Kitty's Korner By Kitty Montgomery

Well, what do you know. This week via television and newspaper the American public is told by Russia's ex-premier Nikita Khrushchev that the Russians put President Kennedy in office. This was a jolting revelation to me, as I had thought the American people chose their own president and had labored under this impression for years.

Goodness, if this is true, we may very well, in reality, be one of Russia's satellites. Imagine the great majority of American people going about their business everyday thinking they are living in the "land of the free and the home of the brave," when behind the scenes we are actually being maneuvered by the Kremlin criminals. Earth-shattering, isn't it.

This is not at all impossible, when you consider the fact that while calling for peace in the world the Russians were arming the Arab armies to the teeth. They did not consider holding a meeting of the U. N. Security Council when Nasser closed the Gulf of Aqaba to Israeli shipping. However, when the war broke out and the Arabs suffered one of the most humiliating military defeats in history, they were the first ones to call for a meeting of the council and immediately labeled Israel the aggressor, along with their side-kicks (the Arabs).

It seemed peculiar to me that no one thought of labeling the Russians "the aggressors" and nothing was said about the Russian officers captured by the Israelis. Even yet Russian military equipment is being poured into Egypt and Nasser has re-stated his determination to wipe Israel off the face of the earth. In the face of all this, it seems very possible to me that they might be dictating our policy behind the scenes.

And too, why drag a former Russian leader out of the moth balls and smear him and his opinions all over T-V and newspapers? Could it be that he plans to run for president of the U. S. in '68?

Things have been pretty quiet on the local scene this week and awful hot. I stopped a moment to visit with Dr. Curl in the middle of the street one afternoon this week when it was 102 in the shade. I remarked to the Rev. Dr. that if he was any hotter than Ozona, I was going to make a serious attempt to change my ways. He advised me that from all he had heard it was considerably hotter. However, we both agreed that we hadn't talked to any eye-witnesses, so I will probably just rock along till fall.

The stork finally visited the Ron Murdocks, only instead of the John they were looking for it was a Jane. However, Ron can't even remember he wanted a boy and he is walking about three feet off the ground, passing out cigars. He also has a few thousand pictures of the little miss taken a few hours after her arrival that he will be only too happy to show anyone who might be interested. And of course we all are, after 15 months it's just natural that the whole town was getting a little concerned. By the way, Sunny is fine and expects to be home soon.

Gary Sutton is home from

Ten Screwworm Cases In County Reported In Week

Ten cases of screwworms were reported in Crockett County this past week, bringing the total to 13 cases for the year, County Agent Pete Jacoby reported yesterday. Texas had reported 80 cases through Tuesday, July 11, while the national total was only 87 cases. There were 20 cases reported in Texas last week.

The first case reported for Crockett county this year was discovered on the Bill Hoover Estate Ranch by Bud Hoover on May 27. A second case was discovered on the Hoover Ranch on June 19. V. I. Pierce reported a case on June 7.

Max Schneemann has reported five cases of screwworms since July 4. In the same area of the county, single cases were reported on the following ranches: Clifton Brooks, J. D. Strauss, and the Clayton-Childress Ranch on the Shannon Estate, the Bud Young and Virgil Powell ranches in Reagan County south of Big Lake. Bud Cox reported two cases at the Howard Draw Ranch headquarters this past week.

Screwworm officials reported to county agent Pete Jacoby that stepped-up hot-spot treatment of all screwworm areas in the county were made this week along with the area of the Pecos River where two cases have been reported on the W. E. White ranch.

County agent Pete Jacoby urges all ranchmen to collect and send all worm samples to the Mission lab for identification. This is the only way we can get immediate relief by sterile fly drops, by letting officials know our situation, he said. Ranchmen are urged to protect livestock by dipping and spraying livestock to prevent further outbreaks of screwworm cases.

Spraberry Oil Strike Looms In Crockett Well

A discovery and a dual confiner were indicated in Crockett County and location scheduled for an out-post.

An upper Spraberry discovery has been indicated with the swabbing of 10 to 15 barrels of oil per day at Hancock & Berry, Midland, No. 1 Flowers, in 8-OP-GC&SF, 5 1/2 miles north of Ozona and five miles northeast of Spraberry oil production in the Ozona, Northwest multipay field.

Recovery was through perforations between 3,992-4,428 feet, which had been acidized with 2,000 gallons and fractured with 30,000 gallons and 50,000 pounds. Operator was preparing to test on the pump.

A re-entry operation, it is cleaned out to 4,445 feet, from old total depth of 7,913 feet.

Sixth McKee producer and a location east-southeast extension to that pay and fifth 5,000-foot detrital and a location northeast extension to that pay was indicated in the Tippet West multipay field with the recovery of oil from both zones at Gulf Oil Corp. No. 5-E Tippet, in 36-31-H&TC, nine miles southeast of McCamey.

Tested three hours on a 14-64-inch choke through detrital perforations at 5,061-65 feet, it flowed 50 barrels

Funeral Services In Brackettville For Mrs. Griner

Funeral services will be held this afternoon for Mrs. Ida Griner, 83, from St. Johns Baptist Church in Brackettville with burial in Seminole Scout Cemetery there.

Mrs. Griner died Saturday afternoon at her home here. She had been a resident of Ozona for twenty years.

She was born in 1884 in Oklahoma City.

Surviving are 2 sons, Sam Griner of San Angelo and Dow C. Griner of Brackettville; three daughters, Mrs. Richard Gordon of Ozona, Mrs. Fannie Moore of San Angelo and Mrs. Ida Mae Jones of San Angelo; 10 grandchildren and 14 great grandchildren.

Mounted Square Dance Group Is Rodeo Feature

The "Guadalupe Quadrille," a colorful riding group from Kerrville has been signed to highlight the final night of the Junior Rodeo. The mounted square dance group has performed in rodeos and parades all over Texas and rodeo fans have thrilled to the group's performances. Rodeo chairman Bill Watson felt fortunate to be able to secure this specialty group for the 10th Annual Junior Rodeo which will be held July 27-29.

Plans for the annual Lions Club sponsored event continued this week with the announcement that Bud Cox has agreed to be the arena director.

