around muleshoe with the journal staff

Mr. and Mrs. Sam Damron and Mr. and Mrs. Terry Hutton flew to Odessa for a weekend with Damron's sister and family, Mr. and Mrs. Jim Reese.

They enjoyed seeing Permian high school play San Angelo high school. Greta Reese is a member of the Permian high school band which also performed that night.

Gary Sullivan, a senior at Morton high school, was a weekend guest of his aunt, and uncle, Mr. and Mrs. Larry Combs.

Mr. and Mrs. Goodwin Powell and three of their four children of Lubbock were guests Sunday in the home of his father, Owen Powell and Mrs. Powell. They also visited in the home of his brother and family, the Kenneth Powells.

Jerry Lee, son of Mr. and Mrs. J.R. Lee of Cranfills Gap, formerly of Muleshoe and the son-in-law of Mr. and Mrs. Earl Harris of Muleshoe begins student teaching at Abilene High School in October.

He is a senior agricultural education major at Tarleton State College in Stephenville. He is a 1964 graduate of Muleshoe High School where he was active in the FFA and band. He is also a 1966 graduate of South Plains College, Levelland.

Dr. Charles G. Lewis will be an alternate delegate at the 110th Annual session of the American Dental Association, being held October 12-16 in New York City.

Jo Ann Towse, daughter of Mr. and Mrs. Robert Towse, has enrolled for the fall semester at Lubbock Christian College.

Jo, a 1968 graduate of Muleshoe High School, is a freshman student majoring in pre-nursing.

Miss Nancy Hopper, daughter of Mr. and Mrs. Sam E. Hopper has pledged Eta Phi, a local sorority at University of Texas at Arlington. She was also elected president of the pledge class and is a representative on Neiman Marcus College Board.

Mrs. J.L. Alsip and Mrs. W.F. Birdsong visited in Earth Sunday with Miss Kim Haley, a teacher in Springlake-Earth schools. Miss Haley did her practice teaching in Muleshoe last spring.

They also visited with former residents, Mr. and Mrs. H.S. Sanders Sr., Mrs. Jane Beavers, and Mrs. Minnie Pate. They reported Sanders "doing very well" after suffering a stroke and the loss of an eye some time ago.

Richard Alsip of Amarillo was a guest overnight Saturday in the home of his grandmother, Mrs. J.L. Alsip. He is employed by Panhandle AAA for motorists.

Mr. and Mrs. Thurman White returned recently from a two weeks vacation in Ruidoso, El Paso and other points.

Jane Crane is expected home this week from Southwestern General Hospital in El Paso where she recently underwent bone surgery.

Mr. and Mrs. Lee Pool spent last weekend in Amarillo in the home of their daughter and grandson, Mrs. Cynthia Blevins and Ronnie Don.

Also visiting were Buddy Pool of Dallas and children, Allison Gay and Greg. Buddy is employed by a stockbroker firm in Dallas.

Jim S. Denison of Houston is expected to arrive Friday at the home of his mother-in-law, Mrs. David Anderson for the weekend. Mrs. Denison and son Jimmy are visiting her mother. The Denisons and Mrs. Anderson will attend the A&M Tech game Saturday. Denison will attend to business for his employer, Continental Oil Company, before returning to pick up his wife and son October 30.

APPLES AND A RUINED PICKUP--Richard Hawkins, left, and an unidentified man, right, are helping salvage part of a load of apples which was strewn over the ditch and edge of a field following an accident Tuesday afternoon. Mr. and Mrs. Floyd Beard of Lockney were hospitalized in Muleshoe following the accident. The pickup turned over after blowing out a rear tire.

City Councilmen Okay Payments To Contractors

Payment to three contractors was approved by the Muleshoe City Council when they met Tuesday morning. Attending the meeting was Mayor W.B. LeVeque, Councilmen Frank Ellis, Lyndal Murray and Kenneth Heathington; City Manager Albert Field; City Secretary June Smallwood and Ralph Douglas. Lambe Construction Co. was authorized to be paid \$4,745.70 for their sixth estimate, for construction work on the new city hall. There now remains \$9,179.40 to be paid the construction company. Total cost for construction of the building was \$89,594.

Estimate number two in the amount of \$7,496.74 was authorized to be paid Muleshoe Drilling Co. for work done on two city wells. Both wells have been completed for a total cost of \$15,646.46. A total of \$1,574.65 remains to be paid.

Jones Construction Co. of Big Spring was authorized payment of estimate number four in the amount of \$29,579.28 for the contract on water storage and distribution facilities. The original contract called for \$132,864 and a total of \$95,725 has now been paid.

Ralph Douglas reported on the Crossroads highway construction. He said that Clyde Holt, owner of a service station at the crossroads had asked to give a right of way for additional construction at the corner.

Douglas said that the highway will be partially blocked for approximately two weeks during the paving and gutter program. He also reported on the water system construction underway and said that it is not completed due to materials and fittings which have not arrived. He said that until the equipment, Cont. on Page 7, Col. 4

ENMU Stadium Site of Muleshoe Friday Game

The Muleshoe-Portales football game Friday night will be played at Eastern New Mexico University's Greyhound Stadium which is located five miles north of Portales, on the Clovis highway.

The football team will be dressing in the Portales High School Gym and will wear black jerseys. Telephones will be set up for Muleshoe before the team arrives.

Visitors will sit on the east side and the band can be seated any place the director desires for them to sit.

Band buses will park by the west gate and the students will walk across to the east stands. Following the game, the football team will eat at the Sands Steak House across from Eastern New Mexico University campus.

UPSIDE DOWN -- This pickup ended up upside down in a field and the Ford, left, was off the road in the ditch following a grinding collision at an open intersection near Lazbuddie Saturday afternoon.

Six Accidents Leave Break Attempt Five Area Injuries Breaks Legs Of Local Man

Tuesday afternoon, at approximately 5:25 p.m., Mr. and Mrs. Floyd Beard of Lockney were injured in an accident 7.8 miles northwest of Muleshoe on Highway 84.

The accident occurred when the left rear tire blew out on a 1967 Ford pickup being driven by Beard. The pickup was pulling a trailer loaded with apples. When the tire blew out, the pickup swerved to the right, the trailer broke loose from the pickup and the vehicle overturned one time, landing on its wheels.

Mr. and Mrs. Beard were reported to not have been thrown from the vehicle. They were both taken to West Plains Memorial Hospital. A doctor at the hospital said Mrs. Beard has a fractured shoulder, various cuts and bruises and that Mr. Beard has a wrenched back and lacerations.

Highway patrolman Joe Young said several people assisted in picking up the apples for reloading and said that he would like to thank those who assisted in salvaging the apples which were strewn over a large area. Some of those cited for their assistance included Richard Hawkins, Otho Cotton, Mr. and Mrs. M.L. Shipp and Louise Hsucock. He said there were others whose names he was unable to obtain.

A grinding intersection crash at an open intersection three miles south and one mile west of Lazbuddie sent three persons to hospitals Saturday afternoon. The accident occurred at approximately 3:30 p.m. Saturday and involved a 1963 Ford Sedan driven by Mrs. Jimmy (Frances) Lott Wall of Lazbuddie and a 1964 Chevrolet pickup driven by Larry D. Cox, 14, also of the Lazbuddie community.

Mrs. Wall was traveling east on the dirt road and crashed into the pickup broadsided. Her vehicle ended up in a ditch near the edge of a field on the northeast corner of the intersection. She was taken to hospital in Muleshoe for treatment of knee and head injuries. She was treated and released and her injuries were not termed serious.

Suffering painful injuries in the accident was Mark Barnes, 14, Lazbuddie, son of Mr. and Mrs. Sam Barnes, who had a cartilage pulled in his ribcage. He was treated and released from a hospital in Friona.

Receiving treatment in the hospital in Friona for severe facial lacerations is Cox, son of Mr. and Mrs. K.H. Cox. He was traveling north on the road and his pickup landed upside down in a field.

Both vehicles were termed Cont. on Page 7, Col. 5

BAC Discusses Fall Activity Plans

Halloween Parade Next on Agenda

Many and varied activities are coming up this fall and winter, planned by the Businessmen's Activities Committee of the Muleshoe Chamber of Commerce.

When the BAC held their regular monthly meeting Tuesday morning, many of the activities were discussed during the meeting.

Coming up next will be the annual Halloween Parade at 3 p.m. Saturday, November 1.

It will be kicked off downtown and will be filled with witches, ghosts and goblins. Curby Brantley is chairman of the event. Prizes will be given in three classes during the parade, which will include the scariest, funniest and most original.

Immediately following the parade will be a free show for children at Wallace Theatre. Passes will be issued at participating merchants and a pass will be required to see the movie.

In November, the annual BAC show will be presented at Muleshoe High School. This year, planned is a 'Laugh-In Type' show and will involve approximately 70 men and two dozen women. Kerry Moore will be chairman of the show. The show is presented annually to raise money for the BAC.

Harvey Bass reported that the junior class will get one-half of the reserve seat tickets sold as part of their class funds.

He said there will be two lead people, 13 on the stage, others will be on and off stage. He stated, "We are not looking for a 'no' from anyone we ask to participate. There will be lots of fun, and lots to do."

As in past years, candy will be sold at intermission. Joe Pat Wagon has secured the candy, which will be sacked with prize slips in many of the sacks. Prizes will be displayed on stage with the lucky winners drawing their prizes according to the gift certificates in their sack.

Curtis Wellborn will be handling sacking the candy before showtime.

