### Kitty's Korner By Kitty Montgomery

Well, I am most happy to say that a group of us with off-spring in the eighth grade were most pleasantly surprised when we sponsored the class Christmas party last Tuesday night and found that instead of rowdy children, we were entertaining young ladies and gentlemen.

I, for one, had dreaded the occasion from the planning period on and the thought of five mothers and three fathers spending the evening with the entire eighth grade made me a little shaky. I was a bit comforted when I found that the other chaperones felt somewhat the same. It was the first time for any of us to sponsor a large teen-age function.

However, determined to make the best of it, I gathered up bandages, splints, merthiolate and the tranquilizers (thinking that if things got out-of-hand I could always put them in the punch). I jotted down the number of James Ambulance Service and the Ozona Fire Dept. and after a hassle with Jim over dressing up, we were off to the party.

Almost the first person I saw was Dan McBroom, pale and very ill at ease. This was a surprise because as long as I have known Dan, he has seemed to be master of most any situation. He informed me that he and Carla had gotten to town too late to go by and see if Wilma could give him something for his nerves. Anyway, we were tense and prepared for the worst when the kids began to arrive.

With over 50 polite, well behaved kids assembled, they took over and put us completely at ease and we all had a wonderful time. It is the first Christmas party I have ever attended that everyone went home in good condition.

Books have really created a controversy this week from the national level down to the local level. Try as I may, I still haven't seen the two books that created the local furor and I really don't think I'm too young. Neither of the titles strike a responsive chord in my memory and when I ask who the authors are, I get various answers so I'll just have to reserve my opinion until I can pick up a couple of copies on the black market somewhere. Of course there's always the chance that someone will mail me one or both. Only yesterday I received a copy of the John Birch Society's Blue Book in the mail. Around here one never knows what the mail will bring. However, so far my fan letters have outnumbered my pan letters so guess I'm in pretty good shape.

The Progressive Decorators had their annual dinner last week and are probably back in action, so you had better put a little cedar around, some lights or a sprig of holly just to let them know you intend some sort of holiday decorating. If you don't, you might come home some day to find that they have done it for you and it might not be exactly what

### Ozona Hi School English Teacher Fired From Staff

John Oliver, Junior and Senior class English teacher in Ozona High School, was summarily dismissed from the school's faculty early this week by Superintendent of Schools L. B. T. Sikes.

In a conference with the teacher in his office Monday morning, Mr. Sikes advised Mr. Oliver that his contract was terminated "as of that moment" following a discussion of two books which had been assigned to pupils of the two grades, one to pupils of the Junior class and another to the Senior class.

Mr. Oliver had requested a grant from school funds to provide books for class members as outside reading and was told that such funds were available and that before such books were assigned it would be necessary to have the approval of school authorities, Mr. Sikes said. The books in question were assigned without clearing through the school administration, the superintendent declared. An investigation followed complaints from parents that the books contained "cheap vulgarity" and objected to their children's reading them. The dismissal from the staff "for insubordination and other reasons," Mr. Sikes said, followed.

Mr. Oliver is in his first year as a teacher. He came to the Ozona school staff at the beginning of the present school year.

### Lions To Enter H-P Tourney At B'wod Dec. 29-31

The Ozona Lion Basketball team will be idle until after the Christmas Holidays, but will get back into action Dec. 29-31 when they enter the big Howard Payne Tourney in Brownwood. The big affair will have two divisions, and the Lions will be entered in Division II.

In recent games, the Lions dropped a 50-38 decision to Big Lake. George Cox swished the nets for 13 points as Ozona tried to come back from halftime score of 20-15. Robert Howard and Wade Daugherty sparked the Owl victory with 15 and 13 point performances.

The Owls also copped the B game and freshmen games 32-28 and 35-27. John DeHoyos paced the B-teamers with 9 points, and Tommy Jenkins hit 9 for the freshmen.

The Lions fell Tuesday night to another AA ball club when the McCamey Badgers won 64-51 in McCamey. Cox set the pace for the Lions with 11 points, and tall Bubba Grisby hit for 19 for the Badgers.

