes, "will make the asking price for Government-owned cotton higher in relation to loan values and consequently will make producer-owned cotton higher in relation to loan values and consequently will make producer-owned cotton from the 1969 crop relatively more attractive to buyers."

Carrying charges on CCC cotton for the past several years have been added at the rate of 15 points per month, but no charges at all were added until January of each year.

"More realistic carrying charges, coupled with the absence of sales at market prices to fill a shortfall, should put producers in a somewhat better position to compete with CCC-owned cotton this fall."

"The 110 per cent above loan value provision," he noted, "applies to the base Middling-Inch loan value, not to the loan rate for individual qualities. The exact procedure for determining premiums and discounts for CCC sales has not been announced."

"If the premiums and discounts used for CCC sales are allowed to vary with the 10-day moving average of spot markets as they have in past years, some qualities can still sell at or below loan level."

This is why PCG has for the past three years sought to have 110 per cent above loan value set as the minimum for all qualities.

Asked if the 120-points of "headroom" stipulated in the announcement would not help to alleviate this situation, Johnson said, "It will help, but the 120 points are to be in addition to the base loan rate and do not take into account the carrying charges that will accumulate. And as carrying charges mount, the effectiveness of this provision is seriously impaired."

Johnson is also Secretary of the Beltwide Cotton Producer Committee which had urged Secretary of Agriculture Clifford Hardin to institute cotton loans that would extend 14 months from the month the loan was made to a producer. He joined Don Anderson of Crosbyton, Chairman of that Committee, in expressing disappointment that this proposal was not accepted by the Department.

"The new sales policies are an improvement," Anderson said, "but it is unfortunate that substantially nothing has been done as yet to prevent the cycling of part of each year's crop through the CCC catalog."

CCC this year is expected to take title to approximately 3 million bales of cotton on August 1 and it is to the resale of this cotton that the March 28 announcement will

sexily baited with live weevils, will be used this year in two separate but closely related projects. One is the largest-ever attempt at eradication, covering between 40,000 and 50,000 acres of cotton in an area 60 miles long by 40 miles wide. This eradication test run will utilize most of the total 40,000 traps.

The remainder will be scattered along a zig-zag survey and detection line longer than the road from Lubbock to Houston. The line begins at the northern edge of Briscoe County, drops south along the rim of the Cap Rock through

Floyd, Crosby, Lunn, Garza and Borden counties, then turns West across Dawson county and follows the Gaines-Andrews County line to the New Mexico border. Following the wandering route by auto, Dr. Dale Bottrell, Research Entomologist with the Texas A&M University Research and Extension Center at Lubbock, clocked an amazing 549 miles.

Purpose of this project is to keep tabs on movement of weevils into the High Plains area from weevil-infested cotton south and southeast of the High Plains Deepause Control Program

that has successfully prevented significant weevil migration into the area for the past five years.

The pheromone traps, or sex traps as they are called, stand about a foot tall and are coated with a sticky substance which snares weevils when they approach to investigate the caged live-weevil bait in the center.

Bait weevils are reared in the Federal Boll Weevil Research Laboratory at State College, Mississippi, and will be flown to the High Plains on a regular schedule throughout the season. The first shipment will arrive during the week

of April 7. Cooperating in the eradication test, at a total cost of about \$250,000 are Plains Cotton Growers, Inc., the Plant Pest Control and Entomology Research divisions of USDA, Cotton Producers Institute and the Texas Department of Agriculture.

EXPLAINED A number of people are assuring the country that the dollar still contains ten dimes or twenty nickels. The problem is not change, but exchange.

Local Scouts To Attend Scout-O-Rama

Local scouts will join more than four thousand Cub Scouts, Boy Scouts and Explorers from one-hundred and thirty Cub Packs, Scout Troops and Explorer Posts in the South Plains Boy Scout Council will present their annual Scout-O-Rama on Saturday, April 12, according to Colonel Haynes Baumgardner, chairman of this year's shows.

Three separate Scout-O-Ramas will be conducted from 1 to 8 p.m. They will be at the Panhandle-South Plains Fairgrounds in Lubbock, at the Agriculture Center in Plainview and at the Gaines County Show Barn in Seminole.

The shows will have from thirty to seventy exhibits in booths and demonstration areas in which they will show the skills, crafts and fun of Scouting. It is a "fair type" of show, Baumgardner said and visitors can spend as much time as they wish, visiting the individual displays during the seven hour period of each show.

This year the boys in Scouting are selling family tickets to the Scout-O-Rama. Each ticket admits an entire family, regardless of its size. The scouts receive prizes for themselves and cash commissions for their unit treasures from their ticket sales. In addition, the top four ticket salesmen in the Council, and their dads, will have a free week-end at Astro-World and Sea-A-Rama in Houston and Galveston on the first weekend in May. The local Scout-A-Rama committee will furnish transportation and the management of Astro-World and Sea-A-Rama will host the winners at their facilities.

Jaycee...

Cont. from Page 1

Seven members were presented cards, pins, spoke cards and their Jaycee work vests at the meeting. Those included Sammy Gonzales, Steve McGregor, Tommy Gunstream, Gary Ratliff, Dick Johnson, Frosty Jones and Harold Neal.

County Attorney Roger Gorrell presented the program, which was on "Legislation - A Deterrent to Crime."

Gorrell took his talk from the Texas Law Enforcement Legislative Council booklet on proposed legislation before the present legislature. He said the Texas Law Enforcement Legislative Council was formed principally to secure enactment of laws to protect all persons.

