THURSDAY, JULY 3, 1969

NUMBER 16

Kitty's Korner

By Kitty Montgomery

Good grief! I've done it again. County commissioners in Ozona make \$5,250 a year, including \$75 a month for car allowance. When I said that they made more than school teachers in my column last week, I was way off as far as actual dollars and cents is concerned. \$254 to be exact.

In fact the starting teachers' salary here is \$5,504. I was using the state figure of \$4,734 last week and I really did hear about it, from a couple of the commissioners of course.

However, my face really isn't too terribly red. On a per hour basis they make quite a bit more than some of the higher paid teachers so I'm not going to hunt a crow to eat just yet.

Tomorrow is Independence Day. The Fourth of July always reminds me of my younger days when Independence Day meant all-day outings, picnics, watermelon, a political speech, followed by a dance and fireworks. Of course, everything changes, and it isn't a good idea to mourn over the past, a sign you are getting old they tell me.

It really doesn't matter that people don't have old fashioned get togethers anymore and everyone can do without a political speech, but I think it's a darned shame that today's younger generation thinks of Independence Day as the day one leaves home for good.

Speaking of the Fourth, if you are the fearless type and feel that you just have to get in your car and brave the highways, I'll give my usual bit of advice. Drive as if every other driver on the highway is a lunatic. If there was any way to find out, I imagine we'd be surprised at the large number that are.

J. D. Brown of Brown Furniture brought a snake into the office Tuesday morning that he had killed on the east hill the night before. He thought perhaps it was the deadly coral snake and we all agreed with him. It was shaped right, the right length and the same colors.

However, a check with an authoritative source revealed the bands of color were in the wrong places for a coral snake and that it was probably some harmless variety.

For your information, the coral snake has a small black head followed by a wide yellow band, then a wide black band. The remainder of the body is encircled with wide red and black bands with small yellow bands between. Its poison is more deadly than rattlesnake venom. They are between 16 and 24 inches long. This particular snake is not plentiful in this area, but you might do well to commit the description to your memory just in case.

Fire at the dump ground south of town, which kept many residents awake in some sections Tuesday night was not started by any official agency. In checking, I found that county trucks do not use this dump ground, except to cover trash left there by others.

For quite some time, county trucks have been hauling trash to a dump ground four miles east of the city limits and burning it there.

Nobody seemed to know (Continued on Last Page)

OZONA OILERS go undefeated during the second half of Little League play to take the championship and share season honors with Flying W, first half champions. Team members are, front row, 1. to r. Richard Harrison, Ronald Koerth, Jerry Weant, Jimmy Tambunga, Alex Guerra. Second row, Gary Bebee, Romaldo Cervantez, Clyde Bailey, Weldon Nicks. Back row, Doak Fields, Pete Martinez, Jesse Castro and Larry Netherland.

Carnival Man Found Dead On Show Grounds

Officers were summoned to the carnival grounds in the south part of town early Monday morning where the owner of Borderland Shows had discovered one of the show's concessionaries dead near his car.

The dead man, Charles Howard Smith, 32, had pulled his car and trailer onto the lot sometime late Sunday night. He was found when preparations began for setting up the show, which will be here all this week. An investigation indicated that he had been dead approximately six hours when his body was discovered.

Death from natural causes was the verdict of the inquest held by Justice of the Peace A. O. Fields. Smith had been under treatment in a nearby town for a bleeding ulcer recently and the condition of the body indicated that he died in pain.

Officers discovered from papers in his car that Smith had a sister in Richardson, Texas. After a telephone call to her, the body was sent by plane to Dallas. Janes Funeral Home handled local arrangements.

Beef Production Short Course To Be Offered Here

A beef production short course for adults will be held July 7-10 under the sponsorship of the Ozona High School Vocational Agriculture Department.

Frank C. Litterst, Beef Production Specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Science at Texas A & M University, will be instructor for the course.

The short course at Ozona High School is scheduled to begin July 7 at 8:00 p. m. in the Vocational Agriculture Building. Other meetings in a series of four will be held Monday through Thursday. During the dates the short course is in progress, Mr. Litterst will be available to assist cattlemen with individual problems and to provide at-home in-

(Continued on Last Page)

Quiet Observance Of July Fourth In Store For Ozonans

Most business houses in Ozona will be closed tomorrow in observance of Independence Day. Cafes and service stations will remain open for the most part. Saturday will be business as usual, as merchants vetoed the two-day Fourth of July holiday.

A quiet day is in store for Ozonans who stay in town on the Fourth. About the only activity will be a golf tournament at the country club and the carnival south of the ball park.

DPS Helicopter Demonstrated In Visit To Ozona

Many Ozonans took advantage of the opportunity to view Ozona from the air Tuesday afternoon while a Texas Department of Public Safety helicopter was on hand at the airport.

The machine, one of seven over the state, is based at Midland for the use of law enforcement officers in region four, which includes the Ozona area. Joe Herring, DPS, of Midland and Frank Perkins, DPS, of San Angelo, were here with the helicopter. Herring piloted the 2-seater and Perkins was the spokesman. The two men were guests at the weekly Lion Club luncheon.

Perkins explained the uses of the helicopter in law enforcement work and told local officers that the machine was available to them for many uses.

The aircraft is widely used, Perkins said, for Traffic surveillance. The craft hovers over high volume stretches of major highways and near urban areas to inspect temporary impediments to traffic and direct ground units to the scene for corrective action. Commercial radio is often used to inform drivers on the traffic artery of the obstruction and how to detour it. Such situation might be traffic accidents, stalled vehicles, load lost on the highway, explosion or other incident and congestion.

Perkins said the copter was not now being used for traffic patrol, but can be used where violations are frequent.

(Continued on Last Page)

Funeral Mon. For Andrew English, Deputy Sheriff

Funeral service for Andrew G. English, 42, was held Monday morning at 10 o'clock from the Ozona Church of Christ with burial in Cedar Hill Cemetery under the direction of Janes Funeral Home.

Mr. English died early Friday morning at Crockett County Hospital, shortly after becoming ill at his home here. He died of an apparent heart attack.

Mr. English was born December 16, 1926, in Uvalde County. He had been a deputy sheriff here for the past ten months. Prior to moving to Ozona he served with the Uvalde police force for ten years. He was a veteran of World War II.

