Lonnie Ferris, son of Mr. and Mrs. Joe Ferris, will be installed as Master Counselor in the Muleshoe Chapter of De-Molay Saturday, January 9 at 8:30 p.m. in the Muleshoe Masonic Lodge.

The general public is invited to the installation ceremony.

Recaps of activities of the Businessmen's Activities Committee of the Chamber of Commerce occupied most of the BAC meeting Tuesday morning at the Muleshoe State Bank. The recaps were given by outgoing chairman, R.A. Bradley.

Mildred Howell reported for the Ladies' Auxiliary of the Chamber of Commerce; Jerry Hutton and Don Harmon reported on Chamber of Commerce activities; Lindal Murray reported on city activities and Rev. Walter Bartholf reported on park activities.

At the next BAC meeting, Chairman Bob Stovall will present a complete outline of BAC activities and promotions for 1971. Local businessmen and interested parties have been urged to be present. The meeting will be at 10 a.m. on Tuesday, February 2 in the Muleshoe State Bank Community Room.

Mr. and Mrs. Larry Hall, Perry and Lawren and Mr. and Mrs. Rex Jordan and children of Plainview have returned from Presidio where they traveled to Chihuahua and Los Mochis, Mexico by train.

Narcotics Addict Rotary Speaker

"I have been a narcotics addict for the past six years," said Ray Bradshaw of Cotton Center, "and I have to fight the desire for drugs every day, although I have not had any type of drugs since June 26, 1969."

Bradshaw made this statement to the Muleshoe Rotary Club when he was special guest speaker during their regular meeting Tuesday.

He related his experiences with drugs, especially paregoric. He commented that he became addicted to paregoric, one of the opium derivatives, following stomach surgery for ulcers six years ago. Bradshaw said it is relatively easy to obtain drugs and he spent much time "conning" doctors into writing prescriptions for the drug. The man stated, "I bought drugs for six years, but never from a pusher. When I could not find the drugs around where I lived, I went to New Mexico to buy them. You know, there are far more drugs sold across the counter in the form of cough medicines, tranquilizers, and other drugs, than are ever sold to kids in back alleys by pushers."

Bradshaw related that he entered the federal narcotics hospital in Fort Worth in June, 1969, and is now undergoing 36 months of therapy in Lubbock following his release from the narcotics hospital after six months.

B Team Downs Plains; Now 7-0 Record

The Muleshoe B team varsity basketball team stretched their record to 7-0 Tuesday night when they defeated Plains, 56-42.

Bruce Bruns and Raymond Davenport tied up the top scoring honors with 20 points each; Billy Rigals punched through 12 points; Roger Williams had three points and Robin Richardson had one point.

The B team meets Dumas in Muleshoe Junior High gymnasium Friday night when conference play begins in Muleshoe.

Twins Arrive Here For 'First' Babies

The first baby born in Bailey County in 1971 became the first babies born in Bailey County in 1971 last Friday. On January 1, Mr. and Mrs. Lupe Rejino became the parents of twins, Susan and Shawn, to take the first baby honors.

The third and fourth children for the Rejinos joined a brother and sister in the family. Lupe Rejino Jr. is four and Amanda Lynn is three years of age.

Susan was born at 7:48 a.m., and weighed six pounds and eleven ounces. She was nineteen and a half inches long. Her brother, Shawn, was born one minute later at 7:49 a.m. He weighed five pounds and 12 ounces and was 20 inches long.

Mr. and Mrs. Rejino reside at 414 East Avenue F and Rejino farms for himself north of Muleshoe. Grandparents are Mr. and Mrs. C.C. Rejino of Morton.

Dr. B.E. Sanderlin was attending physician at the dual birth.

A number of prizes were awarded the mother, father and babies by local merchants. Included were, diaper pail from Cobb's; \$5 savings account, First National Bank; first picture of the new arrival in living color from Morris Nowlin Studio; free Mexican dinner for the parents, El Nuevo Leal's Restaurant; Playtex baby napper and disposable baby bottle

from Western Drug; free shampoo, set and haircut for the mother, Main Street Beauty Salon; one day daily room service at no charge, West Plains Memorial Hospital; free dinner for the parents, Crossroads Cafe; \$5 savings account for the new arrival, Muleshoe State Bank; infant set, Gibson's; baby walker, from Western Auto; lace trim receiving blanket, St. Clair's; infant quilt, The Fair Store; \$5 savings account for the new arrival, Tri-County Savings & Loan; 1 case of Gerber's baby food from White's Cashway and flowers for the mother from Beaver's flower-land.

Barbara Wrona Picks Upsets; Wins Contest

Mrs. Stan (Barbara) Wrona, of Lubbock, took a big gamble . . . and it paid off for her. She will receive a check for \$25 from The Journals for her big win in the finale for the 1970 football season, the bowl game football contest.

Mrs. Wrona picked each and every one of the upsets in the contest, except for the 24-24 tie of Alabama and Oklahoma to win the final contest of the year. The Alabama-Oklahoma game was her only wrong choice.

She picked the Texas-Notre Dame game and the Nebraska-LSU game properly, and missed 17 points on the tiebreaker Texas-Notre Dame and nine points on Nebraska-LSU.

A number of persons missed only two games in the contest. Included were Mrs. Wrona's mother, Mrs. F.W. (Hattie Ray) Jones; Kenneth Henry; L.C. Roddam; Mrs. Ken Splawn; Mrs. Glen (Mary) Watkins; and Earl Richards.

No one predicted the tie game and almost everyone figured on Texas winning in the Cotton Bowl on New Year's Day.

