Kitty's Korner

By Kitty Montgomery

Ho-hum, spring has sprung. In spite of the fact that it's the middle of winter, these warm afternoons have given me a touch of spring fever. As I stare out the window into the warm sunshine I find myself wishing I were anywhere doing anything except sitting here banging the typewriter.

As they say in show business, "The show must go on", and we just must fill up the paper each Thursday, so here I am.

— k k —

Boys are out in numbers for track, another harbinger of spring. I noticed as I cruised by the football field the other day that there were large numbers of boys running the laps. They ranged from about 2 feet in height to around 7 at a casual glance. I couldn't help but wonder if all the grades in the elementary schools were turning out for track this year as well as high school.

Although I manage to make most of the track meets, it is my most unfavorable sport. I think it's because of the wind. I can leave for a track meet looking very well turned out and by the time I get home, I'm a disheveled hag. It's the darndest thing too, I know at least one woman from one of our area towns who never has a hair cut of place stays perfectly groomed all day long at every track meet, never even loses an artificial eye lash, no matter how hard the wind blows. Oh well, at least I'm in the majority.

The maxi-coat has dealt a severe blow to girl watchers, but according to the latest fashion news, it is here to stay. They are even making them for spring and summer from lightweight materials. By fall every well dressed woman will have a maxi-coat or two it has been predicted.

I understand the only problem with a maxi-coat is learning how to get around in one.

— k k —

When you read Mrs. John Doe in our paper, it means Mrs. John Doe, Sr., of course. We have so many Juniors and the Thirds to contend with that we do not place Sr. after a name very often. The name written without Jr. or III., should be understood that it is the first one of that particular name.

— k k —

Our flu epidemic has shown no signs of peaking or waning. About as many get down with it every day as get over it and there seems to be no end in sight. Other towns in the area are in the same situation.

Dr. Carlisle said that test specimens of some of the victims sent to Austin showed a particularly virulent strain of Hong Kong flu.

So far, the Stockman staff hasn't come down with it. However, if you miss your paper next week, you'll know we outlived our immunity.

— k k —

I had the complete tour of the beautiful new Tom Mitchell home one night last week. It's just fabulous. Tissie and Tom are both happy to be moved in after so many months of working and waiting. Tissie seems to be taking it in stride, but Tom says he still feels like he is living in the Holiday Inn.

Ozona Man Dies Another Injured In Sunday Crash

One Ozona man was killed and another critically injured, while the other two Ozona men involved got off with a few bruises in a two-car accident five miles south of Ozona on Highway 163 Sunday night at 6:45.

The vehicles involved were two 1954 Ford automobiles. The crash occurred when Juan Tijerina attempted to pass the car driven by Juan Villarreal and Villarreal made an attempt to keep him from passing. The Villarreal auto's front bumper locked with Tijerina's back bumper, both cars traveling at a speed of around 65 miles an hour, and threw both cars into the barrow ditch, Patrolman John Harris, who investigated the accident, reported.

Tijerina's car swerved and came to rest by a fence without causing a great deal of damage. Villarreal's car crashed through a fence and overturned twice, throwing both the driver and his passenger, Jimmy Vargas Borrell, out of the vehicle. Borrell was killed instantly and Villarreal is in critical condition in a San Angelo hospital suffering from severe head injuries.

Borrell was born August 18, 1950 in Ozona.

Survivors include his wife, Eunice; a daughter, Darlene of the home, a brother, Sam Rivera; a sister, Mrs. Elizabeth Villarreal, and a stepfather Luis Barron, all of Ozona.

Cold Nights, Warm Days West Texas Weather Feature

Cold nights and warm days dominate the weather picture in Ozona, along with clear skies. Cold fronts moving through the area drop temperatures during the night but by mid-afternoon warm temperatures prevail. No appreciable amount of moisture has fallen this year. The total moisture for January as recorded by the official gauge at the Water District Office was 45 of an inch. So far this month, .08 of an inch has been recorded.

Mrs. Jessie Conklin of Kerrville spent the week-end here visiting relatives and friends. Mrs. Conklin is a former Ozonan.

Elizabeth Jones
Homemaking Award

Elizabeth Jones Wins B. Crocker Homemaker Award

Elizabeth Jones has been named Ozona high school's 1970 Betty Crocker Homemaker of Tomorrow. Selected on the basis of her score in a Dec. 2 homemaking knowledge and attitudes examination for which a record 646,041 senior girls in 15,040 of the nation's high schools were enrolled, she is now eligible for state and national honors. She will also receive a specially designed silver charm from General Mills, sponsor of the annual educational program.

