

Annual Quarter Horse Show Here Set For June 4th

Rex Barrett of Pampa Secured To Judge Show Horses

Plans for Ozona's annual Horse Show were made at a meeting this week of committeemen and others interested in the annual Quarter horse exhibition.

Date for the show has been set for June 4th. Entries must be in the hands of local officials by 12 o'clock Noon on June 2, but entries will be accepted to show time with a penalty of \$3 per entry.

The halter class show will start at 9 a. m. with performances classes in the afternoon from 2 p. m. and at the night performance. Competition in the kids classes will also be in the evening.

Rex Barrett of Pampa, Texas, well known Quarter horse breeder, has been selected as judge of the show.

General chairman of this year's show will be Bud Cox, Secretary and publicity committee will be Oscar Kost, Pete Jacoby, Sam Perner and Carl Appel. The halter class committee includes Charlie Black, James Chapman, Homer Good and Charlie Davidson, III. Performance class committeemen are P. C. Perner, Frank McMullan, Jr., and J. B. Parker. In charge of the children's classes and the parade will be James Childress, Vic Montgomery and Jerry Hayes. The finance committee includes Carl Appel, Oscar Kost and Bud Cox.

March 22 Set For One-Day Red Cross 1960 Fund Drive

Over 30 Volunteers To Make House To House Canvass

With a list of volunteer workers already numbering more than thirty, Roy Thompson, 1960 Red Cross Fund Drive chairman, this week announced plans for a one-day drive on Tuesday, March 22, in which he hopes to reach the Ozona chapter's quota of \$1200 for the 1960 Fund Drive.

Last year's Red Cross drive fell short of the quota and workers and chapters leaders are determined to make the 1960 campaign a success by at least reaching the assigned quota and exceeding it as far as possible to make up for last year's deficiency in contributions.

Drive workers will assemble at the Hi-Way Cafe at 9 a. m. the morning of the drive for coffee and to hear a talk on Red Cross service and needs to be given by James Hamilton of Sweetwater, Red Cross field director in this area. Workers will be assigned different sections of the town and a house-to-house canvass will be made through the day.

Included in the \$1200 budget for this year are the funds chapter officials believe will be necessary to operate the various services on behalf of military personnel and in other functions of the Red Cross for the coming year.

Ozona Golfer Hits Hole-In-One On No. 9 Country Club Course

Hitting that one in a million shot that golfers dream about, Warren Taliaferro of Ozona one day last week became the fourth golfer to get a hole-in-one since grass greens were installed on the local country club course.

Teeing off at the ninth tee, Taliaferro, playing with a foursome of local players, was advised by a fellow player to "knock the ball in the hole." Using a 4 iron, Taliaferro fad his shot straight into the cup on No. 9 green. That's what the man said do.

Ozonans Enjoy Brief Respite From Weather With Sunshine Wed.

Relief momentary and temporary though it may be, was welcomed for a few brief hours Wednesday as the sun returned for the first time in nearly a week and torpid Ozonans, after enduring one of the longest and most vicious winters in recent history, had hopes revived by the momentary sunshine that maybe after all Spring is "not far behind."

After enduring the heaviest snow in a decade, followed by just mean cold weather, this week brought a new variety of assault, including freezing drizzle, fine snow, sleet and biting winds, with temperatures that seldom climbed above the freezing point through the day and sagged into the low twenties at night, the first break after four days coming with Wednesday's sun. But by late afternoon or early evening the skies were sulky again and no firm promise was forthcoming for any further relief from the weather man — March though it be.

Fledgling Track Team Cops Third Place at Stockton

With Little Practice Time, Squad Turns In Surprise Showing

By Ernie Boyd

The Ozona High School track team made an impressive start in opening its 1960 season last Saturday in Ft. Stockton as it finished third in competition with 2A, 1A, and B schools.

Coach Chick Womack's thinly clad athletes held on to second place until the final event before dropping back to third place, but even then a lightly regarded mile relay team won points for the Lions in its first try over the course this year.

Senior Joe McMullan was the big gun for the Lions as he captured first place in both the high and low hurdles and broke the meet record in the lows set by Billy Bob Holden last season.

Much of the Lions squad had but two days work prior to the meet since ending basketball but still managed to win a number of places in what was expected to be some of the season's best early competition.

Phillip Carnes, with just two days work, ran second in the high hurdles behind McMullan. Johnny Jones finished in a tie for third place, Carl Montgomery placed in the high jump and Jim Williams finished second in the discuss among the other basketball players just joining the squad.

Among the squaddmen who have been out for track for some time, Jim Doran won fifth in the 220 and a combination of McMullan, Porter, Doran and Parker finished second in the 440 yard relay.

Following one fine day Saturday, the weather reverted to winter form and it was not expected that Coaches Cleere and Womack would get much time to prepare

(Continued on Last Page)

Funeral Here Tuesday For N. J. Whitley, 63, Retired Oil Employee

Funeral services were held at 2 o'clock Tuesday afternoon from the First Baptist Church here for N. J. (Jack) Whitley, 63, retired Gulf Oil Corp. employee, who died Monday in the VA hospital at Big Spring. Mr. Whitley had been in ill health for about three months.

Burial was in Cedar Hill Cemetery.

Survivors include the widow; two daughters, Mrs. Paul Campbell of McCamey and Mrs. Jim Winders of Earth; five brothers, Rube Whitley of Talpa, Clinton Whitley of Grandfalls, Horace Whitley of Bangs, Archie Whitley of Bakersfield, Calif., and Tom Whitley of Long Beach, Calif.; one sister, Mrs. W. B. Stacy of Breckenridge, and three grandchildren.

Oklahoma City U. Director Conducts Band Clinic Here

James Neilson To Direct Annual Ozona Band Clinic

The Ozona High School band will hold its annual band clinic in the band hall Friday under the direction of James Neilson, director of the Oklahoma City University band.

Mr. Neilson has been director of the Oklahoma City University band, choir and orchestra and of instrumental music education at the University since 1936 and during that time the music department of the University has grown tremendously.

Mr. Neilson is much in demand as a speaker at music clinics and clinician in schools all over America.

Ozona director Corbett Smith said this week that Ozona was indeed fortunate to have Mr. Neilson make himself available for the one day clinic.

Under the direction of Mr. Smith the Ozona high school band has become one of the most honored bands in West Texas. These honors have not been accidents, they have rather been the result of hard work and devotion to duty on the part of the members that have made up the band for the past eight or nine years.

This year for the first time the Ozona High School band has become an exclusively high school band with no Junior High students. The change was brought about in part by the increased size of the high school in recent years and also largely due to this year's change in the High Schools academic program.

Mr. Neilson received his musical education at the Chicago Musical College and Juilliard. He has studied privately under William Broughton, Edward Lewellyn, Clarence Burg, Fritz Mahler and other. Mr. Neilson is affiliated with Phi Mu Alpha, The Music Educators National Conference, College Band Directors National Association and the Oklahoma Music Educators Association. Mr. Neilson is listed in "Who's Who in the South and Southwest" and is past president of the Band Directors National Association.

Contributions To Polio Fund Drive Here Total \$1,915

Half of Fund To Be Retained In Local Chapter Treasury

Final totals in the 1960 March of Dimes drive in Ozona, compiled during the past week, showed total contributions of \$1,915.03 on behalf of the National Foundation and the local chapter for use in research and treatment of crippling diseases.

Workers, headed by Mrs. Jerry Hayes as campaign chairman, were gratified at the total, which exceeded by nearly \$400 the total reached in the 1959 campaign.

Funds are divided equally between the National Foundation and the local chapter. The Foundation's new field of research and treatment include, besides polio, birth defects, rheumatism and arthritis. Contributions finance research, treatment and medical and therapeutic scholarships.

