Kitty's Korner

My goodness, what a storm of controversy my last week's column about beards caused. I've never heard so many comments pro and con in my life on one subject. People seem to be violently for or violently against beard growing, so far the violently for and the violently against are running neck in neck. I have had many calls from people who agree with me wholeheartedly and on the other hand I've been called a killjoy and asked to print a retraction. I don't think there is anyone in Ozona who doesn't care one way or the other.

However I'm sticking to my guns and my feelings about beards haven't changed since my comments of last week. If I offended any of the beard growers, it was purely intentional I assure you.

Well, as I see it, T. J. Bailey's retirement was the utility company's loss and Al Fields' gain. Some men may be ready for retirement at 65 but T. J. seems to be in his prime. He is already settled in and going great guns as Mr. Field's assistant.

We enjoyed the coffee, doughnuts and good conversation at T. J.'s retirement party last Friday and we're happy he will be around to entertain us occasionally. After all he only moved across the street.

After the basketball game last Saturday night I really have a hunch that Tom is going to give up athletics and be content to remember when. He bought the largest pair of gym shorts in town to play in. After finding that they fit a little closer than his skin and lacking the time to special order or consult a tent maker, he wore an extra large pair of bathing trunks he picked up at an oversized men's clothing sale in Galveston last summer. During the game the Harlem Stars immediately gave him the name "heavyduty" and he took all their good natured kidding graciously.

He didn't really say anything about giving up active participation in sports. I just surmised it after observing the after effects such as labored breathing, moaning and groaning with aching muscles and great fatigue all week.

Starting next week in the Stockman, we will have a special column on Jubilee doings and continue it up until Jubilee week June 12. Any division head or committee chairman who would like to make a concise weekly report is welcome to use the column. All notices and announcements pertaining to the Jubilee will be published weekly as we are notified.

I never print recipes in the recipe column unless I have tried or at least tasted them. However, I received one this week that sounded too interesting to discard so I thought I'd pass it on to you in my column. I don't think I will try it, but if you do please let me know how it turns out. It is for elephant stew and goes something like this:

1 medium size elephant
2 rabbits (optional)
Cut elephant into bite size pieces should take around 2 months.) Add enough water to make brown gravy and cooke over kerosene fire about 4 weeks at 465 degrees.
This recipe serves 38,000 people. If more are expected

FBI Identifies Man Found Dead In Parked Car

A telegram from the FBI in Washington yesterday established the identity of a man found dead last Thursday in an old model car west of town as Joe Kapuscinski, 62. The wire stated his birthplace as Stanley, Wis. and that his record listed no relatives and no service record. A copy of the full record has been mailed to Sheriff Billy Mills.

Two border patrolmen came upon the car and its occupant around noon when they were investigating tire tracks off Highway 290 about 15 miles out. The car was parked at the base of a bridge, out of sight of passing motorists.

From the condition of the body, officials established the time of death as 72 hours prior to its discovery. A hose had been taped to the exhaust and run under the back seat into the closed car. Death by suicide was ruled by justice of the peace, Al Fields. There were no marks on the body or any other indication of foul play.

In checking out the dealer's tag from a Corpus Christi car lot, Sheriff Billy Mills discovered the car several days before, paying cash and giving his name as Joe Ward. A check on the addresses given at that time, 640 Lipan, revealed no residence at that number. Kapuscinski was wearing new khaki work clothes. He was about 5 feet 7 inches in height, weighed around 190 pounds and was 62 years of age.

A fingerprint check in Austin failed to establish his identity. The telegram from the FBI was the result of prints being air mailed to Washington.

Bailey Retires After 40 Years With W.T.U., 22 As Manager Here

T. J. Bailey

Wayne Loury

Wayne D. Loury Succeeds Bailey As WTU Manager

Wayne D. Loury of Sterling City, who has succeeded T. J. Bailey as WTU local manager in Ozona, began his 19 years of service as a line-man-serviceman in Childress. Prior to that time, he had worked 2 1/2 years as a member of a distribution construction crew in the Childress area.

In 1955 Loury was transferred to Sterling City as a serviceman and worked in that capacity until 1959 when he succeeded Tom Onstott as local manager there.

