Kitty's Korner By Kitty Montgomery

Snow and ice arrived a long with the out-of-town visitors for the annual basketball tournament.

Most of the young basketball fans and half of the adults are suffering from bad colds attributed to the heat in the stands.

Another problem is parking, I sat in my car 30 minutes Saturday night waiting to drive home and there were out-of-towners behind me.

Speaking of basketball, some of the old has-beens played some of the younger has-beens Sunday afternoon and got clobbered.

I was quite shocked several weeks ago when watching a net work newscast showing U. S. soldiers clearing out a Viet Cong stronghold.

Holiday Terrace Apartments, recently completed multi-apartment complex at Eleventh Street and Avenue J in west Ozona, will observe open house next Sunday.

With the cream of our youth crop fighting and dying daily in Viet Nam, how long can our government condone this giving of aid and comfort to the enemy?

How long are we going to drain the youth of America in wars we obviously have no intention of winning?

Hilary B. Doran, Jr.

Del Rioan Seeks Office Of State Representative

Hilary B. Doran, Jr., of Del Rio, officially announced that he would seek election to the Texas House of Representatives in the Democratic primary on May 7.

The Redistricting Act passed by the 59th Legislature resulted in a considerable shifting of district boundaries, and as a result District 65 is one of the largest legislative districts, comprising the nine (9) counties of Concho, Sutton, Crockett, Edwards, Schleicher, Menard, Kinney, Maverick and Val Verde for the 1966 election.

"I greatly appreciate the friendships which I have established in the counties in this district, and I am looking forward to meeting many others during my campaign."

Born into a pioneer West Texas family in Val Verde County, Doran is now active in the practice of law in that area.

Doran received a Bachelor of Arts degree with his major field in government from Southwest Texas State College in San Marcos. He served in the United States Air Force for four years at which time he saw overseas service in Japan for 3 1/2 years. He is presently a Captain in the United States Air (Continued on Last Page)

Observe Open House Sunday at New Apartments

Holiday Terrace Apartments, recently completed multi-apartment complex at Eleventh Street and Avenue J in west Ozona, will observe open house next Sunday, January 30, W. H. Whitaker, manager of South Texas Lumber Co. of Ozona, builders and owners of the apartments, announced.

The two-story L-shaped building has 14 apartment units, some furnished and some unfurnished. All have completely electrical kitchens including frigidaire refrigerators and stoves, dish washers and disposal units. All are carpeted wall to wall and all have refrigerated air conditioning and center heat.

"We want Ozonans to see the elegant housing we are offering," Mr. Whitaker said in announcing Sunday's open house from 2 to 6 p. m. Refreshments will be served and all units in the apartment will be open for inspection.

Big Lake Edges Ozona Lions For Tourney Title

The Big Lake Owls edged the Lions 45-44 to win the 35th Ozona Invitational Tournament last Saturday night in packed Davidson Memorial Gymnasium. The championship affair was a thrilling struggle right down to the final buzzer when the potential winning basket from ten feet out rimmed the bucket as the game ended.

Earlier in the evening the Sonora Broncos beat Van Horn 70-64 for the third place trophy, and Eldorado trimmed Norton 76-63 for the consolation title. The Sonora and Eldorado wins enabled District 8A teams to grab all four of the tournament trophies — a strong indication of the caliber of play in the league.

Large crowds witnessed the semi-final clashes on Saturday afternoon and saw Big Lake trim Sonora 42-34 and Ozona trounce Van Horn 63-56.

Ozona had advanced to the semi-final with wins over Miles (58-29) and Sanderson (61-25). The Owls had beaten Mertzon (44-38) and Rockspring (66-54).

In the championship game, Ozona held a 22-20 lead at halftime and the score was knotted at 34-34 at the three (Continued on Page Five)

No Damage From Fire Here Sunday

A fire at mid-afternoon Sunday in the 200 blk. of Ave. G was extinguished by fireman without putting the trucks in service.

Firemen were called out when a leaking hose on a space heater caught fire. The fire was out in a matter of minutes after their arrival and no damage was suffered as a result of the fire.

Ramirez Enters Race For Prec. 4 Commissioner

Alfonso (Al) Ramirez, business man and lifetime resident of Ozona, this week announced his candidacy for County Commissioner from Precinct 4.

Born and reared in Ozona, Ramirez has worked with and for the people of Ozona all his life and in his announcement for office, declared that he would like the opportunity of serving the people of Precinct 4 and the county as a whole.

Mr. and Mrs. Ramirez have three daughters of school age. They operate a grocery store here. They are active in civic clubs, Ramirez belonging to South Side Lions Club, the PTA and the GI Forum.

"I would be honored to serve the people of Crockett county and of Precinct 4," Ramirez said in a prepared announcement statement.

"I will devote my time and ability in serving you as your commissioner if elected. With your support I will approach the job with an open mind in serving your needs. I will try to see each of you before the primary election on May 7."

Mothers March Set For Sunday Afternoon Here

Mrs. Vic Montgomery, Chairman of the Crockett County March of Dimes, expressed her appreciation this week for the wholehearted response given by the business firms of Ozona in donating to the 1966 campaign.

The Mother's March will be held Sunday, January 30. Mothers and other interested persons are asked to meet at the Hiway Cafe at 2:15 Sunday afternoon. Sections of the city will be assigned at that time. Mrs. Montgomery expressed her gratitude to the clubs of Ozona whose members have volunteered to take part in the March. She also stated that any other volunteers would be most welcome.

The March of Dimes is supporting the largest national non-governmental scientific research program in birth defects. If the question, "Why did it happen to my baby?" has never been asked in your home, give thanks, and give to the Marching Mother this coming Sunday afternoon.

Diaz Announces For Commission From Precinct 4

Bekie Diaz, a resident of Ozona 36 years, this week authorized announcement of his candidacy for the office of County Commissioner from Precinct 4, Crockett county.