Other members of the rodeo committee are Oscar Kost, Charlie Boy Davidson and Sonny Bailey.

Mrs. Albers, Mother Of Ozonan, Dies

Mrs. W. B. Albers, mother of Larry Albers, of Ozona, died this morning in a Houston hospital after an illness of several months.

Funeral services will be held Saturday from the Heights Funeral Home in Houston.

Man Charged In Theft Of Saddle

Gabriel C. Soto is in Crockett County jail, charged with theft of a saddle from the Boyd Baker ranch where he was formerly employed.

He was picked up by Crockett County officers in Del Rio Saturday. The saddle has not yet been recovered. Bond has been set at \$500.

Baptist Vacation Bible School Is Slated Next Week

The First Baptist Church will hold its annual vacation Bible school, starting with "Preparation Day," this Saturday. The school will be held next week, Monday through Friday, July 17-21. All age groups, nursery through juniors, will meet at the church each morning at 8:30. The school will be over daily at 11:30 a. m.

Teen-Time will be held four nights during the week, Monday, Tuesday, Thursday and Friday. Junior high and high school students will meet at the fellowship hall at 7 p. m. on these nights. Many diversified activities for both girls and boys are planned.

Children and young people of all faiths are invited to attend the school and teen-time.

Moore Oilers Undefeated In LL Second Half

Little League play wound up the second-half Monday night with the championship team, Moore Oilers, being undefeated in the second half of play. Ozona Oil and Flying W shared second place for the second half with 3 wins and 5 losses. However, the Ranchers took second place honors for the season since they were runners-up in first half play. B&B Grocers came in last in the second half with 2 wins and 6 losses, but were in third place at the end of the first half.

Thursday night the champion Oilers barely scraped by the greatly improved Ozona Oilers, 10-9. With Ozona Oil in the lead, the champs scored 2 runs in the bottom of the sixth to wrap it up. Ned Stephens led in the hitting department with a four for four performance. Tony Borrego was the winning pitcher and Pete Martinez the loser.

In the second game Flying W downed B&B 8-6. Steve Bland led the hitting with three for three. Melecio Martinez homered for B&B. Gerald Olsen was the winner and Martinez took the loss.

Monday night's play saw Moore Oil taking a walloping victory from Flying W, by a score of 20-5. D. Higginbottom paced the Oilers' with four hits and Jeff Stuart led the hitting for the Ranchers with three. Tony Borrego was the winning pitcher and Jeff Stuart the loser.

Ozona Oil defeated B&B, 14-6 in the final game of the season. Gerald Huff, league-leading hitter for the season, paced the Oilers with 3 hits and turned in two outstanding defensive plays. Mike Williams also collected 3 hits for the Oilers. Winning pitcher was Rick Webster and loser was Melecio Martinez.

After the names of the all-star team were announced, Rusty Smith hosted the annual watermelon party.

Harry Earles Is Named Probation Officer For Co.

Harry Earles was appointed adult and juvenile probation officer for Crockett County on a part-time basis at the regular meeting of the Crockett County Commissioner's Court held Monday. He will begin his duties August 1 in an office in the courthouse annex.

Mr. Earles is a graduate of Baylor University with a Sociology major which included several courses in juvenile delinquency and criminology.

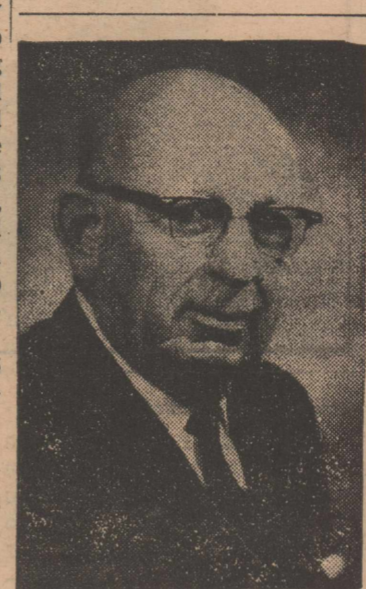

The ASC office, which has been housed in the basement of the annex, recently moved to the Miller building across from the theatre. The court decided the space vacated would probably be used to enlarge the County Museum. Cooling units will be installed in the space also.

The court set the tax rates for the year, which are the same as last year, county tax, \$1.25; school tax, \$1.65 and state tax 47c.

A new radio was authorized for the James ambulance and the new equipment was installed Tuesday.

After discussing maintenance on heating and cooling units in the court-house and annex, the meeting was adjourned.

Little League All-Stars Chosen; To Play Sonora All-Stars July 20

Chas. E. Coombes, Jr. retires as WTU Dist. Mgr.

W. K. (Bill) Ramsey new Dist. Manager

Father-Son Golf Tourney Set July 15-16

The Ozona Country Club will host its First Annual Father-Son Golf Tournament this weekend, July 15-16. Competition will consist of 18 holes of play on each of the two days, with the first day's score of each team to determine flight designation, combining with the second day's score to determine winners.

Tournament officials announced that competition will not be a low ball affair, instead a point system will be used. An eagle will count 4 points; a birdie, 3 points; a par, 2 points and a bogey 1 point. Tabulation of points will be compiled on each team member's ball.

Trophies will be awarded the first four places in each flight. All other entries will receive a souvenir trophy. The team with the highest combined ages as well as the team with the lowest combined ages will be presented awards.

A free hamburger supper will be served at the club Saturday night, July 15, to tournament entries and their families.

A \$10.00 entry fee will be required of each team for the two-day affair. Entries from all points of the West Texas area are welcome and expected to attend this unique golf tournament.

Tournament officials stressed that fun and fellowship would be the order both days.

NEW PATROLMAN

Highway patrolman Dale Copeland, DPS, has recently been station in Ozona. A native of Abilene, he has a wife and three children. They reside in Crockett Heights.

Fourteen outstanding players were chosen for the Ozona All Star Little League Team, along with two alternates. Chosen by the managers and coaches of all four teams, their names were announced Monday night at the end of season play.

