75% Of FFA Fed Lambs Grade High In Annual Show

Champions Named From Prime Animals Of Three Classes

Of the 104 lambs fed by Crockett County FFA Chapter members for showing and grading in the annual FFA Livestock Show held last Saturday at the new Junior Agriculture barn, 78 head or 75 percent graded prime or choice in three classes exhibited. The feeding project and show were directed by M. A. Barber, vocational agriculture teacher in the local schools.

Out of the 49 animals graded prime by Show Judge Herman Carter of San Angelo, champions were chosen in each class with champion pen of three in each class and champion individual.

Champion individual lambs were shown by Bill Black in the finewool class, and Bob Childress runner-up; by Jim Doran in the shorn finewool class, with B. B. Ingham, III, runner-up; and in the crossbred class by Pierce Miller, with Bill Black as runner-up.

In the pen-of-three championship showings, Leslie Deland won the finewool class, with Kenneth Deland as runner-up; B. B. Ingham won the shorn finewool class, Pleas Childress the runner-up; and Pierce Miller won the crossbred, with Bill Black as runner-up.

The senior showmanship award went to Bill Black and the junior showmanship award to Bob Childress.

For the best fitted crossbred lamb, Deoney Holden was the award winner. Bob Childress won the award for the best fitted finewool lamb and Leslie Deland won the award for the greatest gain per lamb for the feeding period. His lambs averaged a gain of 53 pounds per lamb gain in 108 days of feeding.

Of the 104 lambs entered in the grading demonstration, 49 graded prime, 29 graded choice, 13 good and 13 feeders. In the prime group, 21 were finewools, 9 shorn finewools and 13 crossbreds. In choice group were 16 finewools, 2 shorn finewools and 10 crossbreds. Grading good were 10 finewools and 3 crossbreds. Still feeders were 8 finewools, 3 shorn finewools and 1 crossbred.

Two calves were entered in the feeding project show by Jim Williams. One graded choice at 795 pounds and one good at 850 pounds.

About 200 persons were fed barbecue dinner during the noon hour, proceeds from the dinner going into the FFA treasury.

Week-Long Rains Soak West Texas Range Country

Good Spring Assured With Best Moisture Backlog In Years

A week-long rainy spell, with days of slow mist, then slow rain, more mist, fog and more rain, has soaked West Texas range country lands like they have not been soaked at this time of year in nearly a decade to almost assure ranchmen a fine spring—and even some will now venture a guess that the drought is broken.

Beginning with three days of fine mist and occasional showers, the moisture-laden clouds built up steadily and continuing through Sunday desposited a total of 2.14 inches of moisture in Ozona gauges, about an average for the entire area.

Most of the moisture soaked in to the ground, what runoff occurred was in small trickles of clear water in the draws.

Although the prolonged spell may have caused some losses in early lambs, and delayed goat shearing, the benefits will far outweigh the damage, most ranchmen agree.

Three Candidates For School Board Filed; Dealine Is March 5

With the deadline for filing, March 5, just a week away, three candidates had filed by this morning for posts on the district school board of trustees.

Four vacancies on the school board are to be filled in the regular election April 5.

Candidates who had filed up to today were Byron Stuart, a present member of the board whose term expires this year, Dr. Maurice Lemmons and J. B. (Buster) Miller.

Other members of the present board whose terms expire this year are Hartley Johnigan, Earl Deland and Dempster Jones.

Dr. Donald Barnhouse To Speak Tonight At Hi-School Auditorium

Dr. Donald Grey Barnhouse, internationally known Bible teacher, radio and television preacher, will conduct a Bible conference at the high school auditorium here tonight (Thursday) at the high school auditorium.

Dr. Barnhouse, who has been lecturing at the religious emphasis week program at Sul Ross State College the past week, is stopping for a lecture here under the joint sponsorship of the Ozona Methodist and Baptists Churches. He will be the guest speaker at a joint meeting at noon today of the Ozona Rotary and Lions Club at El Sombrero Cafe. Mrs. Barnhouse will be honored at a tea this afternoon in the fellowship hall of the Methodist Church by ladies of the Methodist and Baptist churches.

Junction and Sanderson Girls Cagers Meet Here For Playoff Mon. Night

By Ernie Boyd

Bi-district playoff between the Junction girls and the Sanderson girls basketball teams will be staged at the Ozona Gym Monday night at 7:30.

The game between the district 8-A and 7-A champions will be the second playoff contest landed by the local gym and will offer Ozona fans a chance to see some good basketball, fem style, which is not ordinarily presented during the course of a year here.

The game was first scheduled for Friday night but a call from Superintendent of School John Long revealed that play-off games in the girls league play-offs may not begin until next week.

Only Menard, Junction, and Eldorado in district 8-A still play girls basketball due to the long distances to be covered in this area and not all of the teams in district 7-A take part for the same reason.

Admission to the game will be 50 and 25 cents and the game is scheduled to get under way at 7:30 instead of 8 as was the Menard-Big Lake game last Tuesday night.

Collett Trading Post To Open For Business Saturday; Free Prizes

Hubert Collett has announced a formal opening next Saturday for the Collett Trading Post, a new retail business established in the Nettleton building on the south-east corner of the highway intersection.

Attractive prizes will be given as attendance awards, a movie camera to a lady, shotgun to a man and a camera to a child. All Ozonans are cordially invited to attend the opening and to examine the type of merchandise to be offered, and incidentally, become eligible for one of the handsome prizes.

Mr. Collett will handle a full line of household articles, appliances, hardware, sporting goods, army surplus, Gates tires and batteries, cameras and film, etc.

FOR RENT — 2-bedroom furnished house. Also an unfurnished 2-bedroom house. Troy Williams. Phone 403.

A.E. Moore Dies From Injuries In Highway Accident

Funeral Rites Held Tuesday From Methodist Church

Funeral services were held at 4 o'clock Tuesday afternoon from the Ozona Methodist Church for Andrew Ernest Moore, 70, a long time resident of Ozona, who died Monday in the Crockett County Hospital as the result of injuries suffered in an automobile accident east of Ozona Sunday.

Mr. Moore was injured when his car struck a tree on the shoulder of the highway about 15 miles east of Ozona on Highway 290. Blinded by lights of on coming cars in the misty weather, Mr. Moore let the car wander from the pavement and collided with the tree. He was not thought to be seriously injured at first but later examination revealed severe head and internal injuries. He was brought to the hospital here in a Cody ambulance.

Funeral services were conducted by the Rev. Leroy Russell, pastor. Pallbearers were Welton H. Bunger, Bill Seahorn, George Bunger, Rex Halydier, L. A. Greer, M. B. Donaghey, Rob Miller and Ralph Jones. Cody Funeral Home was in charge of arrangements.