The Badgers won the B game and freshmen tussle 60-45 and 38-22. James Apple had 15 points for Ozona B Team while Childress had 5 for the Freshmen.

Mrs. Charley Coates is in Karvel, Colorado to spend the holidays with her sons, Jack and Lloyd, and their families.

**MAKE IT WITH WOOL WINNERS** — Pictured are winners in the District contest at the civic center here Dec. 10. Left to right, they are Mrs. Henry Hohn, Mason, adult champion; Mrs. J. C. Gass, Comfort, Alternate; Miss Claudia Neve, Brady, senior champion; Miss Betty Briggs, alternate; Miss Connie Sue Speck, Eldorado, junior alternate, and Miss Cynthia Erwin, Rocksprings, junior champion. They will represent Dist. V and VI at the State Contest early next year.

### Two Grass Fires Point Up Danger From Dry Range

Ozona firemen were called out twice within half an hour Monday afternoon to extinguish grass fires, one at Powell Field and the other on the west hill.

Grass fires could be especially bad this year, due to heavy fall rains giving a boost to the growth of grass and weeds and extremely dry weather following the freeze.

Fireworks, discarded cigarettes and smoldering campfires could cause untold damage under the present conditions. Area residents should be most careful with any kind of fire and children with fireworks should be carefully supervised.

Ralph Jones flew to California to spend the holidays with his daughter and her family after seeing the Bluebonnet Bowl game in Houston last weekend.

**GOLDEN ANNIVERSARY** — Mr. and Mrs. H. C. Collett of Sheffield, former Ozona residents, will be honored on their Golden Wedding Anniversary Christmas Day with a family dinner and reception from 3 to 4:30 p. m. at the Sheffield Community House. The couple's six children will all be present and will be hosts at the dinner and reception. The children are Mrs. Jack Cauble, Channing, Texas; H. C. Collett, Jr., Eagle Pass; Mrs. B. M. Lanehart, Iraan; W. L. Collett, and L. R. Collett, both of Sheffield, and Mrs. R. M. Morris, Houston. They have 17 grandchildren and 6 great grandchildren. Mr. and Mrs. Collett were married Christmas Eve 1916 in San Angelo.

### Dec. 26 And Jan. 2 Designated By CC As Local Holidays

At a recent meeting of the board of directors of the Chamber of Commerce, Monday, Dec. 26 and Jan. 2, were declared holidays. These two days were designated because Christmas Day and New Year's Day come on Sunday this year.

All stores will be closed December 26, and most of them, except grocery stores, will take the January 2 holiday, according to Chamber of Commerce president, Bill Watson.

### 3 Ozona Players Named To First String 8-A All-District Eleven

George Cox

Gary Sutton

George Cox, Gary Sutton, and Beto Ramos were named to the District 8A All-District football squad released this week by league officials. Cox and Sutton were 2 of 4 boys named to both the offensive and defensive team. Noe Chavez and Laney Cook, two members of the Sonora Championship award, were the other 2-way performers.

District coaches named 8 Broncos, 6 Rankin Red Devils, and 5 Ozona Lions to the majority of the positions on the first team — offensive and defensive.

Other Lions receiving spots on the second team or honorable mention list were Wesley West, 2nd team offensive tackle; Thomas DeHoyos, 2nd team offensive team halfback; Oscar Flores, 2nd team defensive end;

Larry Kilgore, honorable mention offensive end and defensive linebacker; John DeHoyos, honorable mention defensive guard; and Fleet Coates, honorable mention defensive back.

Cox, a repeater from the 1965 all-district squad, was the Lion offensive spark.

The senior breakaway back scored 15 touchdowns for 90 points, 10 td's by rushing, 3 td's on pass receptions, 2 on kickoff returns, and 1 on a pass interception. Named to the All-West Texas team in '65, the 168 speedster rushed for 9.1 yards per try this season for 807 total yards. Cox returned only two kickoffs all season and went the distance on both occasions.