Test papers of all school winners in the state are currently undergoing additional judging, and a State Homemaker of Tomorrow will be named in March. She will be awarded a \$1,500 college scholarship; the second-ranking girl in the state received a \$500 educational grant. Additionally, first-place winners from the 51 states and the District of Columbia — together with advisors from their schools — will receive an expense-paid educational tour of Washington, D. C., and Colonial Williamsburg, Va., this spring. Climax of the tour will be naming of the 1970 Betty Crocker All-American Homemaker of Tomorrow, whose scholarship will be increased to \$5,000. Three runners-up will also be selected and will be awarded \$4,000, \$3,000 and \$2,000 scholarships. National judging will center on personal observation and interviews during the tour. Miss Jones is the daughter of Crockett County Judge Bernice Jones and the late M. Brock Jones.

4 School Board Members Up For Election Apr. 3

Four members of the District school board of trustees are to be elected at the annual trustee election Saturday, April 3.

Of the four members of the board whose terms expire this year, three have indicated they will seek re-election and have filed their names with County Judge Bernice Jones to be placed on the ballot. One member, P. C. Perner, had not filed with Judge Jones early in the week.

Those whose terms are expiring and who will seek re-election are Bud Cox, Charlie Fuentoz and Bill Seahorn. Candidates for the trustee posts must file with the county judge 30 days before the election day.

Hold-over members of the board include Taylor Deaton, Ray Boyd and Chas. E. Davidson, III.

Cub Scout Packs Combine For Blue And Gold Spread

Cub Scout Packs 153 and 163 combined for their annual Blue and Gold Banquet this year and it was held Monday night at the Civic Center.

The Flag Ceremony was presented by the Webelos Den 153 and the invocation was given by Mrs. Dean Scott.

Hack Leath, principal of South Elementary School and former high school teacher, was the after dinner speaker. His topic was "Determination and Responsibility."

Following the speaker awards were presented by Cubmasters, James Hearne of Pack 153 and Jesus Castro of Pack 163. They were assisted by Orvil Perry.

Receiving the Webelos Awards, the highest award in Cub Scouting, was Felipe Castro, Jr. He will go into Boy Scouts when he becomes eleven years of age. Webelos Scouts receiving awards were Max Schroeder, Engineer; Gary Scott, Engineer; Leslie Perry, Engineer and Naturalist; Randy Allen, Engineer; Douglas Bean, Engineer, Athlete and Den Chief card; Ray Hill, Engineer and Athlete; Tra-

Judge Jones On Mission Seeking Another Doctor

Crockett County Judge Bernice Jones was in San Marcos the middle of the week to interview a prospective additional physician for Ozona.

The doctor is understood to be prospecting for a location and since Ozona's one doctor, Dr. Don Carlisle, is being overworked trying to take care of the populace, efforts will be made to induce him to locate in Ozona. Mrs. Jones and members of the Commissioners Court as well as Dr. Carlisle have been following up every lead in an effort to induce another doctor to come to Ozona.

Dr. J. Earl Mead To Preach Sunday At First Baptist

Dr. J. Earl Mead of Dallas will be the visiting preacher for both services at the first Baptist Church here Sunday. He will be accompanied by his wife, the former Lois Riddle, who taught music in the Ozona schools several years ago.

Dr. and Mrs. Mead are frequent visitors in the Lowell Littleton home.

Dr. Mead, who was with Cliff Temple Baptist Church in Dallas for more than 40 years, is known as the "Dean of Ministers of Education," among Southern Baptists. Both Dr. and Mrs. Mead are on the staff at Glorieta Baptist Assembly near Santa Fe during the summer months.

Having recently returned from a trip to Hawaii, Dr. and Mrs. Mead are presently on a tour of speaking engagements and will come here from an engagement in Shreveport, La.

Lions Finish Third In Dist. With Crane Win

Coach Charlie Spieker's Ozona Lions cinched third place in District 5-AA basketball Tuesday night when they beat second place Crane 77-72 here. The Lions lost their bid for second place behind the champion McCamey Badgers last Friday night at Crane when they lost the encounter 72-64.

Coach Jim Williams' B team came in second in district play behind Crane. They had a good shot at the top spot, having lost only one game in district play, until Friday night when they lost 61-41 at Crane and then lost to the same group here Tuesday night 62-56 in an overtime. This gave Crane the top spot.

In Crane Friday night Jim Montgomery and Arturo Torres led the Lions' losing effort with 14 points each. Mike Jenkins was high-point man for the B team with 12 points.

Friday night here Torres led the Lions with 19 points followed by David Pagan with 15. The only other Lions in double figures were Montgomery and Donald Olson with 10 points each. The Lions played a better brand of ball than they have been playing lately, hitting 55% from the field and 64% at the free throw line.

The Ozona team led the Crane B all the way here Friday night in a real thriller. However, a few bloopers by the locals saw the score tied 54-54 when the final whistle blew. In the three-minute overtime, the Cranes scored 8 points to the Lions 2 and that was the ballgame. Mike Jenkins led the Lions with 27 points while Larry McMillan had 13 for the Lions.

In a recent conference officials of the three counties agreed on details of the program's administration. There will be one paid employe to administer the distribution in the three counties and applications are to be taken by the county judges of each county and tests will be given by the State Welfare Department in interviews with applicants for the job.