Steve LaPrade of the Amarillo Daily News was at the meeting. He was in Muleshoe checking on the fall harvest. Irvin St. Clair spoke to the group about the harvest. He told

Awards Essay Information Available Now

The Texas Conservation Awards Essay Title for 1970 is "My Stake in the Natural Resources of Texas." This title was announced this week by the Fort Worth Chamber of Commerce.

In the future, the Fort Worth Chamber of Commerce will sponsor the "Texas Conservation Awards Program." The "Texas Conservation Awards Program" will replace the "Fort Worth Press Awards Program."

Following Walter Humphrey's retirement from the Fort Worth Press, the Press did not choose to continue as the principal sponsor of the Awards Program.

In recent years, the Blackwater Valley Soil and Water Conservation District has sponsored several regional winners. Some of the winners have been: Mrs. Jimmy White, Conservation Homemaker; Donnie Carpenter, Comeback Farmer; and Tracy Cowan and Mike Hunt; third place winners in the essay contest.

Walter Humphrey, who conceived the idea of the program 24 years ago, and has been the driving force behind the Fort Worth Press Awards Program, will work closely with the Fort Worth Chamber of Commerce and other co-sponsors of the program. The Fort Worth Press Awards Program has been by far the longest conservation awards program in the nation," said Henry Stoneham of the local Conservation office.

"More information on the awards program may be obtained from the Soil Conservation office in Muleshoe or your local District Director."

Tributes To Muleshoe's Volunteer Fire Department

The following are excerpts from essays that were written by five students from Mrs. Georgia Pena's Junior High Reading Class.

The Muleshoe Fire Department is an organization of volunteer firemen. These people do not get paid for their work and time. Sometimes their lives are in danger. They can be called out at any time.

I am glad we have a Fire Department because if we didn't have a fire department houses, stores, drive-ins, and the whole town would burn to the ground.

Deloris Vinson
The Fire Department means a lot to me because it helps a lot of people. They don't get paid for the fires they fight.

Ernest Bara
I think it is real nice to have a Muleshoe Volunteer Fire Department. Some homes have been saved.

They are always at bonfires so if the fire gets too bad they will put water on it.

One time out in the country there was a fire at Mr. and Mrs. Pena's farm. The Muleshoe Volunteer Fire Department came out to the farm and saved 10 head of horses.

Ray Castillo
Men that volunteer to fight fires are men that take pride in their town or city. The firemen are men that are responsible for any fires that may occur therefore, they have to be on the alert at all times.

So, I think all people and citizens of the city or country should appreciate these hard working men.

Remember, after all, these men risk their lives to protect us.

Kathy Burris

Mules-Rams Set to Clash Friday Night

Last year, the Mules failed to scratch in their first four games of the season. Then--on the fifth game, with the Portales Rams, the Mules wound up the evening losers, but they scored 13 points, to Portales' 14 points. So, all is not lost.

The Mules led at the half 13-7, but lost out in the final seconds of the game. In the game, much of the time the crowd was on their feet and yelled their encouragement to the Mules.

This year, it may be somewhat different, however, the Rams will be coming into their fifth game with four wins under their belts.

Athletic Director Fred Hedgecock said the Portales team is small in size, but very speedy. "However," said Hedgecock, "this could be the opportunity the boys are waiting for."

"Our boys are still working and still trying, they haven't given up, so this weekend could prove to be the chance they are waiting for."

During the Athletic Booster meeting, it was discussed whether or not to continue the coffee, hot chocolate and spud-Cont. on Page 7, Col. 6

Paul Wilbanks

Football Contest

In this, the fourth week of the annual Football Contest, once again, new names moved into the winner's circle.

It took the tie-breaker to decide the winner, as three persons had perfect scores except for the tie-breaker. Paul Wilbanks of Muleshoe edge out Mary Watkins, Muleshoe and Casper Morales of Hereford. Paul had an 18 point spread in the tie-breaker; Mary Watkins was second with a 43 point spread in the tie-breaker and Casper Morales was just out

Sandhill Crane Hunt Begins November 1

Hunters from all over the United States are expected to converge on the Muleshoe area late in October to begin the annual Sandhill Crane Hunt.

Muleshoe's Jaycees, who have sponsored the Crane Hunt for the past six years, are busily planning their seventh hunt.

Last year, hunters were from Illinois, Ohio, Oklahoma, New Mexico, Kansas and as far away in Texas as Houston, Brownsville, Abilene, the Fort Worth-Dallas area and many other points.

At the end of the hunt, taking first place honors was F.M. Sears, Amarillo with an eight point, two ounce crane. In second place was Frank Fitzgerald, Lubbock, seven pounds, 14 ounces; third, Bobby Smith, Lorenzo, seven pounds, 11 and one half ounces; fourth place, David Keith, Dimmitt, seven pounds, eight ounces and fifth place, Nickie Landers, Muleshoe, seven pounds, five and one half

ounces. B.E. Blair, manager of the Muleshoe National Wildlife Refuge, 25 miles south of Muleshoe, reported that approximately 500 crane had arrived on the refuge by Sunday, and another 500 were on the Refuge early Monday afternoon. He said that last year, when the hunt began, some 60,000 cranes were on the Refuge on the first day and that number fluctuated between 45,000 and 57,000 during the rest of the hunt.

This year, the annual hunt will be from November 1, through November 9. Chairman of the event is Derrel Oliver; vice chairmen are Dick Johnson and Paul Wilbanks; publicity Jerry Hutton; blinds, Bob Stovall and Marlin Mills and in charge of securing land are Curtis Walker and Kenny Heathington.

Each year, toward the last Cont. on Page 7, Col. 5

Spoons Tell Of Travels

Mrs. Allene Bell

"So, there you have a little insight into each of the spoons. I hope, in this way, I can share with you some of my joy of traveling over the European continent. A lot of love went into the collecting of each spoon. Now, you must use them when you have your ladyfriends over for tea or coffee. Next trip, I'll collect tea cups and saucers. There are a lot of pretty ones in Europe."

So ends the letter of explanation to Mrs. Allene Bell from her grandson, Reil Lovejoy, concerning an unusually beautiful and interesting collection of souvenir spoons sent to Mrs. Bell last summer.

Lovejoy's own explanation of the spoons is so knowledgeable that it serves also as description. He suggested his grandmother lay the spoons out in order, from 1 to 11: Geneva, Firenze, Athens, Dubrovnik, Venezia, Munchen, Holland, London, Bruxillis, Luxembourg and Island.

1. Geneva (French for Geneva), Switzerland, This one and #11 are probably the best of all the spoons, silverwise and value.

2. Firenze (Italian for Florence, Italy) the picture on the spoon is the "Duomo", a beautiful cathedral in the center of Florence.

3. Athens (Greece) this one is one of my favorites because of the Greek key design on the handle. The Greek ruins of the Parthenon on the top overlook the City of Athens from a top the Acropolis, a hill that looms up in the middle of the city. The Parthenon dates back hundreds of years before Christ.

4. Dubrovnik (Yugoslavia) notice the spoon is not silver and that the design is plain. I think this reflects the fact that it came from a communist country. The country itself is one of the most beautiful, scenically, that I visited, but there was a cold air about the people. Though the spoon is not particularly pretty, I bought it anyway, as I figured you'd probably never get one from a communist country.

5. Venezia (Italian for Venice, Italy), the city of canals and gondolas. This is the most beautiful city in Europe in my opinion. I could live here in a minute. There are no motor vehicles at all. All transportation is by boat. (Fire boat, water bus, delivery boats, taxi boats. Hot rod boats for the teenagers, etc.)

6. Munchen (German for Munich, Germany) Oddy enough it has an oriental robed man on it. I didn't find out the significance of the emblem. (The figure might possibly be that of a monk, since there are many monks in Munich.)

7. Holland-This one is another of my favorites. I think the handle is particularly pretty and the porcelain inlay of the windmill is the prettiest of all the spoons.

8. London-This one is not one of my favorites but it does reflect a certain majestic, royal quality. I don't know what the Latin means.

9. Bruxelles (Belgian for Brussels, Belgium) this one is of finer quality also. Notice the emblem with a guardian angle defeating the dark figure of evil. I think it looks like the dark figure had horns of the devil.

10. Luxenburg, from the city of Luxenburg, in the country of Luxenburg. This probably is one of the cleanest, neatest cities in Europe, very green and loaded with old castles and cathedrals.

11. Island (Icelandic for Iceland) Land of the Midnight Sun. Our plane landed there at 2:30 a.m. and it was not completely dark. In the summer it is light the day round. It just gets like twilight for a few hours in the evening.

Mrs. Bell had a spoonholder, gift from her daughter, and

WHY HAVE A P-TA?.....Pictured are the panel members and moderator who discussed the subject for DeShazo P-TA members Monday afternoon. They are, left to r, Mrs. Jack Obenhaus, teacher; Mrs. Jack Strong of Lubbock who served as moderator; Mrs. Bob Solomon, representing the parents; Principal Bill Taylor; and Superintendent Neal Dillman.

DeShazo P-TA Studies Own Organization

Mrs. Creston Faver, the president, presided over the Monday afternoon meeting of Mary DeShazo Parent-Teacher Association.

The American Flag was presented by Mrs. Joel Nowlin's Girl Scout Troop. Three numbers were presented by Mrs. Josephine Mitchell's fourth grade music class.

now has the shined spoons on the wall of her kitchen area over a little ice cream table and chair set. She is reminded often of the love which prompted her grandson to collect the spoons for her.

In addition to the very beautiful and interesting spoons sent by her grandson, Mrs. Bell has souvenir spoons from many States and places of interest in the United States. These too, are displayed along with the European collection.

