Kitty's Korner By Kitty Montgomery

I may be dense, but I don't see how the government can prevent killings by passing legislation to control the sale of firearms, as advocated after the terrible tragedy at the University of Texas Monday. The percentage of people who own firearms and have never killed another person is overwhelmingly greater than the minute percentage of those who have.

The irresponsible person behind the wheel of a powerful automobile has killed more innocent people in the United States than the maniac with a gun in his hand. People who would never dream of putting a gun in their children's hands can hardly wait to put them behind the wheel of a car.

Any killing is deplorable, but I am quite sure that disarming the populace of the United States would do little to stop killing. The criminal mind bent on taking a life or lives would doubtless find another weapon.

After a weeks vacation in the heat, we are trying to catch up this week and get started on year-books for the different clubs. Since the club year begins with the school term, I think it timely to remind the various club reporters to get club news in as soon as possible after an event and if pictures are used get them in on Monday before the Thursday edition. If reporters will bring their notes on meetings by the office, we can do a much better job than by telephone. We would be happy to have anyone stop by the Stockman office for further information on reporting social events.

Deeny Holden, "Our Man in Viet Nam", arrived home late Tuesday and slept all day Wednesday, but we are looking forward to visiting with him and passing on some of the colorful stories we know he will be around to tell us when he gets caught up on his shut-eye.

The airline strike seems rather remote to us in this area of the U. S. so when CBS T-V interrupted one of our favorite shows the other night for a live remote from the White House of the President announcing an end to the airline strike, we were more irritated than relieved. However, I was a little surprised to discover the next day that the strike was still going on.

Sometimes I think our television networks are a little quick to break in with live news and certainly so in this instance. I'm more familiar with President Johnson's face than I am Tom's. I've seen him in his pajamas, I've seen his scar, I went through his operation with him, I've seen him sad, glad and mad. I've heard every word in his vocabulary and felt that both his beagles were part of our family. I just wish that once I could change channels and get something else when I'm in the mood to be entertained, but no such luck, every network get in on the act.

It's probably the weather or just the time of the year that everybody gets crosswise with everybody else, especially husbands and wives. While drinking coffee with Ann Mayfield and Mary Bess Harris the other morning we came up with the solution; it should be compulsory for (Continued on Last Page)

Car Stolen Here Found In Ariz.; Three Men Held

Three AWOL servicemen are being held by the FBI in Arizona charged with violation of the Dyer Act, Federal law prohibiting the transportation of stolen property across state boundaries, after Arizona State police picked them up in Wilcox, Arizona, driving a 1963 Chevrolet belonging to Bryan Montgomery and stolen from in front of his home here Wednesday night of last week. The trio abandoned a stolen car from Florida in front of the Calvary Baptist Church before taking the Montgomery car.

Officials here were notified Sunday that the car had been recovered in Wilcox and was in running condition. Mr. and Mrs. Beecher Montgomery flew to Wilcox Sunday to drive the car back.

Thieves struck again the same night, stealing a two-horse trailer belonging to Johnny Jones from the Jones ranch east of town. Officers have no clues so far in this theft.

Monday night tires and tubes were stolen off two new pick-ups parked in the Rutherford Motor Co. parking lot. So far the thieves have not been apprehended.

3 Ozonans Escape Sniper's Bullets In Austin Carnage

Three young people from Ozona were within range of the University of Texas sniper's bullets Monday when the firing broke out.

Mrs. Brock Jones, Jr., who is employed in the library located in the tower building while Mr. Jones is attending the summer session at the university law school, related the story of the couple's narrow escape to her mother, Mrs. Clay Adams, by telephone Monday afternoon. Mrs. Jones said that Mr. Jones usually came for her at 12 noon and they had lunch. However, on the day of the shooting he called to tell her he would be detained and she arranged to take her lunch hour at 1 o'clock. Otherwise they would have both been directly under the sniper when he opened fire.

One of Mrs. Jones' co-workers, an expectant mother, left the tower at noon and was shot by the sniper. Mrs. Jones didn't know the extent of her injuries when she talked to her mother.

Mr. Jones, son of Judge Bernice Jones, called the library assuring himself of his wife's safety and had no choice but to wait in suspense the ensuing 80 minutes of the gun battle. After the ordeal was over, the library staff was dismissed for the day and it was 3 p. m. before Mrs. Jones could get her call through the jammed switchboards to Ozona.

Barbara Kirby, daughter of Mr. and Mrs. L. D. Kirby, was in a classroom when the shooting started and a bullet whizzed through the room before the class was evacuated to the basement of the building. Her roommate, she related, had barely reached her dormitory when the first shot was fired.

