One Local, One State Race To Be **Decided Saturday**

42 Absentee Ballots Indicate Interest In Local Race

Voters in the Democratic run-off primary next Saturday, August 23, will face a short ballot.

Only one state race is at stake in which all voters will have a chance to mark a ballot, and in this county only one local contest that for Commissioner from Precinct 2, will be up to a decision of the voters.

Almost as many absentee ballots had been cast in the second primary as in the first at the deadline early this week. A total of 42 absentee votes had been cast at the office of County Clerk Leta Powell, 40 of them in Precinct 2 and two in other precincts.

At stake in the state race will Ted M. White of Ozona, a 1958 be a place on the Texas Supreme graduate of Ozona High School, has Court. CAP Local Cadets **Attending Encampment** At Sheppard AF Base

Cadets 1-class Buddy Anderson and Tommy Fields, both of Ozona, found that it was all military for Civil Air Patrol Cadets as they arrived at Sheppard Air Force Base in Wichita Falls, Texas, for a two week encampment.

The Ozona cadets had hardly been unloaded from one of the many Air Force planes transporting cadets before they found themselves being processed, issued bedding and assigned a bunk in one of six avaliable barracks.

Salutes were filling the air as the Ozona cadets and all the other cadets, all between 14 and 21, settled themselves to a concentrated taste of air education, military

But a group of cadets being marched to the mess hall for noon meal turned up one noticable contrast to accepted military life. Male and female cadets were marched in the same group, ate together, stood in lines together, and Lt. Col. Ben Lowell, Encampment Commander, says that all cadets will study together.

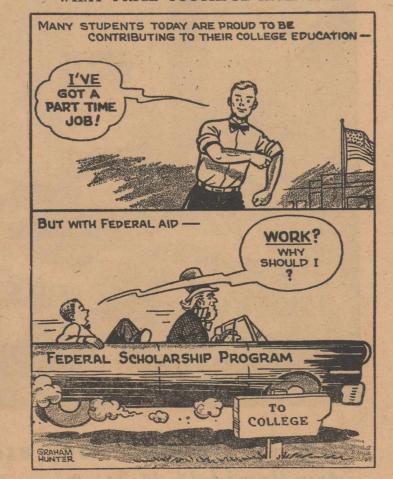

"The cadets will all receive the same training." Colonel Lowell said. "The girls join with the boys in all training operations."

Run-Off Vote In Lone **Undecided State Race**

Court Candidate Urges

The leading candidate for Place One Supreme Court in the first primary has issued a statement urging all voters to take a personal interest in the runoff election to be held Saturday.

Robert W. Hamilton, who led the ticket by more than 160,000 votes in the first primary, said: 'Each voter should decide for himself which candidate is best qualified, then be sure to take time to vote on Saturday, remembering that the Supreme Court has a greater potential effect upon our rights as individuals than any other office in our state or nation. Texas is one of the states which allows its citizens the privilege of voting upon members of its Supreme Court and each Texas voter should express his preference in this selection even though in some cases this will be the only race on the ballot."

Hamilton is a veteran jurist now serving as Chief Justice 8th Court of Civil Appeals; just one step in rank below the Supreme Court post for which he is candidate. He has 31 years experience in general practice, as county and district attorney, district judge, and including five years as Chief Appeals

Justice Hamilton was selected as the preferred candidate of Texas lawyers in a sceret vote conducted by the State Bar and he led the field of three candidates with a

during September.

minal record.

Reduce operating cost by using the sun.

THE OTARION SOLITE converts direct sunlight, or artificial light, into immediate power for the operation of the famous L-60 Otarion
Listener—the world's most
powerful solar-operated eyeglass hearing aid. Uses solar
cells of the type that power transmitters in space satel-lites now circling the earth.

Easily adapted to any late model hearing aid.

Exclusive Rx circuitry—especially for you, provides the equivalent of three hearing aids in one—for your models to day to morrow and needs today, tomorrow, years to come—yet chal-lenges detection!

Otarion Listeners are worn and recommended by more prominent Americans than any other, including Mrs. Eleanor Roosevelt. For fascinating sun-power story, come in, phone or mail coupon TODAY!

Gordon G. Aikman, Owner & Pharmacist

One grease with many uses... try Humble's Multi-Purpose Grease H

It fills the needs of most farmers and ranchers for lubricating all their equipment. This wide range of use reduces the chance of applying the wrong grease. It keeps your storage requirements to a minimum because you need only one grease instead of several.

The quality of Multi-Purpose Grease H equals or surpasses that of every single-purpose grease that it replaces. Multi-Purpose Grease H gives better lubrication and protection for chassis, track rollers, wheel bearings, water pumps, ball and roller bearings, universal joints and other lubrication points.

Call me for Multi-Purpose Grease H, and for other top-quality Humble products for your farm or ranch -
