Funeral services were held at 4 o'clock Sunday afternoon from the Ozona Church of Christ for Otis Lee (Pappy) Sims, 89, retired rancher and business man, Ozona resident 21 years and lifetime West Texan, who died about 6 p. m. Friday at the Crockett County Hospital after a brief illness.

Services were conducted by Darrell Brawley, Church of Christ minister, with burial following in Cedar Hill Cemetery under the direction of Janes Funeral Home. Pallbearers were Lowell Littleton, Delbert Stewart, Bud Loudamy, J. P. Pogue, Cap West, Tommy Loudamy and Chas. E. Davidson III.

He operated an ice business here for a number of years and kept in touch with the ranching industry through his mixing and marketing of his own brand of worm medicine. He had retired from active business in recent years but continued to circulate among his friends here and was active in gardening at his home.

He was married to Lula Mae Scott in San Angelo in 1899. He and Mrs. Sims celebrated their golden wedding anniversary in 1949. He was a member of the Old Cowboys Association and was a storehouse of information on early West Texas history. That girl, admiring the diploma she won as Ozona's first high school graduate, is pictured above in her graduation dress, and some of her graduation gifts in the background. On the back of the photo is written, in Mrs. West's hand, "With my Diploma the night I received it, April 17, 1896. Alma." Two of Mrs. West's great grandchildren were in this year's graduating class and received their diplomas at the 70th Commencement Exercises Friday night. They are Helen Hayes and Billy Carson.

mer Texas secretary of state, and ultra liberal State Senator Franklin Spears of San Antonio, for the office of attorney general of Texas. Because of the fact that there is only one race on the statewide ballot, the run-off vote is expected to be light.

Crockett county has one countywide run-off and one precinct run-off.

Attracting countywide attention is the race between incumbent County Judge Bernice Bailey Jones and ranchman Troy Williams. Mrs. Jones, widow of late County Judge M. Brock Jones, and appointed by the Commissioners Court to fill his unexpired term following his death from a heart attack, led the field of four candidates in the first primary election. Williams was second, Carl Conklin third and Woody Mason fourth.

The precinct run-off will be in Precinct 4 for the office of County Commissioner between Glenn D. Sutton, incumbent Commissioner, and Jake Young, who formerly held the Commissioner post from the same precinct. Sutton led the ticket in a field of five, with Young in second place.

Voting places in the county for the run-off election, announced by A. O. Fields, county Democratic chairman, are as follows:

Owens Ranch, Powell Field Pecos Power Plant, South Elementary (Precinct 4 voters) and the Courthouse in Ozona.

Versatile Dust Developed by Scientists  
Researchers have discovered a new method of protecting houses and apartments against roaches and a hundred other insects for the lifetime of the occupants.  
Professors of entomology said that a new dust called "Amorphous Silica Gel" has been developed that is harmless to humans and animals, but lethal to termites, cockroaches, silverfish and a hundred other insects. The dust literally dries the insects to death by removing a protective wax on their bodies and causing death through evaporation of body moisture.  
Once applied, it can last indefinitely without losing its ability to kill pests.

**WTU NOTEBOOK-PATTERNS FOR PROGRESS**

**ECONOMIC DEVELOPMENT**

... its benefit to you

Economic development means developing all of the basic economic resources of a community or area to their fullest potentials, creating new wealth in the area and attracting wealth from outside the area. It CAUSES a higher standard of living for all of the people, making the community a better place to live, work and play. It PROVIDES improved community facilities, increases job opportunities, especially for the young people, and attracts new people to the town.

**FIVE BASIC SOURCES FOR ECONOMIC IMPROVEMENT**

- INDUSTRY**—creates new jobs, utilizing and increasing the labor force's value to the community plus helping to share the tax burden for improved community facilities.
- TOURISM**—adds wealth to the community that was created outside of the area, and makes a favorable impression on tourists as a good place to live. Tourists' dollars circulate many times within a community.
- AGRICULTURE**—improvement of product yields and quality of products produced plus further processing of the products can add greatly to the economy of an area.
- NATURAL RESOURCES**—developed in an area change and increase the wealth as well as providing job opportunities. Depletion of the natural resources can cause adverse effects on the economy.
- GOVERNMENT**—local, state and federal institutions and agencies keep tax money in the area and in some cases, bring in additional wealth from the outside.

An object of a sound economic development program is to balance the economy of a community or area from all five sources. ATTENTION and EFFORT should be given to the ones which present the best possible chances for economic development and improvement. Attracting new industries, or the expansion of existing industries, usually provide an excellent opportunity for economic development.