Mr. Moore was born in Madisopolville, Texas, Dec. 12, 1888. He came to Crockett county early in the century and for a time drove the mail back between Ozona and San Angelo. He formerly operated a garage and for the past several years had assisted his son, Kirby Moore, in operation of the Moore Oil Co. here.

Survivors included the widow; two sons, Kirby and Buddy Moore, both of Ozona, and five grandchildren.

Lions Wind Up Cage Season With Win Over Junction

43-29 Win Sees All Of Ozona Squad on Court For Practice Time

By Ernie Boyd

The Ozona Lions closed their 1958 basketball season last Thursday night by easily edging the Junction Eagles 43 to 29 in a listless game which saw nothing at stake except an improved season record.

Coach Swede Pelto played every man on the squad before the second quarter got very far along and the Lions were never really pressed even though they were outplayed during the late stages of the contest.

Rod Franklin, who like the rest of the Lions made only infrequent appearances in the lineup, led the attack with 11 points while Ronnie Paulk tallied 8. Jake Young, Jerry Jacobs, David Sikes, and Stan Williams all had from 6 to 8 and every one of the 11 Lions who got into the contest scored.

With Ronnie Paulk and Franklin leading the way, the Lions broke the game open in the first quarter and grabbed a 14 point lead as they held a 20 to 6 margin early in the second period.

Junction's best efforts cut the lead to 12 points in the fourth period but a brief Lion rally rubbed out the visitor's gains before the contest ended.

Jake Young and Bobby Vargas both sat out the final quarter with five fouls but would have most likely been there anyway, as reserves got in playing time.

In a rather freakish exhibition, the Ozona B team rallied in the fourth quarter and whipped the Junction reserves 34 to 28.

The B team committed every mistake in the book during the first three periods and only a stern defense prevented a rout during the time, but a full court press in the final period cracked Junction wide open and the little Lions won going away.

Funeral Friday In San Marcos For Mrs. R. P. Carson

Early-Day Resident Of Crockett Died In Kerrville

Funeral services will be held at 2 o'clock Friday afternoon in San Marcos for Mrs. R. P. Carson, 79, mother of Mrs. Taylor Word of Ozona and an early day resident of Ozona, who died Wednesday in a Kerrville hospital where she had been under treatment since October.

Mrs. Carson was born in Carson City, Nevada, Nov. 20, 1878, the daughter of Mr. and Mrs. Timothy Enright. After her father's death in a mining accident, the family moved to Live Oak County, near Kingsville. After her mother's death there she lived with an uncle while attending school in that area. One of her teachers was the mother of J. Frank Dobie, Texas author and historian.

Coming to Crockett county in 1894 with her brother-in-law and sister, Mr. and Mrs. Tom Sealy, she married Mr. Carson in 1896. The wedding was at the home of the late Mr. and Mrs. W. P. Hoover, among Crockett county's earliest settlers.

The Carsons made their home in Ozona until 1928 when they moved to Fort Stockton and later to San Marcos. Mr. Carson died in San Marcos in June of 1939.

Mrs. Carson had been a member of the Methodist Church all of her life. She had made her home here in recent years with Mr. and Mrs. Word until she was hospitalized in October.

Surviving are four children, Mrs. Rena Vinyard of San Marcos, Mrs. Taylor Word of Ozona, Ben Carson of Austin and Clyde Carson of San Marcos; five grandchildren; five great grandchildren and two nieces.

Problems Of Bracero Program Aired In Meet With Ranchmen Here

Difficulties faced by ranchmen who process bracero labor from Mexico, occasioned by the unrealistic rules laid down at the behest to the U. S. Department of Labor and the realistic Mexican officials who put the "mordida" or bite on employers from this side who seek to hire braceros, were discussed in a conference here Friday of ranchmen and members of the Texas Employment Commission San Angelo office.

L. W. Keilers of the San Angelo office was here to explain the ruling which forbids the payment of the "mordida" and the problems of ranchmen who are unable to hire braceros without the payment.

T. A. Kincaid, Jr., president of the Texas Sheep & Goat Raisers Assn., who was present for the meeting explained that organization's efforts to iron out the difficulties and of negotiations with Washington officials of the Labor Department and Immigration Service now under way to that end. The TS&GRA is the only organized group which has consistently battled to keep the bracero program in operation.

Garden Club Meeting Mar. 5 At Mrs. Harvick

Members of the Ozona Garden Club will meet in monthly session Wednesday March 5, with Mrs. S. M. Harvick and Mrs. T. A. Kincaid, Jr., as hostesses.

If the weather is favorable, the group will meet at the home of Mrs. Harvick at 10:30 a. m. and after the program will go to the ranch home of Mrs. Kincaid for lunch. However, if the day is rainy, Mrs. J. B. Post, president, said the meeting will be at 3 o'clock at Mrs. Harvick's. Members are asked not to bring "sack lunches" as originally planned.

Mr. and Mrs. J. B. Miller were in Abilene the first of the week to attend a lectureship at Abilene Christian College.

Red Cross Fund Drive Set For Kickoff Here Mon. Morning, Mar. 3

Pleas Childress, Red Cross Fund Drive chairman for 1958, yesterday announced plans for a kickoff coffee Monday morning to launch the 1958 drive for Red Cross funds.

Workers, who were being recruited this week to assist in the campaign, will meet with the Fund Drive chairman at 9 o'clock Monday morning at the Hi-Way Cafe for a final planning session before launching the house-to-house canvass in behalf of the mercy organization.

Flood and tornado losses and other disasters during the past year placed a terrific strain on the Red Cross funds and during the month of March the nation will be asked to contribute to the Red Cross to keep it ready to meet the demands of disaster relief and other functions of the organization.

Ozona Chapter's quota has been set at \$1,025. Part of this fund will remain in the local chapter treasury for use in planned home nursing courses, water safety programs and other activities planned by the chapter during the coming year.

Lions Club Plans Annual Broom Sale For Blind Mar. 10

Quality Products Of Blind Artisans Offered In Sale

The Ozona Lions Club completed plans this week for the coming broom sale which is held by the club each year. The sale this year will be on Monday, March 10.

The brooms, mops, door mats and other items sold in the sale are all made by the Lighthouse for the Blind, which employs blind people, thus providing a means for those physically handicapped people to make a living for themselves without depending on others.

A map of Ozona has been portioned off and will be divided among Lions members who will canvass the town on March 10.

As has been the case in the past, a truck will be placed near the post office from which Lions will sell the materials throughout the day with the canvass of the town not occurring until after mid-afternoon.

All of the business houses will be contacted during the morning and early afternoon.

From past experience, the Lions club has found that the quality of the material supplied by the Lighthouse for the Blind is above average and that in general people who have purchased this material in the past have been more than well satisfied.

Lion President Quebe Alford urged the people of Ozona to keep in mind the day of the sale, March 10th, and be prepared to greet the Lion volunteers who will call at their homes that day.

