Biggest, Best July 4th Ever Planned

Sidewalk Sale Has Bargains Galore

Independence Day

July Fourth, the anniversary of the historic Declaration of Independence, will be observed in every American state. There will be speeches, programs and various celebrations as the men and women of today eulogize the great event.

The adoption of a resolution authored by five members of the Continental Congress, July 4, 1776, is one of the great days of democratic civilization and history.

The resolution was authored by Thomas Jefferson, chairman, John Adams, Benjamin Franklin, Roger Sherman and Roger Livingston. Adoption of the resolution, dissolving ties between England and the American colonies, required courage and faith.

Today, however, the historic Fourth has become identified as a day of leisure, marked by deaths, accidents, games and amusement.

We doubt if many readers of this editorial have recently read the words of the Declaration. We recommend that citizens take time out, on the busy day, and carefully consider the truths that Mr. Jefferson so ably expressed.

Shopper Specials Offered

When shoppers come to Muleshoe today (Thursday) for the big annual sidewalk sale, they will find such bargains as fabrics for 19 cents a yard; ball point pens, two cents, shoes, values to \$10 for 87 cents and others.

The sale will be held from noon to 6 p.m. on the streets of downtown Muleshoe and at Gibson's. Bargains and shopper's delights will be waiting for the enterprising person or persons who hunt out all the bargains. Today's Journal has numerous ads from merchants who are participating in the sale.

BULLETIN

Tony Marcus Jr., son of Mr. and Mrs. Tony Marcus Sr. was struck by an automobile in Earth at approximately 8:30 p.m. Tuesday.

The youngster was brought to West Plains Memorial Hospital in Muleshoe by private car for emergency treatment and transferred to Lubbock Methodist Hospital by Singleton Ambulance.

He was pronounced dead on arrival at the Lubbock hospital by Judge F.H. Bolin, Lubbock Justice of the Peace, at 10:40 p.m.

Services for Tony Marcus Jr. are pending at Parsons-Ellis-Singleton Funeral Home in Earth.

COME ONE, COME ALL--Typical scene from last year's Sidewalk Sale was this crowd scene chosen at random. The sale was well attended all afternoon. This year's sale is underway and will last from noon to 6 p.m. in downtown Muleshoe. Many items of merchandise will be put on sale at 'old-time' prices.

Bryant and Altman Share 'Miss' Honors

Vivacious Treena Bryant, daughter of Mr. and Mrs. Don Bryant, was named Miss Muleshoe for 1969-70 at the annual Jaycee Miss Muleshoe Pageant Friday night. The pageant was held at Muleshoe High School auditorium.

First runner-up was Maralyn Lewis and second runner-up was Deborah Williams. The new Miss Muleshoe performed a tenor sax solo for her talent in the contest and drew a tremendous round of applause from an appreciative audience following her performance. She was sponsored by Poyner's White Auto Stores.

Maralyn did a most unusual sign language hand interpretation of a song. Her movements coincided with the words of the song, "What the World Needs is Love." Maralyn was sponsored by Tri-County Savings and Loan.

Sox Champs All-Stars Are Named

Mike Bland pitched the Sox to a 4-3 win over Lazbuddie to take the Little League Championship in Muleshoe Monday night. Losing a heartbreaking game was pitcher Larry Richardson for the Lazbuddie team. Jim Lawson, son of Mr. and Mrs. Warner Lawson, sneaked home on a squeaker to win the game for the Sox.

Little League All-Stars and the teams they played on are as follows: Jack Barber, Cardinals; Mike Bland, Sox; Gene Bray, Sox; Danny Clark, Lazbuddie; Dusty Davis, Colts; Gary Don Gartin, Mustangs; Gary Parker, Cubs; Marshall Pool, Cubs; Hector Posado, Lions; Larry Richardson, Lazbuddie; Kim Smith, Colts; David Stovall, Cardinals; Gary White, Lions; Jimmy Don Wisian, Mustangs and alternate from the Builders is Victor Lopez.

Manager and coach for the team are James Robinson and Cleve Bland.

Deborah's talent was a piano solo in which she presented a flawless performance. Ready Mix Concrete sponsored Deborah.

Mitzi Altman, daughter of Mr. and Mrs. Wayland Altman of the Baileyboro community, was named Little Miss Muleshoe. The three judges had a hard decision to make naming Little Miss as all 12 contestants were pretty little misses.

Don Nelson, co-publisher of the Castro County News; Keith Inghram, KICA News coordinator and Sherry Rush, Plainview Jaycee-ette president, were the out-of-town judges for both the Miss Muleshoe and the Little Miss Muleshoe contests. No judges ever had harder decisions to make as the three who had to name Little Miss from 12 contestants and Miss Muleshoe from 13 contestants.

