Boy Scout Rally Set Tonight At DeShazo

Thursday, today, is a big day, or night for Scouting in Muleshoe, according to Jerry Hutton, membership chairman of the George White District of the Boy Scouts of America. He said a community-wide Boy Scout Rally is scheduled for 7 p.m. in the Mary DeShazo Elementary School Cafeteria.

He commented that Boy Scouting is part of the Scout Movement especially designed for boys 11-13 years of age and the purpose of the Scouting Movement, he said, is to promote the ability of boys to do things for themselves and others, to train them in Scoutcraft, and to teach them patriotism, courage, self-reliance and kindred virtues.

Interested boys who attend this rally will have the opportunity to join any of the Boy Scout troops in Muleshoe. The troops that will be represented at the rally will include Troop 633, sponsored by the Methodist Men, with Roland McCormick as Scoutmaster; Troop 634, sponsored by the Bailey County Fire Department, with C. Owen Jones as Scoutmaster; and the newest troop in town sponsored by Immaculate Conception Catholic Church in Muleshoe with Tommy Black

as Scoutmaster.

Other committee members who will attend the rally include Walter Bartholf, Vic Benedict, Jeff Smith and Ken Cole.

Hutton added that this is another of the projects of '65-NS' and urged all boys 11-13 years of age and their parents to attend this large rally and check into the Boy Scout program and the advantages offered today's youth.

Immunization Slated Monday For The Schools

By request of the Texas State Department of Health, the Muleshoe Schools have agreed to administer the Oral Polio vaccine along with the Diphtheria-Tetanus inoculations next week, according to Tom Jinks with the school system.

On Monday, December 14, the immunizations will be scheduled as follows: 8:30-10:30 a.m. at the Mary DeShazo cafeteria; 10:30-12:30 in the Richard Hills Nurses office; 1:30-2:30 junior high school in the Muleshoe High School cafeteria; 2:30-3:45 Muleshoe High School in the Muleshoe High School cafeteria and 3:45-6 p.m., pre-school and adults, in the high school cafeteria.

During this week, parental permission slips have been sent home with each student in the Muleshoe School system. Parents are asked to sign the two forms and return them to the school as quickly as possible so the students can receive their shots.

The diphtheria and tetanus shot will serve as a booster for students who have been immunized, but for students who have never been immunized, a follow-up shot will be necessary in six weeks.

The oral vaccine will serve as a booster for students who have been immunized against polio previously. For those who have never been immunized against polio, a second vaccine will be given in eight weeks and a third in a year.

Three Way Has Eleven Players On All-District

Eleven varsity players from Three Way School have been named All-District players for the Three Way Eagles, football team in 1-B Eight-Man football. Named first team defensive lineman was Johnny Furgerson, Allen Joyce was named first team defensive end and second team offensive back.

Paul Nino was named first team offensive end and second team defensive back and Kenneth Meyers was named first team offensive guard and received honorable mention as defensive guard.

Joe Partlow received honorable mention as offensive guard receiving honorable mention were Larry Neutzler, offensive back; Geno Abbe offensive end; George Duarte, kicker and Manual Nino, offensive back.

Allen Davis was named to second team offensive center and Steve Huff was named to first team defensive guard.

The football players were named to All District 1-B eight man football during a meeting held at Dawson last Wednesday night, according to Coach Bud Gray of Three Way.

And, how will your Christmas be, Mr. and Mrs. Bailey County? Will your family have plenty of holiday food to eat and will your children be receiving toys and warm clothing? You say sure! My family is all set for Christmas. So... you are one of the fortunate ones. But, how about the more than 75 families in Bailey County who will have no Christmas? Do you tend to forget 'just a little' that everyone is not as fortunate as you are?

Last year, the Goodfellows, those blindfolded, anonymous Santa Clauses aided more than 75 families in this county by taking them food, clothing and toys. With an average of five persons per family, this was approximately 375 persons who benefitted, in Bailey County alone, from the efforts of the Goodfellows.

The Goodfellows remain anonymous because they do not

Unruly Youths Invade Center Disrupt Bingo

A group of unruly youths, all but about five Mexican-American, invaded the Catholic Center shortly after the Sunday night bingo games got underway last weekend.

The youths made no physical threats to anyone in the building but started a harassment procedure with Father Robert O'Leary, priest of the parish. He was verbally abused by many of the youths in the crowd, most of whom were from out of town.

A soon as a local city police car drove up at the church, the group dispersed, got into their cars and drove away. Approximately 25 youths were in the group.

want, or need, their good works to be publicized. They are interested in everyone having a Christmas, regardless of who they are, or what their personal circumstances may be. Each year, they seek cash contributions, toys, useable items, even if they are used, staple foods and clothing to distribute at Christmas time.

One of the Goodfellows reported that cash contributions may be sent to the Muleshoe City Hall and addressed, Goodfellows, % City Hall, Muleshoe, Texas 79347. Toys, food and clothing articles may be taken to the office just west of Black Insurance Agency on West Avenue D, across the street south of the Bailey County courthouse. A key to the office where the items are being stored is in Black Insurance.

In this issue of The Journal is a coupon to be filled out concerning a child, or as the case may be, children who will have no Christmas. It can be filled out and mailed or taken to the City Hall not later than Friday, Dec. 18 in order to insure that everyone will have a Christmas.

Deadline for contributing money, or other items will be Monday, Dec. 21. This will allow the Goodfellows time to box up the articles for delivery on December 23 and 24. City employees will deliver the boxes in the city of Muleshoe and officers from Sheriff Dee Clements' office will deliver the boxes within the county.

Even the schools get in on the act during the Christmas pre-season holidays as they are busy setting up large containers for food and toys at each of the four schools in Muleshoe. They will be called 'Toys for Tots.' The youngsters place their contribution, on Page 2, Col. 6

Rev. Walter Bartholf, who is a member of the Tuberculosis Association in the Muleshoe area, has announced that he has Tuberculosis Christmas Seals or stamps available. He may be contacted at the First Christian Church, Muleshoe.

Michael C. Hinkson, son of Mr. and Mrs. Frank Hinkson of the Lazbuddie community, has been selected for membership in Alpha Zeta, honorary agriculture fraternity at New Mexico State University. He was among eight members chosen on the basis of their scholarship, demonstration of leadership qualities, and participation in campus activities.