Sutton, at 6 feet 1 inch and 210 pounds, made the squad as tackle on both the offensive and defensive squads. The strong lineman was rated by many district coaches as the best interior lineman in the district. Sutton paced the Lions with 75 tackles for the season, and many of the opponents' plays were aimed in other directions because of the quick Sutton. Sutton is only a junior.

Ramos, one of the best placekickers in the area, landed a spot at linebacker along with the Ivey twins of Rankin. The 182 pound halfback switched from guard to back for the 1966 season.

The complete 8A All-District roster includes:

**First Team — Offense**  
Ends: Noe Chavez, Sonora; Donald Rogers, Eldorado.

Tackles: Gary Sutton, Ozona; Eddie Hale, Rankin.

Guards: Ronald Ivey, Rankin; Brent Johnson, Sonora. Center: Bert Bloodworth, Sonora.

QB: Laney Cook, Sonora. HB: George Cox, Ozona; Billy Wayne Hale, Rankin.

FB: Jim Bob Smith, Iraan. **Second Team — Offense**  
Ends: Eddie Wallace, Menard; Tommy Gray, Sanderson.

Tackles: Wesley West, Ozona; Ralph Bulkey, Junction.

Guards: Donald Ivey, Rankin; Alex Castro, Sonora. Center: Kenneth Bean, Rankin.

QB: Jack Kothman, Menard. HB: Ed Renfro, Sonora; Preston Joy, Junction.

FB: Thomas DeHoyos, Ozona.

Winning honorable mention on both offense and defense was Larry Kilgore, as an end on offense and a linebacker on defense. John DeHoyos of Ozona won honorable mention as a defensive guard.

**First Team — Defense**  
Ends: Preston Joy, Junction; Mike Gosney, Sonora. Tackles: Gary Sutton, Ozona; Gary Upham, Rankin. Guards: John Mayo, Eldorado; Royce Mears, Sonora.

Linebackers: Beto Ramos, Ozona; Ronald Ivey, Rankin; Donald Ivey, Rankin.

Deep Backs: George Cox, Ozona; Laney Cook, Sonora; Noe Chavez, Sonora.

Oscar Flores of Ozona rated a place on the second team defense at end.

### Junior Cagers Win Two Against Sonora Colts

Coach Ron Murdock's junior high cagers posted wins against the Sonora teams Monday night with the 7th grade five taking a 29-14 victory and the 8th graders chalking up a 47-26 win.

In the first game the Cub 7th graders had the Sonora crew down 17-4 at the half giving the reserves an opportunity to play most of the second half. Monty Pelto and Ruben Tambunga tied for high point man with 14 points each.

The 8th grade Cubs, playing a much improved Sonora team, were paced by Will Collett who chalked up 12 points followed by Philip Perner with 10. David Pagan hit for 9 points and Jim Montgomery 8. Donald Olson, David Williams and Cuatro Davidson were responsible for the remaining points. The entire team played with starters and reserves alternating.

January 5, is the next game scheduled for the Cubs. They will play Iraan here in Ozona.

### Sonora Carries Dist. 8-A Banner To State Title

District 8-A football was really in the spotlight last Saturday night when the Sonora Broncos, carrying the 8A banner, lashed Shulenburg 40-14 to capture the State Class A Championship. The San Angelo Bobcats added to the area football glory by winning the 4A title.

The Broncos, coached by Jerry Hopkins, waltzed through 14 straight opponents enroute to the championship trophy, perhaps the first for a district member. Many observers have felt that District 8A football ranked with the best in the state, and this year can point to the winning Broncos and other strong league members such as Ozona and Rankin.

The Ozona Lions finished second behind Sonora (Continued on Last Page)

### 'Masher' Coming To Clean Town of Old Car Bodies

A clean-up of old car bodies, junk heaps scattered in and around Ozona is in prospect come next Tuesday when a "masher" is coming to town.

The "masher" is one of those giant machines which compress old iron junk into compact hunks for shipment and ultimate remelting in furnaces of steel mills.

Mrs. Bernice Jones, Crockett County judge, announced yesterday that the county had made an arrangement with Lee Roy DePoyster of Brownfield, Texas, to come to Ozona some time next week, probably Tuesday, to mash up and haul off all available old cars and truck bodies.

