NUMBER 11

## Fleet Coates, 80, Long Time County Resident, Died Mon.

### Pioneer Family Here In 1890; Lifelong Ranchman

Dennis Fleet Coates, 80 lifelong ranchman, member of a pioneer Crockett county family, died early Monday morning in the Crockett County Hospital after a long illness.

Funeral services were held at 4 p. m. Tuesday from the Ozona Methodist Church, the Rev. W. R. Fleming, pastor, officiating. Burial was in Cedar Hill Cemetery under the direction of James Funeral Home.

Pallbearers were Max Schneemann, Jr., of Big Lake, Tom Owens of Rankin, Bode Owens of Barnhart, Bill Seahorn, Gordon Aikman, Tom Harris, Ed Cranfill and Miller Robison of Marfa.

Mr. Coates was born Nov. 23, 1882, in Taylor County, near Abilene, son of the late Mr. and Mrs. W. F. Coates, pioneer West Texas ranch couple. Mr. Coates, Sr., was one of the early day Texas cattlemen, ranching in Coryell county and later moving west, to reach Crockett county in 1890, a year before the county's organization.

Fleet Coates was in partnership in ownership and operation of a 16-section ranch on Howard draw south of Ozona and the home place on the divide north of Ozona with his father and brothers, and after the father's death, the brothers divided their ranch holdings, Fleet operating the University lease in north Crockett county, which he continued to operate with his sons until his death.

Mr. Coates was active in the Ozona Masonic lodge throughout his adult life, was a life long member of the Methodist Church and in his early manhood took an active interest in community affairs. He served as Crockett County Commissioner for ten years, from 1923 to 1932.

Survivors include the widow; three sons, Dennis Fleet Coates, Jr., John Coates and Roy Coates, all of Ozona; two daughters, Mrs. Oscar Kost of Ozona and Mrs. Phillip Schneemann of Grants, N. M.; two brothers, Charlie Coates of Ozona and Ford Coates of Fort Stockton; two sisters, Miss Dolly Coates and Mrs. Clark Barton, both of Ozona; 11 grandchildren and two great-grandchildren.

## Clayton Re-Entry Flows Oil & Gas From Canyon Sand

### Second Producer Assured In Henderson Canyon Oil Field

A Canyon sand discovery was assured in Crockett County with the flowing of oil and gas through perforations between 7,584-7,610 feet at Sinclair Oil & Gas Co. No. 1 Addie Clayton, in 9-1-GC&SF, Crockett County re-entered Ellenburger wild cat failure, 14 miles northeast of Ozona and 13 miles northeast of Canyon sand production in the Ozona, East multipay oil and gas field.

The project swabbed and flowed 135 barrels of acid water in seven hours after perforations had been washed with 750 gallons of mud acid and fractured with 26,000 gallons and 30,000 pounds of sand.

It then flowed 15 hours on a 3/4-inch choke, making 37 barrels of new oil and 42 barrels of acid water, plus gas at the daily rate of 1,700,000 cubic feet. Tubing pressure was 210 pounds.

It then flowed 22 hours on a 3/4-inch choke, making 36 barrels of 53 gravity oil and five barrels of acid water, plus gas at the daily rate of 1,650,000 cubic feet. Tubing pressure was 250 pounds.

Shut in two hours, tubing pressure increased to 1,650 pounds.

## Ozona Oilers Lose Last Game But Win First Half Title

### Only Loss Of Season To Mason; 2nd Half Starts Tonight

By Ernie Boyd

Play in the first half of the Ozona Little League came to a close with a major upset last Monday night when Mason Motors downed Ozona Oil to deal the Oilers their first loss of the season.

The loss did not affect the outcome of the first half play as Ozona Oil finished with a seven won and one lost mark compared to a five won and three lost mark for Mason which was good enough for second place. B&B and Moore Oil each finished the first half with two won and six lost marks to tie for third and fourth place.

Mason hustled and played about its best baseball of the year as little Jimmy O'Rear went the distance to get credit for the win over the Oilers but it would not be accurate reporting to omit the fact that injuries and absences among the Oilers was at least as big a factor in the loss as anything else that happened.

The game was a see-saw affair but in the end the absence of Ozona Oil's catcher and the league's leading hitter and the injury to its top pitcher which kept him out of the game were key factors.

In other play during the week, Mason walloped Moore 17 to 6 while Ozona Oil downed B&B 12 to 2. In the other game Monday night Moore ran over the short handed B&B team 14 to 3.

Play in the second half will begin tonight with the first games in this half of play starting at 6:30 instead of 6 p. m. In the first night of play, Ozona Oil will face Moore Oil and Mason will go against B&B.

## Crockett 4-H Wool, Mohair Team In Tie For 4th In State Meet

The Crockett County 4-H Senior Wool and Mohair Judging team tied for fourth place in the state contest held at San Angelo last week. Team members were David Jacoby, Jack Applewhite, Rex Bland and Lellee Mitchell.

The junior team failed to place in the top five teams of the junior division. Members were Duwain Vinson, Fred Deaton, Cuatro Davidson and Alton Everett.

The Senior Wool Team qualified for the National Wool Judging Contest by placing second in the state contest. The top five 4-H wool judging teams in the state will compete in the National Contest on June 13, which is held during the Sonora Wool Show.

## Range Judging Team Off For State Meet

The Crockett County Senior Range Judging team left early Tuesday morning for the state contest at Texas A&M College. They were accompanied by county agent Pete Jacoby and 4-H Adult leader Troy Williams.

Team members are Larry Williams, David Jacoby, Jack Applewhite and Hugh Coates.

## 6th Annual Ozona Junior Rodeo Set For July 11-12-13

### New Fair Park To Be Site Of Three Evening Performances

Junior rodeo performers from all over Texas will soon be alerted to the date of the sixth annual Ozona Junior Rodeo, sponsored by the Ozona Lions Club.

Entry blanks and information folders are soon to go into the mail to last year's contestants and others announcing the dates as Thursday, Friday and Saturday, July 11, 12 and 13.

Approved by the American Junior Rodeo Association, the Ozona show offers events for all ages. Contest events include ribbon roping, barrel racing, pole bending, bull riding and calf roping. A handsome trophy awaits the best all around performer and trophy belt buckles will be given in each event.

The sixth annual Ozona Junior Rodeo will be staged in the new Crockett County Fair Park arena. A new steel grandstand, just recently erected, will hold approximately 1,500 spectators.

Dances will be given each of the three nights on the newly completed outdoor dance platform to the north of the grandstand.

A highlight of the show for local fans will be the crowning of the 1963 rodeo Queen opening night. Miss Jan Pridemore reigned as last year's queen. A new queen to be selected under rules to be announced by the Lions Club committee, will reign over the three-night affair.

The rodeo will be presented under the direction of Vic Montgomery as general chairman and Oscar Kost as secretary.

July 8 is the deadline for entries. Persons wishing to enter may secure entry blanks by writing to Box 596, Ozona, Texas.

## Mary Ann Pitts Wins At Del Rio, Blands In McCamey Junior Rodeo

Mary Ann Pitts won first place in the barrel race and second in the pole bending at the Del Rio Rodeo the past weekend.