Reminds Wool Growers To File Incentive Pay Applications At Once

Producers who wish to make application for incentive payment under the 1957 wool program, should file all sales invoices on shorn wool and unshorn lambs sold within the marketing year (April 1, 1957, through March 31, 1958) with the local ASC office, Claude Russell, county office manager, ASC, reminded this week.

Again this year, producers are required to report the number, liveweight, and date of purchase of unshorn lambs purchased on or after April 1, 1956, unless the total number of unshorn lambs purchased has been reported in a previous application for payment.

Growers will have 30 days to file application for payment. This period begins April 1, 1958 and ends April 30, 1958, (both dates inclusive.)

Six Contractors Submit Bids For Dam Construction

Frank Montgomery, Midland, Is Low On Bid Of \$76,916.55

Six contractors submitted bids for construction of Johnson Draw flood control dam No. 5 when bids were opened Monday by the Commissioners Court.

Frank Montgomery of Midland, who did paving work in Ozona under contract with individuals and the county, was the low bidder of the lot with his bid of \$76,916.55. There was a spread of nearly \$32,000 between the high and low bids on the project. Merrill & Baker Construction Co. of Hurst, now completing work on the No. 2 dam site for the bonding company of the first contractor on that project; submitted the high bid of \$108,156.70.

Other bidders on the project were O. C. Shellemberger Construction Co. of Sherman, \$84,380.28; Strain Bros., Inc., of San Angelo, \$90,510.96; Crownover Construction Co. of Corsicana, \$93,885.68; and F. A. Seidel & Sons of Ballinger, \$94,896.40.

The Commissioners Court, and Soil Conservation Service engineers are now making an investigation of the assets and equipment of the Montgomery firm and if the investigation is satisfactory, the contract will be awarded.

Soil Conservation Service engineers expect to have plans and specifications completed and ready to call for bids on one of the two remaining sites on Johnson draw above Ozona by next week. Three dams are nearly complete and four remain to be contracted, three on the drainage area north of Ozona, including the No. 5 dam on which bids were received this week, and one on Gurley draw, a tributary which joins Johnson in Ozona.

Ozona Track Team To Limber Up At Meet In Eldorado

Coach Womack's Squad May Not Reach Peak By First Try-Out

By Ernie Boyd

Coaches Chick Womack and Sonny Cleere will take the Ozona track team to Eldorado this week to enter the third annual Eldorado Invitational track and field meet.

Some fifty boys have been working out for track for some time but a number of the outstanding members of the 1958 squad have just finished basketball and are not expected to be ready for an all-out effort.

The Eldorado meet is expected to attract some 17 or 18 teams with Junction and Roby expected to be favored in the meet.

Weather could be a factor in the meet this week as rain and cold have hampered workouts for over a week and forecasts do not promise greatly improved conditions.

Among the returnees from last season who are expected to be point winners for the Lions this season are Jake Young, who won second in the shot last year and will be strongly favored to win this year, and Cico Cervantez who has placed third in the discus the last two years and who will be among the favorites this season.

Bobby Vargas, who won the broad jump and is a high jumper and sprinter worthy of points, could win as many as ten points in district this season.

Jerry Jacobs, an outstanding performer who is expected to go to the hurdles this season, might readily win both events if a good season is to be had.

David Sikes and Ronnie Paulk, both of whom have won points in the pole vault for the last two seasons, should be better this year.

Newcomers to the squad include the two fine Junior High sprinters (Continued on Last Page)

WAY TO ECONOMIC RECOVERY

Any lingering doubt that the need for income tax rate reductions had reached the full-blown status of critical urgency was dispelled at the 24-day House Ways and Means Committee public hearings.

A parade of witnesses — representative of all facets of the nation's economic life — offered strong evidence that the current business recession is due largely to oppressive personal and corporate tax rates and that reform of these rates is vital to recovery. It should encourage Americans that the majority of those who testified on the need for general rate reform strongly urged the quick enactment of the Sadlak-Herlong bills.

Introduced by two members of the tax-writing Ways and Means Committee — Rep. Antoni N. Sadlak (Rep.-Conn.) and Rep. A. S. Herlong, Jr., (Dem.-Fla.) — the identical bills provide for the first broad-gauge reform of the income tax structure since the rates began their upward spiral 26 years ago.

Representing organized groups composed of a wide variety of small, medium and large business enterprises throughout the nation the witnesses cited chapter and verse of how the nation's economy the lift it so badly needs by:

1. Re-invigorating individual and

Propaganda Artist?

commercial effort by permitting more adequate rewards for success and thus encouraging business expansion.

2. Greatly increasing the flow of investment funds essential to business stability and growth inasmuch as the lack of sufficient capital has been a principal contributor to the recession.

3. Providing a basis for new and better job opportunities, and resuming the advance in the nation's standard of living.

This impressive display of confidence in the proposed legislation is unquestionably due to its realistic features. Briefly, it provides for coordinated reductions, over a five-year period, in all the progressive rates of individual tax with the first bracket (\$2,000 or less of taxable income) being reduced from 20 to 15 percent. The top rates of tax would be brought down to 42 percent, the individual tax from its present top of 91 percent, and the corporate tax from its present top of 52 percent.

Many of the witnesses were positive that rather than result in any sustained loss of government income the spur to the economy pro-

moted by the measure would, in fact, bring added tax revenue as the result of solid, non-inflationary economic growth.

On the basis of the evidence presented at the hearings, prompt passage of the Sadlak-Herlong bills — H. R. 6452 and H. R. 9119 — would seem to afford one of the surest approaches to rapid recovery. Those who agree would do well to let their legislative representatives in Washington know how they feel.

DOUBLE-BARRELED

In presenting the Congress with his demand for \$3,942,100,000 to support what he likes to call "Mutual Security," President Eisenhower maintains the sophistry of wrapping up military aid and economic aid in the same package. By this means, a critic of either may be blasted as a foe of both. Then, too, the "package" may a little easier for Congress to swallow if it minimizes debate and stirs up fewer irate letters from home.

But the American public — which never contemplated that a foreign aid was to become a per-

manent national policy, and which has heard again and again of the waste, mismanagement, bad judgment, arrogance and cynicism of the army of joy-riding administrators — of the global ill will for which we have paid so dearly, looks forward — at very least — to curtailment of such spending. It is not impressed with the argument that we must outbid Russia or our friends will sell themselves down the river. It does not believe we have bought, or can buy — for any nation — the will to remain free. It does recognize in this time of shrinking payrolls that it is possible for this nation to destroy itself — and in the man-

ner Lenin foresaw. And the American public is convinced that without a strong America there can be no free world.