Mr. and Mrs. George Washington and Mark visited in Levelland in the home of Mr. and Mrs. Chester Huff Friday night. They had a birthday supper in honor of Mrs. Huff, the former Lana Washington.

All Cub Scout and Boy Scout Leaders from the George White District of the Boy Scouts of America will be having their monthly roundtable meeting Monday night, December 14, at 7:30 in the First Methodist Church of Littlefield.

Attending from Muleshoe will be several Cubmasters and Scoutmasters.

Gus Taylor, son of Mr. and Mrs. A.G. Taylor and David Dillman, son of Mr. and Mrs. Neal Dillman, are both among the McMurry College Band members who toured the South Plains December 2-6.

Gus is a junior at McMurry and is majoring in Religion and minoring in Philosophy. David is a junior at McMurry and is majoring in History and minoring in English.

Corky Green Passes Exams To Be Attorney

Gordon Houston 'Corky' Green, son of Mrs. Ruby Green and the late Raymond Green, has been notified that he has successfully passed his bar examination for an attorney.

He will be sworn in by the State Supreme Court who will set in the special session on Monday, December 14.

The Supreme Court will be meeting for the purpose of swearing in all successful applicants to the legal profession.

Following the completion of his studies at the University of Texas at Houston Law School, Green has been serving as a deputy sheriff in Bailey County. He will be announcing his plans for the future shortly.

Green is married to the former Donna Gaston of Sudan.

Huffing and puffing up and down the sides of mountains may not be the 'cup of tea' for some people, but twelve Muleshoe men and nine boys found themselves in that position last weekend. Sore and aching muscles have been the order of the week for Don Bryant, Herbert Griffiths, Bob Hardaway, Lindal Murray, Frank McCamish, Dan Throckmorton, Nick Landers, Jerry Neuschwander, Bob Badger, Carleton Newell, Bill Bickel and Jim Harvey.

In somewhat better shape appeared to be Bruce Chapman, Brent Blackman, Danny Blay-

lock, Bill Tanner, Gary Merriott, Carl Newell, Kerry Wagon, Boyd McCamish and Preston Wilson.

This was the after effects of the groups visit to the Ruidoso, N.M. area last weekend to cut Christmas trees for sale by the Muleshoe High School band members. Between slight groans as he shifted positions, Muleshoe High School Bandmaster Jim Harvey said the group left Muleshoe Friday night and returned Sunday night with more than 350 Christmas trees. He added that the band had purchased a section of

forest land near Ruidoso and were informed that 500 trees needed to be removed for conservation purposes. So the long walk, or climb began. The group cut trees over the mountainside and finding that the best trees were actually the top of tall trees, proceeded to climb into the trees and top them. Then, the trees had to be carried back to the trucks. So, another long walk.

Harvey expressed the band's appreciation to all the band parents who are assisting with the tree sale, the people who made the trip to Ruidoso to obtain the trees and the persons who are purchasing the trees.

Available where the trees are being sold 1 p.m. to 8 p.m. in the former Alsop Cleaners just north of the Muleshoe City Hall are approximately seven different varieties of trees.

Proceeds from the sale of the trees will be used for a uniform fund to help obtain new uniforms for the Muleshoe High School 'M' marching band. The band members have been selling coupons for \$4 each which entitles the purchaser to choose up to a four foot Christmas tree at the site. Larger trees are available for \$1 a foot.

Harvey said that as the project is to benefit only the band at this time, the band members are the only department of the Muleshoe Fine Arts Booster Club to be selling the coupons and handling the Christmas tree sale.

The Fine Arts Booster Club is sponsoring their annual fruitcake sale at this time also, and Cont'd. on Page 2, Col. 5

Bosses honored and introduced included Mr. and Mrs. J.W. Coppedge; Mr. and Mrs. J.P. Winn; Mr. and Mrs. Robert Hooten; Mr. and Mrs. Sam Fox; Mr. and Mrs. Roy Whitte; Mr. and Mrs. Roald Johnson; Mr. and Mrs. Carl Ellington; Mr. and Mrs. Wayne Crittendon; Cont'd. on Page 2, Col. 6

Four Bulldogs All-District; One All-Area

Coach Lloyd Halbrook at Bula, said four Bula Bulldogs were placed on the All-District team for 1-B Eight Man football and one of the four was named to the All-Area team.

Receiving all-area honors was Steven Newton, who was also named to the second defensive team as back, Ron Risinger was named to the first team as a defensive back and Gene Stroud and Mitchell Autry both received honorable mentions as defensive linemen.

The coach lauded his team for their efforts during the 1970 football season, Assistant coach at Bula is Pat Risinger.

A good portion of the program was in Spanish for the benefit of non-English speaking migrants to understand the advantage of the migrant program.

The two consultants described how important it was for the migrant's children to learn to speak English in order to be able to further their education. The consultants also pointed out that only migrant's children would qualify to attend these classes.

Muleshoe School Superintendent Neal Dillman invited interested parties to visit the Muleshoe School Migrant Program classes at any time.

Crowd Attends Migrant Meet Tuesday Night

More than 280 people attended the special Migrant Program at Mary DeShazo School Tuesday night and saw a film which was shown by Richard Ybarra, chief consultant and Ray Garcia, consultant for Region XVII Service Center from Lubbock. They explained the Texas Migrant Program and how it worked.

A good portion of the program was in Spanish for the benefit of non-English speaking migrants to understand the advantage of the migrant program.

The two consultants described how important it was for the migrant's children to learn to speak English in order to be able to further their education. The consultants also pointed out that only migrant's children would qualify to attend these classes.

Car-Train Crash Injures Former Local Resident

Mrs. James Crane received minor injuries Friday night around 9:30 in a car-train wreck in Dallas which hospitalized her daughter, Mrs. Jimmy Brown.

Mrs. Crane had just arrived at the airport in Dallas when the accident occurred approximately five minutes after her arrival. Her daughter and her husband, Jimmy, had picked Mrs. Crane up at the airport and the group was enroute to the Brown's Denton home where Mrs. Crane had planned to spend the weekend.

