### Kitty's Korner

By Kitty Montgomery

After Good Friday last week, came Bad Saturday and a hail-ravaged Ozona was minus its Easter dress for Sunday morning. Besides wreaking havoc with the plant life there was much property damage.

Living in the north part of town where damage was heaviest, I have been relieved of my gardening duties for the spring. The pounding hail stripped trees, hedges and rose bushes so badly that all that is left is sticks and switches. Small plants were demolished and my iris bed looks like a couple of giants used it for a dance floor. However, we still have our roof intact and that is more than can be said for my less fortunate neighbors.

We are happy to report that Larry Don Montya, who is under treatment in a Houston hospital, is feeling better. He will be there for several weeks yet and the highlight of his day is getting the mail. If you'd like to write or send a card, the address is Rm. 405 East, M. D. Anderson Hospital, Houston.

— k k —

It takes the better part of one day each week to reshuffle the zip-coded mailing list here at the Stockman. It's amazing how people move around to different zip codes, and so often. The only subscriber I can absolutely depend on to remain at the same zip code is the one who resides at the State Prison in Huntsville.

Being the official head of the zip code department (dubious honor), I have been programmed to compute zip codes, not cities, states or countries. After a year of re-filing according to zip code, sorting and wrapping papers according to zip code and completely altering our mailing system to accommodate zip code, we felt that our system was second to none. But alas, not so, we received a form only this week from the Dallas post office informing us that we had been sending them a package of papers for a sectional center facility, when in reality they have none. It seems the SCF is in Richardson, Texas.

However, the only city appearing on the zip code map for that section was Dallas, so having no psychic powers, I just assumed the sectional center was Dallas and proceeded along those lines.

Now, I am really in a dilemma. The form only said Ozona, Texas under city, state and zip code. Since the Dallas official neglected to furnish our zip code, I don't know if I can legally comply with his order. On the other hand, he might be an imposter. It's hard for me to imagine a postal employee failing to fill out a postal form down to the last minute detail. Still, he might think as I do, that the zip code is a bunch of boloney and just sub-consciously delete it from all forms he fills out. This could be dangerous thinking on his part, he gets paid by the Postal Department and I only sort mail for it. Oh well, surely I'll come to some sort of decision before getting the papers sorted this afternoon.

In spite of letters to our representatives in Austin and many gripes and complaints, it looks like we will be on daylight saving time, come April 30.

## Three Members Of School Board To Be Named Sat

Crockett County voters will go to the polls Saturday to elect three trustees to the District School Board and two trustees for the Co. School Board.

Residents of all precincts will vote at the courthouse where J. G. Hufstelder will be election judge. There will be a voting box at Powell Field with Mrs. Ernest Dishman as election judge and another at WTU Power Plant under the supervision of J. A. Carroll.

On the district board all incumbents have filed for re-election, Bill Carson, president; Taylor Deaton, secretary, and Charles E. Davidson, III. Others seeking election to the board are Mrs. Boyd Baker and Bill Lewter. Neither incumbent on the County Board is opposed. They are Hillery Phillips, trustee for precinct 1, and W. W. West, trustee at large. Polls will open at 8:00 a. m. and close at 7:00 p. m.

## Ozona 8th Grade Track Team 3rd In Big Lake Meet

Coach Bill Gerber's eighth grade tracksters won third place last Thursday in the eighth grade division at the Big Lake eighth and ninth grade track meet. Big Lake was first with 40 1/2 pts., followed by Eldorado with 40 and Ozona with 37 1/2.

David Pagan won first place in the discus and broke the existing record. Gregory Stuart won fourth. In the shot put Pagan took third place with Stuart coming in fifth.

Stuart took third-place honors in the 100 yd. dash followed by Ruben Tambunga in fourth place. Philip Perner came in second in the 330 dash with Curtis Weant placing fourth.

The Ozona relay team took third place in the 880 and tied for first with Eldorado in the 440 relay. Members of the team are Stuart, Perner, Pagan and Tambunga.

Chuck Womack won second place in the pole vault with Donald Olson in a tie for fifth.

Pagan got a fourth place in the long jump. Both the 7th and 8th grades will enter the McCamey junior high meet Saturday.

## Car Demolished As Driver Falls Asleep At Wheel

In spite of rain, hail and 70 accident fatalities for Texas during the Easter holiday period, Crockett County reported only one automobile accident and no serious injuries.

The one car accident occurred Sunday morning around 2:30 at the north edge of Ozona. Joe Ramirez, returning to Ozona from Midland and driving a 1965 Oldsmobile belonging to Noble White, went to sleep at the wheel and sheared off a dozen guard posts, careened into an iron post and ended up in a vacant lot at the corner of Ave. E and 1st St.

Ramirez, the lone occupant, was hospitalized overnight and released later Sunday morning. The car was a total loss, according to investigating officer, Joe Brownlee, DPS.

