NEW JUDICIAL DRISTICT.

The lawyers of Frio, Dimmit and LaSalle counties are making an effort to have the judicial district changed by this legisilature, so to put Webb county in another district. As it is at present, the district is Republican, and the Democratic aspirants to the office of District Judge and District Attorney have but little show. It is understood that there is no objection in Webb to us wanting to cut loose, so being agreeable all around there is but little doubt but what there will be some re-districting

One of our citizens has had some correspondence with our representative Hon. F. H. Burmeister, in regard to the matter. and from him it is learned that the districts all down the Rio Grande will be changed. He favors creating a new district out of the counties of McMullen, Frio, LaSalle, Dimmitt and Zavalla, with a new number, giving the power to the Governor to appoint the first District Judge and Attorney. Following is an extract I from a letter from Mr. Burmeister along these lines.

"In regard to the judicial Redistricting bill will say, that I have been requested by several house members to defer the matter, as we intend to reorginize every district from El Paso lown the Rio Grande, river. I have assurance from the Webb County. Representative, that judge Mullaly and District Attorney Valls have no objection to dispense with La Salle, Dimmitt, and Frio Counties and I intend to create a new district composed of McMullen. La Salle, Dimmit, Zavala, and Frio counties under a new number, giving the Govrnor the authority to appoint the first District Judge and District Attorney.

Please, discuss this with your and my frier La Salle County and ad how it suits them."

ve believe this will be factory to all counties conce as the vote of all counties nearly equal that no part of district would have an ac age over the other in naming the fficials after the first term.