The Council was formed by the District and County Attorneys Association of Texas; East Texas Peace Officers Association; Justices of the Peace and Constables Association of Texas; Texas Municipal Police Association; Sheriff's Association of Texas; Texas Police Association and Texas Police Chiefs Association.

Carol Vance, District Attorney, Harris County, is Executive Director of the Council and Glen H. McLaughlin, Chief, Personnel and Staff Services, Texas Department of Public Safety, Austin, is secretary.

Gorrell said one of the principal laws in an amendment to the present bail bond law. He said "Article I, Section 11a of the Texas Constitution should be amended so as to allow the denial of bail to anyone: (a) who, while free on bond for a felony offense, is charged with having committed another felony offense while under such bond; (b) whom the trial court finds from substantial evidence is likely to receive over fifteen years imprisonment upon his trial; (c) whom the court finds in inherently dangerous to himself or others and (d) whom the court finds is likely to jump bail and fail to return for his trial."

Another area the County Attorney stressed concerns oral confessions. He stated, "It is ridiculous that a peace officer in this state must be further handicapped by the requirement that any incriminating statement made by the defendant must be in writing and signed by him before it is admissible. Texas is the only state that cannot use oral confessions in court. The other 49 states and Federal Courts can."

Gorrell emphasized that there needs to be a change in the Chemical Test Statute. Gorrell said, "Last year some 52,000 persons were killed on our highways. It was estimated that drinking was involved in over one-half of these fatalities. If we are serious about preventing the slaughter caused by drunks on our highways, then there are five simple measures we can adopt." "The first measure is that portion of the Uniform Motor Vehicle Code providing that when one accepts a license to operate a motor vehicle, he consents to the giving of a

breath, blood or other body specimen to determine intoxication, should he ever be suspected of driving while intoxicated.

"The second measure is the adoption of that portion of the Uniform Motor Vehicle Code providing statutory levels at which motorists are prima facie deemed to be under the influence of intoxicants.

"The third measure is state supervision of chemical test programs by the Texas Department of Public Safety. Under such a system, the legislation should provide that any police agency desiring to use chemical testing be required to have its program, including equipment, procedures and personnel approved by the Texas Department of Public Safety. This would protect the public in that they would be assured that any chemical test was properly administered.

"The fourth measure is adoption of legislation requiring coroners and medical examiners to secure a blood specimen from all drivers and pedestrians killed in traffic accidents and to submit such specimens to the Texas Department of Public Safety for scientific analysis for the presence of alcohol.

"The fifth measure is adequate punishment for the intoxicated driver. We should return to a mandatory jail sentence. Our present law, which allows probation, with the license not even being suspended, is little deterrent."

Other areas covered were Punishment Should be Set by the Judge; Wiretapping and Electronic Surveillance; Strengthening Parole Laws; Transfer of Prisoners to Texas Department of Corrections Pending Appeal; Persons Who Habitually Drive Without a License; Adequate Courts to Insure Immediate Trials; Joinder of Offenses; Authorization to Issue Search Warrants for Evidentiary Items; Murder; Assault on Murder; Use of Firearms in Committing an Offense; Receiving and Concealing Stolen Property; Possession of Prohibited Weapons by Ex-Convicts and Persons Charged With a Felony; Stronger Riot Laws; Penalty for Violation of Dangerous Drug Statute; Trespassing; Resisting Arrest; Making False Reports to Governmental Agencies; Certification of Juveniles to be Tried as Adults and Mandatory Police Training.

The Jaycees voted to adopt "Support Your Law" program and will be distributing literature at the Law Appreciation Night program tonight (Thursday) at Muleshoe High School Cafeteria.

tax form). Most people probably think that April was always the fourth month of the year, and the "30 days hath September" poem tells us that April--seemingly without exception--"hath" 30 days. Hath today, okay. But 'twas not always thus, Gus. To the ancient Romans, who called the month Aprilis, it was the second month of the year and it had only 29 days!

If you celebrate during the month of April--on a holiday or by choosing a mate--you will be in league with all kinds of other people who think that April is a time deserving special commemoration. For this is the month of National Artichoke Week, The Old Time Fiddlers' Convention, Harmony Week (to preserve Barbershop Quartets), the National Cherry Blossom Festival in Washington, National Raisin Week, Secretaries Week--and even National Panic Week (seriously devoted to "putting humor into any situation which seems to create unnecessary panic").

Not only the avoidance, but also the introduction of panic has a place in April. The "Perils of Pauline," an American classic, entered on the American scene dramatically in April, 1914. And a lady who never seemed to be in peril, the self-assured Eleanor Roosevelt, delighted the nation on April 3, 1933, by announcing that from then on, she would serve beer at the White House.

Storms of applause have greeted people born in April: Leonardo da Vinci, William Shakespeare, Thomas Jefferson, J.P. Morgan, Charles Chaplin, Machiavelli, U.S. Grant, Harry Houdini, Queen Elizabeth II, and Barbra Streisand!

A storm of protest was expressed on April 28, 1902, when a New York City newspaper waged a campaign against high beef prices: 24 cents a pound for sirloin! But storms of the more ordinary kind, in April should cause no regrets. For "It isn't raining rain, you know, it's raining violets."

U.S.-SOVIET ACTION President Nixon has been studying possible joint action by the United States and the Soviet Union to try to de-escalate the Middle East crisis parallel with prospective negotiations on limiting strategic nuclear arms.

