Kitty's Korner By Kitty Montgomery

I understand that plans are underway to repaint the signs place at each highway entrance to the town and I must say it's not a moment too soon. I was most surprised to find early this week that someone who posed as a professional sign painter had done the signs. This was too much.

The reason I had not mentioned it before was the fact that I honestly thought, after seeing them, that some well meaning imbibed had painted them in a moment of intense intoxication and had suffered acute embarrassment from that time on.

However, at the moment the C of C has no funds for this project so Bill Watson has volunteered to go out and paint them solid with white paint in hopes that some of our artistic citizens will come forth and help out with the art work.

We really need to get to work on this and have it finished before Jubilee time. Bill is open to any suggestions.

Little League has started and everybody has really got the spirit this year. There were no disappointed boys, thanks to the minor league, and every boy who wants will be on a team.

Tom and I watched Jim practice yesterday and had our first argument of the season. I can't understand why he thinks he knows more about baseball than I do just because he has played the game all his life and coached the all-star team last year. However, this is Jim's last year and there is a good possibility that we will get through the season without doing irreparable damage to our marriage if we go to the games separately and sit on opposite sides of the ball park.

— k k —

Speaking of Little League, some of the articles I've read on the subject lately have nettled me somewhat. All this propaganda about teaching boys that winning isn't important is absurd. I do think it's most important for a boy to be a gracious loser, but on the other hand it is most important that he strive to win. I can see no point in playing any competitive sport without a desire to win and I don't think anyone else can.

The desire to win is as American as apple pie and dates back to the Revolutionary War. Only in recent years has this "winning doesn't matter" attitude crept into the American scene. The war we are fighting in Viet Nam is a good example and any half-wit can see the pointlessness of it all.

So for goodness sake, let's not let our children grow up thinking there is something slightly immoral in the desire to win. Let's encourage and uphold it, it's one of life's most valuable assets.

The rain over the weekend was great and seemed to give renewed vigor to everything and everybody. However, it brought disappointment to Ozona's Girl Scouts who had looked forward for weeks to the annual Camporee which was to have been (Continued on Last Page)

April showers were a little late this year but Crockett County residents were jubilant over the slow falling rain that left an inch and upwards of moisture on Ozona and surrounding ranch lands over the three-day period of the weekend.

Ranchers, who were in the midst of shearing, were not one bit unhappy over the delay caused by the rain. Most of them had tightened their belts in anticipation of a long dry spell as April wore on and only .15 of an inch of rain had been recorded.

One inch of rain was recorded here in town with most of the ranch land reporting over an inch. It started with a slow drizzle Friday, turning to a slow steady rain Friday night and continuing through Saturday and Sunday with no runoff, bringing the total rainfall for April to 1.15 inches and the total for the year to 3.6.

Ozona Trackstrs Garner 12 Points In Regional Meet

Lion efforts at the Regional Track Meet in Lubbock, last Friday and Saturday resulted in twelve points, but the weather man was the one who really came out ahead. On the two cold, rainy days that saw the temperature range from 40 to 55 degrees, Gary Lee Sutton racked up six points for a third place after throwing the discus 136 feet. George Cox, Ozona sprinter, slogged in the other six points when he placed third in the 220 yard dash.

District 8-A did qualify four boys to compete in the State meet which will be held next weekend in Austin. Loney Cooke, senior cinderman from Sonora, won the 180 yd. low hurdles. Big Lake's Richard McReavy took first place in the high jump while their weight man, Don Childs threw the shot put to win (Continued on Last Page)

Ozona Supt. Chosen One of 21 in State To Attend Seminar

One of only 21 school superintendents from throughout the state of Texas to be invited, Supt. L. B. T. Sikes of the Ozona Public Schools, last week attended an "Executive Development Seminar in Educational Administration" sponsored by the Department of Educational Administration and Division of Extension of the University of Texas.

The Seminar was held at the Bar K guest ranch near Austin and members of the faculty included economics and education professors from the University plus two out of state speakers, Dr. Laurence E. Leamer, chairman of the Department of (Continued on Last Page)

Musical Program To Mark Natl. Music Week here

Ozona will have a part in the observance of National Music Week next week when the Ozona Music Club presents "Music Hath Charms", a program by local musicians, directed by Thomas Simms.

That "Music Hath Charms" is no less true in these times than when written by the poet many years ago will be demonstrated through songs, choral groups, solos, instrumentals, readings and the like, all adding up to an evening of musical enjoyment for all.

The program will be presented next Monday evening, May 2, at 8:00 p. m. at the Civic Center. There will be no admission charge. However, those wishing to do so may contribute to the fund paying for the piano which was purchased by the Club in conjunction with the Ozona Woman's Club. Everyone is cordially invited to attend.