Mrs. Bell lives about 9 miles out on Highway 1760, adjacent to her son and his family, the Lewis Scoggins where she has been living the past six years. She moved here from Artesia.

She says she is blessed with boys. The Lewis Scoggins have three sons: Kearney who is married to the former Doris King (they have two sons); Verlon who is married to the former Jewelene Brackman (they have one son); and 16 year old Jerry, a junior in Muleshoe high school. Her daughter, Mrs. Dorthy Anderson of Artesia, is the mother of Reil Lovejoy.

Lovejoy is single and a drama student in New York.

Mrs. Bell keeps busy making pillowcases, rugs crocheted afghan and other handwork, and keeping an immaculate house. She is a member of First United Methodist Church. Her outstanding characteristic is the unflinching warm greeting she has for friends and acquaintances, evidence of her love for people everywhere.

A panel discussion on "Why Have a P-TA" was moderated by Mrs. Jack Strong of Lubbock, District Council chairman. She pointed out P-TA is a national organization with power to secure better laws for the care and protection of children and youth. She then introduced the panel: Superintendent Neal Dillman, Principal Bill Taylor, Mrs. Jack Obenhaus and Mrs. Bob Solomon.

Dillman told the group, "Communication between parents and child is a very important accomplishment". He also said parents should "Never let a stranger teach your child".

Principal Taylor pointed out that the good of all the children is the object of both parents and teachers. "In P-TA as a means for the parents we learn and all are interested in learning," he said.

Mrs. Obenhaus commented on the importance of P-TA as a means for the parents and teachers to get to know each other as persons, it is a parent-teacher partnership which makes projects possible that could not be done without the other.

Women educators from several Panhandle communities will meet in Amarillo, Oct. 11 for the regional meeting of the Delta Kappa Gamma Society. The meeting will be held at James Bonham Junior High School.

The theme of the work session will be "For Tomorrow's Splendid Story is Ours Now to Write", from a poem by Elsie Lindgren. Mrs. Bob Laney, regional director from Amarillo, will preside over the general session. Hostess chapter is Zeta Delta of Amarillo.

Mr. Lamar Lively, principal of James Bonham Junior High,

representing the parents, said P-TA presents an opportunity to meet teachers other than your own child's. She said she feels an obligation to herself and to her child to attend and take part in P-TA. She is membership chairman of Mary DeShazo P-TA.

All present agreed with the membership drive slogan "This Changing World Needs P-TA".

Miss Linda Darnell's room had the most parents in attendance.

McGregors Have A Son

Mr. and Mrs. Steven Martin McGregor of 210 West 14th, Street, Muleshoe, are parents of a son, Steven Martin Jr. born October 3 at 5:25 p.m. in West Plains Memorial Hospital. He is their first child. The father is employed by Missouri Beef Packing Company, Friona.

Grandparents are Mr. and Mrs. Ray Grent of Denver City, Bob McGregor of Wichita Falls and Mrs. Mary Frances McGregor of Midland.

Delta Kappa Gamma Regional Meet Slated

will welcome the group.

The Amarillo Chapters of the Delta Kappa Gamma Society will discuss "Ours to Write Individually. Phi will discuss social aspects of this theme, Zeta Epsilon, physical; Zeta Zeta, mental; and Eta Phi, spiritual.

The next segment of the program will be a slingshot led by Mrs. William Wilson of Amarillo. She will be accompanied by Miss Anita Walsh.

The last topic on the morning program will be "Ours to Write Together." Epsilon Delta Chapter of Littlefield will discuss how to work together to improve the community; Delta XI, Dimmitt, the teaching profession; and Gamma Iota Plainview, the chapter.

Miss Virginia Grove, State First Vice President, will address the group at a luncheon beginning at 12:30 p.m. in the James Bonham Cafeteria. Director, Evelyn Laney, will discuss plans for the 1970 regional.

The regional presidents will meet Friday night at the Hickory House. Miss Francis White, president of the state organization, will speak to the women. Miss White will be honored at a tea Oct. 10 from 3 to 5 in the home of Mrs. Roy Begeman, 4401 W. 3rd, Amarillo.

RICHLAND HILLS READERS.....These girls like to read! In fact, Lisa Redwine, left, read more than any other child in the summer reading program at Muleshoe Area Public Library, 166. She is the daughter of Mr. and Mrs. D.L. Redwine, Connie Harmon, center, daughter of Mr. and Mrs. Don Harmon, read 102 books, Hope Free, daughter of Mr. and Mrs. Bobby G. Free, read 101 books.

Generation Gap- AAUW Program

The Muleshoe Branch of the American Association of University Women met Monday evening at 7:30 in the Mary DeShazo Library.

Mrs. Eric Smith, president, conducted the business meeting. Mrs. Lena Hawkins, World Problems Committee Chairman, informed the Branch concerning materials that are available from the United Nations Organization, October 24 is U.N. Day and posters, pamphlets and books can be secured for study and for programs.

Mrs. E.W. Johnson reported on the letter of appreciation which Mrs. Bernis Camp, Area Public Librarian, wrote to the Branch.

Helping with the Summer Library Program is a Branch Project.

The AAUW Branch voted to support the resolution adopted by the Bailey County Ministerial Alliance relative to stopping pornographic materials which were being mailed.

Letters to the NASA Director, granting astronauts the right to read aloud or quote from the Holy Bible while on a Space mission, were given to individuals to sign. The Muleshoe Jaycees are leading in this endeavor.

Mrs. C.E. Moore, Implementation Chairman, led a panel discussion on the topic "The Academic Community - New Look on Campus". Mrs. Eldon Davis, Mrs. Joe Costen, and Mrs. Eric Smith had interviewed students and their parents previous to the program. The questions posed concerning the generation gap were:

- What is your view concerning these issues?
1. Liberalization of social regulations (drugs, dress and dormitories)
 2. Student participation in the decision making process on the campus.
 3. Academic freedom for students, undergraduate, and graduate.
 4. The academic community's relationship to domestic and political issues, such as (a) poverty (b) race and minority groups (c) Vietnam and war-related issues.
- The first hand reports and tape recordings were provocative and revealing.

JUNIOR HIGH TOP READERS.....Junior high students were among the most frequent visitors at Muleshoe Area Public Library last summer. Topping the list for the Junior high readers was Craig Baker, son of Mr. and Mrs. Jacque Baker, with 79 books, Cary Davis, son of Mr. and Mrs. Elmer Davis, read 65, Doris Bartholf, daughter of Rev. and Mrs. Walter Bartholf, and Faith Free, daughter of Mr. and Mrs. Bobby G. Free, tied for third place with 60 books read.

"Parents' Apathy Toward School" P-TA Topic

"Parent's Apathy Toward School" will be the subject discussed by Denzil Minyard, a high school history teacher in Petersburg, for Richland Hills Parent-Teacher Association October 13. The meeting will begin at 4:00 p.m. in the high school cafeteria.

In addition to teaching, Minyard is a part-time minister and he says, "There is a very thin line between teaching and preaching". His main purpose in working with youth, Minyard says, is to train them to respect law and other people. He is the father of two children. His wife is a teacher's aid in the Petersburg schools.

Vacationing In Tennessee

Miss Elizabeth Harden, secretary at United Methodist Church, left Friday afternoon for a two weeks vacation in Tennessee.

Accompanying her were her sister, Mrs. Mary Bethany of Amarillo; another sister, Mrs. Iris Butts of Fort Collins, Colorado. They drove from Amarillo to Port Neches where they were joined by a brother and sister-in-law to the women, Mr. and Mrs. Good Harden.

The group will visit in Murfreesboro, Tenn, with an aunt and uncle, Dr. and Mrs. S.H. Wood, and in Manchester, Tenn, with another uncle and aunt, Mr. and Mrs. H.H. Good.

En route home they will visit in Dallas with Mrs. Bethany's daughter and family, Mr. and Mrs. W.B. Mason, Jr.

Today's Granny We never used to be able to find Granny's glasses—but now she just leaves them where she empties them.

-Tribune, Chicago.

Christiaan Barnard, M.D., famous heart transplant surgeon: "If we can change one patient who is dying into a person able to play tennis the operation is worthwhile."

TOP SUMMER READERS from DeShazo school are, left to right, Renae Ruthardt, daughter of Mr. and Mrs. Gordon Ruthardt, who read 125 books from Muleshoe Area Public Library; Walter Bartholf Jr., son of Rev. and Mrs. Walter Bartholf, who read 62 books; and Teri Durbin, daughter of Mr. and Mrs. Mike Durbin, who read 75 books. Shown with them is Mrs. Ted Millsap, assistant librarian.

Progress Circle Continues Study Of Inner Life

Progress Circle of United Methodist Church met Monday afternoon with Mrs. W.H. Harrington for another in the series of lessons on the book "The Inner Life", taught by Mrs. Bryon Gwyn.

"Your inner life is reflected in everyday life"—"If you love, you will unconsciously fulfill the whole law" (paraphrasing the words of Jesus Christ) and "Paul said "If you have all faith and not love we have no-

thing"— Mrs. Gwyn told the Circle members.

She asked them "What do we really want?" The question was followed by discussion.

Those present were Mrs. Gwyn, Mrs. Johnny Westbrook, Mrs. M.O. Stearns, Mrs. Velma Hogan, Mrs. Albert Davis and the hostess.

The next meeting will be in the home of Mrs. Gwyn.

Times Have Changed
"When I was a young fellow," grandpa related, "my ambition was to have a rig and a gal."
"Well," said his son, "when I was a young man, I wanted a fillyver and a flapper."
"Hey, pop," said the grandson, "how about me having a plane and jane?"