Texas Products For Agriculture Orient - Bound

Texas agricultural products will be displayed throughout the Orient during a month-long market-searching sweep by two development specialists, State Agriculture Commissioner John C. White announced Tuesday.

Walter Meyer, marketing specialist with the Texas Department of Agriculture, and special consultant Bill Nelson will leave April 11 for Tokyo, Japan, to exhibit Texas products in the international Trade Fair in an effort to improve marketing with the Far East.

White said all products will be promoted, but special exhibits of Texas grain-fed beef, poultry and poultry products and Ruby Red Grapefruit are scheduled. He said it will mark the first showing for the Ruby Reds in Japan.

The two specialists will appear at the trade show for nine days and then move their marketing efforts to Australia, Taiwan, Thailand and Hong Kong, returning to Texas on May 13.

"This marks the start of a new stage in our TAP program," White said in announcing the trip. "We have

been very successful in the domestic market in promoting our Texas Agricultural Products and feel we can improve results in foreign markets.

"Japan is already the largest market Texas has for grain sorghum and cotton," White said. "There is no reason we can't expand that market to other Texas products."

Fortieth Wedding Anniversary Marked

Former Pastor Visits In Gwyn Home

The children of Mr. and Mrs. D.B. Head of the YL community honored their parents on their fortieth wedding anniversary with a reception in the YL Fellowship hall Sunday April 6 from three to five o'clock.

Hosting the occasion were Mr. and Mrs. Marshall Head, of Muleshoe, Mr. and Mrs. Charles Sudduth of Alexandria, Louisiana; Glenn Head, of Muleshoe and College Sta-

tion, and Mr. and Mrs. Norman Head of Farwell. Miss Mildred Wilterding and D.B. Head were married April 3, 1929 in the home of her father, W.M. Wilterding, in the YL community. The bride had moved to YL community when a small child and Head came here in 1927 from Kansas, Oklahoma. He is the son of the late Mr. and Mrs. J.J. Head. The serving table was decorated with an arrangement of ruby red roses in ruby red goblet with "Fortieth Anniversary lettered in gold". Mints and nuts were served from cranberry glass. A tiered wedding cake, decorated with red roses, and cranberry punch were served by granddaughters Janice, Susan and Karen Head.

A family picture album was the center of conversation and brought back memories to many of the guests.

Linda Head, also a granddaughter, registered the guests. Out of town guests were Brad and Brenda Sudduth, grandson and granddaughter, of Alexandria, Louisiana; Mr. and Mrs. Russell Harmon of House N.M. and Mrs. Ethel Buchanan of Morton.

Rev. and Mrs. Carroll M. Jones of Three Rivers (near Temple) were weekend visitors in the home of Mr. and Mrs. Byron Gwyn. Rev. Jones was pastor of Progress Methodist Church from 1950 to 1956.

While here friends called to visit with them and Mrs. Jones attended Circle meeting to meet others. The Jones children are all away from home now. Barbara is married and lives with her husband and two children at Nashville, Tenn. Kim and his wife live in Japan where he is stationed with Uncle Sam. He has been in Service nearly four years. Linda and her husband, Bob Carr both teach at Las Vegas, Nevada. Bob will have a fellowship next year and work on his Master's Degree from Tech and Linda hopes to teach in Lubbock schools. Kirk has just returned from Vietnam but still has some time to serve.

Carla Ellington, J. W. Wilson Wed

Miss Carla Ann Ellington, of Muleshoe, exchanged wedding vows with John William Wilson of Muleshoe and Monroe, La., in the sanctuary of First United Methodist Church April 5, at 7:30 p.m., with the pastor of the church, Rev. J. Wald Griffin, officiating at the double ring ceremony.

The couple stood before an archway decorated with Fujiumums in three shades of blue, daisy pom poms, ivy entwined Candelabra stood at each side. A kneeling bench covered in white satin was also used in the ceremony. Parents of the couple are Mr. and Mrs. Carl Melton Ellington, of Muleshoe, Mrs. W.C. Oliver of Pecos, Texas, and the late Woodrow Wilson.

Presented in marriage by her father, the bride wore an original formal gown of pea satin, fashioned with scooped neckline, petal point sleeves buttoned with tiny pearl buttons and Empire waist. A panel of Chantilly lace extended from waistline to hem in front. Her chapel veil was attached to a sequined tiara and she carried a cascade of Amazon lilies and stephanotis. She wore the traditional blue garter; her "something old" was her grandmother's wedding band; she borrowed her mother's necklace and wore a penny in her shoe minted the year of her birth.

Miss Cindy Crane of Muleshoe was maid of honor and Miss Marilyn Barnett, also of Muleshoe, was bridesmaid. They wore identical street-length dresses of turquoise pea satin, sleeveless, with pearlized headbands and white lace gloves. Miss Crane's dress was of turquoise blue and Miss Barnett's of powder blue. They carried cascade bouquets of white Fujiumums and fern.

Miss Janet Wilson, sister of the groom, of Pecos, was flower girl. She wore a street length dress of aqua pea satin and carried a basket of daisy pom poms and stephanotis.

Candles were lighted by Eddie Ellington, brother of the bride, and Janet Wilson of Pecos, the groom's sister. Eddie Ellington also served as ring bearer.

Best man was Robert Copeland of Muleshoe. Andrew King, of Muleshoe served as groomsman.

Miss Kay Coppedge of Muleshoe played traditional wedding marches and accompanied Miss Sheryl Mason and Steve Woodard, both of Muleshoe, as they sang "Because" and "I Love You Truly."