The commodity distribution was adopted by the counties as the more beneficial program, since no money will be required of recipients for the food products distributed. The food stamp program required from \$15 to \$60 cash outlay for welfare recipients, which worked a hardship on some to provide the cash for the stamps, Mrs. Jones said.

Substantial basic food supplies will be provided in the program, including butter, lard, cornmeal, flour, canned fruits and vegetables, canned meats, dried milk and eggs, and other staple grocery items.

Application blanks are in the hands of Judge Jones at her office and any person interested in the commodity distribution job for the three county area is invited to call at Judge Jones' office for a copy. Completed applications must be in the hands of Judge Jones on or before Feb. 23. All applicants must submit to interview at the Sutton county courthouse on Tuesday, March 3, at 1 p. m. The State Welfare Department pays the salary and a representative of that agency will interview all applicants.

The job will require use of a pickup truck and will require physical exertion in handling the products. Shipments of food products will be received at Sonora and distributed in Sutton, Crockett and Edwards Counties from the central distribution point.

Persons eligible to receive the free food will be those now receiving old age assistance, the blind, dependent children, and the totally disabled. The paid employe will be charged with the responsibility of screening applicants.

THIRD PLACE WINNERS in District 5AA Basketball, the Ozona Lions cage team. Front row, l. to r., Greg Stuart, Cheo Vargas, Curtis Weant, Jim Montgomery and David Williams. Back row, Donald Olson, Arturo Torres, Will Colett, Tommy Jenkins and David Pagan. With the exception of seniors Torres and Jenkins, the entire team will be back next year.

WASHINGTON AND RELIGIOUS LIBERTY

Plagued as we are these days by the anti-religious zealots — the Madelyn Murrys, the American Civil Liberties Union, the pornographers for profit, the University filthy speech advocates, et al — it is both refreshing and rewarding to recall the profound faith of George Washington, whose birthday we celebrate this month, and his many statements defending the religious rights of the people.

"The liberty enjoyed by the people of these States of worshiping Almighty God, agreeably to their consciences, is not only among the choicest of their blessings, but also of their rights." Washington wrote in 1789.

Washington was convinced that the political and material prosperity of our nation could not be sustained without morality and religion.

"The consideration that human happiness and moral duty are inseparably connected will always prompt me to promote the former by inculcating the practice of the latter", he said "Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports. Let us with caution indulge the supposition that morality can be maintained without religion."

"Religion," said Washington, "is as necessary to reason (intelligence) as reason is to religion. The one cannot exist without the other."

It won't be long before you'll be buying a new boat—that is if you haven't done so already.

Seems like nearly every family has at least one boat. It's "The Thing" nowadays. Double garages, or dual carports, now sport at least one car and one boat; sometimes two boats and one car, with the car — more often than not — left outside in the weather.

A statistical study made by the Boating Industry Association and the National Association of Engine and Boat Manufacturers reveals that in 1969 the recreational boating industry increased its annual dollar volume in retail sales by an estimated 4.5 per cent. Peak now is \$3,292,000,000. That's an aggregate total of nearly three and a third Billion Dollars. Wow!

Included in these purchases are new and used boats, motors, accessories, safety equipment, fuel, insurance, docking, maintenance, launching, storage, repairs and club memberships.

Total number of boats in use in the United States jumped an additional 2.4 per cent of 206,000. This made the grand total 8,646,000 water pleasure craft. That's a lot of boats!

A million more people participated in recreational boating in 1969, with the total estimated at 43,230,000.

This also represented a 2.4 per cent increase in those using the waterways more than once or twice during the year. It's obvious that boating is growing in appeal as more people seek leisure-time activities for the whole family.

Figures reveal also that sales of larger and more expensive boats and motors contributed to the general rise in dollar volume.

Like to know the breakdown on the boat population? Here it is by types of boats:

Inboard motorboats (including auxiliary-power sailboats) 615,000.

Outboard boats, 5,101,000.

Sailboats without inboard power, 598,000.

Rowboats, canoes, dingies, prams, and other miscellaneous craft in use, many with outboard power 2,332,000.

Number of outboard motors in use during 1969 reached 7,101,000 . . . topping seven million for the first time. Sales during the

year reached an estimated 510,000 . . . a 2 per cent rise. There was a marked increase in the size of the average outboard motor sold in 1969. In '68 the average outboard ran 31.5 hp, in '69 it was 33.1.

Motors of 45 hp and up commanded 34 per cent of the market.

Motors up to 6.9 hp dropped from 29 per cent to 28 per cent.

Motors 7 to 19.9 hp dropped from 21 to 19 per cent of sales.

Those 20 to 44.9 hp fell by the same figure . . . down from 21 per cent of sales to 18.

Naturally there was a preference for larger boats to go with the desire for motors of greater horsepower. This showed the average length up to 15.9 feet . . . the highest ever.

Estimated sales of outboard boats hit a 10-year high in 1969, reaching 301,000.

Sales of stern-drive boats continued to climb, hitting an estimated 235,000 units.