At the McCamey Junior Rodeo, Rex Bland won the bull riding and placed second and fourth in the roping events. John Bland won a second in the breakaway roping with a time of 5 seconds. Diltzie Bland placed fourth in the pole bending and flag race, and Becky Bland placed fourth in the barrel race. Hughie Coates won second in the ribbon roping.

## First Baptist Church Vacation Bible School Commencement Friday

Commencement exercises for the First Baptist Church vacation bible school will be held at the church Friday night beginning at 7:00 and followed by an open house when the week's handwork will be on display.

The one week school, which began with registration last Saturday morning, had enrolled 189 pupils by Wednesday and the total might be expected to rise some.

Rev. Max Brown has served this week as school superintendent while a staff of some twenty workers has kept six departments of work in operation during the week.

The 189 enrollment on Wednesday was about in line with last year's enrollment figures which saw the school reach 194 young people.

## Lewis Opens New Drive N Grocery

Newest business opened in Ozona this week.

It is the Lewis Drive 'N' Grocery, on west Highway 290, next to Spencer welding.

The business is operated by Mr. and Mrs. Ted M. Lewis and will remain open from 6 a. m. to 11 p. m. daily.

## Final Valuations Of Taxable Property In County Not Yet Known

Final figures on Crockett county's property valuations for tax purposes will not be available for several weeks while the county's oil property evaluating firm makes final adjustments as agreed when the Commissioners Court met as a final board of equalization Friday.

The oil property experts predicted some time ago that the county's valuations would climb an estimated million and a half dollars, but later changed that prediction to a possible half million dollars loss. What the final figures will show may be somewhere in between.

The final equalization hearing was without incident, County Judge Brock Jones reported. Oil company representatives were on hand as were other property owners who had been notified of changes in valuations.

## Keith Mitchell Wins Sheep-Goat Award At Area FFA Convention

Keith Mitchell, son of Mr. and Mrs. G. K. Mitchell of Ozona, was chosen winner of the Area II Sheep and Goat Raisers Award on production and wool and mohair records at the Area II FFA Convention held in Snyder last Friday.

The project on which Mitchell was selected as winner will be checked later in the summer by a state checking committee made up of state staff, state officers, and representatives of the 10 FFA districts.

Applications from two members of the Ozona chapter were passed at the Area Convention and will also be reviewed by the state board. They were the application of Tommy Everett for the American Farmer Degree and that of Keith Mitchell for the State Farmer degree.

Attending the convention from the Ozona chapter in addition to Everett and Mitchell were Moe Barbee and Ronnie Mason along with Pon Seahorn and David Lewis from the Ozona Junior Chapter. The group was accompanied by Ozona FFA department head M. A. Barber.

Results of the consideration of the state committee will be announced at the State convention to be held in Lubbock in July.

Other honors announced during the Area II convention were the selection of Miss Deanne Hext of Eldorado as Area sweetheart and the election of F. E. Busby of Divide as Area II president.

## Screwworm Outbreaks Becoming Fewer As Fly Drop Intensified

During the week of May 19-25, there were 89 cases of screwworms confirmed in Texas, 38 in New Mexico, 2 in Mexico and 2 in Arizona, for a weekly total of 131 cases. During the same week of 1962 there were 1696 confirmed cases, of which 1,667 were from Texas and 27 from New Mexico.

Each of the reported outbreaks are immediately "hot spotted" with aerial release of sterile screwworm flies, thus accounting for the fewer and fewer numbers of reported outbreaks.

Crockett county has had only six confirmed cases of screwworms reported so far this year. Ranchmen reporting the worms and sending in samples for confirmation were Roy Henderson, Ernest Dunlap, Dick Henderson, Sonny Henderson, E. H. Chandler and John Childress. Officials feel that the reporting system this year is at least three times as effective as last year's.

During the week in which the above statistics were released by the Southwest Screwworm Eradication Program, a total of 108,405,850 sterile flies were released.

Mike and Judy Ann Ogilvy of Odessa are spending this week in Ozona visiting their grandparents, Mr. and Mrs. Evart White.

LIONS CLUB SWEETIE — Janet McAlister, who will be a senior in Ozona High School this fall, has been elected Ozona Lions Club sweetheart, succeeding Cheryl Clayton, who graduated from High School this year.

## BROOKS DOZIER CAPTURES GOLF TOURNEY TITLE

### Ozona Coach Nudges Boots Armstrong In Extra-Hole Match

By Ernie Boyd

Brooks Dozier, Ozona High School basketball and golf coach, sank a birdie putt on the third extra hole of Sunday's championship playoff to win the Ozona Country Club Invitational golf tournament over Boots Armstrong of Big Lake.

For Dozier it was an afternoon of fine recovery shots, and a hot putter, that spelled the difference as he came from behind by two, to gain one on number seven, and one on number nine to tie the match and then win it on the third playoff hole.

The championship quartette of Beecher Montgomery, Craig Adams of McCamey, Armstrong and Dozier had developed into a two man race after Montgomery had trouble on number four and Adams dropped out of contention on number five. Dozier, trailing by two strokes, sank a fine putt to pick up one on the difficult number seven green, and then stayed in the match by halving eight after a miserable approach shot into the rough, tying up the match on number nine.

Dozier was in bad trouble on number two after both golfers had a rather bad time on number one, but on number three the tee shot was on the green and the birdie putt was too much for Armstrong, even though he would have been down in three.

The tall Ozona golfer downed Roy Waterhouse of San Angelo and R. V. Munn of San Angelo to reach the finals.

The finalist golfers posted scores of 37 for Armstrong and Dozier and 41 for Adams and 43 for Montgomery.

For Boots Armstrong the afternoon was one of great pressure since he went into the championship flight tied with Ted Wright of Midland and did not gain an undisputed position in the final foursome until the second hole of the final match.

(Continued on Last Page)

## Canyon Sand Wildcat Spotted On Harrell

Dalton H. Cobb, Midland, will drill a 7,500 foot Canyon sand wildcat in Crockett County, six miles northeast of Ozona and five miles northeast of Canyon sand gas-distillate production in the Ozona, East multipay field and seven miles east-northeast of the recently opened one-well Ozona, Northwest (Canyon oil) field. It is the No. 1 Harrell.

Location is 1,992.8 feet from the south and 660 feet from the west lines of 65-GH-GC&SF.

## Crews Move In To Start Construction Of New Pipeline

### F. H. Fulton Co. Of Lubbock Have Contract For Laying Line

First elements of a construction crew which is said to number from 150 to 200 men began arriving in Ozona this week as work on laying a gathering system and pipeline from the Ozona gas field area for Northern Natural Gas Co. got under way.

Northern Natural awarded contract for the pipeline construction to R. H. Fulton Construction Co. of Lubbock. Northern Natural plans construction of a gathering system in the prolific gas production areas east, southeast, south and southwest from Ozona and a 35 mile 12-inch pipeline to Northern Natural's compressor station near Eldorado.

Materials will be unloaded at both ends of the line, at Eldorado and here, for the construction. Right of way has already been secured and work on the pipeline and gathering system is scheduled to get under way early this month.

Northern Natural will take gas from wells in the Hunt-Baggett field area, which produces from the Strawn, and later is expected to take Canyon gas from wells in the area east and southeast of Ozona.

