Rutherford Makes Presentation Of Award To Conklin

Congressman Himself Is Honored By Ozonians At Banquet Here

"It is an honor to recognize you for what you are, a glorious son of America," Congressman J. T. Rutherford told Carl Conklin Saturday night as he presented the Ozona youth with the J. T. Rutherford award as the outstanding 4-H Club member in Extension Service District 6 for 1955-56.

Young Conklin, son of Mr. and Mrs. W. P. Conklin of Ozona and a freshman student this year in A&M College, is the second to receive the Rutherford award for 4-H Club work. The award went last year to Tommy Barton to Monahans and this year young Barton's sister received the companion award for outstanding 4-H Club girls. Recipients of the award are selected on the basis of their records as 4-H Club members, judged by a committee of county agents and Extension Service personnel.

Congressman Rutherford and young Conklin were jointly honored at a banquet in the school cafeteria sponsored by the Ozona Rotary Club and the Lions Club. L. B. T. Sikes, Ozona superintendent of schools, acted as master of ceremonies.

Bob Scott, area conservationist, introduced the congressman. Mr. Scott pointed out that Crockett county people had seen democracy in action from the grass roots to Washington last summer and for his "untiring efforts on behalf of the Johnson Draw project" praised Congressman Rutherford and declared "we are about to see the fruits of our efforts."

Congressman Rutherford made a brief "report to the people" of his stewardship in Congress, pointing to his opposition to many phases of the foreign aid program, federal aid to education and explained the difficulties of a representative in Congress to sift out the good from the flood of bad that regularly goes into the Congressional hoppers.

In presenting the award to Carl, Congressman Rutherford told of the beginning of his interest in 4-H Club work and declared it one of the most important phases of youth training at work in this country. Because he felt that youth needs recognition and encouragement, he sought permission from 4-H leadership to offer the awards in recognition of overall achievement in all fields.

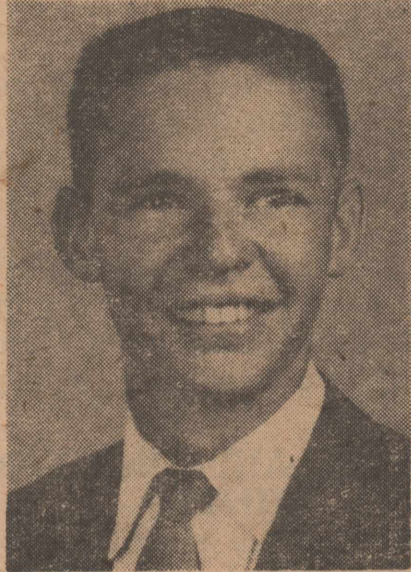

Congressman Rutherford was presented with a Stetson hat, the gift of the Rotary and Lions Clubs on behalf of the citizenship of Crockett county as an expression of their appreciation for the Congressman's splendid work in Washington which brought about final approval of the Johnson Draw flood control project and made possible the start of actual construction work on the series of dams by early next January. The presentation was made by Supt. L. B. T. Sikes who recounted the various stages of the projects progress through the maze of Washington bureaus and Congressman Rutherford's untiring efforts in its behalf and finally his leadership in pushing to enactment in the final stages of the session an amendment which waived the previously enforced waiting period, which, left unchanged, would have meant a year's delay in construction of the flood dams.

E. O. Neville, county agent at Big Lake and district supervisors of the county agents association, presented Congressman Rutherford with a spur clip tie clasp as the person who has done the most toward the encouragement of 4-H Club work in District 6, and area of 25 West Texas counties.

Mr. and Mrs. Ivy Smith of Ozona spent last week-end visiting their son and daughter-in-law, Mr. and Mrs. Ivy Smith, Jr., and children in Kermit.

Congressman J. T. Rutherford

Carl Conklin

West Hill Wells Supply New Source For Water System

Second Well May Produce Up to 500 Gallons Per Minute

A new and apparently prolific source of water for the Ozona water distribution system has been tapped by a well completed recently and put on test pump this week, by the Crockett Water Control and Improvement District.

The new well is the second drilled on property recently acquired by the district on the hill west of Ozona just west of the B. B. Ingham, Jr., home. The first well was found to be a moderate producer, yielding at the rate of approximately 200 gallons per minute after several treatments with acid. Its production will be utilized in the augmented pumping capacity of the system planned in the near future.

The second well was drilled 100 feet west of the first and is apparently as good or possibly better well than the prolific producers drilled on the original water works site on the east side of town. Actual pumping capacity of the well may be determined Friday when pump operators come to make adjustments on the equipment.

The well was pumped at a rate exceeding 300 gallons per minute Wednesday for five hours and then for another hour was pumped at the full capacity of the pump, estimated to be between 400 and 500 gallons per minute and there was no break in water suction. Operators plan to remove the engine governor and pump at full capacity of the motor Friday, which will make a probable yield of more than 500 gallons per minute.

The water district sought the west hill water supply as a means of augmenting the local supply, possibly a new water source altogether, and by pumping into mains on that side of town, to equalize pressures throughout the system. Bill Cooper, system manager, said, The west hill area, scene of recent town expansion through new residence construction, has been served with water by means of a booster pump installed in the line. Addition of pumping facilities on the hill, with possibly additional storage later, will obviate the necessity for the booster pump and equalize pressure throughout the system.

The water district owns a lot 100 by 200 feet where the new wells are located.

Christmas Cards should be ordered now to insure delivery in time for mailing before Christmas. Don't delay. See our sample books. The Ozona Stockman.

Cancel Rocksprings Cage Game; Mertzon to Open Season Here Tues.

By Ernie Boyd

Coaches J. A. Pelto and Fred Hickman greeted 24 candidates for the 1956-57 Ozona School basketball team Monday and drills have been under way sharpening up ball handling, shooting dribbling and conditioning in preparation for the season opener against Mertzon next Tuesday at Davidson Gym.