Sherri Dawn Born To Newmans

Mr. and Mrs. Willis Eugene Newman of Muleshoe are parents of a daughter, born October 6 at 6:50 a.m. in West Plains Memorial Hospital. She weighed six pounds, five ounces and has been named Sherri Dawn.

She is the fifth child for the family. Her brothers and sisters are Cynthia, 9, Julie, 7, Benjamin, 4, and Bobbie Lynn, 2.

Grandparents are Mrs. Dolie Roberson of Farwell and Mr. and Mrs. Bill Newman of Portales, N.M.

A wide variety of furs in sight for next fall.

Epsilon Delta Chapter, DKG Meets

Epsilon Delta Chapter of the Delta Kappa Gamma Society met in the home of Mr. Florice Blessing of Amherst October 4 at 9:30 a.m. for a coffee.

The president, Mrs. Lenton Smith of Littlefield, presided during the business meeting.

Mrs. Monarae Cummings of Springlake was in charge of the music.

Mrs. Uleta Jenkins and Mrs. Lennie Campbell of Olton gave some good thoughts on "Comfortable Apathy or More Hard Work?"

Attending this meeting from Muleshoe were Mrs. Joe Costen, Mrs. E.W. Johnson, Mrs. John Miller, Mrs. Jack Obenhaus, Mrs. John Watson and Mrs. Wilson Witherspoon.

Mules B Team

Ties Bovina

By Chuck Smith Student Manager

The Muleshoe Mules B Team went to Bovina Saturday for an encounter with the Bovina Mustangs.

The score was 14-14. The Mules came on like gangbusters during the first period of play. After getting to the Mustang goal line, they fumbled.

Their first score was when Don Wheat went over on a roll out play for 6 points. Steve Black went over for the 2 extra points. Bovina scored later making it 8-8 at the half.

Bovina broke the Mules line only three times for substantial gains. Other than that, they did not get any first downs. In the second half scoring was done by Armando Porras in the third period of play. The extra point attempt failed. Bovina came back again and scored. Their extra point attempt failed also and the score was tied for the rest of the game.

Coach Jim Morgan said, "The boys played a good game except for a couple of plays."

Cited for offensive action were Armando Porras, Donnie Wheat and Rand Baker.

Coach Morgan said the overall defense was good, with the entire defensive team playing an exceptionally good game.

Parish, USN, son of Mr. and Mrs. Clyde D. Parish of Earth, and husband of the former Miss Audrey L. Kooy of 3838 E. Ocean View Ave., Norfolk, Va., is serving aboard the combat stores ship, USS Concord in the Mediterranean.

The Concord provides supplies for other U.S. Sixth Fleet ships in the Mediterranean.

The ship is homeported in Norfolk, Va., and is scheduled to remain in the Mediterranean until early 1970.

Ronnie V. Cauthron

R.V. Cauthron

SAIGON, VIETNAM--Ronnie V. Cauthron, 19, son of Mr. and Mrs. Volley Cauthron, 911 WAS, E., Muleshoe, was promoted to Army specialist four August 26 while assigned to the 154th Transportation Company near Saigon, Vietnam, as a cargo handler.

T.C. Adams

DANANG, VIETNAM--Fireman Apprentice Thomas C. Adams, USN, son of Mr. A.J. Adams of Muleshoe, is serving at the U.S. Naval Support Activity in Danang, Vietnam.

The Danang support activity is the Navy's largest overseas shore command. It provides logistic support to more than 190,000 Free World forces in the I Corps, the five northernmost provinces of Vietnam.

NSA sailors move thousands of tons of cargo each month to fighting men from the Demilitarized Zone to Sa Huynh, 120 miles south to Danang. This includes everything from mortar shells and amphibious tractors to aviation gasoline and dog food for sentry dogs.

Farmers Union Opposes Land Retirement Plan

Nolan Harlan, who farms in Southern Bailey County, is president of the National Farmers Union in the county and has given a statement opposing recommendations of the Chamber of Commerce of the U.S. farm for massive land retirement.

On September 11, the Chamber of Commerce of the United States released information that they had just urged Congress to approve a massive, long-term land retirement program to shift the nation's least productive croplands to non-crop uses, or non-farm uses.

The National Chamber "also recommended special assistance be given to those who share in this adjustment and a gradual phasing out of major price support programs."

The three points were highlighted in testimony presented by Warren Hageman, chairman of the National Chamber's Agriculture Committee, before the House Agriculture Committee. Hageman, vice president, Del Monte Corp., San Francisco, said the Chamber recommends a massive land retirement program of sufficient duration to achieve more lasting diversion of lands used to produce those crops in substantial over-supply--principally wheat, feed grains and cotton.

He said the program should embrace these features: Retirement of entire farms; be operated over a period of at

least 10 years; place emphasis on marginal or least productive land; bring about voluntary participation on a bid basis; limit the amount of cropland that can be retired in any one county per year; and grand discretionary authority to permit the diversion of retired cropland to less intensive uses (trees, grass, recreation)

Baptist Mission Elects Officers For New Year

The Baptist Mission of Muleshoe held their annual officer election meeting on Monday, September 30, at 8:30 p.m. Presiding was Larry Henry, pastor.

Elected as officers were David Gutierrez, song director; Helen Lucero, pianist; Mary Silvas, secretary; Micky Hernandez, treasurer and Roque Puente, reporter.

These officers will resume office on Oct. 1, 1969. Planned was a revival for the last week of November with Jimmy Sanchez from Lorenzo as evangelist.

There are at present 96 members enrolled.

The Baptist Mission wishes to extend a cordial invitation to everyone to attend their worship service every Sunday said the pastor.

where appropriate. Harlan, the president of the local chapter of National Farmer's Union said, "To take the least productive cropland out of production will not help the surplus program as some think. Special assistance that is given for this on bid basis is unacceptable to Farmers Union for the reasons it would put one farmer bidding against the other to get land retired which would lead to one county bidding against the other and so on until state against state without any consideration given to fairness as to what the retirement is actually worth."

He added, "Phasing out of major price support programs will phase out rural economy as evidenced by the cotton seed when the loan was lowered from \$48 a ton to \$37, as most gins are offering \$37 a ton for seed at the present time. This is a very clear indication of what will happen in wheat, grain sorghum and cotton without price support."

Where Hageman commented that the combined effect of the gradual phasing out of price supports and building up of the land retirement programs will be felt by both the farmers who elect to retire their farms, and by people and businesses in the communities that serve them, Harlan answered, "It is good that Mr. Hageman sees that this will affect both farmers and small towns that serves

the farmers, however, it is speculation that vocational and technical education of the people that are displaced by land retirement programs that he advocates will ever give them the opportunity that they now have under the present system."

"Mr. Hageman states that there is \$3.5 billion (annually) spent on farm programs," concluded Harlan, "but he does not tell how much of this is for the farmer and farm products. There are a large number of things that this covers, such as school lunch, programs, golf courses for recreation, parks, Forestry Service, and just about anything that Congress wishes to charge off, and cannot think where to charge it to."

Jerry Hutton, manager of the Muleshoe Chamber of Commerce, said the views of the Chamber of Commerce of the United States are their own policy and do not necessarily reflect the policy of the local Chambers of Commerce.

Daughter Born To Salinases

Mr. and Mrs. Elesto Salinases of Earth are parents of a daughter, Flor Garcia Salinas, born October 7, at 5:15 a.m. She weighed eight pounds, nine ounces and is the fifth child of the family.

The father is employed by Ed Halley of Earth.

Parallel Terracing Advantages

By the Blackwater Valley Soil and Water Conservation District

During last hard rain did you see rain water leaving your land, and taking with it top soil and leaving washed out gullies behind it, or on your flat land sheets of water moving across your land; either takes away valuable top soil, and moisture for plant growth. This might be prevented by heavy residues left on the land at all times or pasture grasses managed to control erosion. On our row crop land we can not keep our soil covered at all times so other methods has to be used to hold rain-fall on the land. For this we might think of terraces to hold rain-fall on the land.

Parallel terraces are very good to catch and hold rainfall where it falls. Parallel terraces perform the same functions as conventional terraces. The primary differences between the two are parallel terrace systems have fewer point rows and less concentrations of runoff. Cheaper and simpler farming operations and lessening of the hazard of costly failures are benefits that may be had by a well planned parallel terrace system.

A parallel terrace system on dry land is the next thing to an irrigation well for moisture distribution for crop uses, this is more true during hard packing rains on clean-tilled land. The terraces will catch, hold and distribute water and let it soak into the soil for future use. Terrace system should be planned and constructed so during periods of excessive rain that excess water can be drained from the land.

Cost of parallel terrace construction exceed that of conventional terraces. Advantages of farming ease on parallel terraces helps offset cost of construction. Also there is cost-share available under the GPCP Program and ACP Pro-

grams. For cost information and planning assistance feel free to contact the local soil conservation service.

NATIONAL 4-H WEEK

October 5-11 is National 4-H Club Week and it has so been proclaimed by Governor Preston Smith. In an official memorandum, he urges all citizens to support and encourage the work of the "To Make the Best Better" organization. Projects and activities are available under the 4-H program for urban and suburban, as well as the rural youth of Texas. Details are available from local county Extension agents and local 4-H leaders on how to start a club in your neighborhood.

Rewards For 4-H Achievements Four 4-H Club members with a combined membership of 38 years have been rewarded for their work. They have been named to receive college scholarships from the C.J. Davidson Scholarship Fund which is administered by the Texas 4-H Youth Development Foundation. The four are Stephen Warminski, Carson County; Laura Jane Pair, Comanche County; Brenda Louise Malmstead, Comal County and Joseph Pickett, Dimmit County.