Chosen from Moore Oilers were Saul Torres, the league's leading home run hitter and an outstanding first baseman; Ned Stephens, the

Coombes Retires As WTU Dist Mgr Ramsey Succeed

Changes in the management of the Abilene and San Angelo district offices of West Texas Utilities Company will become effective August 1 when Charles E. Coombes, Jr., retires as district manager in San Angelo.

W. K. (Bill) Ramsey, Abilene district manager, will succeed Coombes as manager in San Angelo, and Local Manager Lloyd Cope of San Angelo will replace Ramsey as district manager in Abilene.

A. D. Green, Abilene local manager, has been promoted to assistant manager of the Abilene district.

The district management changes were announced today by J. F. Longley, WTU Executive Vice President.

Mr. Coombes has been with the WTU 42 years, starting in 1924 when he was employed as a merchandise salesman in Ballinger. He later moved to Menard and was promoted to district manager after serving six months at Mason as district merchandise sales manager. Through a combing of districts he was returned to Ballinger as district sales manager. He was transferred to Dalhart where he served 11 years as district manager of the Panhandle properties of the company. He moved to San Angelo in 1946, serving 14 years as assistant district manager and was promoted to district manager in 1961.

Mr. Coombes has been a church and civic leader in all the towns he has served, in recent years being one of San Angelo's leading civic workers.

Mr. Ramsey was former district manager in McCamey. He moved to Abilene in 1965 as assistant district manager and has been serving as district manager since the retirement of Frank J. Hobbs last September. He has been employed by the company for 31 years.

Ozona Girls To Twirling School

Seven Ozona High School twirlers left Sunday for Texas Lutheran College at Seguin where they are attending twirling school this week.

The girls are Marsha Moore, drum major, Cris Clegg, head twirler, Debbie Moore, Sharon Logan, Bonnie Carson, Sherry Saunders and Elizabeth Jones, twirlers.

They will return to Ozona tomorrow.

Garden of the Week As Selected by Ozona Garden Club

The Cap West home 504 Oak St.

outstanding pitcher for the season; Tony Borrego, sharp third baseman and pitcher; Mike Wellman, shortstop and a dangerous man with the bat; and Charlie Ramos, hot-shot second baseman.

From Ozona Oil are Ricky Webster, the Oiler's fine first baseman and dependable man at the mound; Gerald Huff, leading hitter in the league and valuable shortstop, and Mike Williams, the league's outstanding fielder.

Flying W Ranchers' contribution to the all stars include Jeff Stuart, consistent hitter and valuable little second sacker; Tim Evans, a ble man with the catcher's mitt; Gerald Olsen, pitcher and one of the most versatile players in the league, and Stanley Flanagan, fielder and the most improved player of the season.

Stuart and Flanagan were the only two 11-year-old boys chosen, the remaining players all 12 years of age.

Making the team for B&B were Gary Whitley and Sammy Tambunga. Whitley has consistently turned in good performances at the plate, pitching and in the infield, but is at his best in the catcher's position. Tambunga has turned in some fine performances at the mound for B&B and is a high-caliber man in right field.

Alternates are Rodney Walker of Moore Oil and Jack Baggett of Ozona Oil. Bob Stephens and Walter Higginbottom manager, and coach for Moore Oil, will handle the all-star team this year. Practice began yesterday.

They will play their first game Thursday, July 20, with Sonora in Sonora at 8:00 p. m. Dorris Haire and W. D. Cooper will assist in the umpiring duties.

Heavy Damage To Car, Truck Result Collision

An automobile-truck collision at the intersection of Ave. F and Hwy 163 Wednesday afternoon, July 5, heavily damaged both vehicles and sent one man to the hospital for emergency treatment.

The accident occurred when a '67 Chevrolet driven by Thomas F. Lopez, going north on Hwy 163 collided with a 1964 Chevrolet truck driven by Kenneth Faught of Sweetwater and traveling west on Ave. F. The collision occurred in the middle of the intersection, causing the car to go reeling down Ave. F, hitting a gas meter and coming to rest on the opposite side of the street. The truck swerved on the right in an effort to avoid the collision, sheared off a telephone pole, hit a highway sign and overturned.

Faught was treated for an arm injury and released at the hospital and charged with failure to yield right-of-way at a stop intersection, according to investigating officer Orvil Perry.

Damage to the automobile was estimated at \$1,500 and \$2,000 to the truck.

LOST — Beige billfold containing driver's license and pictures. Reward for return to Janet Scribner, Flowers Trailer Court. 1tp

TARGET: ECONOMIZERS

Just about everyone agrees that our Federal debt is ruinous and that something had better be done about it. But it is interesting to see what happens when an attempt is made to ease the taxpayer's burden, even a little bit.

Contributing to the Federal deficit in no small measure are crop control programs which pay landowners approximately \$4 billion in subsidies annually. And we use the term landowners because many of those collecting are in nowise farmers. The fact is that a lot of farmers are opposed to these handouts and don't want them continued. One of the most effective critics of the subsidies is Charles B. Shuman, president of the American Farm Bureau Federation, the nation's largest farm organization. The AF-BF wants to end the wheat and feed grain programs, contending that farm income would stabilize and be higher without them — and dropping the programs would save billions of dollars of tax money.

One would think that this kind of economy would be welcomed in Washington. But the fact that bills have been introduced in Congress to accomplish this kind of economy sent Secretary of Agriculture Orville Freeman into a tizzy. He rang bells, blew whistles and sounded the bugle. Two hundred of his better-paid payrollers answered the call and junketed to Washington for a feverish three-day huddle on how to meet the enemy economizers. It might be mentioned in passing that this payrollers' convention was also paid for by the taxpayer.

The 200 junketeers, state committeemen of the Agricultural Stabilization and Conservation Service, applauded their boss as he explained why Federal farm programs are vital, and they were also treated to some remarks along the safe lines by the President and the Vice President. The gist of the Secretary's remarks was that the 200 had better get the word to the 1000,000 payrollers under them that a cut in the farm subsidies program could be disastrous. To the payrollers, at least.

So we expect that many voices will be raised in chorus insisting that we keep the \$4 billion in the pipeline.

And fight the "demagogues" who want to propose some economy in government.

That is what the Secretary called them: "demagogues."