Mrs. Ellington, mother of the bride, wore an aqua knit two-piece suit, with white accessories. Mrs. Wilson wore a navy blue knit dress. Both wore corsages of a single white orchid.

Ushers were Dennis Bush of Muleshoe and Terry Alexander, of Munday, cousin of the bride.

Guests were registered by Miss Terri Crane at a table covered in white linen and decorated by a single white candle and a new white Bible, lace covered, the gift of the bride's father, with a corsage of Amazon lilies. Immediately following the ceremony a reception was held in Fellowship Hall of the church, directed by Mrs. Calvin Embry. Others serving in the house party were Mrs. James Crane, Mrs. Marion Howard, Mrs. Robert Hooten, Mrs. Raleigh Mason, Mrs. Mervin Wilterding, Mrs. Gid Howell and Mrs. J.W. Coppedge.

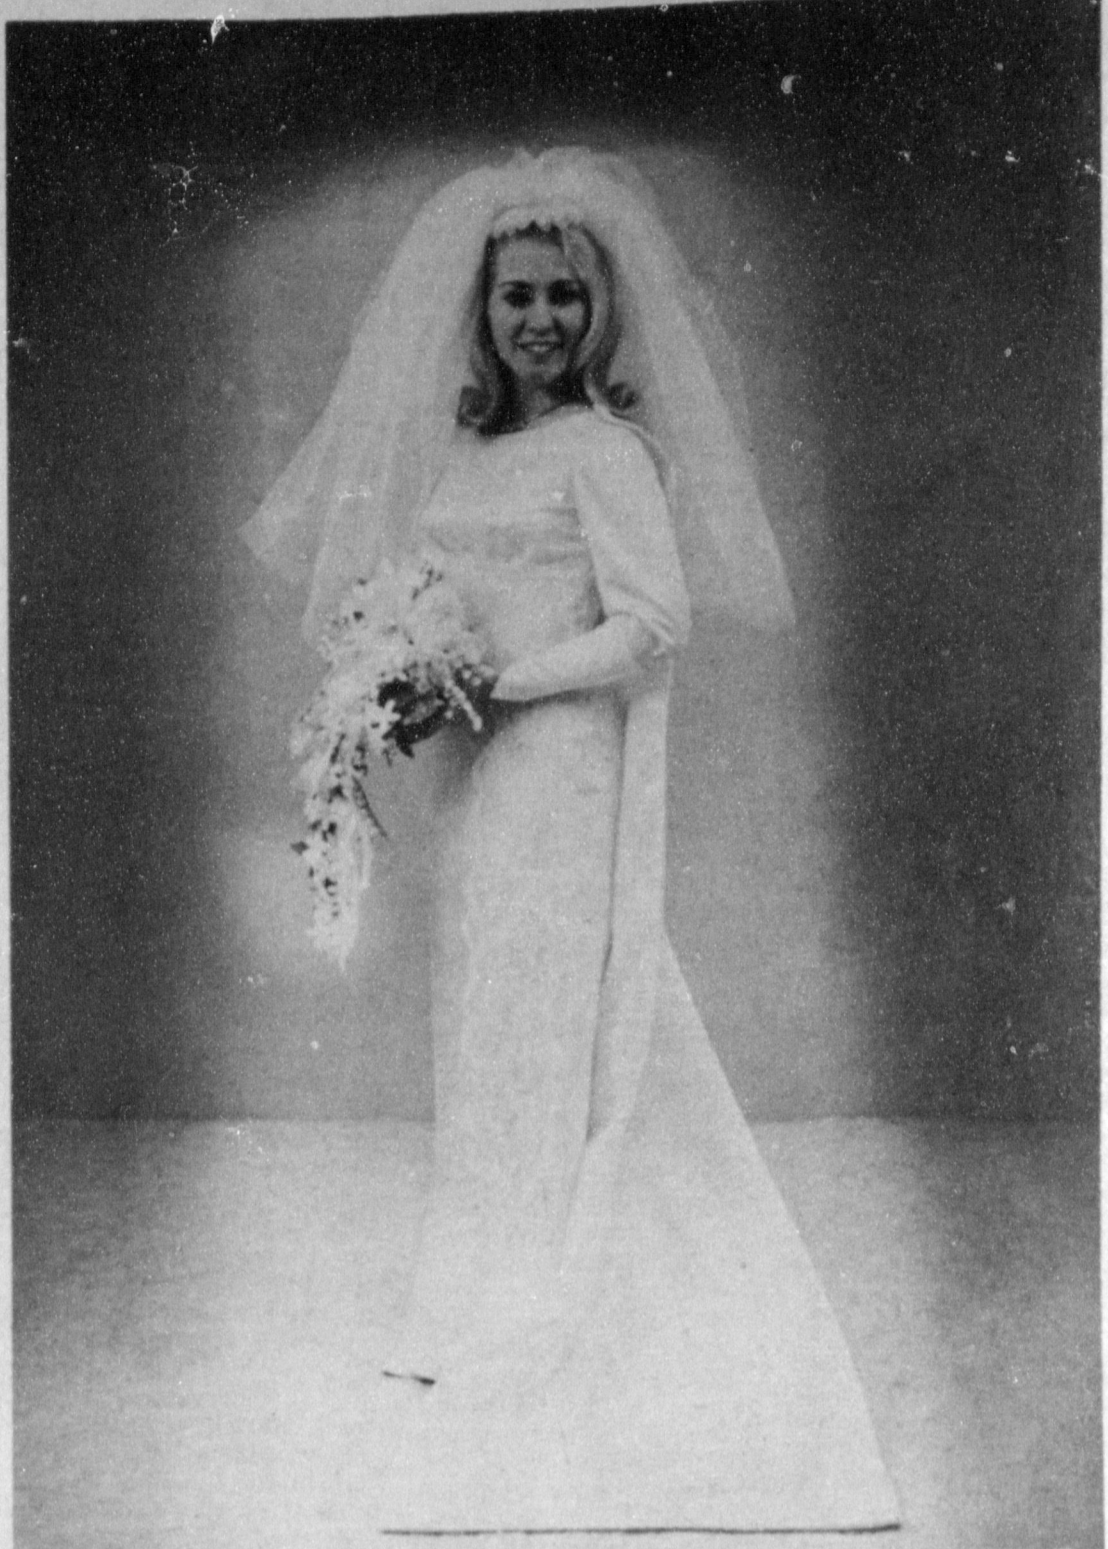

A memory candle stood on a small table between the bride's table and the groom's table, decorated with blue Fujiumums and blue ribbon.

The bride's table was laid with white linen and centered with a three-tiered wedding cake topped with a pair of white doves and wedding bells. Twin candelabra holding candles in three shades of blue flanked the wedding cake. Crystal appointments were used in serving wedding cake and punch, with Miss Gail Givens and Delinda King assisting in hospitalities.

Terry Alexander and Dennis Bush served the groom's cake, coffee, nuts, mints and spiced punch from a silver service.

For a short wedding to New Mexico, the bride wore a navy blue linen sheath, sleeveless, topped by a full-length navy coat, with white accessories. She lifted a lily corsage from the Bible given to her by her father.

Special guests at the wedding were Mrs. Mary Ray of Monroe, Louisiana, grandmother of the bride; Mr. and Mrs. G.W. Alexander of Haskell, grandparents of the bride; Mr. and Mrs. Lee Brown of Haskell, uncle and aunt of the bride; Mr. and Mrs. Herschel Alexander and Terry, of Munday, uncle and aunt of the

Mrs. Gwyn Introduces 'Mandate For Missions'

Dorcas and Esther Circles of United Methodist Church met jointly Tuesday morning in the parlor where they heard Mrs. Byron Gwyn introduce the new study for this quarter, "Mandate For Missions".

Mrs. David Anderson read John 14: 7-14 and Mrs. J.E. McVicker read a hymn applicable to the study topic.

Mrs. Gwyn attended the annual School of Missions at McMurray College last summer, so used materials and ideas advanced at the School for this particular study. Members responded with lively discussion.

Committees were set up for future programs. A drama presentation is planned, a committee to study the

Neighborly Cake

Never underestimate the pulling power of a freshly baked cake! The fragrant signals it sends through a window will inspire your neighbor to drop by for an impromptu visit.

