Young Mexican National Jailed After Wild Week Of Car Thefts, Looting

Kitty's Korner
By Kitty Montgomery

It sort of irritated me this week when I discovered that our hospital had decided not to go along with the medicare program. Since I, along with the other Social Security taxpayers in this county, have started paying a higher tax which will go higher in the coming years to finance the medicare bill, I would prefer to think that my money is being used for the benefit of the older people here in Ozona rather than some place else.

I very much disliked the idea of medicare from the very beginning, however, now that it is a law and we are paying our money to finance the thing, I dislike to think that our people will not be able to take advantage of it without leaving the county to do so.

Not that I think it will do much good, but I am writing the Social Security office and asking them to decrease the tax of individual Crockett county taxpayers to the level it was before the hike for medicare. There is absolutely no sense in paying for something you aren't getting.

George Glynn, outgoing Lions Club president, got quite a surprise last week when he was presented with the traditional president's watch. When he opened it he discovered it was a Mickey Mouse watch. His fellow club members informed him that the club had spent so much money during his term in office that they could not afford the usual expensive watch. However, before he could regain his composure, they gave him the traditional watch and everybody enjoyed the joke including George.

It seems the Little League ball park has become a place for a group of teenagers to do most anything but watch the ball games. Tuesday night's display of fireworks over the field while a game was going on was a disgrace. Even after the announcer asked them to desist their antics continued. Out of this group, most of them drive a car at one time or another and there is not one of them that is old enough for a driver's license.

If it keeps up, there will more than likely be some action taken by Little League officials, if not some irate baseball fans.

Jim and I spent the 4th of July visiting my brother who lives east of Dallas. We went in the car via turnpikes, expressways and freeways. Someone told me that was the fastest easiest route. To me it seemed like an engineer's nightmare. After passing Dallas and driving for miles on the expressway, I decided I was lost and found it quite easy to get off the thing. However, getting back on was another matter. Get back on I did though, and found myself going back toward Ozona. I finally found an exit after I passed Dallas again. Jim was so embarrassed he got in the back seat and lay down that was better than hearing "oh mother" (Continued on Last Page)

A 17-year-old Mexican national is being held in Crockett County jail after a wild week of stealing cars, looting and eluding officers all over Southwest Texas. The youth, Silbiano Fajardo Gonzales, was apprehended by Deputy Sheriff James Huff in Sonora last Saturday night after being stopped by the deputy and reaching for one of the stolen pistols just before Huff pulled him from the car.

Gonzales was deported from Presidio on June 26. He immediately made his way across the border and stole a late model Cadillac in that border town. Camping out two or three days in the Big Bend, he made his way to Alpine where he abandoned the Cadillac and picked up a Pontiac. After driving to Ozona Thursday night, he got away with O. B. Poole's '63 Buick, after loading his loot into it. He drove Joe Boy Chapman's Mustang around to the back of his house, emptied it of gas and a 22 pistol, leaving town in the Buick.

The thefts were reported Friday morning and officers set up road-blocks in an effort to catch the youth. However, he had driven to Todd Field where he camped out all day Friday and part of the night. A Border Patrol plane was called out of Del Rio and searched the area Saturday.

Meanwhile, Gonzales had stolen a '51 model Falcon station wagon from a pump-er at Todd Field, made his way to Big Lake during the night, stole another Mustang out of a garage in a residential section and headed toward Sonora via Christoval where he hid out near the river until dusk Saturday and drove into Sonora which proved to be his undoing. Deputy Huff, seeing the stolen car, stopped the youth and managed to subdue him before he could get to the loaded pistol he had by his side.

Several hundred dollars (Continued on Last Page)

Jim Marks Heads Lions Club New Officers Slate

Ozona Lions Club installed new officers last Thursday at its weekly luncheon for the new year beginning July 1. Installed as president was Jim Marks; first vice-president, Clarence Key; second vice-president, Dean Scott; third vice-president, Doyle Elmore; Henry Miller, tall-twister, and Gary Wagner, Lion tamer. Elected secretary was Dr. Raymond Holland.

The new Lion president is manager of the Ozona Food-way Store.

The two new directors elected this year were Wayne Lowry and Bill Lewter. Hold-over directors are Weldon Maness and Claude Montya.

The Lions biggest project this year was financing several rounds of eye-surgery for a local child who could not attend school because of vision defects in both eyes. The Lions last report from the surgeon indicated the project a complete success.

George Glynn, outgoing president, was presented with the traditional president's watch.

Biggest money-raising project sponsored by the Lions each year is the Annual Junior Rodeo. Dates for this year's AJRA Rodeo are July 21, 22 and 23.

Ozona Horses Run At Ruidoso Downs In Holiday Meet

In the 4th of July races at Ruidoso last weekend, Talent Bar, winner of last year's Ruidoso Downs Rainbow Futurity didn't make a showing in his race. However, Velvet Bars, ran third in the fastest 350 run on the 4th. On Saturday Velvet Bars ran a close second. Johnny Cox was the jockey in all three races. Both horses are owned by P. C. Perner and trained by James Chapman.

Talent Bar suffered a knee injury last season after winning the rich Rainbow Futurity. However, it has healed and both owner and trainer expect him to be in the winner's circle several times this racing season.

Perner bought Velvet Bars last winter and this will be his first racing season.

Ozona Teams Vie For Championship Of Eden Tourney

In the fourth of July baseball tournament in Eola, the Ozona Tigers won the championship trophy by downing the Ozona Indians 6-2.

In the first game of the tournament the Tigers won a close one with the Eden Blue Sox by a score of 6-5 with Rudy Martinez on the mound. The Indians downed the Eola nine for a chance at the championship.

The championship game was tied 1-1 until the 7th when the Tigers got hot with their bats and collected 5 runs. The Indians garnered one run in the seventh and both teams went scoreless in the last two innings. Tony Garza was the winning pitcher, Alvin Sanchez the loser.

The Tigers will play the Del Rio Indians Sunday afternoon at Del Rio.

Doctors Disagree On Pathologist's Hepatitis Finding

Although both local doctors disagreed and disputed the finding, a San Angelo pathologist's report of the cause of death of Cecil Fay as "acute viral hepatitis" went into the record on the death certificate filed by the undertaker and thus became official.

Fay, 23-year-old cook in a local cafe, died in the Crockett county hospital two weeks ago after being treated there for about a week. Cause of death was not immediately determined and a post-mortem operation was performed by a local physician and tissue from the liver and spleen were sent to the pathologist for examination.

The pathologist's report of hepatitis as the cause of death, encountered disagreement from both doctors. The patient showed no symptoms typical of hepatitis, both doctors agreed, and Dr. Sherrill reported that in his opinion Fay's death was caused by "Pulmonating Lymphatic Leukemia". Nurses in the hospital were given shots of gamma globulin as a precaution.