Diaz, employed as linotype operator and printer at the Stockman office the past 17 years, attended Ozona Public Schools and served 13 months in the U. S. Army with the occupation forces in Japan just at the close of World War II.

He is a member of the South Side Lions Club, serving as treasurer of that organization, and is president of the South Elementary Parent-Teachers Association. He is married and the father of two high school age children, Humberto and Alicia.

Diaz is a member and leader in the Assembly of God Church here, serving as deacon, secretary-treasurer and co-pastor of the church, as well as teaching a Sunday School class. He has served the past three years as Sunday School Representative from the San Angelo Section of the church.

"I have made no promises and am under obligation to no group or organization," Diaz said in launching his candidacy. "The only promise I will make is to do my best to serve all the people, both of the precinct and the county as a whole, if I am elected. I will work with other members of the court and other county officials in promoting the best interests of the county in every way I can. I will appreciate the support of everyone."

RIFLE CLUB MEETS

Harold Farmer, president of the Ozona Rifle Club, announced that there will be a meeting Friday night at 7:30 at the Chamber of Commerce building.

All members and others interested in becoming members are urged to attend.

Miss Gracie Chandler who attends Texas Tech, spent the between semesters holiday with her uncle and aunt Mr. and Mrs. Carl Colwick in Stephenville.

Move Launched To Extend Water Dist. Boundaries

First move toward extending the boundaries of the Crockett County Water Control and Improvement District No. 1 to include residential areas which have developed outside the original boundaries of the District since its creation in 1940 has been launched by the board of directors of the district.

Extension of the boundaries will require a double-barreled election, one among residents of areas to be taken in by the boundary extension to determine whether or not they want to be included in the district, and another among residents within the present district to determine whether or not they agree to taking in the new territory.

The district's board of directors is taking first steps in this cumbersome process in response to overtures from a number of property owners adjacent to the district who are presently being served by the district but failing to enjoy the lower fire insurance rates granted on property within the district's boundaries.

When the water district was created in 1940, it outlined the then boundary extremes of Ozona's residential areas. A growing population since that time has forced expansion of residential areas beyond the original boundaries. Such areas which have developed into sizeable residential sections include Chandler Heights on the west, Henderson Heights on the north, including the Crockett County Hospital and the new civic center, as well as many residences, and the Couch addition between these two areas.

Although all adjacent residential areas are being served by the district, and fire protection is available, Insurance Commission regulations set a higher insurance rate on property outside the boundaries of the water district. For this reason, many property owners outside the district have requested action by the board toward the extension.

Carl Conklin Candidate For County Judge

Carl Conklin this week announced his candidacy for the position of Crockett County Judge in the coming elections.

Conklin, born and reared in Ozona, is a graduate of Ozona High School and Texas A&M University. He has engaged in the ranching business since his graduation from A&M.

He has always been interested in the youth of the county and active in youth programs. A former Boy Scout Master, Conklin, has spent a great deal of time in 4-H work and contributed leadership in the club's programs. Last year he was winner of the Outstanding 4-H Adult Leader Award for this district.

A member of the Methodist Church Board of Stewards, he is chairman of the youth division and teaches a Sunday School Class. He is also sponsor of Senior High MYF of the church.

19th Annual 4-H Livestock Show Slated Saturday

The Nineteenth Annual Crockett County 4-H Livestock Show will be held on Saturday, January 29th with forty-seven 4-H members exhibiting over 200 head of livestock.

Judging of the show gets underway at 9:00 a. m. when Gene Shurley of Sonora starts placing the Quarter Horse classes. Angora Goat classes will be judged by Jim Carpenter and all breeding cattle, sheep and fat lambs will be placed by O. F. West, county agent from Garden City.

The strongest competition in the show will come in the commercial fat lamb classes where 43 4-H members will exhibit 175 finewool and crossbred fat lambs.

A benefit barbecue will be served at noon with 4-H members selling tickets until serving time. The 4-H Mother's Club will operate the concession stand all day during the show.

Presentation of awards at 2:30 p. m. to the winners, followed by an auction sale of fat lambs at 3:00 p. m. is part of the day's schedule. Joe B. Chapman and Byron Williams will be the auctioneers.

Show superintendents will be Carl Conklin and George (Continued on Last Page)

Tom Montgomery Seeks Precinct 2 Commission Post

Tom Montgomery announced his candidacy for Commissioner of Precinct 2 this week.

Montgomery, a lifetime Ozona resident, attended public schools here until his senior year in high school when he attended Shreiner Institute in Kerrville. Upon graduation he enrolled in Texas Tech. at Lubbock and attended a year before enlisting in the armed forces. During and after World War II, he served in the Tank Corps of the 7th Division in Korea and Japan. He was a tank commander and discharged with the rank of staff sergeant. After his discharge, Montgomery attended Texas Christian University in Fort Worth for two years before engaging in the ranching business.

He ranches in the Pumpville area 12 years before joining the American National Insurance Co. as Southwestern Texas representative a year and a half ago. Before being with the company a year, he was one of eight agents in Texas to qualify for an expense paid trip to the home office in Galveston. He has qualified for the National Convention to be held in Washington D. C. next May. He has consistently been Man of the Month in the San Angelo agency to which he is attached.

Crockett County voters are reminded that poll tax receipt is still needed in order to vote in the coming elections for 1966. Through Tuesday of this week only 662 poll tax receipts had been issued, according to Mrs. Gertrude Perry, assistant tax assessor - collector. Deadline for paying poll tax is January 31.

Persons 21 years of age or under at present who expect to get their free vote must obtain an exemption certificate. Persons 60 years of age or over do not have to apply for an exemption certificate in Crockett County since the population is under 10,000. In counties of 10,000 or more population, persons 60 and over must have an exemption certificate.