Upon hearing the news, the Kirbys tried to call, but were told it would be hours before they could get through. They talked to their daughter at mid-afternoon.

CAR BLAZE DOUSED

Volunteer firemen were called out shortly after noon Monday to put out a fire in a Falcon driven by Bill Seahorn east of town. However, when they arrived the fire had already been extinguished.

Damage to the vehicle was thought to be slight.

Mr. and Mrs. Mike Talley and Mrs. Carolyn Shepper of San Angelo, spent the weekend with their grandmother and mother, Mrs. Geo. Montgomery.

Twisters Sighted As Rains Deluge Town Area Tues

Ozona was deluged by an inch of rain Tuesday afternoon during a turbulent thunderstorm of approximately thirty minutes duration. During the rain, funnel-shaped clouds were reported to the northwest. However, the twisters did not touch ground and no damage reported as a result. High winds during the storm possibly a back-lash from the tornadoes in the clouds, damaged trees in parts of the town.

Tuesday's moisture was the first since July 8 when 29 of an inch fell. The storm seemed to center over the town, as very little rain fell on the surrounding ranch land which has been parched by the 100 degree and over temperatures experienced the past few weeks.

Further south of Ozona in Val Verde County, thunder-showers dumped from a half-inch up to an inch of rain on ranchlands in that area.

EVERYBODY WORKS, BUT . . .

According to Washington, employment in the United States has never been higher. Industry is humming, lickety-split, everybody is hard at work in office and factory, farm and road, and the big problem is to find enough workers.

Still, there are some things we don't understand.

Reading the papers and listening to the radio and looking to right and left, it somehow seems that millions of Americans aren't working at all. They're out on strike. This may mean steady work for negotiators and arbitrators, and it keeps a few toilers working on the picket lines. But how does the Department of Labor classify the many who just sit and wait? Not to mention a lot of innocent bystanders who often have to stop working when a union goes on strike.

And what about all those people who seem to make a career out of trudging through the South congregating in the big cities to listen to demagogues, and squatting on college campuses getting and giving a "liberal" education? Are these people employed? But maybe demonstrating has

now become an honored profession and is so considered by the Department of Labor in its statistics on our work force.

Then there are those demonstrators whose specialty is rioting. In view of the importance of their mission, to wreck cities while fighting off the police, they surely can't be expected to hold down regular jobs. Obviously they have to be on a standby basis, ready to man the barricades at the call of their captains and their commissars.

In an entirely different category is the group which prompted our thinking on this subject — the millions of people on the nation's highways any weekday. These people are going to or coming from work? In those costumes? With all those kids. When do they work? And where? Part-time, maybe — say on Sunday?

The writer of these lines has just returned from a vacation trip on the highways and concluded that the Department of Labor must classify fighting the traffic on the highways as work. It is.

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — How you drive that automobile during the next 21 months will determine what you pay for car insurance a year from now.

Traffic violations, as well as accidents, will appear on your experience record and will count against you.

New plan designed by the State Board of Insurance will hit where it hurts the most — the purse.

Or conversely, if you care to look at it that way, it will lighten the load on those who are penalized by higher rates because of the carelessness of others. And that's the way it really is, since some kind of increase is necessary.

Penalty points now are being assessed motorists for accidents and major violations — including speeding.

One penalty point will mean a 15 per cent hike, two points 35 per cent, three points 60 per cent and four or more points 90 per cent.

Major violations — like driving while intoxicated, negligent homicide, hit and run or felony driving offenses — will cost drivers three points.

Two points will be assessed for driving while a license is suspended or for violations resulting in suspension.

One point will be charged for accidents where there is injury or death — or property damage over \$50 — and for speeding. Speeding points are not counted until after one or two "free convictions" in the preceding year or three years.

After 1969, penalties will be based on driving records over a 36-month period.

Twelve exceptions to the "point" rule are listed, however, and one of them includes accidents in which the driver is not at fault.

Bill Baggett Shows Grand Champ Pen Of Charolais-Cross

Fort Worth — Choice Charolais-cross feeder calves brought premiums of 1½ to 2 cents per pound above prices being paid for other breeds of feeders here Friday in the second annual feeder calf sale of the Texas Charolais Breeders Association.

Selling mostly in pens of 10 head, these Charolais-sired calves out of Hereford, Angus and Brahman cows continued the strong demands for these fast-growing calves produced by the great white French bulls. Walker Wilson of Overton, TCBA president, said another sale is being planned for late September or early October. Frank Leddy of Ft. Worth will be sale manager.