Born in Clarendon, Texas, in 1923, Loury spent his early life in Memphis, where he attended the public schools and graduated from Memphis High School in 1941. Before joining WTU, he worked in grocery stores in Memphis, Childress and Shamrock, and later was employed by Wilson Produce Company in Memphis.

He served 3 years with the Armed Forces in WWII and was discharged with the rank of sergeant and tank commander. Having been with Patton's 3rd Army, he was awarded the ETO and Asiatic. (Continued on Last Page)

LIONS CLUB BROOM SALE SATURDAY

The annual Lions Club broom sale will be held next Saturday, March 19, according to Tom Montgomery, chairman. The sale is held annually for the benefit of that blind, and all brooms and mops are purchased from the Light House for the Blind.

Both the Ozona Lions Club and the Southside Lions Club will take part in the sale. Southside chairman is Eddie Prieto.

When T. J. Bailey officially retires from active service with WTU on April 1, a career with the company will come to a close for one of the "most colorful characters" who ever wore a WTU service emblem.

For over two decades he has served as local manager in Ozona is one of the leading citizens of Ozona and one of its most active civic leaders. Known far and wide through West Texas on the golf course and in baseball circles, Bailey is a real West Texan and is proud of it.

Bailey's long career with WTU really began in 1926 when he came to Abilene to enter Simmons University. When asked how he began his long career with WTU, Bailey had this to say:

"Well, . . . you know . . . I had been working as a supply clerk at the U. S. Helium Plant in Fort Worth and attending Brantley - Draughon Business College. I soon found out that I needed a college education . . . and of course I planned to play a little baseball while I was getting that education.

"It takes money to go to college, and I needed a job. There was a fellow out at Simmons named Vic Payne, who was coach at that time. He went with me to see the WTU auditor, R. M. Wolfe, who gave me a job as a clerk-typist in the Accounting Department.

"I worked 4 hours a day, attended classes at Simmons and played baseball. As Mr. Wolfe tells it today . . . he would not pay me when I was off playing ball." At the end of two years, I withdrew from college and went to work full-time in the Accounting Department.

Bailey worked in Abilene until 1944 when he moved to Ozona to begin his 22 years of service as local manager in this city.

Born in San Saba, Texas, in 1901, Bailey moved with his family to Eldorado in Schleicher County while he was a small boy. Following (Continued on Last Page)

Good Attendance For Lions-Harlem Stars Cage Game

Attendance was estimated at around 319 fans for the Lions Club sponsored Harlem Stars basketball game last Saturday night, a good crowd considering the absence of many Ozonans who attended the Sonora Relays and the teachers meeting.

The score was 43-71 in the Stars' favor. The Stars, all well over six feet tall, gave the shorter, by feet not inches, Lions Club crew every opportunity to score, going so far as to hold one of their opponents up to the basket for a better advantage. There were many laughs and everyone is looking forward to another visit from the Harlem Stars.

Autographed programs were presented at halftime to the fifth and sixth graders who played a scrappy game to start the night off.

Red Cross Plans March Fund Drive

March is traditionally Red Cross drive month and Bill Cooper, Ozona Red Cross Chapter chairman, announced this week plans for launching the local drive for funds to support the mercy organization.

Presidents of the various clubs of the city are being asked to take charge of a particular section of the city in making a house to house drive on behalf of the Red Cross, Cooper said.

Red Cross service to military personnel doubled and redoubled in the past six months of 1965 due to the fighting in Viet Nam. Some \$40 million of the more than \$100 million American Red Cross expends yearly is necessary to carry on vitally needed services to service men and their dependents.

The goal of this year's Red Cross drive in the 50 states of the United States is \$105 million, of which \$40 million is to be allocated for work with the armed forces.

Recipe of the Week From Kitty's Kitchen

BAKED GRITS

1 cup grits
4 c. water (cook grits in boiling water until thick)
add —
1 teas. salt
1/2 stick butter
1 tube Kraft garlic cheese
2 eggs (well beaten into 3/4 cup of milk)

Put in well buttered casserole, bake 30 minutes at 325 degrees then turn oven to 250 for 20 minutes. Serves 8.

Going along with our Jubilee recipe collection, we think you'll enjoy the above recipe. It's a new twist on grits, a food that has been around much longer than 75 years.