Buttermilk Cake, for instance, has a unique flavor and unusually good texture because it's made from Swans Down Cake Flour and buttermilk.

Buttermilk Cake

- 1/2 cups sifted cake flour
- 1/2 teaspoons double-acting baking powder
- 1/2 teaspoon baking soda
- 1 teaspoon salt
- 3/4 cups sugar
- 3/4 cup butter or margarine (at room temperature)
- 3/4 cup buttermilk or sour milk
- 1 teaspoon vanilla
- 3 eggs

*Or use vegetable shortening and increase buttermilk to 1 cup. Sift flour with baking powder, soda, salt, and sugar. Stir butter to soften. Add flour mixture, buttermilk, and vanilla; mix until all flour is dampened; then beat 2 minutes at medium, speed of electric mixer, or 300 vigorous strokes by hand, scraping side of bowl occasionally. Add eggs and beat 1 minute longer with electric mixer, or 150 vigorous strokes by hand.

Pour batter into two 9-inch layer pans which have been lined on bottoms with paper. Bake at 350° for 30 to 35 minutes, or until cake tester inserted into center comes out clean. Cool 10 minutes; then remove from pans and peel off paper. Cool thoroughly on racks. Fill and frost as desired.

Food Shopper Values Listed

COLLEGE STATION, — Are you an efficient food shopper? Most homemakers can improve their shopping efficiency by making a list before going to the store.

Gwendolyn Clyatt, Extension consumer marketing specialist, lists some good food values for your week-end shopping.

Prices on most pork cuts are higher than the past few weeks. Best values, generally, include Boston butt roasts, end-cut loin chops, shoulder steaks and ham portions.

Other items to look for include fresh picnics and country style ribs. Bacon especially in the two pound quantity, roll sausage and link sausage will be featured in some markets.

In the beef department, chuck cuts are often featured but prices have increased from the low level of the past few weeks. Even though a little more expensive, these cuts offer good meat values.

Corned beef, round and rib steaks, and standing rib roasts are other best items to look for.

Prices on fresh green cabbage are a bit lower this week. Carrots, red and russet potatoes, dry onions collards, mustard greens and turnip tops are among the economi-

HER SAILOR SHUNS LETTER WRITING

Dear Amy: My boyfriend is in the navy, and I get a letter from him every two weeks. We are engaged to be married. What can I do to make him write more? I want to hear from him. I write every day.

A Worried Girlfriend

Dear Worried: I don't know where your fiancé is stationed, how long sail takes to travel from where he is nor how busy the navy keeps him, but you cannot get him to write more often unless he wants to. Maybe he doesn't enjoy writing as much as you do.