Operators in the field with whom sale agreements have already been made by Northern Natural include Atlantic Refining Co., Chambers & Kennedy, Cosden Petroleum Corp., Phillips Petroleum Co., Signal Oil & Gas Co. and Sonoco Mobil Oil Co. Inc.

The new facility will have an initial daily capacity of 80 million cubic feet of gas.

Completion of the new pipeline and gathering system will make possible the first sale of natural gas from the new Ozona area fields, tapped during the past year. The sale of the product will bring rich royalty payments to landowners and a rich take to the oil companies producing the field. The development likely will lead to more extensive drilling of potential production areas, too, observers speculate.

## Perner Horse Is All-Around Champ Of Ozona QH Show

### Top Cop, Aged Gelding, Get of Perner's Topper Hancock

Top Cop, an aged gelding owned by P. C. Perner of Ozona, was named all-around champion Saturday of the 11th annual Ozona Quarter Horse Show.

The horse was sired by Topper Hancock. For the last three years a get of Topper Hancock has been all-around champion of the Ozona show.

This year's show, held in conjunction with the Sonora show, the previous day, had 130 entries.

Top Cop was named reserve champion gelding in the halter show and was the top senior western riding and senior reining horse.

Rosita Mia owned by Charlie Black, Jr., of Ozona, was named grand champion mare. Reserve champion, Jean Chance, was showed by C. R. Short of Valentine. Harvey King, owned by S. S. Perner of Ozona, was grand champion stallion. Reserve champion was Lu Lu Dell, owned by H. M. Riley of Austin.

Grand champion Gelding was Bordeaux, owned by Bob Collins of San Saba. Top Cop was the reserve champion gelding.

Halter results: 1962 Mares — 1. Little Dandy Dee, owned by Debbie Galbreath of Sonora; 2. Missy J. Hicks, L. H. Hicks of Sonora; 3. Miss Sallimar, Dr. Robert C. Roney of Lubbock. (Continued on Last Page)

#### “NO PROFIT IN TIMIDITY”

The Republican Party is approaching another Presidential campaign year in a state of confusion that exceeds the quadrennial bewilderment that has become traditional.

The “me-tooism”, so firmly implanted by Tom Dewey, continues to infect the GOP with the theory that it requires Democratic votes to elect a Republican — no matter how many Republicans are too nauseated to make it to the polls.

It was in the throes of this malaise that Senator Taft was shamefully shoved out of camera range in favor of a candidate who reportedly had some difficulty in deciding which party's banner he would carry. But this time the me-tooism was elaborately camouflaged with the slogans: “Time for a Change” and “Clean up the Mess in Washington.” Eight years later they would still have been appropriate, but Mr. Nixon preferred to emphasize the experience gained as Vice President.

And now, in the face of the panic touched off by the Rockefeller nuptials, Michigan's Gov. Romney — who has wistfully expressed a preference for a “Citizens' Party” rather than Republican or Democrat, and who insists he has too much to do in getting Michigan squared away on its new State Constitution — has been placed on display, notably in Washington. And Harold Stassen (remember him?) says he will enter New Hampshire's Presidential primary!

In commenting on the said fact that Republicans fill but a third of the seats in Congress and have provided but 17 of 50 governors, the Tulsa (Okla.) Tribune observes editorially that the Republicans “have compromised and amended their principles until no one knows what they stand for.” And it says further:

“We don't know whether a party standing on principles can win in '64. But we're pretty darned sure that if the Republican party doesn't stand boldly against the bureaucratic bear-hugs which are crushing us with love, it won't win in 64 or 68 or ever.”

By way of a constructive suggestion, the Tribune urges:

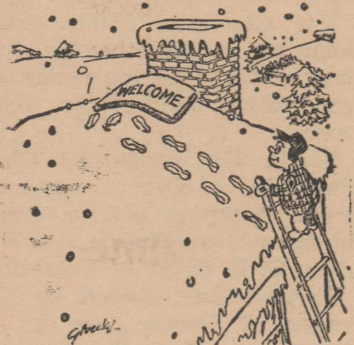

“Come on, Barry, quit being coy!”

“Why don't you toss your Arizona stonson right in the middle of the Republican ring and run for President? Win or lose you can help the country.”

On thing is sure. Republicans, Democrats, independents, and liberals — as well as conservatives — know what Barry Goldwater stands for.

#### NO PLACE TO CUT?

Few Americans will find comfort or reassurance in our aid program for Latin America when they consider that two of the loudest and most earnest supporters of large spending below the border have been Earl Browder, leader of the Communists in the US, and Fidel Castro.

Brig. Gen. Bonner Fellers, national chairman of the Citizens Foreign Aid Committee, in the latest issue of his “Facts on Foreign Aid” series, declares flatly that it was Browder who, “in 1944, drew the blueprint for our foreign aid program”. In his text on the subject, “Teheran, Our Path in War and Peace,” the US Communist Boss said:

“The US must take the lead in proposing a common program of economic development of the Latin American countries . . . Instead of hundreds of millions of dollars in industrial efforts to Latin America, we must plan for thousands of millions annually.”

In 1956 a lesser light, Max Weiss, writing in the Communist Party publication in the US, “Pol-

itical Affairs Magazine” advised: “. . . we single out for major attention and activity the following: the fight for disarmament, the fight to restore normal trade relations between our country (he means the USA!) and the Socialist world; the fight for a policy of large scale economic aid, without without strings, to the so-called ‘underdeveloped’ countries of Asia, Africa and Latin America; the fight to get the trade unions of our country (again, the USA!) to send a labor delegation to the Soviet Union. Around these issues, wide movements of united and parallel action can be built and expanded until victory is won.”

A year later, in January 1957, the National Committee of the Communist Party, USA, handed down the word from the local

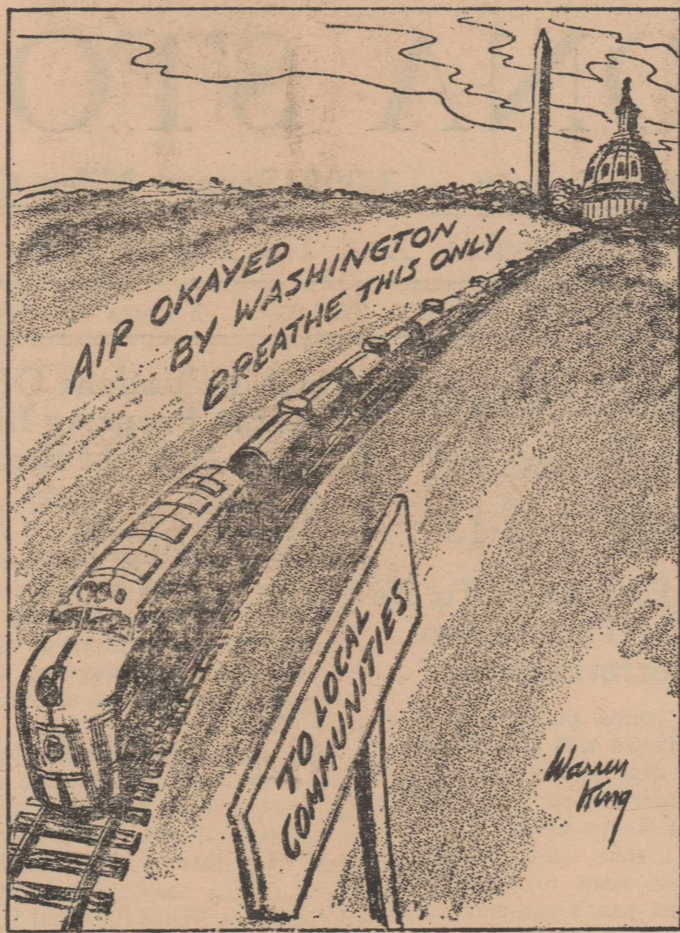

branch office of the Kremlin: “As part of an overall foreign aid program, loans and grants should be extended without strings attached to newly-liberated, semi-colonial countries as well as to Socialist countries, like Poland, now seeking such business-like arrangements.”