## Trading Post Is Burglarized; Guns And Ammo Stolen

Late Monday night or early Tuesday morning, a thief or thieves struck the Ozona Trading Post and made off with several hundred dollars worth of guns and sporting equipment.

The burglary was discovered by Joe B. Chapman, an employee, when he reported for work Tuesday morning.

An investigation revealed that entrance to the building had been gained by cutting a hole in the roof and the stolen goods were removed the same way. A ball of twine atop the roof indicated that the 10 rifles and shotguns, 6 pistols, several boxes of ammunition, 7 gun cases and 5 hunting knives had been tied with the twine and lowered from the roof to the ground below piece by piece.

At this time there are no clues pointing to the identity of the robber or robbers, nor have any of the stolen goods been recovered. However, serial numbers on the guns have been reported.

## Cemetery Assn. Asks Lot Owners To Provide Hoses

Mrs. Jack Baggett, chairman of the Cedar Hill Cemetery Assn., asks that those who wish to have their cemetery lots watered to please provide a hose for their lot.

A full-time caretaker is employed for the purpose of caring for the lots, but water hoses must be furnished by the owner of each lot. It would be impossible for the caretaker to transfer hoses from lot to lot for the purpose of watering.

## Wildcat Spotted, 8th Producer In Mitchell Field

A wildcat and a re-entry were scheduled and a confirmer assured in Crockett County this week.

James G. Brown & Associates, Midland, will drill the No. 1 C. T. Harris, a 9,600-foot Ellenburger wildcat, in Crockett County, 22 miles southwest of Big Lake, and 1 3/4 mile north of Ellenburger production in the Escondido multipay field.

Location is 1,836.04 feet from the north and 2,173 feet from the west lines of 12-3-WCRR.

Wolfson Oil Co. will re-enter and clean out to 4,600 feet for tests of the Spraberry at the No. 1 J. A. Harvick, Crockett County Ellenburger failure, 10 miles northeast of Ozona and six miles northeast of the Ozona, Northwest (Spraberry) field.

Originally drilled by McAlister Fuel Co., as the No. 2 Harvick, it was plugged and abandoned Nov. 23, 1959 at 9,160 feet.

Location is 1,980 feet from the north and 660 feet from the west lines of 100-GH-GC&SF.

Eighth producer and a 3/4-mile northwest extension to the JM (Ellenburger gas) field of Crockett County has been assured with the flowing of gas through perforations at Shell Oil Co. No. 9 Mitchell, in 10-NNN-1. Z. Bullock, 35 miles southwest of Ozona.

Operator perforated between 13,088-151 feet, and after being shut in three hours, it opened up and flowed at the daily rate of 1.2 million cubic feet. Acidized with 25,600 gallons, it flowed (Continued on Last Page)

## Lions Second In Division At San Angelo Relays

The Ozona Lions captured the runnerup trophy of Division IV at the San Angelo Relays last Saturday, compiling 47 1/2 points while Abilene Woodson nabbed the top spot with 53 points.

In their best showing of the season, the Lion effort featured a double win by Gary Sutton in the shot and discus (54 ft. and 160 ft. 10 1/2 inches), a first by freshman pole vaulter Tony Cullins (11 ft. 9 inches), and a tremendous 3:27.7 in the mile relay by Derold Maney, Fleet Coates, Rodney Pagan, and George Cox.

This Saturday Coaches Womack, Moehler, and Marlett will enter the Ozona team in the Inran Invitational and the Lions will probably rank as favorites for the title. This will be the last meet prior to the all-important district meet to be held in Ozona on Friday, April 7th.

Sutton got the Lions rolling with his two wins on Friday afternoon. Sutton, who ranks 3rd in the state in the discus, hit his best distance in the shot for the year and continued to hit above 160 feet in the discus. Freshman Cullins displayed all the poise of a veteran as he won his third first place medal in 4 meets. The 11'9" was also Cullins' best effort of the year.

The mile relay win was somewhat of a surprise as Womack went for double points in the relays, using his ace sprinter Cox on the 440, 880, and mile relay teams. Maney a senior, ran a 51.7 out of the blocks, and Coates and Pagan, only sophomores, held on strong for two more quarters, with Cox sprinting the final 440 yards in 49.5. The 3:27.7 is an OHS school record as only one other Lion relay has ever broken 3:30.

In times of 44.3 and 1:43, the OHS 440 yard relay and 880 yard relay teams were second behind Abilene Woodson. Running on these two teams were Maney, Cox, Coates, and Thomas DeHoyos in the 440, and Cox, Maney, Coates, and Cervantez in the 880.

Maggie Galindo added a point to the Ozona total with a 5th place finish in the mile run while Wesley West tied for 5th in the pole vault, and Randel Clepper got 5th place (Continued on Last Page)

## Woman's League Makes Plans For Guest Day Tea

Mrs. Roy Coates and Mrs. H. O. Hoover, Jr., were hostesses for the Ozona Woman's League meeting Tuesday afternoon at the Civic Center.