Marinas, boat yards and yacht clubs increased by 100 for a total of 5,900 such facilities on the American scene.

So, the popularity of boating goes up, up, and up . . . nationwide. As for Texas — our guess is that the percentages are even greater for the Lone Star State. Why shouldn't they be . . . with Texas' multiplicity of impoundments and virtually year-around boating weather?

Mrs. Bill Griffis III and daughters will leave by plane tomorrow for their home in Springfield, Va.

Mr. and Mrs. Sam Fitzhugh and children, former Ozonans, now of Pecos, were visitors here Friday.

DPS Launches Statewide Driver License Check

Austin — The Texas Department of Public Safety today announced an intensive, statewide driver licensing emphasis program to be launched immediately on the basis of a study revealing a disproportionate involvement of unlicensed drivers in serious traffic accidents.

Col. Wilson E. Speir, DPS Director, said the drive is in conjunction with Governor Preston Smith's coordinated traffic safety program to combat increasing deaths, injuries and economic loss in Texas traffic which cost the state an estimated 3,580 lives, hundreds of thousands of injuries, and upwards of a billion dollars last year.

"Statistical data compiled from reports of motor vehicle accidents occurring on the public streets and highways of Texas during the first six months of 1969 reveal that some 9.6 per cent of the drivers involved in fatal accidents were unlic-

ensed; that 7.6 per cent of the drivers involved in personal injury accidents were unlicensed; and that more than 5.8 per cent of those Texas residents involved in all motor vehicle accidents were not licensed," Speir

SONORASPEECHTOURNEY

By Elizabeth Jones

Mr. Thomas Guntherburg, head of the high school speech and drama department, will take thirteen high school students to the Sonora Speech Tournament February 20 and 21.

Eugene Vinson and Teresa Albertson are entered in extemporaneous speaking. David Hoover, and Susan Owens are entered in prose reading. David Pagan, Jim Montgomery, Charlene Strickland, and Kathy Williams, are entered in debate. Bill King and Lou Etheridge are entered in poetry interpretation. Elizabeth Jones and Ned Henry are entered in impromptu and persuasive speaking. Sadie Tillman and Will Collett are entered in duet acting.

The tournament will be conducted according to university interscholastic League rules. Trophies will be given to the winners of the debate and one-act plays.

GOSSIP

By Rusty

Everyone seems to have enjoyed St. Valentine's Day. Rumors has it, that all the roses in Texas were bought for Valentine's Day. It's a good thing all the girls in Ozona got theirs.

There are going to be quite a few girls going on diets after all the candy they got for Valentine's Day.

Seems like the newest fad for the boys is to cut their hair off.

Elizabeth's poodle must have thought the boys had a pretty good fad going because she got hair of her hair cut off too.

We seem to have three new faces in school — Welcome.

Charlie Elder must have a lot of girlfriends. He gave candy hearts to half the girls in school.

Everyone seems to have gotten their exercise this weekend. Ned walked half-way to Crockett Heights and back; Mike and Mary Jo skipped down the street, and Kerry and Rusty played in the park.

Maybe Mike Haire will find out if the stereo he is buying was stolen next time he buys one.

Freshman girls seem to have a habit of falling down stairs.

Ned, Betsy, and Elizabeth — Why were you walking around in the draw Thursday afternoon?

Kathy Brooks — Who is the lucky guy you have been wanting to meet since you were twelve years old?

CLASS MEETINGS

By Karen Sewell

Wednesday, February 11, class meetings were held. The Freshman and Sophomore classes had study halls as they had no business to discuss.

The Junior class elected servers, for the Jr.-Sr. banquet. They are as follows: Jan North, Christy Davidson, Mary Jo Hyde, Debbie Kerby, Pam Bishop, Sandy Mayfield, Louise Perner, Donna Thomas, Susie Russell, Peggy Hayes, Edna Gonzales, Nelly Sanchez, Beverly Whitehead and Vicki Donham. The Juniors also called a decoration committee meeting for Thursday, February 12, and the chairmen of the committees gave reports.

The Seniors elected committees to write the class will and the class history. The committee for the will is Ned Henry, Betsy Sikes, Chesta Wilson, and Elizabeth Jones. The committee to write the history of the Senior class is Eugene Vinson, Diana Deaton, David Hoover, Kathy Lynn Russell, and Steve Hubbard.

NEWS FROM OTHER SCHOOLS

By Cynthia Harrell

Six Weeks Tests for the 4th six weeks period will be on many students' agendas this week, unfortunately.

North and South Elementary students celebrated St. Valentine's day with Valentine parties last Friday.

Training for the Junior High boys' track teams and girls volleyball teams started last week.

South Elementary Principal Hack Leath took six students to San Angelo last week for glasses. Six other students accompanied by their principal will journey to San Angelo for glasses this week.

Eric Fitzhugh, a former Ozonian who presently is living in Pecos, Texas, visited Ozona Junior High School last Friday.

Susan Van Dooser, a former 8th grade Garland, Texas student, recently moved to Ozona, and is presently attending Ozona Junior High School.