And Fidel Castro in May, 1959 (when he was still regarded as a Cuban patriot by many Washington VIP's who should have known better) proposed that the US funnel \$30 billion into Latin American aid!

“The Communist goal,” writes General Fellers, “is to collapse our economy. Unfortunately we are endeavoring to fight Communism with foreign aid according to the Communist prescription.”

And still, our more responsible

#### WILL IT COME TO THIS?

legislators who would like to see a tax cut, but are reluctant to cut income without cutting spending accordingly, can't seem to see where to save — even after our mortal enemies have been pointing it out for years!

#### AN EXPENSIVE BIRTHDAY PARTY

The other day the Tennessee Valley Authority observed its 30th birthday. And it was an occasion worth noting — for more reasons than one.

To begin with, TVA is quite some operation. It services an 80,000 square mile area in seven states. It provides power for 1.5 million customers. It has 31 major hydroelectric dams along with 10 steam generating plants.

So much for its resources and services. But there is much more to the TVA story.

This was the most expensive birthday party the guests ever paid for, given involuntarily by more than 60 million American taxpayers, the vast majority of whom don't patronize TVA. Over \$2 billion has been invested by taxpayers in its facilities. It pays no federal income taxes, whereas the investor-owned utilities pay about 25 per cent of their revenues in taxes of all kinds. TVA makes payments to local government in lieu of taxes, but these are much less than investor-owned

utilities doing a comparable business would pay.

That isn't all. In addition to these tremendous special-privilege tax advantage, TVA gets a variety of “free” (that is, taxpayer-financed) services from other governmental agencies, pays no excise taxes, is not required to pay state public utility taxes or state income taxes, and it gets reduced freight rates from land grant railroads.

The final irony is that when the TVA was formed as a government corporation 30 years ago, the intention was that its primary purpose was to control floods and improve navigation, and that electric power would be an incidental by-product. But, in 1961, 83 per cent of the total TVA investment was devoted to electric power operations!

Talk about that camel who managed to get his nose under the tent!

**HIGHLIGHTS  
AND  
SIDELIGHTS  
From State Capitol**

Austin, Texas — Rumors concerning a special session continue to bounce around the Capitol.

Most persistent rumor is that Gov. John B. Connally will "line-item" veto the appropriations bill which he contends "short-changes" higher education — then call a special session in the fall.

In a "line-item" veto he would strike out items he considers unnecessary. Then try to convince Legislators that the money go to higher education instead.

Some lawmakers think they will be called back in September. Others pick October. Those who predict a fall session believe they again will have to tackle the subject of congressional redistricting. They didn't agree to a solution in the regular session.

**Instant Railroad Commissioner** — Many nice things have been said about Jim C. Langdon since Governor Connally appointed him to the Railroad Commission to replace Bill Murray. One thing for sure, he adapts to changes easily.

In two short hours, Langdon resigned as chief justice of the El Paso Court of Civil Appeals; withdrew from the race for the State Supreme Court place which Judge Frank Culver of Fort Worth is expected to leave; was sworn in as Railroad Commissioner; announced as a candidate for re-election in 1964; and went right to work.

Then he and Commissioner Ben Ramsey made the announcement the oil and gas industry was waiting for — a 28 per cent allowable for June.

**Governors' Choice** — Langdon's appointment was the third he has received during three administrations.

Gov. Allan Shivers appointed him 112th District Judge in 1954. He was elected to that bench twice. Then Gov. Price Daniel appointed him Chief Justice of the El Paso Court in 1959. This post he resigned to accept Governor Connally's appointment.

**Bills Versus Laws** — A quick tabulation of the results of five months of labor by the 181 mem-

bers of the 58th Legislature reveals that only about 31 per cent of the bills passed both House and Senate, to become laws.

A total of 1,723 bills were introduced. Of these, 543 were passed to law. Most of the weeding-out was done by committees. They reported as favorable only 786 bills as compared with 906 in 1961.

**Supreme Court Backs Commission** — State Supreme Court upheld the Railroad Commission's right to authorize an operator in a particular oil field to conduct a survey of another operator's well to determine if it were illegally slanted.

Case at bar was L & G Oil Company (headed by H. G. Lewis Jr. of Kilgore) versus the Railroad Commission et al.

L&G charged that a Railroad Commission order permitting Tidewater Oil Company to authorize Sperry-Sun Surveying Company to run a slant-hole survey on an L&G well in the East Texas field was illegal.

The 126th District Court in Austin had supported the Railroad Commission's order.

But while the Supreme Court affirmed the right to give the order, it said it was improperly worded and sent the case back to the trial court.

Two members of the high court, however — Associate Justices Meade F. Griffin and Joe Greenhill — disagreed with their colleagues.

"To allow a citizen or corporation — a potential foe in litigation — to go upon and take notice of another's property without even so much as an opportunity to be heard, is a clear violation of the due process clause of the Texas and Federal constitutions," they stated.

**Date Mix-Up** — On or about August 1, Secretary of State Crawford Martin has to start publishing proposed amendments to the constitution that will be up for a vote in a special election on Saturday, November 9.

Martin checked out the first three amendments scheduled for the ballot: One to decide whether to abolish the poll tax; one asking whether to extend the Veterans' Land Program and increase bonds; and one asking voters whether the state should increase from

**PASSING PARADE**

Could be that the Six Flags Marching Band is heralding the June 1 start of daily operations for the historical theme Park, Six Flags, located midway between Dallas and Fort Worth, will commence its summer schedule Saturday, remaining open seven days a week through Labor Day. Thereafter it returns to a weekend operation only until December 1.

\$54,000,000 to \$60,000,000 state funds that can be spent each year on federal-state assistance for old folks, children, the blind and disabled.

Then he came to a fourth — a proposed amendment to authorize a retirement and benefit program for Jefferson County drainage district employees. One clause referred to a November 9, 1963, election. Another set the election for November, 1964.

Martin couldn't decide which date was right, so he referred the matter to Attorney General Waggoner Carr.

**Stocks Sales Granted** — State Securities Commissioner William M. King announced a sharp rise in the number of companies registering stocks with his board in April.

Sixty-three companies — 21 Tex-firms included — were granted permits to issue \$22,634,384 worth of securities in the state.

