

Junction Eagles Win Track Title By Slim Margin

Final Event Decides Dist. Meet Here As Ozona Crowds

By Ernie Boyd

It took the final event of the day, the mile relay for the Junction Eagles to edge the Ozona Lions 56 3/4 to 56 for the district track title at Lion Stadium last Saturday.

For the Eagles it was their eleventh track title in the last twelve seasons.

The winning event for the Eagles proved to be the mile relay and even then it took a doubtful withdrawal of the Menard team to get the needed point.

Eldorado won the event with Junction second and the Lions fourth but since Menard withdrew at the final moment, the fourth place point was not given, thereby giving Junction the title by a narrow third of a point.

Top point producer in the meet was the Lions' steller Jerry Jacobs, who accounted for 9 3/4 points in Charles Fox who had 9 1/4 and Bobby Vargas who had 7.

Jacobs won first in the high hurdles, second in the low hurdles, fourth in the broad jump, and ran a leg for the second place 440 yard relay team.

The meet was largely a two-team affair, with Eldorado occasionally getting into the picture, but with Junction and Ozona dominating a major share of the events.

The Lions picked up a total of four first places and had a tie for another, they were; Jake Young in the shot put, Bobby Vargas in the broad jump, Jim Williams in the discus, and Jacobs in the high hurdles, the tie came when David Sikes tied with Dub Smith of Junction for the pole vault title.

The Eagles counted first places in the 440 relay, the 100 yard dash, 180 low hurdles, the 880 run, the high jump and the tie for pole vault.

In addition to Ozona and Junction, the team scoring was as follows; Eldorado 25, Sonora 14 1/2, and Menard 1.

Of interest to Ozona fans is the fact that seniors accounted for 50 of Junction's 56 3/4 points while Ozona seniors accounted for only 19 of the Lions' points.

For Ozona it ended a very successful year of athletic competition in district 8-A. The Lions won the district football title and missed winning the basketball title by a 2 point decision by the referee and then missed the district track title by a slim 3/4 of a point.

Ten Lions qualified for the regional meet to be held in Odessa Saturday, they were; Jake Young in the shot, Jim Williams and Cicco Cervantez in the discus, David Sikes in the pole vault, Bobby Vargas in the broad and high jump.

April 21-28 Designated Cleanup Week In Ozona Truck Haul Dates Set

April 21 to 28, next Monday through the following Monday, has been designated as official Cleanup Week in Ozona and Ozona residents who have not already done so are urgently requested to begin immediately a thorough cleanup of their premises to be ready for the county trucks when they begin the free hauling of accumulated trash and rubbish.

Headed by the Ozona Woman's Club, with the Ozona Woman's Forum and The Ozona Garden Club assisting, the sponsoring group has sought the cooperation of the entire community in making the 1958 clean up one of the most thorough in the town's history.

County authorities have indicated that trucks will be available for hauling trash during the week of April 28 to May 3. Trash will be hauled during this period without cost to residents. All material that can be burned should be burned before trash is stacked or boxed. Stack all trash near the curb or alley so that it will be readily available to the trucks.

"Let's make April 21 to 28 Clean Up Ozona Week," is the plea of Mrs. L. B. Cox, Jr., president of the Ozona Woman's Club.

Drizzling Rains In Area Bring Moisture

Drizzling rain returned to this area the past week end to bring light but general moisture.

Ozona gauges registered .3 of an inch of moisture and the fall is believed to have been general throughout a wide section of West Texas. With pastures already green with booming weeds from bountiful winter and early Spring rains, the week-end fall was most welcome to ranchmen as a booster to the recovering ranges.

Johnson Bridge Wrecked To Make Way For The New

Farr Construction Co. Begins Job Expected To Take 3 Months

R. T. Farr Construction Co. of Temple late last week began the job of tearing down the Johnson draw bridge on Highway 290 in Ozona in preparation for construction of a new, wider and longer bridge over the stream as a part of the flood control program now under way on the watershed.