Regardless of the merits of the White House demand, however, it is a sad thing to contemplate the threats — such as still higher taxes and heavier draft calls — employed to facilitate passage. The men in Congress, now concerned with tax reduction, know full well the force of the first warning. And they should know too, after the long subjection of our youth and their parents to movie, TV productions and magazine articles designed to destroy military morale and belittle the armed services,

that the thought of "a heavy increase in induction of American youth into our own armed services" might be most devastating of all. (If there is any reminder needed on this last point, the gentlemen might read "The Pentagon Case" — which the author insists is "a work of fiction.")

Implicit in the double-barreled mutual security message is the duty of every Congressman to consider the convictions of his fellow Americans above their misgivings; and to recognize that where the strength, the stability and the self-respect of the nation are concerned, there are neither Republicans nor Democrats.

Hardy-Perry Wedding Read In Double Ring Service At Amarillo

AMARILLO, FEB. 23rd — An arrangement of white stock and pink carnations, flanked by candelabra and baskets of fern, decorated the altar of the YMCA chapel Saturday afternoon for the marriage of Miss Marion Hardy, 1114-D Carolina, to Joseph A. Perry, 3911 Fountain.

The bride is the daughter of Mr. and Mrs. Herman Hardy, 1009 S. Fordham, Perryton, and the bridegroom is the son of Mrs. Gertrude Perry of Ozona. The Rev. W. H. Fox, pastor of the Primitive Baptist Church, read the double-ring service.

Mrs. W. F. Barnhart, organist, played a prelude of wedding selections and the traditional marches. "O Perfect Love" was played during the exchange of vows.

As maid-of-honor, Miss Jan McWright, wore a peacock blue, street length dress of crystalline, styled with a fitted bodice, wide bertha collar and scoop neckline. She carried a bouquet of pink carnations backed with pink ribbon.

The bridesmaid, Miss Dorothy Lindsey, wore an ice blue crystalline dress and carried a bouquet of pink carnations.

Jack Brewer, Jr., of Ozona was best man, and Chas. Kitchell of Abilene was groomsman. Serving as ushers were Don Boyer of Perryton and Paul Percival of Amarillo. Tim Flynn was candle lighter and Terry Flynn, ring bearer.

Escorted to the altar and given in marriage by her father, the bride was attired in a gown of pink embroidered marquisette over pink taffeta, fashioned with a fitted bodice, Italian neckline, puff sleeves and full waltz length skirt. Her elbow length veil of pale pink illusion was attached to a fitted cap of marquisette over taffeta. Pink gauntlets completed her ensemble. She carried a nosegay of pink roses surrounded by white carnations and showered with pink streamers.

Following the ceremony, a reception was held at Dowell's No. 1. Laid with a white crocheted cloth over pink, the serving table was centered with a bouquet of white stock, daffodils, and iris. Mrs. Gertrude Hardy, aunt of the bride, presided at the punch bowl and Miss Mildred North, and Mrs. Wayne West, aunts of the bridegroom served the wedding cake. Guests were registered by Mrs.

Jack Brewer.

After a short wedding trip, the couple is to be at home March 1st at 4228 W. 13th. For traveling, the bride chose an avocado wool chemise with black accessories.

Mrs. Perry was graduated from Perryton High School and attended West Texas State College, Canyon. She is employed by Lumpkin and Watson, attorneys. The bridegroom was graduated from Ozona High School and Texas A&M College, College Station. He works for Gulf Oil Corp.

The rehearsal dinner was given by Mrs. Gertrude Perry, Miss Mildred North and Mrs. Wayne West of Ozona, on Friday night at Dowell's No. 1 with members of the wedding party as guests. Out-of-town guests attending were: Mr. and Mrs. Jack Brewer of Ozona, Mr. and Mrs. Herman Hardy, Mr. and Mrs. Max W. Boyer, Mrs. Billy Dutcher, Mrs. Jim Reinsner, Mrs. Gertrude Hardy and Don Boyer

all of Perryton; and Mr. and Mrs. Charles Kitchell of Abilene.

GLEANERS CIRCLE

The Gleaners Circle of the Methodist WSCS met in the home of Mrs. Charles Williams, Sr., Wednesday morning. Mrs. T. A. Kincaid, Jr., was program leader on the topic, "Our Heritage." Short prayers were given by Mrs. Williams, Mrs. B. B. Ingham, Sr., and Mrs. J. A. Fussell. Present were Mrs. Fussell, Mrs. Ingham, Mrs. Demp Jones, Mrs. Will Baggett, Mrs. Stephen Perner, Mrs. S. M. Harvick, Mrs. Williams and Mrs. Kincaid.

PAROLED AFTER 33 YEARS — Nathan Leopold was granted a parole in Springfield, Ill. after numerous, highly publicized hearings. Leopold, age 53, sentenced to both 99 years and life after the "Crime of the Century" slaying of Bobby Franks in 1924, was paroled despite the injunction of the trial judge that he never be released.

Parents Invited To Visit Schools During Public School Week

The Ozona Public Schools will observe the eight annual Public School Week from March 3 to 7 according to Superintendent L. B. T. Sikes.

Open house will be held for parents and friends on Thursday, March 6, and as in the past visitors may visit the class rooms and see their children in the setting of each ordinary school day.

The Ozona Public schools have had a record enrollment this year with the enrollment figure reaching over a thousand early in the fall.

Parent attendance in the past has been heaviest in the two elementary schools and lightest in high school where the child has already achieved a large measure of independence.

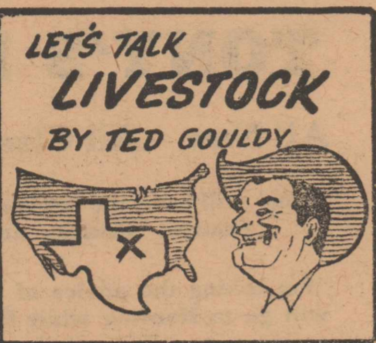

Even though Ozona has been fortunate in that no particular juvenile problems have arisen, this year has been marked by flu epidemics, rainy spells, and an uncommon number of broken pipes which have presented problems to administrators and maintenance men in particular.

In a time when the newspapers are full of what schools are, or should be doing, it is certainly wise for the citizens to be aware of what is really going on inside the public schools. With the foregoing in mind Public School Week should present a challenge to parents today to make themselves better informed about the facts in our own schools.

LADIES BIBLE CLASS

The Church of Christ Ladies Bible Class met at the church Wednesday for the study of "Jesus in Northern Palestine." Frank Lilly teaching the class. Present were Mrs. Roy Hendrick, Mrs. Pat Lee, Mrs. Lilly Smith, Mrs. D. C. Ratliff, Mrs. Bud Loudamy, Mrs. Al Gibbs, Mrs. T. C. Goodman, Mrs. Peery Holmsley, Mrs. Ed Cranfill, Mrs. Clyde Thomas, Mrs. Roy Miller, Mrs. Bill Jonhigan, Mrs. J. B. Miller and Mrs. Paul Hallcomb.