**Highway Contracts Record Set** — A \$5,200,000 contract for construction of a 12-mile stretch of Interstate Highway 20 in Kaufman County broke all records for the

**DIANE PHILLIPS GRADUATES**

Miss Diane Phillips, daughter of Mr. and Mrs. Arthur Phillips of Ozona, received the Bachelor of Arts degree from the University of Texas at graduation exercises in Austin Saturday, June 1. Present for the exercises were Diane's parents; her sister, Mrs. A. T. Carleton, Jr., and children of Midland; her brother Byrd Phillips of Anson, and a cousin, Mrs. John R. Hunnicutt, and Rick, of Ozona. Diane and Mrs. Carleton and children returned to Ozona with Mr. and Mrs. Arthur Phillips for a few days visit.

Miss Dela Jean Gibbs, daughter of Mr. and Mrs. H. C. Gibbs, former Ozonans, became the bride of Burt Terrill in a wedding ceremony Saturday evening in the First Baptist Church in San Angelo. Ozonans attending the wedding were Mr. and Mrs. John Lee Henderson.

State Highway Department. Contract was one of 64, representing \$33,000,000 worth of road improvements, let by the State Highway Commission on May 27.

Art Kyle, a sophomore student at Texas A&M, is home to spend the vacation with his parents Mr. and Mrs. Arthur Kyle.

Miss Glenda Friend, freshman student at Texas Tech in Lubbock this year, is home to spend the summer with her mother, Mrs. Joe Friend.

Billy Jacoby, a student at Texas A&M this winter, has returned for the summer. Billy, son of Mr. and Mrs. Pete Jacoby, will be employed at the Country Club swimming pool this summer.

Jimmy Baggett, recent graduate of San Marcos Academy, is home to spend the summer with his parents, Mr. and Mrs. James Baggett.

Miss Beverly Alford, daughter of Mr. and Mrs. Quebe Alford, was home for a few days visit before returning to Weyland for summer school.

Darrel Rasberry, a freshman student at S. M. U. this year, has been a visitor in the home of the Charlie Applewhites for a few days. Darrel, an Ozona High school graduate, now resides in Bronte.

Roy Nell Killingsworth, a pre-medical student at the University of Texas, is home for the summer with his parents, Mr. and Mrs. Roy Killingsworth.

Democratic freedom was fine for colonial America  
but what will we have in 1976?

**THE PEOPLE WANT TO KNOW**

*big government  
and freedom*

The employees of Big Government are so numerous and politically powerful that venal and conniving politicians eagerly vote them such complete job security that the people are robbed of control over public employees. Conscientious administrators find it virtually impossible to remove even the superfluous or the incompetent from the public payroll.

Accurate and Complete

**RANCH RECORDS**

*Are More Important*

*Today Than Ever*

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

**THE STOCKMAN  
RANCH RECORD BOOK**

Next season's quail crop is determined, to a great extent, by the amount of work done early in the spring to provide adequate plant cover and feeds.

So says Edward L. Koziky, director of conservation for the Nilo Farms, owned by Olin-Mathieson.

Nilo Farms are in Illinois. But the thing that makes his statement news in Texas, is that Koziky was talking in Texas.

Koziky recently was on the program of the American Game Breeders Association in Dallas. This association is composed of the producers of birds, such as quail and pheasant, mostly for shooting resorts. It is a nationwide organization.

Naturally a shooting resort must have good cover for the birds that are to be released in advance of the hunters.

Good cover also is important to the landowner who has a few flocks of birds on his place. This is true regardless of whether he lives in East Texas or West Texas.

Quite a number of youth groups have been building cover areas during the past year. Most of them are working with Joe Davidson, who directs the current program for the Texas Game and Fish Commission.

"Proper cover can spell the difference between financial success or failure of a preserve and can add immeasurably to the overall quality of field shooting," Koziky told the Dallas meeting.

"The local conservation agent would be sought for technical advice on soil classification and conservation practices. A soil classification and land quality map is a must. The local county extension specialist can be of im-

mense assistance in advising you of plants best adapted for a particular area or purpose. Also, the game crop specialist at the state agricultural college of university may provide the answer to many difficult problems," said Koziky.

What he told the professional game breeders also might be applied to landowners in every part of the state and to local sportsmen's units.

Many times the landowner himself is not especially interested in shooting on his own place. In fact shooters have been a source of trouble to him.

In these changing times, however, when sportsmen are learning the must pay for privileges of hunting on land belonging to others, the landowner's attitude is changing. He sees a profit, so he is willing to do something about it.

During the past season there probably were more gates opened with \$5 bills for a key than at any other time in Texas history. The number will increase this year.

Generally this is the fee for day hunting of quail in Texas. In some areas it is slightly more; some, less. A few shooting resorts are building up season fees. Such fees cover not only a bag of birds from the resort, but also native bird in nearby pastures and fields.

In a number of places small groups have gotten together to supply the landowner with proper cover plants and to pay for hatchery-raised quail for planting.

These groups can get information from the Game and Fish Commission in Austin, or from local game wardens and biologists. Trained personnel will be a great help in developing many areas for future bird hunting.

Many landowners, particularly

in the North Plains where millions of acres of land have been turned under, are planting cover plots with protective fences around them.

Birds are released around these plots where cover, food and water are available. As a result when weather conditions are not too unfavorable there is a bird crop in the fall.

A fine example of planting these plots is on the King Ranch, south of Kingsville. Here certain acreage has been made available to bird-dog clubs.

Generally, the entire area is excellent habitat, but additional work has been done. There are numerous plots on the ranch where fences keep livestock out. Behind these fences cover and food are protected. As a result the area is very productive of birds, again subject to weather conditions.

If you want to hunt birds this fall, you might consider some of these practices. If they are good enough for resort owners who are members of the North American Game Breeders & Shooting Preserve Association, they might be good enough for others, too.

### The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman June 7, 1934

The spirit of optimism which had begun to wane as ranchmen watched what little grass and weeds that were left parch and die, was revived again in the ranching area of West Texas the first of the week when general rains ranging from 2 to 5 inches of moisture fell in the territory.

The three hardware firms of Ozona, West Texas Lumber Co., Ozona Hardware Co. and Joe Oberkamp will close their doors at 5 p. m. each afternoon during the balance of the summer months.

Another step toward making the Hotel Ozona one of the most modern hostleries in Texas is being taken this week with the installation of ceiling fans in every

room.

Miss Blanche Robison, who has been attending Abilene Christian College, and Miss Totsy Robison, a student in Texas Tech at Lubbock, are home for the summer vacation.

Dick Henderson, 7-year-old son of Mr. and Mrs. Floyd Henderson, escaped with only minor cuts and bruises when he fell from a windmill tower 25 feet to the ground.

Norman (Lefty) Weickline, ace hurler on the staff of the Ozona Giants, and Miss Lucille Templeton of Richland Springs were married shortly before midnight Monday at the residence of L. N. Moody, minister of the Church of Christ in Ozona.

Mrs. Charles E. Davidson and Mrs. Pon Seahorn attended a family reunion held at the home of their aunt at Pidcoke, Texas, the past week.

Mrs. Jack Brewer and two children of San Angelo are spending a few days visiting her father, W. E. Crowder, and other relatives.

Mr. and Mrs. John Young were in San Angelo over the week-end visiting their son and daughter-in-law, Mr. and Mrs. Walter Young.