Numbers by the High School Choral Group, a flute solo by Celia Houston, piano numbers on the new Steinway Grand by Mrs. L. B. Cox III, Kathy Lynn Russell, Sally Janes and Judy Barber all promise enjoyable listening.

The program will feature both men's and women's quartettes, sextettes and trios. Vocal solos and duets will be presented by Rev. and Mrs. Max Brown and Mr. and Mrs. Simms. Numbers from (Continued on Last Page)

Jubilee Stock Certificates Go On Sale This Week

Souvenir stock certificates for the Diamond Jubilee went on sale yesterday. Stock is \$1 per share and may be purchased at the Ozona National Bank, Chamber of Commerce and Ozona Boot and Saddlery.

Little League Teams Round Out In Player Auction Monday Night

Our nomination for the candidate most likely to win in any beard competition is this solemn visaged individual who presides at the postoffice counters. Burl Sparks sports a hirsute decor that perhaps has a fancy name but fails to stir any feeling of envy among us slick faces.

Mrs. C. Womack Named Manager Of Civic Center

Mrs. Clovis Womack took over the duties of Civic Center manager last week upon the resignation of Mrs. Jodie Conaway. Mrs. Conaway, who has been manager of the center since its opening about a year ago, resigned for reasons of health.

Mrs. Womack is active in the Baptist Church and was superintendent of the Junior Sunday School department for ten years prior to the illness and death of her husband a month ago. She has been active in club work and Girl Scouting in past years.

Mrs. Womack has two daughters, Mrs. Bill Johnson of Big Spring and Mrs. John Aiguier, who will reside here with her mother while her husband is in Viet Nam, and a granddaughter, Denise Johnson.

Managers and coaches met Monday night at the Chamber of Commerce Building for the annual Little League players auction. New players were bought and rosters for the coming season made up.

Bob Stephens will manage Moore Oilers, as he has for the past several years, with Walter Higginbotham as coach. This will be Higgin-

FFA Judging Team To Enter National Contest

Jim Davee and his FFA Range and Pasture Judging Team left Tuesday afternoon for Oklahoma City, where they will compete in the national contest. The team qualified for the national contest last Friday in Stephenville when they came in 4th in the state contest. The top winning team at the state contest was San Saba with 531 points. The Ozona team garnered 507 points to place 4th. Fred Chandler was third high individual in the contest.

Other team members are Duwain Vinson, Wesley West and Jesse Deaton.

They will return to Lubbock Saturday where they will be met by the Livestock and Wool Judging Teams and compete in the Texas Tech. judging contest.

Members of the Livestock Judging Team include Dwight Childress, Rex Bland and Bill Everett. George Cox, Buddy Couch and Jesse Deaton make up the Wool Judging Team.

Golf Team Ties For Second In Regional Meet

The Ozona High School golf team tied for second in the Regional golf meet held in Lubbock last Friday.

The team, under the direction of Coach Brooks Dozier, and composed of Win Saunders, David Jacoby, Steve Talliaferro, Duane Childress and alternate David Lewis, traveled to Lubbock Thursday and arrived early enough to shoot a practice 18 holes on Lubbock's Meadowbrook Golf Course.

It rained before the match, but the more than 150 boys from AA, A, and B schools braved the weather and played through a constant rain and slight hail. The Ozona foursome totaled 332 to tie with Big Lake for second place. The Lions' cause was led by David Jacoby and Steve Talliaferro with 81's, Duane Childress had an 84, and Win Saunders with an 86.

The first place trophy and trip to the state meet went to Memphis, Texas, who with three players of the team shooting in the high 70's totaled 317.

BIG MONEY IN POVERTY!

If you happen to have a son who is smart enough to rate an appointment to West Point, the Naval Academy or the Air Force Academy, put your foot down. That is, if you want him to have a good thing and become a member of the affluent society. Steer him instead into the poverty racket. It's the hottest thing since Prohibition and Ponzi.

Rep. William Ayres, of Ohio, made this clear recently when he cited some of the lush salaries being paid to the top brass of the Poverty Corps. The Generalissimo, Sargent Shriver, draws down \$30,000 a year for his efforts in planning strategy and directing the troops, and serving pretty much as his Joint Chiefs of Staff are 23 other world-renowned authorities on poverty-fighting who are paid more than \$25,000 a year. Apiece!

By way of contrast, the U. S. commander in Vietnam, General Westmoreland, has a base pay of \$23,268. However, it must be understood that the jobs are different. On orders from the White House, General Westmoreland is fighting only a limited

war. Accordingly, you might say that he has only a part-time job. On the other hand, the White House has given Generalissimo Shriver the green light. To fight this kind of war, men are needed — the right kind of men, and lots of them.