A new case of hepatitis was reported in the city during the past week. A child in the Latin-American community was diagnosed as suffering from the disease, Dr. Lloyd Sherrill, who is county health officer, reported.

Members of the child's family have been given GG shots and precautions taken to prevent spread of the disease, the doctor said. Poor sanitary conditions are most often responsible for spread of the disease, he said.

Several cases of hepatitis have been reported in the community in recent months, the doctors agreed, and efforts are continuing to improve sanitary conditions and to guard against communicable disease outbreaks. No specific course for the hepatitis outbreaks has been pinpointed.

Pickup Overturns, Couple Uninjured

Saturday afternoon 17 miles west of town on a dirt road a pickup belonging to Jackie Womack and driven by Steve Austin Livesay overturned in loose gravel. Ginger Ann Womack, daughter of Mr. and Mrs. Jackie Womack, was the only other occupant.

Neither of the two were injured, but were taken to the hospital by the girl's moppet-up in her car. Her, who was following the

Woody Mason, Ozona Auto Dealer, Dies In Flaming Wreckage Of Car

Ozona Oilers Jump To Lead In LL 2nd Half

Ozona Oil took the lead in the second half of Little League play Tuesday night when they flattened B & B Grocers by a score of 11-4. The two teams had been tied for the lead until then. As of now standing are: Ozona Oil 5-1, B&B 4-2, Flying W 3-3 and Moore Oil 6-0.

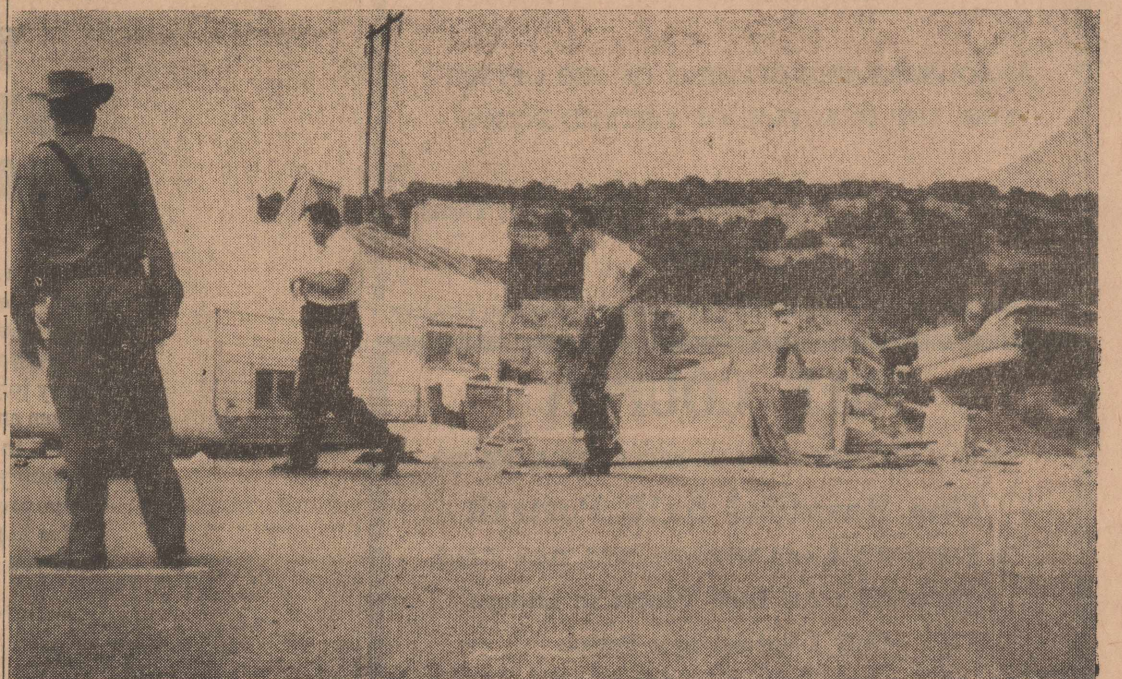

In Thursday night's play, Flying W lost a close one to B & B. The teams were tied 8-8 at the bottom of the sixth and were forced into an extra inning with B&B scoring the winning run in their half. Ozona Oil took the second game 11-9 against Moore Oil. Moore Oilers were ahead until the second when Ruben Tambunga hit a grand-slam homer and tied it up. From then on it was touch and go, with Ozona Oil pulling out ahead to win by two runs.

In the first game, Mike Jenkins was the losing pitcher and Billy Joe Pierce the winning chunker. Dean Shaw was the losing pitcher in the second game and Oscar Najjar the winner.

Tuesday night, Flying W Ranchers downed Moore Oilers 13-3 in the first four innings of the first game. When one team is 10 runs ahead at the end of four innings it automatically ends the game according to Little League rules. Joe Martinez was the winning pitcher and Ned Stephens the loser. In the second game B&B had a 2-1 lead until the third when Ozona Oil crossed the plate for four runs. B & B scored again in the bottom and both teams went scoreless until the fifth when Chuck Womack hit one over the fence with one man on to give the Oilers a 7-3 lead. Ozona Oil scored four runs in the sixth to the Grocers one, giving them a one game lead for the second half championship. Oscar Najjar was the winning pitcher and Robert Lee Daniels the loser.

HOLIDAY HIWAY LITTER — A camper mounted on a pickup truck is scattered along the highway shoulder and the pickup is lying on its back across the right of way fence in the background, the result of a crash two miles east of Ozona on Highway 290 Saturday afternoon. Seven persons in the pickup and camper, five of them children riding in the camper, escaped without injury. The truck and camper were struck from behind by a car driven by an Ozonan, Rodolfo Enriquez. Two passengers in the car were hurt, one still hospitalized with back injuries. On the opposite side of the highway from the above scene, the car lies on its back. Hiway Patrolman Robert Brown, foreground, investigated the crash.

The charred body of Wallace Woodrow (Woody) Mason, 46, Ford Dealer here for the past ten years, was found in the burned wreckage of his late model Ford automobile Tuesday morning at the bottom of a canyon east of Iraan, on Highway 29. The car had literally sailed off the highway and was ground to bits as it traveled 840 feet down the canyon from the point where it left the road, coming to rest in consuming flames at the bottom of the

Holiday Hiway Collision Sends Ten To Hospital

A two vehicle collision 2 miles east of Ozona on Hwy. 290, Saturday at about 3:30 p. m. sent ten people to the emergency room of the Crockett County Hospital. All but one escaped with minor cuts and bruises.

