The bank break-in Monday night created a little more than usual excitement Tuesday. Before we knew for sure whether the robbers got away with anything, nobody seemed particularly worried about their money but several expressed hope that their notes had been taken. But, alas, nothing was taken, not even a paper clip.

I'll say one thing, they were either a cool bunch of characters or stupid. Never in the history of Ozona were there more law men in town when a crime was committed, a sheriff and three deputies, six or seven border patrolmen, a constable, a Texas Ranger, several high-way patrolmen and thrown in for good measure, two FBI men.

Just to venture a guess, I'd say the thieves were in pretty good physical shape. This thought entered my mind after observing some of the above mentioned lawmen getting back through the window of the masonic hall after examining the roof of B & B Grocery Tuesday morning. (It has been established that the thieves gained entry in that manner.) I couldn't identify them from my corner here in the Stockman, but shortly after FBI man, Dick Burnett, expressed the belief that "Batman" might have had something to do with the robbery.

More than likely it was the group who have hit several banks in this part of Texas. However, it seemed to me an odd coincidence that they sawed the hole in the floor directly over the vault.

We'll be hearing more and more about the Jubilee as time goes on. Actually it's only three short months until the celebration gets in full swing. There will be something for everybody to do the next few weeks and plans are in the making for a full week of fun for Ozonians and visitors. The celebration plan of action features something of interest for everyone and everyone in the community will be expected to take part.

However, I just can't go along with the beard growing part of it. Beards, to me, are a symbol of the beatnik bum, the way-out musician and the tyrannical dictator, among other things. Beards just aren't symbolic of Ozona 75 years ago in my way of thinking. There is just something about men growing long hair on their heads and faces that makes me want to scratch. Seems unsanitary or something. However, this may be purely psychotic on my part and I am sure beards will sprout in the coming weeks.

Mr. and Mrs. Lloyd Blakesley were here in Ozona Monday when they received word to return to the bedside of their son, Keith 3, who had been in the Big Lake hospital since returning from Houston several weeks ago where he underwent several rounds of surgery in an effort to correct a congenital brain defect. Keith died around 3 p. m. Monday.

The Blakesleys were here to thank the people of Ozona (Continued on Last Page)

A total of 18 Crockett county citizens had registered for a free vote in the 1966 elections to yesterday, fourteenth day of the 15-day registration period specified in a federal court order which abolished the poll tax as a voting requirement in Texas.

Since this county was one of those Texas counties picked by the U. S. Department of Justice for so-called "spot checks" on the registration, two FBI agents were on hand to monitor the registration in the office of Sheriff Tax Assessor-Collector Billy Mills. The Agents, Dick Burnett of San Angelo and Manning Clements of Dallas, were here the night burglars entered the Ozona National Bank and assisted in investigation of the burglary along with local and state officers.

"The court allowed a 15-day registration period, but from our observations here and in Mills County, we could give back about 14 of those days," commented one of the agents after checking the meager local registration.

Of the 18 who had registered to yesterday, 11 were Anglo-Americans, 5 Latin Americans and 2 colored.

In a letter to the tax assessor-collector in Crockett county, one of the counties designated for the FBI registration watch, Attorney General Waggoner Carr asked that he be notified "if Mr. Katzenback's FBI agents interfere in the performance of your lawful duties or if their actions in any way intimidate you so that you are deterred or delayed in any way in rendering full and adequate facilities and service to your registrants."

"The FBI agents were very nice and carried out their assignments with the least possible interference in our office," said Mrs. Gertrude Perry, office deputy. "They were very polite and considerate and helpful as they have always been to this office."

Sheriff Mills also complimented the FBI men.

"Of course, the FBI is welcome in our office anytime," the Sheriff said. "We depend on them a lot in our work and we were doubly glad they were here to assist in investigating the bank burglary."

4-H Adult Leader Workshop Planned Monday & Tuesday

A workshop for local 4-H adult leaders will be held at the Ozona Community Center, starting at 10 a. m., Monday and Tuesday, March 14-15. The workshop will be on clothing and will be conducted by Miss Donna Taylor County Home Demonstration Agent at-Large from Fort Stockton.