Mrs. Bryan McDonald, Mrs. Carl Dorley, Miss Gracie Swanson, Mrs. L. B. Adams and Patricia McDonald were in San Angelo Wednesday.

Stanley Frank is home from Brownwood where he has been attending Howard Payne College. He is spending the summer on the

ranch with his mother and step-father, Mr. and Mrs. Cal Johnson near Barnhart.

Miss Mary Margaret Harris and Billie Gene Linthicum of Barnhart spent last week-end in San Angelo where they assisted with an announcement party for Billie Gene's aunt, Miss Katherine Linthicum.

Mrs. Scott Peters has been under treatment in the M&S Hospital in San Antonio for the past two weeks.

The general clean-up campaign sponsored by the Ozona Woman's Club was making progress this week after being slowed down early in the week by rain.

### CROCKETT HOSPITAL NEWS

Patients admitted to the hospital since May 28th: Rex Halydier, medical; Mrs. D. L. Garner, obstetrical; John Isaac, surgery, David Hoover, surgery, Mrs. Elbert Robinson, Midland surgery.

Patients dismissed: Enriqueta Lozano, Mrs. Franklin B. Sipes, Mrs. Bobby Rivera and infant son, Mrs. Hoyle Thompson, Joe Tom Davidson, John Mayo, Mrs. John Dool, Mrs. Alton G. Hudson, Mrs. David Allen and Mrs. Carl D. Hogg.

Mr. and Mrs. Frank T. Jones and family left Tuesday morning for the Grand Canyon and other points west which they expected to see while on vacation.

Mrs. Lowell Littleton and her nieces Lucille Childress and Jan Hardberger are on a vacation trip to New Orleans, Natchez, Mississippi, and other points.

### Congressman ED FOREMAN Reports

One of the bewildering aspects of the New Frontier is the tendency for long-established agencies of Government to go off on tangents and plunge into fields of activity never before considered part of their function. The whole "Government - do-all" philosophy of the Kennedy entourage encourages them to grab hold of some "vital" activity they are positive must be Federalized and hang on for dear bureaucratic life.

The REA thought it had found a goodie in the Area Development Program (ADP). There was \$24 million ticketed for "rural aid" when the bill passed a year ago, Clyde Ellis, America's leading socialized power fan, called his National Rural Electrification Cooperative Association together to grab off these funds for REA.

This delighted empire-building Norman M. Clapp, REA Administrator, who shortly thereafter stated: "Our job cannot end with bringing people electricity and telephones . . . We must tackle the crisis of rural income . . . We can do much more food processing packing, handling and packaging close to home than we are now doing." The Clapp warned: "Rural areas development is not going to be just a sideline with us at REA. We are going to set up a special staff to concentrate on this phase of our program."

Thus did REA leave the specific purpose for which it was created. It has broken out of the cocoon of farm power and telephones and has emerged as a full-blown bureaucratic butterfly, ready to soar to the heights of waste in "helping" transform rural areas into

bureaucratic cells.

REA didn't get the ADP funds, but Mr. Clapp has set up his own duplicative program within REA. He called it Rural Area Development. It takes two cent Government money and loans it to businesses at a profit. For instance, \$30,000 went to the Chestnut Hill Resort, Inc., Hanover, Ill., to "help purchase and install electrically-powered snow-making equipment and outdoor lights." Of course, the resort is bound by a long-term contract to buy power only from a rural co-op. Another REA caper is a housing project in Oklahoma, where it is financing building of homes. Local citizens are not happy. Said one: "it smacks of socialism."

In northern Idaho, REA is loaning \$50,000 to a firm called Durable Wood Products. In Minnesota, the Marvin Lumber Company is getting \$250,000 loan money from REA, etc.

The taxpayers are subsidizing REA's invasion of private industry private power, private financing and free enterprise. Put another mark on the wall for socialism.

#### VISIT IN MISSISSIPPI

Mr. and Mrs. Q. A. Brentz will leave Ozona this week for a five-weeks visit in Mississippi before Mr. Brentz returns to Kingsville to enter Texas A&I for a six weeks course in modern science.

Mr. Brentz, science teacher in Ozona high school, was awarded the scholarship under the National Science Foundation program.

While Mr. and Mrs. Brentz are in Mississippi, daughter Brenda will attend San Marcos Academy for six weeks, returning to Ozona with her mother when Mr. Brentz returns to Texas to enter school.

### Christian Witness In Politics Study Theme; WCSO Officers Named

The Woman's Society of Christian Service met Wednesday morning at the Methodist Church.

The worship service was led by Mrs. Charles Williams, Sr.

The pastor, Rev. W. R. Fleming presided for the election of officers of the Society for the coming year.

Those elected were: president, Mrs. Dick Henderson; vice president, Mrs. Evart White; treasurer, Mrs. W. D. Cooper; Recording secretary, Mrs. Joe S. Pierce, IV; promotion secretary, Mrs. Joe Pierce, Jr.

Other secretaries are: missionary education, Mrs. L. B. Cox, Jr.; spiritual life, Mrs. W. R. Fleming; Christian Social Relations, Mrs. Stephen Perner; literature, Mrs. A. S. Lock; supplies, Mrs. S. M. Harvick; Membership, and Evangelism, Mrs. L. D. Kirby; Missionary personnel, Mrs. V. I. Pierce; courtesy, Mrs. W. O. Reeves.

The president, Mrs. Dick Henderson, presided at a short business session.

The program theme, The Christian witness in politics, with Mrs. Fleming as leader was outlined. Speaking on the subject was the pastor, Rev. Fleming. Mrs. J. A. Fussell spoke on Christian Insight and Democratic Process. A roundtable discussion followed.

Others attending were Mrs. Leon Patterson, Mrs. L. D. Kirby, Mrs. Clinton Whitt, Mrs. B. B. Ingham, Sr., Mrs. Jimmy McMullan, Mrs. Buddy Phillips, Mrs. Evart White, Mrs. L. B. Cox, Jr., Mrs. W. O. Mills, Jr., Mrs. Stephen Perner, Mrs. Joe Pierce, Jr., and Mrs. W. D. Cooper.

#### NAVAL TRAINING

Bainbridge, Md. — Donald G. Pearson, seaman apprentice, USN, son of Mr. and Mrs. Roy G. Pearson of Ozona, Texas, is stationed at the Naval Training Center, Bainbridge, Md., site of WAVES Recruit Training Command, Navy Yeoman "A" and "B" Schools and other navel training facilities on the East Coast.

### A-M Science Programs Designed To Stimulate Top Student Interest

College Station — About 311 high school and college students and teachers from 33 states, Panama and Canada will be on the Texas A&M campus this summer for special programs sponsored by the National Science Foundation.

Most of the programs in the sciences, engineering and mathematics will begin Monday. They extend over varying periods of time from a month to the entire summer.

"Basic aims of the program are to stimulate interest and enrich science backgrounds," said Coleman Lloyd, Texas A&M coordinator of National Science Foundation programs.

All of the programs will be conducted here except for the Summer Institute in Oceanography and Meteorology scheduled June 3-28. This group of 30 persons will use Galveston facilities of A&M's Department of Oceanography and Meteorology.