Payment of poll taxes for federal elections is no longer required, but poll tax payments for state and local elections are still necessary. All statewide officials, the Governor, the Lt. Governor, the Attorney General, the Justice of the Supreme Court one of the three judges of the State Court of Criminal Appeals, the State Comptroller, the State Treasurer, the Agriculture Commissioner, the Land Commissioner and one of the three members of the Railroad Commission are to be elected in 1966. In addition to these offices, due to the redistricting accomplished by the 59th Texas Legislature, all seats in the Texas Senate and House of Representatives will be up for election during the primaries and general election of 1966. In addition to these offices many Crockett County offices must be filled this year.

Failure to pay the poll tax before the January 31st deadline will disenfranchise any voter from participating in the election of state, district and county officials.

Lions Remain At Top of Heap with Win Over Braves

The Ozona Lions beat a stubborn Iraan team Tuesday night 35-32 and maintained a perfect 4-0 West Zone record. The win kept the Lions one game ahead of the Big Lake Owls, ahead have a 3-1 record. Tomorrow night the Lions will host the Sanderson Eagles as they begin the second round of zone competition.

Using their good defensive game, Ozona held a 7 point edge at halftime and held on for the 3 point win. Hitting only 29% from the field, Ozona was paced by Win Saunders with 14 points. David Wilson had 14 for the Braves.

In the B-Team match, Iraan came away with a 45-35 win.

The Ozona Lionettes lost to the Iraan Fems 45-33 as Brave forward Suzy Smithson scored 22 points. Margie Carnes managed 17 points to lead the Lionette attack. The Lionettes will host the Sanderson sextet tomorrow night in a game preceding the boys' game.

JUSTICE AND THE LAW

You'd think that anyone taking liberties with laws governing sedition, treason, violation of State Department travel and passport rules, and negotiations with foreign powers would be in trouble, wouldn't you?

Well, that might have been so once upon a time, but today our Justice Department isn't sure. It seems that you just can't make a snap judgment on such things because, after all, we have to think in terms of free speech and travel. And then there's the difficulty of proving that the people concerned really committed any "overt acts." Then, too, there's the United States Supreme Court to think about.

Unfortunately, we are not talking about a hypothetical case, but one in which three "fact-finders" made an unauthorized trip to North Vietnam where they met with Vietnamese Premier, Pham Van Dong, and representatives of the enemy Viet Cong. The three characters who displayed all this gall were Herbert Aptheker, high in the councils of the Communist Party of this country, a Yale professor, Staughton Lynd, and one Thomas Hayden, active in student riots in this country.

The three, appropriately, made a stopover at Moscow on returning from their meeting with the men who are killing American GIs and their statements criticizing American policy were, of course, well received by their Communist hosts, and broadcast around the world. It is significant that one of their first casts was to get off a message to Senator Fulbright, like them a critic of a firm policy in Viet Nam.

SAVE IT FOR UNCLE

If you were among the lucky people who took home a Christmas bonus check or some other holiday windfall, you probably know just how you're going to spend it. We don't like to be a kill-joy, but we think you should delay your plans and stash it away until April 15. The chances are you're going to need it to settle up with the Internal Revenue Service.

There's general agreement that most people are going to be unpleasantly surprised this year when they figure out that they have to pay Uncle even more than they did last year. The reason is, you now have to pay for such things as higher benefits for the old folks at home liberally voted by the politicians just before last election. So, lay it aside brother, or arrange to see that friendly man at the personal loan department of your bank.

Of course increases in social security and medicare are only two of the reasons why more and more of your salary is sliced off for federal, state and local taxes. Today, government is our biggest industry, by far, with 12.7 million Americans, one in six, on a government payroll. Obviously they don't work for nothing and in the course of their activities the year spending almost twice the 97.2 billion that was spent by the government a decade ago.

Nalesniki Z Jablkami
For a delightfully different dessert, try these pancakes baked with apple filling from Poland. There are other recipes for Nalesniki Z Jablkami (the Polish name for the dessert) but ours is the easy one and just as good.
1 package of golden yellow cake mix
2 eggs plus enough water to measure 2 3/4 cups
3 cups (4 medium' shredded apples
1/4 cup sugar
1/4 teaspoon cinnamon
1/2 cup melted butter
1/2 cup sugar
1/2 cup bread crumbs
Place cake mix in large mixing bowl. Break eggs into glass measuring cup and add enough water to measure 1 cup; add to mix. Measure an additional 1 3/4 cups water and add to mix, stir only to blend. (Do not use electric

mixer.
Melt 1 teaspoon butter in heavy 7-inch frying pan. Pour about 1/2 cup batter into hot frying pan, tilting pan to cover surface. Fry pancakes until golden brown on each side, using a small amount of butter for frying each. Set pancakes aside until ready to fill.
In medium-sized mixing bowl combine apples, 1/4 cup sugar and cinnamon. Fill each pancake with about 2 tablespoons apple mixture and roll up. Place closely together in buttered 13x9x2-inch pan and brush with melted butter. Sprinkle with mixture of 1/2 cup sugar and bread crumbs. Bake at 375 degrees for 25 to 30 minutes. Serve warm or cold. Makes 10 to 12 pancakes.

TIPS FOR OUTDOORSMEN

by Vern Sanford

Easy plucking — Ducks are hard to pick clean. So, when plucking your birds, ease the job by using an ordinary rubber stall on your finger. Stall helps in gripping the little feathers and inner down.

They may be purchased at most any drug store.

Watch a duck's head — Stalking ducks on ponds and farm tanks is a popular Texas sport. However, ducks are wary critters and you must be careful and sly when creeping up on them. Otherwise they'll flush prematurely.