Plans were discussed for the League's annual Guest Day Tea, which will be held April 15, at the Civic Center. Rev. George Ricker, pastor of St. Lukes Methodist Church in San Angelo, will be the guest speaker.

Mrs. John R. Hunnicutt and Miss Loreta White presented an interesting program on the many uses of wool. Two films on the subject were also shown.

Others present were Mrs. Joe Bean, Mrs. Bill Black, Mrs. Bob Childress, Mrs. Buster Deaton, Mrs. Jim Dudley, Mrs. Perry Hubbard, Miss Katrina Hardburger, Mrs. Robert Mayfield, Miss Fern Mikeska, Mrs. Ron Murdock, Mrs. H. M. Phillips, Jr., Mrs. Nat Read, Mrs. Wayne Loury and Mrs. Frank McMullan, Jr.

## Quarter Million Dollar Property Damage From 15-Minute Hailstorm

### Record Crowd Expected For C of C Banquet

Plans are completed and a large crowd is expected for the 3rd annual Chamber of Commerce banquet to be held tonight at the Civic Center. Highlight of the affair will be the after dinner speech by Lee D. Herring, Grand Prairie banker and well known after dinner speaker.

Everyone is extended an invitation to attend. Tickets will be on sale at the door for those who have not yet purchased them. At noon Tuesday 123 tickets had been sold in advance.

Food for the banquet will be prepared in the Civic Center kitchen under the able direction of Jim Marks, food chairman, and his committee. The dessert will be prepared by the Hi-Way Cafe.

## Historical Survey Committee Names Planning Committee For Development Of Fort Lancaster

Nominations for members of a planning board to study and develop for the public's interest and enjoyment the historic site of old Fort Lancaster in west Crockett county were made by members of the Crockett County Historical Survey Committee in a meeting Monday afternoon at the courthouse.

Creation of a planning board for the orderly development of the site was suggested by Dr. Edward B. Jelks, head of the department of archaeology at SMU in his report on his findings after last summer's explorations made by a crew under his direction. He recommended for membership on the board an archaeologist, a historian, an architect, a park administrator, a landscape architect and representatives of the local Survey committee.

The committee meeting Monday nominated for membership on the board Dr. Jelks, who had indicated he would serve; J. Dan Scurlock, park administrator with the State Parks and Wildlife department; William Cliff, architect, of Odessa; Mrs. R. A. Harrell, county Survey Committee chairman, Ira

Ozona residents sustained an estimated quarter of a million dollars worth of property damage as a result of the fifteen - minute hail

### Tax Office Open Saturday For Late Car Registrations

The Crockett County Tax Office will be open all day Saturday for the benefit of those who wish to purchase license tags for vehicles. Mrs. Gertrude Perry, deputy tax assessor - collector, reminded vehicle owners of the Saturday mid-night deadline.

For purchase of 1967 tags, a certificate of title and the last license receipt is required.

### Gardeners Urged To Replant Hail Damaged Gardens

Ozona Garden Club members are urged to replace peonies, roses and iris, which were damaged by hail Saturday, at once with annuals and perennials purchased from nurseries. Some of the bedding plants that are available now are calendula, candytuft, bells-of-Ireland, nasturtiums, pansies, poppies, (California, Oriental and others), snapdragons, stock, daisies (Gerbera, Shasta, Esther Reed, Gloriosa etc.) marigolds, pentas, dianthus, columbine, carnations, verbena, sweet William and any other plants that will add to the beauty of the flower show.

Where roses, peonies and iris were damaged by the hail, cut off broken stems, leaves and buds. This will enable new growth to develop sooner.

Mr. and Mrs. W. A. Wilson and family of Odessa spent Easter with Mrs. Wilson's parents, Mr. and Mrs. Paul Perner.

## Historical Survey Committee Names Planning Committee For Development Of Fort Lancaster

Carson, and Mrs. Joe Clayton representing the committee, and Henry Meadows, representing the land donors. Assistance of Dr. Jelks and Dr. Curtis Tunnell, state archaeologist, will be sought in securing other members, a historian and landscape architect. The nominees are being notified of their selection and the committee expressed hope that all would accept.

The county is presently constructing a paved road from Highway 290 to the fort site and a caretaker, Leonard Boyd, is on duty at the fort five days a week to welcome visitors. Mrs. Harrell, who has been largely responsible for accomplishing so far toward preserving the historic site, explained that efforts are being directed toward the possible restoration of one building at the fort to be used as a tourist information center and museum, but that neither the committee nor state planners entertain any idea of a complete restoration of the fort. Some of the building foundations were outlined by last year's explorations and the final plan for (Continued on Last Page)

storm Saturday afternoon that literally left the ground covered with hail stones as large as golf ball. No estimate has been made of damage to plants and trees, but it is reported to be extensive.