Meet the Muleshoe State Bank Customer of the Month

Henry H. Malone Jr.

Henry H. Malone Jr. is Muleshoe State Bank's customer of the month. He is a pharmacist at West Plains Memorial Hospital. The Malones reside at 1725 W Ave. B and attend the Episcopal Church in Clovis. They have a son, Hank, who lives in Odessa and a daughter, Donna, of the home. Malone said he had banked at the Muleshoe State Bank for 2 years, since moving to Muleshoe, and "This bank is fine, no complaints."

Muleshoe State Bank is proud to recognize this customer of the month.

ART STUDENTS BOOST FIRE PREVENTION WEEK--Jan Black, left, and Kathy Burris, right, point out some of the ways the Muleshoe Junior High Students are helping with Fire Prevention Week. They are two eighth grade students from Mrs. C.E. Moore's art class. Other students who assisted with the

BAC...

Cont'd, from Page 1

those present that the economy of the area depended on the agriculture products harvested in the area. He said that the best months of business are during the agricultural harvesting season.

He said "BAC has done a good job for Muleshoe this year."

St. Clair spoke of the Farm Labor Housing group and said they are working together but there is no way at the present time to build a Farm Labor Camp. He stated "We might not need such housing as bad now as we did four years ago. We will have a meeting in February to decide what to do with the organization."

"I urge merchants to keep the group together. We have 76 members and \$16,000 in the bank. This could be put to use in some farm industry or assist the Industrial Foundation. At this time, transit labor housing is not the need, but we do need a farm labor group."

Curtis Wellborn reported on the two carnivals held in Mule-

shoe in recent months and wanted to "thank all the people who helped with the carnival ticket sales." He said the funds received \$1,013, from the two carnivals will be spent by the BAC in Muleshoe.

Chamber of Commerce Manager Jerry Hutton spoke on a new program which will be upcoming to update the 'hot check' laws. A meeting will be scheduled at a later date to discuss the program.

He also said the Chamber of Commerce is in the process of making Paul Harvey an honorary citizen of Muleshoe, due to recent national recognition of Muleshoe.

The Ministerial Alliance was reported to have 6000 people in groups to have signed the Alliance resolution deploring the recent inflow of pornography into the area.

He reported that Harold Cowan is making arrangements to go after the community Christmas tree on November 24.

Jesse Osborne urged as many local people as possible attend the upcoming dedication of the Mentally Retarded School in Plainview. He said people should see what their tax dollars are doing.

Jaycee President Curtis Wal-

ker reported on the upcoming Sandhill Crane Hunt and said that 460 hunters participated in the hunt last year.

He asked as many people as possible to attend the Miss South Plains Pageant on October 18 in Levelland. Miss Muleshoe, Treena Bryant, is a contestant. Should she win the Miss South Plains title she will compete for Miss Texas.

He also said the Jaycees will have two booths at the Halloween Carnival on November 1 at the Muleshoe School Bus Barn.

Muleshoe City Councilman Lyndal Murray reported on city activities. He said the city hall is almost completed and that the water storage and distribution system is almost complete. The basketball court at the park is almost completed, he reported, and said the city expects a report from HUD on the large park. He said that the park appraisers have been in Muleshoe.

Murray reported that 31 new garbage containers have been put into use in Muleshoe, bringing the total to 130 in operation at this time. For those who have inquired, he said the sticky substance in the containers is insect spray. He

added that a new truck is on its way to Muleshoe to handle the containers.

The councilman said that Clyde Holt had agreed to give additional footage from his service station corner for curbing. He said work is being done on the other side of the intersection to improve drainage.

Murray commented on the fact that the city has joined the South Plains Council of Governments and that Alex Williams has been named to the board. According to Murray's report, Federal funds will be handled, legal advice and how to participate will be made available through the organization. He said that last quarter, Muleshoe collected more sales tax than larger Littlefield.

Harvey Bass said that Mildred Howell, chairman for the floats for the Christmas parade is working on the project at this time and hopes to have at least 25 floats in the parade.

He commented, "We will have a beautiful tree and want to have something for the children in Muleshoe. In cities like Amarillo and Lubbock, people have to go to the suburbs to see the Christmas decorations."

Crane....

Cont'd, from Page 1

of October and the first part of November, Bailey County residents can hear the call of the wild. That is the time of year than sandhill cranes are flocking to their winter grounds on the Muleshoe National Wildlife Refuge. Flying in groups of more than 100, they migrate from their Canadian summer grounds to the warmer south.

Bailey County's Muleshoe National Wildlife Refuge is one of a chain of refuges in the Central Flyway administered by the Bureau of Sport Fisheries and Wildlife, U.S. Fish and Wildlife Service. It was established in 1935 as a watering area for migratory waterfowl. It is the oldest National Wildlife Refuge in Texas.

The male adult sandhill crane may weigh as much as fourteen and three-fourths pounds while the female will weigh around ten pounds.

Color of the bird is an overall gray, with the breast feathers edged with white. On many adult birds, mineral salts in the waters of their nesting areas have stained some of the feathers with a rusty brown color. The forehead of the head of adults of both sexes is bright red.

Both sexes of cranes are similar in their plumage and may not be distinguished, except by trained persons after close examination.

Only minor success has been reported in shooting the wild bird. Patience is required to hunt the crane and stealth must be there as it is extremely difficult to get near the bird.

Mules...

Cont'd, from Page 1

nuts which the Booster Club has been serving after each game. Low attendance by adults was the reason for the discussion. It was decided to continue with the after-game coffee in order to show continued support for the football boys' efforts.

Contest....

Cont'd, from Page 1

of the running with 62 points in the tie-breaker.

Persons missing one game included Billy Riels, Harold Cowan, Danny May, Adele Tompkins, Alvie Palmer, T.L. Glasscock, Don Long, F.W. Jones, Mrs. Phillip Brockman, Mark Dillman, Dudley Malone, Faye Chapman and Harold Polard.

Twenty entries were wrong on two games; seventeen contestants missed three games; 11 persons were wrong on four games; five missed five games and two persons missed six games for the past week.

A total of seventy-one persons entered the football contest for the past week. Anyone over the age of 12 years is eligible to enter the contest except employees of the Journals and their immediate families.

Wrecks...

Cont'd, from Page 1

total losses in the accident. The accident was investigated by Texas Highway Patrolmen Mike Greer and Robert Shedd, both of Farwell.

On Saturday afternoon, at 4:15 p.m., while Sam Barnes of Lazbuddie was enroute to the hospital in Friona with his injured son from an accident a few minutes earlier, he was involved in an accident at the Clay's Corner intersection.

The accident occurred as James Quillo Marrs of Friona was making a right turn onto FM 145 from FM 214. He was driving a 1953 International pickup which sustained light damage.

The 1968 Buick being driven by Barnes also received light damage. There were no further injuries.

Friday at 9:20 a.m., an accident 16 miles southwest of Muleshoe left two vehicles with slight damage and no injuries.

This accident involved a 1961 Ford, driven by Guy Sidney Smyer of Portales and a 1969 Chevrolet pickup driven by Charles Owen Jones of Muleshoe.

Saturday at 8 p.m., a 1964 Ford pickup driven by Charles Graves, Muleshoe, hit a calf 5.8 miles northwest of Muleshoe on Highway 84.

The calf, which belonged to Marshall Head was killed and damage in excess of \$200 was sustained by the Graves' pickup.

Monday afternoon at 1:45 p.m., a rear end collision on State Road 214 resulted in light damage to two pickups.

One pickup was driven by Floyd Bynum of Earth. He was driving a 1967 Chevrolet pickup also involved was driven by Robert Harold Layton, Morton.

Soviet studies postwar relations with Vietnam.

City...

ment arrives the system is not operational.

Also discussed during the meeting was the intention of Pioneer Natural Gas Company to file an application with the Railroad Commission for an adjustment of the city gas rate for gas and that as soon as Johnson Furniture Co. completes the laying of carpet in the new city hall it will be ready to be moved into by the middle of October.

U.S. returning some military bases to Japan.

San Diego State New Powerhouse

A power-house football team has been developing the past few years on the West Coast, and it might be interesting for you to watch... The San Diego State Aztecs. They've been top dog among college division teams (so-called small colleges) for the past three years. In 1967 they lost only one game, that to Utah State by six points. In 1968, they defeated three major colleges before being tied by Tennessee State. This year, San Diego is closing ranks even more against major opposition, the second one being West Texas this Saturday. They bombed San Jose last week, 55-

21. If the Aztecs win by the expected margin of 17 points, they're certainly off and running for another fantastic year.

Last week, there were many readers who wondered how Oklahoma could drop from 6th place to 12th in our Top Twenty after whipping Pittsburgh, 37-8. We use power quotients to determine our ratings. In Oklahoma's case, their power quotient remained essentially the same. However, many of the teams that were below them in the national ratings increased their power quotients and consequently moved ahead of the Sooners in the standings. When Power quotient ratings are used, as we do, a team can move down as well as up in the national standings even though it continues to win. A team must perform up to its capabilities each week to maintain position. Oklahoma's "chance" comes this week against powerful Texas. And it's going to be a tough chance. The second-ranked Longhorns may just drop the Sooners further down the national ladder. Texas will win by sixteen.

A couple of games in the Big Ten are going to stir up the natives this weekend. Ohio State, #1 in almost everyone's little black book, meets Michigan State. The Buckeyes are 24 point favorites. And 10th-ranked Purdue tangles with 20th-ranked Michigan in a points better than Georgia Tech and the Missouri Tiger, #7, will beat Nebraska by 13.