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**A YOUNG MAN'S FANCY...  
 ...and a girl's too**

Spring is taking its romantic toll once again! But there's more to be shared in life than a cup of cola. So who knows whether this new-born affection will last — or, indeed, whether it should? Where character and conviction are formed, there the foundations of true love are fashioned. Perhaps then the Church makes a more significant contribution to romance than the warm breeze of May. For with the help of the home and the support of the community, the Church is training the brides and grooms of some later June to realize in a deep affection their responsibilities to themselves, to one another, and to God.

# PROGRESS

America has come a long way . . . from the log cabin to the skyscraper . . . from the covered wagon to the jet plane . . . from the hand plow to atomic energy.

The road has never been easy, but it has always been clearly marked . . . its milestones, the basic rights on which this nation was founded and by which it has lived and grown strong. The right of every man to determine for himself the course his life shall follow. The right to choose his own work or to build his own business. The right to go as far as his own ability will take him in the direction of his choosing . . . the right to compete freely with his fellows in the achievement of his objectives.

It is these rights that spur each man to create and produce to the limit of his capacity . . . that prompt each business to give its customers more for less. It is these rights that have made America's might.

Together with all Ozona and Crockett County, we look back with pride at our past. With confidence we look to the future and all that lies ahead.

**Ozona Tigers Drop Two In Row**

Ozona Tigers dropped two in a row over the week-end by healthy scores — to the Eldorado Eagles on Friday by a 7 to 4 count and Sunday to the San Angelo Hawks 8 to 3.

The Tigers counted all their tallies in the eighth inning against Eldorado but were unable to carry the rally far enough to catch up. Rudy Martinez chunked against Eldorado.

Again in the San Angelo game, the Tigers got started too late and came through with too little. They scored one in the eighth and two in the ninth for their three scores. The visiting Hawks counted three in the first, one in the third, two in the fifth, and two in the seventh. Bobby Sanchez was the pitcher against the Hawks.

"Even though the Cast Auction was held last Thursday evening, we still want to welcome anyone and everyone who would like to take part in the Gigantic Historical Spectacular which will be the highlight of the entire Celebration", said Mel Eckerstorm, director. The set will be constructed at the High School football stadium and will be approximately 300 feet long. We will be using four multi-level stages. A professionally written script has been written for the Crockett County Jubilee. There will be no speaking parts, only walk-on roles. You need not have any previous acting experience, it will provide a great deal of fun and give you a chance to participate in a theatrical production using professional lighting, costumes and make-up that you may never have again."

Take part in this Celebration, you may not be around for the next one.

Mel Eckerstorm Director

Anyone planning to enter a float in the parade is asked to go by the headquarters and fill out a card for the file, or see Carl Conklin or George Bunger, Jr.

Kangaroo Kourt will be held at 5 o'clock this afternoon (Thurs.) in the downtown city park and at the same hour Saturday afternoon in the Village Shopping Center.

An antique piano has been set up on a truck in the parking lot at the shopping center and there'll be some country music each afternoon (nearly) by Doyle Lovell and his group. The platform soon will have on old fashioned bar added — the whole to be a part of the coming Jubilee parade.

**THE LEGEND OF BUSTER'S PACKAGE STORE**

Will Prove I Kinda grew up in the Liquor business

Some cowboys were born on a paint cayuse, But I was born by a "kettle" of booze, 'Way out there in the cedar break hills, Where smoke curled up from neighborhood stills!

Old BUSTER Shroyer — they called my paw- He might have winked at the revenue law, But he tried to live by the Golden Rule, Sent 11 children to the Cedar Hill school!

Old Buster Shroyer was a tough old man, Who drank his liquor from a rusty can, Or sipped spring water from a dipper gourd After twisting the crank on his Model T Ford!

His still was hid up Bell Hollow Draw, Away from the prying eyes of the law. He aged his liquor in hollow logs, And fed the mash to some big fat hogs.

From sugar browned in a frying pan, He colored his liquor to a golden tan. Dripped it through a log for mellow-ness, Cooled it in the spring 'neath the watercress!

He chopped cedar wood with a double bitted axe, His jugs were sealed with fresh bee's wax. He plugged each jug with a new corn cob, A haystack concealed the completed job.

At a school house party or a big Barn Dance, You could spot old BUSTER with an easy glance. His black Model T at the edge of the cars, Had a pay-load of jugs and full fruit jars.

From the sparkling water of the big Seep spring, Old BUSTER had going a real good thing. Some competing neighbors had little stills, But BUSTERS liquor was the best in the hills!

Old BUSTER is gone from the cedar brake hills, The fires are out 'neath the Bell Hollow stills. But young BUSTER'S in Sonora on the main highway, Shop at BUSTER'S PACKAGE STORE today!