If anybody is an expert in demagoguery, it has to be Secretary of Agriculture Orville Freeman.

MAY HIS TRIBE INCREASE

"Great importance should be attached to regular, frequent and significant reductions in tax rates, said Rep. Wilbur D. Mills, (D-Ark.) He continued, "State economic growth is produced by a long-range program of periodic tax reductions. Attention has frequently been called to the growth in our tax system's revenue productivity which accompanies the growth of the economy. There will always be competition for this potential increment in revenues between those who would spend and those who would reduce taxes. I have expressed the view that tax reduction should have a preferred position."

DON'T LITTER

Why do people litter their towns and cities and the countryside? This distasteful condition persists despite the concerted campaigns of civic organizations, governmental agencies and many individ-

ual citizen groups.

The basic reason for the problem is that many people are just thoughtless. Too many of us simply feel no personal responsibility for the appearance of our communities. An ever-stretching network of highways, increased travel, greater outdoor recreational facilities, and more leisure time all combine to provide even more opportunities for the litterbug.

Keep America Beautiful, Inc., the national public service organization for the prevention of litter, offers suggestions how everyone can help in the litter fight. They are:

Keep your own home and property litter-free.

Carry a litterbag in your car or boat. Always dispose of trash in a proper receptacle.

Urge municipal officials to provide adequate collection and disposal facilities and a sufficient number of receptacles for street trash.

Cooperate with others working to eliminate litter in your community. If there is no litter-prevention program in the area — start one.

Remember that litter is a costly eyesore that blights

and corrodes, lowers property values, discourages tourists, and alienates potential new business and industry. Everyone should help eliminate litterbugging.

NOTED AND PASSED

War Estimates: It has been revealed in Washington that estimates of Israel's ability to deal with the Arab armies made by U. S. military chiefs were very accurate. The Joint Chiefs of Staff, reporting directly to President Johnson, are said to have given him a better preview of the Israel-Arab war than intelligence services gave President Eshkol.

We hope this means that President Johnson will put more stock in the Joint Chiefs of Staff in the future, and less in McNamara and his Whiz Kids.

After 17 Years: Great Britain recognized Communist China as a nation on January 1, 1950. It hoped, obviously, to gain an economic advantage in the Far East by the precipitous haste of its recognition.

Never in the 17 years have the "Embassies" of the two countries been staffed by more than a charge d'aff-

Senator Tower's Washington Letter

Over the past few weeks, we have seen increasing evidence that Cuba continues to be a launching point for campaigns of terror and subversion against other nations of Latin America.

Fidel Castro has not been content with laying a heavy hand on the backs of his own people. He has not been content with laying waste a once-productive land and to drive thousands from their homes. His ambitions are not limited by Cuba's shores. He has methodically converted Cuba into a clearinghouse of communism, a satellite and a tool of both Soviet and Chinese communism.

J. Edgar Hoover recently observed that "Latin America presents a highly vulnerable target for extensive communist subversion which is being directed from Moscow, Peking, and Havana."

The FBI Director went on to say that Cuba's close alignment with the Soviet Union, Castro's efforts to foment unrest and subversion throughout the Western Hemisphere, and the continuing entry of Cuban refugees into this country are placing heavy demands on American resources.

While the vast majority of the Cuban refugees into this country are anti-Castro, some have received intelligence assignments from the Castro government, Mr. Hoover points out. In addition, Cuba, through its mission at the United Nations, is engaged in continuing recruitment of Cuban aliens in the United States to satisfy the spying requirements of Communism.

Soon after seizing power in Cuba, Castro allowed Red China to establish a Havana embassy. The Chinese communists have used this embassy as a base for launching an intensive campaign of

subversion throughout the America.

Also, from Cuba, the Soviet Union is directing wars of subversion — not only against the Western Hemisphere but, indeed, against the free nations of Africa and Asia as well. The Russians brag openly about this Havana-based subversion.

Soviet Foreign Minister Andrei Gromyko rose in the chambers of the Supreme Soviet and told its members what Russia had in mind. He said, "The Soviet Union will do everything to help." That means the Soviets are committed to a policy of worldwide subversion, with Havana as a key base.

I point this out as evidence that what is happening in Latin America is part and parcel of overall Communist strategy — specifically, Soviet strategy.

In fact, just last March, Castro was encouraged to brag that he could explode "a dozen Vietnams in Latin America."

County Agent Extensions Summer Attendance Classes

County agent Pete Jacoby and wife, Jimmie, have just returned from Colorado where Mr. Jacoby attended a three-weeks National Extension School at Colorado State University at Fort Collins, Colorado.

During their stay in Colorado, the Jacobys visited their two sons, Bill and David. Bill is a graduate student at Wyoming State University at Laramie and David has a summer job with the Forest Service at Dutch John, Utah.

Mr. Jacoby took two courses at the extension school, one course, Agricultural Policy, having to do with government programs and administrative procedures, and Human Behavior, a course in psychology. Mrs. Jacoby sat in on the classes.

Miller Named W T C of C Director

J. B. Miller, of Ozona, has been named a director of the West Texas Chamber of Commerce, according to an announcement by Don Wooten, president of the regional organization.

Miller will represent the WTCC members of Ozona in deliberations of the Board of Directors until April 1970. The next meeting of the board is scheduled for August 10 and 11 in Hereford.

Miller replaces Troy Williams, who has served six years as a WTCC director.

Mr. and Mrs. Vic Montgomery and children, Jud and Lea, flew to Fort Worth Monday where they attended an awards dinner honoring Mrs. Montgomery's uncle Dr. T. C. Terrell, in honor of the 30th anniversary of his association with All Saints Episcopal Hospital there. Mr. Montgomery flew back Tuesday, leaving Mrs. Montgomery and the children to visit relatives.

Wise and Otherwise
 Rambling Reflections
 By Dr. R. F. Curl

Once printer's ink gets on your fingers you forever have the itch to bare your soul on the printed page. Likely this is chiefly due to an ego that likes to appear in public. But you never give up hope that you may say something to provoke somebody to think and thereby add a mite to the sum total of the world's good.

