## Girl Scouts Initiate New Baggett Day Camp

Camp Baggett Girl Scout Day Camp opened Monday, May 24 at 8:30 a. m. with presentation of the colors. Immediately following the flag ceremony, the girls reported to individual camp sites to build Unit Homes.

The new camp has eight units consisting of 126 campers including twenty-eight from Sonora who reported Wednesday for the first time, and 28 adult leaders.

During the five days of camp, campers will learn camp crafts, nature studies and other phases of outdoor living. Each day is concluded with a song session and retiring of the colors at which time each girl and adult is presented with a daily camp newspaper edited and published by Cadette Troop 19.

Mrs. Ernest Dunlap and Mrs. Glynn Webb have volunteered their services as camp nurses and one of them is in the First Aid Tent at Camp Headquarters at all times during the day.

Thursday, May 27 from 6:30 p. m. to 8:30 p. m. has been set as the time for open house at Camp Baggett. The public is invited to visit the camp units, and to attend a campfire program at 7:30. Each unit of girls will have a part in the campfire program.

All girls are greatly enjoying their first Ozona Girl Scout Day Camp and are anticipating other such experiences in following years.

Site for the Day Camp was made available to the troops by Bill Baggett. The camp is located south of the Big Lake road. Adult leaders are hopeful of making the camp an annual outing. The site was prepared for the camp by girls of the troop and their a-

## 'W' Ranchers To Challenge League Leading Oilers

By Ernie Boyd

Rapidly improving Flying W will challenge the front-running Ozona Oilers for the lead in Little League play tonight as play continues in the first half of the title chase.

Last week, Ozona Oil, which has not been too sharp in its last few outings, dropped a 11 to 5 contest to Moore Oil and edged B&B 5 to 4 on Tom Davidson's pinch home run in the sixth.

Flying W, meanwhile, closed the gap with two landslide wins over Moore Oil and B&B.

A win by the Ranchers tonight would throw the league lead into a deadlock and would assure the two of another crucial contest soon since their last scheduled get-together was rained out.

B & B continues to be plagued with the short end of one-run games, while Ozona Oil's last-inning one-run decision marked the fourth such contest they had dropped this season.

For Moore Oil, things have been bad recently, though they did dump Ozona Oil, the first time that had been done this season. Other than that, the scores such as Flying W's 22 to 1 pasting last Thursday have been more the case.

## David Childress Wins Citizenship Award by Forum

David Childress, son of Mr. and Mrs. John Childress was named the winner of the annual Woman's Forum Citizenship award at the 1965 graduation ceremony at the High School auditorium last Friday night.

Mrs. T. J. Bailey, president of the Forum, opened the envelope which named the winner of the award, voted each year by the high school faculty.

Joel Huff, this year's valedictorian, was named the winner of a University of Texas Chemistry scholarship and also was presented with the Magna Cum Laude award for those with a scholastic average of 95 or more. Huff had been previously named valedictorian and the winner of a Merit Foundation Scholarship awarded by the Frost Natl. Bank of San Antonio.

Cum Laude awards for students with a 90 to 95 average were presented to Cathy Miller, Salutatorian, Rick Hagelstein, Yvonne Martinez, Vicki Applewhite, George Kyle, Pete Garza, David Childress, Linda Leath and Bobby Amthor.

## Yvonne Martinez Wins Scholarship From GI Forum

Miss Yvonne Martinez, 17-year-old daughter of Mr. and Mrs. Sam Martinez and fourth highest ranking student in the 1965 graduating class of Ozona High School, was the recipient of the 1965 scholarship award presented by the Ozona GI Forum and the Ladies Auxiliary.

The \$150 scholarship was presented by Forum president Napoleon Vitela at the commencement dance at the civic center Friday night. The award is in recognition of outstanding scholastic achievement. The party was sponsored by parents of the graduates and the South Elementary P. T. A.

## Sorrows, Mishaps Beset Family As Move Under Way

Mr. and Mrs. James Garvey, who have been living in Ozona for the past two years while Garvey worked with an Atlantic Refining Co. crew, moved to Mt. Pleasant but not until they had experienced a series of mishaps and sorrows which beset them with unusual rapidity.