LIONETTE SEASON

By David Hoover

The Ozona Lionette B team had a successful 69-70 season. They finished the season with a game record of 11 wins and 3 losses. The leading Lionette on offense was Stacy Dockery, who averaged 18 points per game. Other offensive girls include Bridgette Dunlap with 5 points, Mary Jo Hayes and Kay McMullan each with 4 points, and assisting were Lou Cox and Debbie Kerby.

The Lionettes had a strong defense also. They held their opponents to an average of 22 points per game. The starting guards were Teresa Albertson, Denise Deaton, and Dana Collett. Assisting guards were Alma Garza, Marisa Cantu, Diane Castro, and Fannie DoHoyos.

SENIORITOUS

By Netta Pearl

There is a laziness going around school that is affecting about 85% of the seniors. It's strongest when there's only about 2 months of school left. I'm sure that most of you are familiar with this germ, "Senioritous."

For ages, there has always been Senioritous. When our parents were in their last year of high school, they acted similar to the way we are acting now. But they just can't seem to understand when we would rather go out instead of staying home nights and work on our research papers. They seldom stop to realize that they were once seniors.

It is very simple to detect Senioritous. They are the ones with that far away expression on their faces and in a world of their own.

QUESTION OF THE WEEK

By Cathy Williams

Teachers are the hardest to cope with at times like this. They understand the reason for our actions, but still they want us to do the necessary assignments. They could at least be less strict about them.

About two-thirds of last year's seniors have made this statement, "I wish I was back in high school." We laugh and say, "Just wait until I get out of this place."

No one knows the feeling that Senioritous leaves except the seniors. Some of the underclassmen think they know but they'll find that it's just a little different and hard to resist, very hard to resist.

BASKETBALL BEAU IS CROWNED

By Cynthia Harrell

Senior Arturo Torres was crowned Basketball Beau of 1970 at the girl's Stanton game recently. Arturo has been on the varsity basketball team for 2 years and on the B-team basketball for 2 years.

An honor roll student, Arturo has also participated in track and football. He hopes to attend college after graduating from Ozona High School this spring.

Turi (Arturo) was voted basketball beau by the girl's varsity basketball team. He received a gold tie tack as a remembrance of the occasion.

BASKETBALL QUEEN

By Cathy Williams

Ana Mae Payne, OHS Senior, was chosen by the 1969-70 Lions as Basketball Queen last Tuesday night during half-time of the Ozona-Iraan game.

Ana Mae, when asked her reaction, said, "I still can't believe it. I feel like I am still dreaming."

Recently chosen as Senior Favorite, she is the daughter of Mr. and Mrs. Oliver Payne. She has participated in Basketball for the past four years, and inolleyball for three years.

SENIORS

By Sadie Tillman

Cynthia Harrell is undecided on where to attend college but she says it's between Texas and Sweetbier. She intends to major in Political Science and minor in Oceanography. While in OHS, Cynthia has been on the Lions Roar Staff, choral for 2 years, piano and organ for 4 years, UIL Poetry alternate, and on the Annual Staff. She regrets leaving OHS because she won't be near her friends that she has grown up with. She is looking forward to college to learn more about different subjects, different people, and see different sights.

SENIOR PERSONALITY

By Rusty

Elizabeth Jones, youngest of the senior class, will attend SMU after graduation.

Elizabeth, a life-time resident of Ozona, will begin Summer school classes at SMU five days after graduating from OHS.

Elizabeth is 5'2" tall and has participated in basketball, volleyball, and been a twirler for three years. She has also participated in UIL meets and won the Betty Crocker Homemaker of Tomorrow Award this year.

She spends much of her free time writing letters to Randy and playing with the poodle he gave her, Ladybug.

Mrs. Wayne West has been seriously ill in Kings Daughters Hospital in Temple. She was removed from the intensive care ward Monday and is reported on the way to recovery.

NATIONAL MERIT SCHOLARSHIP QUALIFYING TEST

By Cynthia Harrell

The National Merit Scholarship Qualifying test was taken by approximately 30 high school juniors Saturday in the High School Library.

The two-hour and ten-minute test, which began at 8:30 on St. Valentine's Day, measures a student's ability in English Usage, Mathematics Usage, Social Studies-Natural Sciences, Reading Comprehension, and Word Usage. This test of educational development is prepared by Science Research-Associates especially for the National Merit Scholarship Corporation.

For students to do well on this qualifying test, they must have a broad academic background resulting from knowledge of the world around them, good performance in schoolwork, and comprehensive reading knowledge. The scores are based on a percentile rating.

In previous years, one Ozona High School student became a National Merit finalist, and four others became semi-finalists. Students taking the National Merit Scholarship Qualifying test will learn their scores in May 1971.

LIONS DEFEATED

By Betsy Sikes

The Ozona Lions traveled to Crane Friday, and were defeated by a score of 64 to 72. Tying high point for man for the Lions were Jim Montgomery and Arturo Torres, both with 14 points.