Big cranes with cables dangling 5,000-pound hammers went to work on the old bridge late last week and by mid-week had knocked down all but a couple of the original piers were still standing and most of the crushed concrete had been hauled away. Forms are already being built for the new bridge.

The new bridge, to cost the State Highway Department \$67,399, is to be 247 feet long and built in eight 30-foot spans. It is to have a 44-foot roadway with 4-foot sidewalks for pedestrians on both sides, for a total overall width of 52 feet.

The same construction firm has the contract for widening the bridge over Gurley draw at the east edge of Ozona nine feet on each side. The project is expected to take about three months for completion.

While the Johnson Draw bridge is under construction, traffic on U. S. Highway 290 is being detoured a block north to a low water crossing and back into the highway at the Silver Spur Motel corner.

Mr. Cox died early Friday following a heart attack in his Hotel Cactus suite. He had been ill the last year and suffered a stroke recently while in a Houston hospital. He recovered sufficiently to return home about two weeks ago.

ERASE - EXPUNGE - EXTIRPATE

We hope you remembered, when your Congressman and Senators were home from Easter, to tell them what you think about paying that ten percent luxury tax (of all things!) on all your telephone calls, local and long distance. We hope everybody in town gave them a piece of his (and more particularly her) mind on continuing, year after year, a wartime tax-on-talk that was imposed to discourage aimless or non-essential conversations over wires loaded with defense business and the messages of service men!

Furthermore, we hope our Representative and Senators remembered what you said after they got back to Washington. But, just in case, you might write them a confirming letter. You might tell them, if you haven't already, that shoes are a luxury to some people and so are pants and a ring-in-the-nose-but they never have been to Americans. Nor is it exactly a luxury to call the police or the fire department or the doctor — even to order groceries by phone or conduct business with which to pay for the groceries and all the other local, state and federal taxes!

And, you might remind them that this costly nuisance is known as an "excise" tax — and that in your dictionary, excise means: "To cut out, as a tumor; to remove as by cutting out; to erase; expunge; extirpate" — and that this is what you'd like them to do with that tax!

We Agree with Director Maurice Stans that "unbalanced national budgets are like pants without suspenders," and that: "You can't keep them up forever." But he should not consider all tax cuts as costly hand-outs. An intelligent tax reform measure, such as the Sadlak-Herlong bill, could help the budget by spurring business.

Cattle Prices Break At Cornbelt Points

FORT WORTH — Increased offerings of livestock were reported around the major market circle Monday, despite sharply curtailed offerings at Fort Worth due to rain over the weekend.

Fed cattle prices dropped sharply at Cornbelt points as most reported steers and heifers 50 cents to \$1 lower, and Chicago reports indicated spots on steer \$2 off. However, at Fort Worth prices on most cattle and calves were fully steady. Fed steers were scarce, and weak to 50 cents lower. Some strength on canners and cutters, as well as slaughter and stocker calves was noted here compared with late last week.

Good to choice steers and yearlings drew \$26 to \$28.50, and medium and lower grades sold from \$17 to \$25. Fat cows bulked at \$17 to \$19, with canners and cutters at \$11 to \$17. Bulls were reported from \$16 to \$20.50, odd head higher. Good and choice fat calves drew \$25 to \$28, and good stocker calves sold at \$28 to \$30, with good grade yearlings \$28.50 down.

Spring Lambs Sharply Lower; Shorn Lambs Hold

The heavy pressure on Spring lamb prices at Fort Worth was blamed on a poor dressed meat trade, wet fleeces and large percentages of medium to good lambs of soft, washy fleshing. Choice Spring lambs were 50 cents to \$1 per hundred lower at Fort Worth Monday. Cull, medium and good Spring lambs were \$1 to \$2 under prices of last midweek.