Dear Amy: I'm writing to you with a kind of special problem. Mine is life! I'm all mixed up. I don't know where I'm going or why I have to live. I lead a very normal life — a little wild for my age, but that's not too unusual. I'm not a pessimist by any means but I don't feel that anything in my life makes me an individual. I'm just a face in a crowd going along with the others.

To you I might sound like a real nut, but I don't know what I want. I keep reaching out but no one takes my hand and I keep doing the same thing in school all day long, and at home, and while out with both boys and girls. I'm sick of living, Amy. Really!

I'm passing everything in school but I keep asking, "Where am I going?" To college? I want to live yet I don't want to get loose and I want to be free but yet I am afraid I want to go away, far away, but then what? I can't stand to live anymore but I am not insane enough to kill myself. I am afraid to die but I am sick of the same old things happening all the time. I won't run away because there will still be life no matter where I am.

Please help! I am lost and bored and scared. I want to fill my dreams. I am by nature a dreamer and a talker but it seems that whenever I say anything, I bring myself closer to reality which makes me sad because my dreams are shattered. I want to come and go like the wind. I want to live!

Do you call this boring situation? Maybe I need a psychiatrist for such an impossible phase

Dear Amy: There is this woman who lives close to me. She and her husband were separated for several years. He married another woman. He then left her and now he is living with his ex-wife and their four children. He doesn't have a divorce from his second wife.

What do you think should be done with parents like this?

Troubled Neighbor

Dear Neighbor: Your concern for the children is understandable, but what these people want to do about their situation is their business... and since neighbors rarely know all the facts, the best thing you can do is to butt out.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

AUSTIN, Tex.--Gov. Preston Smith's first-state tax program fared unexpectedly well in its initial legislative test.

Anguished cries were raised at a House Revenue and Tax Committee hearing by beer, cigarette, coin-operated laundry and cable television interests at sections of a \$175 million revenue bill directly affecting them.

Of the four, however, the coin laundries appeared to make the most impression on the Committee.

Surprisingly, not a witness appeared against Smith's proposal, contained in separate bill, to place a \$10 state sur-tax on moving traffic violations. He estimated that would raise \$38.5 million.

Also, it was a surprise that regular laundry, cleaning, dyeing, parking, repair and machinery rental concerns remained silent. This since they, too, would undergo the three percent state sales tax if Smith has his way. Naturally, this may or may not indicate consent. Extending the sales tax to include them would raise an additional \$57.8 million during the next two years.

Cigarette distributors claimed that the \$71 million bite they would suffer, if the per-pack tax is raised another four cents to a total of 15 cents, would drive away smokers and might result in a loss of state revenue. They also claimed that Smith's \$6

million tax addition of cigars and other tobacco products would lower consumption and virtually kill the Texas cigar business.

Beer industry spokesmen centered their attack on the fact that they already pay \$4.30 a barrel in state taxes, which is far more than most big beer-producing states charge.

Coin laundries argued they had no way to collect a sales tax in their washing machines' nickel, dime and quarter slots and therefore would have to have their machines revamped, at great cost, to take in pennies.

Cable TV spokesmen made no impression at all with their argument of discrimination.

Smith's proposed one half of one percent chemical products tax is expected to draw heavy fire from that industry in an April 16 hearing.

Floor vote on the tax bill is expected to be delayed about three weeks.

WELFARE DEMANDS GROW--Texans will be asked again -- and again and again, if necessary--to increase or do away with the constitutional ceiling on state public - assistance grants to the needy, commonly called "welfare".

And their'll get their chance sooner than they think. Speaker Gus Mutschler and Lt. Gov. Ben Barnes have agreed to ask the Legislature to call a special election for Aug. 5 to vote on at least five proposed con-

stitutional amendments... and possibly eight.

In addition to expressing their views on increasing welfare funds, voters would give their views on providing death and disability benefits to volunteer firemen; the 3.5 billion Texas Water Plan; removing the constitutional interest - rate maximum on five types of bonds; and authorizing \$200 million more in bonds to finance the Texas Opportunity Plan of college-student loans.

Prime emergency is in the "welfare" situation. Texas program of minimal assistance to families with independent children is growing thinner and thinner because of increases in the number of families applying.

These increases are due to court decisions broadening the program; a Medicaid requirement that applicants for that program be on welfare; and poverty workers informing poor people of their right to AFDC.

In September, the Department of Public Welfare had to cut maximum grants for a family with four or more dependent children from \$135 a month to \$123. Another cut scheduled for May will reduce the benefits paid 8,243 families and will eliminate from the program another 2,470.

In 1967, the Legislature proposed raising the ceiling from \$60 million to \$75 million, but the voters defeated the proposition.

CONSTITUTIONAL AMENDMENTS COST -- An argument often offered by a legislator trying to defeat a proposed constitutional amendment is the "high cost" of advertising it to enlighten voters.

According to records in the office of the Secretary of State, the total cost of advertising 14 constitutional amendments proposed to Texas voters on the 1968 general election ballot in 24 newspapers was \$247,346. That averages out at only \$17,667 per amendment, or \$72.70 per newspaper.

LEGISLATIVE PROGRESS-- Legislative pace slowed last week as lawmakers devoted Monday to eulogizing the late President Eisenhower, and took off at midweek for an Easter holiday.

Highlight of the week was final passage of the \$3.5 billion water revenue bond constitutional amendment which will go on the state-

wide election ballot August 5 along with several other proposals.