Maralyn Lewis was also presented the plaque as 'Miss Congeniality' as chosen by her fellow contestants. Other Miss Muleshoe contestants who vied for the title amid a backdrop of twinkling stars on a midnight black background and swinging worlds and planets were Cynthia Harris, sponsored by Farmer's Spraying Service; Gayetta Gable, sponsored by Harvey Bass; Tanya Cherry, sponsored by First National Bank; Becky Sain sponsored by Plains Auto Parts; Pamela Morphis, sponsored by Muleshoe State Bank; Karen St. Clair, sponsored by St. Clair's Department Store; Lana Moore, sponsored by Muleshoe Motor Co.; Ann Douglass, sponsored by Cobb's Department Store; Kathy Darsey, sponsored by Jerry's Tire Co. and Debi Rogers, sponsored by Decorator 216.

Other contestants for Little Miss Muleshoe included Kristie Kay White; Janette Marie Preston; April Green; Tonya Rae Howard; Tyree' Wagon Michelle Agee; Shelly Lynn Macha; Jacinda Lynn Gleason; Tena Middlebrooks; Delia Jean Shaw and Keva Gayle Roming. The entire Jaycee and Jaycee-ette organizations worked continuously to make the Miss Muleshoe Pageant for 1969-70 Cont. on Page 6, Col. 7

Sheriff's Posse Gives Challenge

New Events Include Archery, Square Dancing, Plane Show

A challenged annual race will provide a proper kick-off for the big July 4th Celebration in Muleshoe. Last year, the first Pony Express Relay Ride was made from Needmore to Muleshoe. Utilizing riders spaced approximately one-half mile apart the race was completed in 32 minutes.

This year, the Needmore Outsiders were challenged by the Cochran County Sheriff's Posse. So...when the race begins at 8 a.m. Friday morning, the Needmore riders will be racing down the east side of Highway 214 and the Sheriff's Posse riders will compete with them down the west side of the highway.

More than 30 riders are expected to take part in the ride which will be completed at the south city limits of Muleshoe, when Mayor W.B. LeVeque will receive a letter carried by the rider who finishes first. From that point, all the riders will meet at the Jaycee Ride-in Breakfast to begin a big day.

Coordinators for the Needmore ride are Lester Howard, Leon Warren and Billy Wayne Marlow while Vernon Jamison is heading the Cochran County Sheriff's Posse riders.

The Jaycee breakfast will begin at 7 a.m. at the south end of the football field and will conclude at approximately 9 a.m.

Next item will be a model airplane display at the Muleshoe Airport at 10 a.m. Displays will be from Levelland and possibly Lubbock on radio controlled planes, including dog-fights, flight formations and other radio controlled displays.

At 1 p.m. an old-fashioned muleshoe pitching contest will be held immediately behind Jim's Pay and Save Grocery. Everyone is invited to participate in the contest.

Bailey County and area old settlers will meet at the Fellowship Hall of First Methodist Church at 2 p.m. for their annual reunion, Entertainment, refreshments, prizes and visiting will highlight the afternoon for the next two hours to 4 Cont. on Page 6, Col. 1

Sturdy Wheat's Sister, Caprock, Available

COLLEGE STATION,--Caprock, the second semi-dwarf or "shorty" wheat developed by Texas A&M University plant

breeders, will be available to Texas growers after the 1969 harvest.

TAMU's Sturdy wheat, the first hard red winter variety with short stature, was released to growers in 1966. Dr. I.M. Atkins, Small Grains Section Leader at A&M said more than 200,000 acres of Sturdy are already being grown in Texas and Oklahoma.

Caprock and Sturdy, along with many other high yielding, high quality varieties, were developed in the Texas Agricultural Experiment Station wheat research program, Atkins said. Among these are Tascosa, Cado, Crockett, Quana and Milam, giving growers adapted varieties for all sections of the state. Tascosa alone is now grown on more than 1 million

Texas acres.

Caprock and Sturdy are sister strains developed by TAMU Plant Breeders Atkins, Dr. K.B. Porter, K.A. Lahr and Dr. O.G. Merkle in cooperation with the U.S. Department of Agriculture. The varieties were produced from a cross made by Atkins in 1951. Subsequent breeding and selection were done at Denton, Chillicothe and Bushland.

"Development of a new wheat variety often takes 12 to 15 years to test and release," Atkins pointed out.

He said Caprock is best adapted to irrigated areas of the Texas High Plains, where it has out-yielded Sturdy by about 10 bushels per acre and weighed a half pound higher in test weight. Both do equally well

in the Rolling Plains, but Sturdy yields better in Central Texas.

Plant characters are nearly identical in Caprock and Sturdy. Both have short, strong straw which will stand under heavy grain loads. Many of the head spikelets have three or four grains per spikelet or "mesh."

Plants of the varieties average about 6 to 10 inches shorter than tall wheat types previously grown.