Survivors include his wife; four daughters, Janet, Retta, Glenda, and Debra, all of the home; a son, Andrew English, Jr., of the home; his mother, Mrs. Florence English of Uvalde; four brothers, Ben English of Terlingua, Elton English of Medina, J. P. English of Carrizo Springs, and Abner English of La Pryor; and a sister Mrs. Martha Rogers of Sonora.

pallbearers were Billy Mills, Jimmy Wynn of Uvalde, Bobby Cox of Uvalde, Hector DeHoyos, Raymond Davee, and Dale Copeland of Eldorado.

Franklin Reavis To Attend Physics Summer Institute

Kingsville — Franklin Hooper Reavis of Ozona, is among the 33 secondary school teachers from seven states who will attend the Summer Institute in Physics at Texas A & I University here July 13 to Aug. 22.

Twenty-four of the course participants are from Texas. Other states represented include Arkansas, Kentucky, Massachusetts, Nevada, Oklahoma, and Pennsylvania.

The institute is open to secondary school teachers who wish to improve their backgrounds in the fundamentals of physics. It is supported by the National Science Foundation. Each participant receives a stipend for six weeks.

Dr. Olan E. Kruse, chairman of Texas A & I U Dept. of Physics, is director.

Ozona Oilers Rack Up Second Half LL Title

Ozona Oil remained undefeated during Little League play the past week to become the undisputed champions of the second half of play. They will share the season's championship honors with Flying W Ranchers, champions of the first half. Rex Fenton, manager of the Ranchers, and Richard Fields, manager of the Oilers, will manage and coach the all-star team.

There will be no play-off game between the two teams this year, due to the fact that Little League headquarters has insisted that the local organization enforce a rule in tournament play that has not been enforced in the past. The rule states that a boy may not pitch in the last regular season game and start the first all-star game regardless of the time between games.

Thursday night Ozona Oil cinched the championship when B & B defeated the contending team, Flying W, by a score of 9-8, the first win for the B & B Grocers in the second half. Steve Brooks homered for the Grocers and had two singles. Eric Fitzhugh paced the Ranchers with two hits. Bobby Knox was the winning pitcher and Richard Sanchez took the loss. In the second game Ozona Oil prevailed over Moore Oil to the tune of 11-8. Moore Oil jumped out to an early lead, but couldn't hold off the league leading Oilers. Doak Fields was the winning pitcher and Hector DeHoyos the loser.

Monday night the final two games were more of the same with Flying W beating Moore Oil 8-7 and Ozona Oil defeating B & B 11-1 in a game called after four innings on the 10-run rule. C. Garza picked up the win for the Ranchers with David Torres taking the loss for Moore Oil. Clyde Bailey was the winner for Ozona Oil with Bobby Knox the loser.

Thieves Enter Village Stores; Believed Pros

Sheriff's officers were investigating a break-in at the shopping center this week. A person or persons unknown gained entry to the back door Sunday afternoon and entered several shops from the rear hall.

As near as could be determined only about \$9 in change was missing.

Mrs. Huey Ingram, co-owner of the Mae-Lu shop, went to the store at 2:30 Sunday afternoon. Discovering change from the cash register scattered on the floor, she called the sheriff's department.

Officers theorized that Mrs. Ingram's arrival frightened the intruders off. Sheriff Mills said the mode of breaking and entering had a professional touch and he felt that the thief or thieves had been interrupted before really getting started.

Other places entered were Jim's Gent Shop, Thorp's Laun-Dry and the store room at White's Auto.

RIFLE CLUB MEETING

The regular monthly meeting of the Ozona Rifle Club will be held Tuesday night, July 8, at 7:30 at the Border Patrol office.

All members are urged to attend.

LL All-Stars Play In Sonora July 15

The 1969 All-Star team was picked Monday night from the four Little League

Four Accidents Disturb Sabbath For Highway Patrol

State Highway Patrol Officers here investigated four traffic accidents in a busy Sunday and followed up with another mishap on a city street Monday afternoon.

Patrolman John Harris reported another auto-black cow collision south of Ozona on State Highway 163. This time it was 40 miles south of Ozona, in Val Verde county, that Marion F. Christian of Odessa collided with a black cow in the highway. His car, a 1968 Ford sedan, was a total loss. Christian was uninjured except for a black eye.

Two Ozona youths lucked out without injuries when the car in which they were riding, a 1965 Ford Mustang, went out of control about 20 miles east of Barnhart on Highway 67, and overturned three times. The car was a total loss but neither the driver, David Villa, nor his passenger, Beto Vargas, both of Ozona, was injured.

At 7:30 Sunday morning 25 miles west of Ozona on U. S. 290, a 1965 Chevrolet coach driven by Erwin Siegfried Oelka of Cyprus, Calif. collided with a concrete culvert. The car was badly damaged but Oelka was uninjured.

Crockett county's first accident on the newly opened section of Interstate 10 occurred about 5:30 Sunday afternoon. Eloise Hahn of Sanderson, lost control of her car when a tire blew out. The car overturned and landed on its top. Miss Hahn was not injured.

The town accident Monday afternoon involved two cars at the corner of Del Rio and Heraclio streets. A 1965 Rambler driven by Anadelia Fierro, traveling west on Heraclio, was struck by a 1951 Pontiac driven by Enrique Sanchez. Damage to each vehicle was estimated at \$300 by Highway Patrol investigators.

DPS Estimates 34 Persons To Die In Holiday Accidents

Austin — Colonel Wilson E. Speir director of the Texas Department of Public Safety, said today the DPS Statistical Services Bureau estimates that 34 persons will be fatally injured in traffic accidents in Texas during the 78-hour July 4 holiday period.

The holiday period is considered to run from 6 p. m. Thursday, July 3, to midnight Sunday, July 6. During this time, the Department of Public Safety will activate a special "Operation Motorcade" and will place all available uniformed patrolmen on duty to enforce traffic laws in an effort to reduce accidents and assist motorists.

Speir urged all Texans to plan their holiday trips so as to allow ample time to drive without speeding or driving too fast for conditions. He also cautioned motorists to watch out for pedestrians, especially on beaches.

teams here and names were announced between games.

Picking the 14 all stars and four alternates were the managers, coaches and umpires.