Chamber Corner

Jerry Hutton
C of C
Manager

The election of new Chamber of Commerce officers and directors for 1970 has just been completed; these men include: Don Harmon, president; Neal Dillman, vice president; Clarence Jones, treasurer; Directors--R.A. Bradley, B.E. Lloyd, Don Rempe, Joe Pat Wagon, Olan Burrows, Frank Ellis, Harvey Bass, Bill Wimberly, Haney Poyner, and Bob Stovall. Directors who term expires this year are Robert Hooten, Eddie Faust, Joe Harbin, and Bob Jones. All of these men have served our town well, and we appreciate their willingness to put out extra effort to serve Muleshoe.

We are looking forward to having a good year next year with the new officers and directors, as we have had this year. These men are good, capable men who have been willing to accept this responsibility because they are interested in Muleshoe. We know all of these men will be excellent leaders for the Muleshoe Chamber of Commerce.

Square Thru News

The Muleshoe Square Thrus are known for having their banner home when a visiting club might come for it, this is done by TRAVELING! We might add the Square Thru's square dance as families, taking their children with them. It's good family fun, and it's nothing unusual to see small 3-7 year olds over at one side in the room do-si-do-ing and circling to the left, then doing a left allemande. The children are alert and catch on real quick. If you listen real close, Darren Shaw may be a future caller. He's good at calling star through, pass through, do-si-do, and is the three year old son of Mr. and Mrs. Eugene Shaw.

Friday, October 3, a group went to Plainview where the group has no caller, so Eddie Gunnels did the calling. There were five squares dancing, two of them from Muleshoe. Members going were Mr. and Mrs. Jimmy Presley, Mr. and Mrs. Curby Brantley, Mr. and Mrs. Monty Dollar, Galen Bock, Mr. and Mrs. Hilbert Wisian, and Mr. and Mrs. Eddie Gunnels of Clovis. Students to graduate Oct. 13 and who danced at Plainview were Stephanie Brantley, Sherman Presley, Galen Bock, Jimmy and Mike Wisian. The Plainview banner went to Littlefield so the Square Thrus got another promise to bring it to the Special October 17.

To wind up a busy week of traveling, a group of Square Thrus visited Cannon Air Base Swinging Wings Club. Members going were Mr. and Mrs. Eugene Shaw, Mr. and Mrs. Robert Hunt and Mr. and Mrs. Curby Brantley, Mr. and Mrs. Eddie Gunnels and daughters of Clovis met the Muleshoe group at the Base to complete the square, which entitled them to the Swinging Wings banner. It will be kept until a square from their club comes to visit us, hopefully Oct. 17. This group had a real good time and when you see Donna Shaw ask her if she knows how to do the polka to square dance music. Still more visiting - a group may visit the Dimmit Promenaders Oct. 7, also the Clovis group have a regular dance Oct. 10.

Oct. 11 a big square dance festival will be held in Amarillo

with a well known caller and yodeler, Don Franklin at the 'mike'. Several couples have started making plans to be there when the music starts.

The Muleshoe Square Thru's may have to change their names if the square dancing pace keeps up. The name may have to be TRAVELERS, because they have been busy traveling. This is done to encourage other clubs to visit and to promote good square dancing friendships, plus all the fun you have.

The past week has been a full one for the Square-Thru members as they make plans for their October 17 Halloween Special.

Tuesday night, Sept. 30, lesson No. 10 for the students was called by club caller, Eddie Gunnels of Clovis. Students squaring up were Brent Blackman, Kelly Chak, Ken and Galen Bock, Lawren Hall, Kim and Tracy Cowan, Tammi, Debbie and Jana Bruns, Ronnie and Brenda Scott, Lizann and Terry Gunter, Jimmy and Mike Wisian, Benetta and Jo Roming, Stephanie Brantley, Terry and Tim Wheeler, Robert and Karen Stovall, Belinda Nickels, Sheila Hunt, Jennifer Estes and Tami Murrah.

Square Thru members helping were Henry Stoneham, Jimmy Presley, Curby and Mary Janice Brantley, Ben and Judy Roming, and Hilbert and Sherry Wisian.

Visitors included Mrs. Don Chak, Mrs. Betty Bruns, Mrs. Ruth Briscoe, Mrs. Gordon Murrah and Mrs. Hilbert Wisian.

The students are now preparing dresses and shirts for graduation October 13.

October 1 a square from Muleshoe visited Portales Starlighters. Those going were Mr. and Mrs. Monty Dollar, Mr. and Mrs. Don Seales, Mr. and Mrs. Willie James, Liz Seales and Henry Stoneham. This group brought the Starlighter's president's shirt home to be patched and ironed, and to be worn by him at the Square Thru's Special October 17. (A club president's shirt is usually taken by a visiting club if the club banner is not available, as the case was last Wednesday night.)

Another group from the Muleshoe Square Thru's traveled to Littlefield October 2 to dance with the Littlefield club. Members going were Mr. and Mrs. Hilbert Wisian, Mr. and Mrs. John Bickel, Mr. and Mrs. Eugene Shaw, and Mr. and Mrs. Curby Brantley. The Littlefield banner was at Plainview, the president's and caller's shirts are away at various clubs, so they promised to come to the Oct. 17 Special and bring a shirt, banner or something.

If you are tired of your family's daily routine, try square dancing. The whole family can join in, you'll be in out of the weather, meet a nice group of people and have the best there is in the way of family fun. It's not rated for adults only, nor is identification required, only a friendly square-dance smile. Come to the graduation October 13 at the American Legion Hall and let this group of teenagers show you what they've learned since their lesson started July 22. Visitors are expected from several area clubs, as well as parents and friends of the students. Each of the Square Thru members and their families will be there to greet you.

See you next week-Neida Hunt

AND AWAY HE GOES--Mike Bland is speeding downfield, outracing the players attempting to catch him as he is on his way to score during a seventh grade intramural football game.

Seventh Grade Intramurals Being Played

The Texas Longhorns, coached by Coach Harris, led the seventh grade football league with a total of 22 points.

Oklahoma's Sooners, coached by Coach Graves is second with 20 points and Texas Tech Red Raiders, coached by Ronnie Barrett and Don Heathington, are third with 8 points. Coach Stout's team has not yet scored.

In the first games, the Longhorns barely beat Oklahoma, 14-12. Tech beat Coach Stout's unnamed team, 8-0.

In the second games,

the score was Longhorns 8, Tech 0. Coach Stout's team was beaten by Oklahoma, 8-0.

Obituaries

Oscar Gonzales

Oscar Grancisco Gonzales, infant son of Mr. and Mrs. Larry Gonzales of Route One, Farwell, was born October 1 at 7:08 in West Plains Memorial Hospital in Muleshoe.

The infant, who weighed only one pound at birth, lived for only one hour following his birth.

Graveside services were conducted Friday, October 3, at the Bovina Cemetery. Services were under direction of Singleton Funeral Home of Muleshoe.

THEY HELPED THEIR SCHOOL.....Pictured is Mark Washington, son of Mr. and Mrs. George Washington, with his teacher, Mrs. Katherine Griffin, and Connie Griffin, daughter of Mr. and Mrs. Horton Griffin, with her teacher, Mrs. Pauline Guinn. Mark and Connie sold the most tickets for the DeSizio P-TA hamburger fry from their respective grades.

Pioneer Gas Asks Increase In West Texas

AMARILLO--Pioneer Natural Gas Company has announced its intention to file an application with the Railroad Commission of Texas for an adjustment in the city gate rate for gas delivered to its West Texas system.

A new gate rate will have no immediate effect on gas rates, said Bob Mills, Publication and Information Department of the Pioneer Natural Gas Company. He said "however, such an increase would establish a new cost of gas at the city gate for any subsequent changes in domestic and commercial rates in cities on the West Texas Distribution System, Muleshoe would be included in the increase.

"The last determination of Pioneer's gate rate was based on operating costs and investment values for the year 1961.

Campbell Soup pays \$56-million for 2 tracks.

Since that time the field cost of gas, labor, materials and supplies, as well as interest rates, have gone up frequently and substantially," the Pioneer official noted.

"It is Pioneer's intention to ask the Railroad Commission to establish a city gate rate of 34 cents, plus an allowance for federal surtax, compared to the present rate of 28 cents. The Federal Income Tax 10 percent surtax charge would currently expire December 31. Pending legislation would cause its continuation and the outcome can be better judged during the pendency of the Railroad Commission proceeding. Continuation of the tax at a five percent rate would add approximately one-half cent and continuation of the tax at a 10 percent rate would add approximately one cent.

"Pioneer intends to file its application to the Railroad Commission by October 10," he concluded.

Editorial Confirming Judges

The energy which liberals have shown in attacking President Nixon's latest nominee to the Supreme Court, Clement Haynsworth, and the meat they have come up with after laborious searches into his record and past, should not dismay anyone. Since a Justice stepped down for having accepted a major money payment during his term on the court, Congress has been meticulous in looking over the credentials of those who would sit on it. Even Chief Justice Warren Burger's past was the subject of some adverse publicity before he was confirmed. Haynsworth has been lambasted for stock investments and stock ownership primarily, his critics charging that he should have divested himself of these interests before participating in various cases. But he has also been attacked by liberals as anti-labor and anti-Negro. (Liberals have been successful almost without exception in recent decades in preventing conservatives from being nominated to the high court.)