Mrs. Brown sustained a broken pelvis in the accident and is expected to be hospitalized at Dallas' Parkland Hospital for approximately three weeks. Her husband had some broken ribs, and the Brown's three month old son, Jimmy Jr., was uninjured in the wreck.

According to James Crane, Mrs. Crane and the baby were in the rear seat of the automobile and Mr. and Mrs. Brown were in the front of the vehicle when it was in the collision with the train at a crossing. The Brown's auto was demolished.

Lazbuddie Has Six Longhorns On All-District

The Lazbuddie Longhorns had six players named to the all-district team for District 1-B following the conclusion of the 1970 football season.

George Wilson received the nod for all-district linebacker; Jimmy Noland was named all-district offensive guard, Darrell Elliott was named all-district defensive guard.

Offensive center was Randy Bush; Charles Lee was tabbed for dual honors; quarterback and defensive halfback and Mike Casey also received dual honors. He was named offensive halfback and defensive line-backer.

Chief coach of the Lazbuddie Longhorns is Pat Casey.

Gonzales Wins Last Contest; Top Honor

Postman Sam Gonzales is smiling broadly these days. By virtue of missing no games during the last football contest for the year and being 25 points off on the tiebreaker Texas-Arkansas game, he won a first place during this weeks contest. Also, his two first place wins during the season and a third place win, combine to give him a big 24 points and the Grand Prize win in the annual football contest. He had a first place win in this final contest; a first place win in the November 6 contest and was a third place winner in the October 23 contest.

In second place, who let the Texas-Arkansas game throw her off, was Mrs. F.W. 'Chief' Jones. She had a first place win on September 25 and another third place win on October 23 for 20 points to complete the season.

Third place contestant was Richard Engelking, who had three second place wins during the contest for a total of 18 points.

Other dual winners during the contest this year included F.W. 'Chief' Jones, a first place and a second place for 16 points; Irene Splawn, a second and a third place for 10 points; Ticky King, a first and second place win for 16 points; Jim Small, a second and third place win in this final contest; a second and third place win for 10 points each.

Mike Perez Jr. was the second place winner in the final weekly contest for the year. He missed the New Mexico Highlands-Hawaii game and was 26 points off on the tiebreaker.

contest was Irene Splawn, who was named after a three-way tie was broken by coin tosses. She missed the New Mexico Highlands-Hawaii game and was 28 points off on the tiebreaker. Also missing one game and tying it all up were Ruth Malone and Amelia Gonzales, who were 28 points off. They lost out on the final analysis through the coin toss which is used to break ties.

Other persons missing one game and their tiebreaker scores were Howard Splawn, 31 points; L.C. Roddam, 32 points; James Roy Jones, 33 points; and Hattie Ray Jones, 38 points. Each of these persons had prior wins in the contest.

Sam Gonzales, by winning his two first places and a third, is the winner of two tickets to the Cotton Bowl and \$50 for expense money. He will be watching the Texas-Notre Dame game on January 1.

Country Club To Sponsor Holiday Fun

The Muleshoe Country Club will be sponsoring all kinds of holiday fun over the upcoming holidays.

On Saturday, December 12, a Christmas dance will be held featuring the John Black Trio. The admission charge will be six dollars a couple.

The New Years Dance will be held Thursday, December 31, starting at 8:00 p.m. Party hats and noise makers will be furnished and instead of hiring a band for the dance, a stereo tape music system will be used. The Country Club is buying this system and to purchase a variety of good dancing tapes for the young and old, couples will be charged admission of one dollar.

On New Years Day, beginning at 1:00 p.m., a football watching party will be held by the fireplace in the dining room. Two color television sets will be set up. A calf fry and a fish fry will be held at 5:30 p.m.

R.K. Minckler Receives Navy Discharge

Christmas has arrived early for the Dick Mincklers and the Jess Pendergrass', Third class Petty Officer Richard Kenneth Minckler, Jr. was discharged from the United States Navy Friday, December 4, and he and his wife Susan, the former Susan Pendergrass, along with their small son, Todd, arrived in Muleshoe Monday night.

The R.K. Mincklers plan to live in Lubbock where he will re-enter Texas Tech and finish his degree in architecture.

Miss Kerry Beddingfield Honored At Bridal Shower

Miss Kerry Beddingfield, bride-elect of Alan Keith Badrow, was honored with a bridal shower Saturday, December 5, from 3:00 to 4:30 p.m. in the First United Methodist Church Parlor.

Receiving the guests were the honoree, her mother, Mrs. Jack Beddingfield, Mrs. T.E. Badrow

of Amarillo, mother of the prospective groom; Miss Karen Badrow, Amarillo, sister of the prospective groom; and Mrs. Bill Moore.

The serving table was decorated with an arrangement of pink roses entwined with pink Christmas balls. The table decorations carried out the bride

elects chosen colors of shades of pink. Different arrangements of pink flowers were scattered throughout the parlor. Serving the cake and punch to the guests were Miss Celinda Chisum and Miss Linda Alridge, both of Canyon.

Hostess gift was a deluxe Mixmaster.

Hosting the shower were Mrs. Ruby Green, Mrs. C.L. Pummill, Mrs. Bill Moore, Mrs. Betty Cowan, Mrs. Kathleen Francis, Mrs. Eldon Davis, Mrs. B.H. Wagon, Mrs. Jackie McAlpin, Mrs. Horace Blackburn, Mrs. J. Lewis Morris, Mrs. Elizabeth Watson, Mrs. W.L. Middlebrook, Mrs. Robert Sanders, Mrs. Billie Stevenson and Mrs. Louis Scoggins.

Bridal Bounty is not just for brides, according to leading jewelry and department stores. Place settings of sterling silver flatware, traditionally a gift for a new bride, are now a popular anniversary gift for the woman who didn't receive sterling when she married.

Association Of Women Has Christmas Party

The Muleshoe Branch of the American Association of University Women enjoyed a Christmas party Monday evening, December 7, in the home of Mrs. Jack Rennels, 1011 West 3rd.

Mrs. Wayne Gilliland, Mrs. Kenneth Powell and Miss Virginia Bowers assisted Mrs. Rennels with the hospitalities.