Making up the all-star team will be Ronnie Pearl from B & B, Pete Martinez, Jesse Castro, Jimmy Tambunga, Richard Harrison, Romaldo Cervantez, all of Ozona Oil; Gregg Thompson, Eric Fitzhugh, Gene Castro, Mike Mosley, all of Flying W; Donald Higginbottom, Hector DeHoyos, Ronald Shaw and Howard Hureca, all of Moore Oil.

The four alternates include Rod Allee, Ronald Higginbottom, Henry Fay and Rick Perry.

Ozona All-Stars will play the Sonora All-Stars in Sonora Tuesday, July 15. Game time is 8 o'clock. Local fans are urged to be on hand for the first game.

A win in Sonora would mean a game with the Big Lake-Midkiff winner the following week.

Water Sales Up As Hot Weather Persists In Area

Water sales to the public jumped this week to the normal summer usage, reported Bill Cooper, manager of the Crockett County Water Control and Improvement District.

Spring rains kept water sales below normal until the recent hot dry weather. This week consumers have used between a million and a half to two million gallons daily, which is about normal for this time of year, Mr. Cooper said.

HEART FUND MEMORIAL GIFTS

Mr. and Mrs. Eugene Miller, in memory of Mr. R. T. Taylor and Dr. Lloyd Sherrill.

The Dempster Jones family, in memory of Dr. Lloyd Sherrill.

The Joe Bean family, in memory of Dr. Lloyd Sherrill.

ASTRONAUT? Nope, nor even a scientist probing his atomic brew. It's just Coach Mosley dipping his paint roller preparatory to swabbing paint on an inside wall at the Ozona High School. Coach Mosley and other members of the men teacher summer maintenance crew are engaged in applying new paint jobs where needed on school property.

THEY WOULD DESTROY US —

While Communist nations gird themselves with nuclear arms for the "inevitable final conflict" with the Free World, their agents in America sow doubt, division and defeatism among their intended victims.

Through the skillful use of propaganda, and a network of fronts, the Communist Party of the United States is mobilizing massive opposition to the President's plan for the defense of our Nation.

So effective is their program that they have been able to delude well meaning persons — persons who do not realize that they are jeopardizing not only the survival of America, but that of the entire Free World.

The Soviet Union and its satellites are armed camps. They maintain large standing armies with full corps devoted to rocketry, the most modern fleet of missile-equipped naval ships, and an advanced air force of gigantic proportions. They stand ready to rain atomic

destruction across the United States the minute we lose the capacity or the will to defend ourselves.

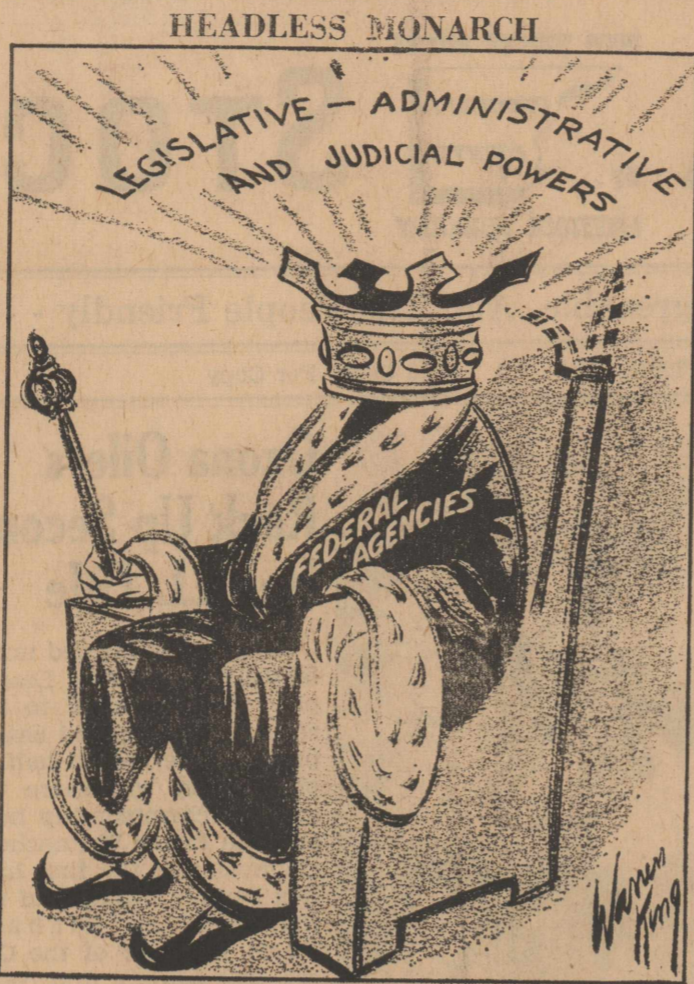

Meanwhile, their cities in Russia are protected by rings of anti-ballistic missile systems — the same systems they oppose our having to defend ourselves.

The situation is serious... your survival is at stake, along with that of your nation. Already, Congressmen report mail running as high as 15 to 1 against the "Safe-guard" anti-missile defense system.

Only prompt action by you and other concerned citizens, can conserve this defense of our lives, our children, our homes.

Write to your congressman and senators today. Tell them you want to be neither Red nor Dead. Tell them you want all the protection our technology can devise. Our wealth, our liberty and our lives depend on the action we take now.

ON LEGAL HOLIDAYS

The Philadelphia, Pennsylvania, city council recently passed a resolution calling for a legal holiday to commemorate the birthday of John F. Kennedy.

We recognize the proposal for the fine gesture it is, but it raises some questions which should be considered.

It is our opinion that national holidays are too special an honor to be bestowed on purely emotional grounds. Down through our history only Abraham Lincoln and George Washington have been so honored.

The tragic murder of President Kennedy does not, of itself, justify the proposed honor, President Garfield and McKinley also died at the hands of assassins. In fact, Garfield lived 80 days before dying, and McKinley lingered for eight days following the fatal attack by an anarchist in 1901.

Mr. Kennedy's term of office was not history-making, even in light of our sympathy, which forgives some

flaws. There is evidence that future generations may be even more critical of the Kennedy administration than were any of his opponents in his campaigns.

Washington led the nation in its conception, birth and early days of formation. Lincoln guided it through its most trying period of all and helped bring the nation together again. Others have held the reins of government in time of great stress and war. None of these has been similarly recognized.