The Mother's March netted a total of \$707.06. Individual gifts totalled \$200; school collections, \$165.81; coin collectors, \$104.02; March of Dimes mailers, \$176.25 and sporting events and other contributions totalled \$561.89.

WOMAN'S CLUB MEETS

Ozona Woman's Club will meet next Tuesday in the home of Mrs. Joe Pierce, Jr., for a program on "Community Betterment" Program coordinator will be Mrs. James Baggett.

Camille Adams
Queen of Hearts

Camille Adams Named Queen Of Hearts; To Ride In Rodeo Parade

Camille Adams, daughter of Mrs. Clay Adams, was chosen Queen of Hearts for the San Angelo District Heart Association in a unique contest sponsored here by Mrs. Coralie Meinecke, Crockett County Heart Association chairman, in connection with the 1960 Heart fund drive.

Miss Adams will reign as Queen of Hearts and will ride on the Heart Association's float in the San Angelo Fat Stock Show and Rodeo parade on March 10. A senior student in Ozona High School, she is a cheer leader and was named queen of the Junior Rodeo here last year. The 17-year-old beauty also boasts brains. She has been on the schools scholastic honor roll throughout her senior year and most of her junior year.

Miss Adams was one of five candidates nominated to take part in the local contest, names of the different girls being placed on heart fund contribution boxes placed in various business places in Ozona. The box containing the largest contribution won the queen title. Other contestants were Pam Perner, Suzie Chandler, Linda Mills-paugh and June Bunger.

Bad Weather Forces Postponement Of Two Volleyball Games

By Ernie Boyd

Adverse weather and the approaching Ozona Invitational tournament caused postponement of two volleyball games slated this week by the Ozona High School girls volleyball team.

Big Lake, scheduled for the local gym Tuesday night, decided the highways were too bad to risk travel and a Friday night game was postponed due to other interference.

The Ozona girls dropped an overtime 27 to 25 decision to Colorado City in the Big Springs tournament last Friday with a fouled up bracket providing but one game for the Ozona team.

The Ozona girls led by one point at the end of regular play but it was required that one team hold a two-point lead in order to gain a decision and in extra play Colorado City was the first to gain a two-point margin.

Major Zunker Speaks At Woman's Society

Major Charles Zunker, commanding officer at the Ozona Air Force station, was guest speaker at the meeting of the Woman's Society of Christian Service of the Methodist Church Wednesday morning at the church.

Major Zunker spoke on the topic, "New Light for Our Town and Country." He was introduced by Mrs. Paul Perner, who gave a brief "Survey of Our Town and Its Changing Population." An open discussion followed Major Zunker's talk.

Attending were Mes. Tom Harris, Dick Henderson, Joe Tom Davidson, A. S. Lock, R. A. Harrell, W. O. Reeves, Bailey Post, Charles Williams, Sr., W. R. Baggett, Morris Bratton, Joe Pierce, Jr., B. B. Ingham, Sr., J. W. Henderson, Charles Zunker and Rev. Morris Bratton.

Weather Cooperates For Successful Spring Style Show By Forum

With an assist from the weather man who gave temporary surcease from wintry blasts for one spring-like day, the Ozona Woman's Forum presented its tenth annual Style Show Saturday in the North Elementary school auditorium, with about 200 guests present to view the elaborate display of spring styles.

After a warm welcome to the guests, extended by Forum President Mrs. L. B. Cox, III, fashions of the "Soaring Sixties" were presented by a long line of models of all ages, with enlightening commentary on the fashions by Mrs. Beecher Montgomery.

At intermission, guests were entertained with vocal solos by Mrs. Joe Pierce, IV, with Miss Cleona Quiett accompanying. Her selections were "Around the World," by Victor Herbert, and Rabyns' "A Heart that's Free."

"Spacettes" Jan North, daughter of Mr. and Mrs. C. A. North, and Susie Russell, daughter of Mr. and Mrs. Bud Russell, drew names of winners of the door prizes. They were assisted by Airmen from the Ozona Air Force Station who also seated guests at the style show. They were A-3C Ronald T. Bullcock, A-1C Gary Black, Carol A. Bernathy, Larry Thompson, Gerald Vanny, Dennis Tryon and Alan Lohrman. Door prizes were awarded to Mrs. Roy Thompson, Jan Jacobs, Linda Mills-paugh, Martha Simon, Mrs. Thomas Ming, Mrs. John Walker, Mrs. Joe Pierce, IV., and Mrs. George Bunger.

Fashions were presented by the Maurice Shop and Florence & Martha's of San Angelo, and jewelry by the Caruthers Jewelry and Silver Spur Motel Gift Bar of Ozona.

73 Head Livestock Entered By Crockett 4-H Club At Angelo

Eighteen Crockett County 4-H Club members have entered seventy-three head of livestock in the San Angelo Fat Stock Show which starts next week. Livestock will be taken to the show on Tuesday, March 8, and judging will take place on Thursday and Friday, March 10 and 11th. Sale of prize winning livestock and a junior livestock judging contest will be held on Saturday, March 12.

4-H members have entered 49 fat lambs, 18 registered Rambouillet Sheep, 4 steers and 2 registered Hereford heifers. Those showing livestock will be Pierce Miller, Pam Jones, Jay Miller, Bill Williams, Mark Baggett, Larry Williams, Penn Baggett, Bill Jacoby, Rex Bland, David Jacoby, Larry Mills, Bob Childress, Fred Baker, Diana Couch, Frank Childress, Bryan Montgomery, Judy Barker and Duwain Vinson, Jr.

School Children Get Holiday March 11 As Teachers Attend Meet

Friday, March 11, will be a holiday for Ozona school children while their teachers attend a Texas State Teachers Association district convention to be held in San Angelo.

The District 11 TSTA convention will open Thursday night in the Central High School building and will continue through Friday and the closing session Friday night.

World Day of Prayer To Be Observed Fri. At Methodist Church

World Day of Prayer, a simultaneous worldwide observance sponsored by the Women's Inter-Church Council, will be observed Friday morning, starting at 9 a. m. in the sanctuary of the Ozona Methodist Church.

Theme of the 1960 World Day of Prayer is "Laborers Together With God." The community is invited to take part in the service Friday morning.

Two More Are Candidates For School Board Posts

Stuart and Adams In Race Raise Total To 9 On Ballot

Two more candidates had filed for places on the ballot in the coming school board election before the deadline for filing passed Wednesday, raising the number of names to appear on the April 2 ballot to 9, with four vacancies on the board to fill.

Latest candidates to file are Jessie G. Adams and Byron Stuart. First to file for the four places to be filled on the board in the 1960 election were Dick Henderson, P. C. Perner, Chas. E. Davidson, III, and Dr. Ralph Simon. Followed were filings by three of the four members whose terms are expiring, J. B. Miller, M. A. Lemmons and James Childress.

Mr. Adams has been employed by Continental Oil Company in Reagan and Crockett Counties for 17 years. He is a member of the Baptist Church and Masonic lodge, and served on the board of directors of the Reagan County Memorial Hospital.

"My sole interest in seeking a place on the school board of trustees is to secure the very best education possible for the students of our county," Mr. Adams said in a prepared statement.

Mr. Stuart is at present a member of the school board in which position he has served the past four years, his term expiring this year.

"I have responded to the requests of many friends asking me to become a candidate for reelection to the board," Stuart said. "I have no axe to grind, seek no personal gain. If my record as a member of the board is satisfactory and the people want me to serve again, I will be happy to give the necessary time to such service. If not, I will hold no grudge against anyone."

One-Day Drive For Heart Fund Nets \$700 Here

Sun. Afternoon Canvass Made By Volunteer Workers

In a two-hour house to house canvass last Sunday afternoon, a corps of volunteer workers secured contributions totalling more than \$700 on behalf of the annual Heart Fund drive for the National Heart Association. As was the case last year, it is believed the Crockett county Heart Fund contribution will top any in the San Angelo district, Mrs. Coralie Meinecke, county chairman, reported.