Mrs. Wrona's father, F.W. 'Chief' Jones, missed three games, and her husband, Stan, missed four games, to be out of the running completely.

New Director; Committeemen To Be Elected

The High Plains Underground Water Conservation District Number One will hold an election on Tuesday, January 12, to name two District Directors and fourteen County Committeemen.

Incumbent Director of District Precinct Three Ross Goodwin will be opposed by John Gunter which encompasses Bailey, Castro and Parmer Counties.

For County Committeemen, Lloyd D. Throckmorton will be a contestant for Commissioner's Precinct One and W.R. 'Bill' Welch of Maple, will be a contestant for Commissioner's Precinct Four. Both are unopposed in the election.

Polling places in Bailey County will be the Enoch's Gin office in Enoch with W.R. Adams presiding judge; and the Bailey County courthouse with B.H. Black as presiding judge. Any qualified voter (one who has a valid voter registration certificate for 1970) may vote for District Director as long as the voter is a resident of the county within the District Director's Precinct and there is to be a director named. Qualified voters must reside within the County Commissioner's Precinct for which is County Committeeman is to be elected.

According to the High Plains Underground Water Conservation District, there will be a blank space on the ballot for write-in candidates.

The only other discussion was

A DOUBLE BUNDLE FOR THE FIRST--Mrs. Lupe Rejino is pictured with her dual win for the New Year's Baby for 1971. On New Year's morning, Mrs. Rejino gave birth to the twins shown here. At left, is Susan, her new daughter and on her right arm, is her new son, Shawn. The Rejinos and their new infants were honored by a number of Muleshoe merchants for having the first babies in 1971.

Mules In Second At Local Tourney

The Muleshoe Varsity boys basketball team came in second in their own tournament last weekend, edging out six other teams for the 'it-to-top-honor, falling only to the Hereford Whitefaces.

In the playoff action beginning Saturday morning, Hereford downed Canyon, 77-62, to win not only the right to contest for top spot, but as revenge for a loss to the Canyon Eagles a couple of nights earlier.

John McNey led the Hereford scoring with 19 points, followed by Blake Arwine with 17 points.

City Council Holds Record Short Meeting

What may have been almost a record short meeting was held by the Muleshoe City Council Tuesday morning, when they were in session for less than 30 minutes for the first meeting of 1971.

In the absence of Mayor Irvin St. Clair, Mayor pro-tem Alex Williams presided with Councilmen Kenneth Heathington, Lindal Murray and Frank Ellis attending. Also attending the meeting were City Manager Albert Field, City Secretary Brenda Ballew and Cieta Williams.

Discussed briefly was liability insurance for the airport and golf course. City Manager Field told the council that both the airport and golf course had declined to carry liability insurance to protect the city risk. It was decided to check for insurance prices for the liability.

Mayor pro-tem Williams read a letter from the South Plains Association of Governments in which the Criminal Justice Department of SPAG has offered the local law enforcement agencies the opportunity to acquire new teletype equipment for almost immediate service through computers. The new service would cost the local governments \$75 monthly and \$110 would be paid each month by the state for the service. City officials gave tentative approval to the plan, pending action by the county commissioners on a cost-share basis.

New water and sewer facilities for lots presently being improved in the Richland Hills Addition were discussed with approval being given for a company to install necessary lines in the area where needed.

The only other discussion was

17. Leading the scoring for Canyon was Mike Podzemny with 19 points followed by Doisy Arington's 14 points.

In the second game Saturday, Muleshoe slammed Slaton off the boards, 53-27, to take the win and the playoff spot against Hereford for first place.

Scoring high for Slaton were T.W. Whitfield with 14 and Lloyd Kitten with 11 points. Muleshoe's high scorer was Leroy Medlock with 10 points, followed by Jerry Putman with nine points.

Lockney edged Denver City, 65-62, to take a preliminary win with Lockney's Randy Duckworth shooting 18 and Willie McGee 17 points. For Denver City, Jackie Self had 17 points, Larry Hill 13 and Lyde Trout, 12 points.

Don Payne and David Teel, each with a big 25 points, paced the 87-63 win over Boys Ranch. A young Dale Gauthier scored 30 points for the Boys Ranch team, but his high score was not enough to overcome the Tulia Hornet onrush of scoring.

The Tulia Hornets lost the 5:30 p.m. consolation game to Lockney by a score of 68-22 with David Teel pacing the Hornets with 22 points. Scoring eight points each for Tulia were Steve Burrow and Sam Quinn.

Conversational Spanish Class Scheduled Soon

Burl Block, Muleshoe High School foreign language teacher, will be teaching a class of conversational Spanish.

Registration for this class will be Thursday, January 7, in the Muleshoe High School from 7 - 8 p.m. A minimum of 15 students and a maximum of 20 students will be required for a class. If more than 20 people are interested in this class, two sessions will be scheduled. The first session will be from 6:55 - 7:55 p.m., and the second session will be from 8:05 - 9:05 on Monday and Thursday nights of each week beginning January 11 and ending February 18.

If only one session is scheduled, it will be from 7:00 - 8:00 p.m.

Tanilla. Heading the scoring list for Lockney were Bill Hill who had a big 25 points and Charlie Arington's 14 points.

Slaton fell by exactly 20 points, 73-53 to Canyon, who relied on straight hitting Mike Podzemny's 27 points to take the win. High scorer for Slaton was Lloyd Kitten, with 21 points.

