THE PRINCIPLES OF JOSEPH BAILEY.

Mr. Bailey has said that the fight for Governor that is now on is one of principles and not men and he is right about that. To vote for Mr. Bailey for Governor one should be an advocate of the principles he advocates and approve of his record .. n public life.

Bailey is opposed the Federal Reserve Bank and Federal Farm Loan Banks because they interfered with Wall Street in controlling finances and broke up their game of pulling a "panic" when they desired. If you think Bailey was right in this vote for him.

Bailey opposed the Child Labor Law which took thousands of underfed and undeveloped child ren out of the factories and sweat shops. This is . a Bailey principle. If it is yours vote for him.

Bailey opposed the Parcel Post law -one of the greatest conveniences of the farmer and general public. He opposed the Rural Mail Delivery system. These are Bailey Principles. If they are yours vote for him.

Bailey opposed the building of the Panama Canal -the greatest engineering feat of modern times, which connected the Atlantic with the Pacific. It is a Bailey Principle to oppose progress. If it is yours vote for him.

Bailey opposed the National prohibitional law and war-time prohibition. If you oppose them vote for him.

Bailey is in sympathy with a man making his own liquor in his own home out of his own products for his own use. Nice language, but wouldn't it be a picnic for wildcatters and bootleggers and wouldn't the criminal element be pleased to have such a Governor? If you believe in throwing down the prohibition bars in this manner, you should vote for Bailey.

Bailey is opposed to Womans Suffrage because, as he says: "there are already to many ignoran t voters," and "women are not fit to run the governme " " If that is what you believe vote for

Baney opposed the Wilson administration - the greatest administration in the history of our country. If you did not support it, vote for him.

Bailey opposed our country taking a stand for Freedom when the Lusitania was sunk, and when we went to war he raved and said we were sending too many men to France. He refused to lend his great ability and his silver tongue to aid his country. He refused to make a single four minute Liberty Bond speech, because, as he said in Bailey's Northern and Eastern clients. Before his Wichita Falls'speech: "I could not recommend the bonds to my friends because I knew they would depreciate in value." He used his great led by false issues. If you do this there will be

Bailey is opposed to the platform of the San Francisco convention. He is opposed to all that Governor Cox, the Democratic nominee stands for. The great Democratic convention is either wrong in its principles laid down or Joe Bailey is wrong. If Cox is a Democrat Joe Bailey is not. If you are opposed to Cox and the Democratic party vote for Joe Bailey.

Bailey was in the Senate twenty years or more. During all that time he was an objector-he objected to every progressive measure presented, but practically all measures were made laws. During all that time he never introduced a single valuable measure. Bailey can't point out a single one, and neither can his friends. As far as the people are concerned Joe Bailey's place in Congress resulted in nothing for them. [The records will show for themselves]. What he accomplishfor the cororate interests, he and his clients and God alone know. If a big man with 20 years of blank service appeals to you, vote for him for governor.

Bailey went to Congress a poor man. He is a rich man today, owning country homes in the blue hills of Kentucky and race courses and horses. He has for a quarter of a century been aligned with the corporate interests of the country, and there is not on record anywhere that Bailey voted for laws that would be of benefit to the common people. If you believe in helping the corporate interests put men in power who will vigilantly guard their interests against those of the people. vote for Bailey.

Bailey has lived in Washington for eight years na since he left the Senate, as a private citizen, t practicing law. He owns a home there. The only thing he owns and pays taxes on in Texas e is a cemetery lot at Gainsville, and he probably couldn't dispose of that. Gainesville and Cook tis county Texas have publically repudiated him as a citizen. If you do not think that Texas has men I sufficiently capable and big enough to be Governor and it is necessary to import a man from Washington you should vote for Bailey.

Bailey stands with his face to the past. He has always opposed the march of progress. The Congressional Record shows that in one of his speeches he said that it should be made a criminal offense for a man to run an automobile on the highways of Texas. And Bailey says he never

We believe that many men voted for Bailey in the first primary who do no believe in his principles, and were caught solely on his camoflauged false labor issue. Bailey caught thousands yotes by declaring for the "open shop" ho-

the wave of prejudice against lain fact no law will or can ever be passed against the open or closed shop. Bailey offers remedy. He only condemns.

The only plank in Neff's platform that Bailey jumps on is the land plank and he misrepresents that until it is not recognizable. There is nothing in Neff's land plank that would hurt a single resident of Texas. It might apply to some of the next election we hope that every voter will carefully study and weigh the principles of the two men running for Governor, and not be mistalent and ability defending a traitor caught in the net of Uncle Sam's men. If you desire to have a man of this principle for the Governor of Neff will be seated as Governor of Texas.

You Know These Tires Will Not Skid

There's a sense of security in motoring with the unusually non-skid Horse-Shoe Cord Tire. You know your tires will not skid even when you turn corners at 20 miles an hour on wet and slippery pavements.

Each little shoe in the Horse-Shoe tread forms a near-vacuum that takes hold of the road with a stubborn grip which is as effectively anti-skid as tire chains.

Then there is the satisfaction of knowing that the wider tread of this tire gives longer life by wearing down slowly and evenly, making your tire cost-permile surprisingly low.

We shall be glad to prove to you by actual tests why the Horse-Shoe Tire is the safest and most economical tire local motorists can buy.