First, was the death of Mr. Garvey's aunt in Gainesville, which called the couple to that Northeast Texas City, Monday. Then, after returning home Tuesday, Mr. Garvey was informed that his brother had suffered a heart attack while returning home from the funeral in Gainesville. Doctors told Garvey that he could wait until the move was made Thursday before coming to Bonham to see his brother, since he was doing better than at first thought, and then Thursday David Garvey, the youngest son, fell from the porch while the family was packing, and broke both wrists.

## Mrs. Pon Seahorn Died Wednesday; Funeral 5 Today

Funeral services will be held at 5 o'clock this afternoon from the Ozona Methodist Church for Mrs. Pon (Maggie Friend) Seahorn, 84, one of the fast vanishing tribe of Crockett county pioneers, a resident of the county since two years before its organization.

Mrs. Seahorn died about noon Wednesday after a long illness.

Services will be by Rev. Leonard Garrett, pastor, with burial to follow in Cedar Hill Cemetery under the direction of James Funeral Home. Pallbearers will be Pon Seahorn, III, Scotty and Grant Moore, Benny and Clayton Friend, Joe Warren Friend, Frank McMullan, Jr., and Joe Tom Davidson.

Mrs. Seahorn was born Feb. 28, 1881, in Coryell county, the daughter of Joseph W. Friend and Martha Coates Friend. The Friend family moved to Crockett county in 1889 to become one of the first settlers in the then raw west, to lay the foundation for the livestock empire that was destined to grow out of their beginning.

Mrs. Seahorn has been a member of the Methodist Church here since a short time after its organization and was a charter member of the Eastern Star chapter. She attended public schools in Ozona and after graduating from high school attended old Kidd-Key College at Sherman. She was married to Pon Seahorn in the Ozona Methodist Church June 12, 1907.

The couple had two children of their own but raised their family number by two more children when they adopted two nephews, Joe and Batts Friend, who were reared in the Seahorn home.

The surviving children are William P. Seahorn, Jr., and Mrs. Buddy Moore. Five grandchildren and three great grandchildren and a number of other nieces and nephews also survive.

## Fire Threatens Feed Mill; Damage Confined To Hay

A fire which threatened the big feed mills of the Ranch Feed & Supply Co. in west Ozona Wednesday afternoon produced a lot of smoke and blaze but resulted in no damage to the feed mill buildings.

A fire was hatched under the mill's shed. How it became ignited had not been determined yesterday. Firemen drenched the burning hay while they and the feed company's crew, with the help of volunteers, pulled down the stack until the fire was finally extinguished.

Damage was confined to an undetermined number of bales of hay.

## 5-Steer Average Roping Here Soon

Steer ropers from all over West Texas are expected to converge on Ozona next Sunday, May 30, when the Ozona Roping Club will stage a 5-steer average team tying contest at the Ozona memorial fair park arena.

Entry fee will be \$72.50. The local roping club has assembled a herd of fresh roping steers and the best roping talent of the area will be here to compete for the fat pots.

## Sandra Whitaker Is Miss Wool Finalist

Sandra Whitaker

Miss Sandra Bess Whitaker, 22, was chosen as one of the twelve finalists for the coveted Miss Wool of Texas title, it was announced last week-end by Don Carter of Odessa, general chairman of the Miss Wool of Texas Pageant to be held June 18 at Ector County High School auditorium in Odessa.

The twelve co-eds selected as finalists will be guests of Odessa for four days of activities starting with an instructional luncheon June 15 and concluding with the naming of Miss Wool of Texas on June 18. The Pageant is co-sponsored by the Texas Sheep and Goat Raisers Association and the Odessa Chamber of Commerce.

Miss Whitaker is a Senior elementary education major at Southwest Texas State College, San Marcos. The 5-foot 6-inch blue eyed blonde is a graduate of Ozona High School and has had outstanding recognition as a student leader and for scholastic attainments as a college student. She was named to "Who's Who in American Colleges and Universities" this year and has been awarded a citation for academic excellence, on the Dean's list, each semester of her work in college. She is a past president of her sorority, Delta Sigma Delta, a member of Kappa Delta Pi, honorary scholastic fraternity, an honor accorded the upper ten percent of students, and will be treasurer of the Student Body next year.