Tommy Jenkins followed with 10 points. The B team lost also by a score of 41 to 61. Mike Jenkins was high point man with 13 points.

HI SCHOOL HOROSCOPE

By Elizabeth Jones

Basketball season ended this week and now there's no excuse to get out and ride late. Volleyball is just getting started and students will be supporting the girls now.

Thursday and Friday will be dreary days. Six weeks tests don't make too many people happy.

Monday, Tuesday, and Wednesday bring about another week. This six weeks will prove to be fun filled with all the wonderful research papers to be done.

Wednesday report cards come out. Most students will have their parents prepared for the shock by this time, but in case you don't just tell them you made straight A's and don't show them the cards.

Predictions for the week: Late nights studying. Research papers not getting finished. Seniors finding out the theme of the prom.

The speech kids winning in Sonora! Mr. G. fainting from embarrassment in Sonora.

Students crying when grades come out.

HAVE PARKING space for three or four mobile homes. Reasonable rent. Call 392-2551.

VOLLEYBALL GIRLS

By Ana Mae Payne

After one week of hard practice, the girl's volleyball coach, Mrs. Sandra Childress, has selected the Ozona 1970 volleyball teams. There were 26 girls selected and there will be 13 girls on each team.

The girls selected were seniors: Sherry Saunders, Ana Mae Payne and Skookie Edgerton, juniors: Sharron Barbee, Joanie Baggett, Debra Bishop, Cyndie Whitehead, Mettina Martinez, Alice Diaz, Angie Landin and Debbie Roberts; sophomores Pam Bishop, Jan North, Mary Jo Hyde, Jannette Berry, Beverly Whitehead, Debbie Kerby, Wyvonne Webb, and Paula Ramirez; freshman: Phyllis Kerby, Rosslain Williams, Beth Crowder, Diana Castro, Fannie De Hoyos, Mary Jo Hayes, and Alma Garza. The managers are Peggy Hayes, Louise Perner, and Shelly Jones.

Mrs. Sandra Childress said, "The A-Team and B-Team has not yet been divided but will be sometime this week." The girls' first game will be held in the Ozona High School gym against Imperial, Feb. 24 at 6:30.

STOR-ALL Boxes at The Stockman office.

Possible Postal Service Expansion Proposed By Dept.

Postmaster Floyd Hokit has received a postal department bulletin announcing a change in rural route delivery which might affect some patrons of the local office living more than a half mile from the office.

The regulation, apparently extends the home delivery area where patrons express a desire for same. Persons living in rural areas in the Ozona vicinity may get mail delivery by star route to the north and south of Ozona. There are no rural routes out of Ozona and the new delivery service might possibly apply to an area where enough residents are concentrated or where boxes might be nested. The new bulletin is not referring to city delivery only to areas outside a certain distance from the postoffice, the postmaster said.

Any person interested may get further clarification of the matter from Postmaster Hokit.

Coach Charles Spieker returned to his classes and basketball coaching duties at high school this week after being out several days with the flu last week.

PEARLS and oyster shells

A pearl is a thing of beauty—iridescent—a precious gem. An oyster shell is rather ugly—a remnant of a marine mollusk much esteemed as a delicacy. And yet both are built of identical shell-producing cells.

It is happenstance that causes tiny parasites or grains of sand to penetrate the oyster, severing the shell-producing cells and carrying them deep into the oyster to form perfect pearls.

It is no accident that some men from poor beginnings have become great leaders, statesmen or educators. Others from identical surroundings live out their lives in poverty and despair.

The difference is integrity and a yearning for excellence in every part of life—that love of God that illumines and elevates.

Your church can help you to make the most of your life. As you grow to understand God as a part of any real achievement, strength and vitality and joy will enrich your days.

WANTED BY THE FBI

CAMERON DAVID BISHOP

Cameron David Bishop, a violence-minded college revolutionary who is charged with the sabotage of war utilities in the dynamiting of Colorado power transmission towers, is on the FBI's list of "Ten Most Wanted Fugitives."

Between January 20 and 28, 1969, he allegedly was responsible for dynamiting four transmission line towers in Colorado supplying power to defense plants. Wreckage from one blast damaged property nearly a mile away and dozens of square miles near Golden, Colorado, were partially blacked out. A Federal warrant issued at Denver, Colorado, on February 14, 1969, charges Bishop with the destruction of war utilities.

Bishop, who is reputedly an active member of the Students for a Democratic Society, a loudly militant "New Left" group opposed to U.S. involvement in Vietnam and existing government policies, has reportedly voiced a desire to live in Cuba.

He is known to associates as a revolutionist or anarchist who believes in violence to secure social reforms and was given a discharge from the Army for unsuitability after being located, while a deserter, as a mental patient in a hospital. He reportedly has a violent temper, has reputedly bragged of using drugs, including LSD, and was convicted of assault and battery in Colorado in 1965. He has allegedly stated his willingness to kill a police officer and has reportedly possessed hand guns, including a .357 magnum, in addition to rifles and dynamite.