The 13 programs scheduled during the summer cover a wide range of subject fields.

Keith Mitchell, son of Mr. and Mrs. G. K. Mitchell of Ozona, will attend the Science session at A&M.

ADDING MACHINES — Electric and hand operated. The Stockman

### Miss Darlene Braden, Muggins Good Married In San Angelo Service

Miss Darlene Elizabeth Braden and Charles Muggins Good exchanged wedding vows Saturday before the Rev. Louis Moeller at Holy Angels Catholic Church in San Angelo.

Parents of the bride are Mr. and Mrs. L. V. Braden of Midkiff, and Mr. Good is the son of Mr. and Mrs. Homer Good of Ozona.

Entering the church with her father, the bride wore a lace and organdy floor-length gown. The fitted bodice was accented with a bateau neckline of lace with long sleeves. The bouffant skirt was highlighted with appliques of roses on lace on organdy and ended in a chapel-length train. Her elbow-length veil of illusion cascaded from a pearl crown.

Miss Joy Braden of Lubbock attended her sister as maid of honor. Miss Vickie Good of Ozona, sister of the bridegroom, and Miss Patricia Speck of Menard were bridesmaids.

Charles F. Dacy of Eldorado, best man, and Larry R. Braden of Midkiff, brother of the bride, and Tommy Porter of Ozona, groomsmen, attended the bridegroom.

A reception in Holy Angels School cafeteria followed the ceremony. The couple will live at 110 E. Highland in San Angelo, where

Mr. Good is employed at the Monarch Tile works.

Mrs. Good was graduated from Rankin High, attended San Angelo College and received her degree from Sul Ross State College. Mr. Good was graduated from Ozona High School and attended SAC and Sul Ross.

#### CARD OF THANKS

We wish to take this means of expressing our sincere thanks to all who were so kind and thoughtful on the occasion of the loss of our husband and father. We appreciate the expressions of sympathy and your many thoughtful acts of kindness which did so much to ease our burden of grief. We will never forget.

**Success Of Screwworm Eradication Depends on Ranchers Cooperations**

Ground control (immediate treatment of all wounds regardless of cause) is of major importance in the screwworm eradication program at this time. County Agent Pete Jacoby said today that it's that time of year when screwworm cases normally begin a rapid increase and cautioned all livestock producers to be even more alert in their checking for possible worm cases.

The screwworm will be eradicated by your constant vigilance, Jacoby said. He advised livestock producers to treat every wound regardless of cause, including those from castration, sheep and goat shearing, docking, dehorning, wire cuts, or others, with approved materials. These include EQ-335 or 5 percent Korlan as smears or 5 percent Co-Ral as a dust. These are recommended for use on all surgical cases, Jacoby said.

He listed the use of .25 percent (twenty-five hundredths) Co-Ral or .5 percent (five-tenths) Korlan as sprays for control of livestock pests.

The agent further suggested that all livestock be checked at least once each week and more often if practical for screwworm signs.

He emphasized the need for even better reporting of all worm cases and the importance of taking worm samples for every infested wound. Be extra observant of all new livestock brought to the ranch, Jacoby said.

**45 Taylor Family 'Kissin' Kuzzins' Attend Convention**

The Taylor Family "kissing Kuzzins" annual reunion summer fishing trip and outing on Devils River was held last week, with some forty-five family members present.

In addition to the Ozona family members the following were present from out of town; Mr. and Mrs. Kenneth Corder and son of Jal, New Mexico; Mr. and Mrs. Edwin G. Bower of Dallas; Mr. and Mrs. Charles Martin (Joan Bower and husband) of Dallas; Mr. and Mrs. Jerry Pace and son, Baggett, of Austin; Mr. and Mrs. Hiram Brown and sons, Hi and Steen, of Austin; Mrs. Noble Smith and son, Mike, of Lamar, Colorado, and Mrs. Duane Oswald of Forrest City, Iowa.

Bring on those mountains! They're not so high and mighty when you've got Corvair's gummy six and rear-engine traction working on them.

You scurry up the meanest grades. You move with sure-footed agility on wet pavement, muddy lanes, gravel and other would-be miseries.

And with most of Corvair's weight on the rear wheels, you have easy steering, too. Fact is, the handling's so light and responsive we don't even offer power steering for the car.

And there's more to feel good about. No problems with your radiator boiling

over or going dry, because there's no radiator. Corvair's engine is air cooled. No concern about brake adjustments, either, because the brakes adjust themselves. Nothing much to think about at all except the good time you're having.

Like to do that in a sporty bucket-seated Monza Club Coupe or Convertible? Like to spring into summer with a 4-speed stick shift\* and Spyder package\* with its 150-hp Turbocharged engine? Your dealer's got just the Corvair and the Trade 'N' Travel deal on it to put you in a holiday mood.

**Lancaster Hill Area Oil And Gas Field To Get Three New Tests**

Macdonald Oil Corp., Midland, will drill a wildcat, a long out-post and a confirmation in the Lancaster Hill multipay oil and gas area of Crockett County, approximately 5 1/2 miles east of Fort Lancaster.

The No. 1-3 D & E University a 3,400-foot Permian wildcat, is one location south of 1,400-foot San Andres oil production and between two Strawn gas-distillate producer.

Location is 1,980 feet from the south and 660 feet from the east lines of 3-29-University. Ground elevation is 2,651 feet.

The No. 2-3 D & E University, a 2,500-foot cable tool San Andres operation, is one location north-east of the San Andres pay opener in the three-well San Andres area, 660 feet from the north and 1,980 feet from the east lines of 3-29-University. Ground elevation is 2,400 feet.