Other selections as finalists for the Miss Wool of Texas Pageant were:

Janice Archer, 19, daughter of Dr. & Mrs. T. J. Archer, 2303 Meridith Street, Austin, a freshman elementary education major at Texas Tech, Lubbock; Jeraldine (Jeri) Brouse (Continued on Last Page)

## 3 Ozona Students Awarded Degrees From Texas Tech

Lubbock — More than 1,300 students have applied for degrees at Texas Tech's commencement exercises May 29.

Gov. John Connally will give the principal address at the 3 p. m. exercises in Lubbock Municipal Coliseum.

The list include the following from Ozona: School of Arts & Sciences — Bachelor of Arts: Thomas Alvin Fields, psychology; Bachelor of Science in Education: Barbara Barbee elementary education.

School of Business Administration — Bachelor of Business Administration: Thomas Owen Porter, management.

## Two Graduate From SA College

Two Ozona students were among the 1965 graduating class from San Angelo College, the last class to be graduated from SAC as a junior college.

Robert Doyle Cox, son of Mr. and Mrs. Robert Cox, and Ronnie Houston, son of Mr. and Mrs. Sam Houston, both marked completion of two years college work.

Cox will enter the University of Texas in the fall and Houston will attend Texas Tech in Lubbock. Both will have junior standing.

## REGIONAL CHAMPS —

Pictured above on the campus of Texas Tech in Lubbock, shortly after they had won the Region 1 track championship is the Ozona team which amassed a total of 58 points to outdistance all competition in the Class A division of the Regional Meet.

In the front row, left to right, are Mike Walters, who ran for Ozona in the 220-yard dash; Gary Pagan, who took first in the shot put with a toss of 52'7" and later was beaten by a tiny

half inch for the state Class A title on a chunk of even 56 feet; Joel Huff, Ozona's entry in the 440 and mile relays, and David Childress, leading point getter, who won first in both the low and high hurdles in the Regional meet.

In the second row are Billy Carson, who won second place in region behind Sanderson's Tommy Wiegand in pole vaulting; Bobby Amthor, who gathered 2 points with a fifth place in the discus, and Ernest Var-

gas, a member of the Ozona mile relay team.

In the third row are Geo. Parker, mile relay; Humberto Ramos, 440 relay and mile relay teams; George Cox, 440 and mile relay teams, and Darold Maney, mile relay.

With an "all in the day's work" expression at the top is head track coach Chick Womack, and with a satisfied smile beside him, assistant coach Sonny Cleere.

WHO WANTS IT?

From the taxpayer, it would extract just a little more blood for a few more squads of investigators, paper-shufflers and prosecutors in the Federal Trade Commission and the Food and Drug Administration. From the housewife it would draw cold fury at complicating her food shopping and hot resentment for increasing the prices. And from the manufacturers of foods, drugs, cosmetics and hundreds of other products, it would take over management and control of packaging.

We refer to the Hart Bill (S. 985) — scurrilously known as the "Truth-in-Packaging Bill" — and apparently discredited in 1963 as superfluous, inflationary, discriminatory against small business and a bureaucratic incubus.

Back again, it seeks to empower the Food and Drug Administration and the Federal Trade Commission to

standardize the weights of products that may be packaged, the dimensional proportions and shapes of permissible containers; to control label illustrations and information — even to establishing the size of food servings — and, as a final nose-thumbing to the housewife, to prohibit that "cents-off" promotion that warms a shopper's heart!

But, since the heads of both FDA and FTC testified in 1963 that they already had ample legal authority to clamp down on false, misleading or deceptive packaging, the intent of Senator Hart and associates can be nothing less than Government control of production and distribution in a huge and vital sector of the economy.

The cost of confronting the housewife with strange, standardized packages of once-familiar products would be colossal. Industry witnesses estimate the increased packaging invest-

ment of manufacturers at hundreds of millions, with increased labor costs, higher shipping costs and greater handling expense for wholesaler and retailer. And as always, the cost of such Government interference would have to be paid for in added hours of toil for all who have families to feed.

As every law-maker should know by now, he cannot, in a free-enterprise society, clobber business without assaulting his constituents — and perhaps risking a bloody nose himself.