A Shoestring Brings Luck, Says Cager

During the Lockney-Tulia basketball game in the Muleshoe Invitational Tournament last weekend, a young Tulia cager was noticed wearing something around his neck.

It looked like a white shoestring. When the game was ended, the cager, Steve Burrow, who is a senior at Tulia High School, was questioned about his strange adornment.

He confirmed that he did, indeed, wear a white shoestring around his neck during a game and seemed puzzled about the attention it drew. Steve said it was perhaps psychological, as he wore the shoestring to remind him to keep his elbows 'in' while he was shooting. According to the youth, he has played basketball in school for the past six years, including two years in junior high school.

"Yes, it does help to wear the shoestring," confirmed the youth.

Area Scout Leaders To Attend Banquet

Jack L. Rhea, Director of Field Operations of the Boy Scouts of America, will be the featured speaker at the annual Boy Scout Recognition banquet on Saturday, January 9. The announcement was made by Judge Halbert O. Woodward, president of the 20 county area South Plains Council, Boy Scouts of America.

Rhea directs the operations of the Boy Scouts of America through twelve geographic regions in the United States. More than six million boys and adult leaders are registered in Cub Packs, Scout Troops, and Explorer Posts in every city and rural area throughout America.

Temperature Drops Below Zero Mark

December 21 may have been the first day of winter according to the calendar, but winter did not officially arrive in this area until Sunday, January 3, when Old Man Winter put his icy grip over a large area, including Bailey County.

A Good Tip On How To Start Cars

Managing Editor Bill Southard, of The Clovis News-Journal, came out with a good tip on how to start your car on these freezing cold mornings. It is worthwhile to try, as The Journal car was started that way Tuesday morning with the temperatures well below zero.

The editor said to turn your car lights on before you ever turn on the switch of the car. This is expected to activate a cold battery. Leave the lights on for ten seconds, then turn off the lights. Wait 30 seconds, then press down on the accelerator and try the starter.

With winter officially here and the temperature dipping to the zero mark at night, all tips on starting reluctant vehicles are appreciated.

Only .02 inches of moisture was realized from the drizzle and snow that fell over the weekend.

The weather continued cold Wednesday morning, with an official reading of minus seven.

Area Scout Leaders To Attend Banquet

More than 600 Scout leaders and their wives are expected to attend the banquet that is designed to recognize Scouting's men and women for their devoted leadership. Tickets for the event are \$2.50 and are available from the Scout Service Center in Lubbock. Judge Woodward pointed out that parents and other interested citizens are invited to attend the affair along with the Scout leaders.

As a boy in Wichita, Kansas, Rhea attained the Eagle Rank as a Boy Scout. Later, he served as a Scoutmaster and district Scout commissioner. A graduate of the University of Wichita, he began his professional career in 1939 as a field Scout executive at Wichita Falls, Texas. Later, he was a staff member at Des Moines, Iowa.

In 1941 Rhea joined the U.S. Army as a private in the infantry. After four years' service in this country, France, Germany, and Austria, he left the army in 1946 as a lieutenant colonel, and returned to his Scouting post in Des Moines, Iowa.

Among those planning to attend the banquet are Rev. and Mrs. Walter Bartholf; Mr. and Mrs. Jerry Hutton; Mr. and Mrs. Roland McCormick and Mr. and Mrs. O.N. Jones and Mike.

drizzle began in the area, which turned to a biting, blowing snow sometime around 3 a.m. Sunday. Windwhipped, sandblown snow greeted area residents when they arose Sunday. Throughout the day Sunday, intermittent snow and high winds brought all traffic in the Muleshoe country to a virtual halt.

Many residents found themselves unable to start cold, balky motor vehicles Monday morning when the temperature had dipped to two degrees above zero. Although the snow was visible only in brown patches, the snow hung on during the day as the temperature did not rise above 20 degrees.

Then Monday night, the icy grip of winter really made itself felt when the official temperature was 10 degrees below zero. Once again, motorists found themselves in the position of not being able to start their vehicles due to the intense cold. Unofficially, some thermometers plunged to at least 15 degrees below zero through Monday night. By mid-afternoon Tuesday, the temperature had warmed to the low 20s and the small patches of snow began a melting process.

Only .02 inches of moisture was realized from the drizzle and snow that fell over the weekend.

The weather continued cold Wednesday morning, with an official reading of minus seven.

THE LONG STRETCH--Way up in the air as he makes a field goal is Randy Field during the Muleshoe-Slaton semi-final game at the Muleshoe Invitational Basketball Tournament last weekend. Slaton fell to a fired-up Mule team to put the Mules in contention for first place against Hereford.

'Cougar Country' Comes To Muleshoe

In the still, rugged high country of Colorado there is nothing more real than a young cougar as he stalks his prey. And there is nothing funnier than the actions of a curious cat as he awaits a cold and hungry night ... wondering how it got away!

"Cougar Country" is the real story of the first two years in the life of a mountain lion in the beautiful mountains of the West. It is the latest release by American National Enterprises, Inc., an outdoor and adventure film company located in Salt Lake City, Utah.

The show will be in Muleshoe on Tuesday, January 12, Wallace Theater at 4:30 p.m., 6:30 p.m. and 8:30 p.m.

A huge cast of wild animals provides the action as "Whiskers," the cougar, grows up under the careful tutoring of his mother. Background is the natural splendor of the Rocky Mountains. Nature provides the special effects; American National Enterprises, Inc. provides the film and cameras.

Life for the young cougar among the peaks of the Colorado mountains is exciting and funny as he learns to catch fish from an icy stream and sometimes ends up getting wet.

