> Discover the FUN of meal preparation when your new Gas range takes over all the mechanics of cooking.

The two dials on an automatic Gas range - one for the oven and one for the top Burner-with-a-Brain - take care of practically every cooking chore! Instead of hovering near while your meal cooks, you simply set the dials for time and temperature...and that's it! You needn't even be at home when it's time to start the vegetables simmering, or to take the roast out of the oven. And only GAS offers such flexibility of heat...only GAS can maintain a temperature to such a close tolerance. And a Gas range costs less to buy, less to install, less to operate.