In large scale plantings last year, two fields of Sturdy made 78 bushels per acre, Atkins said. Eight fields, totalling 604 acres, produced more than 60 bushels per acre, and one 300-acre field, 69 bushels an acre. "When we fully learn how to sew these new wheats, we may

be able to produce 100 bushels per acre under some conditions," the agronomist said. Studies by Pat A. Rich at the Texas A&M University Agricultural Research Station at Denton show that shorty wheats like Sturdy and Caprock use fertilizer more efficiently than do tall wheats. Plant food elements are used to produce grain instead of straw.

Excessive straw, Atkins explained, is sometimes a disposal problem in preparation for the next crop.

Crop management studies at the Texas Research Foundation near Renner also have shown that TAMU's Sturdy produces top wheat yields.

Caprock and Sturdy are suitable for production of bakery flour. Sturdy was approved by the Crop Quality Council after testing in 25-bushel seed lots.

Tech Museum Prepares Special Exhibit

"You've Come a Long Way, Lady", a special exhibit prepared by the Historical Costumes and Collections Committee of the Women's Council of the West Texas Museum Association, opens Sunday, July 6 in the Museum art gallery.

Fashionable feminine attire for special occasions, as reflected through the past one hundred years, is the theme of the show.

From the "nice" dress of crinoline, hoops and many petticoats, for wear to church in the 1860's, the fashion parade takes viewers through the decades to the "roaring twenties", when the flapper in her boyish figure defied traditional concepts of elegance and skirts were short.

Each mannequin is posed by a larger-than-life drawing of the modern counterpart of the fashion. In 1909, when new fashions were introduced as the sport of motoring became popular, linen dusters worn over dresses, and hats tied on with long veils were de rigueur. This contrasts with a drawing of a 1969 "mod" model in crash helmet and boots, posed by her motorcycle.

The background drawings were executed by Mrs. Hoyse McMurry of Lubbock, a member of the Women's Council. Party clothes, a tennis costume, a ball gown, the hobble skirt, and the "Gibson Girl" look are all included in the exhibit. Side-saddle riding skirts of the 1898 era were always worn with hat and gloves. The "bathing dress" seems ludicrous contrasted with today's bikini.

The exhibit will be open to the public from 9 a.m. - 5 p.m. daily, and 2-5 p.m. on Sundays, through July and August.

Mrs. H. Earl Archer is chairman of the committee, and Mrs. Robert E. Martin is vice chairman. Costume consultant is Miss Mabel Erwin.

Mrs. C. Paul Mills, assistant curator of collections, coordinated the exhibit. Miss Pat Allgood designed the graphics.

Adults who fail to take care of their children are the ones who complain later that the young people have little respect for their elders.

James C. Turner

James Turner Celebrates Ninety Six Years

The ninety-sixth birthday of James C. Turner was celebrated June 8 with a backyard supper at the home of his son, Doyle Turner, on the Plainview Highway.

All of Turner's seven children were present. They are Arthur Turner of Grand Falls; Neff Turner, Mrs. J.R. Robinson, Mrs. J.A. Bruce and J.C. Turner, Jr., all of Abernathy; and Bill and Doyle Turner of Muleshoe. About forty other relatives were present from Lubbock, Abernathy, New Deal, Morton, Friona and Muleshoe. Turner has 25 grandchildren, 55 great grandchildren and five great great grandchildren.

A resident of Amherst Manor nursing home the past year and a half, Turner lived most of the time since 1920 at Abernathy where he moved from Brown County.

Back in the early 20's Turner established a country grocery at Countyline, West of Abernathy, and later had a grocery in Abernathy until he retired in 1945.

Turner is said to be 'A very happy man', contented with his present home at Amherst Manor, which family members attribute to the good nursing care given. He was particularly happy to display a congratulatory letter on his birthday

Old Settler's Committee Named

The Old Settler's Reunion to be held the afternoon of the Fourth in Fellowship Hall of United Methodist Church is expected to draw a large crowd. The meeting, beginning at two o'clock is not limited to those eligible to membership, since it is thought many people who have not lived here the required twenty-five years will enjoy visiting with old friends.

Mrs. Robert Hooten heads the hospitality committee, which will be in charge of welcoming the guests and members, and attaching name tags.

Working with her will be Mrs. C.E. Moore, Mrs. D.B. Head, Mrs. Calvin Embry, Mrs. J.A. Nickels, Mrs. Thurlo Branscum, Mrs. Kline Burman, Mrs. Harold Mardis, Mrs. Frank Hinson and Mrs. Zed Robinson, all of whom will be assisting with name tags.

Welcoming the guests will be Arnold Morris, Mervin Wilterding, Zed Robinson and Frank Snyder.