The Lions had planned to open this Friday with a game against Rocksprings here in Ozona, but it was decided to cancel the game in view of the interest in the Sonora-Big Lake football game to be played in Sonora Friday night.

Two seniors, seven juniors, seven sophomores and 18 freshmen made up the squad, and for the third year in a row prospects for a strong freshman team were very good.

For the first time in several years Coach Pelto expects to have a fairly strong bench from the beginning of the season. For the last three years players have come off the bench in late season and provided the punch to enable the Lions to win, but this season even though the ball club is young and is not expected to be the poised units of the past, the reserve strength may be far greater.

A battle for starting positions is shaping up between Rodney Franklin 6' 1", Kent Babb, 5' 11", Jerry Jacobs, 5' 11", Cico Cervantez, 5' 11", Humberto Cervantez, 5' 10" and Jake Young 6' for the three front positions with all likely to prove capable of holding down one of the positions.

At guard Bobby Sutton, Bobby Vargas, and Stanley Williams along with Tomas Lopez and David Sikes will be strong contenders. Williams may win a forward position, however, and either lessen cause someone else to shift into the competition for guard or that fight.

Those who reported for practice Monday were: Jake Young, Stan Williams, Kent Babb, Jerry Jacobs, Bobby Sutton, Tomas Lopez, Rodney Franklin, Bobby Vargas, Cico Cervantez, Humberto Cervantez, David Sikes, Johnny Jones, Orville Paulk, Bill Black, Edwin Reeves, Don Powers, Alonzo Lopez, Royce Ballinger, Joe McMullan, Bill Petty, Adolph Rivera, Troy Dale, Alonzo Galindo, John Gilliam, Ronnie Beal, Roy Killingsworth, Pierce Miller, Joe Friend, Muggins Good, Humberto Rodriguez, Roland Carnes, Jim Williams, Tommy Stokes, Mike Grover.

Woman's Forum Plans Doll Sale, Plays For Guest Day Program

A religious program was featured at the meeting of the Ozona Woman's Forum Tuesday at the home of Mrs. Boyd Baker. Mrs. Pete Jacoby assisted Mrs. Baker as hostess.

Mrs. L. B. Cox, III, gave a report on the meeting in Sonora honoring Mrs. A. J. House of Yoakum, president of the Texas Federation of Women's Clubs. A letter to the club from Mrs. Sam Logan from Saudi Arabia, was read to the club.

It was announced that the club again will dress a doll for sale for Christmas, proceeds to go to charity work of the club, with emphasis on gifts for Boys Ranch.

Rehearsals are to start soon on two comedies to be presented by club members on their guest day program. The plays will be "Amazing Arabella" and "The Day After Christmas." Plans are also being made to entertain boys at Boys Ranch with a Christmas dinner here in December.

Members present were Meses: Pleas Childress, C. O. Walker, Pete Jacoby, John Coates, Joe Tom Davidson, Carl Appel, L. B. Cox, III, Dempster Jones, Jim Ad Harvick, Charles Williams, Jr., Marshall Montgomery, Charley Black, Boyd Baker, Nip Blackstone, Joe S. Pierce, III, Austin Millsbaugh, B. B. Ingham, Jr., Fred Hagelstein, Beecher Montgomery, James Childress, W. H. Whitaker, P. C. Perner and T. J. Bailey.

Dam Construction Expected To Start By Middle Of Jan.

Core Testing Now Under Way To Be Complete In 6 Weeks

Core testing to determine earth formations under the dam sites and basins are under way at the locations of the seven proposed flood retardation dams above Ozona on Johnson draw while engineers of the Soil Conservation Service are engaged in the preparation of final detailed plans for the dam construction, expected to start by mid-January, 1957.

Field data has been gathered by the engineering staff and core testing rigs moved in last week to make the core tests, Bob Scott, area conservationist with the SCS, reported this week. The core tests are made in the area of each dam to determine the amount of soil available for the actual construction and the nature of the foundation for each structure. This work is expected to be completed in about six weeks, Mr. Scott said.

Meanwhile, engineers are preparing plans and specifications for the first three of the dams to be constructed and expect to be ready to let contracts in early January. This will mean that construction can actually get under way about the middle of January and at least three of the dams completed before spring.

The Nos. 1, 2 and 3, on the Boyd Baker, W. R. Baggett and Jack Holt ranches respectively, the three dams farthest north on the watershed.

The dams when completed will be about 50 feet in height and from 1,500 to 2,000 feet long, with spillway at one end and down tube in the center of the sedimentation basin.

Johnson Sparks Sonora To District Flag With 37-6 Over Eldorado

By Ernie Boyd

The Sonora Broncos powered by the sensational performance of George Johnson and a superb defensive effort by the entire ball club, crushed Eldorado in Sonora last Friday night to win the District 8-A title.

The final score, which read 37 to 6 in favor of the Broncos, does not completely reveal the unevenness of the contest which was witnessed by a large crowd from Ozona.

Johnson turned in such an overwhelming job that the last half of the contest found the fans speculating on what he would do and showing little concern over what the previously favored Eldorado squad might do.

The Eagles committed a classic mistake on the first Sonora passing effort by trying to rush and Johnson made the most of it by setting up the first touchdown on the resulting run.

In brief, Johnson passed with superb accuracy and amazing range even though his receivers failed to hold on to most of the near perfect passes, Johnson's kicking was exceptional, once kicking 45 yards out of bounds on the one foot line and his running time and again went all the way for the td.

Sonora showed surprising strength on defense and got fine play from Smith, Love, Castor, Adams, and Galindo among others.

The Sonora win coupled with the Thursday victory by Ozona over Menard completed the district standing which are as follows:

| Team | W | L | Pct |
|----------|---|---|------|
| Sonora | 4 | 0 | 1000 |
| Eldorado | 3 | 1 | 750 |
| Ozona | 2 | 2 | 500 |
| Junction | 0 | 4 | 000 |

Miss Carol Blackstone, daughter of Mr. and Mrs. Nip Blackstone of Ozona, was one of four Southwestern University students who attended a Poetry Reading Festival at Baylor University. Carol is a freshman at Southwestern.