There is one sure way for you to determine when's the last minute to rise and shoot. A duck — when it's ready

to "take-off" — will jerk its head rapidly back and forth.

Improvised Ramrod — any sportsman who has done much hunting has been caught in the woods when he needed a ramrod and didn't have any.

You can make an improvised ramrod by cutting a straight sapling about 18 inches longer than your gun barrel. Whittle this down until it's slim enough to run through the bore. Then split one end and insert a piece of rag, such as a handkerchief, to serve as a swab.

Bag for 22's — Two objections to 22's is the way the box disintegrates in your pocket and the difficulty one has in returning unfired

loads to the box. There seem to be twice as many cartridges to put back than you took out.

Eliminate both these nuisances by emptying the entire box of cartridges into a zippered tobacco pouch.

Such a container is pocket-size, spillproof and waterproof.

Marking your deer — A deer hunter often is faced with the job of getting his kill back to camp before nightfall. Usually this occurs when hunting quite some distance from camp.

It is much better not to try to lug the kill in after dark. Leave it where it lies. But protect the carcass from being molested by predators by tying your bandana around an antler prong.

Human scent on the hands will keep away other wild animals.

Avoid breaking Firing Pins — To avoid breaking the firing pin, when dry firing your handgun, replace the primers in six empty shells with a tight-fitting piece of leather

Two More Gas Discoveries In Crockett Fields

Delta Drilling Co., Tyler, and Pauley Petroleum Inc., Los Angeles, No. 1 McMullan, Crockett County recent Strawn gas discovery, 10 miles southeast of Ozona and 2 7/8 miles northeast of the Joe "T" (Strawn and Canyon) field, has been dually completed from the Canyon.

It was finalized for a calculated, absolute open flow of 545,000 cubic feet of gas per day through perforations 7,488 to 8,237 feet, which had been acidized with 4,000 gallons and fractured with 75,000 gallons.

It was finalized Dec. 27 from the Strawn for a calculated, absolute open flow of 6.4 million cubic feet of gas per day through perforations between primer pockets.

This cushions the blow of the firing pin.

tween 9,048-62 feet and 9,129-39 feet, which had been acidized with 10,000 gallons and fractured with an unreported amount.

Drilled to 10,001 feet, 5 1/2-inch casing was set at 9,249 feet.

Location is 660 feet from the south and 860 feet from the west lines of 3-F-GC&SF.

The Davidson Ranch (de-trital, Pennsylvanian and Canyon gas) field of Crockett County gained its third Canyon producer and a 2 1/4 miles south extension with completion of Delta Drilling Co. and Pauley Petroleum Inc. No. 1 Meybin, six miles southeast of Ozona, for a calculated, absolute open flow of 1,159,000 cubic feet of gas per day.

Production was through perforations between 7,844-8,041 feet, which had been fractured with 130,000 gallons and 175,000 pounds.

Location is 860 feet from the north and 660 feet from the west lines of 15-KL-GC&SF.

Monsanto Co, Midland, No.

1 Todd, in 15-WX-GC&SF, Crockett County 7,300-foot Ellenburger wildcat 3 1/2 miles west of Ellenburger production in the Todd Deep multipay field, recovered 1,446 feet of heavily oil and gas-cut mud, estimated to be 15 per cent oil, and 1,620 feet of salt water on a drillstem test in an unidentified formation.

Tool was opened one hour on the test taken between 5,988-6,027 feet.

The project was shut, in waiting for orders.

If there's one thing that raises the hackles of a trotline fisherman it is for someone to comment that his sport requires no skill.

"No skill" one trotliner snorted at a challenger. "Well, then I'd like to know why one man catches 'cats' consistently while others don't?"

This is a logical question and one that can be answered simply. It does require skill to catch fish on a trotline, particularly the finicky flathead, more commonly known in Texas as the yellow catfish.

Now, as trotline fishermen will tell you, there are catfish and there are catfish. In one category is the channel cat, the blue cat, and the bullhead cat. In the other, all by its loonsome, is the yellow cat.

Cats Hard To Catch
People who know will tell you it takes more know-how, more patience and more understanding of your quarry to take a trophy yellow catfish than it does a jumbo black bass.

Bass fishermen undoubtedly will take issue with that. But let's call in Bobby Mezger and listen to his views. Bobby has caught his share of both big cats and big bass. First off, it might be well to explain a little about Bobby Mezger and his background. He lives on the banks of Granite Shoals (Lyndon B. Johnson) Lake in Central Texas. There he runs a fishing camp and a large cattle ranch. He was born and reared on the shore of the Colorado River before the big dam was built to impound waters of Granite Shoals Lake. He's been fishing longer than he can recall.

Mezger's hobby is fishing, and he's very good at it. He consistently catches five-pound bass, and frequently comes in with a huge yellow catfish that goes better than 30 pounds.

"Yes," Mezger said. "It is much more difficult to catch a big yellow cat than it is a big bass."

I asked him how that could be? "Well," he went on, "for one thing, there are more large bass in a lake like Granite Shoals than there are big yellow catfish. For another, big bass are apt to be scattered all over the lake, while the big cats are very restrictive in their movements. A bass might hit a lure for some other motivation besides hunger. Maybe he is just mad. But a yellow cat — he's got to be hungry before you'll get him to take your bait."

Must Know Where to Fish
Mezger's record on big yellow catfish is remarkable. Every year he catches in the vicinity of 50 yellows that will weigh better than five pounds apiece. He sums his success up briefly: "Knowing where to fish and staying with it almost every day."

There is more to it, of course. But Bobby considers these the most pertinent

points. He remembers how the lay of the land looked before the topography disappeared under the lake. Realizing that yellow cats like gravel and sandy bottoms and ledges and rocks to get beneath and spawn, Bobby places his trotlines in such places, knows that's where the yellow catfish hang out.