Damage to roofs and glass accounted for the major part of the estimated sum. Car damage was negligible.

The north one-third of Ozona bore the brunt of the storm. Although the hail fell over the entire area of the city, it was lighter in the downtown section and southward. Moisture recorded amounted to .20 of an inch.

Friday morning .41 of an inch of rain was recorded in downtown Ozona.

The severe hailstorm was confined almost to the Ozona town area, falling from a tall thunderhead which boiled up over the city. Although large, the hailstones, for the most part, were of mushy ice and therefore did a minimum of damage, accounting for the small loss in damage to cars.

Weathermen pointed to another approaching cool front due to arrive today, with some thundershower activity. A light shower fell in the city last night, the result of the day long flow of moist air from the gulf, riding on a typically high March wind.

### Kincaid's Grass Farm Featured In Progressive Farmer

"Two Cows Per Acre — and Shooting For More" is the title of an illustrated article on the Coastal Bermuda grass stock farm operations of T. A. Kincaid, Jr., in Wilson county east of San Antonio, appearing in the latest issue of "The Progressive Farmer", Texas-Oklahoma-New Mexico-Arizona edition of the monthly magazine published in Birmingham, Alabama.

Kincaid is pictured, in a half page picture illustration, standing among some of his herd of around 1,000 Angus and Brangus cattle and their calves which he runs on 500 acres of Coastal Bermuda grass under irrigation. And the articles points out that he plans to increase the herd to from 1,500 to 2,000 cattle by adding a green-chop program to his operation.

The article is written by Del Deterling, associate editor of the magazine, and describes the intensive management which accounts for Kincaid's successful operation of the grass farm.

Kincaid, who also claims Ozona as home, owning and operating a sheep, goat and cattle ranch south of Ozona, irrigates from two wells with 10-inch pumps capable of delivering 1,200 gallons per minute for his sprinkler type irrigation system. "He can apply 3/4 inch of water to 6 1/2 acres at a time and cover his four irrigated pastures once a month with 4 inches of water," the article points out. By use of fertilizer and water, the place is producing 5,000 tons of feed a year, which, with the dryland pasture included in the farm, would be capable of supporting an additional 500 to 1,000 head of cattle, Kincaid told his interviewer.

**REUTHER'S RIGHT-TO-WORK**

Walter Reuther, if we are to believe the news stories, is ready to take his UAW union out of the AFL-CIO. Already he and other top officers of the United Auto Workers have resigned all connections with the AFL-CIO. And, when the time is ready, it's said that his union will move out.

In anticipation of that dramatic development, it's reported that Reuther has had conferences with Harry Bridges who controls the West Coast and Hawaiian docks with his ILWU, and that he had a meeting with Jimmy Hoffa before the Teamster's boss went off for a court-ordered rest.

Certainly, if Walter Reuther is unhappy in the AFL-CIO, and his membership is unhappy, he should be free to withdraw, disaffiliate, or quit paying dues. Existing law permits it.

But both Walter Reuther, and George Meany, who runs the AFL-CIO, should realize that such a withdrawal will dramatically spotlight the right-to-work fight in every state which does not now have such a law. For clearly union members, of any union, should enjoy a similar degree of freedom — the right to join or not to join a union.

If a union can discontinue an affiliation, does it not logically follow that a union member can discontinue an affiliation?

But under present law, union members are prohibited from withdrawing from union membership in most states. Only in states with right-to-work laws on the books is such a right provided for the individual union member.

No development that we can think of can give the right-to-work movement more momentum across the nation than Reuther's exercise of the UAW right to withdraw. The simple logic of the situation will not escape the press and lawmakers of the country; nor will the workingman any longer have reason to be intimidated into silence.

Mr. Reuther has views on

many domestic and international problems widely at variance from those held by Mr. Meany and the AFL-CIO hierarchy. He wants to be free to express those views, to advocate them, to finance them. And even those of us who disagree with Mr. Reuther will welcome his unfettered freedom. That's the American way.

That's all we want for the workingman — the right to work, the right to join or not to join a union, the right to be free.