FOR SALE — Two Hereford 2-year-old bulls. Ready for service. Troy Williams Phone 403. 1c

FORT WORTH — Wet grounds held livestock movement to a minimum at Southwestern and Southern points at the start of this week. The limited offerings reported in these areas was offset by considerable expansion in the Northern areas as clearing weather following recent storms put farmers back in the livestock selling business.

At Fort Worth cattle and calves were generally fully steady, except cows, which class wound up a slow trade with 25 to 50 cents or more lower prices.

Good and choice steers and yearlings cashed at \$24 to \$28, and medium and lower grades cashed at \$16 to \$23. Fat cows sold from \$16 to \$18, and canners and cutters cashed at \$10 to \$16.50. Bulls drew \$14 to \$20. Good and choice slaughter calves cleared at \$24 to \$27, and medium and lower grades cashed at \$15 to \$23. Stocker steer calves bulked at \$24 to \$28, and heifer calves sold from \$26.50 downward.

Sheep and Lambs Climb; Milk Lamb Top \$24.50

Trade was very active and prices were strong to 50 cents or more higher on sheep and lambs at Fort Worth Monday.

Good and choice milk fat lambs cashed at \$23.50 to \$24.50, and good and choice old crop lambs ranged from \$21 to \$24, the higher figure on some woolled club lambs. Some No. 1 pelt lambs cashed at \$23 and \$23.50 downward, and shorter pelts ranged from \$23 downward. Medium grade feeder lambs cashed around \$19 to \$21. Slaughter goats sold around \$7. Slaughter ewes and bucks sold from \$8 to \$10, a load of aged bucks at \$9. Aged wethers were reported from \$14 to \$16.

Hurry-Up Or Queue-Up Advice to Those Who've Not Had Cars Inspected

With less than two months left in which to have motor vehicles inspected, Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, urged motorists to obtain their 1958 inspection stickers immediately. In doing so, he said that 64 per cent of the registered vehicles in Texas have not been inspected for the current year.

"At the present rate of inspection it looks as though the usual ten per cent who wait until the deadline for inspections will be waiting in line on April 15. With crowded inspection stations on this deadline date immediate service cannot be rendered and car owners will suffer an unnecessary loss of time and inconvenience."

Nearly half of the vehicles already inspected have required some adjustments or repairs which require more time for both the owner and the inspection station and can be handled better when not rushed.

The state police director said much time can be saved if car owners obtain their 1958 inspection stickers early.

National FFA Week Feb. 22 To March 1

Future Farmers of America members throughout the nation are scheduling special activities to focus public attention on the work of their organization during National FFA Week, February 22-March 1.

Membership in the FFA is made up of farm boys who are students of vocational agriculture in high school. The organization's activities are designed primarily to help develop rural leadership and good citizenship, and to stimulate the boys to better achievement in their study and work toward successful establishment in farming.

The Ozona FFA Chapter has 26 members.

M. A. Barber, vocational agriculture instructor in Ozona High School, serves as advisor of the FFA chapter.

The national Future Farmer organization has 380,000 members, with 9,000 local chapters in the 48 States, Hawaii, and Puerto Rico. Membership in Texas totals 39,000.

Patients dismissed: Mrs. H. H. Clevenger, Mrs. James Baggett, Manuella Duran and infant son Mrs. Hugh Gray, D. M. Curbello, Charles Bingham, Richard Martinez, Troy Stout, Mrs. Victor Pierce, Elizabeth Kay Hall Mrs. Wm. H. Otte and infant son, Raul Vargas, Romulo Vela and Mrs. B. M. Hughes.

Mrs. Paul S. Farrar (Miss Kay D. Kirby)

Miss Kay D. Kirby, Paul S. Farrar Wed In Albuquerque Ceremony

Miss Kay D. Kirby, daughter of Mr. and Mrs. John Douglas Kirby, former Ozonans now living in Aztec, N. M., became the bride of Paul S. Farrar, son of Holden K. Farrar of Winnetka, Illinois, recently in a double ring ceremony at the home of the bride's uncle and aunt, Mr. and Mrs. Huling Means, of Albuquerque, N. M.

Rev. E. A. Skipton, dean of St. John's Episcopal Cathedral, officiated at the ceremony. The bride's father gave her in marriage and Mrs. Means played background music during the ceremony.

The bride's gown of lace and tulle over satin had a bouffant, floor-length skirt and was complemented with a mantilla of illusion and matching lace applique.

Mrs. George Williams of Farmington, N. M., and Dr. Holden K. Farrar, Jr., of Winnetka, attended the couple. William E. Steinwedell was usher.

Immediately following the ceremony, the bride's parents were hosts for a reception, assisted by Mrs. Homer B. Adams, Jr., Mrs. Kelley Adams, Mrs. Joyce Means, Mrs. James E. Mills, Mrs. William E. Steinwedell and Miss Gene Adams. The bride attended grade schools here and was graduated from Ozona High School. She attended Texas Christian University at Ft. Worth. Mr. Farrar is a graduate of the North Shore Country Day School and Trinity College, Hartford, Conn.

Mr. and Mrs. Farrar are at home in Winnetka where he is employed with the United States Steel Corp.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford
Texas Press Association

AUSTIN, Texas — "How's business?"

Whenever two men stop to talk, this question is almost sure to pop up. With state and nationwide interest focused on the slackening of the economy, there's much searching for signs. It means trying to decipher the economic analysts' jargon about "downward plateaus" and "rolling adjustments." It also means watching whether the neighbors are buying new clothes or patching the old ones.

On the state level, the spotlight is on the Texas Employment Commission. Its weekly tabulations on the number of people making unemployment claims was for years regarded as the most routine of routine reports.

February reports are of particular interest. Even in good years, mid-winter weather pushes employment down by keeping such job-making activities as farming, construction and retail trade at least partially "socked in." February's final week usually is the beginning of the recovery period.

This year, as at no time in the past decade, TEC's end-of-winter reports are being looked to as a weather vane.

Coeds at Aggieland? — One of the touchier issues confronting the Commission on Higher Education is whether to recommend that Texas A&M admit women students. It is known to be under considerable pressure from both direc-

tions.

Created by the Legislature in 1955, the Commission has responsibility to study and make recommendations for development and improvement of the programs in all Texas state-supported colleges and universities. To date, most time has been spent in study, but recommendation phase is coming up.

Dr. Ralph T. Green, executive director, is to report to the 15-member Commission on the A&M issue at a meeting April 14. Commission will then decide what course to suggest to the college officials.

However, the Commission cannot force the college to accept its decision. Chances are the question will be argued in the courts and the Legislature for some time to come.

A suit already has been filed in Brazos County in behalf of would-be women Aggies.

Climb in Crime — Newly-organized Law Enforcement Commission is beginning its work with a depressing array of statistics outlining its task.

John H. Crooker Sr., Houston lawyer, is chairman of the nine-member panel. Group is to study ways to combat crime and report ten months hence to the 56th Legislature.