Grand champion pen was a group of 10 Charolais-Angus steers consigned by Bill Baggett of Ozona, Texas. Averaging 519 pounds, the pen brought \$27.80 cwt. SHE HAD TO STAY HOME— Former Ozonan, 10 Writes Nostalgic 'Letter To Ozona'

When her big sisters were packing up to come back to Ozona for a visit, Madelyn Simon, 10-year-old daughter of Dr. and Mrs. Ralph Simon of Dallas, former Ozonians, was sad that she was not to get to visit Ozona, and she sat down and wrote a letter "To Ozona."

"Dear Ozona," the letter begins.

"I'm writing because I miss the people. My sisters are down visiting. Margaret has a friend. Her name is Barbara Livingston.

"I thank all my wonderful teachers: Mrs. Gotcher, Mrs. Killingsworth, Mrs. Dozier. I learned a lot from them.

"My father, Dr. Ralph E. Simon, Jr., practiced there for ten years. Then we moved to Dallas, Texas, and I want to move back to Ozona — to all my friends. I also thank Brother Brown

and his wife, Mrs. Brown taught me music. Brother Brown was our preacher.

"I come back one of these days and visit.

"P. S. Ozona is WONDERFUL! (Wonderful was written in double size.)

You never mistake the meaning of a Church spire. Even to those who are cold to the ideals for which the Church stands, that finger of faith always points to something that is comforting, reassuring, safe. The very presence of a Church, whether in a crowded city street or on a quiet country road, is a benediction to all, including those who are not conscious of worship.

Such an influence, with what it means to those who open their hearts to truth, is worthy of a second thought. It merits acceptance as a refuge. It commands confidence as a port in time of storm. The Church deserves your support — your membership — because it affords real protection for the family whose welfare it is your duty to defend and whose proper upbringing is your solemn obligation.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Descendants Of Owens Family In Annual Reunion

Descendants of the late Mr. and Mrs. Clint Owens, Sr. of Barnhart held the fourth family reunion Saturday in the J. W. (Wilsie) Owens home here in Ozona. Also a special day for Mr. Owens, since it was his 89th birthday.

Mr. and Mrs. Clint Owens, Sr. came to Crockett County in 1890 by wagon from Hamilton County. They took up land in Crockett County eight miles south of Barnhart and lived in a tent, pioneer fashion, before building the original ranch house that is still occupied today as the headquarters ranch.

It was here that the Owens reared ten children. Two years of this time, Mrs. Owens never saw the face of a

white woman. Trips to San Angelo were infrequent, but necessary for purchase of loads of supplies. The trip took 3 days each way.

Clint and Ansa Belle Carter Owens were splendid examples of the pioneers who helped make West Texas what it is today, a land of prosperity and comfortable homes.

Immediate descendants of the couple present at the reunion were J. W. (Wilsie) Owens, Tom Owens of Big Lake, Bode Owens of Barnhart, Clint Owens of Sheffield, Bob Owens of Ozona, Mrs. Ollie Autry of Alpine, and Mrs. Lennie Sprague of San Angelo. Two other daughters, Mrs. D. L. McAulay of Muskogee, Okla. and Mrs. H. A. Porter of Austin, were unable to attend because of illness.

Among others registering were grandchildren and

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. HOUSE JOINT RESOLUTION NO. 48 proposing an Amendment to Article IX of the Constitution of the State of Texas, providing the method and manner for dissolution of hospital districts created under Article IX of the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article IX of the Constitution of the State of Texas be amended to read as follows:

"Section 9. The Legislature may by law provide for the creation, establishment, maintenance and operation of hospital districts composed of one or more counties or all or any part of one or more counties with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipment same, for hospital purposes; providing for the transfer to the hospital district of the title to any land, buildings, improvements and equipment located wholly within the district which may be jointly or separately owned by any city, town or county, providing that any district so created shall assume full responsibility for providing medical and hospital care for its needy inhabitants and assume the outstanding indebtedness incurred by cities, towns and counties for hospital purposes prior to the creation of the district, if same are located wholly within its boundaries, and a pro rata portion of such indebtedness based upon the then last approved tax assessment rolls of the included cities, towns and counties if less than all

the territory thereof is included within the district boundaries; providing that after its creation no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district; providing for the levy of annual taxes at a rate not to exceed seventy-five cents (75c) on the One Hundred Dollar valuation of all taxable property within such district for the purpose of meeting the requirements of the district's bonds, the indebtedness assumed by it and its maintenance and operating expenses, providing that such district shall not be created or such tax authorized unless approved by a majority of the qualified property taxing electors thereof voting at an election called for the purpose; and providing further that the support and maintenance of the district's hospital system shall never become a charge against or obligation of the State of Texas nor shall any direct appropriation be made by the Legislature for the construction, maintenance or improvement of any of the facilities of such district.