Where can the line be drawn? What about Jefferson, Madison, Monroe, Jackson, the Roosevelts, Eisenhower? And non-presidents like Hamilton, Franklin, Webster, Clay and McArthur? The present proposal should be carefully thought through — and promptly abandoned.

TREATIES AND CRIME

During the 88th anniversary convention of the Tennessee Bar Association, the guest speaker, U. S. Attorney General John Mitchell, mentioned that an eminent criminologist had "suggested that society should arrange a formal truce with the organized syndicate because all efforts, so far, to weaken organized crime have failed."

On first consideration this would appear to be a ridiculous suggestion or anyone to make, especially an eminent criminologist. It can't happen here? Consider these recent developments:

A black supremacy group receives anti-poverty money from the Office of Economic Opportunity. Could this be considered an economic alliance of sorts? A payoff for being good little militants?

Self-avowed communist Herbert Aptheker is hired to teach at Byrn Mawr College. Perhaps this is a way of insuring against campus disorders.

A definite minority of grape pickers, not even enough to slow down the harvest after several years, carries on a boycott in supermarkets and gains support from mayors in Detroit, New York and other cities. What about the vast majority of grape workers and their employers who will be injured financially by this unfair action?

A handful of radicals takes over church office property and church leaders take no action on behalf of the parishioners who paid for the offices with their donations.

A professional football player is strongly suspected of consorting with underworld figures. The commissioner, whose duty it is to maintain the image of the sport, takes action to eliminate the implications of impropriety, but public sympathy is all with the player.

New Members Of Teen Council Are Named At Meeting

Members for the Teen Council met Monday afternoon to choose new members. They voted to cancel the high school youth night Friday, due to the Fourth of July holiday and to have no youth activities during the annual junior rodeo next month.

Junior high night will be held as usual Saturday, July 5.

The new council will meet Monday night at 7 o'clock at the courthouse to elect officers and plan activities for the remainder of the summer.

New members of the council include Diana Deaton, senior; Will Collett, junior; Pam Bishop, sophomore, and Judy Mosley and Jack Baggett, freshmen.

Holdover members are David Hoover, senior; Grace Ann Tabb, junior; and Chuck Womack, sophomore. Outgoing members are Charles Turland, Patsy Pearl Jim Montgomery, Kathy Lynn Russell and Debbie Clark.

Topics to be discussed at the Monday night meeting include the need for volunteer chaperones for the high school night and new ideas to create interest for the Friday night gatherings at the center and special activities.

PEACHES FOR SALE — Place your orders now. Buster Deaton. Phone 392-2506. 14-4tc

Shouldn't all the facts be clear before either is condemned? Was the commissioner wrong to eliminate the appearance of a link between the sports world and the underworld?

It's time the public ceased looking the other way. Or the possibility of a treaty with crime may be closer than we think.

TS-GRA Schedules Annual Convention

The Terrace Motor Hotel in Austin will be headquarters for the 54th annual convention of the Texas Sheep and Goat Raisers' Association July 14-16. An outstanding program is scheduled with a distinguished panel of speakers.

Highlighting this year's program will be a workshop Monday, July 14, conducted by the American Sheep Producers Council and the Mohair Council of America. Four separate sessions are scheduled on Lamb, Wool, Mohair and Administration. Dick Biglin and Byron Taylor of the ASPC, and Ross McSwain of the Mohair Council will cover each area to give TS&GRA members a better knowledge of what is being done in the different areas. G. C. Magruder, Jr. of Mertzon, Worth Durham of Sterling City and Joe York, Jr. of Brackettville will also assist in the workshop sessions.

Regular TS&GRA committee meetings will start at 9 a. m. Tuesday, July 15, The General Session will be at 1:30 p. m. Tuesday. Dr. S. J. Kennedy of the U. S. Army Laboratories in Natick, Massachusetts will deliver the keynote address. A reception at 6:30 will be hosted by Merck and Company, followed by the annual membership banquet at 8 p. m. Edward Clark, former Ambassador to Australia, will deliver the banquet address. Special awards will be presented during the banquet, including the Earwood Memorial Award.

The convention will conclude Wednesday, July 16, following the business session, election of officers and the meeting of the Texas Sheep Council.

Linda Barnett of Hillsboro is here visiting with her cousin, Karen Mosley.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman Thursday, July 4, 1940

Unlike past years when Crockett county's annual fair and celebration were in full swing on Independence Day, Ozonans are observing a quiet Fourth of July. Business houses are closed for the observance.

—29 years ago—
Work began this week on clearing the land for the new county airport five miles west of town.

—29 years ago—
Mr. and Mrs. Ben Williams of Alpine, former Ozonans, are the parents of a son born Sunday night in a San Angelo hospital. The boy has been named Stanley Ben.

—29 years ago—
Mr. and Mrs. H. L. Senter of Big Lake, owners of the Reagan Theater in that city, have taken over the management of the Ozona theater effective next Monday.

—29 years ago—
The wettest June in many years went out dripping as the past weekend saw the month close with another fine general rain over this section.

—29 years ago—
Deposits at the Ozona National Bank climbed to an all-time high in the month of June. The total now is \$1,133,667, a rise of \$70,719 in three months.

—29 years ago—
Screwworm flies have become so numerous in this area that practically every wounded animal is likely to

become infested with the parasite.

—29 years ago—
Miss Lillian Baggett, daughter of Mr. and Mrs. J. M. Baggett, became the bride of Hiram Brown of Austin in an impressive ceremony at the Methodist Church Sunday afternoon.

—29 years ago—
Mrs. Bryan McDonald entertained her daughter, Patsy, with a swimming party Wednesday on the occasion of her eighth birthday.

—29 years ago—
Ann Baggett, daughter of Mr. and Mrs. James Baggett, is the victim of an attack of mumps.

—29 years ago—
Miss Ima Jeanne Phillips became the bride of Bill Friend in a ceremony Saturday morning in the Kerrville Methodist church.

—29 years ago—
Mrs. Audra Moore entertained the forty-two club in her home Thursday afternoon. Mrs. M. A. Rynnion and Mrs. Early Baggett won the high score prizes.

—29 years ago—
Mr. and Mrs. John Bailey have returned from San Antonio where they went Sunday to meet Mrs. Brock Jones and son, Brockie, who will visit here for several days.