Mrs. Eric Smith, president, welcomed three new members, Mrs. Glen Harlin, Mrs. Ben Gramling and Mrs. Pat Young into the Muleshoe Branch.

Mrs. Smith appointed a committee to study the credentials and qualifications of the nominees for division officers and to make recommendations to the Branch. Members of this committee are Mrs. John Watson, Mrs. Mabel Dillman, and Mrs. Mabel Wolfe.

Members were reminded of important future events in AAUW as follows, Legislative Day, February 17, 1971 in Aus-

tin; Division Convention, March 25-27, 1971, Abilene; and Association Convention, June 1971, Dallas.

The entertainment was paper and pencil games, drama and stories, all in keeping with the holiday season.

Gifts were exchanged, carols were sung and the Christmas Story from Luke was read.

The hostesses served sandwiches, cheese ball, fruit, fondue, punch and coffee from holly decked tables.

Those attending were Mrs. Joe Costen, Mrs. Neal Dillman, Mrs. Lena Hawkins, Mrs. Robert Hooten, Mrs. E.W. Johnson, Mrs. Charles Lewis, Mrs. W.O. Rudd, Mrs. Jim Shafer, Mrs. Eric Smith, Mrs. Addie Mae Spence, Mrs. John Watson, Mrs. Mabel Wolfe, Mrs. Ben Gramling, Mrs. Glen Harlin and Mrs. Pat Young.

Congratulations to Mr. and Mrs. Harrol Redwine on the arrival of their first born, a daughter, Susan Diane, weighing seven pounds seven ounces, December 2, at the Farmer County Community Hospital in Friona. Paternal Grandparents are Mr. and Mrs. J.C. Redwine and Maternal grandparents are Mr. and Mrs. Jimmie Seaton.

Bet that proud Papa is really on cloud nine these days even though his duty in Vietnam is flying a helicopter and he recently won an air medal for his outstanding service in the field of duty.

According to our 'calculations', this should make Mrs. Minnie Redwine of Muleshoe 49 great grandchildren, and special congratulations go her way, also.

Five generations were in attendance at a family gathering during the Thanksgiving Holidays at the home of Mr. and Mrs. Junior Matthews and Angela. They were, Mrs. T.D. Reed, her daughter Mrs. Olen Ivy Sr. (Nola), Mrs. Junior Matthews (Barbara), her son, Gary Matthews and son Curtis. Others present for the family dinner were: Mr. and Mrs. C. C. Matthews; Mr. and Mrs. Olen Ivy, Sr.; Mr. and Mrs. Olen Ivy, Jr. and children, Paul and Mark, of Roswell, New Mexico; Mr. and Mrs. Gary Matthews, San Angelo; Evelyn and Joe Matthews, Gail Ivy and Billy Lacy all of Lubbock; Mr. and Mrs. Fred Clements and son, Tommy; and Mrs. Madge Clements all of Muleshoe.

Mrs. Vivian Ham returned recently from a two month visit with her daughter and family,

Mrs. Ron Smith (Winnie Paul) of Glendora, California, Mrs. Ham really enjoyed her visit starting with the plane ride out there and then touring Disneyland; visiting the beach areas; Huntington Park and Santa Monica.

MAKING LIFE EASIER

Here's An Idea ...

by Barbara Bee

Women's Home Consultant
Branch division of Calgon Corporation

If it took you all summer to slim down to a comfortable "at the pool" figure, plan this year to keep in shape all year long. Start a fall program of keeping away those excess inches that seem to accumulate during the winter. Continue to take walks (not rides) to the grocery store. Put on an extra sweater and keep up the bike trips to see the leaves change into a lovely new season. Work off special meals by swimming at indoor pools at local Ys or health centers. Not only won't you have to crash diet next summer, but you will maintain a trimmer and healthier all-around look.

If you have ever had the problem of removing the first piece of brownies or sheet cake after baking, line one edge of the pan with a strip of aluminum foil leaving a little extra to hang out as a tab. Lifts out

Mr. and Mrs. Roy Lee Farley attended funeral services for her uncle, V.C. Bass held in Tucumcari, New Mexico, Monday.

Sincere sympathy is extended to the family of Alva Hudson, who passed away suddenly of a heart attack at his home in Bryan, He and Mrs. Hudson were local residents until four

years ago. Services were held Tuesday at First Baptist Church with burial in Lazbuddie cemetery.

The midi is much better looking for winter wear than it is for warmer weather. A wide belt and boots add to its attractiveness.

Horse collars are popular with young girls. Braided gold ones or ones of leather are also good.

COLLEGE STATION -- The Texas Agricultural Market Research and Development Center was organized less than two years ago and has already found its place in the agribusiness community of the state.

Some 21 marketing problems and studies have been accepted by the Center, designed to serve agriculture on a cost-sharing

basis, according to Dr. W.E. Black, Extension economist at Texas A&M University and associate coordinator of the Center.

These different projects have been financed with more than \$150,000 paid by producer organizations and private industry in exchange for research and planning by teams of specialists with the Texas Agri-

cultural Extension Service. The Center was begun under the leadership of Dr. Black and Dr. R.E. Branson, who serves as coordinator of the Center.

Most of the Center's clients are producer organizations, but occasionally a private firm uses the facilities. Current projects include research on new methods of processing and handling beef and marketing Texas on-

ions. In addition, the Center is testing consumer acceptance of a new variety of tomatoes that can be harvested mechanically, a problem that has plagued tomato producers for years.

"After you have developed a new product, you must subject it to the rigors of the market," asserts Dr. Black.

The idea behind the Center is to offer the skills, services

and facilities of Texas A&M University for market development with the organizations which benefit paying the direct costs of the work done. This results in the organizations receiving expert assistance at a savings and allows the specialists to add new information to agriculture. It allows a closer relationship between research

efforts and Extension education in the state.

The specialists receive no extra compensation for the work done; the client pays only the direct costs of research. The Center differs from commercial market-research firms in that results must be made public and the project must pertain to general problems for Texas agricultural producers. Dr. Black adds that inquiries are welcomed at the Center's headquarters at Texas A&M University in College Station.

AUSTIN, Tex.—Legislative Budget Board staff members added little to the season's cheer for legislators with their estimate that even a rigidly conservative 1972-73 budget will require a \$642.5 million tax bill.