Workers assembled shortly after noon at the Hi-Way Cafe to kick off the drive. The cafe was maintained as headquarters and Mr. and Mrs. John Held, owners, served free coffee to the workers throughout the afternoon. The drive was conducted between 2 and 4 p. m. Sunday.

Mrs. Meinecke expressed appreciation to Mr. and Mrs. Held, to her co-chairman, Mrs. J. A. Pelto, and to the twenty or more hard working solicitors for the success of the drive.

Participating in the whirlwind campaign were Mrs. Charles Womack, Mrs. H. O. Hoover, Mrs. J. A. Pelto, Mrs. Aaron Shackelford, Mrs. L. R. Lennington, Miss Leta Powell, Mrs. Ray Collins, Miss Lucille Farmer, Miss Geneva Knox, James Cordes, Bud Meinecke, Mrs. Lloyd Sherrill, Mrs. Ele Hagelein, Dorris Haire, Ross Hufstetler, Mrs. Harold Smith, Mrs. James Blocker, Mrs. Bud Harrison, Mrs. Ernie Boyd, Mrs. Don Sager and Mrs. Wayland Simpkins.

HIS TALK IS NOT CHEAP

For the most enlightening background yet compiled on Senator Hubert H. Humphrey of Minnesota — who is now setting out to prove that "as Wisconsin goes (in its April primary) so goes the Democratic Party" — we give you the indefatigable Glenn Martz, publisher of Washington's "Lowdown on Farm Affairs":

"Last April 28 talkative Mr. Humphrey was monotonizing the Senate with nonsensical chatter while colleagues squirmed impatiently, waiting to get down to important business at hand.

"When I was in the old office building" he said, "my chair was one of those rickety old chairs that would not work. While I was at Bethesda (Naval Hospital) the doctor told me I had to get a different chair for myself. I hope I will not be charged rent for using that chair."

"Whereupon Senator Kenneth B. Keating of New York drily remarked: 'This is the first time I have heard that the distinguished senior Senator from Minnesota has ever sat down.'"

With this introduction, the February 19 issue of "Lowdown" reports on its painstaking research on the question: "Does Senator

Humphrey actually talk as much as people say he does?" In brief summary, Senator Humphrey took up 629 pages in the regular section of the 1959 Congressional Record, or 5 1/2 percent of the Senate space. If the others had talked as much, the Senate proceedings would have required five times as much space. In the "Appendix" where Congressional remarks are "extended", Mr. Humphrey required 182 pages. "matched Mr. Humphrey's wordiness", Mr. Martz computes the 1959 Congressional Record would have occupied a total of 433,074 pages rather than the 35,648 actually required! And of the 140 days on which the Senate met, Senator Humphrey "took the floor and talked during 109 of them!"

That the Minnesotan's "talkathons" were no "contribution to the cause of good legislation", Mr. Martz points out repeated Humphrey self-contradictions, notes that measures introduced or sponsored by him would: recognize Red China, repeal the Connally Amendment and have upped the national debt by over \$100 billion.

But, when he's the Democratic Presidential candidate, you can hear him for yourself.

TAXES FREEZE JOBS

Business will boom, our parlor economists have been saying, merely because our population is booming — giving us millions more mouths to feed, bodies to clothe, families to shelter. But Roswell Magill, a respected and eminent realist, who was Under Secretary of the Treasury in 1937-38 and is now president of Tax Foundation brings us back to earth with the statement that our prosperity depends on creating 20 million new jobs by 1975 — besides keeping at work the 67 million presently employed.

"Economic expansion capable of creating 20 million new jobs," says Mr. McGill, writing in the November Reader's Digest, "will not come automatically. For one thing, it takes about \$14,000 in new capital to create a single job in industry. Where is that money to come from? The only possible source is savings from income received after taxes. If taxes are too high, there can't be much money saved, and new jobs can't be created."

Mr. Magill notes that Americans are still paying wartime income taxes — and struggling in the top brackets, under the highest personal-income-tax rate in the world. As a case-in-point, the young married man who was getting \$3,000 a year in 1942 must now earn \$5,618 a year to maintain the same living standard — meeting a 77 percent increase in the cost of living and a 187 percent in his Federal income, tax.

But, the author says, we can create the millions of new jobs that will be needed "if we step up our economic growth". Stimulation of such growth would spring from a tax system that would leave us sufficient savings and enthusiasm to give the necessary fiscal transfusion to our free enterprise system. This, he hopes is the goal of Chairman Wilbur D. Mills, whose House Ways and Means Committee is shortly to resume hearings dedicated (in Rep. Mills' words) to "a tax climate more favorable to economic growth".

Mr. Magill observes sadly that such expressions in the past have led only to a more complicated

Revenue Code, higher tax rates and lower exemptions. "There is little reason to hope for better results this time," he says, "unless the public realizes what is at stake and lets itself be heard."

To improve our tax structure and provide for those new jobs, says this eminent authority, all rates should be reduced. He suggested a range of 16 to 64 percent to replace the existing 20 to 91 percent tax bite — which would not only encourage economic expansion but actually provide more money to the Treasury.

Everyone should read: "Needed: Lower Taxes to Create 20 Million New Jobs". And everyone should read this article to his Congressman, too!

FRIDAY BRIDGE CLUB

Mrs. Evart White was hostess to members of the Friday Bridge Club in her home last week. High score for the club went to Mrs. Joe Pierce, Jr., second high to Mrs. Hudson Mayes and cut to Mrs. Ben Robertson. High guest award went to Mrs. Boyd Clayton and cut to Mrs. Sherman Taylor.

Others attending were Mrs. Tom Harris, Mrs. Bailey Post, Mrs. Lovella Dudley, Mrs. Stephen Perner, Mrs. S. M. Harvick and Mrs. Early Baggett.

Garden Club Plans Landscaping Triangle Park In West Ozona

Landscaping of the Highway Department triangle park in the west section of town was adopted as its 1960 project by the Ozona Garden Club meeting Wednesday afternoon in the home of Mrs. Clay Adams, with Mrs. Lindsey Hicks as co-hostesses.

The program on conservation of native flowers and plants was conducted by Mrs. Sherman Taylor. Mrs. Ira Carson, who is an authoritative speaker on wild flowers of Texas, used colored slides to illustrate her talk.

The work shop on table arrangements was done by Mrs. Joe Clayton with an all green hall table arrangement, Mrs. Jess Marley with a coffee table and Mrs. Bailey Post with an arrangement for the tea table of yellow daffodils and jonquils.

Bird houses and feeders and garden gloves were sold to raise money for the Litter-Bug campaign and to help in landscaping the new park.

Mrs. Stephen Perner, club president, announced the district meeting to be held March 22 in Sweetwater at the country club. The topic will be Wax Art in Flowers. Mrs. Bailey Post announced

March 7-13 as Garden Club Week and urged each member especially, and all others who will, to plant a crepe myrtle in observance.

Others present were Mmes. Lloyd Sherrill, Floyd Henderson, B. B. Ingham, Sr., Paul Perner, N. W. Graham, J. B. Miller, Harry Trulove, Charles Williams, Jr., Bert Couch, A. S. Lock, Hudson Mayes, Jess Marley, Joe Clayton, D. B. Pettit, Bailey Post, Alice Baker, Joe Pierce, Jr., L. B. Cox, Jr., and two guests, Mrs. Joe Couch and Mrs. Mahlon Robertson.

Fish For Farmers Questioned — A Texas House of Representatives committee looking for ways to save tax money quizzed spokesmen of the Game and Fish Commission on its fish and quail restocking programs.