## Crockett Grass Team Competes In State Roundup

College Station — The green and white of the 4-H Clubs will dominate the Texas A & M University campus June 1-3 when some 2,000 4-H members, leaders, county Extension agents and friends of 4-H assemble for their annual roundup.

Winners for 30 judging and team demonstration contests will be named Wednesday, June 2, and honored at the final banquet that evening. A new division, Quarter Horse Judging, has been added this year. Those participating in the contests have already won county and district honors and have been training for many weeks.

To be eligible to participate in the state finals, the team or individual must rank first or second in the district eliminations. Competition will be stiff, since more than 1,300 individual 4-H Club members will participate. Many will be trying for a chance to represent Texas in the national finals later in the year.

Ozona will be represented in this year's Round-Up by the Crockett County 4-H Grass Judging Team, with its coach, County Agent Pete W. Jacoby.

Members of the grass judging team, which on second place in the district contests at Odessa May 8, will compete in the state contest as a part of the 4-H annual roundup. Rex Bland, Hugh Coates, Janie Edgerton and Steve Taliaferro composed the team.

Another Ozonan, Carl Conklin, will be honored during the roundup. He will receive the Volunteer Adult Leader Award, the highest state award conferred annually by the Texas 4-H Youth Development Foundation. The award will be made to Conklin at a luncheon the A&M campus Wednesday, June 2.

4-H Club work is conducted in the counties under the supervision of the county Extension agents with assistance from local voluntary leaders and friends of 4-H. 4-H'ers have been visiting the A&M campus annually for more than half a century.

The Texas 4-H Youth Development Foundation will recognize individuals and business concerns throughout the state for their outstanding contributions to the 4-H Club program. The Foundation also sponsors a "Chuck Wagon Barbecue" on the evening of June 1. The first general assembly of the Roundup will follow the barbecue.

The Roundup will officially end with breakfast the morning of June 3.

## Two New Business Ventures Open In Downtown Ozona

Two new businesses put in an appearance in Ozona this week with opening announcements from the Ozona Trading Post, a sporting goods and general store, to be located in the Owens building in area formerly occupied by the Ranch Feed & Supply Co., and in the same building but in a separate room cut from the main building area, The Cue Club, offering pool and snooker on five new tables and in clean, air conditioned quarters.

The sporting good store, which will also feature Army surplus products, will be managed by John W. (Bull) Walker, who is one of the three partners associated in the new enterprise. Others interested in the venture are Byron (Mustard) Williams and Chas. E. Davidson, III, Manager of the Cue Club will be Raymond Casey.

The Cue Club is already open for business while the sporting goods store is in process of refurbishing the building's interior preparatory to opening sometime early in June.

The Ranch Feed & Supply Co. recently moved out of the downtown building to its newly constructed steel building adjoining the company's feed mill in west Ozona.

