SCHOOL CHORAL TO

THE LION'S ROAR

PUBLISHED BY STUDENTS OF THE JOURNALISM DEPT.—OZONA HIGH SCHOOL

THE LIONS STAFF

LANA KAY ALFORD, Sr. CONNIE BRADFORD, Jr. LYNN COX. Sr. HELEN HAYES, Sr. CELIA HOUSTON, Sr. DAVID LEWIS, Sr. KATHY MCALISTER, Jr. JACQUE MEADOWS, Sr. VICKI LYNN MONT-GOMERY, Sr. PON SEAHORN, Sr.

EDITORIAL!

By Lynn Cox

Each year the Freshmen are officially initiated into Ozona High School during Freshmen Week. For two and one-half days, the "fish" are bought by and become pro-

perty of upper classmen.

During this period, anyone passing by OHS might hear "air raid", "satellite," or see students on their hands and knees on the ground, or gazing into the sky. A "fish" may be called upon to sing the school song or give a big cheer for the class of his master. However, all the giving and receiving of commands is done in the proper school spirit under the careful watch of the faculty. Restrictions have been set to prevent hazing or bodily harm. No one is allowed to "get even" for personal grudges or individual reasons. Everything is to be done

F'reshmen Week is one of the highlights of the school year at OHS. Besides being all fun and excitement, these eventful days should ring the "fish" to some serious thinking. He must realize that he has an unwritten responsibility to OHS to study hard, participate in school functions, and support the Lions. By Janet McAlister and Because he is now a part of Connie Bradford OHS, his duty is to make his school proud of him.

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

Industrial development . . . successful achievement

WTU area development representatives are available to assist growth-conscious communities in planning economic development programs

Not long ago WTU published an ad about the \$1,300,000 improvement program in the West Texas community of Stamford. As we stated then, it was done for the purpose of "improving the chances of continued economic growth and attraction of new industry." And . . . industry responded! Today a well - known maker of women's and girls' apparel and sportswear is thriving in Stamford, with an annual payroll approaching \$300,000. Selling its products all over the Nation, Stamford's new industry has almost tripled its employment in 18 months. In actual fact, here is a PATTERN FOR PROGRESS . . . a picture of successful achievement. Growth - conscious towns are invited to contact their local WTU manager for assistance from our area development representatives.

This takes nerve! Imagine dropping into space with nothing but a "silk umbrella" between you and eternity! Yet men do it every day, and they trust that umbrella as we would trust our best friend.

Faith is something like that white parachute, as thousands upon thousands of Christians can testify. Faith upholds you and supports you, no matter how rough the going may be. Without faith in a loving God, man is very much alone . . . and man was never meant to deal with life's problems by himself.

Like the first parachute jump, faith isn't easy at the beginning. It takes courage to hand over the reins of one's life, but you can be sure of one thing . . . you'll always land on your feet. Strengthen your faith by attending the church of your choice.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