Committee members questioned whether the Commission should give out free young fish raised in the state hatcheries. They go to farmers and others to stock tanks.

A Commission official said the little fish cost the state about 1.5 cents each to raise.

Legislators also considered at length the Commission's quail hatching operation near Tyler. Quail, it was brought out, cost about 69 cents each to raise, are sold to landowners for game restocking at 50 cents apiece.

TEXAS PRESS ASSOCIATION
1716 SAN ANTONIO STREET
AUSTIN 1, TEXAS

Notes From The County Agent's Office

By Pete W. Jacoby

According to the economics department of Texas A&M College, there was a 5 percent increase in cattle numbers on United States farms and ranches during 1959, which pushes the total cattle inventory for January 1, 1960 to 101,520 thousand head, an all-time record.

Texas, with generally good feed conditions during 1959, increased cattle numbers to 9,276 thousand head for a 9 percent increase. This is the highest cattle inventory for Texas since 1902. This increase was in beef type cattle as milk cow numbers in Texas declined 3 percent during 1959.

Texas inventories of stock sheep increased for the third consecutive year and were up 12 percent during 1959. For the United States, stock sheep numbers were up 3 percent for a total of 29,481 thousand head. This is the largest since January 1, 1948.

Favorable prices for mohair were reflected in the Texas goat inventory which increased 10 percent during 1959. On January 1, 1960 there were 3,339 thousand head compared with 3,150 thousand a year ago.

Lamb and wool production is one of the oldest agricultural enterprises in Texas. The average total annual receipts from marketing sheep and wool in Texas in recent years has been approximately 52 million dollars. To a large percentage of producers, it has become a way of life as well as a highly organized and profitable business.

Little attention has been paid to the wool and lamb industry as a phase of agriculture which could be adjusted easily to integration, according to Dr. A. B. Wooten, extension economist. Because of the dual products—lamb and wool—

which enter different channels of trade in processing and distribution, this type of ranch enterprise would be better adapted to an informal system of improved coordination of production and marketing rather than vertical integration.

In the lamb production phase, Wooten said integration has developed in a limited form as to various types of contract feeding. This activity has been in evidence for a long time. When the price situation looks favorable, producers place lambs with feeders to be fed to a desired weight and grace on a contract basis.

The decreasing demand for wool in comparison with competing fibers, is causing producers to search for more efficient marketing practices, the economist pointed out. While the total per capita mill consumption during 1955-57 for the three competing fibers—cotton, wool and manmade—was up 21 percent, the increase for cotton was 2 percent and for wool, 7 percent. During this period, the increase for man-made fiber was 235 percent. Wooten added that this type of increasing competition lead to vertically integrated arrangements for wool marketing.

Becky Davidson Makes Honor Roll At U of T

Austin, Texas — The University of Texas College of Fine Arts listed 138 student on the 1959-60 first semester honor roll, Dean E. William Doty announced.

Leading the honor list was Mary Elaine Johnson, Midland senior, with 57 grade points on 21 semester hours work. "A" counts 3 grade points, "B", 2 and "C" 1. Fifteen semester hours are considered a normal load.

Winning honors cum laude ampla et magna was freshman student Miss Donna Rebecca Davidson, daughter of Mr. and Mrs. Joe Tom Davidson of Ozona. Miss Davidson, is a music major and a member of the famous University Longhorn band.

Sponsor Sought For Girl Scouts Following Resignation of E. S. A.

Ozona Girl Scouts are without a sponsor following resignation of the E. S. A. sorority the past week, Mrs. Bud Coates, community chairman, announced this week following receipt of a copy of the sorority group's resignation letter sent to the Frontier Council headquarters in San Angelo.

A telephone campaign is being made this week by Girl Scout leaders in an effort to obtain enough monthly draft contributions to meet the organization's pro rata part of Frontier Council operational expenses. Leaders have been gratified by the response to the appeal.

An effort is also being made to secure another local sponsor for the Girl Scouts, Mrs. Coates said.

Girl Scout Cookie Sale Starts Friday; For Camp Improvement

Ozona Girl Scouts will begin their annual cookie sale at 4 p. m. Friday, March 4, Mrs. Bud Coates, community chairman, announced this week.

Proceeds from the cookie sale go toward development of Camp Jo Jan Van, at which site a large warehouse was constructed last year, Mrs. Coates said.

At the bi-monthly Frontier Council Board meeting Feb. 2 in San Angelo, the board voted to begin construction on a central housing unit and bath houses, along with water supply at a cost not exceeding \$30,000. Ozona Girl Scouts have contributed cookie money for the past two years, totalling about \$795, toward the \$40,000 already allocated to the camp site.

"It is hoped that Ozona will now be able to carry its full share of this ten-county project," Mrs. Coates said. "With an established camp site available to us for the

first time, more and more Scouts will have the opportunity of camping at moderate rates."

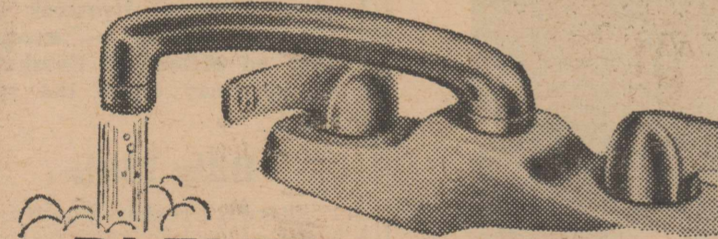

A one week Campership will be awarded to the girl selling the most cookies above sixty boxes, and a troop award will be made to the troop selling the most cookies.

Mrs. Natalia Vasquez Buried Here Saturday

Funeral services were held at 10:30 Saturday morning from the Catholic Church for Mrs. Natalia Vasquez, 32, who died at 5:30 Friday afternoon at her home here as the result of a brain tumor. Father Connell Lynch officiated with burial in the Latin American Cemetery under direction of the Cody Funeral Home.

Mrs. Vasquez was born Natalia Borrego in Ozona, Sept. 7, 1928, and had made her home here all her life. Surviving are the husband, Vivian Vasquez of Sonora, her mother, Mrs. Maria Borrego of Ozona, and grandmother, Mrs. Jaunita Borrego.

PLENTY OF HOT WATER

WITH A QUICK RECOVERY

Electric WATER HEATER

Here's Why Your Water Heater Should Be *Electric*

NEW LOW RATE

New low ONE CENT rate for electric water heaters... homes, stores, shops or plants... now you can enjoy controlled electric water heating for only one cent (1¢) per kilowatt hour.

FAST HEATING

The Quick Recovery electric water heater... a brand new development in electric water heating... equipped with super speed heating elements is so efficient that hot water is replaced in the heater almost as fast as it is used.

A 40 gallon Quick Recovery electric water heater will outperform a standard 82 gallon heater. Electric heating, 100% efficient, puts all of the heat into the water. Much of the heat in flame type heaters is wasted up the flue.

NO FLAME

With flameless electric heaters there is no danger from escaped fuel, no pilot light to go out, no flame or combustible materials. The electric heater is clean and safe as a light bulb.

FREE WIRING

Free wiring for customers served by WTU. This free wiring offer also applies to 220 volt ranges and clothes dryers. Ask your electric appliance dealer or WTU.

There's never any work or worry with a Quick Recovery electric water heater. In new homes, in remodeled homes or replacing existing water heaters you will appreciate the space saving compactness of the Quick Recovery electric water heater. With no chimney or flue connections necessary, the electric water heater can be installed anywhere in the house. Saves space, saves money by preventing heat loss due to long pipe runs.

EDITORIAL

Roy Neil Killingsworth

With a presidential election year coming up, the eyes of the country are upon the voting privileges of the common man. There is a great battle now raging in the United States Senate over the voting privilege of the negro. This is also occurring in many other places in different ways.