Sonora And Big Lake In Bi-District Mele At Sonora Fri. Night

By Ernie Boyd

The Sonora Broncos and the Big Lake Owls will meet Friday night in Sonora at 7:30 to determine the bi-district champion of district 8-A and District 7-A.

Sonora clinched the district 8-A title with a 37 to 6 win over Eldorado last Friday night and Big Lake won its district with a 28 to 7 win over Iraan.

Ozona played both of these teams during the regular season losing to Big Lake 46 to 19 and to Sonora 21 to 19. The Big Lake game, however, was the Lions first contest and comparative scores mean little anyway.

Sonora and Big Lake officials met in Ozona Saturday afternoon and Sonora won the flip, setting the game in Sonora.

Both teams are undefeated, with Sonora having a 10 won and 0 lost record while Big Lake has won 9 lost 0 and tied 1.

Big Lake will have a weight advantage and a strong passing game in its favor but Sonora will have George Johnson.

Lions Finish In 3rd Place With Win Over Menard

Six Seniors Close Careers With 21-7 Final Victory

By Ernie Boyd

The Ozona Lions clinched third place and closed their 1956 football season last Thursday night as they decisively downed the Menard Yellowjackets 21 to 7.

Six Ozona seniors closed their high school football careers in what was probably the Lions best effort of the year. The victory brought the Lions season record to six wins and four losses and their district record to 2 wins and 2 losses.

The Lions lost little time getting under way before a sparse crowd at Lion Stadium, as they took the opening kickoff and rolled seventy yards for the game's first score.

Bobby Sutton covered the last 16 yards and converted his first of three extra points to give the Lions a first quarter 7 to 0 margin.

The Lion defense gave ground grudgingly as Jake Young, Jess Marley, Jimmy Brown, Roy Glen Sutton, and B. B. Ingram turned in fine performances for Coach Sonny Cleeres forwards.

The Lions counted twice in the second period on drives of 72 and 55 yards and went to the half time rest period with a 21 to 0 margin.

Robert Martinez capped the second drive on one of the most spectacular plays of the game when he recaptured a fumble on the Menard eight yard line and ran almost all the way across the field eluding three tackles to score just inside the flag.

The play had originated on the Lion one and went into the records as a one yard gain despite Martinez eight yard gallop.

Bobby Sutton punched over the third score minutes later when Menard punted for the only kick of the game. George Bunger fielded the kick and returned it to the Ozona 45 and from there the Lions moved to the final score for the home team. Sutton, Babb and Martinez did most of the grinding with Sutton charging over from the three.

Menard came back strong in the third period and dominated play in that quarter but the rugged Lions defense yielded but one score and completely took over in the fourth period to clinch the contest for the Lions.

Menard was able to garner but 28 yards on the ground in the last half and nearly all of that, in the third period when the Yellowjackets used two fifteen yard penalties and two completed passes to (Continued on Last Page)

Continental Oil Company District Offices Open Here

Twelve Employees Supervise Operations In Thirteen Counties

Continental Oil Co., the production giant and Crockett county's biggest taxpayer, this week moved in its crew to man the new district offices established here in a new building just completed by Troy Williams for company use.

The new building, a modern structure which boasts eight offices plus reception room, utility room and storage, is of tile and brick construction and air conditioned. It is located on a lot just west of the Troy Williams Motor Co., Studebaker dealers.

Paul T. Jacobs is district superintendent in charge of the district operations, known as the Crockett District. The District embraces Continental operations in thirteen West Texas counties, including Crockett, Brewster, Pecos, Terrell, Val Verde, Edwards, Kimble, Sutton, Crane, Upton, Reagan, Menard and Schleicher. To keep in touch with this far flung territory, Continental will maintain short wave radio facilities, with the Ozona office as the nerve center of the company's operations in the district.

The district office was moved to Ozona from Todd Field, in this county. Twelve employees, including the district superintendent, will be located in the new offices, including one clerk who has been stationed at a sub-district office in McCamey.

The personnel of the district office include the superintendent, the district chief clerk, district engineer, three foremen and six clerks. Ray Collins is district clerk; Milton Barber, district engineer; O. Q. Alford, production foreman; Roy Pearson, production foreman; Dean Nichols, drilling foreman; and clerks are Melvin Richardson, Pete George, Jake Mullins, Meade Thomas, Mrs. Dorothy McElreath and Ty Tolle. Mr. Tolle, who has been in charge of the McCamey sub-district office, is presently on vacation, but will report to the new office here at its end.

Mrs. Pearson Named Clerk In FHA Office

Walter T. McKay, State Director, at Dallas, has announced the appointment of Mrs. Louisa S. Pearson as County Office Clerk for Emergency Loans in the local Farmers Home Administration Office. Mrs. Pearson will enter on duty on November 19, 1956.

Mrs. Pearson was reared on a farm in Central Texas, and has lived in Ozona for the past three years. She is a graduate of East Mountain High School, Gilmer, Texas. Mrs. Pearson has worked for the Crockett County Abstract Company. Prior to moving to Ozona, she was employed as a clerk at the Monsanto Chemical Company and a TNT manufacturing company at Karnack, Texas.

Winter's Coldest Weather Strikes Here

Winter's coldest weather descended on this area last night, with the thermometer hanging around the 26 degree mark in early morning.

The cold, which has blanketed the state in a wave which descended on Texas Tuesday night, reached about the freezing point Tuesday night but sagged far below last night. The freeze started the autumn leaves, colored for the first time in several years by earlier nippy fall weather, floating down to the ground.

A NEW ATTITUDE

In his telegram of congratulation to President Eisenhower, Governor Stevenson said truly: "You have won not only the election, but also an expression of the great confidence of the American people."