Lawmakers, who report for the biennial session in January, must pass a \$53.4 million emergency measure to head off a 30 percent welfare cut in April. The Budget Board warned that an early approval of a constitutional amendment to raise the \$40 million welfare ceiling also will be necessary to avert eventual sharp reductions in aid to the needy.

Board stressed that its budget construction funds for any purpose (not even new colleges already authorized) and no money for state employee salary raises, from a \$1.5 billion fund.

Lt. Gov. Dan Barnes called the situation a "crisis." Senate leaders turned down a no-tax plan advanced by a Houston group. This plan would freeze teacher salaries, raise college tuitions, abandon general revenue appropriations for farm-to-market roads, change school finance formulas and divert a portion of the permanent school fund to current spending. Such proposals, said Barnes, "would get about two votes."

Sharp growth in welfare rolls and long-range educational programs already enacted are primary reasons cited for the record tax need.

BOUNDARY HEARING SET—Texas-Louisiana boundary dispute will be argued before Judge Robert Van Pelt in the U.S. Supreme Court in Houston on Jan. 13.

Rate system, under the state Minimum Wage Law, will be based on average worker productivity by commodity and will become effective on February 1. A comprehensive statewide field study of actual worker productivity has been under way since September, 1969. Proposed rates will be recommended at the December hearing for harvesting citrus fruit and all Texas vegetables.

A later hearing will take up piece rates for harvesting pecans, blackberries and cotton, plus a few fruits and vegetables produced in limited quantities. Piece rates apply to piecework harvesters who are not covered under the federal minimum wage statute.

COURTS SPEAK—Reversing itself, the State Supreme Court upheld a \$10,000 libel judgment against a Denton publishing company as the result of an erroneous report (which the Court said was not privileged). Story reportedly stated that a local developer was bankrupt. In an earlier opinion, the High Court, by a 5 to 4 vote, had held for the newspaper publisher.

Newspaper had quoted a statement made at a city council meeting but through oversight did not say who made the statement.

In other cases the High Court: "Set arguments for January 20 over the validity of the incorporation of West Lake Hills, an Austin suburb. Upheld a lower court decision invalidating a Comanche County local option election to permit liquor sale.

*Affirmed the right of a Fort Worth school district to prevent students from belonging to secret clubs.

Court of Criminal Appeals, in Smith and Tarrant County cases, found that a 1969 legislative act wiped out part of the state law against ex-convicts carrying concealed weapons.

AG OPINIONS—Federal navigation powers under the commerce clause of the U. S. Constitution are superior to state powers or rights where the waters involved form a part of navigable waters of the U.S., says Atty. Gen. Crawford Martin.

Same applies, Martin said, where alteration of the flow of non-navigable tributaries thereof would affect navigable waters. He further held that federal authorization of a Texas water project preempts a state project on the same river site unless federal consent is obtained by law; federal government can retard, impound and use waters behind government dams in Texas if use is reasonably related to powers under the commerce clause, and suits over federal projects could be removed to a federal district court.

Form Marketing Problems

In other recent opinion, Martin concluded that: Law prohibiting deer hunting with artificial lights was not repealed in Smith County by the Uniform Wildlife Regulatory Act, leadership of Dr. Black and Dr. ...

APPOINTMENTS—Gov. Preston Smith has recommended Judge Col. Melvin N. Glantz of Plains to succeed the late Col. Morris Schwartz as State Selective Director, marketing Texas ...

Byron Tunnell will serve as chairman of the State Railroad Commission for 1971-72. Smith named Byron L. McClellan of Gatesville 52nd district judge to succeed Judge Truman Roberts who will move to the Court of Criminal Appeals.

Leslie B. Vance of Clifton will succeed McClellan as 52nd district attorney. Roy Barrea of San Antonio Al Henry of Houston and Dr. Herman Widgotsky of San Antonio have been named to the Board of Trustees of Texas Educational Foundation Inc., which supervises Texas Job Corps vocational training centers at San Marcos, McKinney and El Paso.

Timothy C. Moore of Kermit and Melvon Houston Jr. of Houston will represent Texas at 1970 U S Senate Youth Program and conference in Washington on January 30-February 6.

SHORT SHORTS Frank X. Tolbert, columnist, for the Dallas Morning News, Mrs. Lucille Walker, waitress at Big Bend National Park lodge and the entire community of Albany were cited by Governor Smith for tourist development work at the Governor's tourism conference here.

A sub-panel of the Speakers Committee of the House has recommended bulletproof glass to seal off the House chamber from the gallery.

Former Vice President Hubert Humphrey will head a list of dignitaries attending the December 15 appreciation dinner here for Sen. Ralph Yarborough. Norman Newton of McAllen announced he will resign as an executive director of State Republican party about December 23, when William M. Steger of Tyler will step down as State chairman to accept a judgeship.

Beltway Bank of Houston has filed an application for a charter with the State Banking Commission. Real income levels of Texans probably declined in 1970 (considering the consumer price increases), says the University of Texas Bureau of Business Research.

Further auto insurance hearings will be held in Dallas and Houston before that regulatory agency makes its decision on rates.

1930 Graduate Winds Up 30 Years in Navy

JACKSONVILLE, Fla. (AP)—Lieutenant Commander Leonard E. Carpenter, a 1930 graduate of Muleshoe High School, retired from the Navy here today, ending a thirty-year career. He plans to live here and attend Jacksonville University.

Carpenter was born in Ft. Worth in 1922 and moved to Muleshoe in 1936. Joining the Navy in 1940 as an enlisted man, he attended flight training and was designated an enlisted pilot two years later. He earned his commission in 1955, leading to his present rank.

During World War II Carpenter flew sea planes on reconnaissance flights, and was forced to ditch once while returning to the states from Cuba. He was rescued by a British destroyer after two days in a life raft, an incident he calls his "most memorable navy experience."

Carpenter was a VIP pilot in Washington, D.C. on two tours of duty. Passengers included the late Secretary of Defense James Forrestal. His last Navy assignment was as an Air Navigation Officer on the staff of the Commander, Fleet Air, Jacksonville.

He has been ordered to report to the Advanced Training Command at the Naval Air Station, Corpus Christi.