Purpose of the workshop is to train adult leaders who will be working with local 4-H club girls in the 4-H clothing program in the county. Any adult interested in working with local girls is invited to attend the workshop.

More adult leaders are needed to work with young girls in the clothing program, according to county agent Pete W. Jacoby.

"There are a number of local girls who desire to take part in the 4-H clothing program that cannot participate because of lack of adult leaders to work with them," said Mr. Jacoby.

Lion Speedsters Chalk Up Win Of 14th Track Meet

Coach Chick Womack's Lions captured their 14th Annual Invitational Track Meet last Saturday at Lion Stadium as they outdistanced the runnerup Eldorado Eagles 131-113.

The Eagles had been picked as favorites, but Ozona scored in 13 of the 15 events and gave indication of developing into a strong contender for their third straight district title.

Womack's crew hopes to add another championship trophy this week-end. They are entered in the Sonora Relays Saturday.

Leading the Lion squad in the win was Billy Carson, last year's pole vault champ. Billy won the trophy for high point individual as he won the pole vault, took a third in the high hurdles, and ran on two relays for a total of 25 points.

Only one record fell Saturday and that belonged to Big Lake's Don Childs. Childs set a new record in the shot with a toss of 51'5".

In addition to Carson's first in the pole vault, Geo. Parker won the low hurdles in 21 flat; Randy Upham took the broad jump with 19'3 3/4"; Maggie Galindo, the Lions' sophomore distance man, came on fast in the final lap for a win in the mile in 5:00.7; and the Lion sprint relay team of T. DeHoyos, B. Ramos, Carson, and G. Cox won in 46.6.

Gary Sutton, the Lions' strong sophomore weight man, finished second in the discuss behind Childs, who won with a 147 ft. toss. Gary added a 4th in the shot. Upham finished a close second to teammate Parker in the low hurdles, and Catarino Cervantez was second to Upham in the broad jump.

Pablo Diaz and Mike Prater added points with 5th (Continued on Last Page)

Jubilee Plans Shaped Up With 2-Day Meetings

Jubilee planners got down to business last Monday and Tuesday when they met with Rogers Co. representatives in a series of meetings at the Civic Center to finalize plans for the forthcoming celebration.

The week long celebration will begin June 12. Many activities are planned. The highlights will be a gigantic historical pageant featuring a cast of 250 to be held the last four nights of the jubilee at the football field. The first part of the week will feature "Americana Days" with merchants offering terrific bargains with prices to compare with those of 75 years ago. A tremendous parade is in the offing, the biggest in the history of Ozona.

There will be a carnival, barbecues, a concert, fireworks displays and tours of historical sites among other things.

It was decided to hold a contest to pick a name for the pageant. Anyone who wishes may enter. A short name is preferable. The contest will end April 1. Winner of the contest will receive a \$25.00 saving bond. Anyone who wishes to enter may write a name for the spectacle on one side of a piece of paper and his name and phone number on the other. There will be a box at the Stockman and the Ozona Boot and Saddlery in which to deposit entries.

Rob Miller, 77, pioneer Ozona ranchman, died shortly before midnight Wednesday in the Crockett County Hospital after an illness of about 6 weeks duration.

Funeral services will be held tomorrow at 3 p. m. from the Ozona Church of Christ with Darrell Brawley, pastor, and Bill Brown of Lubbock officiating. Burial will be in Cedar Hill Cemetery under the direction of James Funeral Home.

Captain Lewis Given Combat Infantry Badge

MOC HOA, Vietnam — Captain Larry M. Lewis, son of Mr. and Mrs. Ted M. Lewis of Ozona, Texas was recently awarded the Combat Infantryman Badge for his participation in combat operations in Vietnam.

Captain Lewis, a member of the US Army's elite Special Forces, the highly trained guerrilla experts who wear the green beret, is stationed in the Mekong Delta with Detachment B-41, 5th Special Forces Group (Airborne), approximately 55 miles West of Saigon near the Cambodian border.

The Combat Infantryman Badge, one of the most cherished awards of ground fighters in World War II and the Korean Conflict, is awarded to members of the US Army who have participated in combat operations and have been under direct hostile fire.