The President's victory, of avalanche proportions, amounted to an almost unprecedented personal tribute. There can be no doubt that he is the most popular figure of his time, and that tens of millions of Americans, all partisan considerations to one side, look on him with the utmost trust and with that still rarer feeling, affection.

But there is infinitely more to the Eisenhower victory than a personal achievement. What is of enduring importance is the attitude of mind and heart that the President has brought to the most demanding and exalted position on earth.

Mr. Eisenhower's over-riding interest is in people — not just people in the mass, but people as individuals. His speeches, formal and informal, almost invariably stress the theme of individual freedom, and urge the kind of government in which that freedom may flower. He finds the super, centralized state dangerous and distasteful, and believes profoundly in what we can do for ourselves.

A great many supporters of the President, of course, have disagreed and will again disagree with him on various issues. Such disagreement is the essence of the democratic process. But his basic philosophy is solidly in the old,

free American tradition. Finally, another thing said by Governor Stevenson in his election-night telegram should be remembered in the unpredictable days that lie ahead: "Tonight we are not Republicans and Democrats, but Americans."

MORE LIVESTOCK NEEDED

The following is from a Wall Street Journal news column: "To feed 1975's bigger, more prosperous population, federal prophets say, the nation will need 23 per cent more livestock and livestock products and 22 per cent more crops. The experts figure farmers will have to produce one-third more cattle, two-fifths more hogs, one-fourth more milk, two-fifths more eggs and chickens."

This is good news for livestock people, as well as the producers of the other farm products which will be in stronger demand. Also, of course, it presents a challenge. Meat production, particularly, must be planned on a long-term basis. Nature has her implacable laws, and you can't materially increase livestock herds in a hurry.

But every precedent indicate that U. S. agriculture will produce all the steers, hogs and other meat animals that the country can use. They always have — and in periods when both total and per capita demand have increased sharply. There are good reasons why that should be so.

For one thing, meat animals provide farmers with their largest single source of cash income. For another, there is an established market for these animals that operates every business day of the year — prices vary, naturally, but the market is always there. Most important of all, livestock production isn't subjected to government restrictions as are the subsidized crops. It is conducted within the framework of our free enterprise system — and individual producers, not the bureaucrats, have the power of decision. That works to the long range advantage of everyone concerned — all the way from farm and ranch to the nation's dining tables.

Mr. and Mrs. Bill Lehmborg and daughter are spending today with Mr. and Mrs. W. D. Cooper. Mr. Lehmborg is county agent at Ahson, is a brother of Mrs. Cooper.

Dear Santa I would like to have a ballerina doll. I would also like to have a puppet. Can't think of anything else so goodbye.

Much love, Barbara

TROOP 8 REPORTS

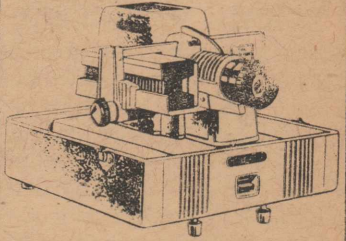

Girl Scouts of Troop 8 had their first official meeting Monday, with Mrs. Gene Lilly as leader.

Officers were elected as follows: President, Cheryl Clayton; vice-president, Robin Jones; secretary, Arlene Gotcher; treasurer, Marty Burt; reporter, Betty Binnicker. The girls enjoyed candy bars, cokes and cookies, and sang songs before the meeting. Several girls earned badges during the summer. Present were Marty Burt, Betty Binnicker, Robin Jones, Cheryl Clayton, Arlene Gotcher, Priscilla Spurgers, Mary Parker, Gracie Chandler, Jan Smith and Helen McCaleb.

**HIGHLIGHTS
AND
SIDELIGHTS
From State Capitol**

By Vern Sanford
Texas Press Association

Austin, Texas — Texas' 56th Legislature will have much of its work cut out for it by Jan. 8.

State agencies and public and semi-public groups by the score are busy drawing up desired changes in state laws. Almost every day brings one or more public appeals pinpointing some proposed enactment as vital to stage progress.

Some want certain laws liberalized. Others want them tightened. Many departments of State Government seek new or increased appropriations.

Costly Change — At an approximate cost of \$1.00 per vote, Texans have approved a plan to aid the permanently disabled.

It was the third time in history the Legislature had fumbled its calendar in setting a constitutional amendment election. Eight amendments were taken care of with the general election. But the ninth, by error, was dated for a week later.

Confused or short of funds, nine counties held no election. Another held it a week early. In all, some 200,000 straggled to the polls. Estimated cost: \$20,000.

Under the amendment, qualified persons will receive \$58 a month, \$20 from the state, balance from federal funds.

NAACP Seeks Move — Next encounter between the state and the NAACP will be in Tyler district court Dec. 3. NAACP will then seek to have the site of future hearings changed from Tyler to Dallas or Austin.

Last month in Tyler Dist. Judge Otis T. Dunagan granted a temporary injunction against operation of the NAACP in Texas. Defendants gave oral notice of appeal.

Since, the organization abandoned appeal efforts and asked for a full trial on merits. It loses this, the injunction becomes permanent.

Oil Boost Okayed — Texas' December oil allowable will be 3,442,592 barrels daily — an increase of 75,503 barrels a day.

A 16-day producing pattern was set by the Railroad Commission, compared to 15 days in November.

In announcing the 16-day pattern, Comm. Chmn. William Murray said the commission could issue a half-month emergency order later if necessary.

LADIES GOLF ASSN.

The Ladies Golf Association met last Thursday for the monthly luncheon and bridge play. Mrs. J. S. Pierce, III, and Mrs. Jack Wilkins were hostesses.

High score in bridge went to Mrs. Joe Pierce, Jr., low to Mrs. P. C. Perner and bingo to Mrs. Jack Wilkins. A prize is being offered by Mrs. Jess Marley in the golf ringer tournament which will end on December 13 at the luncheon.