In Ozona High School a student council election is approaching. It may not have a large influence on world affairs, but it does shape the outlook of Ozona High School.

Next week when we vote for the officers of our school, the merits of the candidates should be considered. The persons with qualifications of a leader of Ozona High should be given the utmost consideration. Don't vote hastily. Selecting the candidate with the most ability should be the guide for our voting in the coming election.

LIONS ENTER STOCKTON MEET

The track team entered their first track meet last Saturday at Fort Stockton, and began their climb toward a possible district victory. Bad weather was expected but the weather turned off warm and sunny.

Joe McMullan and Philip Carnes were entered in the high hurdles and low hurdles. Both Joe and Philip scored well for Ozona. Jim Doran and Tony Parker ran in the 100 yard dash. Tony Parker also ran in the 220 yard dash. Martin Castellano participated in the mile run, and those in the mile relay were: Carl Montgomery, Hal Long, Alonzo Galindo and Muggins Good.

Also in the 880 yard run, Ozona's entry was Charlie Bingham.

Bob Meinecke, and Johnny Jones were Ozona's pole vaulters.

The 440 yard relay team, Tony Parker, Tommy Porter, Joe McMullan and Jim Doran, ran, securing the 2nd best time in the finals.

Jim Williams and Ronnie Beall entered in the discuss contest, and Bob Meinecke entered in the shot put.

STUDENT COUNCIL ELECTION

Next Wednesday is election day. Student Council election day that is. The election will be held at noon following the campaigning during assembly. Elections are for president, vice-president, and secretary. Candidates for these offices are Jim Doran and Jimmy Freeman for president; Philip Carnes and Johnny Childress, for vice-president; and Sandra Whitaker and Barbara Barbee for secretary.

Don't forget to vote for your choice on Wednesday.

VOLLEYBALL RESULTS

A thirty minute overtime which ended 27-25 in favor of the Colorado City Wolves spelled heartbreak for the Ozona Lions at the Big Spring volleyball tournament Thursday night.

During two eight minute halves of nip and tuck playing the Lions managed to keep a slim margin ahead. However when the final whistle blew the scoreboard read 20-21. After thirty more minutes of top spiking and good returns the Wolves were finally able to pull two points ahead of the Lions. In volleyball a two point lead denotes the end of overtime.

The Lions will play hosts to visiting teams when the team holds its own invitational volleyball tournament here, Saturday, March 12th. Teams entered so far are Iraan, Big Lake, Menard, Junction and Ozona. Several teams have not yet replied, pending results in play-off basketball games.

Office Supplies at the Stockman

ALL'S WELL

H. G. Wells had such a large head that he had trouble acquiring hats that fitted properly. Once, on a visit to Harvard, he found a hat that fitted very nicely on his head. It happened to belong to the then Mayor of Cambridge, Mass., No matter: Mr. Wells simply put it on his head and walked off with it on.

Back in England Mr. Wells wrote the mayor this letter: "I took your hat. I like your hat. I shall keep your hat. Whenever I look inside I shall think of you and your excellent sherry. I take off your hat to you."

IT'S A SMALL WORLD

It's a tough world for the American businessman. Every time he comes up with something new the Russians invent it a week later and the Japanese make it cheaper.

FOOD FOR THOUGHT

A housewife complained to her husband, "Just look at me! My clothes are so shabby that if anyone came to the door they'd think I was the cook."

"Not if they stayed for dinner," he retorted.

A small town is where everybody whose check is good and whose husband isn't.

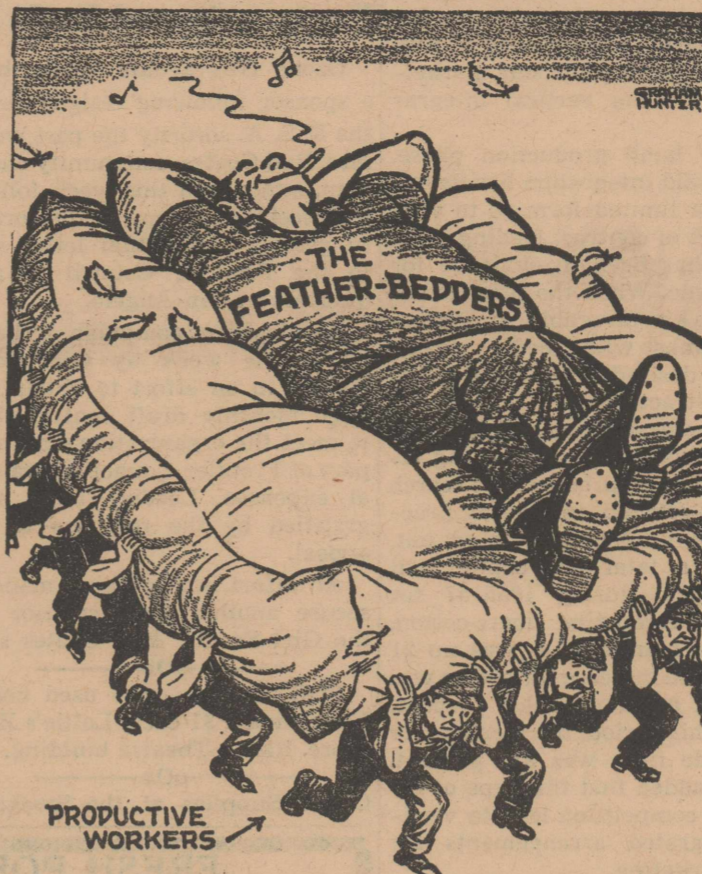

Woman, watching football game in pouring rain, to husband; "This is probably another one of my silly questions, but why don't we go home?"

Jack and Jill fell down the hill, A stunt that's very risky. If water made them act like that I think I'll stick to whiskey.

Did you hear about the guy who'd been unlucky all his life. But things changed when they dug his grave. They struck oil.

Sign on a Colonial Beach, Va., slot machine. "In case of atomic attack crawl under this machine — it's never been hit."

THANKS FOR THE RIDE!

DAFFYNITIONS

By Pam Jones

Automobile: A machine with four wheels, a motor and not quite enough seats, which enables people to go places they never bothered to go before, and where they would just as soon not go now because now that they are there, they have no place to park.

Miracle Drug: Any drug you can get the kids to take without screaming.

Husband: A man whose ambition is to have as much money as his wife thinks he has.

Grand Canyon: Hole of fame.

Charm: The ability to make somebody think both of you are pretty wonderful.

Expert: A man who knows more and more about less and less until he knows practically everything about almost nothing.

SMASHROOS

Pam Jones

There's a fat chance today of anyone writing a song like Silver Threads Among the Gold. Most of today's popular songs are written for and about young people. Very young people — the junior high school set. If the trend continues, I forecast the following Top Ten for 1960.

1. Tears on My Geography Book.
2. Study Hall Blues.
3. It's a Shame I'm Too Young to Drive.
4. I Cried When You Flunked.
5. Why Can't My Dad Be Much More Understanding?
6. They've Turned Our Happy School into a Prison.
7. All They Do Is Lecture All Day Long.
8. That Lunch Ain't Fit To Eat.
9. Young Slaves.

10. If They Keep Me After School I'll Flip My Lid.

JR.-SR. BANQUET TO BE SATURDAY

All you need is just one look at any Junior or one of their sponsors, and you know that they are getting ready for the Junior-Senior banquet. They will either be hollering about the high price of food, the lack of money or both.

The banquet is an annual affair in which the Juniors honor the Senior. It will be the first of many events planned to entertain the Seniors from now until graduation.

The Juniors try to keep the theme of the banquet a surprise until the night of the event, an attempt which is not always successful.

The Juniors and their room mothers have spent many weeks completing plans for the banquet.

DEAR BLABBY

I have loved her since I saw her swinging on the swings in Kindergarten. She refuses to notice me though because she is "stung" over a jacket. What can I do to extinguish this flame burning my heart?