Captain Lewis was awarded the CIB as a result of his participating in several combat operations against the Viet Cong while acting as an Advisor to Vietnamese Infantry units engaged in combat with the Communist troops.

Major William J. Yantis, Commanding Officer of Special Forces Det B-41, presented the award to Captain Lewis and two other Special Forces personnel in special ceremonies in Moc Hoa, Vietnam.

Robbers Fail In Attempt To Cut Way Into Ozona National's Vault

Man Arrested Here On Theft Warrants

Sheriff's officers arrested Thomas Richard Stephenson early Sunday morning as he drove into Ozona from Big Lake. He was picked up on warrants from Guadalupe and Comal counties charging him with theft.

Stephenson had been under surveillance by local officers for several weeks. A search of his living quarters here turned up a gun that had been stolen in Llano, in November of last year. He is believed linked with a big theft ring operating in central Texas.

Another of his alleged confederates was picked up last week in Midland.

Sheriff Mills felt Stephenson picked Ozona to lie low until the "heat was off" in his regular haunts.

W. V. Adwell, 71 Former Theatre Owner Here Dies

W. V. Adwell, 71, veteran theatre owner, former Ozonian, died early Tuesday morning at his home in Arlington where he had lived since moving from Ozona about fourteen years ago.

Mr. Adwell owned and operated the moving picture theater in Ozona from about 1935 when he bought the business from the late J. R. Kersey. He built the present ranch theatre building in 1948 and with his son, Bernie Adwell, operated the business until retired from active business and moved to Arlington. The theatre is presently owned and operated by Bernie Adwell.

Funeral services were to have been held at 2 p. m. Wednesday in Arlington with burial to follow in Grandview, Texas, a former home.

Mr. Adwell was born in Kentucky Sept. 25, 1894, and came with his family to Texas in 1902. He had been in the theatre business most of his life, operating shows in Itasca, Grandview, San Angelo, Fort Worth and Ozona. In Arlington he was a director of the Arlington State Bank, the bank that former Ozonian, the late Scott Peters, helped found in that city. He was a member of the Masonic Lodge.

Surviving are the widow of Arlington; one son, Bernie Adwell of Ozona; one sister, Mrs. George Seelye of Ozona; one brother, Johnny Adwell of Fort Worth; five grandchildren and two great grandchildren. Mrs. Seelye makes her home here with her daughter, Mrs. Robert Cox and family.

After hiding in a closet while the Masonic lodge was in session an hour or more Monday night, then sawing through the lodge floor to the bank below, would-be bank robbers spent the rest of the night pounding with hammer and chisel on unyielding masonry walls in a futile attempt to gain entry to the vault in the Ozona National Bank, then turned out on the floor the contents of a couple of desks in the bank offices and finally left

Little League Season Plans Made At Meet

The first meeting for the 1966 Little League season was well attended last Monday night at the C of C building. LL president, Bill Lewter, said he was well pleased with the turnout and enthusiasm shown.

Plans got underway for organization of a minor league and after a few details are worked out there will be a place for all boys under 13 in baseball this summer.

Lewter will act as player agent and representative of Little League for Ozona in this district with Mrs. Bob Stephens serving as secretary-treasurer. Umpires will be Dorris Haire, Sam Fitzhugh, and Floyd Cooper. Team sponsors will be the same as last year with some changes in the coaching and managing staff to be announced later.

Tryouts will be held the week of April 18 with buying of players April 25. Practice will begin April 26 with official play starting May 5. A complete playing schedule will be announced soon.

Big Lake Edges Lionettes For Tournery Title

The Ozona Lionettes were beaten in the finals of the championship bout by the Big Lake six last Saturday in Ozona's 13th Annual Invitational Volleyball tournament.

Picked as slight underdogs, the Ozona sextet forced the Big Lake team into a third game. The score of the first game was 12-4 Big Lake. At the end of the second game, the teams were tied 10-10 and went into a 16 minute overtime with the Lionettes emerging winners 17-15. In the third and decisive game, the host team was defeated 10-8 in another overtime game, and won the second place trophy.