"Yellows seem to follow fairly well defined trails along a lake floor," he said. "You can have a trotline out and catch yellow cats on one or two hooks and no others. You'll take the yellows every time just on these hooks. You might catch channel catfish anywhere on a line, but not a yellow cat."

Yellows Like Live Bait
Bobby also pointed out that yellow catfish like fresh natural bait. Something alive is best.

A yellow likes a large sunfish (perch) or a carp, something that will remain alive and active on a line. On rare occasions a yellow might be taken on dead bait. But only if it is fresh! Once it gets an odor, a yellow won't have anything to do with it. "I've put a carp on a hook and left it in the lake for maybe a week before I'd get a yellow to take it," Bobby added. "You can't hurry an old yellow cat. You've got to play the game his way."

Yellow catfish not only have baffled fishermen down through the years, but also have proven to be some sort of a mystery to aquatic biologists. Texas Parks and Wildlife Commission has been trying to successfully raise yellow cats in captivity, but they've enjoyed only moderate success.

First, they had trouble getting the yellow cats to mate in holding ponds. They found you can't simply pick out a pair of yellows, a male and female, and expect them to mate.

A yellow cat must choose his own mate. Once paired up, they are reluctant to use the artificial spawning boxes constructed for them.

Finally, at long last, the biologists did get some offspring, only to ruefully discover that they couldn't induce the young to eat.

Yes, this yellow catfish is a strange one.

quarter mark. Training 45-44, Ozona intercepted an Owl pass with eight seconds remaining and worked the ball in for the one last shot, which brought the Ozona fans to their feet. Carson led the Lion attack with 13 points and Win Saunders and George Cox added 10 each. Cox, along with Carson, was named to the 11-man All-Tournament Team.

Playing their best ball of the season, the Lions met a fast, good shooting Van Horn 5 in the semi-final round. With 6'1" David Jacoby hitting 9 buckets for 18 points, Cox racking up 17 points, and Carson adding 4 buckets from the outside, Ozona forced the scrappy Eagles to slow down and play a more deliberate style game and came away with a 13 point victory. Van Horn had racked up 95 points in a win over Junction and 78 in a second round clash with ACHS.

Big Lake bounced Sonora 42-34, with McCreavy again pacing the Owl attack. The Owl win was the third time Big Lake had stopped Sonora 8A East Zone favorite.

Named to the All-Tournament Team were Micky

Wann, Rocksprings; Danny Halbert, Eldorado; Billy Carson, Ozona; Leon Jansa, Norton; Richard Carrillo, Van Horn; George Cox, Ozona; Don Childs, Big Lake; Laney Cook, Sonora; James Campbell, ACHS; Bobby Menchaca, Christoval; and Richard "Bum" McCreavy (Outstanding Player) Big Lake.

First round results were Big Lake 44 — Mertzton 38; Rocksprings 59 — Iraan 50; Sonora 82 — Norton 59; Christoval 67 — Ozona B 43; ACHS 49; Eldorado 46; Van Horn 95 — Junction 92; Sanderson 37 — Wall 33; and Ozona 58 — Miles 29.

In second round of championship play, Ozona beat Sanderson 61 to 25; Van Horn waxed ACHS 78 to 62; Sonora took Christoval 71 to 58; and Big Lake topped Rocksprings 66 to 54.

In second round of consolation play, it was Norton 57, Ozona B 36; Eldorado 77, Junction 38; Miles 49, Wall 42; and Norton 46, Iraan 43. Eldorado then advanced to consolation finals with a 69-39 win over Miles and Norton gained a final berth by stopping Iraan 67-55.

Three tournament records were broken or tied in the tourney. Leon Jansa of Norton sank 13 free throws in

one game, equalling the record held by George Johnson of Sonora (1957). The Norton 5 made 41 free shots in one game and broke the mark of 26 set last year by the Big Lake B. The 187 points scored in the Van Horn (95) Junction (92) clash easily broke the 155 total of ACHS and Christoval set last year.

The Ozona vs Big Lake clash was the third time the two teams have met this season. The Owls won the first 39-37 and the Lions won 29-28 prior to the one point win by Big Lake in the tourney. Currently Ozona leads District 8A (West Zone) by one game over Big Lake but will have to win in Big Lake to take the Zone title. An Owl win probably would set up a playoff game.

Mr. and Mrs. Pierce Miller, both students at TCU in Fort Worth, will be among TCU students making the University's annual "Snowball Special" ski trip to Winter Park, Colo., as a between-semester break. The party was to have left Fort Worth Jan. 26. Miller is the son of Mr. and Mrs. Eugene Miller of Ozona and she the daughter of Mr. and Mrs. Jack Baggett of Ozona.

YOUNGSTER TEAMSTERS PULL PRANKSTERS

By David Lewis

It all started with the housing of the boys in our tournament. Many of the towns people were keeping boys during our tournament, and my family was no exception, it was just that my two boys were — well, different.

The short one was the nicest, he being a little on the lean side with a physique like a tooth pick. The other boy acted like a preacher's kid who had stumbled into a harem, and he strongly resembled a large Orangutan. Both boys acted fairly civilized until I was driving them to my house to put up their clothes, when we saw a girl walking down the street, and they started to drool. Right then I knew it was going to be one of those weekends.

After working in the concession stand, I was tired and decided to take a nap, which was rudely awakened by my companions as they stuffed snow down my back. I tramped into the kitchen to get something to eat, and found out why they were rolling on the floor. It was not from laughing too hard, but because they couldn't stand up — they had cleaned out a months supply of food. It seemed they had bottomless pits for stomachs.

I watched the game that night and left a little early in hopes I might get away without my dependents — in vain. They had already taken my car for a few spins, and waved happily as they sped past me hanging gears. I hitched a ride home, seeking refuge in my room. I crawled into bed, and quickly crawled back out, as the broken cracker crumbs so generously scattered under the covers didn't feel so good.