DePoyster will set up his machinery at the old dump ground east of Ozona where he will mash up all old car bodies there — the county to reap a small sum of money at the rate of 75 cents per car body and 50 cents per truck cab.

Anyone having an old car which they wish to dispose of, should call Mrs. Jones before next Tuesday.

### SON TO EVERETTS

Mr. and Mrs. Tommy Everett of Las Cruces, N. M. are the parents of a baby boy born December 17. The baby's name is Cody Bob.

Paternal grandparents are Mr. and Mrs. Tom Everett and maternal grandparents are Mr. and Mrs. Jeff Fisher of El Paso.

Noted And Passed

Reason Why? Recent doings in Darkest Africa have been puzzling. Restless natives abduct foreigners, burn down buildings owned by governments they dislike, notably the U. S. A., carve up political opponents and abscond with any national funds that might be lying around.

But now there's a clue to the reason for all these happenings. In a study recently made by Dr. Henry R. Casirer, the American chief of UNESCO's program for educational use of mass media, he has come to the conclusion that Africa is experiencing a "cultural renaissance," and this, he says, can be credited to the influence of radio and television. Considering what's on the air in this country and how it affects many of those who subject themselves to it, we think the doctor may be right. And now we understand Africa better.

Who Bugs Whom? We confess that it "bugs" us that the opinions and pronouncements of the junior Senator from New York, Boston and Virginia, Bobby Kennedy, rate such rapt attention in the picture magazines and who bugs us, as he does 6-TV commentaries.

Maybe it's Bobby himself thers. J. Edgar Hoover, for example. Recently Bobby came out with a statement absolving himself from the use of wiretaps when he was Attorney General, and since this served to make Mr. Hoover the patsy, the head of the F. B. I. refused to take it lying down. Said Mr. Hoover: "All wiretaps utilized by the F. B. I. have always been approved in writing in advance, by the Attorney General. . . Mr. Kennedy, during his term of office, exhibited great interest in pursuing such matters, and, while in different metropolitan areas, not only listened to the results of microphone

surveillances, but raised questions relative to obtaining better equipment . . . F. B. I. usage of such devices . . . was obviously increased at Mr. Kennedy's insistence while he was in office . . .

Bell - Bottom Cows. The Naval Academy at Annapolis, Maryland, is going out of the dairy business. It has been operating its own dairy farm. The most recent count was 377 cows, 262 calves, four bulls, 97 buildings and 45 civilian employees. The General Accounting Office thinks the farm will sell for about \$1,750,000 and that the Navy will save an estimated \$83,803 a year by buying its milk from commercial dairies.

If, like us, you groan, "Holy Cow! How long has this been going on?" . . . the answer is, since 1910. Fifty-six years, at \$83,803 a year. Man, that's a lot of milking 'o' you know who.

The "COUNTDOWN BOARD" shown above will be used by the Texas Department of Public Safety during the Christmas and New Year's holiday weekends to draw attention to the need for safe driving. Each motorist is urged to join the effort to save as many lives as possible during the closing days of 1966.

LEARN FROM SANTA CLAUS

Again at Christmastime, the United States is at war and the thought of peace on earth, good will toward men seems as much of a dream as ever. But nevertheless, Christmas is a day of family gatherings and good cheer, a period when we seek to be helpful to the afflicted and less fortunate.

But above all, Christmas is a time for the children. It is a great mystery of life to them. Fortunate are those who can believe in Santa Claus for a few years. What a thrill it is for them to go to bed looking forward to the morning when they will find a stocking filled with presents and candy and a Christmas tree shining with light. Just the smell of such a Christmas morning is something that stays through life. Doubly fortunate is the child whose stocking hangs in front of a fireplace on Christmas morning.

The visit of the unseen Santa means more than just gifts. It causes even the children to think of the less fortunate and to share their blessings with others.

Christmas dinner with family and friends is a never

to be forgotten occasion for young and old alike. So as you enjoy it this year in your home, think of the countless millions over the world, who are not so blessed and resolve to do your best to make Santa Claus a reality for someone. In the meantime, if you gain humility from the good fortune that is yours, Santa Claus will not have called in vain.