## Accurate and Complete RANCH RECORDS Are More Important Today Than Ever

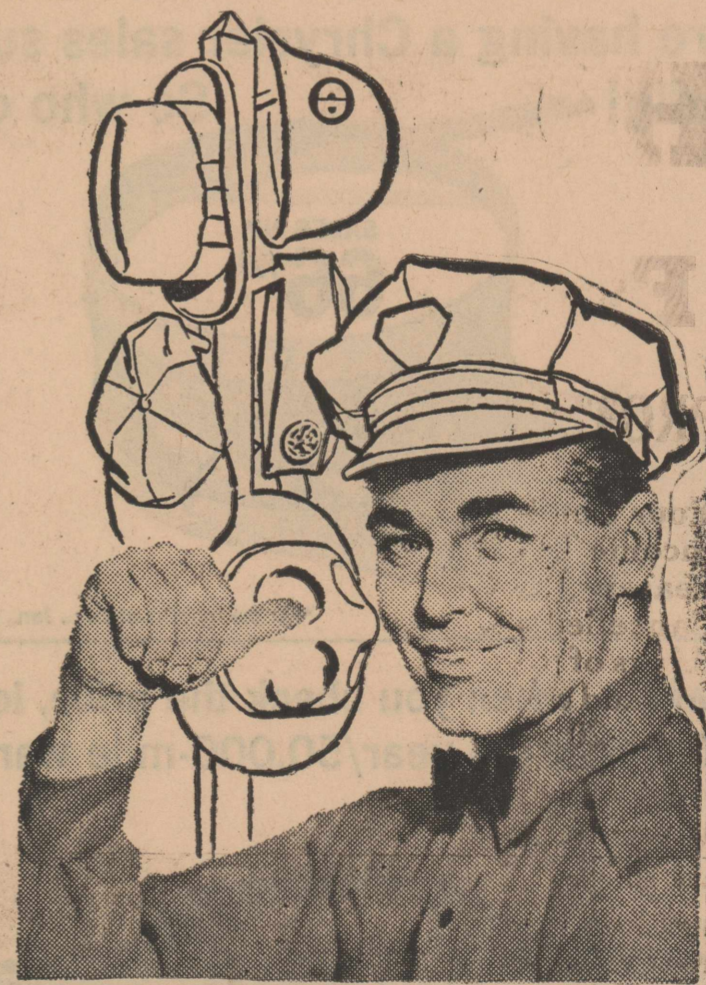

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

### Easy To Keep - Complete Record - In 1 Volume

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

**The News Reel**

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman From The Stockman, May 28, 1965

Rain, one of the essentials of the West Texas livestock industry, has come in bountiful quantities the past five days to bring a definite end to emergency feeding and assuring a splendid seasoning for spring and summer grass and weeds. Precipitation has ranged from two to a reported seven inches since the daily rains began nearly a week ago.

—30 years ago— W. B. Holland, Ballinger rancher, will be in Ozona Friday and Saturday to acquaint ranchmen of this section with the merits of "Get's Em" a new screw-worm killer and fly repellent he has developed.

—30 years ago— John Sarp, a fireman on the Santa Fe, suffered a

crushed hand Monday when a boxcar turned over in the yards at Barnhart. A broken rail caused the accident.

**West Texas Utilities Company** an investor owned company

Several years ago some 1,300 old automobile bodies were chained down in 60 feet of water off the Texas coast.

Idea was to make three artificial reefs, each composed of 600 car bodies. First one was built off Port Aransas. Others are off Port Isabel and Freeport.

Only 200 wrecked bodies were dumped into the salt water the first go 'round. For a few days there were all sorts of rumors about the biologists throwing away a lot of money. They said the car bodies had washed away and no one could find them.

It wasn't very long, however, until boaters smart enough to find where the bodies had been dumped were circling them and coming up with a nice big fish on every trip around. Then some of the very fellows who cried loud against the initial experiment asked for more.

As a result the other two locations were made. They now produce thousands of fish a year.

**Homes for Fish**

Other states are using similar programs. Some use old auto bodies. Others have dumped in old street cars. One group weighted down old beer kegs with cement and still others have hauled in old freight cars.

Enroute to Dallas, recently, I saw a half dozen old Pullman cars. Couldn't help but think what wonderful

fishing reefs they would make.

There is nothing new about building such reefs. It is following the principle of nature. For millions of years fish have been hiding among rocks, old wrecked ships and other protective cover in the bottom of the oceans and lakes.

Perhaps this is one of the major secrets of the fine fishing right now in Falcon Lake, on the Rio Grande, below Laredo. The bottom of this lake is brush lined. Fish like to hide in that brush.

Also for years fishermen have learned to build brush covers in some of our lakes. We heard of one fisherman recently who chained together a bunch of old automobile casings and lowered them into the water at a secret spot where only he knows.

Since he keeps the hole baited he'll have a good fishing spot all his own, until someone else finds it. Then he'll have competition, for it will produce fish.

Building of brush covers and the lowering of automobile bodies or old tires, into a public impoundment, can cause trouble.

In the first place, unless the cover is lowered deep enough it might be a hazard.

Also water supply lakes would not be benefitted by such practice.

And on the lakes built by the Corps of Engineers the

practice probably would be frowned upon.

For that reason I'd suggest that, if you plan to build a cover in any lake you first check legal requirements. Then proceed accordingly.

**Baited Fishing Holes**

Many pole fishermen now bait holes. There are numerous legal ways.

You can lower a bale of alfalfa hay, a sack of corn chops, some old bones or even a gallon of syrup with a hole in the bottom of the bucket. Any of these things will attract fish.

Now we're getting around

to a discussion of pole fishing.