Holding the poor man's citadel in Washington with the Generalissimo and his Joint Chiefs are 2,350 full-time employees. Of this number more than a thousand draw down more than \$10,000 a year. This elite corps has many reserve units available to it, and all over the country thousands of well-connected poverty-baiters are rallying to Shriver's colors — described as "long green."

That the Office of Economic Opportunity, which runs the Poverty Pentagon, is getting only the best, or at least the most expensive, manpower is obvious from other statistics released by Congressman Ayres. The OEO boasts 310 payrollers who make more than \$17,055 a year. The FBI has only 192 in this wage category, and the Office of Education 172. Fears about the escalation

"I NEED FOUR VOLUNTEERS!"

of the poverty war are discounted at the White House, and no public demonstrations are planned. One taxpayer who said he planned to burn his income tax return in public recanted after a call from the Internal Revenue Service.

CALLING THE PLAYS

A person who seriously studies sports develops in time an uncanny ability to call the plays.

It is too bad that more Americans don't study international affairs the way serious sports fans apply themselves to baseball, football, and so on. If they did they would be able to see certain plays shaping up on the global scene, understand the strategy behind the moves, and predict with some certainty who is likely to do what.

Right now, for example, we are witnessing something which is mystifying to most Americans when there should be nothing at all unusual about it in view of the forces and the personalities involved.

We refer to the current drive to help China — Red China, that is — in various ways. We are being urged to invite this outlaw nation into the United Nations, as

though this would change Communist China's character and its aims. We are told we should trade with these Communists, even though such trade would strengthen Red China's war potential. We are told that we have to write off Nationalist China — in other words to knife one of the few loyal anti-Communist allies left to us.

There isn't an American who hasn't already been subjected to this current brainwashing which is being mouthed by people who are presumably responsible. And what we're getting now is only the beginning. We predict that in the months to come there will be a deluge of propaganda of this vicious nature, all based on the asinine premise that if we're especially nice to Red China, she may just possibly be nice to us. This is the same fuzzy thinking that would recommend putting murderers and rapists in nice homes instead of jails, where pleasant home surroundings and complaisant people might just possibly convert them.

Moreover, if you look at the record of those who are promoting Red China's interests, it isn't so mysterious after all. You'll usually find that it's nothing new for them to advocate causes that, somehow, end up by

Recipe of the Week

From Kitty's Kitchen

CHICKEN JUBILEE

- 4 slices of bacon or more
- 1 cup raw rice
- 1 chicken cut in serving pieces
- 1 large can mushrooms
- 1 can cream of chicken soup
- 1 can water
- Salt
- Pepper
- Paprika
- Oregano
- Parsley Flakes

Line pan with cut up bacon and spread rice on top. Place chicken on top of rice, and sprinkle with salt and pepper. Pour can of mushrooms over chicken, juice and all, and sprinkle with

paprika and oregano. Pour can of cream of chicken soup over all, and add can of water. Sprinkle with parsley flakes, cover tightly and cook 2 hours in pre-heated 350 degrees oven.

This was used as the main course at the Woman's League Supper Club last Friday night. Instead of using a whole chicken, a package of frozen thighs and a package of wishbones were used.

The Family That Prays Together...

Slogans have their place. But no slogan can really express the value of worship for a Christian family.

That those who pray together generally stay together is simply a statistical fact derived from someone's study of divorce and delinquency records.

What is important to the millions of American families who will attend church next Sunday is the spiritual foundation upon which they have chosen to build life. They are finding a way to meet and overcome the obstacles that so often frustrate the self-sufficient. They are seeking truth that endures.

Religion is not a gimmick that automatically insures happy marriage, well-behaved children or social well-being. But the family that prays together ultimately learns from God Himself the meaning of love, understanding and sacrifice. And these affect our homes ... and our world.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

Diamond Jubilee Doings

There will be a meeting of all class representatives and anyone interested in the Homecoming events tonight at 7:30 in the court room at the courthouse.

At this meeting discussions will be held concerning combining classes to enter floats in the parade, class reunions, ways to create interest in the Homecoming Days of the Jubilee and the problem of housing for visiting exes and their families.

All class representatives are urged to be present, as this is the only planned meeting for this group.

Art work has been approved for billboards. We will soon see colorful billboards advertising the jubilee in this area. Stories and pictures have been carried in area newspapers and announcements have been sent to various magazines which carry a calendar of events page.