Present were Mrs. Sherman Taylor, Mrs. Hillery Phillips, Mrs. Clay Adams, Mrs. Jess Marley, Mrs. Dempster Jones, Mrs. Byron Stuart, Mrs. Marshall Montgomery, Mrs. V. I. Pierce, Mrs. Jack Wilkins, Mrs. J. S. Pierce, III, Mrs. Joe Pierce, Jr., and guests Mrs. Sid Millsbaugh, Jr., and Mrs. P. C. Perner.

**Ozona Club Women
Hear State President
In Sonora Meeting**

Mrs. A. J. House of Yoakum, Texas, president of the Texas Federation of Women's Clubs, was guest speaker at a coffee last Saturday held at the Woman's Club House in Sonora and was attended by a large delegation of women from the two federated clubs in Ozona, the Ozona Woman's Club and the Woman's Forum.

The meeting opened with the reciting of the club, collect led by Mrs. Ben Cusenbary of Sonora.

Mrs. House spoke on the federation objectives and the plans of her administration. The motto of the federation is service, she said. The Federation this year is stressing Oriental Scholarships as its project in the belief that education brings understanding between peoples. The Federation stresses also the American home, Texas heritage, community affairs, Americanism and religion. A new study of the Federation this year is religions of the world, and principals themes for the year are Courtesy and Encouragement.

The Ozona women were guests of the Sonora Woman's Club. Attending from Ozona were Mrs. L. B. Cox, III, and Mrs. Joe Clayton from the Woman's Forum and from the Ozona Woman's Club were Mrs. J. W. Henderson, Mrs. J. A. Fussell, Mrs. S. M. Harvick, Mrs. Joe Pierce, Jr., Mrs. A. C. Hoover, Mrs. P. O. Hatley, Mrs. Ben Lemmons, Mrs. L. B. Cox, Jr., Mrs. John R. Bailey, Mrs. Hortense Davenport, Mrs. Hubert Baker, Mrs. O. L. Sims and Mrs. Opal Phoenix of Atlanta, Ga.

**Letters
To The Editor**

Dear Editor:

Please accept my apology for too long delayed check in payment for my subscription and for that of Mrs. Elizabeth T. Andrews to your newsy and most wonderful paper.

The two to one victory that the voters of Crockett County gave the Eisenhower-Nixon ticket is due, in my opinion, to the splendid and fair manner in which your columns presented the issues and the facts of the four personalities involved.

Then, too, to you is due the thanks of the citizens of this state in electing Price Daniel as our Governor instead of the Labor Union supported candidate for his third attempt to become Governor of this wonderful state of ours.

Keep up the good work in combatting all such influences that would destroy us; or at least destroy our individual rights.

With kind regards and best wishes, I am yours sincerely,
J. M. Hefner
Dallas, Texas.

THE LION'S ROAR

PUBLISHED BY STUDENTS OF THE JOURNALISM DEPARTMENT—OZONA HIGH SCHOOL

OUR WISH TO YOU

To our students, faculty and readers, the Lions Roar Staff wishes to extend a very Happy Thanksgiving. Remember to thank God this year of 1957, for his boundless blessings on us.

FOOTBALL CAPTAINS

Have you seen four senior boys walking around looking important? Kent Babb, George Bunker, Jesse Marley, and Roy Glen Sutton have been elected co-captains of the football team.

Kent, our fullback, had a little hard luck with his back. You know how to get in there and get after 'em, though, Babb! All those points you made for us really helped.

Number "22" was seen a lot during the season. George, our fast halfback, also saw action from the bench — or rather from a hospital bed. He was injured the Monday afternoon before the Sonora game. We could have used you over there, Porgie!

Jesse Loy stopped a lot of boys, and we all agree that he is big enough. Number "72" was seen getting up last off the pile more than several times. Good work, Lou! Did you appreciate the extra encouragement you received from the sidelines?

Roy Glen proved that he knew what to do and when. A fast guard, Satan saw plenty of action. Johnson know Satan had been in the game! We're proud of you, boy; you had a fine season.

Next year we'll miss these Lions in the line-up, but we want to wish them the best of everything. The boys elected these four seniors to represent their team. Don't you think they chose wisely?

HIT PARADE & O. H. S.

Mr. Harlan is singing "Just Walking in the Rain" now a days. Except his "rain" happens to be the tears of his poor failing seniors.

Every one is wondering about the "Green Door" alias Mr. Babb's 5th period history class. They boast the oddest things: Discussions on Prairie Dogs, bursts of laughter and everything.

The football boys are jubilantly singing "Blueberry (?) Hill". But it probably wont last for long, right Mr. Pelto?

With six week's test this week, seems the song most heard is "Don't Be Cruel," dedicated to the teachers, of course.

In reply, the teachers sing, "You ain't nothing but a Hound

Dog!" Poor kids!

With the football banquet coming up, we see the girls waiting on the football boys, hand and foot with the urgent plea—"Friendly Persuasion."

A senior ring worn on the ring finger means, "Look at me, I'm a big senior!" But worn around the neck, it has an entirely different meaning; "You Belong to Me!"

In a few years one of the well known young ladies around Ozona will be Cynthia Harlan. Meanwhile, we would like to make mention of her song which is also up and coming; "Cindy".

FADS AND FASHIONS

One of the newer fads around the country seems to be the car coat. There are many of the girls that have them here in Ozona High School. Let's name a few of the girls that seem to keep up the new fads. Mary Jo Ward seemed to be one of the first in her army colored one, lined in a gay figure. Linda Millsbaugh and Becky Davidson almost twins in light tan coats just alike. They have a charming little hood all lined in brown fur.

Many of the girls have theirs lined in a gay figured material and among this group falls Diane Phillips.

Then, too, as something different, there are the ones that are lined in quilted rayon the color of the coat. These include Sally Baggett in blue and Alleane Young in red.