**BARBECUE HONORS GRADS**

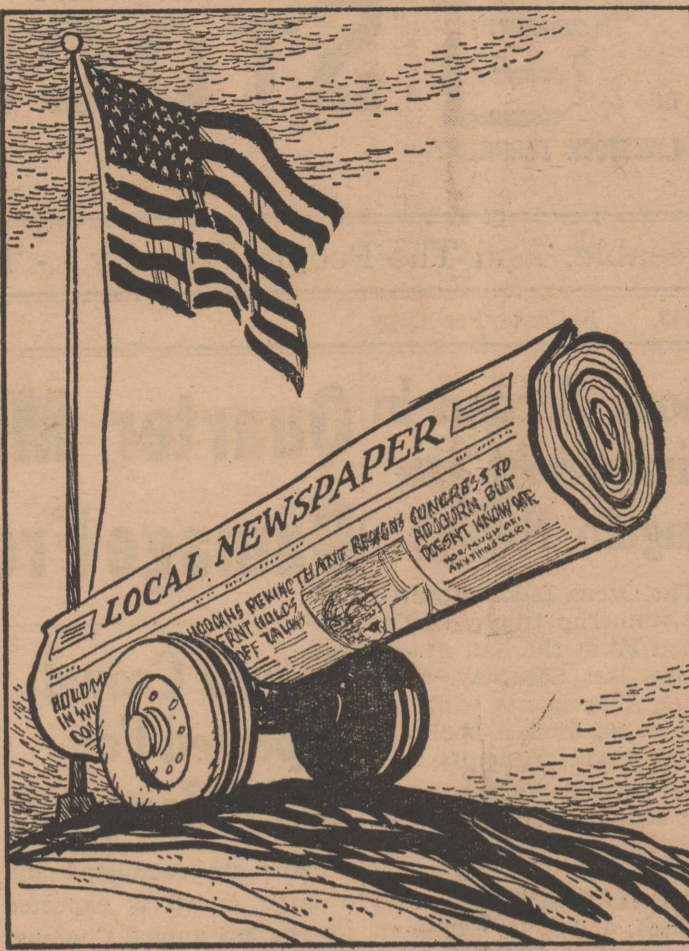

Mr. and Mrs. James Baggett honored three nephews and a niece, who will graduate from high school this spring, with a barbecue supper at their ranch home Saturday evening. The honorees were Jack and Jill Applewhite, Ken Corder of Jal, N. M. and Steen Brown of Austin.

A large group enjoyed the barbecued and a sing-song under the stars. Those present were Derold Maney, Fred Chandler, Peggy Hagelstein, Randel Clepper, Robilen Miller, Kathy Miller, Vicki Applewhite, Janis Walker, Carmen Childress, David Lewis, Ronnie Mason, Janie Edger-ton, Gloria Gilbert, Cookie Coates, Donna Moore, Hank Miller, Leonora Farris, Bob Nations, Rick Logan, Larry Don Webb, George Cox, Lynn Cox, Carey Pitts, Esther Williams, Jerri Lynn Morrison, George Parker, Deborah Mills Helen King, Marilyn Mills-paugh, Gary Sutton, Rick Hagelstein, Johnny Childress Fred Deaton, and Mr. and Mrs. Charles Applewhite, all of Ozona.

Out-of-town guests included Ronnie Stooksberry and Randy Upham of Jal, N. M., Jodie Griffith of San Marcos, Becky and Vicky Hamilton of Dallas, Mr. and Mrs. Kenneth Corder and Steve Corder of Jal, N. M.

Class officers were elected Tuesday by Mrs. Bill Baggett's fourth grade at North Elementary. Elected president was Rex Parker; vice-president, Suzanne Williams; secretary, Tanya Loury, and treasurer, Debra Montya.

The British national game of Cricket is considered by many as the forerunner of American baseball. Yet, baseball fans who go to a cricket match (or game) will find that the British pastime is well-nigh incomprehensible to them. The reason for this is that they expect too great a similarity with baseball. For instance, there are only two innings in cricket, yet one game can go on for long as six days. The pitcher in cricket is called the "bowler", and each side has two who alternate. Let me stop here before I think I really understand the game; then I'd be confused for sure.

## EDITORIAL

By Lenora Farris

There are only eight weeks, 40 school days, 310 hours, 18,600 minutes, and 1,056,000 seconds left till school will once more be out for summer vacation. To some, this time will fly by because they will spend the remaining few days studying. To others, this time will crawl by because they will sit and watch their watches. Some people will quit studying and have to take courses over again, therefore they are really doubling the time spent on a course. The people who study enjoy spending their time going to school and are much happier in the long run. Which type of student are you, the non-studier or the one who cares about his grades?

## VOLLEYBALL NEWS

The Ozona Volleyball team lost to Iraan last Tuesday night. The scores were 13-6 and 15-8. The B team won with the scores of 12-8 and 15-10. The Ozona Freshman team was defeated 15-4 and 15-9.

Tuesday night the Ozona Volleyball team played Sonora in the Davidson Memorial Gym. The score was not known at this time.

## SPORTS

By Janie Edgerton

The Ozona Girl Volleyball teams played Iraan here last Tuesday. The A team and freshman team were defeated, but the B team won. The track team traveled to San Angelo Friday and

Saturday for the San Angelo track meet. Ozona placed second overall with 47½ points. Maggie Galindo was fifth in the mile run. Gary Sutton won 2 firsts, in the shot put and in the discus. He threw the discus 160-11½. Ozona placed 2nd in the 880 yard relay. The mile relay team, composed of Derold Maney, Fleet Coates, George Cox, and Rodney Pagan, placed first in the relay and set a new record of 3:27.7. Tony Cullins won the preliminaries with a pole-vault height of 11'6".