Defining the problem are these facts that were dumped in the Commission's lap:

1. Major crimes in Texas are increasing faster than the national average — 9.2 per cent here as compared to 7.2 per cent nationally.
2. Of some 154,000 major crimes committed in Texas last year, an estimated 50 per cent were by juveniles. Governor Daniel has asked the Commission to give top priority to study of juvenile crime.
3. State correctional schools for

youths are not equipped to handle the swelling tide of offenders, according to the Texas Youth Council. Gatesville school, with capacity of 650, has population of 898.

6 OZONAN AT SAC

SAN ANGELO, Texas — Six Ozona students are among the ap-

proximately 700 enrolled at San Angelo College for the spring semester.

The six includes Charles Kay Black, Doyle Kent Babb, Earle Harrison Chandler, Janice Spencer, Jess Marley, and Kenneth Perdue.

Cadillac

The Decision That Needs No Explanation!

There are relatively few personal decisions a man can make that command the unanimous approval of his friends and acquaintances.

And among these is his choice of a Cadillac car.

For the things that inspire a man to Cadillac are simply too numerous to be overlooked.

Considered from a standpoint of its beauty—or its Fleetwood luxury—or its performance—or its craftsmanship—or its soundness of investment—Cadillac occupies a position entirely its own.

At the heart of this great goodness is, of course, Cadillac's experience in the creation of quality cars.

For more than half a century, Cadillac's sole concern in the manufacture of its products has been to make them as fine as automotive science would permit.

It is out of this unique constancy of purpose that has come Cadillac's international recognition as the Standard of the World.

We invite you to see, both in the showroom and on the highway, how brilliantly this latest Cadillac exemplifies all of these great traditions.

Whether you might choose the Sixty-Two Coupe or the Eldorado Brougham—you will find your decision beyond the realm of argument.

EDITORIAL

By Jim Burton

Every year, after the last northern has retreated to its icy home, the grass begins to green in the suddenly warmer air. Finally, as the purple sunsets merge with the blue skies to form a wonderful place to live, you realize that spring has come. To the athletes and just plain boys and girls it seems that finally the time has come when all good men can lay down what ever they have been occupied with during the winter and fall months for a long lazy spring.

Unfortunately this is not the case. It seems that there is more than ever to do during the spring months. A few of these are the track and weight-lifting courses offered by Coaches Womack and Cleere every afternoon. They are guaranteed to put you in good shape or to give you the pleasure of competing. If you prefer something less strenuous, tennis is suggested. You can still work hard or if you want just have a good time, that is if you like to play tennis. Mr. Hopkins is coaching this form of entertainment. Coupled with all of this is volley-ball for the girls and the joint enterprises of the one act and junior plays for all of you budding thespians. Then there are the harped-on grades. As the last semester starts on the second leg, the pressure grows, just as your willingness to work decreases. All of this leads to the unenviable summation of the fact that there is so much to do and so little time to do it in.

MOUSIE NEWS

By Pee Wee Mouse

Well, spring is almost sprung; and I want to warn all members of the male sex to beware of all females in the spring time 'cause all they do in the spring is think about flowers, clothes, and love. So, you'd better take care and beware! Girls aren't really as bad as I make them sound — O well, you know more about that than I do. I really don't know much about anything, but I sure do like to play like I do.

This week-end, the styles were styled and the sheep were showed. The boys showed their lambs at the sheep show and the girl showed their style at the style show. There was a dance Saturday night, and from the looks of some of the kids in the hall Monday, it musta' lasted till "Way late."

From sounds around OHS — some girls (again — always the trouble-makers) are getting ready to start practicing cheerleaderings — a pain!

Welp! Really must run so til next week—just remember—why do it today, wait til tomorrow and it'll be too late!

COMIN' AND GOIN'

By Alma Ingham

Saturday proved to be a busy day for everyone. Early Saturday morning the F. F. A. boys were sloshing around in the mud trying to move their sheep to the new barns. Their F. F. A. show started at 9:00 and ended at 12:00 with a delicious bar-b-que dinner.

At three Saturday afternoon the Woman's Forum had their annual style show. Camille, Sally, Genelle, Carolyn, and Pam were dressed in 1920 dresses for the skit. Of course they really did get some good laughs.

To end the day with a bang, there was a dance at the country club. It was given by Alleane and Sally.

Linda Taylor, Royce Fitz, James Parry, and Tommy Owens were there from Barnhart. Tommy Mayfield and Johnny Pettit from Del Rio were also out-of-town guests who were at the dance. Our usual crowd was there having a wonderful time.

Bill, Sally, Joe C, and Susie enjoyed the show, "Legend of the Lost," Sunday night even if they did come out of the show half starved for water. Being on the desert without water can create a problem. Can't it, kids?

Becky and Scotty now have their places in the All-State band! They really did all the good, and naturally they had a good time in Galveston. Gwynel and Joe went as alternates in the All-State Band. What's this about Joe getting sick? It sees as though he ate too much sea food.

The band is leaving this Saturday for Brady. They hope to bring home the concert award! Good luck! We hope your trip proves to be a big success.

We had our most Beautiful and most Handsome elections last week. Frances Childress is the most beautiful, and Bobby Sutton is the most handsome. The runners-up were Mary Jo Ward, and Melchor Cardenas. Bobby, and Frances are still the only steady couple in high school as well as being most beautiful and most handsome.

NOW YOU TELL ONE

By Barbara Barbee

Mr. Leath: In what battle did General Wolf cry, "I die happy!"

June B., from the back of the room: "His last one."

Miss Powers: Whenever I'm down in the dumps, I buy a new hat.

Missy I've been wondering where you get them.

Billy Bob: What are those holes in the fence for?

Clayton: Those are knotholes.

Billy Bob: Well if they're not holes, what are they?

Two motorists stopped head on, on a bridge too narrow for their cars to pass.

"I never back up for an idiot!" said Tommy S. angrily.

"I always do," replied Johnny J. as he shifted into reverse.

Sign on a newly painted wall in a high school: "This is a partition—

not a petition. No signatures are required.

Mr. Dobbs: Marilee what are nitrates?

Marilee: They're cheaper than day rates.

"Your methods of cultivation are hopelessly out of date," said Bob C. to Mr. Barber.

Why I'd be surprised if you got ten pounds of apples from that tree.

"So would I," said Mr. Barber.

"That's a pear tree."

ONE-ACT PLAY

This year the one act play contest is being held in Menard. The play Ozona is going to do is "A Boy Comes Home." The story is about a boy who has just returned home from the war to his uncle's house. His uncle proposes to take him into his own business but the boy has other plans. Since he

doesn't come into his money until he is 25, his uncle, who is intrusted with it plans to use the power of the purse to make him come into his business. This forces the boy to take drastic measures, which he does in a rather unusual way.