I guess the boys could be included in the group that own car coats. They have their heavy park as which the girls' car coats were copied after. So, see boys, you were the first with the idea.

As this idea catches on more and more in the country. There will be more and more of these coats seen in the Halls of O. H. S. Lets keep an eye open for more of them and we shall report them to the people.

SENIOR CLASS NEWS

Football season is over! All of the seniors are looking forward to opening the concession stand in the gym for the basketball game tonight. We would like to thank all of the senior mothers for their help in making cookies, cupcakes, and sandwiches for the concession stand at the football games. We will be calling on all of the mothers again soon to help make our concession stand at the basketball games as great a success as we had in the football season.

SCOTIMOUSH REPORTS

Some exciting things have happened this week!

For one thing: We played our last game and won and a good dance was given afterwards!

The Band had an exciting weekend. They went to Alpine for Band Day. The parade nearly conked everyone out, but it seems that they survived! The dance held that night was wonderful! The Sul Ross Dance Band played bop, waltz, cha-cha-cha, and jitterbug music. That night many things happened! It seems that Hannus likes to talk to himself. The girls like to lick toothpaste off the doors too!

One girl, called Bev, simply loves to scramble over horse shoes in her bed and count bottles! She also seems to enjoy having her pajamas tied in knots! Sunday morning sponsors, girls, and boys alike looked SHOT! It seems that everyone was kept awake. Leroy got lost that night too! Through their bleary eyed stare, the kids still had strength enough to climb to the top of a hill by Fort Davis and raise the Ozona sign. (That's important history). The Band kids are happy to report that Benny, Johnny, Arturo, Raul, all the Sowers, Jody and kids from N. Mex. and other towns are doing fine!

Saturday night the home-fires were kept burning by Tooter and Kathy Judy and Milton — Jess and Alma, Wanda and George — Kent and Camille — Genelle and Scooty — Rod and Mary Jo.

The three Sonny Hendersons have a beautiful new Lincoln. It's push-button everything! The only thing that's missing is the "electric diaper changer." Can't ever tell — manufactures might have them in the next cars.

Don tells us that he may bring

a new boy back from his hometown! O! Boy!

There's a cute new "Fish" girl in the halls! I don't have any available data on her, but you can probably ask any boy what you want to know! I hear that her name is Sue; she also has a cute "Fish" brother.

Anchors aweigh is floating in the air. Buskey and Charley arrived in town this week-end from Calif. We're glad to see their of familiar faces again!

Save your confederate money the South will rise again!

VICTORY DANCE

After the game last Thursday, everybody adjourned to the country club for a victory dance given by the cheerleaders and twirlers.

Everyone was happy because we won our game; but a few seniors were going around with a long face. They seemed to have been thinking that that would be their last game to play, cheerlead, or twirl. But, in all, they all had a nice time.

Punch, bean dip, and fritos were served for refreshments. About 11 o'clock everyone one started for home because Friday would be a school day.

THE LITTLE DOG LAUGHED

For the past five or six weeks a few of our Juniors and Seniors have been working very hard on the Junior Play, The Little Dog Laughed. The play is to be given sometime in the middle of January but a definite date has not been set.

In the play Laurie Huntington, a sophomore majoring in psychology, played by Genelle Childress comes home from college to find instead of a normal well-adjusted family, a bunch of psychological knots, or so she thinks.

Really things aren't quiet that bad. Sid Huntington, her father, played by Jimmy Carroll isn't quiet his normal self because Ted Wood, his hated rival in the used

car business, played by Jonathan Burton, is about to smatch up a much-coveted dealership.

So . . . Laurie, confident that her college courses in psychology quality her to straighten out her family's trouble, goes to work immediately. Almost before you can say "Pavlov's dog" she has the whole family walking around with thermometers in their mouths, taking work association tests, blood-to-the-brain tests and plenty of endurance tests.

Laurie's interference completely finishes her brother Wally's (played by Durwood Wylie,) romance with Joan Wood, Ted Wood's daughter, played by Gwynel Walker. And then at an all important tea Laurie (goaded by some unkind remarks) gives her mother's guests the Zombrowski Ink Blot Test and lays bare the inner personalities of all of them. Infuriated, they stalk out of the house while her mother (played

TWO BLADES OF GRASS

— where one grew before

We have many blessings to be thankful for on this THANKSGIVING DAY. We haven't suffered bad storms. We haven't had epidemics of the dread diseases. We have not had hungry people lined up before "Soup Kitchens." Many blessings have come our way — this THANKSGIVING DAY.

Because of adverse conditions caused by the lack of rainfall, all of us must double our efforts... we must make TWO BLADES OF GRASS grow where one grew before.

We, in the West Texas Utilities Company, are doing this very thing. We have spent, in the past 10 years, 56 million dollars on new equipment and installations. We are looking at both today and tomorrow, forming plans and working to keep ahead of the needs for electric power in the area we serve. We have confidence in West Texas and its people; we know they will do their best to make TWO BLADES OF GRASS GROW where one grew before.

West Texas Utilities
Company

Lions Roar

(Continued From Page Four)

by Dartha Melton) looks on helplessly.

That night after Laurie has gone on a date with handsome, but moody, Mark Bradford played by Joe Clayton, the family decides to do a little purging on their own. What happens is a rib tickling experience that everyone will remember for a long time. This is truly one of the funniest plays that has ever been given in our high school and we're sure that everyone will enjoy it thoroughly.

Other members of the cast are Wanda McCaleb, Bobby Estes, Liz Pearson, Beverly Killingsworth, Judy Patterson, Mary Jo Ward and Faye Phillips. Director is Haskell Leath and assistant directors are Judy Patterson and Gearline Long.

Garden Club Reminders

By Bob Scott

Chemistry has to its credit so many accomplishments that it would seem mere routine to analyze the soil for the various nutrient elements and immediately detect the constituents limiting plant growth.