I was awakened in the morning at some unearthly hour by the doorbell ringing furiously. It was the boy's coach. It seems as if the boys had planned on me waking them up instead of using their alarm clock in order to go get breakfast with their coach.

Their team lost their second game that morning, and I heard their coach remark that they were going home if the roads weren't frozen. This was my last chance. I got all my friends together, and we spent the morning doing a sundance, which worked, I might add.

As my boarders' bus sped away, I breathed a sigh of relief and drove away from the gym, peering through the smoke that was billowing from the car bomb that had been left behind by my friends.

LIONS CAPTURE SECOND IN HOME TOURNEY

By Pon Seahorn

The 35th Annual Ozona Invitational Basketball Tournament came to a near photo finish end last Saturday night when the Big Lake Owls slipped by the Ozona Lions 45-44 in the championship bout. Billy Carson led the Lions with 13 points while Win Saunders and George Cox tallied 10 points each.

The Sonora Broncos beat the Van Horn Eagles out of third place by a score of 701-64. In the Consolation game, Eldordao dropped Norton 73-63.

Two tournament records were broken during the weekend. The high scoring game record was raised when the Van Horn Eagles beat the Junction Eagles 95-92. Norton also set a record for most free throws made in one game.

Boys named to the all-tournament team were Mickey Waunn, Rocksprings; Danny Halbert, Eldorado; Leon Jansa, Norton; Richard Carrillo, Van Horn; Don Childs, Big Lake; Laney Cook, Sonora; James Campbell, Abilene (ACHS); Billy Carson, Ozona; Bobby Manchaca, Christoval; George Cox, Ozona; and Richard McReavey of Big Lake was named outstanding player of the tourney.

HELEN HAYES WINS BETTY CROCKER AWARD

By Lana Alford

Helen Hayes, daughter of Mr. and Mrs. Jerry Hayes, has been announced winner of the Betty Crocker Home-making Award.

Helen is a senior in OHS and is serving as editor of the Lion's Roar. She has been in band all four years of high school, and has been in volleyball for two years.

Mr. Pelto announced Helen as the winner in assembly, Wednesday, January 19. Helen was presented a pin as recognition of her winning. Her test paper will now be sent to the state finals, and the winner of that is sent to the national finals.

When asked of her feelings on winning this award, Helen was quoted as saying, "I was really surprised to receive this honor. I never expected it."

SENIORS TRAVEL TO ASC FOR CAREER DAY PROGRAM

The seniors of 66' took their first trip together on Monday the 24th. They went to Angelo State College for a Career Day sponsored by the Altrusa Club with the cooperation of the college faculty.

The program opened in the main auditorium where the introductions were made by Mrs. Perry Pace, who is on the Vocational Services Committee of the Altrusa Club and where warm welcomes were extended by Mrs. Cynthia Dillon, President of the Altrusans, and Dr. R. M. Cavness, President of ASC.

Other speakers were Dr. Warren Griffin, Registrar at ASC, Dr. O. S. Cauthen, Director of Public Services at ASC, and Mr. Spencer Guimarin, Director of Health Careers of the Texas Hospital Association, Austin, Texas. Also included in the opening program was a panel of college students moderated by Jim Ratcliff, President of the ASC Student Association. The panel spoke on the different phases of college life.

After lunch, meetings were scheduled with consultants. The program included agriculture; models and airline hostesses; barbers and beauticians; businesses; communications and journalism; education; engineering and construction; government; home economics; mechanics; law, social work, and clergy; medicine; science.

The closing assembly presented a panel consisting of Mr. L. W. Keilers, Texas Employment Commission (Moderator) Mr. Curley Hayes, West Texas Utilities Company, and Mr. Spencer Guimarin, Texas Hospital Association. They spoke on the difficulties and opportunities of securing jobs.

SENIORS MEASURED FOR CAPS AND GOWNS

By Celia Houston

The first real step toward graduation was taken Wednesday when the Seniors were measured for their caps and gowns.

As has been done for the last several years, the robes of royal purple were ordered from the E. L. Moore Company of Los Angeles. The traditional Souvenir — Year Tassels will be of purple and gold. A rental fee of \$4.25 is charged and Seniors are urged to bring the money as soon as possible. Checks are preferred and should be made payable to Ozona High School.

Seniors who are not certain as to their completion of credits are advised to order their caps and gowns anyway. If later they find that they will not graduate in May, they are to see Mr. Pelto and their money will be refunded. Deadline for refunds is April 15.

VOLLEYBALL BEGAN JAN. 17TH

By Kathy McAlister

Volleyball practice started Monday, January 17, under the direction of Miss Geneva Knox, girls' physical education teacher.

Thirty six girls turned out, many new faces along with many of the members of last year's teams. However more girls are expected when basketball ends.

Seniors who are trying out are: Jacque Meadows, Jessie Reina, Carol Coates, Fannie Everett, and Barbara Jones. Juniors are: Lenora Farris, Mary Olson, and Kathy McAlister. Sophomores are: Jerri Lynn Morrison, Sharon Janes, Marsha Meadows, Cheryle Jenkins, Pam Sutterfield, Bonnie Glynn, Janet Morris, Ginger Womack, Thelma Lara, Carolyn Leach, and Rosa Arredondo.

Freshman are: Debbie Moore, Connie Biddy, Pat Lucas, Candy Clingan, Irene Jones, Jackie Jones, Sharon Logan, Judy Barber, Nannette Bailey, Simplicia Garza, Chris Clegg, Pat Whitley, Lois Poindexter, Debra Arledge, Mary Ann Arredondo, Marsha Moore, and Kathleen Brownrigg. The managers of the teams are Patty Walker and Peggy Hagelstein.