Unloved

Dear Unloved,
Maybe you should fall in love with a coat!

Blabby

Dear Blabby,
There is a boy I like very much. He won't speak to me or look at me. Since this is leap year, do you think it would be proper for me to "leap" at him and ask him for a date?

Leaping Jane

Dear Jane,
Snow shoes in April are senseless, and so is leaping in March!

Blabby

Dear Blabby:
I recently acquired a surplus sum of pocket-change, about \$150. What should I do with this money?

Signed. Rock-a-Feller

Answer:
Dear Rock-a-feller,
You should donate it to a worthy and deserving group, like the Senior Class of 1960! — they need it!!

Blabby

Accurate and Complete

RANCH RECORD

Are More Important

Today Than Ever

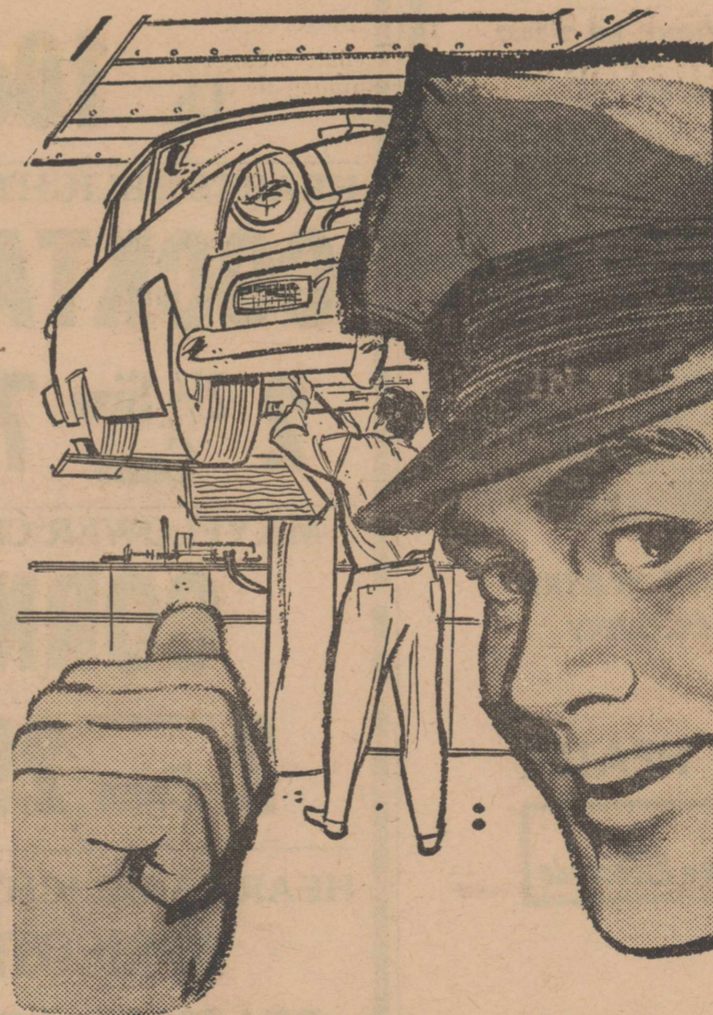

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK

You'd think it was our car!

We baby your car. We carefully check every little detail to make sure it's in tip-top, A-1 condition. Why, you'd almost think your car belonged to us!

There's good reason for us to be so fussy and painstaking. We want to do a better job than the "other fellow" down the street—because it's a good way to compete for your business. It's the competition between independent businessmen like us—that benefits you—the motorist.

Thanks to our American freedom, you find each oil company doing its part to bring you better and better products at lowest possible prices.

So bring your car to us for service. You can be sure it will get the kind of service we'd give our own car.

Ozona Oil Co.

TODAY—OIL BUILDS for your TOMORROW!

Lions Roar
(Continued From Page Four)

Dear Blabby
The weather is my main problem. My track boys have to wear long trousers in all of this ice and snow. It slows them down on their one mile to 4.3 seconds. What do you suggest?

Coach
Dear Coach,
Don't worry about the cold, as fast as they fly, their feathers should keep them warm.

Blabby
Dear Blabby,
We are writing to you out of desperation in hopes that you can help us. It will soon be time to take the Senior trip, and we don't have enough money. Can you tell us how to make some money really fast?

Thirty-eight Seniors and three sponsors
Dear Thirty-eight,
If I know, do you think I would be writing this stupid column?

Dear Blabby,
Recently the school had frosted glasses put in the doors on first floor. Because of this, I can no longer watch persons running up and down the hall. This makes my classes very dull. How can I change this?

Student with first floor classes
Dear Student,

Try listening to the teacher. This could cause excitement.

BAND CLINIC TO BE FRIDAY

Tomorrow the band will have an all day clinic under the direction of Mr. James Neilson.

Every year the band has a guest conductor who holds an all day clinic to work on the selections that will be played at contest.

Mr. Neilson is the director of music at Oklahoma City University. He will conduct Lanfare and Allegro and "Folk "Songs from Somerset".

LADIES GOLF ASSN.

Ladies Golf Assn. members played bridge at the country club last Thursday, with Mrs. Boyd Clayton as hostess for the day. High score went to Mrs. Ashby McMullan, second high to Mrs. George Bunker and cut to Mrs. Sherman Taylor.

Others attending were Mmes. Hillery Phillips, Dempster Jones, Vic Montgomery, Nip Blackstone, Early Baggett, Lindsey Hicks, Bill Friend, J. S. Pierce, III, Marshall Montgomery, Jess Marley, Lloyd Sherrill, Hugh Childress, Jr., and Joe Pierce, Jr.

Sanderson Girls Win Easily Over Menard For Bi-Dist. Honors

The Sanderson High School girls basketball team, champions of district 7-A, had little trouble in downing the Menard High School girls 52 to 40 at the Ozona High School Gym last Monday night to win bi-district honors.

Angie Arnold scored 34 points for Menard during the course of the contest but her two team mates could get but 6 more points between them and that was far too few to match the well balanced scoring punch of the Sanderson team, which saw three of four forwards break into double figures.

The Sanderson girls, boasting a considerable advantage in size, forged into a commanding lead in the first quarter and it never appeared at any time that Menard was in any way likely to make up the difference.

Sanderson substituted freely throughout the last half allowing Menard to gain some ground in the final two periods.

A surprisingly large delegation from Menard and Sanderson follow their teams in freezing rain to Ozona but very few Ozonans ventured out to view the contest.

It's a Fact . . .

\$2.20 Per Extra Year Of Life

The average family today spends about \$22 a year more for prescriptions than it did in 1929. Largely because of the wonder drugs in those prescriptions, you can expect 10 more years of life than you could in 1929. This means that the typical family pays about \$2.20 for each extra year of life expectancy. That's why we say . . .

TODAY'S PRESCRIPTION IS THE BIGGEST BARGAIN IN HISTORY

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Stockman's Austin Bureau

Austin, Texas — Completion of the Interstate Highway System, including 3,033 miles of top-standard expressways, may save as many as 300 Texans a year from traffic deaths.

State Highway Engineer DeWitt C. Greer says that accident records show that controlled access expressways are three times safer.

Also, he said, they move three to four times as much traffic.

Greer estimates that the Interstate Highway System, when completed, will save one life a year for each 10 miles of road.

Target year for getting Texas highways to desired standards is 1975.

By that time, said the state highway engineer, the state probably will have 70,000 miles in the state highway system compared to the present 60,000. There will be 5,500 miles of multi-lane highways compared to 2,168 today.

More Speed? — Whether speeds in excess of 60 miles per hour should be legalized for some of the state's top-notch highways will be subject of study between now and the next Legislature.