Deathwatch Seeks To Save Lives Of 47 Over Holidays

Austin — Forty-seven persons in Texas will be the focus of one of the most intensive traffic safety efforts ever to be expended during the Christmas holiday weekend, according to Department of Public Safety Director Col. Hommer Garrison, Jr.

"The DPS will be concentrating its efforts more than ever in an attempt to make sure that the indicated death toll of 47 persons is not reached," said Garrison.

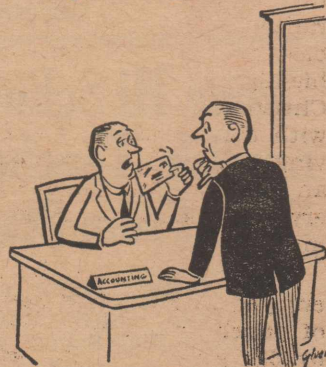

"This year has been the most terrible in Texas history in terms of lives lost and property damage, and we are working with other state agencies and organizations interested in safety in order to hold down this toll as much as possible.

"Operation Deathwatch" will be conducted from 6 p. m., Friday, December 23 through 11:59 p. m., Monday, December 26, to focus attention on dangers involved in holiday travel. The present traffic trend indicates that 47 persons will die

in traffic during this period. The "Deathwatch" will resume for the New Year's weekend, beginning at 6 p. m., Friday, December 30, and continuing through 11:59 p. m., Monday, January 2. Indications for the New Year's period are that 36 persons will die in traffic accidents.

To supplement its enforcement activities, the DPS will place approximately 150 additional men from its other uniformed services on highway patrol duty. Every effort will be made to remove dangerous or irresponsible drivers from the highways for the safety of law-abiding motorists.

From Your State Capitol

Austin, Texas — Massive state governmental spending proposals — each ranging around the \$4,500,000,000 mark overall for the next fiscal period — are on their way to Texas legislators.

Legislative Budget Board unveiled its 1968-69 budget recommendations last week, followed a few days later by the somewhat-larger appropriations request of Gov. John Connally.

LBB calculated spending approved by board members would come to some \$4,400,000,000 — \$834,800,000 from general revenue over which the Legislature has direct control.

Connally's budget suggestions topped \$4,600,000,000 — \$911,400,000 in general revenue.

Present all-funds spending (including federal aid and earmarked categories such as for highways, schools and welfare) is \$3,900,000,000 — \$621,500,000 in general revenue.

Board's proposals could be financed easily without re-

### WHAT IF . . .

By Lellee Mitchell

Santa didn't come to Ozona.  
 Santa's elves went on strike.  
 It snowed on Christmas Day.  
 Santa was too fat to go down a chimney.  
 You were bad and didn't get any Christmas presents.  
 Rudolph didn't have a red nose.  
 Nobody had a Christmas tree.  
 Coach Gerber was really Santa Claus in disguise.  
 Christmas was only for people who had chimneys.  
 Everyone had to cut their own Christmas tree.  
 Nannette got a new voice for Christmas.  
 Pecker didn't come home.  
 Santa Claus got lost in a West Texas dust storm.  
 Mrs. Clause would not let Santa out because it was too cold.  
 Santa traded in his sleigh for a 66 Jag.

### QUESTION OF THE WEEK

By Jack Applewhite

What is Santa going to bring you for Christmas?  
 Kay K — a bundle of switches.  
 Pitts — you got me.  
 Patsy — nothing!  
 Janie — a lot of fun  
 Hank — what's a Santa  
 Esther — No telling  
 Tokyo — better luck  
 Derold — some easy teachers, I hope  
 Lellee — that's a good question  
 Jill — Lots of good luck, I hope!  
 Shirley — I haven't the slightest idea  
 Connie B — nothing: I've been a bad girl  
 Jack A — would you believe a train?

### LETTERS TO SANTA CLAUS

Dear Santa,  
 Would you please bring my little itzy, bitsy, tenny-weeny brother, who is a Sophomore in school this year, a radio so he will let me listen to mine at least once a year.  
 Thank you,  
 L. R. F.