With all that can be said of plugging or fly casting, the pole fisherman still is one of the few real lucky persons. After all, it's THE fishing for a man or woman who has the patience and who really enjoys the sport.

Every time I see a woman with a sunbonnet and a man with a straw hat and a cane pole I feel sentimental. It's a way of life for these people. It's an easy, relaxing enjoyable life which most of them follow methodically.

But these pole fishermen

are learning a few tricks for comfort. I've seen them drive their station wagons to the water's edge, set up nice folding chairs, put a pole holder into the bank, bait the hook, then sit back and take it easy. That is the original way to relax!

**Barge Fishing is Fun**

Another way to fish leisurely is to barge fish.

When it comes to easy fishing, barges now offer all the comforts of home.

practically every lake has one or more. Some are just tin barns. Others are deluxe structures. Many of them are heated in winter and

air conditioned in summer.

They have comfortable chairs, a place for the rod to rest and a snack bar where you can buy a sandwich or something to drink.

All are baited, so most of them pay off real well. At night floodlights are turned on to attract crappie. And usually there are quite a number of big old carp swimming around ready to take a worm or dough bait.

One thing for sure about barges — they provide fishing ease for a lot of people. These folks don't come home dead tired from a

day of casting. They sit down in comfortable chairs and enjoy a relaxing few hours, or an evening of neighborly fishing.

And usually they catch fish!

**NOON  
by the Chapel Clock**

One . . . two . . . three.

Four years Connie and I have listened to that deep, resonant chime counting off the hours of our college days. Sometimes it was just part of the setting at State — like the Commons, and the Quad, and Moonlight Walk. But often it called us to high moments of worship and thought and prayer.

Four . . . five . . . six.

Today we pause, and count! Exams are over. Trunks are packed. Books are on their way back to the Library. Tomorrow — Commencement.

Seven . . . eight . . . nine.

Again we're reading each other's thoughts. Let's walk once more through that graceful arch, hand-in-hand and smiling. Let's kneel together in the sacred stillness, breathing our thanks . . . our hopes . . . our needs . . . our dreams. For life and love await us. And these we will share with God! It is Noon by the Chapel Clock.

**THE CHURCH FOR ALL • ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**HEADS WINNING BAND** — Pete Cisneros, former Ozonan, son of Mr. and Mrs. Reyes Cisneros of Ozona, is the toast of Pharr-San Juan-Alamo High School, in the Texas Valley, after the big varsity band, under his baton, had completed one of the most successful years in the school's history. The band, under Cisneros' direction the last two years, climaxed a long list of wins through the past year by winning Sweepstakes Trophy in its last contest of the year at Brownsville. The PSJA band was awarded a first division in concert playing and in sight reading and took the Sweepstakes Trophy for winning the highest rating in concert playing, sight reading and marching. The last time a PSJA band received this honor was in 1949. Pete is a graduate of Ozona High School and of Sul Ross State College.

**Crockett Prospect To Try Completion; Final Gulf Pumper**

C. L. Norsworthy, Jr., Dallas, was waiting on cement after setting 4 1/2-inch casing at 8,508 feet, at the No. 1 C. T. Harris, in 3-HH-L & SV, Crockett County Pennsylvania detrital prospect, 10 miles northeast of Iraan and six miles west of the Escondido (Pennsylvanian, Fusselman and Ellenburger) field.

An Ellenburger failure, it was drilled to 10,075 feet and plugged back to 8,515 feet.

Production was indicated with the flowing of oil at the estimated rate of 50 barrels per hour and the reversing out of a full string of oil on a drillstem test between 8,380-8,410 feet.

The Midway Lane multiphase field of Crockett County gained its fourth 1,050-foot sand producer and a 3/4-mile south extension to that pay with completion of Gulf Oil Corp. No. 12 Chambers County, 13 miles northwest of Ozona, for a daily pumping potential of 7 barrels of 24.2 gravity oil, plus 72 per cent water.

Production was through perforations between 1,040-42 feet, which had been acidized with 500 gallons.

Location is 990 feet from the north and 1,732 feet from the west lines of the southwest quarter of Chambers County School Land No. 4, Abst. 1689.