"Cougar Country" provides

"fun" entertainment for the entire family as "Whiskers" moves farther and farther from his mother's lair and meets more of his neighbors, including a somewhat offensive skunk, a mean marmot, a not-too-friendly American Eagle, giant moose and elk, beaver, badgers and coyotes -- and all the other animals with whom he shares his territory -- "Cougar Country."

Here is an outdoor film that shows nature as it really is -- sometimes deadly serious, sometimes unbelievably comical -- but always colorfully beautiful! "Cougar Country" is a film which adults and children alike will enthusiastically enjoy.

Tax Booklets Available For 1971 Tax

(Dallas, Texas) -- Are you looking for additional help in preparing your 1970 income tax return? Do you need some extra tips for cutting your tax? The Internal Revenue Service has two books to help you.

"Your Federal Income Tax", the book that has become an annual best-seller, is for individuals and costs 75¢. The new 1971 edition has all the information you need on dependents, deductions, what is income, and all your other tax questions. It's completely up to date with recent changes in the tax laws and can save you real money on your tax return. If you're a businessman, "Tax Guide for Small Business" is for you. It costs 75¢. It includes a handy checklist and tax calendar designed to show your tax obligations as clearly as possible.

The "Farmer's Tax Guide" has the best price of all. It's available free at all IRS offices or at your county agent's. You can obtain either "Your Federal Income Tax" or "Tax Guide for Small Business" by sending a check made payable to Internal Revenue Service Tax Booklets, Internal Revenue Service, 1600 Patterson Street, Dallas, Texas 75201.

Tax Man Sam Sez

TOPIC: IRS COMPUTATION OF TAX

TAX MAN SAM SEZ:

There has been some confusion on what IRS is going to do for taxpayers on figuring their tax returns this year. IRS will not take your shoe box full of records (?) and put it down on your Form 1040 for you--however, you can have IRS's computer figure your tax return by simply following the instructions with your Form 1040.

"Your Federal Income Tax" says: "If your income on line 18, Form 1040 is \$20,000 or less, and consists only of wages or salaries and tips, dividends, interest, pensions and annuities and you choose the standard deduction instead of itemizing your deductions, you may have IRS compute your tax for you. If you want IRS to do this, fill in lines 1 through 18 and 24, 26, 27 and 28, if applicable. If you are entitled to a retirement income credit, attach Schedule R and enter "RIC" on line 22 of Form 1040."

If you meet the requirements and you figure that the computer can "out figure" you, just mail it to the Austin Service Center and the computer will do the rest.

The Lonely Heart

Mules...

Cont'd. from Page 1

A fair crowd watched the grand finale of the tournament at 8:30, when the Hereford Whitefaces and the Muleshoe Mules met for the championship. The 'Faces won 63-52. Leroy Medlock was the leading scorer for Muleshoe with 17 points, while David Meyers paced the Whitefaces with 15 points.

Friday night, January 8, will be the beginning of conference action for the Mules with the Mules meeting district leading Dumas in the Muleshoe Junior High School gym.

Dumas, who traditionally leads the football season, has set out to dominate basketball action. The Mules have a 9-6 record for the year and are in second place. Dumas has a 14-5 record, having played 19

Weather...

Cont'd. from Page 1

degrees before daylight. An expected snow storm during the night Tuesday failed to materialize, although weather forecasters said there was a possibility of light snow Wednesday night and Thursday.

First reports indicated that Wednesday's high would not go above 12 degrees but this was later revised to the low 20s.

No appreciable moisture was expected to accompany the unseasonable low temperatures.

Muleshoe and Bailey County were on the extreme southern edge of the vast storm system which extended northward across Oklahoma, Kansas, Nebraska, Colorado, parts of Arizona, and a number of other states. The storm system paralyzed traffic in the northern Panhandle of Texas, stranding hundreds of motorists and closing schools and businesses.

Many private homes opened their doors to homeward bound holiday travelers after they became immobilized in the snow and ice. Numerous vehicles were stranded in snowdrifts for a couple of days.

City...

regarding possible improvements in the Babe Ruth Ball Park at the south end of Main Street. City Manager Field was instructed to meet with Councilman Heathington to decide what repairs and additions to the park will be needed.

games to the Mules' 15 games to date.

Dumas has acquired 1,216 points while giving up 1,117 points to their opposition, while Muleshoe has accumulated 873 points while giving up 748 points to their opponents.

Muleshoe High School Basketball Coach Raymond Schroeder encourages everyone to attend the basketball games and back the Mules as they go into conference action.

Narcotics...

Cont'd. from Page 1

orientated society and that society needs to get through to young people, through the adults, what can and will happen through drug addiction.

He commented, "As the twig is bent, so shall it grow." Using that age-old phrase as a basis, Bradshaw said he believed that parents who go in and sit down in front of the TV with their cocktail, take their tranquilizers, pills to go to sleep, pills to wake up, pills to get happy, and pills to depress their nerves are the great cause of youth's problems with drugs today.

He said that when he first started speaking about his addiction, he was rather embarrassed to read about his talks in the paper, but he soon realized, that if his talks helped even one person to avoid the addiction and suffering he and his family have gone through, it would all be worthwhile.

Scouts...

Cont'd. from Page 1

In 1947 he became Scout executive at Fort Dodge, Iowa. Since 1950 he has been a member of the national staff of the Boy Scouts of America, having served as director of camping at the Philmont Scout Ranch in northeastern New Mexico for several years. Prior to his appointment as Director of Field Operations, Rhea was Director of Personnel of the Boy Scouts of America.