Committees of the Texas Good Roads Association are to consider this and whether gasoline taxes should be upped to gain school funds.

Governor Daniel has suggested the possibility of raising money for school improvement and teacher salaries through a higher gasoline tax. TGRA, made up of people interested in road building has, in the past, opposed draining taxes paid by road users for non-highway purposes.

Higher speed limits have been proposed before for four-lane highways, but have failed to pass the Legislature.

Deficit Grows — Deficit in the state's general revenue fund has reached \$78,647,301, an all time high, says State Treasurer Jesse James.

Things should look better after May 1, when corporation franchise taxes will be paid, he adds.

Bug Delays Decision — "Flu Bug," besides felling Texans by

the thousands, contributed to a delay in deciding one of the state's most talked about issues, the new Safe Driving Insurance Plan.

With the other two State Insurance Board members ill, Chairman Penn Jackson said it would be at least several days before the board would announce changes, if any, in the plan.

Board Member Robert W. Strain was in bed with flu, and Joe P. Biggs, other member, was convalescing from a heart attack.

Under the merit plan, the Board set auto insurance premiums lower for drivers with no record of accidents or traffic violations and proportionately higher for those who have accident and violation records.

Gov. Daniel has said that he hoped the Board would make "some changes" in the plan, but declined to elaborate.

Some legislators declare that, unless non-accident causing violations and the three-year retroactive features are taken from the plan, it will be so unpopular the Legislature will have to change it if the Board doesn't.

HAPPY BIRTHDAY, GIRL SCOUTS

It isn't often that we receive a present at someone else's birthday party. But that's what is happening in Ozona, thanks to the Girl Scouts.

Next week Girl Scouts of the U. S. A. are celebrating their 48th anniversary with the theme, "You Can Count on Her To Be Prepared."

The present we're receiving? Along with very welcome service to individuals, to other organizations, and to the entire community, the Girl Scouts are giving us something even more important: the feeling that they are preparing to take over adult responsibilities, to maintain the good elements in our community life, and to meet the challenges of tomorrow.

Happy birthday, Girl Scouts — and thank you.

Just received — first shipment of HIT RECORDS. 20 top records of the week will be available. Come early for your selection. At the Western Auto Store in the village.

Buy Girl Scout Cookies. Proceeds go toward the Girl Scout camp improvement fund.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, March 4, 1931

Commencement exercises for the 1931 graduating class of Ozona High School will be held in the auditorium of the First Baptist Church on Friday, May 22. Dr. King Vivion, president of Southwestern University, Georgetown, will deliver the commencement address. There are thirteen members of the senior class.

Stockholders of the Hotel Ozona Corporation have been called in the corporation's annual meeting to be held March 14. The call was issued by the corporation's president, Jones Miller. Joe Pierce is vice president and J. O. Secrest secretary.

Loans were reported somewhat easier at the Ozona National Bank the first of the week when Cashier Scott Peters was ushered into a new dignity with arrival of a grandson, born Sunday to Mr. and Bill Swearingen of Lockhart.

A huge Mexican black eagle, with a wing spread of 7 feet 1 inch, was killed late last week by George Harrell on his ranch near Ozona. This is one of the largest specimens captured in this area in several years.

The 95th anniversary of the signing of the declaration of independence of Texas from Mexico on March 2, 1836, was fittingly observed by the Ozona Lions Club in its program Monday.

Mute evidence of 18 months of suffering and the frantic efforts of nature to break the slowly tightening grip of death was revealed with the recent discovery of the bleached skull of a horse on the A. C. Hoover ranch. Embedded to a depth of nearly two inches in the bone of the skull just under the animal's eyes was a half inch grass rope, the remnant of a hackamore that had been placed on the head of a dun mare nearly two years ago when she was still a bronc.

With fruit trees busting into bloom, buds swelling and birds twittering a welcome to spring when he left Ozona Saturday morning, Supt. John L. Bishop, Mrs. Bishop and their baby took off from Lubbock on the return trip Monday with a blanket of snow seven inches thick on level ground and banked waist deep in places along the highway.

Mr. and Mrs. Hillery Phillips are in San Angelo with their infant son who has been seriously ill.

Jake Young is experiencing some of the thrills of a movie actor in the volume of fan mail he is receiving as a result of publicity incident to his recent 13 million-to-one bridge hand, a perfect 13 spades draw. Fan letters are pouring in with every mail from bridge hounds all over the state, most of them calculating a different score for the perfect hand.

Chandler - Malone Nuptial Plans Told

Mr. and Mrs. W. H. Chandler of Ozona announce the engagement of their daughter, Billie Jacqueline, to David Earl Malone, son of Mr. and Mrs. Carl Malone, also of Ozona. The couple plan a March wedding.

Miss Chandler is a graduate of Ozona High School and attended San Angelo College. She is at present employed in the local office of the Continental Oil Co. Mr. Malone is also an Ozona High School graduate and attended the University of Corpus Christi.

STEPHEN PERNERS HAVE NEW GRANDDAUGHTER

Mr. and Mrs. William V. Sloan of Fort Worth are the parents of a daughter born Tuesday morning in a Fort Worth Hospital. Named Vivian June, the baby weighed 5 pounds, 11 ounces. She has one brother, William Stephen, 2. Grandparents are Mr. and Mrs. Clarence Sloan of Fort Worth and Mr. and Mrs. Stephen Perner of Ozona.

Twenty top records each week will be available at the Western Auto Store in the Village Shopping Center.

WHAT CAN I DO?

You may have asked yourself that very question — what can any of us do to fight the cold war? We'd all like to do something, but what?

You can invest in United States Savings Bonds, to help supply the materials, research and weapons for peace.

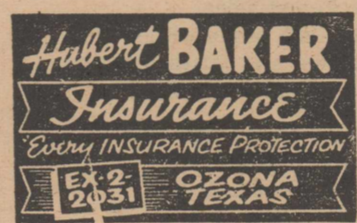

You get every dollar back, plus the improved interest rate of 3% when held to maturity. Sign up for Savings Bonds where you work, or buy them at your bank.

What better way to invest in your future — our nation's future?

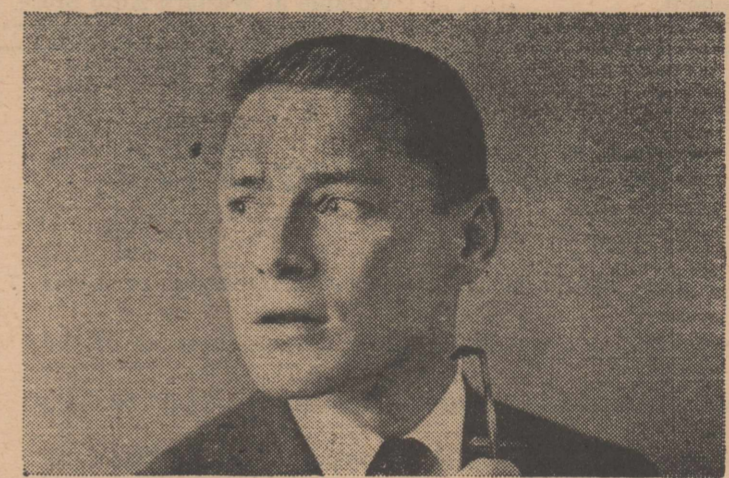

WHEN IT'S TIME TO ACT

THINK OF

Ready for the unexpected? You are, when you carry the right Insurance policy to protect you. Even if you never have to use it . . . look at the peace of mind you get.

MESS IN FEDERAL HIGHWAY SPENDING

ALL IS NOT WELL within the Federal Highway Program, and you can mark it down in your little black book that the headlines will soon be revealing the story.

Says Congressman Jim Wright of Fort Worth, who is a member of the House Subcommittee investigating the highway program, "Facts now being unearthed and soon to be disclosed could make the highly publicized payola irregularities seem like a child's game of marbles by comparison."