Dear Santy,  
 Well, Mr. Santy, I have been a very good girl — well, would you believe a pretty good girl — well, would you believe I'm a girl? Well, gee, aren't we all a little ornery ever once in a while? Santy, I promise I will try to be a better girl in the new year coming up so if you will oblige me and try to bring me the following or I will put them in descending order so you will know the ones I want the most just in case you can't bring them all. Here they are Santy: A batman suit, an extra year for my friend so she can graduate this year, good grades in English IV., million dollars, car of no special kind, trip to Hawaii, diamond ring on the left ring finger, roller skates, batman game, and a toy tommy gun. I'll be looking forward to seeing you Santy about 2:30 a. m. on the morning of December 25.

Yours very truly,  
 a Senior girl

### CHRISTMAS

Of course the world cannot stand still,  
 Nor birds pause in their flight,  
 But oh, if we could hold at will  
 This magic of delight!  
 For Christmas tide, since time began  
 Has filled all hearts on earth  
 With friendship for each fellow man  
 The essence of Christ's birth.

### KINDERGARTEN KAPERS

By Connie Bradford

In every edition of the Lion's Roar there is a "Question of the Week." For the Christmas edition we thought it would be appropriate to ask kindergarten students: Besides getting presents, what do you like best about Christmas?  
 Cliff M — cuttin down

Christmas trees  
 Billy B G. — Santa and Christmas trees  
 Clay M — a playhouse  
 David O — decorations  
 Kerri M. — talk to Santa Claus  
 Lane H — bicycles with the handle-bars up  
 Cathy Lynn B — decorate the tree  
 Jimmy W — Santa  
 D'Anna K — Jingle Bells  
 Tammy F — Thanksgiving  
 Jay H — a stocking  
 Teresa Ann W — my grandfather's home from Washington  
 Cathy A — Snow

### CHRISTMAS GIFTS

Of all the gifts  
 That Christmas brings  
 The best are made of little things;  
 Melody of carols all the year  
 Cheer to friends that you hold dear;  
 Courage to someone else to start.  
 Some task for which he hasn't heart;  
 Thoughts for those having less than you,  
 Faith through the future's not in view;  
 Fun and laughter to go everywhere,

Kindness to show how much you care,  
 Strength to begin all over again,  
 And love to seek the best in every man.  
 While other seasons come and go  
 And another year hurries past,  
 Let's give again the little things.  
 They are the gifts that last.

**WHAT DOES CHRISTMAS MEAN?**  
By Connie Bradford  
Christmas is almost here. With it comes the joys of giving and receiving. Too often the joy of giving is lost in the excitement of receiving. The material aspect of Christmas has become more important to people than the spiritual side. In the rush of buying and receiving, one

might forget the real reason for Christmas — the birth of Jesus Christ. For His birthday, people give and receive, sometimes with too little thought of Him. In no gift imaginable, could one find the pleasure and joy that is attainable through the love and acceptance of Jesus. When December 25th was decided upon as the holy day of Christmas, it was meant to be a day of love and worship — so this year, when enjoying all your new gifts, stop and think about the real meaning of Xmas.

(Continued from Page Two) sort to new taxes.

Connally's would require some \$64,400,000 in additional revenue, according to his projections of \$847,000,000 income — \$76,600,000 more according to the LBB income estimate. But the governor almost certainly will recommend some additional spending in his message to the Legislature.

**DRINKS CAMPAIGN ON**— A statewide Citizens Committee for Tourism and Regulated Sale of Mixed Drinks has organized and is opening an Austin office.

Dallas lawyer Shannon Jones is temporary chairman and Houston lawyer and realtor Charles L. (Sonny) Sowell is legislative counsel.

In a press conference here, they announced plans to push for legislation to authorize sale of mixed alcoholic beverages on local option basis in wet areas. Campaign is pegged on drive for tourists and convention business and need for additional state revenue. Sowell and Jones said a 10-cents-a-drink tax would yield \$80,000,000 in the next two years.