The accident occurred when a pick-up truck and camper driven by a California Negro, Napoleon J. Ashley, was hit from the rear by a 1957 Ford automobile driven by Rodolfo (Rudy) Enriquez, 19, of Ozona. Both vehicles were traveling west. The impact caused the camper to fly off the pick-up and skid about fifty feet along the shoulder of the highway before breaking open and coming to rest, its floor upright and the top upside down. Five children, ranging in age from 15 down to 2 years, of age, were riding in the camper. All escaped without a scratch.

The pick-up left the road immediately after the crash, turning over and coming to a stop along the right-of-way fence. Riding in the pick-up with Ashley was his wife. They were on their way to Calif. with their five children.

Skidding around on the highway, the Ford came to rest on the opposite side of the highway, headed east.

Both vehicles were a total loss. Other occupants of the Ford were Lionel Munoz and Rodrigo Pacheco. Pacheco suffered the only serious injury and is hospitalized with an injured back.

Enriquez and Munoz are members of the Ozona Tigers baseball team, Enriquez playing short-stop and Munoz, catcher.

canyon 85 feet below. Officers could find no apparent cause for the crash on the highway where the car left the road and plunged over the side between a bluff and guard rails. A passing motorist reported the accident around 9 a. m. after seeing smoke coming from the bottom of the canyon and being unable to determine if it was a car or plane crash.

The crash apparently occurred around 8 a. m., while Mason was on his way to Odessa. He had left word at Rutherford Motor Co. around 7:30 that he was going to Odessa and would be back around 1 o'clock.

Investigating officers entered the canyon from another end and found it impossible to identify the burned car or its occupant as the vehicle had struck boulders and trees on its way to the bottom of the canyon and was completely burned. After finding a piece of the windshield with the inspection sticker on it and checking it out, the car was identified as belonging to Mason. However, positive identification of the body was not made until around noon when a local dentist made the identification from dental records.

Funeral services will be held Thursday afternoon at 4 o'clock from the First Methodist Church with burial in Cedar Hill Cemetery under the direction of James Funeral Home.

Mr. Mason was born July 11, 1919, in Forney, Texas. He was married to Dorothy Lee Boone July 30, 1943 in Dallas. He served in the Air Force during World War II and was called back when the Korean conflict broke out. He was discharged with the rank of Major.

Before moving to Ozona and purchasing the Ford agency here, he was associated with his father-in-law, M. H. Boone of Big Lake, Ford agent in that city. He operated the Ford agency here for ten years before disposing of it recently. He was to have gone to work for the Rutherford Motor Co. on the day of his death.

Active in civic affairs since moving to Ozona, he was a past president of the Ozona Lions Club and a member of the Masonic Lodge. He was a candidate for county judge in the recent elections.

DR. HUMPHREY'S PRESCRIPTION

Years ago a politician made history with the opinion that what this country needed was a good five-cent cigar.

Nowadays our politicians are obsessed with the notion that what the country needs is more taxes, an ather attitude may be judged from some recent remarks of Hubert H. Humphrey. According to a Washington news story, our Vice President in addressing a body of state legislative leaders "quoted figures showing about a third of the states have no income tax, another third have an anemic tax and the remainder 'make reasonably effective use of it.'" Further on in his remarks he told the lawmakers: "I would suggest that you might take another look at the income tax..."

In plain English that means: "You boys ought to get with it. There are plenty of golden eggs in those tax-paying geese."

Time was when this sort of jabberwocky would have ended a man's political career. That was when politicians advocated less government meddling and called for less taxation and more economy. Indeed, only three decades ago there were screams of outrage when Harry Hopkins, the social worker who became aide to President Roosevelt, expressed the political philosophy: "Tax and tax, spend and spend, elect and elect." He had to back water on that, quick.

Today things are different. Taxes are huckstered by our politicians as though they were highly beneficial. They imply that the more taxes we pay the better off we are. More taxes, we're told, mean you get more things, absolutely free, from Washington and your State Capitol. The more money you pay in taxes the more nice people can be hired to keep a close look on your affairs, especially

your taxpaying habits. And more tax money means there will be less money "wasted" on "the private sector of the economy", which means the things you need for yourself.

Such money, diverted to government use, means that people who presume to be smarter than you and I are enabled to buy all sorts of expensive trinkets to use, waste or give away, and this in turn creates business booms. And if the boom gets out of hand and money starts getting worthless, more taxes are just the thing needed to bring it under control.

With so many Americans falling for this malarkey they can blame only themselves when Dr. Humphrey's fiscal prescription is filled by the several states.

"VIOLENT SELF-HELP"

In their dissent from the recent Supreme Court decision that even a voluntary confession of wrongdoing is inadmissible as evidence, Justices White, Harlan and Stewart expressed concern that "this new version of the Fifth Amendment," will so further handicap law enforcement officials that law-abiding citizens may find that they "can only engage in violent self-help with guns knives and the help of their neighbors similarly inclined."

This is a grim warning, indeed, and not only because the police are increasingly handicapped by Supreme Court decisions. All across the country, well-qualified policemen have been resigning or retiring. The New York City force lost 276 by resignation and early retirement in the first 17 days of June this year, as compared with 70 in the same period last year. Smaller communities have similar problems. One hears of a midwest community in which the entire 5-man force resigned; the same with a 17-man force of a town in an eastern state. Undoubtedly there are many others. Yet who can blame any man for quitting when

it becomes clear that he cannot do the job he was hired to do and which his conscience tells him needs to be done?

Have we no course other than the "violent self-help", alone, or with our neighbors, which Justices White, Harlan and Stewart have suggested? This would mean a return to vigilante law, such as was commonplace in western territories in the frontier days of this nation. Our dictionary defines "vigilance committee" as "a body of men self-organized for the maintenance of order and the administration of summary justice in communities where regular authority is lacking or inefficient."

We dread the consequences, if it comes to that. For however well-intentioned the vigilance committee, the basic nature of vigilance law opens the way for gross abuses and the "summary justice" that goes along with it is almost certain to result in some grievous and unredeemable miscarriages of justice.

Yet we think it will come to that, unless something is done at once to restore the freedom of local authorities to cope with local criminal elements. Since the U.S. Supreme Court is the prime element undermining those authorities, it appears to us that only the U.S. Congress is in position at this stage to reassert the rights and best interests of law-abiding citizens.

FAITH LUTHERAN SUMMER SCHEDULE

The following vacation schedule for the Faith Lutheran Church has been announced by Rev. Arno Melz: July 10 there will be Sunday School and Bible Class at 6:30 p. m. with worship at 7:30 p. m., led by Rev. J. L. Konz of Eden. July 17 there will be no service scheduled. July 24 services will resume with worship at 9 a. m. and Sunday School and Bible Class at 10:00 a. m.