FORMER RESIDENT COMPLETES CAREER—Lt. A. Commodore Leonard Carpenter, who graduated from Muleshoe High School in 1930, is pictured as he completes a 30 year career in the U.S. Navy. Pictured with him is Mrs. Carpenter.

TOPIC: YOUR FEDERAL INCOME TAX

Most of us figure we are getting shoved around by inflation every way we return. However, we don't expect the Internal Revenue Service to be shoved by anybody or anything. Well—it can be done. Inflation has shoved the price of "Your Federal Income Tax" up to 75 cents. IRS revises and updates this popular how-to-prepare-your-income-tax publication each year. Last year the Government Printing Office offered the booklet for 60 cents a copy. This year this valuable booklet became even more valuable—or at least you're going to have to pay more. It's still a bargain, so take your 6 bits and go to the nearest Internal Revenue Service office for the answers to most of your tax questions. Don't forget to read the book after you buy it!

FEEDING T-E LIQUID FEED IS SO EASY IT COULD SPOIL YOU

When you get out of bed in the morning, your supplement feeding chores may already be done for days to come—if you're feeding T-E Liquid Feed Supplement.

Because one refill of the free-choice range feeders will take care of your herd for about ten days, using a T-E feeder for every 75 to 100 head. All you have to do is make the rounds, once every ten days, stopping at each feeder long enough to watch it fill up.

T-E Liquid Feed Supplement cuts out most of the time, labor and equipment connected with dry supplements... saves you money.

The proof of T-E Liquid Feed Supplement is in the extra quality your animals will show—extra energy, extra good health, extra gain. And that means extra profits from your range feeding program.

T-E Liquid Feed Supplement along with adequate roughage, minerals and water, is the easy way to be sure your animals are getting the protein, phosphorus, vitamins and trace minerals they need for energy and growth.

Of course, you do have to get out of bed—at least every ten days. Otherwise it could spoil you.

People who cook with pride cook with GAS. Mrs. S.M. Smith does.

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Smith and nine out of 10 professional cooks agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Smith's favorite recipes.

RICE WITH QUAIL OR DOVE CASSEROLE

Mrs. S. M. Smith, 1309 Runnels, Big Spring

- 5 cups cooked rice (as directed on package)
- 4 sticks celery diced
- 4 diced pimentos
- 2 cans mushroom soup (undiluted)
- 1 small onion—grated
- 1 cup grated cheese
- 1 green pepper cut very fine
- 4 or 5 cups cooked quail or dove (cut in cubes)

Place 6 or 7 birds in a baking pan. Cover with water, add 2 sticks of butter, salt, pepper, 1 bay leaf, a sprinkle of rosemary. Cover. Place in oven and bake at 350 degrees for about an hour and a half or until tender. Cool and cube. Place in buttered casserole—rice, quail, pepper, onion, and pimentos. Pour two cans of undiluted mushroom soup over mixture. Top with grated cheese. Cook in uncovered dish for about 45 minutes at 300 degrees. Serves 12 people (chicken or turkey may be used).

Editorial Welfare

The disappointment at the White House over failure of its welfare program, which includes minimum income payments to impoverished families, the controversy over free food to strikers, the scandal over some city welfare programs, all focus attention on one of the major social dilemmas of the United States. What should the state provide in the way of welfare help, and to whom?

Obviously the question is too large for a simple answer or even one which would apply to all fifty states. But certain lessons can be learned by viewing some of the bitter experiences of recent years. In New York City, for example, where Mayor John Lindsay has presidential aspirations, the welfare program is a national scandal. The city is now paying as much as \$1500 a month to keep families in hotels!

Politicians, of course, play for votes and one of the tests of U.S. society is whether its elected leaders will exhibit the moral courage to refuse to add funds to freeloader programs and insist that welfare be realistically dispensed. The food stamp program is commendable but it too can be abused, as can all welfare programs.

HEW Linked To SDS

GUEST EDITORIAL:

Rennie Davis, a member-in-good - standing of the "Chicago Seven," may turn out to be a fly in the Nixon administration ointment.

The connecting link between Rennie and a high officer in the Nixon administration is an organization better known by its abbreviation "LID." Those three letters stand for League for Industrial Democracy. Some knowledge of LID is vital to an understanding of the Davis connection, and possibly his influence, inside the current administration.

First, LID is a radically socialist organization. One of the organization's accomplishments was the founding of the notorious Students for a Democratic Society (SDS).

It will be remembered that the Weatherman faction of SDS (of which Davis is a part) brought on much of the violence of the 1968 Democrat convention in Chicago. A number of this faction were blown to smithereens in New York by bombs of their own manufacture. The much publicized Midwest heiress, Diana Oughton, was one of the victims.

Davis, a member of the Weatherman faction, was one of the seven tried in Chicago for a series of major law violations, but who since has been free on bond with others, pending appeal of their convictions.

One of the Nixon appointments is James Farmer, undersecretary in the Department of Health, Education and Welfare.

Farmer was once top man in the Congress of Racial Equality (CORE), one of the organizations that pioneered racial consciousness and strife. He is a member of the American Civil Liberties Union (ACLU) and the ultra - ultra Americans for Democratic Action (ADA). He is a past vice chairman of New York's liberal party. So—his leanings are well established.

But the blockbuster is that Farmer is a vice president of the SDS parent organization, LID.

In its regular newsletter, LID refers to the SDS as its "student department," and states it "has grown into the largest progressive student organization in the nation." LID pledges continued and "enlarges" support for SDS and praises its ac-

activities in glowing terms.

LID has had a pull at the White House during other administrations, too.

John F. Kennedy's and Lyndon Johnson's war on poverty was inspired by a book, "The Other American," by Michael Harrington. The author served as chairman of the LID board.

Other top officials of the LID include John C. Barnett, former president of racial Union Theological Seminary; Victor Reuther, the brother of the late Walter Reuther; Bishop C. Kilmer Myers of the Washington Episcopal Cathedral; George Counts, a John Dewey disciple; Ralph Helstein, head of the Packinghouse Workers Union; and the late Norman Thomas, many - time Socialist candidate for president of the United States.