House also approved a resolution for an August vote on removing obsolete provisions from the State's constitution. Later representatives passed a bill to create a University of Texas at Dallas.

Senate again took the work-load prize. Among the 45 bills it passed in a single day was a controversial measure to restore union bargaining rights of city bus company employees when taken under municipal control. Senate also advanced key measures to implement water development plans, voted to raise retirement benefits of elective state officials 50 percent and provided procedures for prosecution of corporations as water-air polluters.

Governor Smith signed into law numerous measures, including state aid for relocating property owners displaced by highway right-of-way buying, expanding home-state tuition benefits for dependents of military personnel and establishing a separate commission for vocational rehabilitation services.

Senate education committee approved a \$220 million teacher pay raise bill. But the same measure was deflected to a House education sub-committee after hearings which drew the largest attendance of session.

APPOINTMENTS -- Dewitt C. Greer, who retired last year as chief highway engineer and was appointed to the Texas Highway Commission by Governor Smith, has been named chairman.

Mrs. Anne B. Marley of Austin is Texas' new poet laureate. Mrs. Robby Koons Mitchell will take over the job next year.

Joe Burkett Jr. of Kerrville took the oath of office as a member of the Liquor Control Board.

E.G. Schuhart of Dalhart has been designated a member of Texas Agriculture Stabilization and Conservation Service Committee.

Smith named 43 to membership on Interstate Oil Compact Commission Committees and announced creation of a 12-member Governor's Advisory Council on Lifetime Sports. Latter will promote such sports as tennis, badminton, archery, golf and bowling.

SULPHUR, PIPELINES EYED -- In one-two order, the Legislature passed two significant mineral bills. One would authorize Land Commissioner Jerry Sadler to order unitization agreements in the sulphur development in West Texas. School Land Board would have to approve the agreements if they involve royalty interests on school or other public lands.

Another gives the Railroad Commission power to enforce minimum safety standards for all natural-gas pipelines in Texas not controlled by the Federal Power Commission. Thirty-three other states have similar programs.

COURTS SPEAK-- Court of Criminal Appeals upheld use by police of a "reverse polarization trap" device for tracing obscene telephone calls in a Jefferson County case. A one year jail sentence and a \$1,000 fine were affirmed.

Supreme Court, overturning lower courts, awarded \$70,000 and interest to the City of Fort Worth in a suit against a former land agent and title company. Agent was accused of getting city clearance of a price to be paid for land purchased, then settling with the seller for a lesser amount and pocketing the difference.

Supreme Court set an April 23 hearing on a case in which a woman claimed injuries from falling backward over a power lawn mower in a department store.

AG OPINIONS-- Atty. Gen. Crawford C. Martin refused to reconsider his earlier opinion holding no income from leasing of state-owned submerged land can be diverted to current school spending. Reps. Ben Atwell of Dallas and Don Cavness of Austin asked him to change his mind.

Martin held that Texas A. & L. University of Kingsville can establish upper-division (junior - senior) facilities in Laredo without special legislation. Department of Public Safety has announced that it is expanding its tow - machine helicopter force to seven, with some help from a federal law - enforcement grant.

These five new 'copters will be based in the Lubbock, Dallas and Austin areas and will be used for all types of law-enforcement activity, including mercy missions, traffic surveys, riot control and normal pursuit of accused felons.

PARK DEVELOPMENT -- Texas Parks and Wildlife Department signed a sales contract to buy an additional 892 acres for Dinosaur Valley State Park, west of Glen Rose in Somervell County.

Purchase will bring the park to 1,274 acres. Total cost is \$281,925. Park will be the first site purchased with funds from the \$75 million park bond issue approved by voters in November of 1967.

Dinosaur tracks made in the area 100 million years ago and fossil evidence of life on earth as far back as the Cretaceous period are contained in the area. Na-

JAYCEE EASTER EGG HUNT--Between 600 and 700 youngsters flocked to the annual Jaycee Easter Egg Hunt Saturday afternoon. According to Clarence Christian, Jaycee president, the hunt was a huge success and lasted a total of one minute and 20 seconds.

Front to rear: Kingswood Estate Wagon, Concours Station Wagon, Sportvan and Suburban.

No other wagons have such a capacity for enjoyment.

Show you what we mean. Say you're in a Chevrolet Kingswood or Concours Walk-In Wagon, when suddenly the road becomes nothing but chuckholes and ruts. Only you can't tell it's rough. You see, Chevy wagons float along on computer-selected coil springs that smooth even the meanest road.

Maybe you're a bit more serious about the great outdoors. So are we. That's why we offer the Chevy Sportvan and Suburban. To an outdoorsman, they're like clear skies and no mosquitoes.

So before you head out to see the U.S.A., better stop by your Chevrolet dealer's.

JOHNSONGRASS MAKES GOOD HAY AND GRAZING - It will often prove more profitable to encourage rather than fight Johnsongrass in a hay crop or pasture. Neal Pratt, Extension agronomist, says the costs of herbicides to control the grass are usually much more than would costs for fertilizer to really push it along for maximum production. When baled at the proper growth stage and kept grazed down, its nutrient value is comparable to many of the cultivated grasses and livestock can utilize it as well, Pratt said. But, he adds, keep it under control and out of cultivated row crops.

STADIUM RENAMED
 The District of Columbia stadium has been renamed the "Robert F. Kennedy Memorial Stadium" the out-going Secretary of the Interior Stewart L. Udall announced recently.