Other committees are Program, headed by Mrs. Pat Bobo and Mrs. Mervin Wilterding; Refreshments, Mrs. Ty Young and Mrs. Frank Snyder; and Publicity, Cecil Davis. Jack Young is general chairman.

from Governor Preston Smith. Although his sight and hearing are slightly impaired now, Turner is said to be exceptionally alert and lived alone until he entered Amherst Manor. When asked how he feels, he replies, "Great - I feel better every week."

Muleshoe Folk Travel

To 'the people who ask, "Is there really a town named Muleshoe?" and similar expressions of disbelief, one could point out that there is such a town and its citizens are world travelers, a surprising number of them.

During the summer of 1969 there is the Journal's own Liz Barnett now whizzing around the world in company with her son and wife, the Richard Barnetts; there is Elaine and Dana Damon, in company with an aunt and a nephew, touring Europe; there is Lyna Pitts of the Pleasant Valley community who is

spending the summer visiting a college roommate in London, England; there are Sallye and Frank Ellis who are in Japan and Hong Kong for three weeks (who report they are enjoying the "nice sights, smells and tastes" of Hong Kong and the cute Chinese girls on the sightseeing tours, also enjoying the people on the tour); there is Joyce Adams who is touring England and Europe with a group of TCU students; and Lillian (Mrs. M.C. Jr.) Street, who is in England visiting her family after living here 22 years; and now we hear that Matilda Slemmons and Mary Swatman are planning a fall trip to Europe.

Even if Muleshoe is bustin' wide open for the Fourth, doesn't that just make one want to go somewhere, anywhere?

When one has a wide expanse of lawn, in back or out in front of the house, and rich soil, then growing flowers and vegetables is not so tricky...but when the plot ground is about the size of a kingsize bed and the soil is chalky and starved, and the wind blows through from an unpaved alley, and you find flowers too numerous to name blooming furiously... there just must be that other element, T.L.C., added.....

Applied to children, TLC means Tender Loving Care, and is an important element..... and it must be, too, for plants of every kind.

Using magazine articles and newspaper columns on growing flowers, Mrs. Harlin takes advantage of specialists knowledge to increase her own. One might say, she takes advantage, too, of the limited space available to make a spot of beauty.

She sticks a tomato plant or two here and there where the sunshine will be right, and accepts gifts from friends of

son-in-law, Mr. and Mrs. Tom Sarguine and to Canyon City, Colorado Monday, returning to Muleshoe the following day.

Mr. and Mrs. Mervin Wilterding and Mr. and Mrs. D.B. Head left June 20 for Lincoln, Nebraska where they attended a Barnhill family reunion June 22. Mrs. Head and Wilterding are brother and sister and Mrs. Wilterding and Head also brother and sister. Mrs. Barnhill was the maiden name of the mother of Mrs. Head and Wilterding.

From Lincoln the two couples drove to the Black Hills of South Dakota and from there to Keystone, Wyoming and on to Spearfish, Wyoming to witness the annual production of the Passion Play in the amphitheater there.