—29 years ago—
Miss Alynne Hokit has returned to her home here after visiting her aunt in Sonora for several weeks.

—29 years ago—
Plans are being made by air-minded people here to organize a flying club after completion of the airport.

Washington News Letter

Congressman O. C. Fisher

IT IS RUMORED that Robert Finch Secretary of HEW, is on the verge of changing some guidelines under which compulsory cross-busing of school children, for the sole purpose of achieving a better racial mixture, is now practiced.

The guidelines were issued by Finch's predecessor, under authority of the 1964 Civil Rights Act. Districts in San Antonio, one in Sonora, and one in Odessa, are among the schools affected. The 1964 law gives federal agencies power to withhold funds when the agency head decides he does not like the form of integration that is followed by those whom the money is appropriated.

This is done despite the fact that the 1964 Act provides: "Desegregation (in schools) shall not mean the assignment of students to public schools in order to overcome racial imbalance."

Yet funds earmarked for local districts are being withheld from them even though such schools admit any child, regardless of race without any question.

In order to comply with the whims of HEW the affected schools must, if they get their money, buy buses, hire drivers, and wheel children across town in order, as Mr. Finch has described it, to have a better "salt and pepper" mixture of races.

It is believed that most parents, regardless of race, are very much opposed to this nonsense. It amounts to cruel punishment gratuitously imposed on many people. Even Mr. Finch, a

TIPS For Gardeners

From The Ozona Garden Club

By Mrs. Bailey Post

July is a very important month in the care of your lawn and garden, especially if dry weather continues. Newly planted trees, shrubs and shallow rooted annuals, along with perennials need slow and deep watering. It takes 2½ inches of water to penetrate a clay soil to the depth of 1 foot. Moisture can be conserved and hot summer sun deflected by raising the lawn mower to about 1¾ to 2 inches when mowing a lawn.

Many annuals have finished blooming, so it is a good time to clean the beds, fertilize, spade and let mellow for fall planting.

Perennials may be cut back and some will bloom again. If hollyhocks have finished blooming cut off at ground level, fertilize and water. Keep verbenas clipped. Hot weather annuals such as zinnias, marigolds, portulaca, periwinkle, etc. may be planted for fall bloom.

I especially enjoy the pink creeping periwinkle which trails over our rocks. They re-seed every year and thrive in the hottest places.

Order madonna lily and amaryllis bulbs for August planting. Many gardens had beautiful beds of lilies in May.

Another plant that is doing well in Ozona is the Hydrangea, a very showy plant.

few months ago, was quoted as saying the practice was "detrimental to education and was opposed by both whites and blacks."

So the time is overdue to remove this arbitrary and unwarranted imposition. Unless Finch changes the policy soon, the Congress may move again, as it almost succeeded in doing last year, to attach a rider to HEW's annual appropriation bill, which would prohibit such withholding tactics, in terms that cannot be misinterpreted.

Local schools are quite capable of handling their own local affairs.

LADIES GOLF

Mrs. Jimmy Barbee was the big winner Wednesday when the Ladies Golf Association met for play at the country club. She won low putts on the Webster trophy, low net on the Club trophy and a ball in the day's play. Also winning balls were Mrs. Dick Webster and Mrs. Dempster Jone.

Other players were Mrs. Beecher Montgomery, Mrs. Bill Clegg, Mrs. Len Younger, Mrs. Bob Bailey, Mrs. Frank McMullan, Mrs. Quebe Alford and Mrs. Joe Pierce.

Goat Field Day Slated July 9 At Experiment Station

College Station — Texas A&M University Agricultural Research Station at Sonora will hold its annual Angora Goat Field Day July 9.

Activities start at 9 a. m. with a judging clinic and contest conducted by the Texas Angora Goat Raisers Association. Awards will be made to winners in the youth division.

The afternoon program begins at 1 p. m. with an address of welcome by Dr. Leon B. Merrill, in charge of the Sonora station. Next is a discussion of mohair processing characteristics by Larry Easter of Clarksville, Va., vice president of the Burlington Industries Pacific Mills Division.

Dr. Jim Bassett of the A&M Animal Science Department will talk on fleece and fiber relationships, and Dr. Joe David Ross, Sonora veterinarian, will describe internal parasites of Angora goats.

The final speaker is Jim Menzies, research associate at the Sonora station, who will give results of the 1969 Angora goat performance tests.

Master of ceremonies for the afternoon session is Jack Groff of Kerrville, associate sheep and goat specialist with the Texas Agricultural Extension Service.

A noon barbecue will be served by the Sutton County 4-H Club.

LADIES GOLF ASSN.

Mrs. Bill Carson was hostess or the Ladies Golf Association bridge party last Thursday afternoon at the country club.

Winning high score was Mrs. George Bunker. Low went to Mrs. Bob Bailey and bingo to Mrs. Byron Williams.

Other players were Mrs. Gene Williams, Mrs. Henry Miller, Mrs. Joe Pierce and Mrs. Marshall Montgomery.

By the light of the silvery moon

On the job for you!

Long after you and your family have gone to sleep, our drivers are still on the road—heading your way with gasoline to power your car, oil for heating your home and hundreds of other oil products that make for better living.

In America's progressive and competitive oil industry, every oilman has a special job. As your local oil jobber and distributor, our job is to see that this community gets ample supplies of oil products where and when they are needed.

This is our pledge that we'll never let you down—never stop trying to bring you even better service in the future.

Ozona Oil Company

Phone 392-2454 Fina Products West Hiway 29(1)

It's your privilege ...

Here in America no one tells you that you have to work. Of course, when you do, you and your family enjoy self-respect as well as material benefits.

No one tells you, either, when or how you must play. But, when you take time for occasional recreation, you become refreshed, alert and ready for more work.

And no one tells you that you must worship the Lord, your God, regularly. But, when you do, you and your family are immeasurably blessed.

His mercy and loving-kindness will embrace your life. Knowledge of His infinite goodness and confidence in His eternal vigilance and love will sustain you at all times.

These blessings, and more, are yours so long as you keep alive the glorious American privileges of freedom to work, play and worship as you choose.

Miss Fox To Wed David Cooke In August Ceremony

Mr. and Mrs. M. J. Fox announce the engagement and approaching marriage of their daughter, Sherril Kay, to David Gene Cooke, son of Mr. and Mrs. Cleophas Cooke, all of Ozona.