Quick Action Advised To Prevent Inclusion Of Agriculture In New Federal Wage-Hr. Law Provisions

Quick action by individual ranchmen and farmers is imperative if agriculture is not to be included under the Wage and Hour Laws, declared G. C. Magruder, Jr., of Mertzon, president of the Texas Sheep and Goat Raiser's Association.

Inclusion of farm and ranch labor was recently voted by the House and now is considered by a Senate subcommittee headed by Senator Ralph Yarborough of Texas. As late as Thursday, the subcommittee defeated by a vote of only five to three an attempt to set the minimum wage for agriculture at \$1.60 per hour instead of the \$1.00 voted by the House. Also defeated was an attempt to include any farm or ranch which hires more than 300 man-days of labor per quarter. The House version set the minimum at 500 man-days. The two new proposals were presented by Senators Robert F. Kennedy, New York, and Harrison A. Williams, Jr., New Jersey.

"Our association and others are working desperately to keep agriculture out," said Magruder. "But it is a very difficult fight. The tide is running against us. It is imperative that ranchmen and farmers individually send letters and telegrams to their Senators, urging that they support an amendment to the minimum wage bill to exclude all agriculture and certainly those employees on an operation devoted principally to production or feeding of livestock."

"This is a seasonal type of work which cannot always follow a clock of a calendar," Magruder declared. "Lambs, kids and calves are not born on an eight-hour day, and storms do not always occur only between eight and five." He said a current inter-

pretation is that even contract labor such as sheep shearers, fence builders and pear crews will be counted against the 500 man-days.

CROCKETT COUNTY MUSEUM FUND GIFTS

Contributions to Crockett County Museum Fund recently include:

Mr. and Mrs. Charlie Black Jr., in memory of: Mr. O. L. Sims, Mr. J. M. Pridemore, Mr. Charles E. Coates.

Mrs. S. M. Harvick in memory of: Mr. Charles E. Coates, Mr. O. L. Sims.

Mr. and Mrs. W. E. Friend Jr., in memory of: Mr. Charles E. Coates.

Mr. and Mrs. Early Baggett in memory of: Mr. O. L. Sims, Mr. Charles E. Coates, Mrs. E. B. Deland.

LOWRY FAMILY ARRIVES

Wayne Lowry, local West Texas Utilities manager, spent the 4th of July weekend moving his family here from Sterling City.

After remodeling, the family moved into the Utilities owned house at 203 Ave. D. Lowry has a wife, Mary, and a daughter, Tanya, who will enroll in the fourth grade when school starts.

Bonnie and Ann Glynn returned yesterday from Rocksprings, where they had been visiting their grandparents, Mr. and Mrs. J. B. Glynn. The girls also took in the annual Rocksprings Rodeo while there.

Mrs. Lawrence Janes and Mrs. Basil Dunlap will attend a Modern Math workshop for two weeks at Howard Payne College this summer. Mrs. Janes will teach a sixth grade class at North Elementary next semester.

Woman's Forum Committees Named

Mrs. Kirby Moore, president of the Ozona Woman's Forum, announced the club's committees for the following year this week.

The entertainment committee will be made up of Mrs. Chas. Williams, Jr., chairman, Mrs. Hugh Childress, Jr., Mrs. Ele Hagelstein and Mrs. Pleas Childress, Jr.

Mrs. Fred Hagelstein will serve as style show chairman; Mrs. B. B. Ingham, Jr., reporters; Mrs. John Coates will head up the pressbook committee; Mrs. Oscar Kost will be in charge of the night game club, and Mrs. Joe Clayton will be chairman of the adult reading program.

Mrs. Pete Jacoby will be chairman of the program committee and serving with her will be Mrs. Lloyd Sherrill, Mrs. Dempster Jones and Mrs. L. D. Kirby.

Mrs. Marshall Montgomery and Mrs. Beecher Montgomery will form the membership committee, with other committees to be announced at a later date.

The summer called meeting will be held at 9:30 a. m. Tuesday, July 12 at the Civic Center.

Serving on special committees for the Forum during the recent Diamond Jubilee celebration were Mrs. T. J. Bailey, Mrs. Lowell Littleton, Mrs. Bill Clegg, Mrs. Pete Jacoby, Mrs. Joe Clayton, Mrs. Fred Hagelstein, Mrs. James Childress, Mrs. L. B. T. Sikes, Mrs. P. C. Perner, Mrs. Marshall Montgomery, Mrs. Hugh Childress, Jr., Mrs. Beecher Montgomery

and Mrs. John Coates. Many of these and other members participated in the pageant "From This Rugged Land."

The float for the parade, built in cooperation with the Ozona Woman's League, depicted a kitchen of pioneer days complete with old-fashioned cupboard, ironing board, sad irons, child bathing in a wash tub, churn and wood cook stove. Going about daily chores were Mrs. John R. Hunnicutt and her daughter, Gail, Mrs. Joe Couch, Mrs. Ele Hagelstein and Mrs. Kirby Moore.

BRODE TO-BE IS HONORED AT SHOWER

Miss Linda Leath, bride-elect of David Smith of San Angelo, was honored with a kitchen shower Saturday at the home of Mrs. Ed White of 24 East Ninth in San Angelo.

Other hostesses were Sheron Minton and Beverly Neve.

The serving table was centered with an arrangement of pink and rose flowers and was beautifully decorated in the bride's chosen colors of pink and rose.

Around 20 were served cake and punch.

Mr. and Mrs. Madden Read left yesterday for Kanab Utah, where they will visit their son, Jimmy, and take in sights of the Northwest. They attended the Ringling Brothers Circus in San Angelo before leaving for Utah. Mr. and Mrs. Read expect to be gone three or four weeks.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman
Thurs, July 8, 1937

Sale of Flowers Grocery, located in the Perner Building on one of the most prominent corners in the city, to Hubert Baker of San Angelo, salesman for Martin-Glover, wholesale grocery of that city, was announced this week by Richard Flowers, proprietor.

—30 years ago— Construction work was started this week on the new \$40,000 residence of Mr. and Mrs. Floyd Henderson, to be erected on the site of the original Henderson home, razed recently. The new home is to be constructed of native stone.

—30 years ago— One of the highlights of colorful ceremony in the tenth annual Crockett County Rodeo, Race Meet, Stock Show and Sale last week was the coronation of Miss Carolyn Montgomery as Her Majesty, the Queen of Crockett. The fair queen received her crown at the hands of Wayne West, president of the fair association.

—30 years ago— Back among friends of an earlier day, the body of Dr. A. W. Clayton was laid to rest in Cedar Hill Cemetery here Sunday morning following impressive graveside rites conducted by the Rev. K. P. Burton, pastor of the First Methodist Church of San Angelo, and the Rev. Eugene Slater, pastor of the Ozona Methodist Church. Services were held from the home in San Angelo before coming to Ozona.