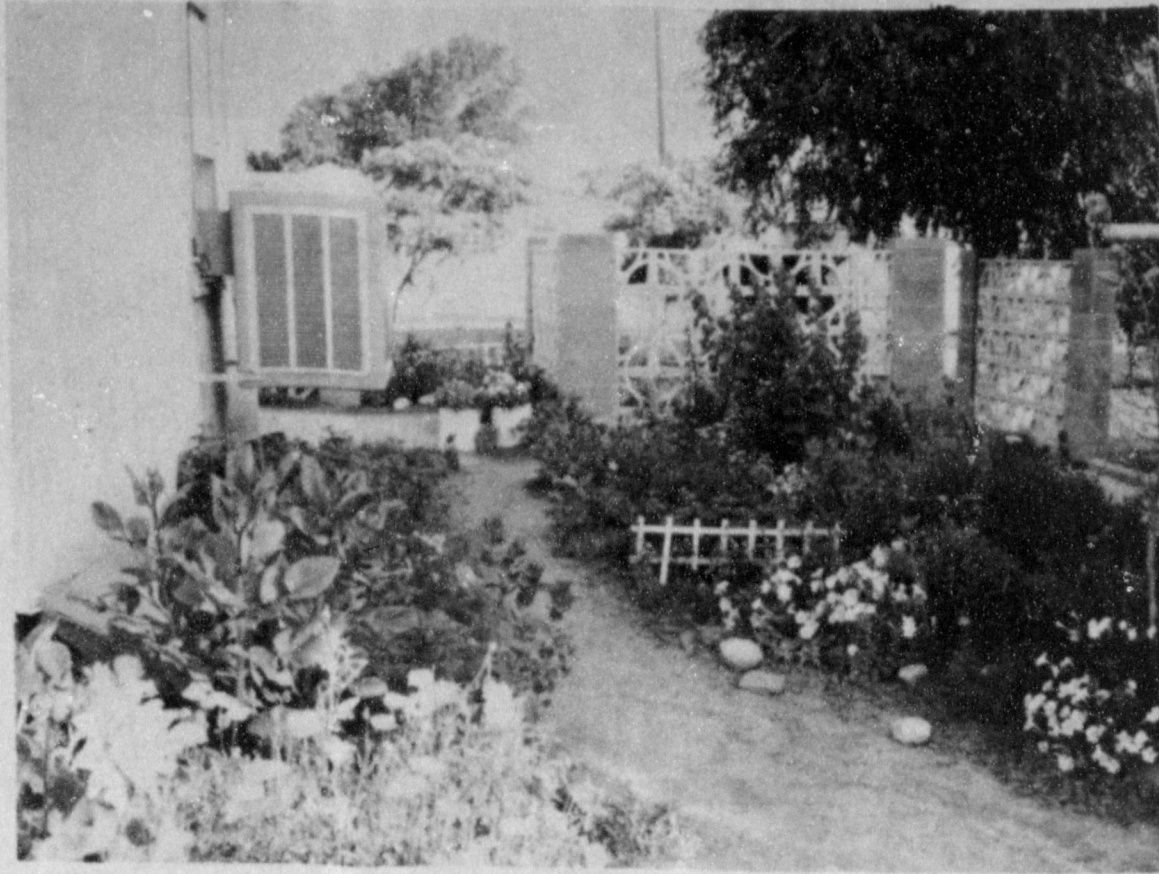

They drove then to Boulder, Colorado where they visited the Wilterding's daughter and

back, located four miles east of Needmore, has been in existence since 1920, at least, Mrs. Berry states. She says the Berry family moved there in 1925. There is a gin, owned by Raymond Gage; a grocery and a blacksmith shop, owned by Mrs. E.K. Smart, and a 'very pretty' Baptist Church. Until recently a fourth class post office was operated out of the grocery store but it was closed by order of the post office department when all other fourth class post offices ceased to operate.

Mrs. Harlin's Flower Garden

Mrs. Bonnie Harlin, a widow, moved four years ago into the first apartment Dr. W.F. Birdsong built in his complex and said she asked Dr. Birdsong 'if he minded' before she planted anything and was told that he would be pleased with anything she wanted to do.

Outlining a fence placed against the alley to hide an undesirable view and surrounding a small patio, or filling the two foot wide beds along the edge of a garage are an endless variety of flowers... several kinds of succulents (from Los Alamos, N.M.), snapdragons, petunias, yucca and a number of cacti, nasturtiums, marigolds, dahlias, California poppies, gladioli, summer chrysanthemums and others for fall blooming, perennial phlox, bachelor buttons, zinnias, verbena, pansies, lilies (Regal, day lilies and tiger) red hot poker, rose moss, poinsettias, button chrysanthemums, roses, morning glories, flax and purple petunias.

She had also planted beans, corn and tomatoes on a neighbor's plot and will tend them while he is gone. She wishes she had more bed and more

plants, cuttings, etc. Mrs. W.D. Moore has given her plants and seeds. Mrs. W.F. Birdsong has given her pots for planting and, of course, she has had help from her son.

John Pitts State 4-H President

"Every teacher who did not have a Pitts Child was angry," said a teacher once in speaking of the children of Mr. and Mrs. Kirk Pitts of Pleasant Valley community.

June 27, at the Texas 4-H State Council Workshop, he was chosen president of the 100,000 4-H Club members.

Although not the first won by John Pitts, the seventeen year old son of the family, he has been chosen for another signal honor.

A member of 4-H the past nine years, John is currently serving as president of District II 4-H Council, which is comprised of a 2-county area on the South Plains. He has worked

on 4-H projects including swine, beef, electrical and farm and ranch management.

Recently chosen as an outstanding leader in 4-H work, he was awarded an expense-paid trip to Liberty, Missouri June 23-27 where he attended a Leadership Camp sponsored

by farm and industry, an organization of farm cooperatives.

The Pitts have four children and three are Gold Star winners. James, the older son was a State winner in several different phases and their daughter, Lynn won top honors in the State Dress Revue for her sewing and modeling skills.

Kirk Pitts was named outstanding leader in District II at the State 4-H Roundup conducted at Texas A&M, thereby lengthening the list of outstanding Pitts people.

John, a May graduate of Muleshoe high school, is already enrolled at Texas Tech. He will take office January 1, 1970 and expects to do a lot of traveling and speaking in behalf of Texas 4-H'ers. He will sign a proclamation with Governor Smith declaring the date for National 4-H Week in Texas.

Luncheon Concludes Homemaking Projects

The month of June has been quite a busy time for twenty five Muleshoe high school girls and their mothers. The girls have been working at Summer Projects in Homemaking. They are expected to spend 90-100 hours in various fields of homemaking, such as child care, clothing construction, home improvement and food preparation. For this they receive one-half credit.

Of course, the mothers advise their daughters and Mrs. Martha McCormick is their traveling teacher who supervises these projects.