Tuesday night, the Gals evened their district record at 1-1 by beating Sonora 16-14 and 15-12. Coach Geneva Knox's crew will host Iraan tonight in the third district battle. The B game is set for 6:30 p. m.

Vicki Lynn Montgomery and Lynn Cox were named to the All-Tournament Team as set-up and spiker. Others named to tourney team were Patti Holt, Sandy Strickler, and Beverly Love of Big Lake, Sherry Taylor from Iraan, and Sarah Norman of Wink. Norman was also chosen outstanding player of the tournament.

Mrs. Jack Crossland of Gouldbush, and Mrs. Sue Hagler and children spent the weekend visiting Mr. and Mrs. Ralph Jones.

with aching backs and empty hands.

The would-be robbers gained entrance to the bank by climbing onto the roof of B & B Grocery, crawling through a window of the Masonic lodge hall and sawing a hole in the floor directly above the bank vault. From there it was a short drop to the top of the vault and on to the floor of the bank. Efforts to gain entry into the main vault where the money was kept were futile and the thieves left the same way they came in and not a penny richer. After the debris was cleared away it was determined that nothing was missing.

J. W. Howell, bank cashier, discovered the burglary when he went down about 7:30 Tuesday morning. Within minutes officers from the sheriff's department, Texas Ranger, Alfred Alee and two FBI men were covering the bank and adjoining roof for clues to the identity of the criminals.

Identification experts from the Department of Public Safety in Austin arrived Tuesday afternoon and found by fingerprints that at least two men were involved. Sheriff Billy Mills is awaiting further reports and laboratory findings from this department at the present time. The ID men found similarities between this break in and the recent robberies of the Santa Anna and Paint Rock banks, leading officers to believe that the same men took part in all three jobs, according to Sheriff Mills.

Further investigation by officers Tuesday night brought to light the fact that one of the burglars was hidden in a closet of the Masonic hall while members held their lodge meeting. The Mason, guarding the door to the main meeting room, heard an unexplained noise during the meeting and checked windows and doors but did not open the door to the closet where the man had apparently made a noise climbing to the top of the enclosure, fingerprints revealed.

Officers theorized that members of the lodge had surprised the man shortly after he entered the building, forcing him to take cover while his partner or partners were forced to wait for the meeting to end on the roof of the adjoining building.

At press time today officers had uncovered no further clues as to the identity of the men.

OHS BAND STUDENTS TO ATTEND SOLO AND ENSEMBLE CONTEST

By Kathy McAlister

The University Interscholastic League, Region VI, Western District, Solo and Ensemble Contest will be held Saturday, March 12th, at Midland Lee High School.

Several students from OHS will be attending. The Senior students who will play solos are Celia Houston, flute; Jacque Meadows, cornet; Barbara Jones, alto sax; and Suzanne Lewis, alto clarinet. Gloria Gilbert, alto sax, and Joanne Lewis, snare drum, are the Juniors entered. Peggy Hagelstein, clarinet, will be the only Sophomore soloist and Irene Jones, tenor sax, will be the Freshman soloist. These solos will be accompanied by pianists, Judy Barber, Barbara Kirby, and Esther Williams. All solos have to be memorized.

Celia Houston, Esther Williams, Judy Barber, and Beverly Loudamy will play a flute quartet. Gloria Gilbert, Frank Welch, Barbara Jones and Irene Jones are entered to play in a sax quartet. The clarinet trio entered consists of Sharon Janes, Peggy Hagelstein, and Connie Williams. Jacque Meadows, Robilen Miller, Sylvester Rios, Donny Edgerton, Connie Biddy, and Emenencia Diaz will play a brass sextet.

The solos and ensembles are under the supervision of Tommy Sanders, the band director of the Ozona High School Band.

LOOKING AT THE CLASS OF 1965

By Lana Alford

Since it is a human characteristic to wonder where ones friends are, this is to help people know where the Class of '65 is.

Of course, like most high schools, Ozona High saw several students off to the University of Texas. These students are: Joel Huff, David Childress, Yvonne and Sandra Martinez, Bobby Amthor, and Pete Garza.