The B team will travel to Odessa for a tournament Thursday, February 3. The Ozona team will play at 8 a. m. Friday against Colorado City.

WE CAN, TOO, COUNT

By Helen Hayes

Nine days 'til the senior trip! or Two days 'til graduation! That is the drift of the conversation in the halls of OHS when the end of school approaches. At that time, all seniors become mathematical minded.

In fact, the whole student body begin to count days. Only fifteen days 'til school's out. is the magic password in and out of school.

As summer approaches, thoughts turn to vacation plans. The more romantically inclined wishfully plan trips to Europe or some such place. The more realistic students eagerly anticipate swimming, dates all nights in the week, and other things on that order. Some of the students will even attend summer school, which offers an opportunity to meet new people. Last, but not least, some of our senior boys will be entering Ft. Polk University in the near future; which proves that Uncle Sam wants them to have a well-rounded education.

REMEMBER WHEN?

"In the late 1800s families drew lots to see who would wash the dishes. I certainly hope yours doesn't, because there's no need for it. There are so many advantages to the automatic electric dishwasher that I'm sure when you've heard them all you won't be able to argue yourself out of having one. For instance, dishes washed automatically turn out more sanitary than those washed by hand—that's because much hotter water can be used in the machine than on your hands. And the latest dishwashers offer cycles not only for pots and pans but fine china and crystal, also dish breakage is 1/5 that experienced when dishes are done by hand. Best of all, the kitchen stays neat and uncluttered—even after between meal snacks. There are so many advantages to automatic dishwashing, there just isn't room to list them all."

See your electrical appliance dealer and tell your family they can quit drawing lots."

LIONS ROAR
(Continued from Page Six)

ed on my panic, he arrives for a belated date with people who cry, scream, and push each other for a pickle, one little piece of candy, or a coke. One doesn't realize the torment of a Senior brain as it figures the price of five hot dogs, four cokes, and three pieces of candy. The Senior who pops popcorn is apt to receive a minor shock (electric, that is) as he accidentally sticks a finger in a socket while standing in a puddle of coke. One could easily guess what concessions are being offered by the besmattered appearance of the worker's clothing; everything from mayonnaise, mustard, and chili to a melted Tootsie Roll is on the clothes of one unfortunate Senior who works on a shift of an hour and a half.

However, among the gripes and groans, there is the feeling of achievement toward one common goal—the Senior trip! What's a few cuts and bruises to those exciting fun-filled four days in Dallas, which come only days before the grand finale of a Senior's school life. And besides, all of this comes but once in a life time!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The world is filled with the sound of many drums. Drums of militarism stir man to war and conquest. Drums of conformity invite him to keep step with low standards and false values. Drums of greed lure him into the killing pace of selfish getting and gaining.

But a different drum sounds, too. It beats in the rhythm of law and love, and rings with the sound of eternal truths. It beckons man to integrity and true self-fulfillment; it calls him to the path of duty and to the way of service. The different drum is God's.

A man must choose which drum he will listen for and follow. Many years ago, Henry David Thoreau wrote: "If a man does not keep pace with his companions, perhaps it is because he hears a different drummer."

God's house is one place where you will hear the "Different Drummer." Worship there this Sunday with your family.

Fear Outbreaks of Screwworms Due to Favorable Weather

Mission — Weather conditions this winter and the effectiveness of eradication measures now being employed should determine whether Texas farmers and ranchers will see a repeat of the increase in screwworm infestations that occurred in 1965. The state recorded more than twice as many cases as during 1964.

Eradication workers are taking steps now to wipe out colonies of screwworm flies that could survive winter weather in northern Mexico and reinfest U. S. areas along the international border later this year.

As unfavorable weather conditions have forced screwworms to move southward, the aerial release of flies sexually sterilized with atomic rays is being shifted deeper into Mexico. These flies mate with native flies and prevent reproduction of offspring.

A barrier of live sterile flies stretched across northern Mexico has been effective for the most part in keeping fertile screwworms from penetrating areas in the United States where the livestock pest has been eradicated.

Where up to a million screwworm infestations could be expected annually by farmers and ranchers in the Southwest prior to the start of the eradication campaign in February 1962, last year, only 466 cases were reported in 53 Texas counties. New Mexico recorded 122 cases, Arizona 465 and California 7. Arkansas and Louisiana have had no infestations since the program began and Oklahoma has been free for two consecutive years.

Border states did have more infestations in 1965 than during 1964, when Texas reported 223 cases, New Mexico 14 and Arizona 158. However, eradication officials pointed out that wea-

ther conditions were extremely favorable all year in these states and across the border in Mexico for screwworms to develop and spread.

Authorities also noted that infestations in Texas were confined mostly to counties adjoining or near the Mexican border, whereas in 1964, cases were found in East and North Texas and well up in the Panhandle.

Nothing other progress made during the year, Dr. S. C. Gartman, project administrator, said the program produced good screwworm control along the eastern coast of Mexico where the barrier zone is more than 300 miles wide.

"If we can expand operations this spring so that our efforts on the western side of Mexico are equally as effective," the U. S. Department of Agriculture veterinarian said, "we should be able to minimize the number of infestations occurring in the United States."

Weather will be an important factor. A mild winter could permit screwworms to survive in locations near the border from which they could easily fly into U. S. regions as soon as the weather becomes favorable for them next spring.

The eradication campaign has been administered and financed jointly by federal and state agencies and the livestock industry. Maintenance of the barrier is totally financed with federal funds. State governments and private industry are still sharing eradication costs in Arizona and California which were brought into the program last May. Eradication in the other southwestern states was officially recognized by the cooperators in February 1964.

An intensive survey is underway to ascertain the extent of screwworm problems in all of Mexico and government representatives from Mexico and the United States are exploring the pos-

sibilities for moving the barrier zone down to the narrow isthmus in southern Mexico. Mexican livestockmen have shown much enthusiasm for being included in an international screwworm eradication program.