Old crop shorn lambs, sheep and goats were steady. About 600 slaughter goats sold at \$7 to mostly \$7.50. Good and choice old crop lambs drew \$20 to \$21.50, recently shorn kinds at \$20 to \$20.50. Cull to medium old crop lambs drew \$15 to \$19.

"IT IS SO, TOO ... 'CAUSE I READ IT IN THE PAPER"

Remember when you were a kid, and "I read it in the paper" was the best argument-stopper in the whole world? That simple declaration served as proof enough for anything . . . unless the other guy was a lot bigger and just naturally mean t'boot! There's a good point here . . . and that is that most of us grow up with respect for and genuine trust in what we "see in the paper".

The same is true of advertising. To be certain that your advertising message is seen and remembered . . . put it in YOUR HOMETOWN NEWSPAPER!

Miss Wool Contest And Pageant Becomes National; 13 States Participate; Choose Miss Wool Of Texas At San Angelo July 4

San Angelo, Texas — In 1952, a Miss Wool Contest and Pageant was started as a joint effort by the members of the Texas Sheep and Goat Raisers Association and their auxiliary and the San Angelo Board of City Development.

The sole purpose of this promotion was to secure publicity for the wool industry and to make the citizens of our state and area more conscious of the advantages of woolen goods. During the first year of the contest most of the entries were secured from around this section of the state.

Due to the great amount of interest that was generated by the Pageant in 1952, state-wide participation was secured the following year and the Miss Wool Pageant has started on a steady program of growth and acceptance by fashion conscious people throughout the nation.

In 1957, this activity had reach-

ed a level of prestige in that it was one of the two contests that was recognized by some of the leading educational institutions of the state, and they in turn gave approval for their students to participate using the names of their universities.

During the past few years the winner of the Miss Wool Pageant had not only traveled extensively in Texas but was receiving growing recognition in style centers throughout the nation. She was securing much favorable publicity for the important wool industry.

Realizing the great potential of the contest and pageant, the members of the Miss Wool Committee recommended that in 1958 an invitation be extended to the twelve other wool producing states of the nation urging their participation in the contest.

On January 19, 1958, the Miss

Wool Committee met with delegates to the National Wool Association Convention in Phoenix, Arizona to present their proposals and to invite the participation of the Association's representatives. The program was very well accepted resulting into a national contest. The participating states are Arizona, California, Colorado, Idaho, Montana, Nevada, Oregon, Texas, Utah, Washington, South Dakota, Wyoming, New Mexico.

To select a Miss Wool of Texas the members of the Inter-Civic Council and the Board of City Development of San Angelo, in cooperation with the Texas Sheep and Goat Raisers Association and Auxiliary are holding a contest in San Angelo on July 4, 1958.

Entries are now being received for the Texas Contest from girls throughout the entire state; however, all entries will be eliminated down to eleven. These eleven girls will be selected to serve as finalists in the Miss Wool of Texas Contest.

Anyone desiring information on the Miss Wool of Texas Contest can receive it by contacting the Miss

Wool of Texas Contest, Chamber of Commerce, San Angelo, Texas.

"Use What You Have"

Not only must you use the body, brains, and face that you have, but you must use those other common place things that you have now — your job, your ideas, your money, your material goods, your circumstances — little or undesirable as these may seem. Learn to use your experience, your background of knowledge.

Richard Neison Harris is a good example of how far a man can go on very little if he will put that little to good use. When he was graduated from Yale in 1936, Harris turned down a good job in his father's woolen business. "I wanted to move under my own power," he said.

He borrowed \$5,000 and bought a beauty supply business in Cleveland. Harris then began looking around for a way to use that beauty supply business to make it grow. He studied human hair. He found that heat often made hair dry. Yet cold waves required complicated and expensive machines.

His idea to make a home permanent kit wasn't exactly new. Twelve other manufacturers were already trying to do it. But none of this discouraged him. He developed a simple efficient method of curling hair, and the Toni Home Permanent became nationally famous. It was introduced in 1944 with \$50 worth of co-operative advertising. Four years later Harris sold the company to the Gillette Safety Razor Company for \$20,000,000.