The track team travels to Iraan and the volleyball girls have the Ozona Volleyball Tournament this Saturday. The girls played Sonora in a volleyball game here last Tuesday.

## QUESTION OF THE WEEK

By Esther Williams

If you could change your sex, would you and why?  
 Chris — No, cause then I could get licks.  
 K Kyle — No, because then I couldn't go to T. W. U.  
 Connie B. — No, it would ruin my reason for going to Angelo.  
 Esther W. — Yes, because I'd have an excuse for weighing 250!  
 Cynthia Appel — No, because I'm not big or tough enough.  
 Robilen M. — Yes, I could wear blue jeans all the time!  
 Barbara D. — Yes, I could wear blue jeans all the time!  
 Becky C. — No, cause then I couldn't be married to Gerald.  
 Gary S. — No, cause Suzy and I couldn't go together.  
 Larry K. — No, because then I would have people like Sutton and Webb to

date.  
 Mahon — No, because I don't like boys with long hair.  
 Marsha — No, cause then I'd get licks in 4th period study hall.  
 Angle — No, cause then I'd have to go to Viet Nam.

## CONNIE BRADFORD PLANS CAREER IN ART

Connie Bradford, 18, daughter of Mr. and Mrs. Jack Bradford, plans to work in San Angelo for one year and then go to a commercial art school in either Detroit or Austin.

Cynthia was on the Lion annual for 1 year.

## VACATIONS ARE OVER UNTIL MAY 19

By Connie Bradford

With the close of the Easter holidays, the last big vacation before school dismisses on May 19 ended. Now, the students of OHS have nothing to look forward to except summer vacation.

There will be no more days of leisure and relaxation without the worry of homework; from now until school is out, constant studying will be required if one wishes to pass with good grades.

There will be no more chances for lone out-of-town visits or 3 or 4 day rest periods. Until May 19, school will meet regularly and without fail 5 days a week nearly every week, with the usual Saturday and Sunday vacation. With book reports, research papers, themes, and tests, though, the 36 school days will pass all too fast and the students will be out for another summer of fun.

**THE CHURCH FOR ALL ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**Little Man**

He stands alone, looking almost too small for the burden of those books. You watch him, and you wonder what he is thinking. But you know that if you were to ask him, he'd only look up with a little shrug and say — "Oh, nothing."

"Nothing" is so often a child's answer to the deeper questions. Perhaps a child knows instinctively that he can't hope to put into clear words all the puzzle, the confusion, the joy, sorrow, and wonder that comes with growing up. And "nothing" can become — to you — the most frustrating word in the world.

What can you do about it? You can love him, and you can help him in every way you know. You can be sure that he is given a chance to go to church with you, and to Church School. Here he will find some of the best answers of all to that long list of questions that will become longer, still, as time goes by.

Texas has a new lake to be proud of . . . Sam Rayburn Reservoir in East Texas. It was completed just a little more than a year ago and already is filled with water and fish.

This is the largest of all man-made lakes in Texas. It covers 114,300 acres of surface at power-pool level and 144,300 acres at flood-stage level.

Sam Rayburn Reservoir is located in the colorful Angelina National Forest. It is surrounded by such towns as Nacogdoches, Lufkin, Zavalla, Broadus, San Augustine and Jasper.

The lake is named in honor of the late Sam Rayburn of Bonham, who served as speaker of the lower house of Congress for some 20 years. He died in 1961 before completion of the impoundment.

In a state that boasts of more inland water than any of the 48 states, this one is being developed as a real recreational center. It will be a play spot of the entire southwest . . . especially Texas, Louisiana and possibly Oklahoma.

Its proximity to metropolitan Dallas and Houston means it will have heavy traffic from both of those places.

Sam Rayburn is a beautiful lake. Situated as it is . . . in the Angelina Forest . . . the Forest service and Corps of Engineers, which built the dam at McGee Bend, will provide recreational features not presently found in any other lake area of the state.

Already some 20 recreational sites are being developed and more than 50 are planned around the lake. It's water already is bassy. Most of the fish, however, are just yearlings. You may have to catch 50 to keep 10. But that's a lot of fun, too. Don't think there aren't any lunkers in the lake . . . because there are. The big dam was constructed across a stream well known for its fishing potential in black bass, black and white crappie, spotted bass and catfish.

Bass were planted in the lake by the Parks and Wildlife department hatcheries and there has been a heavy spawn. In a few months now they will be catchable, too. It's fun to sit in a boat, cast out across clean water that looks about like thin feed tea and watch a dozen small bass follow your lure back to the boat. Sometimes the lure is larger than the fish, but they'll hit it anyway.