**OIL PRODUCTION Booms** — Railroad Commission boosted January oil allowance to a near-record 37.5 per cent of potential.

Factor would allow 3,318,234 barrels-a-day production. This compares to 3,206,044 daily under the 36.5 per cent order for December which was the biggest since May, 1959.

**TUITION HIKE Asked** — Doubled tuitions for Texas college students was recommended by the higher education Coordinating Board.

Board, with a single dissent among membership, is asking the Legislature to raise present tuition rate of \$50 a semester for Texas residents to \$7 a semester hour or about \$105 for full-time (15 hour) students. Out-of-state students, who now pay \$200 a semester, would be re-

**TIPS FOR OUTDOORSMEN**  
By Vera Sanford

**PROTECTING tent bottom**

Damp ground quickly deteriorates the best of canvas floor covering. However, if you use forethought enough to cut an old rug pad the size of the tent floor you will save the expensive canvas.

Just lay the old pad on the ground and pitch your tent over it.

**ARROW REST** — You archers can make a clean shot every time by using a toothbrush. Mount the head of the toothbrush, cut off just behind the bristles, on the ledge of a center shot bow. Toothbrush head makes a fine arrow rest.

**IMPROVED Boat Seat** — There never seems to be enough room in a boat. Make an extra seat by whacking off the legs of an old lightweight chair to the proper height. Slip rubber tips on the decapitated leg ends and you have a non-slip extra seat.

**PROTECT CAMERA** from cold — Now-a-days most sportsmen carry cameras with them to record their trip. In freezing weather the operation of such cameras often is impeded.

To prevent such shutter freezing — and also keep your hands warm — tape a hand-warmer to the camera bottom, or side.

**HITTING OVERHEAD** objects — Striking an overhead object can seriously damage a high-loaded trailer.

Such damage is uncalled for if you will attach a long radio antenna to your front fender. Pull antenna out un-

quired to pay \$20 on hour if proposal is approved.

til lip extends at least six inches above top of trailer load, then keep your eye on this antenna.

If it clears an overhead threat, so will your load.

**TENT POLE SKID**—Here's a new use for old hub caps! Carry one along with you

on your next camping trip and place it under the center pole of your umbrella tent. It will prevent floor damage and pole slipping.

And, if you don't use this type tent, hubcaps make great ash trays for any camp.

**MURDEROUS BAIT** — If you want a really deadly bait, dip your bucktail lures in sardine oil. The lunkers can't resist it.

Hunters talk of deer season and shooting fatalities like the two are synonymous. Most believe that the novice is largely to blame for the hunting accidents.

But, many a careless veteran hunter has been involved in a needless mishap simply because he failed to realize that hunting accidents are not the select happenings of a few beginners.

In the typical hunting accident it is not the tyro who is to blame. It is the veteran hunter! Usually the beginner is wary of his weapon and treats it with respect. On the other hand the veteran has hunted to much to be concerned. Familiarity of-

ten breed; carelessness.

It also is ironic to know that most shooting accidents don't occur during the deer season. In fact a great majority happen while hunting birds or other small game.

Nationwide statistics reveal that the typical person who causes a hunting accident is a male over 20 years of age with more than three years of hunting experience. At the time of the mishap he was not under the influence either of drugs or

alcohol. Most such incidents happen between the hours of 1:30 p. m. and 4:30 p. m. and in clear weather. Typical weapon is a shotgun. Victim was standing between 11 and 50 yards from the shooter and discharge of the gun was accidental. Only one out of five victims survive.

The Department of Public Safety is predicting more automobile fatalities than ever before this holiday season. It really isn't surprising, since there are more automobiles than ever before and more people driving. The best way to avoid being a holiday casualty is stay out of an automobile and in the safety of your house. However, if you must drive somewhere take a tip from me, drive like everyone else on the road is crazy.

a 6-1 district record, losing only to Sonora with two backfield starters on the sidelines with injuries. Although losing 25-0 to Ozona, the Rankin Red Devils gave the Sonora team one of its toughest games of the year before losing 26-14.