Years ago I edited a sheet in which I carried a column with the above caption. I don't really know whether it ever did anybody except me any good. But then neither do I know surely whether my Sunday sermons do what I hope they will. Later for six years I edited a rather widely circulated monthly religious newspaper.

So you can see why I welcome the opportunity extended by the good editor and the good publisher of The Stockman to try my hand in these columns.

We all three understand that my appearances in the paper will be occasional, subject to cancellation by any party concerned at any time, and brief. We also understand, as we ask you to do, that any opinions creeping in will be my own and not those of the editor or the publisher. And I fear that sometimes reflections will creep in that not even I would defend to the death.

So much for that. Now for my very first testimony: we moved into Ozona a month ago. As an itinerating Methodist preacher I have lived in many different towns of many sizes. But both my wife and I would bear testimony that Ozona is unique and has an appeal that no other place we have ever lived could produce.

What makes Ozona, Ozona? The climate and topography favor us. The sturdy traditions of the past brace the community. The pride and satisfaction the residents take in their community adds weight. But above all else we have found Ozona to be its people. They are individuals and willing for everyone else to be the same. But they are open-hearted, generous in spirit, and ready to level with you in free conversation.

Yes, you know I am firmly convinced that Ozona

lives up to its name which, as I understand, means a place where you can breathe. Thank God for breathing space made possible by an open, friendly people.

We have been having a rash of change of pastors in our town. As I said above I have been here at the Ozona Methodist Church barely a month; my already good friend, the affable, young Jim Hancock of the First Baptist Church has been here barely ten days longer having come from Matador, Texas to serve in our city. And Father Louis Mueller has been at Our Lady of Perpetual Help Catholic for even less time than I. He came down from Odessa to be in our community. I understand the Church of Christ hopes to have their new pastor soon. These changes leave the Rev. Harry R. Earles of Calvary Baptist Church with an eight year tenure as the dean of all pastors in our community.

This doesn't mean that Ozona is hard on preachers. We don't think so; we three new ones just feel ourselves real fortunate to have been able to come into this fine city.

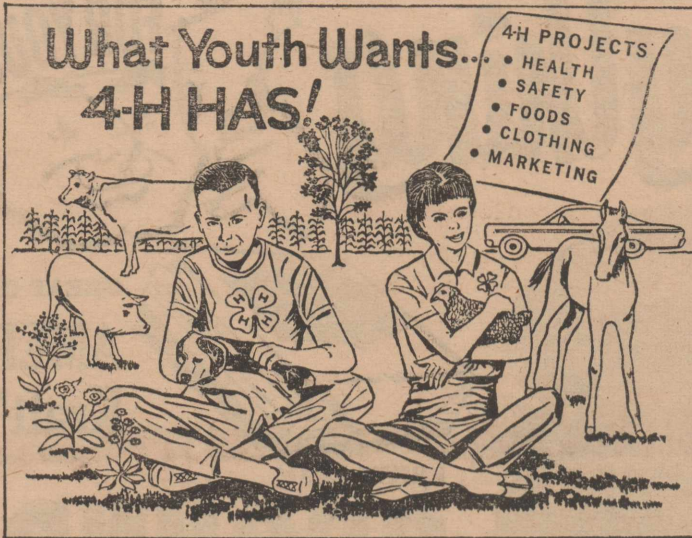

I have met the Rev. Paul Terry, pastor of the Mt. Zion Negro Baptist Church, who has been in the city half a year. He manages Lockett Swimming Pool and bears good report from all whom I hear speak. I look forward to meeting the pastors of the Spanish Speaking churches of our city: Rev. Enrique Medina of the Jerusalem Temple Baptist Church, Pastor Ray Valadez of the Church of Christ and Rev. Delfino Pozos, pastor of the Assemblies of God Church.

We anticipate with joy the completion of the Lutheran Church and their religious leadership in our community.

Nine churches with their pastors and people ought to be able to bring religion to Crockett County. A fine spirit of brotherly harmony manifestly apparent among preachers and people no doubt will give us some success in fighting the Devil.

Mr. and Mrs. Bud Harrison and children are attending the Harrison family reunion in Fort Worth this week.

LOST—between town and 12 miles south toward Juno, Army surplus tent in olive-green duffel bag, Friday, June 30, Reward, Mrs. Chas. Applewhite. Itc

What Youth Wants 4-H HAS!

Why is 4-H unique? Because Mary and Sue, Bill and Jim and all the other 2½ million 4-H'ers do things. In fact, the 4-H way is "learn-by-doing."

And what do they do? They work on projects. They have well over 50 projects and activities to choose from. Among them are garden, electric, horse, livestock, crops, dog, poultry, photography, entomology, automotive and home economics.

With few exceptions, boys and girls participate in all projects with equal skill and success. For more than a half century, publicly supported 4-H has served the needs of youth through programs set up by the Cooperative Extension Service of the state land-grant universities.

Since the first 4-H Clubs were organized to teach boys how to farm better and girls how to preserve foods better, private industry and community-minded citizens have backed 4-H. Industry provides incentive awards, recognition, educational aids and technical assistance.

Collaboration between private interests in support of this youth program open to all is probably without parallel. Success of the "partnership" is evident in the long tenure of business donors.

Today nearly 400,000 men and women serve as volunteer leaders, using their special skills to

guide the youngsters. Many of them are parents of 4-H'ers.

Through the National 4-H Service Committee of Chicago, nearly 60 business firms and foundations annually contribute large sums as sponsors of national and regional 4-H award programs approved by the Extension Service. In addition they host some 1,600 of the nation's finest teenagers at the National 4-H Club Congress. The 1967 congress, tabbed "the showcase of 4-H," will mark its 46th straight year.

Among the 4-H sponsors are: Eli Lilly and Company; General Motors; General Foods Corporation; Kerr Glass Manufacturing Corporation; Coats & Clark Inc.; Chicago Board of Trade; Allis-Chalmers; Westinghouse Electric Corporation; Merck & Co., Inc.; Wilson & Co., Inc.; Moorman Mfg. Co.; Oliver Corporation; E. I. du Pont de Nemours & Company; Amchem Products, Inc.; Ralston Purina Company; Heisdorf & Nelson Farms, Inc. and Eastman Kodak Company.