MAVERICK - newest breed from the Ford Division corral - goes on sale in America's Ford dealerships on Thursday, April 17. Seating a family of four and offering economy of purchase and operation, it is aimed at boosting Ford sales in the booming small car market and serving the needs of buyers who formerly went to imports.

Maverick Introduced By Muleshoe Motor

Muleshoe Motor Co. at the Crossroads in Muleshoe will introduce the long heralded 1970 Maverick, new small car from Ford Division, on Thursday, April 17. This \$1,995 car is a two-

three-speed manual, the three-speed automatic with an optional shift-for-yourself feature, and for the first time, a new semi-automatic transmission. Cheaper than the automatic and clutchless, it permits a change of gears with a single movement of the hand lever. "Maverick will live up to its name in being a unique, independent kind of car," said Robert Hooten of Muleshoe Motor Co. "It's bigger and roomier than the imports, but quicker and lighter than the American compacts. Even some of the color names carry out the car's individualistic character -- Thanks Vermillion, Hulla Blue, Freudian Gilt, Anti-Establish Mint and Original Cinnamon."

door sedan of modified fast-back design with a hint of an air spoiler or "duck-tail" at the rear. Designed to carry a family of four with adequate luggage, it is powered by a six-cylinder engine in either of two sizes, 170 or 200 cubic inch displacement. In normal city-suburban driving, Maverick can be expected to deliver 22 1/2 miles per gallon of gasoline.

John Naughton, Ford Motor Company vice president and Ford Division general manager, calls Maverick "the greatest automotive value ever offered in terms of price, upkeep and features included at no extra cost." Planned to be economical in purchase price, operating cost and maintenance, Maverick offers a longer, lower, wider body than the principal import, yet turns in a tighter radius for easy handling and parking. Transmission choice includes the fully synchronized People who worry about the "next war" might give a few thoughts to driving carefully.

News of Our Servicemen

Bobby Vaughn

NOB NOSTER, Mo.-- Senior Master Sergeant Bobby R. Vaughn, son of Mrs. L.E. Vaughn of Amherst, has received his second award of the US Air Force Commendation Medal at Whiteman AFB, Mo.

Sergeant Vaughn, a vehicle maintenance superintendent was decorated for

meritorious service at Osan AB, Korea. He is now on duty at Whiteman, with a unit of the Strategic Air Command.

The sergeant is a graduate of Amherst High School. His wife, Genne, is the daughter of Mr. and Mrs. C.V. Redmon of 1115 E. Twentieth, Greeley, Colo.

Thomas Sherley

NEW ORLEANS--Thomas B. Sherley, son of Mr. and Mrs. Thomas A. Sherley of 1204 W. Fifth St., Friona was among outstanding Air Force Reserve Officers Training Corps cadets who attended the 21st National Arnold Air Society (AAS) Conclave just concluded in New Orleans.

The cadets represented their school squadrons of the honorary military society that was named for the late General of the Air Force Henry "Hap" Arnold. More than 2,000 cadets from 175 colleges and universities met to discuss the AAS program for the coming year and to hear addresses by top level aerospace leaders.

Cadet Sherley is a member of the class of 1970 at Texas Technological College.

W.W. Schraag

SAN ANTONIO -- Staff Sergeant William W. Schraag of 1102 N. Franklin, Junction City, Kan., has received the US Air Force Commendation Medal at Lackland AFB, for meritorious service.

Sergeant Schraag, a maternal specialist, was cited for his outstanding performance while assigned at Cam Ranh Bay AB, Vietnam. He was presented the medal during ceremonies at Lackland where he now serves with a unit of the Air Training Wing.

The sergeant attended Junction City High School and completed requirements for his diploma after entering the Air Force.

His wife, Teresa, is the daughter of Lawrence H. Birkenfield of Nazereth. Sergeant Schraag is the son of Mr. and Mrs. Leonard S. Schraag.

BASEBALL

BY PETE FRITCHIE

Clearwater, Fla.--On one of the last days of spring training Mickey Lolich took the mound against the Philadelphia Phillies in Jack Russell Stadium here. On the mound for the Phillies was a tall, hard-throwing Phillie named Rick Wise. Lolich didn't pitch badly but he wasn't in top form. But the Phillies couldn't get any runs from him, it seemed. Wise pitched well but Detroit nibbled away and scored a few cheap ones. Wise kept bearing down and when he left the game after five or six frames the Phillies were back in it. They eventually won it in the ninth.

Three regulars on the Philadelphia team were hurt in the game, among them that money slugger Johnny Callison. And this made one appraise the Phils. They are a good club and should do better than the 51-60 average Bob Skinner managed in 1968, if they escape serious injuries to such stars as Richie Allen (sometimes a problem in the past).

Detroit's most eminent player has never been a problem for managers. I saw him make two throws this spring which explain his high ranking by fellow ballplayers everywhere.

At Lakeland one day in a game against the Yankees (won by New York 7-2) the wind was blowing really hard to right where number 6 was on patrol. There was a runner on third and a good fly ball went deep to left. Kaline was back almost to the track. When he made the catch the runner tagged up and sped for home. He slid in safely as the ball arrived, still with sizzle, from deep right, against the wind! An average runner would have been out.

Several days later Al cut down a Red Sox runner on a similar play, against a lesser wind. That great arm is still there, to complement the hitting eye and fielding prowess.

ON CAPITAL CRIME

President Nixon's top advisors on crime in the capital have drafted proposals which include the hiring of about 1,000 policemen to crack down on criminals in the capital. The President's aim is to make the streets safe to walk after dark.