Rhea will arrive in Lubbock on Saturday, January 9, and will attend a Regional Scout Executive's conference in Fort Worth following his visit to the South Plains Area.

Just Like Dad? The barber lifted the young customer into his chair and said: "How do you want your hair cut, son?" "Like dad's, with a hole in the top."

People, Spots In The News

'CRICKET' is the name of this tiny English autogyro with Volkswagen engine; claims 90 mph speed, 30 mp gallon, only 90-yard run for takeoff.

TUNING UP early is Robert Southcott, 18 months, outside Royal Albert Hall in London.

SILICON WAFERS with dozens of electronic circuits etched in are solvent-dipped for cleaning at Honeywell electronics center, one of 1,500 steps in making integrated circuits for computers.

BEFORE READING further, can you give the left-to-right of this foursome? Okay, then, it's Jimmy Stewart, Fred MacMurray and Bob Hope, with, of course, President Nixon, at a North Hollywood, Calif. course.

Dear Editor:

Dear Editor: It may be that you would be interested in an impression of two who, some years ago, responded to a romantic instinct and the advice of a well known writer and went west, -- to California. We are now returned and the following account is how we see the people who live here: After an absence of 30 years, give or take a little, we are back on The High Plains, Tip and I. It isn't exactly the way we remembered it; there is irrigation all over the place now,

housing is much improved, we see many new faces and some of the old ones are missing, so there are many changes. But one thing we notice right away, the same personality and character which we knew among the local folk is still much in evidence. In Southern California, that's where we were, there are good people a plenty but there is also an over abundance of the unsavory who are generally unpopular there and wouldn't be tolerated here at all. So, right away, we notice this difference between the two localities. It is good that, in the United States, we recognize no class distinction but we do, inevitably, have "quality" distinction; and it is the high caliber of the population here on the Big Flat which is so obvious to us returnees. Perhaps there are those who are persuaded that people are the same everywhere and they might easily believe that my conclusions regarding the inhabitants of this area are imagined but I am certain that my convictions are based on logic and fact. One fact is that the majority of the people living in these parts are descended from the pioneers and I'm sure that most will agree that this group makes for good grand parantage, admitting that there was a sprinkling of horse thieves and maybe a few brawlers among them. So the populace is backed by a hearty, bold, and energetic ancestry. But the historical and genealogical background cannot, by itself, account for a better than average community, so there must be other reasons, -- and, sure enough, there are. The towns, most of them, are not large and I hope they remain that way. Muleshoe, for example, has a population of 5,000 or thereabouts; ideal for size, in my opinion. In a way it is just an organized neighborhood and most everybody can be acquainted with nearly everyone else. Naturally, one who would do mischief can't escape notice under this condition and is likely to seek residence in a more metropolitan local where he can get lost in a mess of humanity. It is also to be noted that the law enforcement officers, being well known and carefully selected, are able and dedicated men who can, and so, keep the criminally inclined unhappy and un-

Dear Editor:

Dear Editor: It is a New Year, a time to look to the future. What can we see? I hope your vision is much better than mine.

Does higher taxes, I mean much higher taxes bother you? Yes, I mean Bailey County and there is something WE as a whole can do something about part of what is to come. Yes, I am talking about the Hospital District.

Friends if you do not realize what this can do to our county and town, please talk it over with your friends and neighbors. Please don't feel like some one will point their finger at you and say he or she is against the Hospital. And please understand I am 100 percent for a hospital, but not under Hill-Burton plan, or the present plan. Our county, if every one was for the present set up, could not afford it.

I have a letter signed by Marshall Cook, present administrator of our hospital, stating and I quote, "Our attempt to find good Doctors who would be willing to move to Muleshoe to practice have not met with enough success to alleviate the basic problem -- not enough Doctors." end of quote. If we had a two million dollar hospital could we get the Doctors?

Over two years ago I bought a new house under construction in Muleshoe. Since that time Kenneth Heathington built one, at the present time Charlie

prosperous here in Bailey County. Word of this situation gets around among the less law-abiding, no matter where they may be, you know.

Now the above mentioned circumstances would be sufficient to explain why the dwellers of this former Comanche Country are something more than average in moral and ethical stature, but there is yet another important reason. It's an expansive, active, and unpolluted area, these staked planes; agricultural and cattle country, so it is. Not just any old kind of farm and cow range but a unique territory. -- Wide open and sometimes tough. Every operation is big and the products of land have honest and distinctive value. So men and women with qualities to match are required to function in this environment.

As this domain, so recently known to the buffalo and lobo, I hasten to add, the people aren't the only attraction, and lest they become egotistical with all this laudation I might add that they aren't even the CHIEF attraction; there are many other things of interest and fascination here. It's a great place to retire, these High Plains, and I'm glad we came back.

Sincerely,
(s) Tip and Tommie McLaren

Dear Editor:

Dear Editor: I am having one built. If I were the best of a skilled carpenter and had a truck load of the best tools, could I build a reputation in Muleshoe? I talk to people in business in Muleshoe quite often that did not know that when they voted for the hospital that they also voted for the tax payers to pay the three hundred eighty thousand dollars debt against the present hospital.

I asked Charles Lewis at two meetings how the debt on the old hospital was to be paid. He said it could not be paid from tax money. Then I asked how it would be paid. He said from revenue. I asked where the revenue was to come from, both times he turned away and started talking to other people. What he did not tell was that the revenue from the new hospital could be used to pay the debt on the old hospital, and the tax payers would have to keep the new hospital paid up or close the doors.