The wedding will take place August 18, in the First Baptist Church here.

The bride elect is a graduate of Ozona High School and lives here with her parents.

The prospective bridegroom is a graduate of Ozona High School and is presently serving with the U. S. Air Force stationed at England Air Force Base, La.

Miss Sherril Kay Fox bride elect of David Cooke

tion of passing another one-year spending bill and then going home without levying new taxes. Smith's contention that the tax bill will be smaller if it is passed now instead of waiting until 1970, apparently won some statewide support.

Smith has one ace up his sleeve.

He vetoed a big stack of Senate bills because they were not properly passed and sent to him by adjournment or the legislative session. He said that he will allow the special session to consider re-passage of those bills, after the legislature passes the two-year-appropriation bill.

Only the Governor can select the subjects to be considered in a special session. So authors of the bills he vetoed may be anxious to help put over his program in order to try to pass their bills again.

Among the vetoed bills, and one of wide interest, is that by Sen. Murray Watson of Mart creating 27 new district courts.

Here is what Governor Smith will ask the legislators to do:

Enact a budget in the neighborhood of \$5.6 billion for the 1970-71 fiscal period.

Levy a balancing tax bill, which he estimates at a-

round \$300 million or slightly less.

If there is time in a 30-day special session, then take up the bills he vetoed because they were not signed in the presence of the legislators.

There has been some speculation that lawmakers may just hand Smith another one-year budget and see what he does. However, Lt. Gov. Ben Barnes and House Speaker Mutscher pledged cooperation in supporting a biennial appropriations pattern this time.

Tax bill remains the big question, and nobody seems to have any clear idea where we go from here.

COURTS SPEAK — A U. S. Supreme Court decision in a recent Louisiana Case invalidated a Texas law which restricts voting in revenue bond elections to property owners, says Secretary of State Martin Dies. He spoke as chief election officer of the state, responsible for maintaining uniformity in application and interpretation of Texas election laws.

TIPS FOR OUTDOORSMEN

Hemostat as Hook Remover

If you've got a doctor pal, have him get you a used surgical hemostat (one has very short life for surgical needs and many are discarded regularly). Its clamping mechanism and trim shape makes the finest hook disgorging going and high-grade steel never rusts.

Freeze Quail in Milk Cartons

Milk cartons make good freezer boxes. Fill with game like quail or doves, add water, freeze and store in freezer.

Lighter Leader for Snags

If you plan on fishing around snags or rocks, use a leader at least a pound test less than your line. Then if you hang up, the leader will break, not the line.

Inexpensive Reel Bag

Cut off an eight-inch piece of your old pants leg and then sew up one end closed. In the other, cut slits and weave a draw string through, or add a zipper. Now you have a good reel bag soft and easy to clean.

Hangers as Rod Holders

Hang your fishing rods on coat hangers in the back of your car. Keeps people from sitting on them or catching them in a door.

Flourescent Floats Visible

Bright fluorescent paint helps keep a bobber in sight on rough or dark days.

Sugar Lessens Pain or Sting

Rub a bee sting with sugar. It will lessen the pain.

B&B GROCERS look forward to a better season next year as they finish the current season at the bottom of the heap. Front row 1 to r. Vaden Aldridge, Manuel Longoria, Mike Lewter, Bobby Knox, Billy Dixon and Jim Tankersley. Second row 1. to r. Steve Brooks, Rodney Allee, Lonnie Martinez, Harvey Vargas and Jerry Cutright. Back row, Bruce Whitley, John Galvan, Ronnie Pearl and Dan Crowder.

Gum Will Stop Leaks

Chewing gum will help reduce a rivet leak in an aluminum boat. Chew gum well and stuff around outside of leak. Allow to harden, then enjoy a dry boat ride.

Sox Protect Reels

Wrap reels in old heavy woolen socks. Keeps scratches off.

Use Talcum on Lures

Talcum powder dusted on rubber or skirted lures will keep them from sticking together.

Dual Purpose for Bobber

Thread a small fishing

bobber on your key chain.

Then should you accidentally drop the keys overboard the bobber will float, thus enabling you to retrieve the keys.

For your convenience, shop Ozona first.

Mrs. W. E. Reynolds and children of Pampa are here visiting Mrs. Reynold's parents, Mr. and Mrs. Max Schneemann.

South African Mohair Leaders To Address Council

Plans have been finalized for the summer directors meeting of the Mohair Council of America, to be held at 1:30 p. m. Thursday, July 31 at Fredericksburg.

The meeting, set to coincide with the annual show and sale of the Texas Angora Goat Raisers' Assn., to be conducted Aug. 1-2 at Gillespie Co. Fairgrounds will be staged in the old restored Gillespie County Courthouse.

Highlighting the meeting will be talks by two visiting South African mohair industry leaders, Dr. Carl Kritzing and D. A. Hopson, both officials of the South African Mohair Board. The men will be touring the mohair producing areas of Texas during the week of July 27-Aug. 3.

Also slated to be on the program will be C. F. 'Chuck' Henderson Jr., general manager of Dellinger, Inc. of Rome, Ga., a custom carpet manufacturer, and Hal Brockmann of Prodesco, Inc. Perkesie, Pa., a product development firm. Others scheduled to take part are Elroy M. Pohle, in charge of the USDA's wool and mohair testing lab at Denver, who will report on work being done to standardize mohair grades, and the new Miss Wool and Mohair of Texas, Jan Green of Ballinger. The Fredericksburg event will be the first official appearance of the new representative of the state's mohair and wool industry.

Dolph Briscoe of Uvalde, Council president, will preside at the meeting. Assisting Brisco in presenting Council business will be Gail Dudley of Comanche, vice president; Walter Pfluger of San Angelo, secretary-treasurer; and Ross McSwain of San Angelo, Council information director.

The meeting will be climaxed by a barbecue at 6 p. m. at the fairgrounds. Arrangements for the barbecue are being handled by Council directors Clint Brown and Robert Dittmar both of Harper.

Prior to attending the Council meeting and TAGRA show and sale at Fredericksburg, the visiting South Africans will be taken on a tour of the mohair producing area. The men are expected to visit producers, warehousemen and others in the industry at Uvalde, Sonora, Eldorado, Rocksprings, Menard, Junction, Ingram, Kerrville and the surrounding Fredericksburg area. The men will begin their return trip to Port Elizabeth on Sunday, Aug. 3.