The Corps of Engineers has cleared 63,000 acres of land. Most of it was done with a huge tree crusher, which knocked over trees and flattened underbrush to provide boat roads throughout the impoundment.

These boat roads are several hundred feet wide.

There is a huge, open expanse in the middle of the lake. Here water sports can be held without bothering the fishermen who will be back in the literally thousands of pockets almost hidden by standing brush.

The lake heads on the upper Angelina River, between Lufkin and Nacogdoches. It is 40 miles to the dam, in some of the most beautiful country in East Texas.

Tall pines and spreading oaks border the shores and wild vegetation contains more than 1,000 species of plants.

Facilities already provided include perhaps the finest boat ramps in Texas. They are double width, of reinforced concrete with a grid surface to prevent slippage. Near each ramp is ample parking space for both trailers and automobiles.

Campsites are being developed with all facilities, including water, rest rooms, trailer connections and just-cleared spots to pitch the family tent or park the family pickup camper.

Sam Rayburn Reservoir is destined to be filled with many large boats, particularly of the pontoon type. These big boats, with great powerheads, will be capable of taking the rough water that comes with a mammoth lake.

However, there are literally thousands of sheltered coves where fishing boats, either the semi-V or john boats, will be popular. Several large marinas also are in the making and should be ready in time for this season.

Sam Rayburn Reservoir is a beautiful lake any time of the year. But the spring months, with the blooming shrubs and abundant trees, will attract many sightseers.

I doubt if Texas ever will have a more beautiful lake than the Sam Rayburn.

Washington News Letter

Congressman O. C. Fisher

Deliberate Federal Control, with malice aforethought, over all phases of local government activities has taken a spurt during 1967.

Only recently the Treasury warned bankers that they will lose valuable federal deposits if they discriminate against Capitol Negroes in hiring, promoting, training or other aspects of employment. And it will be up to the federal bureaucrats, not the local banks, to decide what constitutes such acts of "discrimination."

About the same time, the U. S. Commissioner of Education notified 17 state governments that, in effect, he intends to withhold federal funds unless they obey the rules he lays down.

One condition is that at least two Negro teachers be assigned to predominantly white schools and two white teachers to each school where Negroes are in the majority.

The Congress enacted no law to this effect. The U. S. Constitution contains no such direction. It is a mandated mandate, fabricated in Washington, designed to clobber American schools and to "racial balance" whether locally desirable or workable or not.

It is reasoned that if the bureaucrats can get by with this arbitrary scheme, then with equal validity and very little additional gall, the same policymakers can put any other conditions on the receipt and use of any federal funds that the Congress has authorized for any purpose in the various states. This could be textbooks, qualification of teachers, school equipment, etc., etc.

One northern State Education Commissioner has warned this new federal attack is doing serious harm to the cause of education. He referred to it as "a mixture of politics, bureaucracy, and increased control and direction from the U. S. Office of Education."

This novel method is a bold and undisguised move to use federal funds to coerce the states. And some of us can remember when a few short years ago the vast majority opposed federal aid-to-education because they feared federal control!

Letters to the Editor

To The Citizens of Ozona:

To a tourist driving through town, Ozona likely appears to be the cleanest little town (or big) that he has seen. Yet, we are living with, and apparently unaware of a health hazard which to me seems enormous. I will venture to say that we have a roach population not exceeded by any area of like size in the state of Texas.

It is a well established fact, if not well known, that roaches are disease carriers. The most dread of diseases which they can spread are leprosy and infectious hepatitis. Of these two, hepatitis is the more deadly, the fatality rate being quite high. Symptoms are various, sometimes leading to erroneous diagnoses, improper treatment and death. In some cases accurate diagnosis and prompt and proper treatment do not save the victim.

In my business, I believe I am in more homes more often than any other individual, and am constantly reminded of the situation. Often I become a bit ill at the sights I uncover. In more than one instance malfunction of the set under repair was caused by roaches packing into vital areas of the circuitry.

My purpose in this writing is this: I believe we should rid Ozona of this filthy pest. I believe it should be done on the local level, employing local exterminators working at reduced rates, using

volunteer help, and with purchase by the county of some equipment if necessary. I believe that the monetary cost of such a program would be much smaller than that burden which would be placed on the county if an outbreak of hepatitis should occur. In the latter event, the cost in suffering and sorrow could be immeasurable. And this cost would be borne by affluent and indigent alike, for such outbreak would not be restricted to that area of most contamination. This is a community problem. Let us, as a responsible community, ponder the situation.

### Miss Huddleston, Lt. James Freeman Exchange Vows

Miss Billie Jo Huddleston, daughter of Mr. and Mrs. W. E. Huddleston of Odessa, became the bride, of Lt. James D. Freeman, son of Mr. and Mrs. Fred A. Freeman of Todd Field, in a double-ring ceremony performed by Rev. L. L. Kirkpatrick Saturday at the Calvary Baptist Church in Odessa.