A white American, born at Pueblo, Colorado, on November 7, 1942, he is 5'8" to 5'9" tall, weighs 155 to 165 pounds, has brown eyes, dark brown hair, a stocky build and a medium complexion. He has worn a beard, long hair and long sideburns in the past. A tattoo of a skunk holding a mirror appears on his right forearm. He has worked as an assistant credit manager, auto parts manager, coffee house operator, laborer, mine worker and truck driver. Consider Bishop armed and extremely dangerous.

Should you receive any information concerning the whereabouts of Cameron David Bishop, you are requested to immediately notify the nearest office of the FBI, the telephone number of which may be found on the first page of local telephone directories.

Predicts Heart Disease To Cause 50 Pct. of Deaths

Calling diseases of the heart and blood vessels the Number One Health menace here and throughout the nation, Mrs. Jake Young, president of the Crockett County Heart Association, today predicted that these diseases will be responsible for 50% of all deaths occurring in Texas during the calendar year 1970.

Basing her forecast on mortality experience of recent years, she said it is likely that 93,800 residents of the state will die during the year, and that of these, 47,000 will be deaths resulting from cardiovascular disease.

On the basis of last-available figures, she stated, adult sufferers from heart disease in this state number about 760,000. This estimated to-

tal, she explained, does not include persons suffering from the effects of stroke, nor those with hypertension without heart disease.

"Nationally," said Mrs. Young, "the overall economic cost of cardiovascular disease has been placed at \$9.6 billion yearly, or nearly \$50 per person."

Mrs. Young said there is every reason to assume that the people of this state are benefitting from advances in diagnosis, care and treatment which have been achieved over the past 20 years.

Mrs. Young said a date had not been set for the local heart fund drive, but would be announced later this month.

Girl Scouts Push Sale Of Cookies

Ozona Girl Scouts got their annual cookie sale under way Friday. They have been canvassing the residential areas and business sections this week and will continue through next week. The first week in March will be clean-up week and this will close the cookie sale for this year.

Proceeds from the yearly event go support the Girl Scout camping program. Mrs. Vic Montgomery, cookie sales chairman, said this year's money will go toward the purchase of camping equipment and improvement of facilities at Camp Jo-Jan-Van, along with day camps in the local area.

There are five varieties of cookies again this year and the price is fifty cents a box. Each box is sealed for freshness.

Agri-Tour Unit To Display Texas Ag Products June 16

The Texas Department of Agriculture Agri-Tour mobile unit will visit Ozona June 16 during the Miss Wool of America Pageant, announced Monte Sumner, Marketing Specialist with the Texas Department of Agriculture. This will be the second visit of the unit to Ozona, last year's visit having drawn large numbers of interested citizens.

The Texas Agri-Tour unit's appearance in several West Texas towns during the pageant is made possible through the cooperative efforts of the Texas Sheep and Goat Raisers' Association, the Mohair Council of America and the Texas Department of Agriculture.

Sumner said the 56-foot long traveling slides how will be open to the public during the tour. Operators of the colorful presentation of Texas products, which includes a special exhibit which features a narrated color slide program that tells the story of Texas fibers, are Mr. and Mrs. Jess

Moreland. The two have traveled thousands of miles throughout the state with the unit.

Agriculture Commissioner John C. White said the Texas Agri-Tour unit is expressly designed to promote high quality Texas agricultural products. White explained that the Texas Agri-Tour unit is designed to familiarize Texans with the fibers products that are produced in the state. Texas Agriculture Industry, combined with the Texas Department of Agriculture, is putting forth a joint effort to bring the story of the state's agriculture to the public through the Agri-Tour.

Riots and Taxes

"Take snapshots along the way to preserve those pleasant moments" was at one time the thrust of an advertising appeal to sell cameras and film.

But now the Internal Revenue Service advises business enterprises to take snapshots if they want to take income tax deductions for riot losses.

While every other governmental agency apparently seems helpless in devising ways of stopping riots, the IRS has come up with a program for claiming losses after a riot. This is contained in a booklet, Document 5174, available free at any IRS office.

As to be expected, it is complicated, comprising some eleven steps to be taken. One is to be sure that before a riot the proprietor has photos of the property, including those showing improvements, and then to be sure to have photos after the looters and fire bombing have been controlled.

In addition, the owner must give such details as the nature of the losses suffered such as fire bombing, looting, et al, and the date of the happening.

If looting occurred, the owner must state when he discovered the loss of goods, supported by police records and other documentary evidence. The owner must also prove through deeds, bills of sale and other papers, ownership of the property.

Documentary evidence is also required to establish the basis for the cost of the property as well as for any improvements made. In addition there must be established by appraisals the value of the property before destruction and the value of the property following destruction. Included must be the details on the insurance payment anticipated and applied against the cost of repairs, restoration, clean up and other operations.

Thus, while business owners may feel that their biggest headache is over after the last looter has been rounded up, the flames from the last Molotov cocktail extinguished, and the last sniper apprehended, this is far from the case.