To conclude the summer work, the students, mothers and teacher had an Evaluation salad luncheon Friday, June 27 in the homemaking department. At this time the mothers and daughters decided that the field of meal planning and preparation was the most helpful project for the families.

Attending the luncheon were

Mrs. Marshal Head, Janice Head, Mrs. Bobby Newman, Judy Newman, Mrs. Orbie Chandler, Betty Chandler, Mrs. Leslie Lambert, Linda Lambert, Mrs. Curtis Wellborn, Judy Wellborn, Mrs. Carl Bamert, Greta Bamert, Mrs. C.E. Portion-Controlled Meat Cuts Set

COLLEGE STATION--In the 1975 supermarket, homemakers will be able to buy portion-controlled sized meat cuts, predicts Dr. Frank Orts, Extension meats specialist at Texas A&M University.

The meat package also may have the calorie count on it, he says, and will be frozen to eliminate rewrapping and freezing for the home freezer.

Portion - controlled size cuts now are used in restaurants and institutions.

Medium-sized food stores will disappear in a trend toward small neighborhood stores for quick shopping trips and convenience buying and large multi-department food stores

within a one and one-half mile radius for weekly shopping, predicts Orts on other market trends.

He reports on a recent Supermarket Institute Convention, A&M University.

4-H News

The Roy Whitt home on Plainview highway was the scene of an outdoor cookery demonstration given by Mrs. Robin Taylor, Bailey County Home Demonstration Agent. It was also the monthly meeting of the club.

The club was happy to have the family of Rev. and Mrs. Chaney join the club. He is the new minister of the Y-L church.

Food was served to about fifty 4-Hers. Games were enjoyed by all who attended.

Homemade ice cream furnished by the 4-H'ers was served at the end of the meeting.

The next meeting will be the third Monday night of July in the Marshal Head home for a watermelon feast. At this time Donita Throckmorton and Janice Head will report on the trip to District Workshop held at South Plains College which they attended June 24-26.

The Y-L 4-H Horse Club met at the Jack Calhoun home Friday evening, June 27, for a trail ride and parade practice. They rode five miles to Horse-shoe Bend in the Sandhills. Coached by Jack Bates on parade riding, after lining up their horses they practiced. About thirty horses were in the procession.

Next came a big wiener roast followed by homemade ice cream brought by the 4-H'ers. After that horses were loaded in trailers for the home trip. Everyone is to meet at three o'clock Friday to line up and practice before the parade.

About forty people attended the trail ride and practice.

A NEW DRESS...WHAT A JOY.....The girls pictured have just been presented with new dresses made for them by members of Muleshoe Young Homemakers Club of America. The girls are a portion of the Summer School for M grant Children classes and are "filling in the gaps" caused by frequent moving and sometimes less than desirable backgrounds. The first phase of the Lubbock school has been completed and when the next two phases are completed, facilities will be available for 800-900 children. Average age at the Lubbock school is six to 15 years of age.

Present schools for mentally retarded children other than the Lubbock school are at Lufkin, Abilene, Denton, Travis, Austin and Mexia. Also some children are cared for in the numerous private hospitals and institutions in Texas.

The board member from Muleshoe said that the Lubbock school is probably the most modern in the state with the trend going away from the old ward-type buildings. The new school utilizes cottages, with 32 children being housed in each cottage. This gives the workers more time and personal contact with these children.

He stated, "Volunteers have been wonderful. The state does not allow enough money to hire all the workers actually needed, and without volunteer help the schools would be in sad shape."

"More and more young people are volunteering their services and more are training to go into special education work" he continued.

"Another area that is immeasurable in time or money is the 'Grandparents' program. No one under 60 is considered for this. These people work four hours a day, five days a week with these youngsters. They teach them and help them. Many, many children live for the time their 'grandparents' come to visit."

Osborn concluded with the fact that more and more workers and encouraged and needed to work with the state's mentally ill and mentally retarded children. He said, "For a field or area of work with the most satisfaction, try working with these special children."

Olan Burrows gave all the final plans for the gigantic July 4th Celebration which will be held Friday and several committee chairmen gave their reports as to their plans for the day.

Chamber of Commerce President Don Harmon spoke on the new city hall building and said that the Chamber looked forward to having the Chamber offices in the new city hall.

He said they are working presently on disposing of the present Chamber office.

Jesse Osborn gave a report on the new Lubbock School for Mentally Retarded Children and urged everyone to visit the facility.

Hutton also reported on the Youth Employment Service (YES) being offered by the Chamber. He said that 25 or 30 boys and girls had been placed in summer employment, but that additional jobs are needed to place all the girls who have signed up. Checking back with employers, said Hutton, proved the youngsters were for the most part doing a good job.

Bill Loyd asked everyone to promote the water amendment which will be voted on in August, stating that he thinks it is vitally important to West Texas.