I asked one of the Board members if the Hospital District election was got up for the sole purpose of some business men to get out from under the debt of the old hospital. His answer was, a lot of people think so. I asked another man why the tax payers should have to pay a debt some one else made. His answer was, some businessmen had been out a lot of money and the tax payers had not been out anything.

Another man said he called a good friend a liar when he told him the revenue from the new hospital could be used to pay on the debt on the old hospital.

Another told me he had money in the old hospital and did not know if he would ever get

it or not.

Another man said the lawyers at Littlefield would get more money out of it than anyone else, I will say this what money they get will never show up on your tax statement. There were several said they just didn't understand it. Please if you don't understand what it is all about, start asking questions from both FOR and AGAINST.

One man said he was for the hospital for he would get his hospital and doctor bill cheaper. All these are businessmen in Muleshoe.

If you think I am lying come to me, I will tell you their names, or I will do better I will go with you to verify it. One prominent farmer said he knew I was right, but he had to vote for it. He is also a large land owner. If I were afraid to vote or speak my sentiments I would leave the county. Some of the business men say they would like to have another election.

Friends of Bailey County lets wake up before it is too late. This is not a bad dream that will go away if we set real still and be quiet. It is very much a reality that we and our grandchildren will have to face from now on.

It is big enough to bankrupt Bailey County and make a ghost town out of Muleshoe. Were we brain washed by the pitiful stories in the Bailey County Journal and over KMUL before the election about our children or a heart attack?

I know things can and are happening all over our county every day, but will a two million dollar hospital with the doors locked be our answer? Let's ALL get together and

see if we can't work something out that is more practical. Dr. Charles Lewis, the questions I asked you at the two meetings as to where the revenue would come from to pay the old hospital debt. Will you please verify or correct my statements through the Bailey County Journal, so the people of Bailey County will know the truth? I beg, please lets all try to come to an agreement that we can ALL live with. I believe if the Pros and Cons will try hard enough, we can come up with something that will serve our purpose and not so expensive.

(s) W.F. Harper

MRS. JOSEPH ALAN HOLLEY, the former Miss Pamela Louise Pylant

Mrs. Frank Ellis Speaks To AAUW

Mrs. Frank Ellis was a guest speaker for the Muleshoe branch of the American Association of University Women, Monday evening, January 4, at 7:30 p.m. in the Mary DeShazo Library.

Attired in the Japanese dress, Mrs. Ellis guided the AAUW members on a very interesting, vicarious trip from Dallas to Hong Kong to other cities in Japan and then to Honolulu. The trip was highlighted with a slide presentation, narration and displays.

Mr. and Mrs. Ellis were

representatives to the Lions International Convention in Tokyo in the summer of 1969.

Japan is a land of contrasts, the old and the new, in buildings, farming methods, transportation, dress, art and many other areas of the culture.

Mrs. Eric Smith, president, read correspondence from the Division and Association.

Recent changes in the State Constitution were read and the Branch constitution was corrected to comply accordingly.

Announcement was made of the State Convention which will

be in Abilene March 25-27.

Mrs. Neal Dillman, Mrs. Robert Hooten and Mrs. Ben Gramling were elected to serve as the nominating committee.

Hostesses for the meeting were Mrs. Robert Hooten, Mrs. John Gunter and Mrs. Neal Dillman. They served an oriental dessert which was eaten with chop sticks. Fortune cookies and tea were served, also.

Mrs. Helen M. Ellis from Amarillo was a special guest, and members attending were Mrs. Wayne Gilliland, Mrs. W. O. Rudd, Mrs. Jim Shafer, Mrs. Eric Smith, Mrs. Addie Mae Spence, Miss Virginia Bowers, Mrs. Ben Gramling, Mrs. Pat Young, and Mrs. John Watson.

Pylant-Holley Vows Exchanged

The First United Methodist Church of Muleshoe was the setting for the wedding of Miss Pamela Louise Pylant and Joseph Alan Holley. Double ring vows were exchanged December 29, 1970, at 7:30 p.m., with Rev. J.B. Fowler officiating.

Parents of the couple are Mr. and Mrs. Gordon Pylant of Muleshoe and Mr. and Mrs. J.W. Holley of Houston.

Two seven-branched candelabras, flanked by large white baskets of white mums and gladiolas decorated the church. Seven-tiered candles were featured on each choir rail and each window was decorated with a candle. Royal blue and white ribbons and greenery trimmed all of the decorations.

Organist, Linda Middlebrooks and Mrs. Dennis Burrows, Lubbock, soloist, presented musical selections of "The Twelfth of Never" and "The Wedding Prayer".

Given in marriage by her father, the bride wore a formal length gown of white peau satin featuring an empire waist, Alecon lace bodice and full Alecon lace banded sleeves with small pearl buttons. The chapel length Alecon lace train was edged in valance. The bride's tulle veil was held in place by a headdress of valance. Her bridal bouquet featured a white orchid surrounded by white carnations and royal blue and white streamers atop a beaded white Bible.

The traditional blue garter was made by the bride's grandmother; something old was a pearl necklace belonging to the groom's mother; something new was her dress; something borrowed was the Bible from her sister; and she carried a penny in her shoe minted in the year of her birth.

Attending her sister as maid of honor was Miss Sue Pylant of Muleshoe. Bridesmaids were Miss Jan Holley, sister of the groom, Houston, and Miss Carrie Genarlsky of Dallas. They wore formal length gowns of royal blue velvet, fashioned like the bride's, with an empire waist encircled with blue ribbon and full sleeves banded with matching pearl buttons. The attendants carried white crushed velvet muffs and wore headpieces fashioned of white crushed velvet with bows of royal blue tulle. For accessories the attendants wore four strand choker pearls and matching blue

satin shoes.