ANNUAL STAFF

The annual staff has been working to pick out a theme, a cover and to draw off pages for the '58 annual. Last week, they started selling them and each member of the staff has been given a list of students to contact. Someone will probably stop you to see if you want one, so if you do, buy it now and don't take a chance on getting one next year — they might sell out!

CHORAL CLUB

By Alma Ingham

A spring program will be presented by the choral club Thursday at 7:30 p. m. in the high school auditorium. These numbers will be presented under the direction of Corbett Smith: "If I Loved You," "For God So Loved the World," "Tumbling Tumbleweeds," (Joe Friend, soloist), "Send Out Thy Light," "Calm As the Night," "Somewhere Over the Rainbow."

In past years the Choral Club has presented outstanding programs. Everyone is cordially invited to attend this one.

COMIN' AND GOIN'

By Barbara Barbee

The Seniors were the honorees at the Baptist Banquet held last Thursday in the fellowship hall. Some of the Seniors and their dates were: Clayton and Susie, Bill and Genelle, Joe C. and Marilee, Jake and Alma, Dick and Dartha, Tommy and Wanda, Jerry and Gwynel, Jim and Becky, Jon B. and Tommy S., Stan and Mary Jo.

They reported the food and program were wonderful.

Friday night most of the kids went to see the show — "Old Yeller." It was a good show, and it did draw a big crowd. Dates were: Joe C. and Camille, Bill and Alma, Stan and Mary Jo, Buddy and June, Rod and Marilee, Jerry and Gwynel. After the show all the girls came out wiping their red eyes. Can you imagine girls crying over a dog having hydrophobia? Now you know boys, just how tender-hearted girls can be.

Saturday was the big track-meet and volleyball tourney. Our track boys lost by two-thirds of a point to Junction. Tough luck, boys!

The girls won district at the tourney. Their last game with Junction titled our girls as the "Champs." Congratulations, girls! Janet Parry a Sophomore from Barnhart spent the weekend with Alma. Janet is certainly a cute girl, and we hope she will come back another time.

Sunday the Senior M. Y. F. went to San Angelo for the district meeting. They attended the afternoon session at the First Methodist Church and then had dinner in the Town House Hotel. They had an exciting trip and they said the program was very interesting.

MOUSIE NEWS

By Pee Wee Mouse

Everyone has just finished failing all their six weeks' test again and the halls are back to normal. Kids are running around screaming and looking for lost jackets, books, purses, and common sense — course, who isn't looking for the latter! Speaking of jackets — Joe Mc seems to have misplaced his track jacket or else someone misplaced it for him. He sounds like he really wants to get it back! (It isn't on a girl, tho!) Friday, it looked like the 4th of July in the auditorium. They were having campaign speeches — whatever that is.

The Baptist Banquet was last Thursday night. There was a little brown girl from Hawaii there, too. I think someone had a lawn mower after her skirt, tho!

It won't be long 'fore will be gettin' rid of these pesky seniors — but there's a catch to whole wonderful deal — we'll be getting some more. Oh, well, that's life, I guess!

Say, guess what I heard the other night — Carolyn M.'s secret desire is to be a second for Jayne Mansfield in the movies. Good luck, Carolyn, you've got a good start! Well, I gotta' go see if I can hear some more news, so you be careful until they get the bridge built back (you can't drive across it unless you're drivin' a grasshopper or somethin' — it ain't there). See ya' next week. With a little luck and a lot of news!

QUESTION OF THE WEEK

Camille Adams

Do you think the recession will let up, since it is spring?

June — since I'm a Republican, I'll say yes.

Alleane — It should, but you never know.

Mr. Harlan — If it doesn't, by George, I'll recede!

Mr. Leath — Yeah, I think it will melt! When the Democrats get in.

Genelle — I think it will take at least until fall.