Something obviously "has been radically amiss" in the cost of the program says Congressman Wright, and the facts bear him out. Originally billed as a \$23 billion program, completion of the 41,000 miles of arterial superhighways in the prescribed fourteen years now appears that it will take close to \$40 billion. Originally it was estimated that the cost would average out at about \$500 thousand per mile, and Bureau of Public Roads officials now admit the program is soaking up highway user taxes at the rate of more than \$1 million a mile. The Subcommittee on which Wright serves is trying to find out why this great miscalculation of cost, and just where the trouble lies.

AFTER HEARING A great deal of the testimony, Congressman Wright has reached the conclusion that the reason for the skyrocketing costs is "a composite of many reasons." He cites inadequate planning, indecision, lack of central direction and individual cases of local graft on too widespread a base.

The program was sold to the Congress in 1956 as one to aid the Defense effort by allowing swift transportation of arms, goods, men and weapons across the U. S. and was accordingly tagged the "National System of Interstate and Defense Highways." There can be no doubt that, properly constructed and maintained, such roads would be vital in the event of national emergency.

But because of a tremendous series of blunders that would be comical were they not so costly to

the taxpayers and so frustrating to all who know the facts, the roads have helped our Defense system not at all. In the first place, the Defense Department was not consulted on the minimum specifications for bridge heights and on other factors. But the Department volunteered the information that a minimum clearance for bridges and overpasses established by the Bureau of Public Roads, would not be adequate at the planned fourteen feet. After resulting conferences between the disputing parties, the advice was for some reason ignored — and a total of 2,259 of these new bridges and underpasses have been constructed at the standards objected to by our military advisors. We have already had instances of missiles and other weapons having to be re-routed, tires flattened to gain needed inches for clearance, and so forth — including a delay in moving one important Defense weapon that took hours and backed up traffic for more than 20 miles. And the real pity is this — cost of revamping the overpasses and bridges to meet the requirements needed will cost an estimated \$206 million.

WRIGHT ALSO REPORTS the hearings show that many other design specifications are "unnecessarily elaborate and needlessly expensive." This includes rigidly controlled access on little-used streets, use of funds to improve streets within cities rather than on the super-highway approach roads envisioned by planners of the program, and others.

Another area of concern is the widely varying bidding practices by which road contracts are let by the various states. In some areas where big contractors capable of taking on such jobs are less numerous than in others, there are charges that collusion has taken place wherein one contractor will be allowed to be low bidder on one job while his "competitor" will take the next with a low bid — and both at a neat profit from the public funds.

The charge also has been made that suppliers of essential road building materials in some sections have conspired to avoid real price competition, and some collusion is charged in connection with cost of right-of-way acquisition.

The generalities mentioned in the foregoing will soon be detailed to the public as the hearings and investigations progress and, says Wright, "is by no means an exhaustive recitation of the fields of inquiry" but is merely "suggestive of a few of the areas into which the clear, clean spotlight of public attention will be directed."

A serious, objective and thorough investigation into the entire sorry mess is the goal of Congress and should be pursued. The people were, after all, subjected to new "temporary" gasoline taxes last year to support the Federal Highway Program and now President Eisenhower is asking further gasoline tax increases. Congress simply cannot allow more good money to be thrown in after bad.

SINCE THE BUDGET requests are broken down to individual bills and the entire budgetary figure not considered at one time by Congress, only six new appropriations bills have been acted on in the House. In each case, however, the House has reduced the President's money requests and the total cut to date is \$161 million. Of course, the really "big" money bills are still to come and only a small percentage of the budget has come forth for action. Thus the opportunity for material reductions in public expenditures still awaits us.

Congress has been in disagreement, too, with Mr. Eisenhower's demands for 40,167 new federal employees in non-defense, civilian type jobs. The House has thus far refused him some 9,000 such new jobs asked in the appropriations bills that have been acted upon.

NOTICE TO BIDDERS

SALE OF COUNTY HOUSES

Sealed bids addressed to the Commissioners Court of Crockett County, Texas will be received until 10 o'clock A. M. March 14, 1960, at which time such bids will be opened and considered by said Court, for the sale of the following:

1. Pre-fabricated House, 34'6" x 15'10", outside measurements, 3 rooms and bath. House includes Kitchen Sink, Water Heater, Bathroom fixtures and all plumbing above ground level.

2. Stucco House, 28'x22' outside measurements, 4 rooms and Bath, includes all plumbing above ground level, except comode and Lavatory.

3. Pre-fabricated House, 34'6" x 15'10" outside measurements, includes all plumbing above ground level and fixtures except comode and lavatory.

The houses are located on County-Barn property and can be inspected by contacting any member of the Commissioners Court or D. C. Ratliff.

All houses to be moved at the expense of Buyer within 30 days after sale.

Each bid must be accompanied by Cashiers Check for full payment of House and check made payable to Crockett County.

Each item should be a separate bid as numbered above.

The Commissioners Court reserves the right to accept or reject any bid.

Witness my hand this the 29 day of February, 1960.

Leta Powell, County Clerk, Crockett County, Texas

Mike Miller and Curtis McMurry, students at A. C. C. in Abilene, spent the weekend visiting with Mike's parents, Mr. and Mrs. J. B. Miller.

WASHINGTON AND "SMALL BUSINESS"

BY C. WILSON HARDER

Up in the Arctic there is a small animal called the lemming that travels around in big packs. Every once in a while, the leaders of the pack are seized by some undefined hysteria and rush pell mell for the cliffs overlooking the Arctic Ocean with the entire pack following. They all jump over the brink and are drowned. One of Nature's oddities.

Yet perhaps no more odd than the spectacle of some 170,000—C. W. Harder 000 Americans being led by self-appointed hysterical leaders to the brink of destruction.

In a recent public address, Senator Andrew Schoepfel, Kansas, spelled out danger.

"The first duty of any society," he said, "is to provide for its self preservation. We are making the United States the worst place to buy and the best place for the world to sell, and if we continue our present policies we will have full employment in Manila and Milan, and increasing unemployment in Topeka and Detroit."

"Many American corporations," the Senator said, "have from 50 to 70% of their entire production abroad. In answer to those who claim that present trade policies result in a gain for our economy, I say those who gain do so at the expense of American worker and small businessman."

Sen. Schoepfel reports Japanese can buy American grown cotton for 7½ cents per pound.

cheaper than U. S. mills can buy it for; then manufacture it into textiles and land finished goods in this country for half U. S. manufacturing cost.

In 1947 U. S. exported \$748 million in textiles, imported \$24 million worth. By 1955 exports dropped two-thirds, imports jumped five times.

The gallant General Robert E. Lee lost his war at Gettysburg, although it took about two more years for that fact to be recognized. The U. S. may have already lost its economic war with Russia, but it is yet to be recognized.

For with the Communistic bloc of nations dumping goods on the U. S. shores made by virtual slave labor, and huge U. S. corporations dumping almost tariff free goods made by cheap labor in foreign subsidiaries, the spectre of the American collapse on the economic front hangs over the land.

It is a sinister paradox, Russia, since the days of Marx and Lenin, has been intent on destroying American capitalism. And in using the economic weapon, Russia has as allies that group of monopolists within the framework of American capitalism who for the temporary gains in profits to be made today from producing in cheap labor nations, have pressured government into destroying the protective tariffs that protect the big segment of American capitalism that believes in free and independent enterprise.

The hour is late.

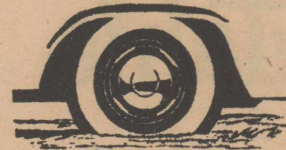

But if believers in free enterprise aid men like Sen. Schoepfel to keep Congress on main battle instead of side issues, the fight can still be won.