Although press coverage of such events is most comprehensive, he must assume that no government people ever read the newspapers, and laboriously build up the evidence needed to establish his losses.

While the IRS is due for congratulations in issuing such a guide for victims of future rioting, there is a large element of irony here. After all, while most segments of the present governmental structure say they cannot control business being victimized by rioters, and some even condone the situation, another government branch draws up elaborate rules to forestall any possible attempt by the victims of rioting to victimize government.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman From The Stockman Thursday, Feb. 20, 1941

Between thirty and forty members of the San Angelo Flying Club will take off in a dawn flight from San Angelo municipal Airport Sunday morning headed for Ozona and breakfast here.

Recipe of the Week From Kitty's Kitchen

Banana Oatmeal Chewies

1 cup butter or margarine
1 cup sugar
1 egg
1 1/2 cup; flour
1/2 teas. salt
1 teas. cinnamon
1/2 teas. soda
1 cup mashed banana
1 1/4 cups rolled oats
1 cup candied citrus fruits
1/2 cup chopped nuts

Cream butter or margarine and sugar. Add egg and mix well. Mix flour, salt, cinnamon and soda. Add alternately with mashed banana. Add rolled oats, nuts and citrus fruits. Drop by spoonfuls on lightly greased cookie sheet. Bake 12 minutes at 50-degrees. Makes around 4 dozen cookies.

2 egg whites
1/4 teas. salt
1/8 teas cream of trater
1 teas. vanilla
1 1/2 cups moist shredded coconut.

Beat egg whites, salt, cream of tartar and vanilla until soft peaks form. Add sugar gradually, beating until peaks are stiff. Fold in coconut. Cover cookies sheet with plain brown paper. Drop mixture on by rounded teaspoons, about 1 inch apart. Sprinkle tops with decorations or green sugar. Bake at 300 degrees for 25 minutes. Cool. Makes a dozen.

Washington News Letter

Congressman O. C. Fisher

Regarded as probably the most radical and irresponsible organization in America (aside from the Communist Party USA and its subsidiaries) is the Americans for Democratic Action (ADA).

As early as last June, ADA was demanding total unilateral and unconditional withdrawal of all our forces from Vietnam. It has be-moaned the "mistreatment" accorded Castro's Cuba. For years ADA has plugged for U. S. recognition of Red China. It maintains that personal use and possession of marijuana should not be a crime.

ADA, a 23-year-old combine composed mostly of intellectuals, recently made known its new domestic program for this year. It is a whopper! The program calls for a 50% increase in Social Security benefits; a minimum wage of \$2.75 an hour and a minimum for all workers of \$5,720 a year. For those who can't work (for reasons best known to themselves) ADA would have the government pay each family of four \$5,500 annually.

For good measure, this

radical-socialist outfit demands an annual \$5-billion program to provide jobs at government expense for those unable (or unwilling) to find employment in private industry.

Crime, housing, education, and mass transit are among other subjects included in ADA's grandiose schemes to spend other people's money in sums that would curl your hair. Their total federal budget for the next fiscal year would exceed \$300-billion.

ADA throws a lot of weight around in liberal - socialist circles. Their annual conventions glitter with affluence and formality, and on their programs appear many big names in the political and educational world.

To keep their partisans advised about voting habits of members of Congress the ADA picks out what to them are decisive and meaningful votes at the end of each session, and publishes the vote ratings of each Congressman and Senator.

Only recently ADA came forth with the voting records (from their viewpoint) covering Congress last year. Included were 15 issues. My rating was "O". That is, during 1969 I did not cast a single vote in Congress that pleased ADA!

PUMPVILLE NEWS

Pumpville — Mrs. R. A. Gatlin was hostess to the Hobby Club Feb. 10, in her home. Dinner was served at noon. The menu consisted of vegetables, salads, meat casseroles, hot biscuits, ham, pies, cakes, tea and coffee. Mrs. Newman Billings gave the invocation.

Children's pajamas, made by Mrs. Billings, Mrs. Carl Malone, Mrs. Guy Skiles and Mrs. B. C. Babb, were shown to members. The pajamas will be a gift from the club to the Val Verde Memorial Hospital.

Mrs. Ray Clifford called the meeting to order and the annual trip was discussed, with plans to be made at the next meeting. The project for the next meeting will be cutting out and making house coats for an organization.

A committee of three, Mrs. Skiles and Mrs. Andy White, was appointed to nominate officers for the new year.

Mrs. Clifford and Mrs. Gatlin took pictures during the evening and Mrs. J. Garner won the door prize. Other members present included Mrs. T. H. Eastman, Mrs. J. W. Carruthers, Mrs. Ola Brooks, and Mrs. W. A. Arledge. Guests were Mrs. Quinna Jessup and Mrs. J. Garner. Mr. Gatlin was a dinner guest.

The next meeting will be March 10 in Sanderson at the home of Mrs. T. H. Eastman.