The latter charges, of course, are questions of political philosophy. Haynsworth certainly does not feel he is anti-labor or anti-Negro, nor does the President and his supporters. In announcing he was sticking by his nomination, and that he thought the Senate would confirm Haynsworth at his latest news conference, President Nixon said he thought an experienced judge with Haynsworth's philosophy and integrity was needed on the high court and would be good for the country. That is the real issue, beneath all the smoke and fury-Haynsworth middle-road or conservative philosophy.

John Tower
United States Senate
COMMITTEE ON ARMED SERVICES

OUR VIETNAM OPTIONS
I believe all Americans are in full agreement that the Vietnam war should be brought to an honorable end at the earliest possible date. We are all seeking peace in Vietnam just as we seek peace worldwide.

I am concerned that in our search for peace we may become so frustrated that we grasp blindly towards our goal without considering an alternative which I believe is available and should be fully considered by the administration and by each of us as individual citizens.

We have tried many avenues toward peace. Each time we have found the way blocked by an attitude of intransigence on the part of the North Vietnamese government.

We have observed an extended moratorium on all bombing of North Vietnam. We have exhibited a great deal of patience with the negotiations in Paris. We have even withdrawn a number of our military forces in the hope that the Hanoi government would reciprocate.

I am fearful that we may grasp at continued withdrawal of our troops as a panacea. Some of my colleagues in the Senate have recently advocated passage of a resolution calling for complete and unilateral withdrawal of U.S. forces from Vietnam according to a specific timetable. Such a resolution would not have the force of law, but it would express the sentiment of a majority of members if passed. I do not believe such a resolution will pass but I am concerned that responsible legislators are considering this possibility.

I am unalterably opposed to any such resolution because I believe our government should be free to use any appropriate method which will actually attain peace. I do not want our administration to feel the only road to peace is unilateral withdrawal.

Any suggestion of complete unilateral withdrawal of our forces from Vietnam serves to fuel war, not promote peace. Should we set a time certain for withdrawal from South Vietnam, we would completely sabotage the negotiation which is currently going on in Paris. The enemy would be encouraged to continue the war beyond a point at which he might otherwise opt for peace.

Adoption of a policy of unilateral withdrawal in accordance with a firmly established timetable would, in reality, amount to capitulation. The credibility of the United States as a world leader would be destroyed and, ultimately, a power vacuum would develop which alien forces would rush to fill.

This would be tragic in light of the fact that with the advent of a new policy by a new administration, there has been little complaint over the world about American posture on Vietnam. Privately, many heads of state encourage us to remain until we can get a satisfactory settlement which results in the arrest of Communist aggression in Southeast Asia.

All of our conciliatory gestures and initiatives have not produced a favorable response from Hanoi. Their strategy is to continue fighting until the United States wears out of the war and surrenders its goal of self-determination for the South Vietnamese people.

The intransigence of the Hanoi government is exhibited by the regime's unwillingness even to identify American servicemen now being held in their prisoner-of-war camps.

Recently, four Texas women traveled all the way to Paris simply to ask the Hanoi representatives there whether they were wives or widows. Finally, a Hanoi spokesman told them they would be informed later by mail whether their husbands were being held prisoner. Further, he said that other family members could make similar inquiries if they would travel to Paris as individuals.

Now such a policy could only have been calculated to increase the anguish being suffered here at home by the mothers, fathers, wives and children of men who are known only to be "missing in action."

I think the time is fast approaching when, in the light of North Vietnamese intransigence, we must consider the exercise of additional military options which are available to us. Among these options are resumption of our bombing activities in the North, interdiction of enemy lines of communication and supply on a saturation basis and the closing of the port of Haiphong.

It becomes increasingly apparent to me that the intensification of military pressure on our enemies is the only thing that will bring them to terms and bring us to peace. I don't believe that we should regard victory as either an evil word or an unattainable goal. I believe that we can achieve military victory with no more of our resources than is already presently available. The policy of restraint, though honestly motivated and worthy of trial, has thus far been unsuccessful.

We should convince Hanoi of our resolve. They are not now convinced and the words of those who advocate unilateral withdrawal only gives them encouragement to keep on fighting.

NEWS NOTES

OPENS NEW AIRPORT
Damascus, Syria—Syria has opened an international airport calling it "the biggest and most modern" in the Middle East. The field is equipped to receive supersonic airliners, including jumbo jets, and two million passengers a year. A 50-room luxury hotel is scheduled for 1971.

THAILAND WITHDRAWALS
Bangkok—Premier Thanom

Kittikachorn reports the first withdrawals of American forces from Thailand is scheduled to begin before December. He did not say how many of the 50,000 Americans would be pulled out.

ON DRUG LAWS
Washington—The American Medical Association has recommended changing Federal drug control laws that would permit medical treatment rather than prison terms for drug addicts, at the discretion of the courts.

From Congressman
BOB PRICE

THE FARM PROGRAM—Part 1
The Secretary of Agriculture unveiled the Nixon Administration's long-anticipated agriculture proposals this week in hearings before the House Agriculture Committee. Secretary Hardin revealed, in broad strokes, the thrust of the Department's thinking on such issues as commodity programs and long-range land retirement. Specifics will have to be spelled out in future messages to Congress.

The Secretary's testimony ran to 14 pages with six additional pages of appendix. In order to report to you as fully as possible, I am going to divide his recommendations into two sections and report this week on commodity programs, saving until next week the issue of resource adjustment through land retirement and other means.

As you are no doubt aware, the present farm program expires December 31, 1970. New legislation must be approved by April of 1970 at the latest, to afford wheat producers and others a chance to study the program and make necessary decisions before planting time. If new legislation is not passed by the time the present act expires, net farm income will decline by about a billion dollars a year.

In trying to arrive at a workable farm program which farmers would support, Secretary Hardin and members of his staff traveled all over the country listening to farmers, commodity groups and farm organizations, weighed the testimony and conferred with House and Senate leaders of both parties. As the Secretary noted in his testimony, "...It is clear to us that farmers want help to bring their incomes up to the level of the national average and that they want a bigger say in decision-making on their own farms."

It is also abundantly clear that neither the House Agriculture Committee, nor the Administration, nor the Republicans, nor the Democrats can pass a farm bill without the other's help.

Whatever program is decided upon, the Secretary reminded the Committee, there must be restraints on production that will permit satisfactory levels of price and income and will "neither inhibit the growth of markets nor place needless obstacles in the way of efficient farm operation." Neither should we concede world markets to our foreign competitors. He invited further comment and response by farm organizations, commodity and producer groups.

Programs for wheat, cotton, and feed grains are the ones that affect most farmers. In addition to proposals already made by various farm organizations, the Secretary proposed a "set-aside" program or, as an alternative, domestic allotment and diversion.

To quote from his testimony on the set-aside program, this would be "a domestic allotment of cotton and wheat and, in addition, a national feed grain base. The feed grain base would be similar to the present one. Price support loans would be offered participating producers who would be required to set-aside a crop acreage equivalent to perhaps 75 to 100 percent of the domestic cotton or wheat allotment and 30 to 50 percent of the feed grain base. No constraints on acreage or production would apply to any crop except the set-aside acreage, which would be in addition to the normal conserving base."

The program would be voluntary. Income support payments would be made to cotton and wheat producers on the normal production of their domestic allotment acreage and to feed grain producers on the normal production of half of their feed grain base. Rates of payment could vary over time and would affect the number of participants and, thus, the acreage in the set-aside. The amount of acreage to be allotted, size of the payment, amount of land

to be diverted as a condition of eligibility for the payment, and the level of the loan would all have to be determined. The allotment would serve only as the basis for calculating the size of the payment and the amount of land to be diverted. After he had diverted the necessary number of acres, he would have full freedom to use the remainder of this land in any way he wished.

The other possible approach is by domestic allotment and diversion. This grants somewhat more freedom to the farmer than present approaches. As in the set-aside, there would be an acreage allotted to each wheat and cotton producer, equal to his computed share of the domestic market. On this allotment he would receive payments. There would be no diversion required for cotton or wheat.

To quote further from Secretary Hardin's testimony: "Feed grains and wheat would be aggregated into a total grain base. There would be no domestic allotment for feed grain. There would be diversion payments to take the desired amount of land out of feed grains. A price-stabilizing loan would be available for participants. Grain producers would be eligible for loans if they produced within their total allotment."

As in the set-aside, this program dispenses with marketing quotas. Wheat and cotton growers, of whom no diversion would be required, could plant whatever they wished on their tilled acreage. Feed grain growers who choose to participate in the program would be required to limit their plantings of feed grains to an acreage equivalent to their base minus the feed grain acreage diverted. Substitution between feed grains, including wheat for feed, would be allowed. Ordinarily the Commodity Credit Corporation would not expect to acquire stocks.

"The domestic allotment approach differs from the set-aside in that it requires no diversion for cotton or wheat. For the feed grains the chief difference is that in the domestic allotment plan the wheat base and the feed grain base are added together to give the new grain base."

Next week I will be reporting on the second part of the Administration's suggested farm program which focuses on Class I Base Plain for Dairy, Payment Limitations, Resource Adjustment Programs, Crop-Land Conversion, Town and County Program, Easement Program, and Programs for Rural People. In the meantime, I would like to have your views on Secretary Hardin's proposals. It will be most helpful to me as your Representative and as a member of the House Agriculture Committee. I was pleased to welcome to my office this week from the 18th District: Mr. Jake Hess, of McLean; Mr. Marshall Formby, Plainview; Mr. Vincent Harmon, Canyon; Mr. Milton Morris, Canyon; Mr. and Mrs. C.E. Wilcox, Phillips; and Mr. W.B. Hooster, Memphis.