**Fields To Get BA At Tech; To Enter Graduate School**

Tom Fields, son of Mr. and Mrs. A. O. Fields of Ozona, will receive the Bachelor of Arts degree in Psychology from Texas Tech at graduation exercises at the Lubbock institution Saturday night, May 29.

Young Fields plans to enter graduate school immediately to pursue his studies toward the Master's degree, planning on reaching a Ph. D., after which he will enter experimental research and university teaching.

In his four years on the Tech campus, he has been active in student affairs. During his freshman year he served the Baptist Student Union as athletic

chairman. In the same year he pledged and was accepted for membership in the National Service Fraternity, Alpha Phi Omega.

During his sophomore year he worked actively in the Young Democrats organization. He was accepted for membership in the National Honorary Psychology Fraternity, Psi Chi. In his junior year he served Psi Chi as program chairman and also served on the council of the Presbyterian Union.

As a Senior, Tom was elected President of Psi Chi and was nominated for a National Space & Aeronautics (NASA) Fellowship.

As evidence of his high scholastic attainments, during his four years as a student at Texas Tech, he was on the Dean's Honor List for three of them.

**Woman's Club Has Luncheon, Program In Final Meeting**

Ozona Woman's Club met in the home of Mrs. John Henderson Saturday, May 22. Members and guests were served hors d'ouvres by Mrs. Henderson and Mrs. B. B. Ingham.

Mrs. L. B. Cox, Jr., discussed the different types of architecture and events that led to the development of each type. She especially stressed the colonial, showing the features in Mrs. Henderson's home as a typical colonial home. Spanish-Mexican and the western American home architecture were also described. Club members next went to Mrs. Cox's home where she was assisted by Mrs. Stephen Perner in serving a salad luncheon.

Mrs. Ted White, the club president, presided at a business session. She read her report to the district. The club voted to have the name of the late Mrs. A. C. Hoover, a long time member of the club, placed in the Golden Book in State Federation Headquarters in Austin.

A game night will be sponsored by the Club during the summer as a means of raising funds toward paying for the piano in the new civic center.

Following the business session a musical program was enjoyed by the membership. Piano numbers were given by Mrs. Buddy Phillips of the Woman's League; Mrs. Bill Black, Mrs. J. C. Schroeder gave a vocal selection, accompanied by Miss Cleona Quiett, Judy Barber, Kathy Lynn Russell, Barbara Kirby and Mrs. L. B. Cox, III, from the Woman's Forum played piano numbers. Two choral numbers were given by Betty and Diane Henderson, Cynthia Harrell, Judy Barber and Kathy Russell.

Eighteen members and two guests, Mrs. John Fussell and Miss Louise Sims, attended the luncheon. Other guests for the program were Mrs. M. A. Barber, Mrs. Buddy Russell, Mrs. Walter Black, Mrs. R. A.

**HIGHLIGHTS AND SIDELIGHTS**

**From Your State Capitol**

Austin, Texas — Tabulation of the activities of the Texas Legislature reveals that the current body has produced more new laws than any of its predecessors.

This is a remarkable achievement in view of the pressing time-taking demands of redistricting and increased spending, as well as the controversy on raising the pay of teachers and increasing taxes.

Redistricting — State lawmakers have faced up to their most painful job of the session — legislative redistricting.

In a tension-charged atmosphere, senators performed self-surgery (under federal court order) which is effect will cut off seven rural incumbents and transfer their places to major population centers.

Somewhat more peacefully, the House placed the heads of 16 of its members on the chopping block.

Under the Senate plan, 13 incumbents will be jammed into six districts.

House bill would give Harris County 19 representatives; Dallas 14; Bexar 10; Tarrant eight and El Paso five, or a total of 56

Harrell, Mrs. John R. Huncutt, Mrs. Sam Perner, Mrs. Dick Henderson and Mrs. Worth Odum.

of the House's 150 seats. Oil Allowable Up Little — Railroad Commission decided state oil production should be held to 28.1 per cent of potential during the next month.

That would set the June allowable at 2,900,000 barrels daily. May production, under 27.2 per cent order, was maximum of 2,800,000.

**5-YEAR/50,000-MILE WARRANTY**  
Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings. REQUIRED MAINTENANCE: The following maintenance services are required under the warranty — change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.