By Thurman Sensing
Executive V. P. Southern States Industrial Council

Crackdown on the SDS

Though the misnamed Students for a Democratic Society is a clear threat to good order and academic freedom at every American university, few institutions have yet taken an absolutely firm line in dealing with this destructive organization. The kind of measure needed to prevent campus disorders is that taken by the Louisiana State University at the close of the academic year. The board approved a resolution banning the SDS from all campuses within the LSU system.

The LSU board resolution said that "its current activities throughout the United States made it apparent that SDS is a radical, revolutionary organization dedicated to the destruction of American institutions, beginning with American universities. It, therefore, constitutes a clear and present danger to the entire Louisiana state university system."

The SDS was formed in 1962. It has been the spearhead of revolutionary action from coasts to coasts. Only now, seven years after its founding, are colleges and universities beginning to wake up to the SDS' destructive goals. In the past, the SDS didn't have any difficulty finding a campus on which to hold its annual national convention. This year, the SDS admitted, it was turned down by 37 colleges and universities and at least 25 meeting halls, parks and camps.

Some institutions have yet to demonstrate courage in dealing with the SDS. Harvard, the nation's oldest university, actually allowed an SDS spokesman to deliver a harangue at commencement exercises. The speaker poured abuse on the United States and, finally, had to be removed from the platform. At Radcliffe, Harvard's

sister college in Cambridge, Mass., the SDS also was given an opportunity to have a spokesman address the graduates.

Indeed Radcliff authorities seemed determined to give offense to patriotic, law-abiding citizens. Its commencement speaker was the Rev. William S. Coffin, Jr., the Yale University chaplain who last year was convicted by a federal court jury of conspiring to violate the selective service law.

Yale showed no more concern than Radcliff for the feelings of its patriotic alumni. A member of the graduating class was allowed to deliver a speech attacking America's involvement in the Vietnam War. No one was given an opportunity to speak in behalf of the Yale alumni proudly serving in Vietnam or who rendered loyal service to their country in past wars in defense of freedom.

At Princeton, the valedictorian, Midland A. Bernstein called the United States "sick." He expressed solidarity with Black Panthers in New York, mutinous soldiers in California, and SDS members involved in a disturbance at a New Jersey plant.

By allowing a handful of students to give such speeches, these universities give the country a false picture of attitude among young Americans in college. The SDS has only about 35,000 members, a small number in a country of more than 200 million people. The militant minority is just that, but the prominence they get — often with the support of radical faculty members and administrators — helps the extremists build up their image as a powerful force.

The vast majority of college students want to get an education and firmly disapprove of the destructive outlook of the SDS and similar groups. Often, they want to take counter-action against the extremists.

At Ohio University recently, members of the Young Americans For Freedom, a patriotic group expressing the will of the majority of students, successfully frustrated the attempts of SDS members to break up an ROTC parade. Such counter-action is growing in importance as the SDS becomes more aggressive.

The Student Council at Palm Beach Atlantic College, in Florida, said "The students here believe it is high time some student body spoke up for the huge majority of students and let it be known that they are strongly opposed to the disruptive actions of small groups of students."

For the majority to take a stand is the American way. The New Left may soon find it is facing a revolt in reverse.

Letters to the Editor

A Letter of Thanks —

Once again we come to the close of Little League season and on behalf of Little League Baseball and the Ozona Lions Club, I would like to express my thanks and sincere appreciation to the following people:

First of all to our sponsors, Tommy and Bud Loudamy for B&B Grocers team, Jack Wilkins for Flying W Ranchers, Kirby Moore for Moore Oilers, and Garland Allen and Doyle Elmore for the Ozona Oilers; and to our minor league sponsors, Charles Huffman of Crockett Motors, Lowell Littleton of Ozona National Bank and Wayne Loury of the West Texas Utilities.

To all our fine managers and coaches in the entire program, including umpires. To all the mothers who worked so hard in the concession stand and donated food to sell. To Mrs. Jack Gillitt, in charge of stand for all Little League games, and to Mrs. Jim Weant for

minor league games. To Mrs. Sam Fitzhugh, in charge of buying supplies for the stand, and to Mr. Jesus Castro, who supplied the stand with ice for all the games. To the business firms donating ice. To Mrs. Rex Fenton, secretary and treasurer for the league, and a very special thanks to Mrs. Vic Montgomery, fund raising chairman.

We will notify all 12 year old boys and their parents as soon as we set a date for the trip to the Astrodome in Houston.

I would also like to take this opportunity to offer my personal thanks and gratitude for all the support I have received the past four years as president of the local Little League Assn. I have always felt in my heart that the main purpose of Little League is to help the boys in the program and if we help one boy out of 100 every year then our purpose accomplished.

It has been my pleasure to serve with many fine men of character and watch the program grow. However, I feel that I have served my tenure as president and will take this opportunity to resign this position and express my prayers and best wishes for the man who carries on.

A special thanks to the board of directors of the association, who have stood behind me these four years and to the Lions Club for the opportunity to serve in this capacity.

Last but not least I'd like to thank all the boys who have participated during my years as president for their support and pat on the back that kept me going.

Once again may I say thank you to all concerned and wish you continued success with the Little League baseball program here in Ozona.

Sincerely,
Bill Lewter, president
Ozona Little League Assn.