Not only this but the analysis in the public mind is conceived to be easily interpreted in terms of the amount of fertilizer that should be applied to rectify the difficulty. However, this is not the case as there are too many interrelating factors. The chemical analysis shows the amount of certain elements present but does not indicate their availability to plants until several other factors are taken into consideration.

There is no soil procedure so little understood in general and at the same time so greatly overrated.

In this section of the country, almost without exception the only lacking elements are found in the base of most fertilizers of N-P-K

(nitrogen, phosphorous and potassium).

This bulletin gives a concise summary of the different minerals; what each does in the plant, and what the lack of each does.

Effects of Nutrients

The presence of absence of a certain plant nutrient has a definite effect on plant growth. Application of one element usually will not substitute for the shortage of another.

It is well, therefore, to understand some of the effects of these various nutrients in order to appreciate the role each plays in plant development.

Effects of Nitrogen

Encourages vegetative growth. Causes a deep-green leaf color by increasing chlorophyll.

Increases plumpness and protein of grain.

In excessive quantity: produces a delayed maturity, increases tendency to lodge, increases susceptibility to diseases, decreases resistance to drouth, causes plant to fail to set fruit, causes sappy growth and promotes winter killing, causes fruit to be watery and of poor quality.

A deficiency of available nitrogen results in stunted plants with

restricted root system. The leaves turn yellow and yellowish-green and drop off some plants. Yields and quality are reduced.

Effects of Phosphorous

Encourages root growth, especially the lateral and fibrous roots.

Hastens maturity of the crop; flowering and fruiting depend on it.

Increases resistance. Is essential to seed production.

Effects of Potassium

Improves plant vigor. Increase resistance of diseases.

Encourages root development. Delays maturity, thus balancing the effect of phosphorous.

Encourages tuber development. Is needed in the development of chlorophyll.

Offsets bad effects of excessive nitrogen and phosphorous.

Increases drouth resistance.

FOURTH GRADE BROWNIES

The fourth grade Brownies elected officers Wednesday. Elected president was Joslene Butterfield; vice president, Linda Leath; secretary, Janice Walker; ser-

geant-at-arms, Diana Couch; hostess, Mary Jane Dunlap; treasurer, Willene Rackley; nurse, Linda Miller; reporter, Vicki Applewhite; house cleaner, Jan Paulk. Phone News to The Stockman

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Nov. 21, 1927

A high wind proved the undoing of Vernon Cox, the "flying ranchman" here Sunday afternoon when in a landing on the field at the southern edge of town, a strong wind caught under the wing of his plane and tipped it over as he taxied down the field. The plane was badly damaged but the pilot and his passenger, Miller Robison, 12-year-old son of Mr. and Mrs. P. T. Robison, both escaped injury.

A reception honoring charter members of the Ozona Order of the Eastern Star was given by the chapter in the Masonic hall Friday evening. Seven charter members of the order now living in Ozona were in attendance. They were Mr. and Mrs. W. D. Barton, Mr. and Mrs. S. E. Couch, Mrs. Kate Baggett, Mrs. Alice Baggett and Mrs. Nell Childress. The Ozona chapter was organized 22 years ago with 22 members, all of them still living.

Mr. and Mrs. H. J. Elledge are the parents of a son born Monday, Nov. 14. The newcomer has been named Henry James Elledge, Jr.

Arthur Kyle, fullback, was the most valuable all-around player on the 1927 Ozona High School football squad in the opinion of a committee of judges and in recognition of his work on the team he was awarded the Flowers cup for the most valuable player on the team. The award was made Wednesday afternoon by Coach J. A. Floyd at a meeting of the David Crockett Literary Club, the committee having made its report the

first of the week. George Bunger, tackle, was given honorable mention. Edward Deland won the cup in 1925, the first year it was awarded. He team did not finish the season last year and as a consequence the cup was not awarded.

Mrs. Frank Friend and daughter, Hazel, who have been in Austin since September where Mrs. Friend is attending the University of Texas, are spending Thanksgiving at home.

Dropping the last game of the season here Saturday to Big Lake by a score of 20 to 0, the Ozona High School Lions finished the season with a string of defeats marred by only one victory, against Rocksprings. The starting line-up was: Ed Grimmer, center; Dean Phillips, rg; Carlton Phillips, rt; George Bunger, lt; Herman Chandler, re; Dock Lee, le; Arthur Kyle, fb; Walter Kyle, lb; Cal Word, rh, and P. C. Coates, qb.

Hugh Chilress, Jr., and Misses Maggie May Kay and Tessie Kyle suffered slight injuries and Claude Russell escaped injuries when the Ford coupe in which the four young people were on their way to Barnhart to attend a dance collided head-on with a Chrysler driven by Sheriff W. H. Augustine, with Mrs. Augustine a passenger. Neither the sheriff nor Mrs. Augustine were injured.

Ozona is to have a "white-way" equal to that in larger cities of the state if a plan outlined by officials of the West Texas Utilities Co. is adopted. George Murphy, assistant district superintendent for the company was here the first of the week to present the plan to the Commissioners Court.

Who doesn't love a fat man? Anyway, a committee of judges who compared dimpled knees, flaming cheeks and graceful curves at the bathing beauty revue Thurs-

day night at the Ozona Theatre under auspices of the Ozona Woman's Club, could not resist the graceful lines of J. O. Secrest and Ozona's "lumber king" walked off with first honors as "Miss Lumber Comany." As evidence of the fact that "flaming youth" hasn't a chance against mature beauty, W. E. Smith, the well known "drug store beauty" was a close second to the lady of wood. Secrest was given the edge by reason of the fact that he had mellowed through more summers than Smith.

Definite announcement from the Ford Motor Co. that one of the new model Fords will be on display in Ozona Friday, Dec. 2, was received this week by the Grimmer Motor Co.