Mildred Sherill served baked grits at the Ozona Woman's Forum and at the Supper Bridge Club recently. You would never dream plain old hominy grits could taste so good. We asked for the recipe for our Jubilee collection and Mildred brought it down this week.

Mildred loves to cook and collects recipes. She says she has no original recipes, but we are inclined to wonder after tasting some of the delightful dishes she turns out.

We still need Jubilee recipes. If you have a favorite old recipe, bring it by and we will use it.

CARD OF THANKS

I would like to take this opportunity to thank my many friends who were so kind and thoughtful during my recent stay in the hospital. I deeply appreciate the many acts of kindness shown by the doctors and nurses.
Sincerely,

Sonora Relays —

(Continued from Page One)

which ran third to Eldorado and Sonora at the Lion track meet the week before, edged out Eldorado for second, but Sonora finished first in the record breaking time of 3:32-3. Ozona's relay team, knocking several seconds off their best previous time, was composed of George Parker, Geo. Cox, Derold Maney, and Ernest Vargas.

Billy Carson and Cox led the Lion point getters, each garnering a first. Carson won the pole vault at 11'6", and Cox, entered in a dash for the first time this year, easily won the 220 yard dash in 23 flat. Carson added a third in high hurdles and ran on the winning 880 yard relay and the 4th place 440 yard relay for a total of 23 points. Cox ran anchor legs on the 880 and mile relays for 19 points.

The Lions are entered this Saturday in the Eldorado Relays with the preliminaries set for 9 a. m. and finals at 2 p. m. Again the championship appears to be up for grabs as several AA schools are entered and are expected to furnish tough competition for Ozona, Sonora, Big Lake, and Eldorado.

The Lion efforts at Sonora were aided by Maggie Galindo, Ernest Vargas, and Caritarino Cervantez who picked up second places in the run, 440 yard dash, and the broad jump. Galindo, the Lions' sophomore miler, again

knocked off 7 seconds from his time of the previous meet as he ran a 4:53 mile. Vargas entered in the 440 for the first time this year and was barely nudged at the tape by Gary Derrick of Eldorado in 53:5. Cervantez got off his best jump of the year, 20 feet 2 inches.

Others placing for valuable points were Parker with a third in the low hurdles as well as legs on the 880 and mile relays. Gary Sutton placed 4th in the discus, and David Huff picked up a place in the pole vault. Randy Upham and Thomas DeHoyos ran legs on the 4th place sprint relay team, and Mike Prater ran on the 440 and 880 yard relay teams.

PUBLIC SCHOOL WEEK OBSERVED BY OHS

Last week the Ozona Public School System observed Public School Week, which has been proclaimed annually by Governor Connally.

In some schools this was a time for parents to visit their children's school and watch them as they worked. However, in high school, various citizens from town were invited to lecture to many classes.

This year during Public School Week, Ozona citizens were able to see many signs of progress in the school system. The new field house was used for the first time at the track meet last weekend. The walls of the library are rapidly going up, and completion will be sometime in the near future. Additions to North and South Elementary are near completion.

Numerous high school classes took field trips to related business firms and places of interest.

Mr. Gerber's American history and civics classes toured the Ozona Museum, while Mr. Moody's journalism class observed the printing of the Ozona Stockman.

The homemaking III and IV classes toured the hospital, while Mr. Brentz's physics class visited the Shell Gas Plant. Mr. Rippetoe guided the tour at the plant.

All of the science classes, including biology, general science, and chemistry were privileged by guest speaker, Carl Apple. Mr. Apple talked about his large fossil collection and displayed it.

SPORTS WHIRL

By Lana Alford

The Ozona Lions placed second in the Sonora Relays Saturday, March 12. The Bronco hosts took their own relays with 111 points. Ozona followed closely with 106 points. The Lions will go to the Eldorado Track Meet Saturday.

The volleyball girls lost to Iraan last Thursday night, 15-0 and 15-3. This made the girls' record 1-2 for the district play. The Lionettes will travel to Crane tomorrow night for a non-district game.

The golf team, coached by Brooks Dozier, will leave early Saturday morning to attend the Brady Golf Tournament. Coach Dozier's team will consist of Win Saunders, seniors; Steve Taliaferro, senior; David Jacoby, senior; Duane Childress, sophomore; and the sixth position will be filled by either Junior Bob Nations or Sophomore Larry Don Webb.