Accurate and Complete

RANCH RECORDS

Are More Important
Today Than Ever

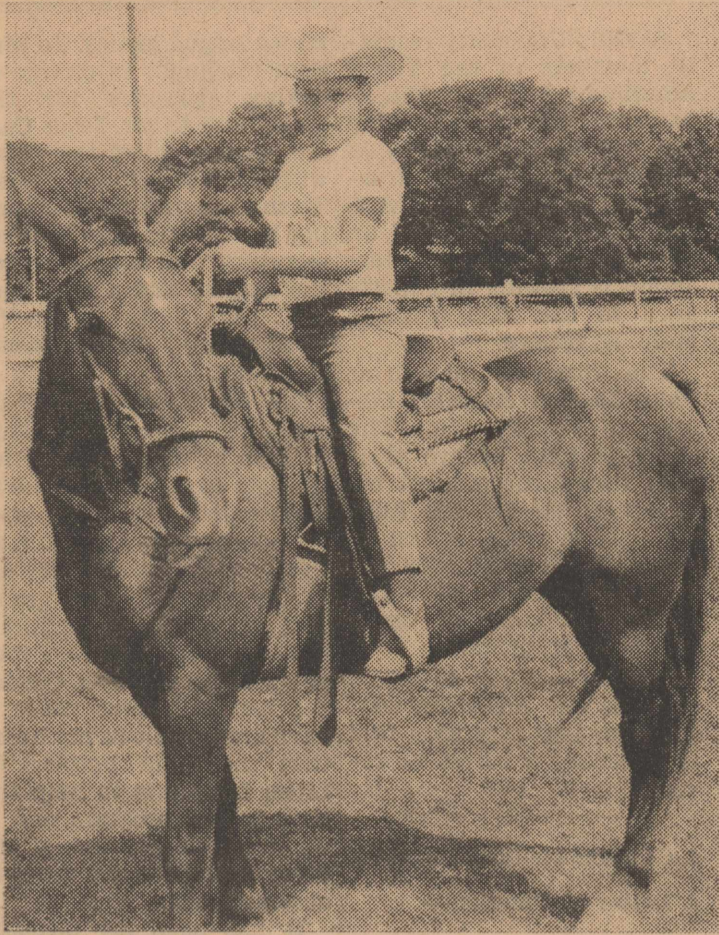

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

Easy To Keep - Complete Record - In 1 Volume

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

THE STOCKMAN RANCH RECORD BOOK

JOHN HENDERSON, son of Mr. and Mrs. John L. Henderson, of Ozona, is enjoying the western riding program at Camp La Junta, a western camp for boys, located in Hunt, Texas.

who set fire to the old dump ground Tuesday night, but Bill Cooper assured me that anytime something like this happened, a call to him would produce results. If necessary he will get the entire Fire Department out to douse it. Now, you can't beat that, can you?

Beef --

(Continued from Page One)

struction. Cattlemen interested in attending the short course should write or call Jimmy Davee, Vocational Agriculture teacher. (Phone 392-3142 or 392-2117). An entry fee of \$2.00 will be charged. Pre-registration will be helpful in organizing the course.

Beef production short course certificates will be presented to each member who attends all the training sessions.

Mr. Litterst indicates that the beef production short course will deal with methods of producing beef at a lower cost and the ways of producing the kind of beef that the homemaker wants to buy. He also states that the course will include such important fields as cattle reproduction and pregnancy diagnosis, selecting bulls and replacement heifers, calf crop percentages, and supplemental winter feeding. The course can be changed to meet the wishes and interests of persons enrolled.

Helicopter --

(Continued from Page One)

Use of the machine for manhunts or lost person searches has been very successful, Perkins continued. The machine can be used when a person is lost and cannot be located by ground search in rural areas in the daytime.

Use of the machine for aerial observation over a rural area where a wanted subject or subjects are on foot and believed to be hiding or walking across country would constitute a manhunt. Some observation could be made in urban areas, such as detecting an abandoned, hidden or wanted vehicle or other object.

Other uses for the helicopter are rescues and reconnaissance during civil disturbances. Rescues, except during disasters such as floods would generally be limited in Texas to such mountainous and rough terrain as the Trans-Pecos region and Palo Duro Canyon, Perkins explained. Rescues from other regions could be just as effective after locating subjects by helicopter and sending in personnel and supplies.

Following the luncheon, the helicopter took off from the edge of the draw near the El Sombrero cafe and landed at the airport where rides over the town were given all afternoon.

Crockett 1968 Oil Production 7.9 Million Bbls.

Texas, the nation's leading oil producer, has yielded more than 21 billion barrels of oil during the past 79 years of recorded production, according to the Texas Mid-Continent Oil & Gas Association.

This has meant a statewide distribution of income which currently averages about \$3.4 billion a year. With 207 of the state's 254 counties producing crude oil, each section of the state is marked by several prolific fields. Texas' daily oil production is more than 1.1 million barrels.

"More investment is needed to find new oil fields to replace those now being completed," says Corbin J. Robertson, Association president. "By the end of this century the demand for oil and gas will have doubled. Between now and 1980, some \$200 billion will have to be spent to find enough energy to continue our present standard of living and guarantee national security. Clearly, the country today needs policies which will stimulate the drilling of more wells. Our reserves are shrinking."

Crockett County, which has had recorded production since 1925, has had a total crude oil output of 188,982,156 barrels up to the beginning of 1969. Crockett County production in 1968 was 7,900,922 barrels at the rate of 21,587 barrels a day.

Texas has 36 counties scattered over the state which produced at the rate of 25,000 barrels or more per day. The three largest are: Andrews, 203,520 barrels per day; Ector, 172,654 barrels per day; and Crane, 128,839 barrels per day.

Gregg County is the only county that has produced

more than two billion barrels of oil. Andrews, Ector and Rusk counties have produced more than one billion barrels of oil.

DPS --

ches and parks, during the holiday period.

The DPS director also warned that the department will vigorously enforce state laws relating to driving while intoxicated.

"Drinking drivers are involved in 40 to 50 per cent of the rural traffic accidents in Texas, and I urge all drivers to avoid the use of alcohol prior to operating a motor vehicle," Speir said.

DUPLICATE BRIDGE

Winners in Duplicate Bridge club play at the Civic Center Saturday afternoon were Mrs. Henry Miller and Mrs. Jack Wilkins, first, and a tie for second between Mrs. L. B. T. Sikes and Ewart White and Mrs. J. B. Parker and Mrs. Tom Montgomery.

Tuesday night winners were Mr. and Mrs. Ewart White, first, and a tie for second between Mrs. Henry Miller and Mrs. Jack Wilkins and Mrs. Joe Pierce and Mrs. Tom Montgomery. The club will meet at the Center Saturday afternoon at 2 o'clock and Tuesday night at 7 o'clock.

Ensign and Mrs. Robert Doyle Cox left this morning for Sonoma, Calif. where Ensign Cox will be stationed at Skaggs Island Naval Base. They have been visiting his parents, Mr. and Mrs. Robert Cox, and grandmother, Mrs. Mary Seeley, this past week.