The Terrell county wolf club is now in operation with 16 trappers at work, according to information received here by B. B. Ingham. A tax of ten cents a head on sheep has been made in carrying on the work. One trapper has snagged 11 wolves in the last few weeks.

Mr. and Mrs. Ralph Watson attended the Texas-A&M football game in College Station Thanksgiving Day.

Mr. and Mrs. Ben Ingham and daughter, Betty Jane, left Saturday for Temple where Mrs. Ingham will undergo an operation. Miss Eleanor Ingham accompanied her parents to San Angelo where they boarded a train for Temple.

Babe Phillips, seaman on duty aboard the light cruiser Memphis of the U. S. Navy, arrived last Thursday for a two weeks stay with his family. Babe left his ship at Chafleston, S. C., and came by train to Texas to enjoy a 20-day leave.

For general home repairs — Air Conditioners reconditioned and furniture repairs — Call Ted Doggett. Phone 290. 46-tfc

HOMEMAKERS COFFEE

A coffee was given last Thursday morning in the fellowship hall of the First Baptist Church honoring those who had completed the Training course book, "The Baptist People — From the First to the Twentieth Century" by P. E. Burroughs. The course was taught by Mrs. J. M. Crump, who was presented with a gift by the class in appreciation for her work.

Twenty six awards were given. The class plans another study course to begin in January.

Those attending the coffee were Mmes. Otto Pridemore, J. W. Howell, E. A. Wallace, Pink Beall, Obie Binnicker, V. O. McAlister, Coy Whisnert, J. T. Patrick, J. H. Harvey, O. C. Wenn, Q. A. Brentz, S. E. Carness, Bob Franklin, J. M. Crump, Ted Lewis, Clovis Womack, Jack Brewer and Bob Pitts.

FRIDAY BRIDGE CLUB

Mrs. J. W. Henderson entertained the Friday Bridge Club in her home last Friday. The Thanksgiving theme was carried out in

decorations and table accessories. High score was won by Mrs. Ben Robertson, low by Mrs. Lovella Dudley and bingo by Mrs. Early Baggett and Mrs. Joe Pierce, Jr. Others present were Mrs. Bill Adams, Mrs. George Montgomery, Mrs. S. M. Harvick, Mrs. V. I. Pierce, Mrs. Eldred Roach, Mrs. Hillery Phillips, Mrs. Stephen Perner, Mrs. Evert White and tea guests were Mrs. Lowell Littleton and her mother Mrs. Hardberger.

Lions —

(Continued from page one)

get their only score.

Robert Vaughn went over from the four and Grosse Mohler converted for the Menard points.

Twice the Lions had apparently stalled the drive only to see penalty give the Yellowjackets a new life. On the last occasion the invaders were faced with a fourth and 12 to go on the Lion 32 when the penalty came.

In overall statistics the Lions rolled up 270 yards on the ground as compared to 78 for Menard but the invaders went into the air 14 times and completed for 83 yards as compared to a one yard gain on four efforts for the Lions, each team collecting one of the others passes.

In first downs the Lions garnered 15 while Menard managed the same number.

Soph. Bobby Sutton was the nights leading ground gainer picking up 165 yards on 22 efforts while fullback Kent had 64 yards on 15 carries. David Patterson a 145 pound fullback was Menard's leading ground gainer with 48 yards on 12 efforts.

Menards defense was anchored

around two fine tackles in senior Grosse Mohler, all all-district performer last year, and Conway Slaughter a fine 200 pounder on the other side.

BROTHERHOOD MEETS TONIGHT

The regular meeting of the Baptist Brotherhood will be at the church tonight (Thursday) at 7:30 p. m. A good program has been arranged. Refreshments will be served. All men 17 years old and above are invited and urged to be present. The church needs men and women, you need the church.

BABY SHOES & Boots Bronzed. Prices from \$3.00. J. W. Johnigan. Phone 281.

Largest Holiday Mail Volume In History Is Expected This Year

In anticipation of the largest holiday mail volume in history, Postmaster Floyd Hokit called attention to basic pointers for users of the mails to follow in order to assure prompt and safe delivery of the Christmas cards and gifts.

1. Address mail fully and clearly. Write legibly or print plainly. Where applicable, use zone numbers on the address and return address. Avoid using abbreviations which might confuse mail handlers.

2. Be certain that a return address is printed on the upper left hand corner of both Christmas

cards and parcels. This will prevent any undelivered mail ending up in a "dead letter" office.

3. Do not enclose coins or hard objects of any kind in letters, without marking the envelope for hand stamping. High speed cancelling machines cannot process such letters, often jam and damage letters.

4. Do not mail cash in any Christmas gift. For safety's sake, use Postal Money Orders or checks.

5. Make sure parcels are well packed and securely wrapped in strong containers. Cushioning material, such as excelsior, shredded newspapers or tissue paper should be evenly and firmly placed on all sides of the Christmas gift. The carton should be wrapped in heavy paper and securely tied with strong twine.

6. Gifts of a delicate nature, such as glass, china, electrical

appliances, radios and musical instruments, must be marked "Fragile" by the mailer. Food stuffs should be marked "Perishable" if subject to spoilage.

7. Insure parcels. Register letters of real value. Where only proof of delivery is required for letters of no intrinsic value use Certified Mail. Use Combination Mail where a letter or message — other than a gift tag — is to be enclosed inside a Christmas package.

9. Mail Christmas cards and parcels early to avoid the last minute rush and waiting in line at the post office. The best times to avoid crowds at stamp windows in most post offices are before 10 a. m. and between 1:30 and 3:30 p. m.

10. Every postal employee is happy to answer questions on pos-

tal rules and regulations. Anyone with problems about mailing his Christmas parcels should avail himself of the opportunity of discussing the problems with postal employees, and take advantage of their experience.

Send-of-town Christmas cards first class. They will be processed and delivered faster. Envelopes smaller than 2 1/4 x 4 or larger than 9 x 12 require first Class postage.