Readers interested in learning more about the LID (or League for Industrial Democracy) would do well to order Rose L. Martin's "Fabian Freeway - High Road to Socialism in the U.S.A." (Fidelis Publishers, Inc., P.O. Box 1338, Santa Monica, Calif., 550 pages, \$1.95). As Mrs. Martin shows in her thoroughly documented work, the LID is occasionally listed in British Fabian Society literature as one of its overseas branches.

Nixon Prods Hanoi With Raid; Seeks Progress In Paris Talks

By Edward H. Sims

Congressman Bob Price told the House of Representatives Tuesday that the United States must "maintain the vitality of our space program or place the Nation's leadership in jeopardy."

"Despite the many other demands upon our national resources, we must not lose the superior aerospace team built up over the past decade and relegate this Nation to a second rate role in the world scientific and technological community," Price said during debate on the National Aeronautics and Space Administration budget.

"The recent accomplishment of the Soviet Union in landing a vehicle on the moon which can travel about its surface points up the great necessity of further U.S. efforts," the House Space Committee member said.

Price added that while we "should not let the space program stagnate, at the same time we should not try to do everything at once."

"The space program has provided hundreds of thousands of technological jobs and supported millions of people in many skills throughout the Nation. The aerospace industry has benefited from the space program because of development of such items as miniaturized electronic parts because of development of such items to use in medical diagnosis and other similar uses.

"I do not believe that our space effort should be pursued to the detriment of housing, environment, education, and other important programs. But, we must be careful to assure that our technological progress is not blocked by emotional shouting. Space exploration is being used and can be used further for the benefit of mankind here on Earth," Price said.

"The vitality of our aerospace program must be continued to preserve our position of national prestige, economic well-being, and for the benefit of all mankind," he stated.

POW FAMILY AID

The House has approved legislation that dependents of American military personnel held prisoner or mission in action would receive educational assistance and home loans. The House approval was unanimous.

Washington, D.C. -- Critics have charged President Nixon risked upsetting the agreement between Hanoi and Washington in approving the recent commando-type raid in search of U.S. prisoners near Hanoi. The President, however, believes a firm posture, and reminder of the potential of U.S. airpower, will do more to bring about meaningful ceasefire negotiations in Paris than anything else.

It is, of course, a pity that the American people have never been fully informed on the tacit agreement between Hanoi and Washington—which brought an end to U.S. bombing of North Vietnam two years ago. In brief, that agreement—which Hanoi will not publicly acknowledge for face-saving reasons—included three basic understandings.

First, the demilitarized zone was not to be used as a battlefield or for the invasion of South Vietnam. Second, the North Vietnamese and guerrillas were to end rocket attacks on South Vietnamese population centers. Third, "productive" discussions were to be held at a conference table.

The North Vietnamese agreed to these terms acting through third-country diplomats, on condition that all "acts of war" against North Vietnam were terminated. The U.S. position, which has never changed, was that acts of war were acts involving the use of force; these would not be undertaken against North Vietnam. This left the way clear for U.S. aerial reconnaissance over North Vietnam.

The North Vietnamese have objected to this aerial reconnaissance and on several occasions have shot down U.S. Air Force reconnaissance aircraft. U.S. military forces have retaliated—and the question critics of the recent commando raid asked was whether the retaliation in this case was more than just that. It was.

There is evidence that President Nixon himself did not know the full extent of U.S. air strikes in the Hanoi region until after the event. And the Pentagon, including Defense Secretary Melvin Laird, seemed unaware of some of the aerial blows struck—because it was forced to admit it had erred in saying no bombs had been dropped on Hanoi. (At first Laird had insinuated North Vietnamese anti-aircraft fire had been mistaken for U.S. bombing.)

And one basic military purpose of the raids, it turned out, was to destroy supply depots in various areas that the North Vietnamese have been heavily stocking, obviously to support operations in South Vietnam, just as was a purpose of retaliatory air strikes last May—retaliation to the shooting down of a reconnaissance plane at that time.

This is the background behind recent events, announcements and claims in Vietnam. The President believes forceful action, not timidity, will more likely bring results at Paris. The Communists, he reasons, never respect weakness, only power—and a willingness to use it.

In addition, the President felt the raid to free U.S. prisoners was justified on a humanitarian basis. Only coming months and years will answer the question whether such events as the recent commando raid prodded the Communists to negotiate, delayed negotiations or had no appreciable effect.

Editorial COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

There is still much speculation as to how much cotton will be planted on the Plains under the new farm program. And it is proving difficult to make meaningful calculations pending issuance of final details on how the program will be administered from Washington. As of this writing the level of the loan, the amount of required set-aside for the three major commodities, permissible uses of set-aside acres and other regulations are yet to be announced. All of these factors will have a significant effect on producer planting decisions, and anything approaching an accurate estimate for the High Plains as a whole will have to wait.

Meanwhile it is interesting to note that Walter Wells, Manager of the Lubbock County ASCS office and most knowledgeable of farming and farmers in this area, has said Lubbock county in 1971 could well plant 275,000 acres to cotton. That would be an increase of around 25 percent of this year's 220,900 planted acres.

And, according to Wells, it is the consensus of the Lubbock County ASCS Committee that agriculture can no longer as-

county farmers might put 300,000 acres in cotton, a jump of 35 percent from this year.

There is a lesson for all of agriculture, and for cotton in particular, in a paper prepared by Agricultural Economics Professor Dr. Leo Polopolus of the University of Florida.

The professor calls attention to the fact that cotton is only one of many agricultural products beset by competition from synthetics, substitutes and imitations. Such products as Tang, Awake and other "drinks" containing no fruit solids have made serious inroads in markets for citrus juices. Dairy products are a classic example and one of the first to be hard hit by substitutes. Oil seed products are competing with synthetic protein substitutes in livestock feeding rations, and synthetic meats are now taking their first shots at markets for beef, pork and poultry products.

The food and fiber traditionally supplied for the nation by agriculture can now be derived from petroleum, algae, fish and many other sources. Obviously traditional agriculture can no longer as-

sume it has a stable and secure position as the supplier of human needs.

Dr. Polopolus points to the activities of the Florida Department of Citrus as an example of what can be done to "counteract" the competition from synthetic substitutes. Supported by per-box taxes levied in Florida on citrus entering the market, the FDC has made an impressive start toward winning consumer support by improving existing products, introducing new products and

providing package and serving conveniences. In 1969-70 the Florida citrus industry put \$16.5 million into advertising, research, regulatory work and administrative functions.