Tennis is under way at OHS. Coach Q. A. Brentz stated that there are only six high school students out for the sport, but that there are several junior high students out. Those in high school are Sophomores Deborah Mills and Connie Williams, and Freshmen Gary Loudamy, Jessie Deaton, Buddy Couch, and Donnie Edgerton.

APPROACHING SEASON BRINGS SPRING FEVER

By Lynn Cox

With the warming of the weather, some of the young people's fancies have turned to "love" and anything else besides school. As of next Monday, the 21st of March, spring will officially arrive upon the West Texas scene. Students will find it quite uneasy to concentrate on the three R's but instead, will think of riding, rodding, and real swinging summer-time fun. Lots of leisure time to do with as one pleases will be foremost in the mind when it should be research papers and algebra.

LATEST HONOR ROLL COMPILED BY OHS PRINCIPAL

By Pon Seahorn

The honor roll for the 4th six weeks has been released at OHS. The list consists of the students with an average of 90 or above who do not have any C's on their report cards. In determining the honor roll, choral is not considered. The stars denote the number of times the student has made the honor roll.

A NOTE OF THANKS

THE CHURCH FOR ALL ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

My dear wife died a year ago. Now there's just myself and my little daughter Janice. Don't feel sorry for us, though, because we're managing pretty well.
Last year when the blow came, I admit I went to pieces. We'd only lived in the neighborhood for a few weeks, and it's hard to say what would have happened if it hadn't been for our church. Suddenly I was surrounded by friends. The minister came at once with convincing words of comfort that helped me to face life again. His wife alerted other members and they brought meals, laundered clothing, took care of Janice, and ultimately found the wonderful elderly housekeeper we have now.
I had never given much thought to the meaning of Christian fellowship. Today I know that miracles of kindness can result when people unite in following the "perfect pattern" of self-sacrifice and unquestioning love.

Mildred (Mimie) Smith

Albert Smith Is Candidate For 65th Dist.

The candidacy of Albert R. Smith for State Representative of the 65th District has been announced by his daughter Mildred (Mimie) Smith, who says:

"My daddy loves me — I can see it in his eyes. I will be going to school someday, and there will be changes as time goes by. That is why my daddy is interested in little girls like me and you, and little boys, too. That is why he wants to go to Austin and do his best to see that we'll have the best. He wants good teachers — willing, patient and true. He wants them well-paid for the good work that they do."

"He is for a life that is fair and just, and a home for all of us. He will work for every good thing that his counties needs, because he will represent all of us. He is a believer in the county running the show, and if the government does it out the county should say where it will go."

"My daddy is a qualified man. He knows the language of the working man, the store keeper, the rancher, the oilfield worker, the real estate broker and the theatre, too. He has owned and worked in all of these and

his experience will help him to decide how to vote. These fields can help be his guide, for he can talk on the levels of them all."

"My daddy is getting a little old and he knows the thoughts of the old. Their pensions are too small, to have a decent life; therefore, he wants them all raised to buy the good things of life. He is a believer in a strong and united America—a free society for every man-free enterprise for us all, and to quit worrying about De-Gaulle. We have given away billions, so let's give ourselves a few million to see how it feels, like a bronc kicking up its heels."

"Free from fear and want is every man's goal, so let's work together — it's good for the soul. The good things of life all of us need, but you can't have this by just planting the seed. It takes time, toil and sweat to enjoy this life — and, above all, a good wife. My Mommy is good to Daddy and me. She goes to church where the candlesticks burn and she burns one to shine up on our Christ in our house at night. It looks real nice."

"My daddy believes there is good in every man, he just needs our helping hand. So please vote for my daddy if you can. I know he will make you a good man."

If the first part of your vehicle identification number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to

invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00 happens to be its price. *Manufacturer's suggested retail price for Special V-6, 2-dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge. Contest Rules. Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

Bailey —

(Continued from Page One)

graduation from Eldorado High School, he tried dry-land farming but soon gave that up and went to Fort Worth, where he studied accounting and business administration at Brantley-Draughon Business College.