Others include: Hercules Incorporated; The Firestone Tire & Rubber Company; Montgomery Ward; Armour and Company; Carnation Company; American Oil Foundation; Humble Oil & Refining Company; Standard Oil Company (Kentucky) and The Standard Oil Company (Ohio).

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 8.748 miles of Gr. Strs., Flex Base, Asph. Conc. Pav. & Sign, from 6.6 Mi. E. of Ozona to Sutton Co. Line on Highway No. IS 10, covered by I 10-3(26)379 & I 10-3(12)379 in Crockett Co., will be received at the Highway Department, Austin, until 9:00 a. m., July 26, 1967, and then publicly opened and

read. This Contract is subject to the work hours act of 1962, PL-87-581 and implementing regulations.

The State Highway Department, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the Department of Commerce (15 C. F. R., Part 8), issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that the contract entered into pursuant

to this advertisement will be awarded to the lowest responsible bidder without discrimination on the ground of race, color, or national origin.

Plans and specifications including minimum wage rates as provided by Law are available at the office of W. F. Dixon, Resident Engineer, Ozona, Texas, and Texas Highway Department, Austin. Usual rights reserved.

Recipe of the Week From Kitty's Kitchen

Chicken-Cheese Clubs

12 slices bacon
2 medium-size tomatoes, each cut in 3 slices
½ small cucumber, sliced
12 slices whole-wheat bread, toasted and buttered
¼ cup sandwich spread
8 slices cooked chicken
4 slices Muenster cheese
8 pitted ripe olives
8 small sweet pickles
Saute bacon until crisp and drain. Place tomato and cucumber slices and bacon,

dividing evenly, on 4 pieces of the toast; add another slice of toast; spread with sandwich spread. Top with chicken slices, then cheese and remaining toast, buttered side down. Place sandwiches on a caddy sheet. Bake in very hot oven (450 degrees) 5 minutes, or until cheese melts slightly. Press wooden picks into sandwiches to hold in place; cut each sandwich diagonally into quarters. Top picks with olives and pickles. Serve with hot potato salad below.

Hot Potato Salad

1 medium-size onion, peeled and sliced
3 tablespoons butter or margarine
2 tablespoons sugar
½ teas. salt

dash of pepper
3 tbs. cider vinegar
2 tbs. water
3 cups sliced peeled cooked potatoes
¼ cup dairy sour cream
Simmer all ingredients, except potatoes and cream, 10 min. or until onion is tender. Pour over potatoes in bowl and stir in cream.

TREASURE HUNT

It was in a green valley, along a river's edge in California that we saw an old gentleman panning for gold last summer. Our boys were ecstatic and insisted that we take his picture. We watched him for sometime, but he seemed not to see us, so intent was he upon the dredgings of his pan.

Immediately the boys started a lively debate, speculating on how it would feel to be in the old man's shoes; still searching for a bonanza, still believing that happiness is found in vein or lode. As I listened to the enthusiastic conversation and watched the animated faces of our sons, I felt sad for the old man who looked for treasure in the sand.

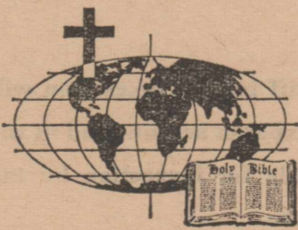

Our boys are already affluent in the joy that comes from loving God and serving His Church. This precious wealth can never be lost nor stolen from them, and may be any man's for the asking.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CROCKETT HEIGHTS

5 Miles East of Ozona on U. S. 290
OZONA, TEXAS

There is a food problem for wildlife just as there is for humans.

Perhaps the most serious right now is providing food for deer. Their population is increasing.

Despite very liberal laws, hunters haven't been able to do much about reducing the herd.

Large areas of Texas which normally support both livestock and wildlife have had but little rain. Drought has affected them. In agricultural areas, there has been heavy spring depredation and it is likely to get worse as the hot, dry weather continues. This fall it may be serious.

Texas Parks and Wildlife Department now is looking for some practical plant that can be used to increase or supplement deer food supplies.

Dan Lay, one of the top biologists operating in East Texas, has been on the search for such a plant for several years. Deer population has increased materially in the piney woods country, but at the same time, considerable land has been utilized for other purposes. For instance, two major lakes already there and another one under construction have wiped out something like a quarter of a million acres of deer range.

Right now Lay is experimenting with yaupon, dwarf-liveoak and Japanese honeysuckle. In the last four years he has researched more than 20 species of browse plants. He has found that a yaupon orchard, properly managed, will yield a ton of excellent browse per acre. Production of Japanese honeysuckle can exceed that figure.

Yaupon is an evergreen of the holly family. It is a branched shrub, with white-cluster blossoms that produce small berries, also good as bird food. Its growth, however, is slow.

Japanese honeysuckle has a vigorous, twining, woody vine, spreading 20 feet or more, with long-petal flowers. Deer are particularly fond of this plant as a food.

Both plants are fine for East Texas, where there is abundant rainfall. But in the Edwards Plateau and the Trans-Pecos areas, deer browse is another problem. Fortunately, many of the landowners, particularly those who lease shooting privileges, are willing to feed their deer as they do livestock. Some even go so far as to plant winter oats and trunip patches.

Since more and more landowners are recognizing that wildlife can be a crop, they are taking steps to insure that wildlife gets enough food.

Quite a bit of experimental work already has been done on the Kerr management areas, northwest of Kerrville. Here, there are pens with high fences, where deer, cattle and goats share a common area.

From these experiments, information is passed on to landowners who can use similar practices and propagation of necessary foods.

Thus while we do have more wildlife, preserving it is getting to be more complicated, like everything else. This means landowners must get a fee for hunting privileges. Otherwise they can hardly afford to feed and care for the wildlife as it should be.

Wildlife comeback has

ROLLING OUT THE GREEN CARPET!

been startling in some areas.

For instance, wild turkey are said to be practically taking over southern Coleman County. A dozen years ago it was impossible to find a turkey in the area. Some were transplanted there. They have good timber for nesting along the Colorado river bank and in other smaller stream beds. And there is room for them to range with a lot of native food.