—30 years ago— A second change of ownership of an Ozona business this week was affected when Miss Claudie Sproule of Comanche purchased the beauty shop operated here several years by Mrs. Beeler Brown.

—30 years ago— Miss Nancy Bloomer of Shreveport, is the guest of Mr. and Mrs. Demp Jones. Miss Bloomer was a roommate of Mrs. Jones while both were attending Gulf Port College at Gulf Port, Miss.

—30 years ago— Each afternoon of the Crockett County Rodeo and Race

Meet saw the stands well filled, each day's crowd larger than the day before until the final day found the stands practically filled, with an estimated daily average attendance of around 5,000. Wayne West, president, and other fair officials were well pleased with the outcome of this year's show.

—30 years ago— The Tallaferro Garage and Filling Station was awarded a handsome plaque as being the most attractive independently owned filling station and garage in Crockett County yesterday afternoon, the presentation being made by Mrs. Lee Childress, chairman of the Highway Beautification committee for this county.

—30 years ago— Mr. and Mrs. Ben Williams have returned from San Angelo to make their home in Ozona.

Mr. Williams will resume his connection with his father and brother in the Williams grocery here.

—30 years ago— Paul Perner has contracted his lambs for fall delivery to the Chandler ranches at \$5 a head. John Fogarty has also contracted his lambs at the same figure.

—30 years ago— Miss Betty Lou Coates left yesterday for a month's visit in Galveston, Houston, San Antonio and Dallas.

—30 years ago— Georganne Janes is attending camp at Camp Sweeny in Gainsville. She will be there until July 16.

—30 years ago— FOR RENT — 3 bedroom house, call Claude Leath, 392-3068. 12-tfc

Recipe of the Week

From Kitty's Kitchen

It's time to drag out the freezer, hand-turned or electric, and we felt you might enjoy the following recipes:

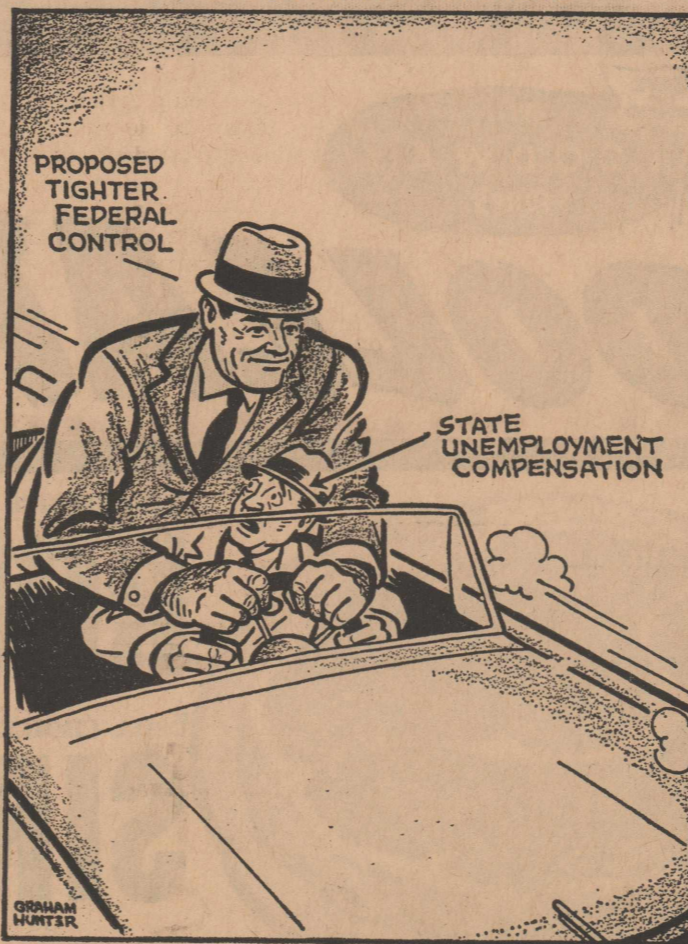

Old Fashion Lemon Ice Cream

7 lemons
3 cups sugar (or more)
Milk to make 1 gallon
1 envelope gelatine
1 pint heavy cream
Grate rind of 4 lemons and combine with juice from all 7. Pour over sugar and let stand for awhile. Put in gallon freezer and turn until mixture is thoroughly chilled. Dissolve gelatin in 1/4 cup water and dissolve over hot water. Add to one cup milk. Add pint of heavy cream and milk - gelatine mixture, then fill freezer with milk, leaving space at top for expansion. Turn until frozen.

Vanilla Ice Cream
6 eggs, beaten separately
2 tablespoons flour
2 cups sugar
4 cups milk
2 teaspoons vanilla
Pinch of Salt
Heavy cream

Scald milk and add well-beaten egg yolks, beaten with sugar, flour and salt. Cook in double boiler or heavy pan over low heat until consistency of real thick sauce. Add beaten egg whites and vanilla. Cool and pour into gallon freezer and add heavy cream to fill freezer, leaving room at top for expansion. Freeze and let stand at least an hour.

ECKERSTROMS SAY THANKS TO OZONANS

The following letter from Mel and Judy Eckerstrom, producers of the pageant during the recent jubilee, has been received by James Baggett, general chairman of the celebration.

To all our good friends in Ozona:

"We would like to take this opportunity to thank each and every one of you who participated in the Diamond Jubilee. So many good people worked so hard in making the celebration a success that it would be impossible to thank you all by name so we would like to use this means to extend our heartfelt thanks. Your hard work made our job so much easier."

"The lovely engraved silver set we were given will be treasured by us both for all the years to come. We feel we have many friends in Ozona and look forward to the time we can return for a friendly visit."

"Once again thank you."

Mel and Judy

**HIGHLIGHTS
AND
SIDELIGHTS**

From Your State Capitol

Austin, Texas — Everyone in the State, from Gov. John Connally on down to each rookie patrolman, did his best to hold down July 4th holiday deaths and accidents.

Now, with the long, tension-tied weekend behind, the State is taking a look at what's ahead for the 1967 Legislative session.

Among other things, Governor Connally wants a new, tough code of traffic laws — somewhat like the uniform traffic code. He wants money for more highway patrolmen, the present force of 725 being about one-third the number needed.

He also wants stringent penalties for convictions of driving while in intoxicated, speeding and reckless driving — and a one-year license suspension "without opportunity for redemption" on second offense.

State Water Pollution Control Board approved a committee of the Cattle Feeders Division, Texas and Southwest Cattle Raisers Association, which plans to ask the 1967 Legislature for a feed lot licensing law, tying in with water pollution control.