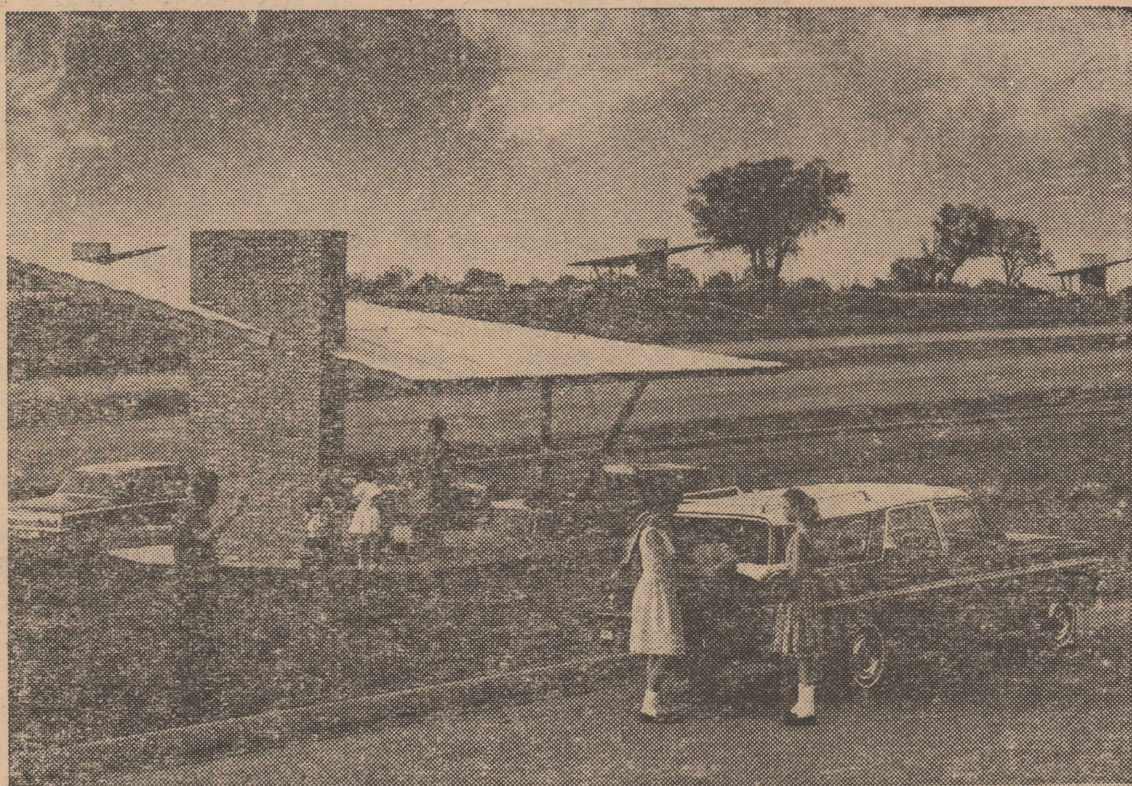

The No. 1-6-A Tennessee University, a 7,500-foot Devonian project three miles northwest of Devonian production, is 690 feet from the south and 2,585 feet from the east lines of 6-29-University. Elevation is 2,286 feet.

Mrs. W. W. West left Tuesday for her summer home in Ruidosa N. M., where she will spend the summer. Mr. West will commute in his plane. She was accompanied by her daughter, Mrs. Larry Albers, who will spend a few days in the mountains.

Mills Tandy, son of Mrs. H. B. Tandy of Moody and the late Dr. H. B. Tandy, formerly of Ozona, graduated from the University of Texas with an A. B. Major in Zoology. Mills is now with the Peace Corp at Camp Radley, Arecibo, Puerto Rico.

Mrs. Tandy, now doing Methodist missionary work in Moody, has a new appointment in Idaho beginning August 1.

WANTED — Summer work. Ranch experience in round-up, shearing, marking, spraying, etc. Also yard work. Billy Groesbeck. Phone 2-3230 or 301 Avenue G. Itc

The Interstate Highway System in Texas is being blessed with large, elaborate Safety Rest Areas for the safety and convenience of Texas travelers. Motorists can now relax and refresh themselves in the first of these rest areas (roadside parks) designed and built on the Interstate Highway System in Texas. This new rest area contains eight arbors equipped with fire places for family cooking, incinerators, fire wood, and big spacious tables and benches for picnicking. The "park" lies on a small knoll ten miles east of San Antonio on Interstate Highway 10 and was formally dedicated May 29.

**Lanny Brentz And Bride Visit Parents**

Lanny Brentz and his bride, the former Miss Judy Hogge, were visitors in Ozona this week with Lanny's parents, Mr. and Mrs. Q. A. Brentz, before returning to Abilene where Mrs. Brentz will continue her studies at Hardin Simmons this summer and where Mr. Brentz is employed.

The couple were married in the First Baptist Church of Canton, Missouri, and took a wedding trip to Mississippi and New Orleans before returning to Abilene where both were students at Hardin-Simmons this past year.

Janet North, a student at Stephens College in Columbia, Missouri, this winter is home with her mother, Mrs. Hilton North to spend the summer. Mrs. North went to Columbia for a few days visit on the campus and area before bringing Janet home.

### Clayton Re-Entry — Brooks Dozier —

(Continued from page one)

(Continued from Page One)

It then flowed 24 hours on a 3/4 inch choke, making 61 barrels of oil and four barrels of acid water, plus gas at the daily rate of 1,400,000 cubic feet. Tubing pressure was 240 pounds.

Originally drilled by Socony Mobil Oil Co. (Magnolia Petroleum Co.), it was abandoned Jan. 12, 1951, at 9,510 feet.

Second producer and a location northeast extension has been assured to the Ozona, Northwest (Canyon oil) field of Crockett County with the flowing of oil, cut 30 per cent acid water, at the rate of seven to eight barrels per hour at H. L. Huffiman Ltd., Midland, No. 1-27 F. R. Henderson Jr., in 27-OP-GC&SF, one mile northwest of Ozona.

Flow was through unreported Canyon perforations which had been fractured with 50,000 gallons. No choke was reported. Perforations are not being released.

The discovery, Shell Oil Co. 1 F. R. Henderson, Jr., was finalized April 30 for 574 barrels of 41.7 gravity oil through a 14-64-inch choke and perforations at 6,640 to 6,675 feet.

Mr. and Mrs. Ivy Smith have as guests this week their grandchildren, Gary and Karen Smith from Kermit. They are children of Mr. and Mrs. Ivy Smith, Jr., of Kermit.

—oOo—

Mrs. Roy McCormick and daughter, Michelle, and son, Ray Jr., of Sulphur Springs, Texas, are here this week visiting her brother, Chick Womack and family.

In the Championship Consolation, Gene York of San Angelo had the hottest round of the afternoon in posting a 34 to edge T. J. Bailey who had a 39. James Scott and Roy Waterhouse the latter of San Angelo, both had 40's.

Over all, it was a very successful afternoon for Ozona golfers as Arthur Kyle edged Bill Clegg by one stroke for the first flight championship and Jerry Hayes downed Buddy Jones of Midland by two strokes for the consolation title.

In the second flight, Sherman Taylor was the winner, posting a 40 as compared to runner up Jim Dudley's 42. In the consolation bracket, J. C. Burkett of Big Lake was the winner with a 38 while J. G. Hufstедler was runner up with a 39.

In the third, flight Sammy Amisler of Midland was the winner with a 39 and Bill Carson was runner up, shooting a 42. In the consolation bracket, Dick Webster was the winner with a 39 while Wimpy Webb of Big Lake was runner up.

In the fourth flight, Rusty Pierce of Big Lake won by two strokes over Warren Talieferro. Pierce had a 46 and Talieferro a 48. In Consolation play, J. A. (Swede) Pelto was the winner following a one-hole playoff with Ike Chaffin of Big Lake. Both golfers finished the nine in 43.

In the fifth flight, Louie Madison of Andrews won over Clayton Webster by three strokes in the championship flight and Norman Guess of Big Lake downed Jimmy Jones of Andrews in the consola-

tion. In the sixth and final flight, Byron Stuart was the winner with Boyd Clayton runner up while Eddie Nations won consolation with Sonny Edmiston runner up.

The tournament was played in cool, cloudy weather with a strong southerly wind but no rain. The tournament moved smoothly and quickly with play concluded Sunday much earlier than usual.

A large number of club members, visiting contestants and guests were in attendance Saturday night for a barbecue given by the club as a tournament courtesy.

Bobby Tabb, a student at Baylor University, is home for the summer with his parents Mr. and Mrs. Thad Tabb.

Miss Pam Jones left Monday for Heart of the Hills Camp at Hunt, where she will be a riding counselor for the first session of camp.