Other food testing experiments also are being carried out in other ecological areas of the state. Clubs and landowners can cooperate with the game department in this planning.

No doubt about it — increasing wildlife population can mean a money crop to farmers and ranchers.

Office Supplies — Stockman

DUPLICATE BRIDGE

Master Point night was observed by Ozona Duplicate Club Tuesday night at the country club. Winners were North-south couples — Mrs. Joe Pierce and Mrs. J. M. Baggett, first; Mrs. Jake Short and Mrs. Robt. Cox, second; Mrs. Dorothy Mills-paugh and Mrs. Jean Scheuber, third. East-west couples: Mrs. Lovella Dudley and Mrs. Pete North, first; Miss Mildred North and Mrs. Wilma Hayes, second, and Mr. and Mrs. Evert White, third.

Mr. and Mrs. Brooks Dozier and children, Johnette, Nanda and Brooks, Jr., left early this week for their new home in Arlington where Mr. and Mrs. Dozier will be employed in the school system next year.

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — within the next few months, residents of several cities in Texas may vote local sales taxes on themselves.

Some of the larger cities are considering elections under the new law which permits a community to levy a one cent sales tax, if its citizens approve.

This is in addition to the state's two per cent sales tax.

Auto Ins. Going Down — Starting August 1, Texans will be paying slightly less for their auto insurance on a statewide average.

Some will pay considerably less, some more. But overall, the State Board of Insurance maintains that motorists will pay \$4,200,000 less in premiums. Average statewide saving will be about one per cent for all classes of coverage combined.

Hunting Seasons Set — Texas Parks and Wildlife Commission decided deer hunters can shoot on New Year's day next year.

But the Commission trimmed two days off the white-winged dove season.

Deer hunting for most areas will be November 11 through January 1 — two days longer than last year. A special experimental season of November 18 through January 7 was set for deer and turkey in Frio County. A short, November 25 through December 10, season was retained for Trans-Pecos, but the district bag limit was increased to four deer, including an additional white-tailed buck.

Grants Cleared — Antipoverty grants totalling more than \$9,000,000 to find jobs for 100,000 hard-core Texas unemployed have been cleared by governor.

Connally waived power of veto over the "concentrated employment programs" which will operate in Houston and San Antonio.

Houston project will receive more than \$4,900,000; San Antonio, \$4,100,000. Local contributions also will go into programs concentrated in cities' worst slum areas and providing counseling, training and job placement service.

Business Activity Up — Texas business activity reached another record high in May — five per cent over previous month and 10 per cent over May, 1966.

Average annual growth rate of Texas business activity during first five months of 1967 was nine per cent, according to the University of Texas Bureau of Business Research.

Student Aid Planned — Some 1,350 "high potential" June graduates of Texas high schools who planned no college careers will be offered financial aid and encouragement to pursue higher education after all.

Members of selected group are being contacted by the Coordinating Board for Higher Education, interviewed on their college and course preferences are need for assistance. They will then be placed in contact with college authorities who will attempt to work out satisfactory arrangements.

Jobs Available To Qualified Men In Highway Patrol

Midland — Major Lee E. Gossett, Commander of the Department of Public Safety's 49 county West Texas Region announced today that a golden opportunity awaits qualified young men between 20 and 35 years of age, who desire a rewarding career in law enforcement.

"Immediate employment in Midland, Abilene, El Paso and San Angelo is available for a limited number of outstanding qualified young men," Mayor Gossett said. These men will work in the above offices as cadets until the next school begins in August at the DPS Academy in Austin.

Upon graduation from the DPS Academy a cadet will draw a salary of \$571 a month working as a patrolman in one of the uniformed services, Driver License, Motor Vehicle Inspection, Highway Patrol and License and Weight.

Mr. and Mrs. Frank James and Mr. and Mrs. Ben Robertson are on a vacation trip to the northwest states.

Accurate and Complete

RANCH RECORDS

Are More Important

Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

Easy To Keep - Complete Record - In 1 Volume

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

BRECKENRIDGE, 1920 — Though first discoveries in the Breckenridge area had been made as early as 1916, by 1920, when this picture of oil field teamsters was made, it was a center of the intensive development which marked West Central Texas.

Two Accidents On City Streets Damage Vehicles

Two minor accidents were investigated this week by patrolman Dale Copeland. Both were one-vehicle accidents, one within the city limits and the other south of town.

Monday morning a 1963 Pontiac driven by Forrest E. Tollett, Jr., ran off a concrete embankment at 12th and Jones Streets and overturned. The car was damaged to the extent of \$200. Neither the driver nor a passenger in the car were injured.

Early Tuesday morning 21 miles south on ranch road 2083 a 1966 Ford, owned by El Paso Natural Gas Co. and driven by Harry S. O'Donnel of Kermit hit a deer, went into a skid and plunged into a draw. There were no personal injuries, but the car was damaged to the extent of \$800.

Ozonan Attending Summer School At Mexico City Univ.

Mexico City, — Special to Ozona (Stockman) Jessie Reina, daughter of Mr. and Mrs. Armando Reina, is enrolled this summer at the University of the Americas located in Mexico City, the fifth largest city in the world.

Because the over 2000 students at UA are not only from the United States but from more than 40 other countries, the school plays a distinctive role in intercultural and international education. Accredited by the Southern Association of Colleges and Schools, the University has a larger enrollment of American students than any other school abroad.

Miss Reina is a graduate of Ozona High School and has also attended Angelo State College. She is majoring in Spanish.

In Mexico Miss Reina finds her intellectual perspective widened by her venture into an environment in which glass-walled skyscrapers stand within a few miles of ancient pyramids. Whether attending the folklore ballet or the bullfights, visiting Aztec remains or art exhibits,

listening to mariachi music or going boating at Xochimilco, students find that the capital of Mexico offers a myriad of activities.

Mrs. Pete North and daughter, Jan, along with Mrs. Joe Friend recently visited Six-Flags.

FOUND — Pair lady's glasses. Brown frames trimmed in white. Inquire at Watson's Department Store.

Mrs. Ivy Smith is entertaining her niece, Miss Beth Saunders of DeBerry, this week.