Other Pollution Plans — Pollution - Multiple Use Legislative Study Committee, headed by Sen. Culp Krueger of El Campo, will hold public hearings in early fall to check into salt water disposal problems in oil and gas fields — and pollution

problems resulting from feed lot operations, plus septic tank problems that could lead to water pollution.

Livestock World Highlights — Animal health in Texas comes to the front ranks in agricultural - livestock concern nowadays.

Screwworm eradication workers at the sterile fly plant in Mission stepped up eradication efforts in the Brooks-Goliad-Beeville area where six cases were reported last week and in the stretch from Culberson County to Eddy, N. M., where 12 cases were confirmed.

Dr. B. B. Vail, Jr., told the Animal Health Commission that they need more reports from ranchers.

Dr. S. B. Walker of the Commission and Dr. S. C. Gartman of the U. S. Department of Agriculture's Animal Health Division asked livestock producers also to report promptly any signs of sore mouth condition or blister-like sores on udders or above hooves of animals to combat a recent outbreak of vesicular stomatitis.

In similar farm reports, State Agriculture Comm. John C. White announced

an emergency quarantine on movement of some fruits and vegetables from Cameron County — to prevent spread of Mediterranean Fruit Fly. Dr. Walker recommended a more flexible program for accepting petitions for Type II control testing for brucellosis — now done only from counties next to test counties after a break from the "contiguous county" requirement has been tested. He said it worked hardship on area veterinarians.

Student Bonds Top Rated — Learning that two top national investor services rate Texas College Student Loan Bonds, authorized by voters last fall, as "triple A" investments (highest rating possible), the Coordinating Board for Texas College and Uni-

versity System decided to sell \$10,000,000 of the \$85,000,000 authorized at its July 18 meeting.

Institutional agreements now are being prepared by the Board so loans will be available to students in September.

**PENGUIN-DOWN
DRI - DIE**

Versatile Dust Developed
by Scientists

Researchers have discovered a new method of protecting houses and apartments against roaches and a hundred other insects for the lifetime of the occupants.

Professors of entomology said that a new dust called "Amorphous Silica Gel" has been developed that is harmless to humans and animals, but lethal to termites, cockroaches, silverfish and a hundred other insects. The dust literally dries the insects to death by removing a protective wax on their bodies and causing death through evaporation of body moisture. Once applied, it can last indefinitely without losing its ability to kill pests.

Ask for it at . . .

**THE CHURCH FOR ALL
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

It happened on the very first point as everyone knew it would. The champ was testing the challenger's backhand.

Champs are like that. Right from the start they probe for some flaw in the opponent's game. And when they find it — look out!

Life is just as probing and relentless. Quickly it uncovers our weaknesses . . . then assaults them again and again.

Is that why men go to church? It's one of the reasons!

Victories never come with glorying in our uncertain strength. They come with doing something about our proven weaknesses.

Long ago it became trite to observe that the Church is meant for sinners rather than saints. But it is sound Christian living to recognize honestly our shortcomings . . . and constantly, persistently to seek God's help in overcoming them.

TIPS FOR OUTDOORSMEN

By Vern Sanford

Combination Bait — To jazz up a topwater lure that fish ignore, try adding a leader about six inches long to the back hook. Then add a single hook and minnow.

Often the fish will strike the minnow when they'll ignore the lure.

String Chases Insects Away — If you are being bothered by insects and have no insect repellent, try this trick.

Attach some pieces of string to your hat band, long enough so the strings hang down over the hat brim.

As you move about the dangling action of the string will keep the insects flying.

Gathering Grasshoppers — An ordinary flyswatter works just fine when collecting grasshoppers for bait.

Just swat them lightly and they'll be stunned enough to pick them up.

Snap Hook Speeds Fishing — It takes time and caution to get a catfish off a hook without getting fished.

When cats are biting fast and furious attach the hook to the end of your line with a "snap" rather than a knot. That way you can remove the hook and the fish together, then snap on another hook and continue your fishing.

Later on, when you clean your catch, you'll have time to remove the hook with ease and safety.

De-Bugging The Boat — In trailering your boat on long trips, here's how to keep the windshield from getting all bugged up.

Coat it with window cleaner before taking off. Let the cleaner dry, but don't wipe it off until after you arrive

at your launching site.

Bolts as Tent Pegs — Are you having trouble with broken and bent tent pegs?

Use one-half inch by 10 inch building anchor bolts. They're tough, cheap and last forever.

Corn Cob Ramrod — Bet you never thought of using corn cobs to clean your shotgun?

Well, a smart farm boy does and the cobs do a mighty fine polishing job when properly oiled.

Push the cob through with a stick.

Untangling Hooks — One way to separate a tangled cluster of treble hooks is to drop the mass on a hard surface. Several will bounce free on each drop.

It saves punctured fingers from trying to untangle the mess by hand.

Colors Tempt Fish — Carry several finishes of your favorite lures in your tackle box. Fish can distinguish colors. Colors they strike at one day may be ignored the next day.

Use Ample Line — Keep your fishing reels filled to capacity with line. You'll get better casting distance and fewer backlashes.

Also with each turn of the reel handle on a bait casting or surf reel, you will pick up more line. It also saves wear and tear on the reel.

Fishing Murky Water — For an extra flash in murky water use two spoons rigged in tandem. Remove the hooks from one spoon and attach it to the other with a ring clip.

These tandem spoons will give the rig a darting action that produces a lot of flash.

This extra weight also is ideal for casting into a strong wind.

For Marina Directories — going on an extended cruise in your boat? You can obtain from most major oil companies marina directories listing facilities and accommodations at marinas along the way.

Shadows Spook Fish — When fishing a river when the water is down, approach all likely holes in such a manner so as not to cast any shadows across the pool.

Shadows spook fish.

Don't tempt 'Guess' Shooters — Never carry anything white when camping, hunting or fishing in deer range country. Trigger-happy hunters have been known to fire at the flash of a white handkerchief guessing it to be the "flag" of a white-tail deer.

Watch the horizon — Keep your eyes on the horizon when quail hunting. Note where the dog is pointing and walk to that spot.

But don't look at the ground. By keeping your eyes on the horizon you can focus them quicker and better pick up individual birds as they flush.

Crockett Gains Locations For 2 Shallow Wildcats

Crockett County gained locations for two shallow wildcats the past week.

Southland Royalty Co. Fort Worth, will drill the No. 2-A-50 Todd, a 2,500-foot San Andres wildcat, in Crockett County, 25 miles northwest of Ozona as a southeast offset to its No. 1-A-50 Todd, recently temporarily abandoned 2,515-foot wildcat.

Location is 1,600 feet from north and 2,173 feet from the east lines of W. L. Miller ... o. 50 (shows Miller and C. L. Portman on some maps). Ground elevation is 2,455 feet.