Stanly — It won't completely because everyone is in a bind paying taxes!

Joe Boy — uh- uh!

Jake — I think it will when the Democrats get back in office.

Rodney — I don't know and I don't care.

"SENIOR"

By Alleane Young

Born in San Angelo, Texas, May 19, 1940, Mary Jo Word, daughter of Mr. and Mrs. R. C. Ward, moved to Ozona in 1941 from San Angelo. Having attended all her school in the Ozona schools, Mary Jo is a top-ranking student in everything. Really we don't see how she has time for much of anything. Her activities in O. H. S. are quite numerous.

She was president of the Freshman class, Vice president of the Student Council her sophomore year and Junior year, and president of the Student Council her Senior year. Our school has been running very smoothly as a result of Mary Jo's excellent leadership in the Student Council. Being an outstanding piano player, she has accompanied the choral club for four years. We would have been lost without her! Also she has played in the swing band and was a cheerleader this year, and a very good one too.

Tennis is her favorite sport but

she likes most all of them. Steak and coconut pie are her favorites when it comes to food. Texas University is where she is headed next fall to major in psychology. All of her subjects are favorites.

Having blonde hair, grey eyes, and 5' 7" tall, Mary Jo was runner-up for most beautiful this year. She is a very striking girl anywhere!

Elected as Sophomore class favorite, she is a favorite among all the students of O. H. S.

A boy known as Bill Black, but better known as "Willie", comes into our Senior spotlight this week. Born in Big Lake, Texas, April 22, 1940, he has always lived here.

We know Bill is quite an "outdoorsman" because he likes fishing, hunting, and loves to rope. Incidentally, we know that Bill is a very good "roper". He has been a member of the F. F. A. and 4-H Club for several years. Being raised on a ranch, he has been around stock all his life. Football, basketball, speech club, Senior play, Student council, and track are among his activities in O. H. S.

Standing 6 feet tall, having blue eyes and blonde hair, Bill is the son of Mr. and Mrs. Charlie Black of Ozona. Next fall we will hear from Bill at T. C. U., where he plans to major in business. English happens to be his favorite subject in school.

Fried chicken and pecan pie are his "rathers" when food is brought up. We have always been able to recognize Bill as a friendly, likable guy. (By the way, Bill, how does that new car drive? Fine I would guess!)

Born to Mr. and Mrs. A. F. Burton, June 6, 1940, in Farmington, New Mexico, a son whom they called Jim. Yes — Jim Burton came to us in 1949 from New Mexico. However, he has attended most of his school in Ozona. Jim is 6' 5" tall, has grey eyes, and brown hair. When it comes to grades, Jim's are among the very top.

His favorite subject being chemistry, he plans to go to Rice and major in either chemical engineering or chemistry. We know that you will make it, Jim. Jim's (Continued on Page Six)

activities are also numerous. A member of the science club, press club, president of the National Honor Society, Jim also played football, and was manager of the basketball team. As you can see, his time is well taken care of. We know, too, that he has been in several plays and also plays in the band. He says he likes sports to a certain extent, but basketball is his favorite.

When food is mentioned, Jim says he will have Mexican food and cherry pie.

Jim is a favorite in the halls of O. H. S. and was also elected as Senior class favorite.

BAND CONCERT

The Ozona High School Band presented their annual "spring concert" in the high school auditorium Tuesday night. They did an excellent job of playing a variety of pieces consisting of overtures, marches, tangos, and Lawrence Welk's popular tune "Port Au Prince."

The highlight of the evening was the presentation of the Kay Simmons memorial award. It was awarded to Carolyn Mayfield for outstanding service rendered to the band and excellent work done with the twirlers. Our heartiest congratulations to you, Carolyn!!

Congratulations also to the whole band for an excellent program. Mr. Smith deserves a great deal of credit, for without him, it would not have been possible.