The Hard Way
Mary, aged five was facing a minor surgical operation, and her mother told her: "Be a brave little girl, and mama will get you a nice kitten."

Mother was sitting close by when Mary came out of the ether. She leaned forward to catch the youngster's first words.

The child opened her eyes, grimaced weakly, and muttered, "What a bum way to get a cat!"

GOVERNMENT AND TAXES

This week's our Nation's birthday. If you are pessimistic, and look at the fraction of one percent of Americans who act like idiots on the college campuses instead of pursuing their education, or those who try to reason with us with riots over every imaginable cause, you will probably conclude that our country has had it. If, on the other hand, you remember our government's Astronaut's accuracy, if you remember the wide margin we have in education over every other nation (in spite of the present college ruckus) and if you remember our fabulous economic power, you will recognize that in spite of thousands of defects, we have national, state and local governments that have unequalled capability. (In spite of the present college ruckus) and if you remember our fabulous economic power, you will recognize that in spite of thousands of defects, we have national, state and local governments that have unequalled capability. (In spite of the overemphasis of nonsense by loudmouths, we are a people of unequalled ability.) However, the best proof that our Nation will be around for a few more birthdays is demonstrated by Internal Revenue Service's continuing to collect 97 per cent of our Federal taxes through voluntary compliance. Our people have unequalled morality. The average American may gripe a great deal about the shortcomings of our governments and of our officials, and is sure we need to reform, but he is still willing to contribute his fair share of almost \$200 billion in Federal taxes. Apparently he thinks more of the establishment and the results he gets from it than the annihilist minded students that belong to the SDS.

Wrong Question
Father--Now, son, tell me why I punished you.
Son--That does it. First you pound the life out of me and now you don't know why you did it?

This is... My Story!

BY ROY DUBOSE

Being a Christian is a feeling one cannot describe. There is joy, serenity, and a sense of security that no one except Christ can bring to a life. I know I always have a friend to stand beside me and to help me in time of need. This friend will always be true and is ready to listen anytime I want to talk about a problem. He shows me the right course of action in a crisis. He cheers me when I am down, and pats me on the shoulder when I am doing what He wants me to do. At the same time, He punishes me when I "double cross" Him and His Will. Best of all, this friend gave Himself to die for Me, in order that I may live. Can you see why being a Christian is so very special to me?

During our forthcoming Youth Led Revival at the First Baptist Church, Muleshoe, July 27-August 3, I hope to come into a closer relationship with my Best Friend. At that time, I want YOU to come to know Him, also. His name is Jesus Christ.

Smart Father
Father looked hard at his wife and then at his son. "That boy has taken money from my pocket!" he stormed.
"Ernest," she protested. "How can you say that? Why, I might have done it."
Father shook his head. "No, you didn't; there was some left."

JUST SQUEAKING BY FOR A WIN--Young Jim Lawson, left, is shown just beginning to slide into home for the winning run in a Little League Championship game Monday night at Roger Miller Park. The Sox downed Lazbuddie on this run 4-3 for the championship. Jim is the son of Mr. and Mrs. Warner Lawson.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, TEX.--Dusty old tax bills are being pulled out for discussion now that Gov. Preston Smith has vetoed the one-year spending bill and called the Legislature back into special session.

Governor Smith made it clear that he expects the special session to adopt spending proposals for a full two years starting Sept. 1, and to levy new taxes to finance whatever is spent.

Tax bills must originate in the House and Speaker Gus Mutscher says he believes the

money can be found without raising the state sales tax. But, first he wants to hear what the Governor has to propose as a source for the money.

Smith has indicated that he will recommend a program substantially different from what he suggested last winter. But he said he will not propose a state income tax.

So far, legislative leaders have not shown any intention of passing another one-year spending bill and then going home without levying new taxes.

Smiths contention that the tax bill will be smaller if it is passed now instead of waiting until 1970, apparently won some statewide support.

Smith has one ace up his sleeve.

He vetoed a big stack of Senate bills because they were not properly passed and sent to him by adjournment of the legislative session. He said that he will allow the special session to consider re-passage of those bills, after the legislature passes the two-year-appropriation bill.

Only the Governor can select the subjects to be considered in a special session. So authors of the bills he vetoed may be anxious to help put over his program in order to try to pass their bills again.

Among the vetoed bills, and one of wide interest, is that by Sen. Murray Watson of Mart creating 27 new district courts.

Here is what Governor Smith will ask the legislators to do:

WELFARE CHANGES NOTED
Major changes are going into effect in state welfare policies and organizational structure.

Welfare Commissioner Burton G. Hackney announced elimination of the one-year residency requirement for all aid categories. This is in keeping with a recent US Supreme Court decision and federal rules. Hackney predicted the change will not noticeably increase welfare rolls in Texas, but the nationwide increase in assistance costs is estimated at nearly \$300 million a year.