The No. 1-A-50 Todd, same survey, was temporarily abandoned June 27 after fishing for a logging tool.

Savage Oil Co., Midland, will drill the No. 1 Southland Royalty Co., et al, as a 1,600-foot San Andres wildcat and as a location north offset to the opener and lone producer in the Donham (Grayburg gas) field of Crockett County, 15 miles northwest of Ozona.

Location is 660 feet from the south and east lines of 56-UV-GC&SF.

The discovery, Jess Lynch, Midland, No. 1-A Southland Royalty Co., was finalized Dec. 7, 1962, for a calculated, absolute open flow of 1.02 million cubic feet of gas per day through perforations between 1,133-183 feet.

Gulf Oil Corp, set 4 1/2-inch casing at 7,264 feet, on total depth of 8,206 feet, at 7,2

its No. 1-C. W. Parker, Jr., et al, in 80-I&GN, Crockett County wildcat, 3 1/2 miles northwest of Iraan and 2 1/2 miles north of the shallow Toborg field.

Operator released the rig and was preparing to test.

Drill "tight," only drilling depths have been released.

Visitors to the Crockett County Museum this week totaled 64. Of this number 19 were in town visitors and 45 were from out of town.

Four Girls Attend Girl Scout Camp On Memorial Fund

Due to the generosity of local citizens four girls will leave Sunday to attend camp at Girl Scout Camp Jo Jan Van through the recently established Shauna Montgomery Memorial Campership Fund.

The four girls, Ann Hyde, Melissa Zapata, Enemencia Diaz and Nikki Henderson received the camperships by being the most outstanding Girl Scouts in their respective troops.

Enemencia Diaz is the only girl in the community who has ever achieved 1st Class Scout rank. She will be a senior scout next year.

Accurate and Complete RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

Easy To Keep - Complete Record - In 1 Volume

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

THE STOCKMAN RANCH RECORD BOOK

No creature in Texas is shrouded with so many myths and half-truths as the rattlesnake.

This deadly reptile really has more of an overblown reputation than a true case history.

Facts gathered by the Texas Department of Public Health reveal that more Texans die from insect stings than from snakebite.

But this doesn't discourage those who preach the rattlesnake myth. Even though they have no biological proof they continue to tell stories about this much-publicized reptile. Yet many people accept their statements as fact.

Here are just a few of the more common myths credited to the rattler:

1. A mama rattlesnake will swallow her young upon impending danger.
2. By stretching a Manila rope about your camp at night, you're protected since no rattlesnake will crawl over a hair rope.
3. A large rattlesnake can inject more than a teacup of venom.
4. Extract the fangs of a rattler and it is harmless forever.
5. Rattlesnake broth is a sure cure for pneumonia.

There are many other such myths. But this sampling gives you some idea as to what many people have come to accept as truthful about the rattlesnake. In fact, it has gotten to the point where it is difficult to distinguish myth from fact.

For example, it is common belief that six-foot rattlesnakes are abundant, particularly in South Texas — home of our biggest rattlers. Yet, from an advertisement in Texas Game and Fish Magazine, official publication of the State Parks and Wildlife Commission a few years back calling for six-foot rattlers, there was only one answer. And this one just barely made six feet.

Truth is that a rattler over five feet is rare. Many people get generous eyes when they see a big rattler. Many a four-footer has grown to six feet or more after the story has been told a few times.

One of the greatest fal-

lacies about rattlers is that their true age can be determined by the number of rattles they carry. Yet a two-year-old rattler may have as many rattles as one four-year-old. So, the number of rattles actually is a very poor indication of age.

Hunting rattlesnakes has become a popular winter pastime throughout Texas. In some places, such as Sweetwater, rattlesnake round-ups are staged annually. They attract contestants from throughout the state, as well as from other states.

Most hunters capture snakes by spraying gasoline into known rattler dens and catching the groggy reptiles after the fumes have driven them into the open.

Favorite weapon is a snare. It is made from a long piece of aluminum tubing with a piece of wire doubled through it, leaving a loop at one end. This loop is dropped over a snake's head and the loose ends at the opposite end are pulled to draw the loop taut.

Some people even eat rattlesnake. Those who have tried it say it is fairly delectable. It tastes something like a cross between chicken and fish.

Most famous member of the Texas rattler family is the Western Diamondback. This snake has a large and heavy body and will average between three and four feet in length. A litter of young, born alive, will average about 12, but ones of 20 or more are not uncommon.

Most notable characteristics of this snake are the diamondshaped markings along the back and the distinctive black and white rings on the tail, above the rattles.

Its head is broad, flat and triangular. Fangs are about one-half inch long and are

Western Mattress Company
SAN ANGELO, TEXAS
Save 50% on having your mattress renovated — All Work Guaranteed — PICK UP & DELIVERY In Ozona Twice a Month Call 392-2166

curved, folding flat against the roof of the mouth. This snake can open its mouth until both upper and lower jaws are completely vertical.

Diamondbacks are responsible for more deaths than any other North American snake because they are capable of manufacturing and injecting more toxin.

A lethal dose of venom is about one drop for each 50 pounds of body weight.

Their rattle comes from a jointed string of segments that are interlocked very loosely. Each click of the vibrations is almost heard individually when the tail vibrates slowly. But it becomes almost an incessant hum when the movement is frenzied.

Do not depend on the sound of the rattle to give warning. Some rattlers have

been known to remain mute before striking; others might have lost their rattles through some mishap.

A rattler sheds his skin during the active warm-weather season. In winter it hibernates in its den and does not normally shed.

It begins the shed by rubbing its mouth against some object, loosening the lip scale. Then it works the loose skin free from the head and crawls out, leaving the skin turned inside out.

The rattler is a pit-viper, with the head-detecting pit between eye and nostril.

Mrs. Ashby McMullan spent the weekend of the 4th with her son and his family, Dr. and Mrs. James McMullan and Ashby in San Antonio.

Sammie L. Hester Weds Miss Chance In Jal, N. M. Rites

Miss Wanda Jane Chance became the bride of Sammie Lee Hester in a ceremony at the First Assembly of God Church in Jal, N. M. Saturday, July 2.

The bride is the daughter of Mrs. H. C. Chance and the late Mr. Chance of Jal. Hester is the son of Mr. and Mrs. G. W. Hester of Ozona.

The double ring ceremony was performed by the Rev. C. R. Love, Mrs. Love at the organ played nuptial music.

The bride wore a street length dress of baby blue linen. Her bouquet was of white carnations. A reception in the banquet hall of the church followed the ceremony.

Mrs. Hester was graduated from Jal High School and attended Draughon Business College in Lubbock. Her husband is a graduate of Ozona High School and has just completed two years of service in the U. S. Army, 18 months of it in Germany.