Andy Holley of Houston served his brother as best man. Groomsmen were Dick Pylant, Stratford, brother of the bride, and Andy Wilks of Pampa. Seating the guests were David Henderson of Muleshoe and Ronnie Bennett, Sargent, Colorado, cousin of the bride.

A reception followed the ceremony in the Fellowship Hall of the Methodist Church. Those included in the house party were Mrs. Ogle Lorraine, Miss Annette Williams, Miss Kathy Williams, Miss Marcie Williams and Miss Lynne Barrett.

The serving tables were covered with white net, edged in white satin, over royal blue.

The bride's table was centered with four white candles in a silver candelabra. A four-tiered white cake, decorated with white roses and wedding bells, and topped with a miniature bride and groom completed the table. Punch, coffee, nuts and mints were served.

For a wedding trip to Ruidosa, New Mexico, the bride wore a navy knit pants suit. The couple will be at home at Tech Village in Lubbock.

The bride is a 1968 graduate of Muleshoe High School and is now a junior at Texas Tech University where she is a member of A.C.E.

The groom is a 1966 graduate of Midland Lee High School and a 1970 graduate of Texas Tech

University. He is now working on a Master's Degree at Tech in mechanical engineering. He is a member of Tau Beta Pi, national engineering honorary fraternity, and Pi Tau Sigma, national mechanical engineering honorary fraternity.

Out of town guests at the wedding were Mr. and Mrs. D.N. Selby, Midland; Mr. and Mrs. Willie McAlpin, Stacy, Tracy and Kevin of Canyon; Vicki Black, El Paso; Mr. and Mrs. Paul Vantrees and Alan, Monte Vista, Colorado; Alica Freddie, Winterset, Iowa; Mr. and Mrs. Donald Williams, Honolulu, Hawaii; Mrs. Cindy Vernon and Brian of Germany; Miss Peggy Bray of Lubbock and Shawn Potter of Sudan.

REHEARSAL PARTY

A rehearsal party was hosted by the groom's parents, Mr. and Mrs. J.W. Holley, at the Corral Restaurant, December 28.

A dress or coat made of patches is a popular idea in Europe. Coats made of suede or fur patches are seen in many shops. Dresses in bright patches of various colors are favorites with the young set.

A good way to lengthen that sleeveless mini-dress is to insert a harmonizing strip of fabric above the hemline using the same fabric for sleeves.

Russians debate to expose pollution cases.

Las Cruces Rite Unites Miss Pumphrey Harwood

Wedding vows for Miss Layne Pumphrey and Darryl Lee Harwood were solemnized in a 3:00 p.m. rite December 19, 1970, in the First Baptist Church of Las Cruces, New Mexico.

The bride is the daughter of Mr. and Mrs. Herbert Pumphrey of Las Cruces, and is the granddaughter of the late Mrs. Birdie Paul of Muleshoe. Her mother is the former Laurena Paul, a former resident of Muleshoe. Parents of the groom are Mr. and Mrs. Eugene F. Harwood of Las Cruces.

The Rev. Robert J. Morman, pastor, performed the double ring ceremony before an altar centered with a large basket of burgundy colored chrysanthemums and pink gladioli. On either side were seven tiered candelabra holding pink tapers and entwined with greenery and

pink satin bows.

Mrs. Quinnie Flint, at the organ, and John Hincley sang several selections, accompanied by his wife at the piano.

Given in marriage by her father and mother, the bride wore a formal gown of velour velvet, fashioned by her mother, in empire-mode styled with petal point sleeves with looped bands of white satin with miniature bows. Her mantilla illusion veil, bordered with rose d'ange lace, extended into a cathedral length train. She carried a cascade of pink and red rosebuds with heather and white streamers, arranged on a white Bible, which was a gift from the groom's mother.

Mrs. Alan Pumphrey, the bride's sister-in-law, served as matron of honor. She wore a floor-length gown of similar styling as the bridal gown, with the exception of color and sleeves which were short. The skirt was fashioned of burgundy red velvet and the bodice of pink crepe. She carried a single pink rose.

Junior bridesmaid, Miss Brenda Kennedy, niece of the bride, was wearing a floor length dress of pink crepe, accented with bands of red velvet at the neckline, empire waist, short puffed sleeves and

attendants' headpieces were Dior bows of pink and red velvet accented with tiers of pink chiffon net.

Alan Pumphrey, brother of the bride, served as best man. Groomsmen were Paul Muncrief, Phillip Karnes and Kent Walters, brother-in-law of the groom. Ushers were Scott Miller, Rod Fields, Paul Kennedy and Don Saunders.

The reception was held at the Fellowship Hall of the Church. Upon returning from their wedding trip, the couple will live on the campus of New Mexico State University, where both will continue their college work.

TOPS Meet, Crown Queen

The Muleshoe Jenny TOPS, chapter 34, met Thursday, December 31, at the Bailey County Electric meeting room. The meeting was called to order by Mrs. Raleigh Mason in the absence of the leader, Mabel Wolfe. The club pledge was recited and the fellowship song sung. Roll was called and two guests, Mrs. Pat Berry of Richardson; and Mrs. Curtis Wellborn, were present. Sixteen members weighed in.

Mrs. Tom Berry read the rules for the new two month weight losing contest to begin January 7. At the January 7 meeting, the monthly queen, six-months queen and the yearly queen will be crowned. Each member is asked to bring a gift for the six-month and yearly queens and fruit for the monthly queen. A salad supper will be held and each member is asked to bring a salad.