Some students wanted to go to college, but not too far from home. These are attending Angelo State College: Gary Boyd, Gary Pagan, Linda Leath, Lucy Payne and Judy Ingham.

Although there have been several students from Ozona to attend Texas Tech, Carmen Childress was the only one from the Class of '65 to go to Tech.

Janis Walker and Rick Hagelstein went to ACC in Abilene. There were also only two students to enter Sul Ross. These being Jill Graves and Moe Barbee.

Those going into the "World of Women", Texas Women University, were Brenda Brentz and Cathy Miller.

Vicki Applewhite and Mike Walters joined other Ozona Exes to San Marcos.

San Antonio's Trinity University saw only one student from Ozona, Mary Jane Dunlap.

George Kyle, following his brother's footsteps, went to that never forgotten place of Aggie Land.

Tarleton State Teachers College found Carey Pitts among their students.

Hugh Coates, whose first semester attended San Marcos, is now seen on the campus of Uvalde Junior College.

Alejos Tambunga is studying to be a barber in San Angelo.

Richard Walker is studying in San Angelo.

As do other classes, the Class of '65 had those that

married, and those that saw the need of helping Uncle Sam.

Those that married were Marcia (Haire) Carroll III, Diana (Couch) Covington, and Lynda (Miller) Robinson.

Larry Lackey joined the Navy, Albert Cooke and Jerry Johnson will leave for the Navy in April. Thomas Garza, Richard Vargas, and Joe Trujillo joined the Air Force.

Other members of the class are now joining the world of work! These are: Guadalupe Arrendondo, Ruthella Nicholas, who is working in Dallas for TI, Jimmy Moore, Angelina Ortiz, and Tommie Ramos.

Rose and Ramon Sanchez are living in Ozona.

Along with other people, the journalism staff would like to say Hello to each of the Exes of 1965.

THE CLASSROOM SABOTEUR

By Helen Hayes

The classroom saboteur is an intelligent creature. He knows his teacher's weaknesses and, to a fraction of an inch, how far he can trespass upon these weaknesses. Of course, his specialty and delight are telling his teacher off the subject by various methods, which often consume an entire hour.

This saboteur employs a host of methods for baiting his teachers. One of his favorite objectives is to lead the teacher into telling stories by reminding him of some past experiences. The saboteur enjoys few things as much as listening to the stories of an unsuspecting teacher's childhood or war life. Of course, there is always a window that may be jammed open, causing the teacher to spend an unfruitful fifteen minutes trying to lower it.

It stands to reason that this baffling persons, called "The Classroom Saboteur", projects varied images upon the minds of his associates. To his despairing teachers, he seems wholly innocent but through flights of fancy, "The Powers That Be", in the guises of principals and superintendents, prophetically groan in anticipation of migraine headaches when (Continued on Page Five)

WHERE DO THE STARS GO, MOMMY?

The big brown eyes are thoughtful, the small face earnest as Mary Anne considers the universe. Sometimes our pint-sized inquisitor's questions are devastatingly funny, sometimes deadly serious; but always important. Harry and I may chuckle over them, but we never forget that these queries reflect Mary Anne's increasing awareness of the world about her. We know that our answers and attitudes are an important part of her development. Another influential portion of Mary Anne's growth, we feel, has been her regular attendance at Church School. There, Mary Anne's experiences with other children have been related to God's plan. The tiny kitchen or play garage in the skilled teacher's capable hands becomes the training ground for Christian behavior. How glad we are that our church is well equipped to guide our child in her religious growth. Attend your church. Take advantage of the inspiration and knowledge it is eager to share with you and your children.

CREDIT: PROBLEM OR MAGIC KEY?

Credit has become a way of life for everyone. It is an undergirding principle upon which present-day business is built. The customer as well as the merchant knows that Credit can be either a problem or magic key. As a buyer, credit means that magic key that unlocks the door to the better things of life for which we may not have the ready cash. The merchant also appreciates this magic key that unlocks the door to his customers, who are the lifeblood of his business.

There is another side to this picture, though, which might create a problem — both to the customer who might over-extend himself, or promise something which he cannot fulfill, or does not intend to fulfill. The mer-

chant can help eliminate this problem from his part of the selling on credit, by checking with the Credit Bureau concerning each applicant for credit.