The couple will be at home in Jal where he is employed with the Dawson Geophysical Co.

To the man who may have stopped looking ahead

(without really meaning to)

You're not the sort of man who deliberately closes his eyes to the future. Not at all. In fact, you started buying U.S. Savings Bonds because you knew they could mean a better life for you and your family in the years ahead.

But then something happened. For one reason or another, you lost the Savings Bond habit.

And yet today there is more reason than ever to invest in Bonds. And millions of Americans know it. The amount of money they own in Bonds is at an all-time high—over 42½ billion dollars.

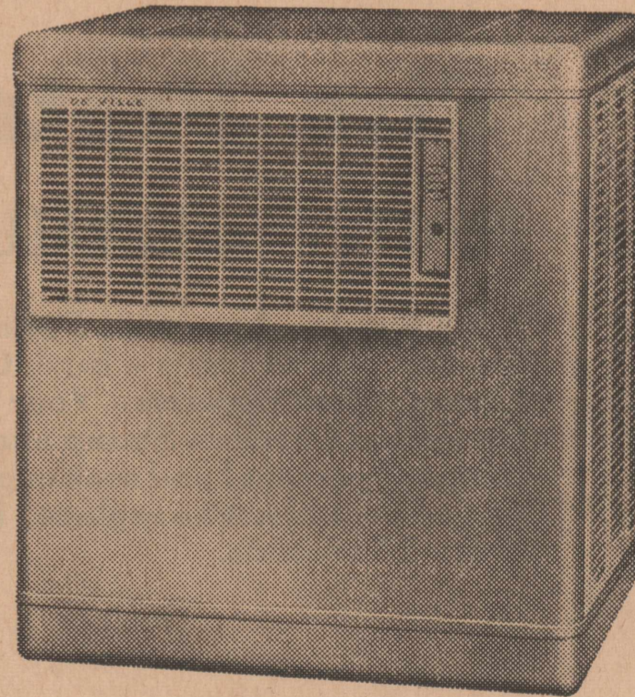

Americans know regular saving is the surest road to a secure future. And there's no better, safer, easier way to save than with U.S. Savings Bonds.

Think it over. Isn't it time you got back into the Savings Bond habit—and started looking ahead again?

every few minutes. Several hours later we were there and to my amazement I found that it took me as long to get from Ft. Worth to 30 miles east of Dallas as it did to get from Brown-wood to Ft. Worth.

So unless you are an old experienced expressway driver, don't ever let anyone tell you that you save time that way.

Woody Mason
(Continued from Page One)

Surviving are the widow, one daughter, Mrs. Brent Moore of San Angelo; one son, Ronnie Mason of the home; three sisters, Miss Jean Mason of Dallas, Mrs. John R. Wood of Dallas and Mrs. C. N. Webster of Fort Worth; three brothers, A. J. Mason of Carrollton, Leon Mason of Dallas and E. D. Mason of Longview, and one grandson, Leslie Brent Moore Jr.

Pallbearers are Oscar Kost, Evert White, Al Fields, James Nettleton, Leonard Boyd, Bill Carson, Perry Hubbard and John Holt of Big Lake.

Car Thefts
(Continued from Page One)

worth of stolen goods were found in the car. Chapman's pistol was recovered along with two more guns. A transistor transoceanic radio was among the recovered goods along with food from looted home freezers and other items. According to Sheriff Mills, none of the stolen articles had been reported stolen.

Charges have been filed in Big Lake, Presidio and Brewster county besides here. Mills said in all probability the youth would be turned over to the county holding the first grand jury session.

Miss Andy Elliott, Former Ozonan, Becomes Bride Of James Frederick In Home Ceremony At San Antonio

Miss Andrea Lea Elliott became the bride of James Michael Frederick on June 18 at 7 o'clock in the evening in the home of her parents, Major (Ret.) and Mrs. Edwin L. Elliott, 345 Melrose Drive East, San Antonio, Texas. The Rev. Morris H. Bratton, pastor of St. Stephen's Methodist Church, read the nuptial vows in the presence of the immediate families in a candlelight ceremony before the mantel, adorned with magnolia blossoms.

The bride attended Ozona High School while her father then Captain Elliott, was stationed at the Ozona Air Force Station.

The bridegroom is the son of Major (Ret.) and Mrs. James Mack Frederick.

Miss Constance Walker Haymore, who was maid of honor, wore a short pink lace and crepe dress, with matching accessories, and carried a bouquet of pink carnations in graduated shades. Blaze Cunningham was best man.

The bride wore a sleeveless street length, white lace tunic dress over champagne chiffon, with a double scalloped hem. She wore a matching lace mantilla and carried a bouquet of lilies of the valley, orange blossoms, and daisies over an antique prayer book.

The mother of the bride wore a street length blue lace dress, with accessories of the same color, and the mother of the groom wore a short pink chiffon over crepe dress and accessories to match. Both wore white carnation corsages.

Immediately following the ceremony a reception was held in the bride's home. Miss Sharon Erier presided at the bride's book, and Mrs. J. W. Haymore served at the punch bowl. Mrs. Craig Jack-

son Grover and Miss Mary Alice Wittig served the bride's cake. Mrs. W. O. Moreland was in charge of the groom's cake. The centerpiece of the bride's table was an epergne of white gladiola and stephanotis, flanked by silver candleabra wit white tapers, and the table was overlaid with a white lace, embroidered tablecloth. The families toasted the bride and groom with champagne from an antique silver punch bowl in silver goblets. Miss Leah Elliott, the bride's sister, distributed the rice bags from a silver tray.

The bride and groom are graduates of Alamo Heights High School. The bride attended Ozona High School two years. At Alamo Heights she was a member of Chaps, Spanish Club, Library Club, and Stagehands. She attended San Antonio College, where she was a member of Chessyshire Cheese Club, and was a student at the University of Texas this past year. The groom was a member of National Honor Society, vice president of Slide and Rule Club in high school, and was given a four year Merit Scholarship to Michigan State, transferring to the University of Texas this past year.

The couple are at home at 926 West Woodlawn until resuming their studies at the University of Texas in the fall.

DUPLICATE BRIDGE

Duplicate Bridge Club winners in this week's play were Mr. and Mrs. Evert White, first; and tied for second, Mrs. Jack Brewer and Mrs. Wilma Hayes, and Mrs. Carl North and Mrs. Lovella Dudley.

ENJOYED HIS VISIT

"Sure enjoyed visiting with all my old friends from 1918 (that was when I came to Ozona, on to 1949," writes Lee Wilson, long time Ozona auto dealer and civic leader, now living in Truth or Consequences, N. M.

"Never had so much fun," he finished, speaking of his visit to Ozona during the recent Diamond Jubilee week.