JUNIOR PLAY

By Camille Adams

Don't forget the Junior play, "You Can't Beat The Drummers," it will be on Monday and Tuesday nights, April 21 and 22. "I can assiduously strive to eschew miring myself in lingual banality." What does that mean? Come to the play and send your friends the next night.

Iraan's Yearning To Be a County Seat Of New County Carved From Pecos And Crockett Becomes Issue In Race For Legislative Post

From Ft. Stockton Pioneer — The long-dormant issue of Permian County — and whether it shall be created from parts of Pecos and Crockett Counties in the Iraan area — has bubbled to the surface again as a by-product of what is shaping up as a red-hot fight for the state representatives post from the 102nd district in this summer's election.

With four announced candidates all from Midland, in the race to date, one has announced himself against creation of a new county, another has declared himself for such an act and the other two are noncommittal on the subject so far.

Incumbent Louis Anderson, an accountant who is seeking his third term in Austin, refused to introduce a bill asking creation of the county last year and recently said:

"I was against the formation of a new county in this area last year and I'll be against it again if I'm re-elected to the legislature." Meanwhile, youthful attorney Robert E. Montgomery, seeking his first elective office, issued a lengthy statement in support of a new county. He told the Iraan News:

"The handling of the Permian County project by our present representative is but one example of his lack of true representation and leadership ability which has resulted in our district's loss of prestige in Austin. I believe that any person dedicated to properly representing his district should know that without the fullest cooperation between two communities of a particular county, that county cannot be the efficient servant of the people or a progressive government-

al unit properly fulfilling the purposes of its existence.

"He should also know that no problem such as the division of a county can be settled on a street corner, in the newspapers, by letters or any other means except placing it before our state legislature for full and complete hearings, fact findings and finally a decision based solely upon the merits of the cause as presented. As your representative, acting on the theory of the rights of all people to be heard and with the belief that a representative is a vehicle through which the thoughts of the people are expressed, I pledge myself to the introduction and passage of a bill providing for the creation of Permian County."

Two other candidates, Midland attorney Brown Bailey and University of Texas law student Pat Morgan of Midland, have not committed themselves on the controversial issue, although Morgan has indicated that he would not favor a new county.

The argument broke into the open in the 1957 legislature after many months of secretive maneuvering. An Iraan group asked Anderson to submit a bill to create a new county from the east end of Pecos County and the western portion of Crockett County. He turned them down, saying in effect that he didn't think they had a case.

In the meantime, both men seeking the Speaker's job in the next legislature have indicated they are against the idea. Rep. Joe Burkett of Kerrville has stated flatly that he is against it since Crockett

County lies in his district. Rep. Waggoner Carr of Lubbock, the present Speaker, is not definitely committed but has indicated he doesn't think much of the plan.

The four Midlanders are seeking to represent Pecos, Upton, Crane and Midland Counties in the legislature.

The winner will also inherit another hot potato concerning possible revision of precinct boundaries within counties. That measure has been beaten down in the last two legislatures. Anderson has been one of its chief proponents.

Pecos and Midland Counties are two of those in West Texas that backers of the bill say would be benefitted by passage. Roughly 80 percent of the population of both counties is represented by one man on the commissioners court, while the other 20 percent has three men.

Troy Williams Buys Outstanding Hereford Bull At Okla. Sale

Troy Williams, Ozona ranchman and registered Hereford breeder, has added an outstanding bull to his herd.

The bull is TR Zato Astor, bred by the Turner Ranch at Sulphur, Okla., and purchased by Williams last week at the dispersion sale of the Teho Cash herd at Ada, Okla.

Williams paid \$2,850 for the bull, a 5-year-old — top price of the sale.

Cash bought the bull from the Turner Ranch as a 2-year-old, paying \$10,000 for the sire. The bull is described as "one of the best bulls that'll be sold this year."

Second top price bull brought \$995.

Williams runs a herd of 150 mother cows, all registered, and has 50 registered heifers. He says his herd is doing okay and that he's about stopped feeding. He expects to complete calving within the next three weeks. Out of his 150 cows all but nine are bringing calves.