Department of Public Welfare also realigned its statewide organization on the basis of regions, effective July 1. Department will merge Child Welfare services with the Aid to Families with Dependent Children program under a single administrative head along regional lines.

VETS LAND RATE UP
Interest rates are going up to eight percent for non-veterans who take over contracts to buy land under the Texas Veterans Land Program. Board ordered

*Enact a budget in the neighborhood of \$5.6 billion for the 1970-71 fiscal period.

*Levy a balancing tax bill, which he estimates at \$300 million or slightly less.

*If there is time in a 30-day special session, then take up the bills he vetoed because they were not signed in the presence of the legislators.

There has been some speculation that lawmakers may just hand Smith another one-year budget and see what he does. However, Lt. Gov. Ben Barnes and House Speaker Mutscher pledged cooperation in supporting a biennial appropriations pattern this time.

Tax bill remains the big question, and nobody seems to have any clear idea where we go from here.

APPOINTMENTS
Austin Attorney J. Pearce Johnson, a former member of the Texas House of Representatives, was named by Governor Smith to the Parks and Wildlife Commission and designated as chairman. He replaces L.P. (Pete) Gilvin of Amarillo as chairman, but Gilvin remains with the agency.

Smith selected Lloyd L. Davis of Plainview to succeed Leslie Burnett of Austin in the industry-hunting Texas Industrial Commission.

Leon Jaworski, Houston attorney, is statewide chairman of the "Citizens For Proposition 5," a group which is urging passage of a proposed constitutional amendment to raise the annual welfare spending ceiling from \$60 million to \$80 million. Amendment is among the nine to be voted on August 5.

H. Russell White, director of the Amarillo State Center for Human Development, has been appointed superintendent of the Richmond State School, Edgecumbe W. Garms, assistant superintendent at Richmond, was promoted to director of the Amarillo Center.

COURTS SPEAK
A U.S. Supreme Court decision in a recent Louisiana Case invalidated a Texas law which restricts voting in revenue bond elections to property owners, says Secretary of State Martin Dies. He spoke as chief election officer of the state, responsible for maintaining uniformity in application and interpretation of Texas election laws.

A firm providing mobile telephone service in the McAllen, Brownsville and Harlingen areas owes the state more than \$10,000 in back telephone gross receipts taxes, says the Third Court of Civil Appeals.

State Supreme Court upheld the lower court's ruling that Morgan Express of Dallas has the right to charge less than competitors on its Dallas-Balinger route.

High court found constitutional a law which prohibits synthetic milk including both

the increase from six and a half percent.

Veterans are not affected by the new rate. Their new loan contracts bear five and one-half percent interest.

Non-veterans enter the picture when veterans sell their land or transfer the contract, which they can do after three years.

Land Commissioner Jerry Sadler sees the money market as a "serious threat" to the entire land program unless the constitutional amendment is adopted, August 5, to remove the current four and a half percent ceiling on interest rates on bonds sold for the veterans land fund. Bonds cannot be sold in the future unless the rate is raised, Sadler said.

AND I DO SOLEMNLY SWEAR TO UPHOLD THE LAWS.....--Kenneth Petree center, is shown being sworn in by County Judge Don Cihak, right, as a new deputy sheriff in Bailey County. Looking on at right is Sheriff Dee Clements. Petree is the son of Mr. and Mrs. Chester Petree of the Enochs community. He has spent more than two years as an officer with the Clovis City Police Department and moved from patrolman to the youngest detective in the state of New Mexico. He is the graduate of several law enforcement schools and seminars. He and his wife, Donna, will be moving to Muleshoe shortly.

vegetable oil and dry milk solids. Decision upheld by the Court of Civil Appeals.

Ford grants to aid colleges on Negro needs. Michigan studies steps to ban DDT.

CRIME PLAN APPROVED
Texas' plan for fighting crime in a coordinated new program has received federal approval and \$1.1 million action grant.

Another \$9 million is expected to be forthcoming when the budget is approved by Congress for proposed bloc grants under the Omnibus Crime Control and Safe Streets Act of 1968.

Bulk of the funds will go to help local agencies. This five-year federally-funded program seeks to bring together efforts of law enforcement, courts, correctional institutions and rehabilitation services to reduce crime.

"This marks a new and constructive era in relations between the states, the federal government and the cities," Governor Smith commented.

JOB CORPS FUNDS CUT
It has been reported that the White House has ordered a larger cut than was expected in funds for the Job Corps. The \$100-million slash for fiscal year starting July 1, will close 60 per cent of the conservation centers and 40 per cent of the urban centers in the youth training program.

REFERENCES TO GOD STAY
Defense Secretary Melvin R. Laird has overruled the Army and will permit reference to "God" and "faith" in character guidance programs. Laird served in the navy in World War II and is the son of a Presbyterian minister.