DR. TUNNELL IMPRESSED—Archeologist Can 'Hear The Bugles' At Lancaster Site

How an archeologist looks at an historic site is revealed in a letter received last week by Mrs. R. A. Harrell, chairman of the Crockett County Historical Survey Committee, from Dr. Curtis Tunnell, State Archeologist, who recently visited Ozona and did some preliminary exploration work at Fort Lancaster ruins in west Crockett county.

"My recent visit to Ozona was very pleasant," wrote Dr. Tunnell, who along with Dr. Edward B. Jelks, of the SMU department of archeology and nationally known archeologist, spoke to a meeting of the historical society while here.

"My recent visit to Ozona was very pleasant, and I hope it was profitable for the Fort Lancaster project," wrote Dr. Tunnell, who along with Dr. Edward B. Jelks, nationally known archeologist and now head of the SMU department of archeology, spoke to a meeting of the Crockett County Historical Society while here. "I appreciate the hospitality shown to my friends by you,

your committee and the people of Ozona.

"Fort Lancaster certainly deserves all of the effort you all are putting out to preserve it. The ruins there are impressive by themselves, but Fort Lancaster has something that no other fort site has — the setting of the Pecos Canyon. While descending into that canyon, I can almost hear the bugles and the sounds of men and horses at the fort below. I feel that the archeology of the site is in good hands with Dr. Jelks, and I was especially encouraged that your committee has agreed to furnish a permanent caretaker out at the ruins.

"If I can be of help to you in the future, please call on me.

Sincerely,
Curtis Tunnell

Hobby Club Tours El Dorado Mills

On Tuesday, April 19th, El Dorado was visited by the "Hobby Club" whose members are scattered from Uvalde, to Del Rio, to Sander-son, and on many outlying ranches. They converged on the El Dorado Woolen Mills.

They admired the beautiful materials and were greatly impressed by the beauty of fine workmanship of the blankets and rugs and all the products put out by the firm.

They were escorted through the building by Mr. Becknell, manager of the saddle blanket dept.

They also saw the machinery in operation and thought the factory most interesting. Some of the ladies took advantage of the opportunity to do some shopping while there.

Those in the group were Mrs. Fay Eastman of Sander-son, Mrs. Ruth Geaslin of Sander-son, Mrs. Andy White from the ranch near Pumpville, Mr. and Mrs. Willie Arledge from the ranch near Pumpville;

Mrs. Newman Billings from the ranch near Langtry, Mrs. Clayton Cox from the ranch near Langtry, Mrs. Larry Arledge and small daughter from Ozona.

Mrs. B. G. Maness and daughter, Rosellen of Eldorado, joined the party as guests. Mrs. Maness is the daughter of Mr. and Mrs. Newman Billings.

Mrs. Pat Smith also joined the group, being a member of the club.

Members of the MYF of the Methodist Church and their guests will be honored with a barbecue at the Carl Conklin Ranch west of town next Saturday.

FOUL WEATHER FRIENDS

Everyone LOVES Electric Living

Wonderful in fair weather, too. When the weather is foul, as it is so often in winter, an automatic washer and flameless electric dryer guarantee a constant supply of fresh-smelling, fluffy-dry clothes. With your own automatic electric laundry, you just pop the family wash in the washer, set the dial and go about your other chores. Drying clothes is no problem either—pop them in—set the dial—then do some other little chore for the family, you have been "putting off." So remember, in fair weather or foul, your best friends are an automatic washer and flameless electric dryer.

Economics of State University of New York at Binghamton, N. Y., and Dr. Louis Levine, director of the U. S. Employment Service, U. S. Department of Labor.

Theme of the five-day seminar, April 17-21, was "Economics and Education." Topics explored included the economics of school administration, accounting, taxation and public expenditures, occupational information in educational planning and job opportunities for students.

The seminar director was Dr. Henry J. Otto, chairman of the Department Educational Administration, U of T.

In the invitation to the 21 picked superintendents, Dr. Otto said the purpose of the seminar was "to assist busy superintendents to take time to reflect upon 'what is happening,' to learn about new trends and new knowledge and to acquire new or modified techniques and skills in dealing with problems."

that event. Johnny Mayo of Eldorado was second in the shot put, and his teammate, Danny Richardson, clinched his chance for State after winning second in the 880 yd run.

Sutton's 146-foot throw was only two feet shy of the 148-foot second place mark. Last week at the District meet, he threw 169 feet, but scratched by a fraction of an inch; Sutton threw 158 feet to qualify for the Regional meet. Running on a track that in some places was covered with two and one-half inches of water, Cox was clocked at 22.7, only a second behind the second place dasher. The 220 yards was run on the straightaway instead of the curve so that there would be less water to run through.

With the closing of the track season, the OHS sports activities for 1965-66 have come and gone. The coaches must wait until cries of "next year" bring about the first football game of 66-67.
