# Spotlight on Service!

• We earn the right to be called a "service" station every day! We earn it because every day of the year we're ready with extra care for your car-extra service for you.

You see—to us, running a service station means more than just keeping your car supplied with gasoline and oil. It means offering the kind of special care that can actually add thousands of miles to your car's life and give you more driving safety.

Giving your car that kind of service is our job as part of America's competitive and progressive oil industry. Drive in today-let us show you what real-service is!

The only thing that looks low-priced on a Pontiac Tempest is its price sticker.

#### And that's removable.

Take it off, and there's just a pure, unabridged Pontiac: crisp, Wide-Track style and handling. A handsome interior. Plus the effervescent performance of a new, overhead cam 6 engine that puts out with all the spunk of an 8, yet saves like the traditional 6. And of course, being a Pontiac, Tempest allows you the luxury of choicewith options in engines, transmissions, suspensions,

practically everywhere. And like all Pontiacs, Tempest also has a standard safety package with items like seat belts to buckle-front and rear. (That ought to do for now. We'll tell you the rest when you get here.)

Peter loves to "fix things," even though he sometimes gets hurt in the process. Yesterday he pinched his finger with the pliers. Today, he'll probably end up by banging his thumb with the hammer. But tomorrow he'll be right back at it again . . . learning the hard way!

From childhood, we learn best by personal experience. Our natural curiosity makes it difficult for us to accept advice from others. We want to find out for ourselves . . . and life has some hard lessons to teach us. Among other things, we have to discover that material possessions are no guarantee of happiness . . . and that money can't buy love, or health, or peace of mind.

Religious faith is another aspect of life that must not be left unexplored. Christianity has been tested by time . . . and it stands ready to be tested by YOU. Don't miss the greatest experience of all. Visit the church of your choice this Sunday.

#### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily

RANCH RECORD BOOKS

To The People of Ozona, and Surrounding Territory:

It is with sincere tribulation that I must announce the closing of my Optometric Practice here in Ozona. The past 39 years here in Ozona have been good years, and ones that I will never forget. Ozona will always be home to me and I will be looking forward to each return visit

On moving my total practice to San Angelo I can't quite feel that I have left Ozona, but just moved over a little bid.

With the advance in technology it has become increasingly impossible to equip two offices with all of the instrumentation necessary to do justice to each patient whether it be one for contacts or spectacles: besides, I am not getting any younger, and the 27,000 miles per year that I must drive are beginning to take their toll.

I feel with all my work being done out of one office I can do you as a patient a more satisfactory job and at the same time have more time for my family.

To all my patients here in Ozona and the surrounding trade territory - I have your complete records in my office at 2030 Pecos Street (across the street from the round Medical Arts Bldg.) on Sherwood Way in San An-gelo.

I am not saying good-bye, but just so long. I am looking forward to seeing each of you in our San Angelo Office.

Sincerely,

Dr. Maurice A. Lemmons