Phillip, the boy, is played by Joe Clayton. James, his uncle is played by Jim Burton. Emily, Phillip's aunt is played by Genelle Childress and Mary and Mrs. Higgins the maid and cook are played by Marilee Dale and Wanda McCaleb.

ELECTION NEWS

Elections were held by the Annual Staff for the most beautiful girl and most handsome boy in high school.

The most 'steady' steadies walked away with it. Francis Childress and Bobby Sutton were chosen most Beautiful and Handsome. In the first run-off the votes ran: Frances, Camille, Susie, and Mary Jo, in the order listed. The final run-off was between Frances and Mary Jo. Frances won by eleven votes.

Bobby and Melchor Cardenas were the only two in both run-off for most handsome.

Congratulations, kids, you are both very deserving winners!

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Feb. 21, 1929

To be attacked by an eagle, the largest bird ever seen in this part of West Texas, was the unique experience of Paul Perner near Ozona Tuesday. With one of the eagle's huge claws grasping his hat and the other his shirt front, Mr. Perner probably owes his escape from injury to Joe Pierce, his companion on a fishing trip. Mr. Pierce grabbed a sotol stalk and beat off the big bird and then killed it with the same instrument. The eagle measured 10½ feet from tip to tip of his wings and the claw which held Mr. Perner's shirt front measure an 8-inch spread. "I thought maybe the big fellow was going to fly off with me," Perner said, "and I was getting ready to tell Joe to have Lee Wilson go up in his plane and rescue me."

Automobile registrations in Crockett county have increased by approximately 200 over the same date a year ago, Sheriff W. S. Willis reported this week. Total registration to Wednesday was 712 passenger cars and trucks.

A. C. Hoover, Crockett county ranchman, was reported this week to have purchased a five-section ranch in Upton county from Henry M. Half of Mineral Wells at \$8.50 an acre. The ranch adjoins a 20,000-acre place Mr. Hoover recently bought through the Mann Commission Co.

Mrs. Claude Hudspeth and Mrs. Harry Perner were here from El Paso Sunday on their way to Comstock and Del Rio.

A fine bull calf was purchased this week by Joe Pierce from John Gist of Midland, registered Hereford breeder. Mr. Pierce paid \$500 for the bull.

Mrs. T. A. Kincaid underwent an operation in San Angelo Monday. Mrs. Kincaid's children were called to her bedside Monday afternoon when her condition became serious but she is reported much improved.

There is little danger of lowering the tariff on ranch products, C. Belcher told members of the Sheep & Goat Raisers Assn. executives in meeting at Uvalde Thursday.

Tentative plans for the greatest Rodeo, Race Meet and Stock Show to be staged in Ozona July 3, 4 and 5, were made at a meeting of fair association officials Tuesday night.

Charlie Davidson underwent an operation for appendicitis in a Temple hospital last week.

Miss Ena Meinecke, a student in Abilene Christian College, is spending a few days with her parents, Mr. and Mrs. Chris Meinecke.

Rev. J. H. Meredith is attending a meeting of the West Texas Sunday School Board in San Antonio

SENTENCED UP to 15 Years — Dave Beck, former pres. of the Teamsters Union still grins broadly after hearing the court give him a sentence of up to 15 years in the state penitentiary for embezzling \$1,900 in union funds in the sale of a teamster owned auto. His attorney, Charles Burdell said they would appeal.

Ad Harvick was in San Angelo on business the first of the week.

Mr. and Mrs. W. R. Baggett and son, Billy, were in Temple last week where Billy received medical attention. Before returning home they visited Miss Kathryn Baggett who is attending Southwestern University at Georgetown.

Mr. and Mrs. Albert Currie are the parents of a boy born here Saturday.

GARDEN REMINDERS

Slow soaking rains have added new promise for lovely yards in this area, and warm sunshine the first of the week, sent local gardeners hurrying out to finish pruning, shaping and trimming plants, trees and shrubs.

This is a good formula for fertilizer for acid loving plants to be applied now: 2 cups superphosphate (45%); 2 cups copperas (iron of sulphate); 2 cups aluminum sulphate; 1 cup cotton seed meal.

Mix well and put 2 cups around each medium size plant (more or less for larger or smaller plants.)

Unitization Of Crockett Field Proposed To Augment Pressure Maintenance Program

Cities Service Oil Co. is pushing a proposed unitization plan for the West World (Strawn) field, Crockett County, to augment a pressure maintenance program already in effect.

Cities Service, which holds the majority interest in the field, feels that the field could be operated more effectively under unitization. The unit plan also would open the way of waterflooding, or other secondary recovery methods.

Under Cities Service's plan, yet to be approved by royalty owners and other operators, the field would be operated under a 50 per cent net acre-feet and 50 per cent well factor.

Other interest holders in the field include Continental Oil Co., Signal Oil & Gas Co., Hancock Oil Co., Sinclair Oil & Gas Co., St. Joseph Lead Co., and a few smaller operators.

Under the present gas injection program, recovery will be boosted to an estimated 27 per cent.

Under primary recovery methods, it was estimated that the field would produce only about 15.5 per cent of total oil in place.

The West World field was opened in 1954, producing from the Strawn. By Nov. 1, 1955, the pressure maintenance program was under way. Cities Service like other companies in other areas, saw that a gas-injection program would be needed eventually. So, instead of waiting until pressure declined sharply, it started an injection program early in the field's life.

Soon after the field was opened, engineers recommended that the company "ought to get started as soon as possible" on a gas-injection program, in order to attain an appreciable recovery of oil in place. The program was approved by the Texas Railroad Commission in June, 1955.

The gas injection program involves 3,040 acres. There are 38 wells in the project, including the two gas injection wells.

About five million cubic feet of gas per day is injected into the Strawn. There are three high-pressure compressors and two low-pressure compressors in field. So far, more than 2½ billion cubic feet of gas has been returned to the field.

At present, the field is too small to support a natural gasoline plant. There are large amounts of wet gas in the reservoir, and eventually a plant may be built to process it. "But," says a Cities Service spokesman, "the operators feel that right now the best thing for everybody concerned is to continue recycling the gas to maintain pressure in the field, rather than try to produce the gas."

Towner Phelan writes in The Freeman: "If all power is concentrated in the State, it is of no importance, in the long run, whether that State represents communism, fascism, British socialism, or Welfare Statism, carried to its logical conclusion, or any other 'ism'. The men who control such a State may start with the best intentions — but they will end as bloody tyrants. It is impossible to reject capitalism except in favor of its only alternative, the omnipotent State, under which man cannot be free and his dignity will not be respected."

Woman's Club Meeting Postponed To March 4

The Ozona Woman's Club postponed its meeting from Tuesday of this week until Tuesday, March 4, Mrs. L. B. Cox, Jr., president, announced.