The bride wore a full length gown of white peau de soie and Chantilly lace with a chapel length train. Her shoulder-length veil of silk illusion was attached to a pearl encrusted headband. She carried a white Bible with a bouquet of white carnations and an orchid attached.

Vows were said before an archway of greenery flanked by baskets of white gladiola and candleabra.

Mrs. Robert S. Freeman, sister of the bride, was matron-of-honor. She wore a mint green brocade taffeta gown with matching accessories and carried a bouquet of white carnations.

Robert S. Freeman, brother of the groom, served as best man.

Ushers were Joe W. McMullan of Houston and Gary Maxfield of Odessa.

A reception followed immediately after the wedding in the fellowship hall. The serving table was laid with white net over a mint green underskirt. The table was centered with an arrangement of white carnations.

After a wedding trip to Juarez, Mexico, the couple will be at home in Big Spring where Lt. Freeman will be stationed at Webb AFB.

Lt. Freeman is a graduate of Ozona High School, North Texas State University and Officers' Training School, and attended Odessa College.

Out of town guests included Mrs. D. P. Huddleston of Andrews, grandmother of the bride; Mrs. Frances Tolson of Big Lake, grandmother of the groom; Mrs. Ashby McMullan, Mrs. Vonita McAllister and daughters, Judy and Kathy, and Bob Tabb all of Ozona; and Mrs. Joe W. McMullan of Houston.

Mr. and Mrs. Freeman entertained members of the houseparty at a rehearsal dinner Friday night at Sands Restaurant in Odessa.

Mrs. Joe Pierce is in Bay City where she is visiting relatives.

#### CARD OF THANKS

We wish to express our most sincere and heartfelt thanks for the many expressions of sympathy during the recent loss of our loved one.

The family of  
Rex Halydier

#### TO OUR OZONA FRIENDS:

We could never express in words our thanks for the people of Ozona who have been so kind to us in so many ways during the illness of our son, Larry Don. We will be forever grateful to each of you for your thoughtfulness. Larry Don is now in his third week of treatment and is resting better. Your cards and letters have meant so much to keep him from being so lonesome away from home.

To each of you — good health, happiness and pure heartfelt thanks.

Claude and Nelda Montya

##### From Your State Capitol

Austin, Texas — Texas cities now have won at least half of their battle for authority to levy a one per cent sales tax.

Both houses of the Legislature passed the bill. It's now ready for the Governor's signature. Final step is approval by local voters.

Anti-Wiretapping — Telephone wiretapping and electronic eavesdropping were frowned upon by the House which passed (116-29) a control bill recommended by the Governor.

Wiretapping could be authorized on court order if evidence expected to be gained might save human life, or prevent extortion, kidnapping, armed robbery, rape or arson. Evidence thus obtained would be admissible in court.

Bugging by law enforcement officers would be permissible without court order for a one-day period where the procedure conceivably might save a life.

Bill now goes to the Senate.

Crime rate at New High — Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, reports that major crime in Texas reached an all-time high in 1966.

Total was 297,810, compared with 284,249 the year before.

Murder and homicide went up 17.5 per cent, robbery 10.4 per cent, burglary 9.2 per cent, theft 3.2 per cent and auto theft 11.2 per cent.

Local, state and national efforts to curb crime, said Garrison, "will be meaningless until each person determines to make crime prevention a personal issue and lend his support to law enforcement" activities.

#### Short Snorts

A proposal by Reps. George Hinson of Mineola and Ralph Wayne of Plainview for annual legislative sessions has been reported out of the House Committee on Constitutional Amendments with the recommendation that it be passed.

Senate labor committee hearing on the minimum wage bill has been reset for April 3.

A bill legalizing therapeutic abortions received Senate Committee approval.

An equal-rights-for-women amendment again has been passed by the Senate.

Governor Connally has signed into law an historic

sites restoration - maintenance bill.

Mr. and Mrs. Tommy Everett and baby son, Cody, of Las Cruces, New Mexico, spent the Easter holidays with Mr. Everett's parents, Mr. and Mrs. Tom Everett.

Why not amend the Texas daylight saving time bill to allow that extra hour at the lunch period instead of after work?

taxes are levied by the Federal or State Government but to pay them. If we own something that the government says must be licensed or registered, we must go along with that too, and pay whatever fee is required. When our sons are drafted into the Armed Services of our country, we have no choice but to pack them up and send them on their way. But, when the government starts telling us when to go to bed and when to get up, it should jar those who still think this is "government by the people and for the people" into the sobering realization that this is no longer true.

I sometimes think if Washington sent out a directive to install pay toilets in all private homes, we'd all comply without indignation.