"YOU SEEM A LITTLE OVERDEVELOPED TO ME"

All letters to the Editor of reasonable length are welcome and will be published. Letters to the Editor must be signed, however, names will be withheld upon request.

to be diverted as a condition of eligibility for the payment, and the level of the loan would all have to be determined. The allotment would serve only as the basis for calculating the size of the payment and the amount of land to be diverted. After he had diverted the necessary number of acres, he would have full freedom to use the remainder of this land in any way he wished.

COTTON TALKS
FROM PLAINS COTTON GROWERS, INC.

An air of excitement with a decidedly international flavor prevails at Plains Cotton Growers, Inc. as plans near completion for the regional cotton producer organization's thirteenth annual meeting October 10 at 2 p.m. in Lubbock's Ko-Ko Palace.

"Foreign and Domestic Market Development" is the theme of the meeting and considerable emphasis is being given to overseas markets which normally take some two thirds of the cotton grown in PCG's 25 High Plains counties.

Peter Pereira, Program Director of the International Institute for Cotton, headquartered in Brussels, Belgium, is billed as one of the meeting's top attractions. IIC has had more than a little success in building cotton's share of the fiber market in several foreign countries, and Pereira's address is titled "Product Development for Market Penetration."

PCG Executive Vice President Donald Johnson said "PCG is fortunate to secure a speaker of Mr. Pereira's long and varied experience in the world of cotton marketing, and I think we call all profit from his remarks."

Pereira arrived in the U.S. September 28 in conjunction with a U.S. cotton orientation group from Europe. The "team," consisting of spinning mill representatives from eight European countries, will spend almost three weeks in this country. Their purpose is to acquaint themselves with cotton production, processing and merchandising facilities in the Southeast, Texas, Arizona and California.

The group, accompanied by Pereira, a representative of USDA's Foreign Agriculture Service and two representatives of the National Cotton Council, will be in Lubbock on October 7, 8 and 9. The tour arranged for them in and around Lubbock by PCG includes the Texas Tech University Textile Research Center and Texas Tech's agronomic research farms, the Texas A & M Research and Extension Center North of Lubbock, the Plains Cooperative Cotton Association, cottonseed oil mills and field harvesting and ginning operations.

In addition they will have the opportunity to visit with cotton merchants in Lubbock who have an interest in exporting cotton to their respective countries. Spinning mills in Belgium, France, Germany, Italy, Netherlands, Sweden, Switzerland and the United Kingdom are supplied top personnel to participate in the tour.

The team is scheduled to return to Lubbock on October 9, with only Pereira remaining to take part in the PCG annual meeting the following day.

Augmenting the international tang of the 25,000 member association's meeting this year will be color slides and a report on a recent round-the-world cotton study trip made by PCG's president, L.D. (Don) Anderson of Crosbyton.

Anderson attended the International Cotton Advisory Committee meeting, held in Uganda, Africa this past June, and followed up with studies of cotton production practices and costs in Uganda, Tanzania, Kenya, Greece, Turkey and Pakistan.

He also visited spinners and cotton buyers at mills in Bangkok, Hong Kong, Tokyo and Osaka. His part of the program will center on the conclusions reached with regard to the High Plains farmer's ability to compete in the cotton markets of the world.

Of particular interest to the ladies at the meeting will be an all-cotton style show, featuring some 30 ensembles, staged by the 13 women's cotton promotion groups of the 25-county area.

Johnson said all those on the High Plains with an interest in the future of cotton production are invited to attend the meeting.

PCG officers for the 1969-70 year will be elected at a meeting of the Board immediately following adjournment of the membership meeting.

Boll worms, wet weather and scattered hail storms joined forces over the past 30 to 40 days to lop 127,000 bales off the estimated total cotton production for the 25 counties surrounding Lubbock in the territory of Plains Cotton Growers, Inc.

As of October 1 estimated production comes to 1,862,000 bales, down from 1,989,000 bales estimated on September 1. Cotton production estimates are jointly compiled for the area by the Lubbock Cotton Exchange and Plains Cotton Growers on the first of each month each year, August 1 through December 1.

Donald Johnson, PCG Executive Vice President, commented "The drop in the estimated production potential is of course disappointing, but if we reach the current estimate our production will still be up from the area's total for 1968 by 200,000 bales, for an increase of just over 12 percent."

The 25 counties produced 1,662,300 500-pound bales in 1968 according to the Texas Crop and Livestock Reporting Service.

The Flesh Peddlers Are Woman-Haters

BY PAUL HARVEY

Dirty movies, magazines and books now gross more than \$2 billion a year. Pornography is a bigger business than the "legitimate" movie industry.

I am going to use the word "pornography" even though the U.S. Supreme Court cannot define it because you and I know what it is whether they do or not.

You and I grew up with an instinct or a conscience or something telling us what's "dirty" and what's "decent" and we must have been right because there was less crime, less illegitimacy, less venereal disease, less drug addiction, fewer abortions, fewer smashed marriages and less prostitution in junior high school.

How much syphilis can be blamed on permissive parents, submissive educators, compromising clergy and/or lax laws, none can say. Yet FBI Director J. Edgar Hoover affirms that in the possession of almost every sex criminal apprehended is found a quantity of lurid literature.

Lewdy nude movies have become big business. It's not just on Broadway that they are now staging the sex act; these skin-flicks are showing in downtown Dallas. It's the hungry theater owners' answer to TV.

Some states, including New Mexico, Oklahoma, hoping to attract "the motion picture industry" have offered tax and other advantages to producers of exploitation films.

Often the publicity for these low-budget quickies includes more sex, horror and violence than the content of the films themselves, but many—foreign and domestic—are what we used to call "stag movies" which, I am sure, it is unnecessary for me further to define.

Nine Supreme Court justices, average age 64, have been unable to decide what any housewife knows: the difference between what's "art" and what's "dirty."

Repeatedly the court has struck down efforts at censorship so it may be that the Americans with most to lose—those housewives—may have to do a little "demonstrating" of their own.

It's women who are downgraded when sex, flaunted, results in "sex boredom."

Harvard theology Prof. Harvey Cox says if he were a woman he would be insulted by the Playboy philosophy which identifies sex as a plaything and any woman as the playmate.

Actress Virginia Mayo outspokenly suggests that it is "effeminate writers, producers and directors in show business who are purposely showcasing women at the naked worst."

At least some women intend to fight back. Without quite yet knowing how they will fight or with what weapons, the 11 million members of the General Federation of Women's Clubs have launched a campaign to "halt the proliferation of lurid sex, crime and violence in movies, TV, magazines and paperbacks." Federation president Mrs. Walter Magee says, "Self-regulation by the industries involved has not worked. Promises made by the heads of those industries have not been carried out. The entertainment media is increasingly vulgar and offensive."

Through its national magazine, and its 15,000 clubs in 50 states, the federation is suggesting step-by-step procedures on how clubwomen in their respective towns can "crusade for morality."

They intend to reverse the tide. Don't bet they won't. There is no wrath like that of a woman scorned.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm seems to start out on one problem and wind up on another this week, but that's his problem.

Dear Editor:
According to an article in a newspaper I found yesterday in a weed patch while I was hunting for a hoe I know I put there either the past spring or the one before, an expert in business management has come out with a plan to eliminate the traffic congestion in big cities, a problem which is about to choke the cities to death.

His idea is to establish a three-day work week. One shift works three more 10-hour days in a plant, the other then takes over and works three 10-hour days, thus giving everybody a four-day weekend.

The way traffic would be cut down, he explained, is that nobody would live in the city. Everybody would have a home in the country, as much as 350 miles away, and drive in for his three days of work, spend two nights in a rented room, which means he's going to have to get up mighty early the

first morning to get there on time if he's 350 miles away. This expert doesn't say, with everybody living off to himself a few hundred miles from his job, where he's going to put the schools. This may be a major hitch, because, not thinking far enough ahead, most rural areas have now torn down their one-teacher school buildings. I argued against it at the time. I admire this man for trying, but the problem of the cities is getting too big for him. In fact, it's too big for everybody, and is getting further out of hand all the time.

I was checking under my nose out here on this Johnson grass farm the other day and discovered that the water pipes have, after 25 years, begun to rust out and will have to be replaced. Have you ever stopped to think what a city the size of New York is going to do when it finds out its water pipes have rusted out and the entire plumbing system will have to be replaced?

There are some problems in this life too awful to contemplate.

Yours faithfully,
J. A.

WASHINGTON NOTES

MOON ROCK DISPLAY
The National Aeronautics and Space Administration from Houston has flown a single lunar rock about the size of a man's fist and weighing about two pounds to the Smithsonian Institution where the public will have the opportunity to look at the moon rock.

HURRICANE STUDY
The Weather Bureau and the Defense Department have joined to find a better way of predicting the intensity and intentions of killer hurricanes. Work between the two agencies began on an order from President Nixon after Hurricane Camille's destruction.

ON VIETNAM PULLOUT
Senator Charles E. Goodell (R-NY) has asked for a total U.S. troop pullout from Vietnam by December, 1970. Goodell told a news conference recently, "The prosecution of the war with American troops must be ended, not merely reduced."

SCOTT G.O.P. LEADER
Senator Hugh Scott (R-Pa) has been selected as Senate Republican leader, and Senator Robert Griffin (R-Mich) was selected as assistant Republican leader in the Senate.

ON NATION'S CRIME
Crime in the nation rose 9 percent during the first half of 1969, the smallest increase during any six month period in two years, as reported by FBI director J. Edgar Hoover. During the corresponding period in 1968, crime increased 17 percent.