The meeting March 4 will be in the home of Mrs. B. B. Ingham, Sr. The program will be a study of the clubs and customs the Lowlands countries of Europe, with talks, slides and a group of folk dances by grade school children under the direction of Miss Lucille Farmer.

INDICTED IN CUBAN PLOT — Dr. Carlos Prio Socarras, exiled former president of Cuba, (above) and eight others have been indicted by a federal grand jury in New York for conspiracy to violate U. S. neutrality laws. The former Cuban head, now in Miami, Fla., was charged with causing the purchase of motor ships and vessels to sail from the United States with arms, men, uniforms and implements of war to participate in military expeditions against Cuba. If convicted, each face five-years of prison and a \$10,000 fine.

DISCUSS BORDER DISPUTE — Pres. Gamal Abdel Nasser (L) and Sudanese Foreign Minister Mohamed Abmed Mahgouh are shown after a meeting in Cairo, Egypt, regarding a dispute over border territories. The Sudanese government will present the dispute to the U. N. Security Council in view of the deadlock of talks in Cairo.

Deep Wildcat Spotted, Discovery In Crockett Co. Taking Potential

Crockett County gained location for a wildcat and a shallow strike was taking potential test.

G. E. Kadane & Sons, Edwin L. Cox and Dan Auld, Wichita Falls, will drill an 8,500-foot Ellenburger wildcat in Crockett County, eight miles northeast of Iraan. It will be the No. 1 Margaret H. Smith. Location, on a 160-acre lease, is 2,090 feet from the south and west lines of 4-HH-L&SV.

The prospector is 3/4-mile north and slightly west of Continental No. 1-A Harris, 8,343-foot Ellenburger failure, plugged Jan. 9, 1952. The following tops were picked on elevation of 2,618 feet: Simpson, 7,120 feet; and Ellenburger, 7,672 feet. A show of oil was encountered in the Ellenburger between 7,643-96 feet.

Christo-Ray Petroleum Co., Odessa, was taking potential test at its No. 1 University, in 7-51-University, Crockett County unidentified Permian discovery locat-

ed 20 miles northwest of Ozona.

Operator set pipe for completion attempt after cutting cores from 2,353-2,438 feet. No other details were available.

Perkins-Prothro Co. of Wichita Falls No. 1 W. P. Hoover, opener and lone producer in the Pandale, North (2100) field of Crockett County, 25 miles southwest of Ozona, has become depleted.

It was finaled in November, 1957, for a daily pumping potential of 5 1/2 barrels of 25 gravity oil, plus 25 per cent water, through perforations between 2,068-82 feet.

Location is 330 feet from the south and west lines of 14-NN-GC&SF.

LOST — Commercial type gun stapler. Finder please call Ozona TV System. Phone 2.

Empire Southern Gas Stockholders Approve Merger With Pioneer

At a meeting of the stockholders of Empire Southern Gas Company held in Fort Worth on Friday, February 21, 1958, 91 per cent of the outstanding stock was voted in favor of the plan of reorganization approved by the directors of the Company on January 3, 1958, according to James A. Davis, President of the Company.

Under the plan of reorganization all of the properties and assets of the Company will be acquired by Pioneer Natural Gas Company in exchange for 187,818 shares of

\$7.50 par value common stock of Pioneer and the assumption by Pioneer of all of the liabilities of Empire. Following this exchange, the Pioneer shares will be distributed to the stockholders of Empire Southern Gas Company in cancellation and/or redemption of all of the Company's outstanding stock in the complete liquidation of Empire Southern Gas Company.

Pioneer Natural Gas Company will take over the operation of Empire's properties as of March 1, 1958 and closing date of the transaction has been tentatively set for March 31, 1958. All employees of Empire will become employees of Pioneer in the consolidation.

Big Lake Clips Menard 64-52 To Earn Slot In Regional Cage Tourney

By Ernie Boyd

Tommy Rees and James Nossent teamed together in the final two periods to lead the Big Lake Owls to a 64 to 52 victory over the hard fighting Menard Yellowjackets in Davidson Gym Tuesday night.

The game was played before a screaming crowd of over 800 and was a see-saw affair until the final three minutes when Big Lake pulled away sharply.

Nossent and Rees dumped in 24 points between them in the crucial final two periods and wound up the game with 18 and 22 points apiece to become the game's leading point producers.

The victory for the Big Lake crew moved them into the regional tourney to be held in Lubbock this weekend and keeps alive the Owls' chances of advancing into the state meet next week.

Menard found its zone defense

ineffective against the big Owls who were able to go over the top or overpower the middle to build up a quick first quarter lead. In order to remedy this situation the Jackets employed a full court press which gave the Owls a great deal of trouble and allowed the district 8-A champs to overhaul the 7-A champs.

The last Jacket lead also the Menard team's biggest lead came late in the third quarter when the shooting of Houston McCoy resulted in a 6 point margin.

Nossent and Rees quickly unraveled the Jackets and Nossent's beautiful drive and layup at the buzzer gave the Owls a two point margin at the end of the quarter.

Menard got several rallies started in the last period but each time fouls or costly mistakes cut the rally short.

LADIES GOLF ASSN.

The Ladies Golf Assn. met for regular monthly luncheon last week. Mrs. Joe Friend was hostess for the luncheon and Mrs. Hillery

Phillips was hostess for bridge that followed. High score for the club was won by Mrs. Joe Clayton, low went to Mrs. Joe Pierce, III, guest high to Mrs. L. B. T. Sikes and bingo to Mrs. Monroe Baggett. Others present were Mrs. Sherman Taylor, Mrs. John Childress, Mrs. Lloyd Sherrill, Mrs. Ashby McMullan, Mrs. Byron

Stuart, Mrs. C. O. Walker, Mrs. Demp Jones, Mrs. Early Baggett and guests were Mrs. George Montgomery and Mrs. Max Schneemann.

FRIDAY BRIDGE CLUB

The Friday Bridge Club met last week with Mrs. Lee Childress in her home. High score award went to Mrs. Bailey Post, low to Mrs.

Max Schneemann and cut to Mrs. J. W. Henderson. White spring flowers were used in arrangements in the rooms. Others present were Mrs. Hillery Phillips, Mrs. Stephen Perner, Mrs. Early Baggett, Mrs. Ben Robertson, Mrs. Lovella Dudley, Mrs. S. M. Harvick, Mrs. Joe Pierce, Jr., Mrs. George Montgomery and Mrs. Tom Harris.

A Tribute

To Washington's Birthday!

The birthday of the man who carved out the future of the United States is celebrated throughout this land . . . and in many foreign countries. We refer to him affectionately as "The Father of Our Country", and, indeed that is what he was. Now, as our nation is going through another period of rebirth and rededication to the principles of Freedom, it is well to give George Washington even added laurels. For the truths he uttered then are now as vital to America's safety, well-being and progress as they were when our commonwealth was born. Let every American revere the name and the works of this truly great man!
