Kitty's Korner

By Kitty Montgomery

Death is almost always tragic, but especially so when the victim is young with life ahead. We'd like to express our sympathy, along with the rest of the town, to those who were affected by the tragic accident Saturday night which took the life of an Ozona High School senior girl. Words are rather meaningless and it's a pity. Happiness can be shared in many ways, but grief is a most personal thing.

Things around town are pretty dull this week, but are expected to liven up Saturday, when 500 members of the Texas Sheep and Goat Raiser's Assn. and the auxiliary will arrive for a meeting. By the way, anyone interested may attend the meetings.

Jim came in yesterday talking about a square root and I thought he meant a chopped off carrot. As it happened, he needed help with his math. After looking over the problems, I decided that I didn't have square root in eighth grade math or anything else even though the symbol looked faintly familiar. It was obvious the child was pretty ill-prepared for a test on square root and cube root, so I asked why he didn't ask his teacher to go over it with him step by step. He was absolutely horrified, he had no intention of letting his teacher know he didn't know. I tried to explain that teachers expect children to ask questions, but he didn't see it that way. He told me that school had changed since the "olden days" (this is the expression he uses to describe the area of my youth, most depressing too, I must say.)

Anyone for the "Obsolete Mothers' Club"? Our news sources tell us that Janie Gilliam and Erby Chandler were married Saturday. So far we have nothing official, but we are pretty sure the event took place. Janie resigned from the airline hostess school she was attending in Dallas and returned to big "O" with Erby. He dropped his membership in the bachelors club and they were seen painting a house together only last week.

There were many arguments over the substance which fell from the sky for a short while Monday morning. Wanda Stuart gave it the best name, "hominy snow." That's the best description I've heard of the tiny white snowballs. It wasn't sleet, rain nor hail, so it must have been hominy snow.

38-Man Track Squad Prepares For Spring Meets

Thirty-eight track candidates hit the cinderpaths this week as Coach Chick Womack's 1967 track team began preparation for spring competition. The Lion track team for several years has rated as one of the strongest Class A squads in West Texas, and have placed either 1st or 2nd in district for the past 12 years and won the regional meet on two occasions.

Coach Womack plans to enter several boys in the first meet of the year at the big Fort Stockton meet this Saturday. As several of the boys have only a few days of running behind them because of the basketball season, entries may be limited in some events.

Several veterans on hand plus sophomore boys give the Lions good depth, and the squad could easily develop into a strong unit, with 4 or 5 trackmen capable of reaching the state finals in May.

Among the 38 hopefuls are sprinter George Cox, weightman Gary Sutton, and miler Maggie Galindo. All three boys participated in the regional meet in Lubbock last year.

Next Saturday, the Lions will host their own Invitational Meet. On March 11 the Lions will be in Sonora; March 18 in Eldorado; March 24 & 25 in San Angelo; April 1 in Iraan; April 7, District (in Ozona); April 22, Regional (in Lubbock); May 6, State Meet.

Series of Ranch Home Burglaries In West Tex Area

Officers in a dozen West Texas counties are on the trail of what is believed to be a "pair" of ranch house burglars who have burglarized isolated ranch homes while owners were away in that many counties from Sterling and Glasscock and vicinity, through Crockett Sutton and Kimble counties. Sheriff Billy Mills received a report of a burglary at the Pleas Childress ranch home 11 miles west of Ozona sometime Saturday afternoon. The burglary was not discovered until after dark when Felix Rivera, foreman, who had left the ranch about 1 p. m., returned home. Meanwhile, Sheriff Mills and his force were assisting Sutton county officers in investigating a reported burglary at a ranch between here and Sonora and later reports were received of similar burglaries in Kimble county near Junction, all during the same afternoon and night.

The only clue officers have Sheriff Mills said, is a description of two men who called at the ranch home of Edgar Glasscock in Sutton county. Mrs. Glasscock was at home when the pair knocked on her door and when she went to the door they gave a name and asked if that person lived "down

Mary Ann Pitts, Ozona Hi Senior Dies of Accidental Gunshot Wound

Grand Jury Is Called To Probe Shooting Death

A special meeting of the Crockett County grand jury was called Wednesday morning by District Attorney Dixon Mahon to sit "as a sort of court of inquiry," the district attorney explained, to hear evidence gathered in the Saturday night shooting death of Mary Ann Pitts, 18-year-old Ozona High School senior.

An inquest verdict of accidental death by shooting had been rendered Tuesday morning by Justice of the Peace A. O. Fields and evidence gathered by investigating officers following the girl's death was presented to members of the grand jury in an open meeting in the district courtroom. District Attorney Mahon explained the purpose of the hearing to acquaint the jurors and the public with steps taken by officials in the investigation.

Pictures of X-Rays of the dead girl were shown the jury depicting the course of the bullet, which entered her chest and coursed slightly downward to her left chest cavity. Results of a post-mortem examination made by a San Angelo pathologist were read to the jury. Death was caused by circulatory failure due to injury to the heart and aorta by the bullet and respiratory failure from injury to the left lung, the examination showed. The girl was pronounced dead on arrival at the hospital here.

A statement given by Win Saunders, in whose car the accident occurred and whose pistol caused the death, was read to the jury. Saunders said that he did not have a date with Miss Pitts but went to a party at the Morrison home and as he was leaving asked her if she

Methodist Annual Preaching Mission To Begin Sunday

Ozona Methodist Church will begin its annual preaching mission next Sunday, with Rev. Sam Fore as the guest preacher. He will speak at the morning service and each night, Sunday through Wednesday, at 7:30 p. m. The church choir will also participate in these services.