The most precious gift you can give a son

From that first wonderful day when he drops your guiding hand to walk alone—unsteady, unsure, but on his own—his goal is independence.

And this is yours to give—even as he falters and clings, then manfully struggles on. You want so much to help him. And your heart nearly bursts with pride one day when you know he's now "his own man." How fervently you pray that no one—ever—will take away this hard-won freedom to be himself.

There's one way you may not have thought of to help him continue to enjoy the independence he's achieved.

Be on the watch for ideas that could deprive him of it—the idea, for example, that "government should run such and such—a business, a service, an institution." You have only to remember the people in socialist nations to know that when government controls more and more things, there is less and less freedom and independence for the individual!

You can use your woman-power to discourage this idea that "the government should run it." When you hear people talk that way, point out that the loss of *anybody's* independence is a threat to *everybody's* freedom.

Very much aware of this danger are the independent electric light and power companies, because government already runs part of the electric business, and powerful people are pressing it to take over more.

the same year. He owned, at the peak of his career, 300 cattle, 6,000 sheep and 1,500 goats. Mr. Cox and the late W. D. Mitchell of Marfa were among the oldest Palomino breeders in the nation. At the height of his Palomino breeding activities he owned 150 Palominos and Quarter Horses.

The Texas Palomino Assn. was organized in 1939 and Mr. Cox became the first president. In 1941, he wrote the bylaws for the national organization, became its vice president and historian and later its third president.

In 1907, Mr. and Mrs. Cox moved to Stanton where he bought and sold farm and land for Higginbotham Brothers on a commission basis. In those days, livestock was running at large in the streets and Mr. Cox helped organize a chamber of commerce and launched the drive to incorporate the town and enact a stock law. Mr. Cox was elected the first mayor. He also served as school trustee, but left before his term expired, moving to Crystal City.

There he bought a lumber yard interest, but after two years moved to Cleburne. He moved to Barnhart in 1918, organizing lumber yards there and at Big Lake and Ozona. He later sold two of them to the West Texas Lumber Co. of San Angelo.

He helped organize a bank at Barnhart, later merged with another at Rankin. He was elected commissioner from the Barnhart precinct and went into office in 1917. That term was interrupted by a move to Ozona.

He became a partner in several of the S. E. Couch enterprises, and was in the lumber and hardware business. He also branched into ranching, buying 15,000 acres known as the Live Oak Ranch in Crockett County. While at Cleburne, he had traded for 2,500 acres in Reeves County, later leased to some of the major oil companies over a period of years.

He purchased the Mt. Livermore Ranch near Marfa in 1927, which comprised 15,296 acres.

He retired about 1930, but engaged in ranching operations on occasion.

Survivors include Mrs. Alma Cox Mahon of De Leon, a niece, and Murray Cox of Abilene and Mrs. James Marberry of Midland, both cousins.

mega, national dramatics fraternity; president of the Press Club, on the executive committee of the Student Planning Board, an organization of presidents of all other clubs; member of the Speech Club and was elected this year to Who's Who in American Colleges and Universities.

Lewis was chairman of the important Resolutions Committee at the Congress convention in Waco. His committee presented a censorship resolution to the Congress and it was passed.

The resolution called for non-censorship of college and university newspapers by the faculty or administration or trustees. It called for freedom of the press governed only by libel laws, postal regulations and conscience of the editors. It stressed that faculty advisors to student publications be limited to the role of consultant only.

The 12 H-SU journalism students and journalism professors who attended the Congress heard such well-known journalists as Dave Cheavens, head of the Austin Bureau of Associated Press; Al Kuettner of the Atlanta Bureau of United Press; Williams Blakesley, A P science writer; Don Reid, Huntsville newsman who has covered 151 executions at the state prison; and Mrs. Liz Brandt of the Houston Chronicle.