Then the customer, in turn, can eliminate this problem from their credit buying, by always paying their obligations on time, as agreed or making satisfactory arrangements.

Credit is more than just a bookkeeping entry. It is a service — a valuable service to modern business, Credit reaches out the hands of faith in a shared handclasp between the buyer and the seller. In respecting this mutual confidence we strengthen each other.

A good gun can last a lifetime. Such a guarantee — covering defective material & workmanship — now goes to every purchaser of Brown's O/U shotguns. But there is little reason why most any good gun can't last well beyond the life of its owner. All it takes is a little care.

Too many of us get careless with guns. We fail to clean and oil them properly. We toss them around in the back seat of an automobile, or store them away for several months of the year in some damp spot where rust can develop.

In the olden days much better care was taken of fowling pieces. In the first place, a gun was essential to a man. He needed it for taking food and sometimes for protection. He used black powder, with mercuric primers that would cause corrosion.

Back in those days when the hunter came home he swabbed out the tubes of his shotgun with soap suds, or wiped his rifle barrel clean with a good commercial cleaner capable of eliminating the mercury flakes from the primer.

Then along came the non-mercuric primers. Black powder gave way to smokeless and we were told it was no longer necessary to clean a gun after every shoot.

Some believed this. As a result their guns became pitted. Not from the effects of the primer and powder, but from handling and moisture that got into the barrels.

If you are shooting a gun every day, it still is a good idea to clean it often. It should be wiped thoroughly with a silicone cloth after every handling.

I know a fellow who has a cabinet containing a dozen or more fine guns. They are behind a locked glass door, away from easy handling. But occasionally some friend does get to look them over. Before they are put back into their rack they are wiped over with the silicone cloth. This prevents any

possibility of barrel rust from damp fingers, or handprints.

This chap has one gun in his case that is 60 years old. It has been used a lot under almost every condition. First shells shot in it were black powder with mercury primers. But today that gun is just as shiny as it can be. It has no rust spots, even though the blue is worn thin in places. And the wood still retains its polish.

There are many agents on the market today for cleaning guns. Some are solvents, some are inhibitors which can be applied under pressure. Then there are the old reliable oils, any of which will do a good job.

Many gun owners find that a 15¢ can of household lubricant available in any service station is adequate. It certainly is better than nothing at all.

If you treat your gun properly you won't care whether it is guaranteed for your lifetime or not. It still will be shooting good when it passes into the hands of your grandson.

Buick's \$1,000,000 Sweepstakes.

You may have won \$2332.00 cash!

A new list every week from now until March 31st. 429 first prizes.

Table with 12 columns of numbers representing Buick VINs and their corresponding prizes.

If the first part of your vehicle identification number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next weeks list of new symbols in this newspaper.) No slogan to

invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00 happens to be its price. (Manufacturer's suggested retail price for Special V-6, 2-dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge. Contest Rules. Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P.O. Box 1347, Detroit, Michigan 48221 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

Contributions are still being accepted at the bank if you would care to help out. This would certainly be a worthwhile project for any of the clubs which still have money in the miscellaneous fund and a more worthwhile cause would be hard to find.

place positions in the mile and 220 yard dash. Lion relays came in second behind Eldorado in the 880 and third behind Eldorado and Sonora in the mile relay.

Randel Clepper added another point with a sixth in the high jump and Larry Kilgore placed sixth in the broad jump, while freshman Fleet Coates tied for 6th in the 440 yard dash.

Coaches Womack, Bill Gerber, and Sam Mosley are shooting for April 16th when the Lions will host the District 8A Track Meet. Ozona will be seeking its third championship in a row. As the weather warms and the boys get more practice, several changes could be made, especially in the relays and sprints. George Cox, the Lion junior sprinter, is quickly rounding into shape, and Ramos, another junior runner, should pick up more speed with the additional practices.

Mrs. Ashby McMullan returned Tuesday night from a trip to Phoenix, Ariz., where she visited with her son and his family, Mr. and Mrs. Joe McMullan and Kirk.