Provided, however, that no district shall be created except by act of the Legislature and then only after thirty (30) days' public notice to the district affected, and in no event may the Legislature provide for a district to be created without the affirmative vote of a majority of the taxing voters in the district concerned.

The Legislature may also provide for the dissolution of hospital districts provided that a process is afforded by statute for:

(1) determining the desire of a majority of the qualified voters within the district to dissolve it;

(2) disposing of or transferring the assets, if any, of the district; and

(3) satisfying the debts and bond obligations, if any, of the district, in such manner as to protect the interest of the citizens within the district, including their collective property rights in the assets and property of the district, provided, however, that any grant from federal funds, however dispensed, shall be considered an obligation to be repaid in satisfaction and provided that no election to dissolve shall be held more often than once each year. In such connection, the statute shall provide against disposal or transfer of the assets of the district except for due compensation unless such assets are transferred to another governmental agency, such as a county, embracing such district and using such transferred assets in such a way as to benefit citizens formerly within the district.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment providing the method and manner for dissolution of hospital districts.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

Section 1. That Section 6, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 6. (a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handi-

capped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

"The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than that for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

"This subsection does not prohibit state agencies au-

thorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing assistance to the blind, crippled, or otherwise physically or mentally handicapped, in the form of grants of public funds obtained from private or federal sources only, to local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities to assist the handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped."

"AGAINST the Constitutional Amendment authorizing assistance to the blind, crippled, or otherwise physically or mentally handicapped, in the form of grants of public funds, obtained from private or federal sources only, to local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities to assist the handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Recipe of the Week
From
Kitty's Kitchen

Chicken-Noodle Casserole

1 can cream of chicken soup
1/2 cup sour cream
1/2 cup water
1 cup diced cooked chicken (or 5 oz. can boned chicken)
2 tbs. chopped parsley
2 tbs. chopped pimento
2 cups cooked noodles (about 4 oz. uncooked)

Combine the above ingredients in order given in a 1 1/2 quart casserole. Mix well and bake 30 minutes in a preheated 350 degree oven.

The above recipe is a wonderful summer lunch or supper dish when served with a green salad and some of the new crackers. The following is the easiest pie recipe I have ever used and one of the best. You may substitute any other sweetened fruit for the pineapple if you like.

Pineapple Pie

1 envelope of Dream Whip (beaten stiffly according to directions)

1 can Eagle Brand milk
3 lemons
1 flat can pineapple
1/2 cup chopped pecans (optional)

Squeeze the juice of the lemons and mix with Eagle Brand milk. Fold this mixture into the whipped Dream Whip. Fold in well drained pineapple and pecans and pour into prepared, cooled graham cracker crust. Refrigerate until ready to serve.

BADMINTON CHAMP —

Lt. Col. D. A. Parker Praised In Letter By Guam Comander

The Stockman has just received a copy of the Guam Daily News, published in Agaña, Guam, "Where America's Day Begins" to quote the slogan under the daily newspaper's masthead.

A note on the front page said "See Page 13" and on page 13 was a picture of Lt. Col. D. A. Parker, USAF, former Ozonan who once coached football in Ozona High School, receiving the Anderson Air Force Base badminton championship trophy which he had won over a field of 16 participants. Col Parker is a brother of J. B. Parker, Ozona ranchman.

Tucked inside the paper was a most interesting letter from the Base Commander J. J. Johnson (rank not indicated.)

"I have known Lt. Col. Parker for a number of years and I'd like to take this opportunity to pass on information that his friends and the people of Ozona might be interested in," Commander Johnson wrote. "He has always referred to Ozona as his home town."

"I took it upon myself to review his personal as well as his military records and it is evident that he has excelled in many different endeavors, such as football, basketball, rodeo and flying."

"He has been on Instructor Pilot orders since he graduated from flying school in Lubbock, Texas. His instructor duty was climaxed in 1959 SAC recognized his outstanding instructor ability and selected him to set up and run the B-52 and KC-135 Instructor school for all the pilots that were to be upgraded to instructor status

in SAC. Col. Parker instructed in the classroom and in the air. By 1963 when he departed for Air War College he was well known to every pilot in SAC for his outstanding instructor ability. Many have stated that he performed maneuvers in the B-52 that no one else would attempt in a Cub. Some of SAC's procedures that are in use today are a result of Col. Parker's experiments.

"He has again distinguished himself by winning the base badminton championship. He won the championship through a double elimination tournament, defeating other opponents, many of whom were quite junior to him in age."

"The Air Force is fortunate to have officers like Col. Parker to depend upon. It has been a pleasure to have known and served with him. I feel that the people of Ozona can be equally proud."