4-H Members Attend District Council Meeting

Three local 4-H club members left today for a two-day District-6 4-H Council meeting at Camp Musquiz, between Alpine and Ft. Davis. Attending the council meeting are Don Edgerton and Nannette Bailey, vice-chairmen of the county 4-H council and Janie Edgerton, secretary of the District-6 4-H Council.

County agent Pete Jacoby accompanied the 4-H members to the meeting. The group will return to Ozona Friday afternoon.

Mr. and Mrs. Lawrence Sands and children left yesterday for a vacation trip to Mississippi.

Mrs. Joe Pierce, Jr., returned this week from a visit with Mrs. Wayne West in Ruidoso, N. M.

"It's not money that causes so much trouble, but the misconception that a lot of it can be had for nothing." — Centra (Ala.) Herald.

Washington News Letter

Congressman O. C. Fisher

Years ago in a great horse shoe bend down in a Georgia river bottom there lived a drove of wild hogs. Where they came from no one knew, but they survived floods, fires, freezes, droughts and hunts. The greatest compliment a man could pay his dog was to say he had fought those hogs and returned alive. They were considered uncapturable.

Finally a one-gallused man came by a country store on the river road, inquired about the location of the wild hogs. He had an ax, some bedding, a lantern, some corn and a single-barrel shotgun. He was slender, slow-moving,

calculating, patient man — and chewed his tobacco deliberately and spat very seldom.

Months later the man came back to the same store and asked for help to bring out the wild hogs. His one-horse rig was too small. He said he had all of 'em in a pen he had built in the swamp.

Bewildered farmers and

dubious hunters gathered to view the captives.

"It was all very simple", said the one-gallused man. "First I put out some corn. For 3 weeks nothing happened. They wouldn't touch it. Then some pigs got to eating some. They'd grab an ear and run off into the brush. Next thing I knew they were all eating it. I began building a pen around

the corn, a little higher each day. When I noticed they were all waiting for me to bring the corn and had stopped grubbing for acorns and roots, I built the trapdoor. The hogs raised quite a ruckus when they seen they were trapped, but I can pen any animal on the face of the earth if I can jist get him to depend on me for a free handout!"

Kitty's Korner —
(Continued from Page One)

Houston where he went to study ballet. Somehow I just can't see him in a black leotard pursuing the art of the dance. The little thing just doesn't seem built right for a ballet dancer.

I cleaned out my purse last week and to my horror, I found several dozen news notes and items people had given me dating back several months. Needless to say they are no longer news. Due to my absentmindedness and the long period of time lapse between purse - cleanings, it might be a good idea if you would call or come by the office if you want something in the paper. Sorry about that.

Spraberry —
(Continued from Page One)

of new oil, no water; swabbed through McKee perforations at 5,920-30 feet, recovery was new oil and load water at the hourly rate of 1/2 barrel.

Lower Leonard perforations at 4,750-54 feet have not been tested. If completed successfully from that zone it would be a new field pay.

Southwestern Natural Gas, Inc., Midland, will drill the No. 1 Friend as a 1/4-mile north outpost to the Ozona (Canyon sand gas) field, one mile north of Ozona and 1 1/4 miles southeast of Canyon oil production in the Ozona, Northwest multipay field.

Location is 1,320 feet from the south and west lines of 3 - OP - GC&SF. Contract depth is 6,700 feet.

Mr. and Mrs. W. R. Walker and children, Patsy, Richard and Mike returned Tuesday from a vacation trip to the Gulf Coast area.

LOST—between town and 12 miles south toward Juno, Army surplus tent in olive-green duffel bag, Friday, June 30. Reward. Mrs. Chas. Applewhite. 1tc

Tests Slated In Two Crockett County Fields

James G. Brown & Associates, Midland, will drill the No. 2 C. T. Harris as a location west offset to the firm's No. 1 Harris, dual opener of the Escondido, Northwest (Ellenburger and Pennsylvanian detrital) field of Crockett County, 30 miles northwest of Ozona.

Location is 1,836 feet from the north and 550.6 feet from the west lines of 12-3-WCRR. Contract depth is 9,600 feet; elevation, 2,792.7 feet.

The No. 1 Harris was finished June 20 natural from the Pennsylvanian for 741.6 barrels of 44 gravity oil, no water, with gas-oil ratio of 1,296-1, through a 20-64-inch choke and perforations at 8,583-8,595 feet. It was finished July 2 from the Ellenburger for 252 barrels of 45 gravity oil, no water, with gas-oil ratio of 100-1 through perforations at 9,350-9,400 feet, which had been acidized with 5,000 gallons.

It flowed oil and gas heavily when the project blew out in the Fusselman while drilling at 8,937 feet. It tested unsuccessfully through Fusselman perforations at 8,937-47 feet.

Humble Oil & Refining Co. Midland, will drill the No. 4 C. W. Meadows, Jr., as a 2 3/4-mile south outpost to the four-well Spraberry area of the Ozona, Northwest multipay field of Crockett County, six miles southwest of Ozona and a north twin to a Canyon gas well.

Location is 2,000 feet from the south and 1,320 feet from the east lines of 7-QR-D&SE. Contract depth is 3,500 feet.

Mrs. George Montgomery and granddaughter, Vicki Lynn Montgomery, spent the weekend in San Antonio visiting Mrs. Jim Mitchell.

Survey Shows County's Ground Water Supply Good

Crockett county is blessed with an underground water supply of generally good quality and quantity, a report of findings of a survey made by engineers from the Texas Water Development Board shows, according to a presentation made at a public meeting here Tuesday afternoon by representatives of the board.

Explaining the contents of the 150 plus pages of the report, presented recently to the Commissioners Court, were Bernard B. Baker and Richard C. Peckham from the State Water Board. The report was on the occurrence and quality of the ground water in Crockett county.

The speakers explained the language of the report, wherein the ground water occurrence under the county was traced and tested in the several months project, and the charts, graphs and maps which are a part of the book. There are 1,140 water wells in the county, they said, and samples were taken from each and tested and analyzed. The quality of the water was found to be generally good, the available supply varying in different sections of the county.