Mrs. Ross Honored At Farewell Party In Bailey Home

Friends of Mrs. Alberta Ross honored her with a farewell party last week at the home of Mrs. T. J. Bailey. Assisting hostesses were Mrs. Lowell Littleton, Mrs. Frank Janes, Mrs. J. A. Pelto, Mrs. Charles Womack, Miss Mary Moore, Miss Ida Lee Harlan Mrs. Ernest Dunlap, Mrs. J. J. Marley, Mrs. Ted White, Mrs. M. A. Barber, Mrs. Roger Dudley and Mrs. R. G. Hardberger.

The table was centered with a cleverly designed replica of a U-Haul moving van with Barbie dolls dressed as Mrs. Ross and her friends packing for the move.

Seventy-five guests attended the dessert supper.

Mrs. Ross was presented with a Pot of Gold in which guests had deposited money in place of going-away gifts.

Mrs. Ross, an Ozona resident for 12 years and a teacher at South Elementary, moved last week to Stephenville where she will be connected with the public schools in the government sponsored Headstart Program.

Mrs. Bill Gerber replaced Mrs. Ross at South Elementary.

Todd Wolfcamp Discovery Flows: Midway Re-Opener

A Wolfcamp discovery was indicated 1/8 mile southeast of Grayburg and San Andres production in the west portion of the Todd multipay field of Crockett County, with the flowing of gas, condensate and oil through perforations between 6-007-18 feet at Monsanto Co., Midland, No. 1 Todd, in 15-WX-GC&SF 2 1/2 miles west-northwest of Ozona. Treated with 2,000 gallons of salt water and re-acidized with 5,000 gallons and swabbed five hours, recovery was 39 barrels of load water. Then swabbed 10 hours, recovery was 59 barrels of condensate and acid water, no breakdown.

Swabbing continued.

Earlier operator had acidized with 1,000 gallons and it flowed back all the load in one hour. Then tested three hours, through 1/2-inch and 24-64-inch chokes, it flowed six barrels of fluid, mostly oil. After being shut in overnight, it was re-opened on a 30-64-inch choke, and flowed six barrels of oil in one hour. During the last 2 1/2 hours of a five-hour test it showed 26 barrels of oil, plus gas at the daily rate of 750,000 cubic feet, through a 24-64-inch choke. After being shut in overnight, it recovered 1 1/4 barrels of oil on two pulls of the swab.

Ashmun & Hilliard, Midland, No. 1 Chambers County School Land, in Chambers, csl No. 4, prospective re-opener of Ellenburger production in the Midway Lane (multipay Permian) field of Crockett County, 12 miles northwest of Ozona, flowed 19 barrels of oil, along with seven barrels of water in 24 hours.

Flow was through a 20-64-inch choke and perforations between 7,477-7,486 feet, with tubing pressure of 100 pounds.

Testing continued.

TO VOTE IN 1966 YOU MUST PAY YOUR POLL TAX BY JAN. 31

Your are reminded that a poll tax receipt is still needed to vote in the coming elections in 1966.

A person may vote for federal offices only without paying a poll tax but he must have a poll tax receipt stamped "Poll Tax Not Paid." To vote in all other elections, a person must have a poll tax, or, in case of those just reaching 21 years, an exemption. Those 60 years of age or over do not have to apply for an exemption.

Other tests of voting eligibility are that you must have been a resident of the state one year and of the county six months.

Carl Conklin

(Continued from Page One)

dacy for the office Conklin stated: "I have a simple goal or platform, whichever you may wish to call it, that is to do the very best I can. I want to help Crockett County grow and develop to its full capacity. To do this it will take not one, nor any one group, but all individuals working for a better community."

"Having grown up in Crockett County, I feel that I know the needs of the county very well. We need strong youth programs and if elected I will work toward that goal. Development of our youth is the most challenging part of our citizenship. The foundation of the future, our youth are probably the most valuable yet the most neglected resource we have."

"I believe in this county and the people who live here and I pledge to you that if I am elected to this office I will devote my full time and effort to fulfilling the duties of the office and making this a better county and community in which to live."

Montgomery

(Continued from Page One)

Montgomery owns his home in precinct 2 where he lives with his wife and two children. His wife, Kitty, is a member of the staff of the Ozona Stockman; his son, Jim, is a student in junior high and daughter, Shauna is a pre-schooler.

"I have come to this decision after much encouragement from friends and acquaintances in my precinct," Montgomery said in making known his candidacy. "If I should be elected, I shall strive to attend to the duties of commissioner to the best of my ability. Having lived both in the country and in town, I feel that I am closely in touch with the problems of all areas of the precinct and will be in position to know the needs as they might arise where I might be of service."

"If I am elected, I pledge my best efforts toward a conservative, business-like administration of county affairs, and to keep in mind always that the business of the county is the public's business and you are entitled to know always what goes on in the court and how your tax money is being spent."

Mexican Nation's Dies In Flaming Wreckage of Car

Jose Teofilo Chavez, 22, Mexican national, was killed early Monday morning on U. S. Highway 290 about 21 miles west of Ozona when the car driven by his brother skidded off the highway into a 10-foot deep ravine and caught fire.

His bothe, Joe Reyes Chavez, 31, of Iraan, had left the wrecked car and was walking in search of help when he was picked up by a passer-by. When Highway Patrolmen reached the scene, the car was in flames and Chavez's body was badly burned. Justice of the Peace A. O. Fields said that it was not determined whether the man died of injuries suffered in the wreck or was burned to death.

The surviving brother suffered only minor injuries and was treated at the Crockett County Hospital. The accident occurred about 2:30 a. m. Funeral services were pending in Saragoza, Mexico, early in the week.