From 1926 until 1944 Bailey called Abilene home. If he had not chosen a career with WTU, he might have made a name for himself in professional baseball. He was one of the most promising prospects that ever threw a baseball on an Abilene diamond.

In later years he made a name for himself as a golfer and softball manager. Bailey was an outstanding player as a pitcher and infielder. Through the efforts of Frank Bridges, Cowboy coach Bailey and given a try-out with the Chicago White Sox. He went to Fort Worth for a talk with Ray Schalk, Chisox manager at that time but decided to return to Abilene and forget a professional career.

Softball fans in Abilene and surrounding towns still remember the "Great Bailey" who served as manager of those WTU teams which practically dominated the league for a number of years. During the late thirties when he was manager and coach of the WTU Kilowatts, many of the fans enjoyed Bailey's performances as manager as much as or more than that of his team. He was a natural "showman" on the diamond. Many were the times he would come charging out of the dugout and take in after the umpire . . . merely to amuse the crowd and to give his pitcher a rest.

When his baseball and softball days were over, Bailey turned to golf. He says

that his brother Buck, then athletic coach at Washington State College, "gave me a set of golf clubs. I borrowed a beat-up golf ball from a friend and took up golf."

In a very short time he developed into a top-notch player in Abilene. He has won the championship flight of the annual WTU Employees Golf Tournament 12 times, and his 63 was the course record at the old Willow Crest Course in Abilene until the course was altered for the new Maxwell Municipal Golf Course.

During his long residence in Ozona, Bailey has worked on many community projects and has been an active member of the Rotary Club since 1944. He is a past president of the club. An active member of the First Baptist Church, he has served as superintendent of the young people's department and is chairman of the maintenance committee. He is a past institutional representative for the Boy Scouts and a past director of the West Texas Chamber of Commerce. The Baileys are members of the Ozona Country Club and the Ozona Duplicate Bridge Club.

Mrs. Bailey is the former Jewel Roach of Eldorado. They were married in 1929 and have one son and one daughter. The son, Joe, resides in Midland, where he is manager of the Data Processing Center of Globe Exploration Company, Inc.

The daughter Martha, now Mrs. John L. Henderson, lives in San Angelo. The Hendersons have a son, John L., Jr., and a daughter, Virginia Leigh.

The Baileys have recently completed the construction of a new home in Ozona and will continue to reside here. Mrs. Bailey has been a teacher in the Ozona Schools for many years and plans to continue in that capacity.

Following his vacation, Bailey will be associated with A. O. Fields in the accounting business.

With spring just around the corner, the veteran golfer will be able to get in some golf almost day and be ready for some of the annual invitation tournaments which he has entered and won many times.

Mr. and Mrs. Bailey were honored by local WTU employees at a steak supper Tuesday evening at the 290 Cafe. They were presented with an early American eight-day chime clock as a farewell gift from the employees.

Active in civic affairs, Loury is past adjutant of the American Legion in Sterling City, served as vice president and president of the Lions Club and is a member of the Baptist Church.

Mrs. Loury is the former Mary Ellen Williams of Childress. They were married in 1955, and they have one daughter, Tanya Elaine, 8 years of age. Mrs. Loury and Tanya will join Mr. Loury in Ozona when housing is available.

TOPS CLUB MEETS

Mesquite Beans TOPS met Tuesday night at South Elementary for the regular weekly meeting.

Eight members wore cut-outs of pigs because they had gained. Three members who held their weight wore turtle cut-outs. Tops tags were worn by 13 members who had lost weight.

Mrs. Ralph Jones was queen for the night, losing the most weight. She was followed by Mrs. Pete Zapata by a quarter of a pound.

Lionettes Even Volleyball Record With Menard Win

Coach Geneva Knox's Lionette Volleyballers evened their district record at 2-2 Tuesday night when they beat the visiting Menard sextet.

After dropping the first game 9-11, the Lionettes bounced back to win 15-4 and 14-9. Plagued by illness the past 10 days, the Lionettes used several girls in looking for the winning combination.

The Lionettes will be in Crane tomorrow night for a non-district tussle, and will meet Big Lake in Big Lake next Tuesday. The Big Lake game is a vital game for the Ozona 6. A win over the Owl-ettes would put the gals back in the thick of the district race.