The only additional meeting will be a men's breakfast Tuesday morning at 7 a. m.

Rev. Fore is a native Texan. A graduate of Corpus Christi High School, he received his B. A. Degree from Southwestern University and B. D. Degree from Southern Methodist University, Perkins School of Theology.

He married Mary Margaret Calhoun, daughter of a Methodist minister in 1951. They have three children, Martha Lane, Mary Ann and Andrew Calhoun.

Rev. Fore has spent his ministry serving at the Travis Park Methodist Church in San Antonio, Tarrytown Methodist in Austin and First Methodist in Weslaco. He is presently District Superintendent of the McAllen District, having been appointed to that position in 1965.

The public is cordially invited to attend the services.

Crockett Mohair Producers Favor Promotion Fund

Seventy Crockett County mohair producers, representing 5.8 percent of the total mohair producers in the county, voted in the recent Mohair Advertising and Sales Promotion Referendum.

Fifty eight producers, or 83 percent of those voting, voted "yes", these producers owning 74,292 head of goats. Twelve producers, or 17 percent of those voting, voted "no". These producers own 12,396 head of goats.

ASCS officials were gratified at the high percentage of participation in the voting, Cliff Elder, office manager said. The response to the mailed ballots were larger than in most referendums, he said. National results of the balloting will not be known until late in the month.

of Mary Ann Pitts, 18, a senior in Ozona High School. Miss Pitts was dead on arrival at the Crockett County Hospital about 11 p. m. Saturday from a gunshot wound in the chest suffered a few minutes before while riding with Win Saunders of Ozona, a student at North Texas State at Denton, home for a week-end visit, investigating officers said.

The girl apparently took the pistol, a short barreled .22, from the glove compartment of Saunders' car and in some manner it was accidentally discharged, the bullet piercing the girl's chest, officers said. An autopsy showed the small bullet had pierced the main artery to the heart. Results of a polygraph test given Saunders in Midland were made a part of the inquest record, Justice Fields said.

Funeral services for Miss Pitts were held at 10:30 Tuesday morning from the First Baptist Church, Rev. Harry Earles, pastor of Calvary Baptist Church, officiating. Burial was in Cedar Hill Cemetery under the direction of Jones Funeral Home. Pallbearers were members of the Senior class of Ozona High School. They were Derold Maney, Dwight Childress, Jack Applewhite, Rex Bland, George Cox, Don Leach, Marlin Farris and Gary Lee Sutton.

Mary Ann was elected by unanimous vote of her classmates as Senior class favorite at the annual elections held last week. She was born Nov. 7, 1948, at Sulphur Springs in Hopkins county and came to Ozona with her family twelve years ago.

Surviving are the parents, Mr. and Mrs. Bob Pitts; two sisters, Mrs. Roy Darby of Pennsylvania, and Debra Sue Pitts of Ozona; and a brother, Cary Pitts of Ozona.

The telephone will always revolve around people. There is—and always will be—a courteous, willing operator as close to you as your telephone dial. She is ready to serve you in any situation or emergency where her personal help is needed. The very fact that she is there every hour of the day and night is a comforting thought in itself. The next time you routinely dial a number to talk to a friend or transact business, we hope you'll remember that the telephone is still a very personal instrument. It wouldn't work at all without our people, nor serve so well without our operators. That is the way it will always be.

"Oh Give Me A Home"

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Last night a miracle occurred. It happened on the night after Johnny bought a new guitar and all of us joined in a family hootenanny.

When he came to live with us over a year ago, Sam didn't even talk. Raised in a sub-standard home, he was a mighty unhappy little boy with problems galore. He didn't like us at first—he wasn't glad to be with us. But, gradually, as the months wore on, he began to trust us and believe in our love.

That night as the family sang together—Sam suddenly began to sing with us. The miracle had occurred. He was now one of the family.

You see, the Church had taught us that the love of God accepts us completely and unconditionally. We had learned that we could love and accept Sam in the same way. In becoming a part of God's family, we had discovered how to create a new family of our own.

For nearly one hundred years ice boating has been an organized sport in America, especially in those areas of the nation where severe winters prove a blessing in disguise for those whose tastes in sports run to the chill and nippy. In 1861 an ice yacht club was formed in Poughkeepsie, New York. This was the first formal organization of the sport. Actually there are records of ice boating in New Jersey back as far as 1850. But these early boats were crude and ungainly compared to such craft as the ice yacht "Icicle," nearly sixty-nine feet of racer which packed a wallop of 1070 square feet of sail. In 1879 nothing on the Hudson River could touch her for size or speed.

would like to go riding. The couple drove on the east highway to the roadside park and turned around. Mary Ann took the .22 pistol, recently purchased at a White's Auto store in Denton, and he told her it was loaded, he said, and asked her to put it back in the glove compartment. The gun was discharged in some manner and he rushed the girl to the hospital.

Sheriff Billy Mills, asked by the D. A. to explain the theory advanced by investigators as to how the shooting occurred, said that ballistics experts in Austin who examined the gun pronounced it one of the most dangerous of weapons, capable of being discharged by a blow on the hammer (it had no safety mechanism.) Officers, Mills said, believed the gun struck the side of the glove compartment as she attempted to put it back, handle first, the bullet striking her in the chest.

A lie detector test was given Saunders in Midland and a written report of that test was read to the jury, indicating that Saunders told the truth when he said he did not fire the shot that killed the girl.