After winning the district title, the Broncos, led by quarterback Laney Cook, polished off Wink 47-14 in bi-district, Seagraves 36-0 in regional, White Deer 35-14 in quarterfinals, and number one rated Forney 39-28 in a thriller, before blasting Shulenburg in the finals Saturday night. The powerful Sonora offense averaged 39 points per game for four playoff games.

Both Sonora and Ozona will return several starters next year and could develop into powerful class A teams. But Sonora will lose its quarterback, Cook, while the Lions will be missing George Cox, the most dangerous broken field runner in District 8A for the past two years.

Lion 1966 statistics showed that Ozona scored 207 points while holding the opponents to 71. The Lions rushed for 2,423 total yards for a game average of 242 yards while allowing the opposition an average of only

8 yards per game. Behind 200 total yards came Thomas DeHoyos with 486 yards, Fleet Coates with 442 yards, and Ramos with 361 yards.

**Mrs. Brown Given National Honor In Biographical Work**

Mrs. Max Brown has been chosen to appear in the annual biographical compilation "Outstanding Young Women of America," 1966 edition. The book honors 6,000 young women of America each year, between the ages of 21 and 35.

The publication was conceived by the leaders of the Nation's Women's Clubs Guidelines for selection include unselfish service to others, charitable activities, community service, professional excellence, business advancement, and civic and professional recognition.

Miss Eva Adams, Director of the United States Mint, says the women included in the 1966 edition "are marked for recognition because they shunned mediocrity."

Mrs. Brown, better known as Katie, is the wife of Rev. Max Brown, pastor of the First Baptist Church, and the mother of young Amy Brown, 2. She will be listed in the book as Mrs. Brenda Kate Brown.

Mrs. Dale Booher, New York designer and daughter of Mr. and Mrs. Roy Thompson of Ozona, was listed in the 1965 edition of the book.

## Sheep & Goat Assn. Calls For End To Water Pollution

Ranchmen have called for a halt to pollution and depletion of Texas fresh-water supplies, both surface and underground. The Texas Sheep and Goat Raisers' Association in 51st annual convention in Fort Worth deplored such waste as a by-product of oil production. The association called for a general Railroad Commis-

sion order against use of salt-water evaporation pits, without exceptions. These pits, it was charged, often allow salt water to run into creeks and streams, or to filter into underground strata and ruin water supplies that cannot be replaced for years, if ever.

The ranchmen want salt water to be returned to the same deep formations from which it came. This can be done by use of injection wells by the oil industry. Oil operators also can use this

salty or brackish water instead of fresh water in secondary recovery operations, often known as "water-flooding."

Howard Derrick of Eldorado was elected TS & GRA president, succeeding G. C. Magruder, Jr., of Mertzton. First vice president is Worth Durham of Sterling City, second vice president Gene

Whitehead of Menard. San Antonio will be site of the 1967 convention in August.

## DRAPERY DOLDRUMS DAMPEN HOLIDAYS

This is the time of year when friendly folks give much time and effort toward planning holiday pleasures. Stores are gaily de-

corated and colored lights brighten the evening streets. Everyone is thinking of the gift-giving season ahead.

In all this fun and preparation, however, one of the best and most practical presents of all is often overlooked. Holiday plans often omit a shot in the arm for household fabrics.

According to Arthur Kyle

of Kyle Kleaners drapes and slipcovers have been receiving a steady build-up of grease and dust. This dulls their appearance and may make your home look drab at the one special time you want to show it off.

Mr. Kyle suggests that a quick trip in for cleaning will refresh these household fabrics and give them re-

newed sparkle. Colors will be brighter and your spirits will be lighter. Your friends will marvel at your ability to lead such an active life and still keep your home shining.

Windows let in light.

Even at night the cool, crisp glimmer of the winter moon can make a path of silver across a darkened room.

And when we set a light in our window, its warm, joyous glow tells others of the brightness within.

Christmas is a window, letting the soft white light of God's love make a path for men across their world.

And when by our worship we light this window ourselves, then those who hear our carols are drawn to the warmth and joy of our faith.

Join fellow Christians the world over in the glowing Christmas services of our churches.

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