The result has been a steady increase since 1966 of consumer dollar expenditures for frozen concentrated orange juice (some 78 percent of all Florida oranges go into this product). Consumer expenditures for frozen concentrated orange juice rose from \$4.4 million per week in 1966 to \$7.3 million per week in the first 15 weeks of the 1969-70 season -- a record level.

The professor concludes "It is evident that the increase in demand, too large to be attributed solely to per capita income and population growth, has resulted from promotion, research and product development. And there is much evidence that such programs can be similarly effective in other industries."

Dr. Polopolus recommends 10 avenues by which agriculture can meet the increased competition. Seven of the 10 are applicable to the cotton industry and in fact are to some degree being followed by the Cotton Producers Institute's dollar-a-bale program. The seven points:

1. Regularly monitor consumer attitudes and awareness of natural and substitute products.
2. Develop data on prices, quantities consumed, percent of families buying, and dem-

ographic characteristics of both traditional and imitation products.

3. Alter existing products in light of market and consumer research.
4. Develop new products that satisfy consumer needs and fill marketing voids.
5. Unify industry objectives and policies relating to imitation products.
6. Develop or improve the organizational structure of the agricultural industry.
7. Generate sufficient promotional and research dollars on a continuing basis to deal with the problem realistically.

The problems that cotton faces with synthetic competition are not greatly different from those successfully met by the Florida citrus industry. And there is every reason to believe the cotton industry, too, can solve some of its problems and improve its position in the marketplace. The key for cotton perhaps lies in the seventh point made by Dr. Polopolus -- adequate funding on a continuing basis. And the dollar-a-bale program, supplemented by the \$10 million per year market development fund provided for in the new farm program, should be sufficient to put cotton back on the road to greater prominence in the world of textile fibers.

As Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc. puts it "Cotton is not licked yet."

Traffic Deaths Up During The '70s

Nobody knows who it will be -- a child, the mother or the father -- but during the 1970's in Texas, at least one out of every one and one-half families will see one of their own dead or injured in a traffic accident.

The Insurance Information Institute said today that, on the basis of present trends, one out of every 78 Texas families, on the average, will have an immediate family member die in traffic before 1980. One out of every 1.6 families will have a parent or child injured in traffic during the same decade.

The Institute said the calculations are projections of the death and injury rate for the next ten years, based upon what has happened during the past ten years. Also noted was an apparent reduction in traffic deaths and injuries in 1970 and the Institute expressed the hope that this trend will continue.

So they will have help in footing the bill for the estimated 3,055,000 fatal and injury accidents over the ten years, Texans will pay at least \$10.8 billion for various kinds of automobile insurance. This amount probably will go higher because the projection was based only on the increase in accidents and injuries, with no allowance for inflation, a factor too uncertain to predict.

While safety advances in the engineering of cars and highways may slow down the grow-

Muleshoe Journal, Thursday, December 10, 1970, Page 9

ing number of accidents, injuries and deaths, the increased number of people and cars in Texas traffic may offset any such benefit.

One other factor should be remembered, the Institute said. The accident that doesn't happen kills no one, injures nobody and costs nothing.

Scouts Growth Continue

A gain of 151 members of the Boy Scouts of America in the past three months has been announced by Col. Haynes M. Baumgardner, Lubbock, Scout Commissioner of the 20 county area South Plains Council. In addition, 24 new Scouting units have been organized.

The record growth came as a result of the recruiting effort throughout the area in September, October, and November. A final effort will be made in December to push the number over the 2200 mark, thus bringing to 8800 the total number of Cub Scouts, Boy Scouts, and Explorers registered in the South Plains Council on December 31.

Dubbed the "Touchdown Roundup", the recruiting effort is designed to bring eligible boys into all levels of the Scouting program. Cub Scouting is for 8, 9, and 10 year old boys; Boy Scouting serves the 11 - 15 year age group; and Exploring is designed for high school age boys and girls in special interest areas.

As a part of the effort, twenty four new Scouting Units have been organized in the South Plains Council. Dr. Glenn E. Barnett, Lubbock, Chairman of the council's organization and extension committee, reported that the following new Scouting units have been organized since September 1.

Additional units expected to be organized in December will bring the total to 296 in the 20 county area, according to Dr. Barnett.

Dear Santa:

Dear Santa,
 My name is Shannon Hanner. I am 2 1/2 yrs. old. I saw you in Sears and you said "Ho! Ho! Merry Christmas."

I have been a good boy and for Christmas I would like some Tonka trucks. Please bring my "G-G" in Muleshoe a car and my Pa-Pa in Minnesota needs a truck and Grandmother needs a new thumb so She can bowl better. My Uncle Butchie is in Japan with the Marine's, let's don't forget him okay?
 I can't write too good yet, so Mommy is helping me with this letter.
 Don't get cold Santa!
 Love you,

Dear Santa,
 What are you doing? I'm just waiting for Christmas. And so are other people.
 We don't have our tree up, but I sure can't wait.
 I don't want many presents. Just to see other people happy. I would like a "Johnny Lightening Cyclone Set", rock em sock em robots, and sting-ray-bike.
 I do hope everyone gets their present, and especially the people who aren't quiet as fortunet. Well I better go.
 I do hope you don't forget anyone, I wish I could seal it with a kiss. But I'm afraid it woul'dnt work.

Dear Santa,
 How are you? I've found out that this is going to be a very long Christmas. I don't want too be selfish about getting presents.
 But I do want to get presents. And I want all of my friends too receive presents.
 I feel sorry for the people who won't receive presents.
 I hope this is going to be a white Christmas. Don't you? It will be nice if it is. It hasn't been for awhile.
 Now I would like to tell you what I want. I would like a "Honda Mini trail" and a "pellet gun" and a "color TV," and try not to forget it.
 Your friend
 Brent Burrows

Dear Santa,
 I am four years old and I would like for you to bring me Baby Go Bye Bye, a record player, and a Big Wheel. I have a month old brother, Bradley and he wants a cuddly toy for Christmas.
 Thank you for all the toys you brought last year.