A treasurer's report was given and rules were discussed.

Mrs. Tom Berry was crowned queen for the week. Polly Clark was first runner-up and Selma Redwine was second runner-up for the week.

The meeting was adjourned with the singing of the good-night song.

In Fashion

Bangles and bracelets and other costume jewelry are all very popular this season. Belts of chains and leather are being seen on the young set.

Pants sets continue their popularity although one European designer has said they were out.

This is a good time to buy expensive cards and decorations at cost for next year. In fact, after Christmas sales offer buyers many bargains in clothing and other articles.

BIBLE VERSE

"A good name is rather to be chosen than great riches, and loving favor rather than silver and gold."

1. Where is this verse found in the Bible?
2. Who is the author?
3. Who was his mother?
4. In what language was it written?

Answers to Bible Verse

1. Proverbs, 22:1.
2. Solomon.
3. Bathsheba.
4. Hebrew.

IT WAS A PLEASANT... SURPRISE

TO FIND OUT THAT WE COULD GET OUR NEW CAR FINANCED AT A LOW COST!

Few people realize that borrowing money from a bank is the easiest way to get the things you want. No other financial institution is allowed to make loans for so many purposes. And bank loan rates are always the lowest available.

So be pleasantly surprised, the next time you face an opportunity that just can't wait. A visit to our bank may very well be the answer to your money needs. Do it today!

Miss Galt, Albus Say Wedding Vows

Miss Frances Madalyn Galt became the bride of Clarence Albus, Jr. Monday, December 28, at 5:30 p.m. during a double ring ceremony at the First United Methodist Church in Morton, Rev. Rex Mauldin officiated. The bride is the daughter of

Mr. and Mrs. Tommy Galt of Goodland and the groom is the son of Mr. and Mrs. Clarence Albus of Pep.

The center front of the church was decorated with a large bouquet of white and purple carnations and purple plumes. A spiral candelabra and a single candelabra on each side

complemented the bouquet. Lighted decorated candles were featured in each window during the candlelight service and the pews were marked with orchid and purple bows.

Background organ music included "More", "Oh Promise Me", "Ava Maria" and the theme from "Romeo and Ju-

liet". "The Rosary" was rendered by Mrs. Mickie Sowder of Goodland. Miss Maralyn Kay Davis of Hale Center, cousin of the bride, sang "I Take Thee, My Dear". "One Hand, One Heart" was the special song as the bride and groom lighted the memory candle. Rev. Mauldin sang "The Lord's Prayer".

Given in marriage by her father, the bride wore a formal length gown of silk peau de soie styled with a chapel train, sabrina neckline and petal point buttoned sleeves. The bodice of Chantilly lace was seeded with pearls and sequins. The hemline of the skirt was applied with lace and pearls. The full length veil of illusion was attached to a Camelot hat. The bridal gown was designed and made by the mother of the bride, Mrs. Tommy Galt, and an aunt of the bride, Mrs. Cass Stegall. The bride carried a bouquet of white roses, atop a white Bible, encircled with streamers of white carnations.

The traditional something old carried by the bride was a 63 year old handkerchief belonging to the groom's grandmother; something new was her gown and matched pearls given to her by the groom; something borrowed was a pair of diamond earrings belonging to the bride's grandmother, Mrs. Gaddy; something blue was a garter; and the traditional penny was carried in the bride's shoe.

Matron of honor was Mrs. Frank Stegall II of Goodland, cousin of the bride. She was attired in a formal length gown of purple chiffon featuring a purple velvet bodice and full gathered chiffon sleeves. The empire waistline was accented with a row of pearls. Her purple velvet Juliet cap was trimmed in purple net bows and was designed with a waist length veil. She carried a purple velvet muff adorned with an orchid spider mum and a carnation nosegay.

Bridesmaids were Mrs. Billy Sokora, Lubbock and Miss Sharyn Wittner of Muleshoe. Junior bridesmaid was Miss Shannon Sowder of Goodland. Their gowns were of orchid chiffon with purple velvet empire bodices accented in pearls and full sleeves. They also wore purple velvet Juliet caps trimmed in purple net bows and waist length veils. Their muffs were identical to the matron

of honor's muff.

Flower girls were Teresa Burnett, Oilton, cousin of the bride and Lori Ann Decker, Pep, cousin of the groom. They wore floor length orchid chiffon gowns with purple bodices, pearl trim and short butterfly sleeves edged in purple velvet. They each carried a white wicker basket, trimmed in orch streamers tipped with flower buds, filled with rose petals.

Joseph and Lawrence Albus, brothers of the groom, lighted the candles. Ring bearers were Brad and Brett Stegall of Goodland, cousins of the bride.

James Albus of Pep, brother of the groom, served as best man. Groomsman were Ricky Galt, brother of the bride and Thomas and Steven Albus, brothers of the groom. Samuel Albus and Leonard Albus, Jr., of Pep, cousins of the groom, seated the guests.

The reception was held immediately following the wedding in the Fellowship Hall of the Church. Miss Galt O'Neal of Levelland registered the guests.

The bride's table was laid with a white linen cloth covered in white net edged in white felt. The bride's bouquet centered the table and purple rice bags and wedding scrolls, tied in orchid ribbon, topped with wedding bands, were placed in front of the four-tiered wedding cake. The cake, made by Mrs. Cass Stegall, aunt of the bride, was adorned with doves and wedding bands and topped with miniature bride and groom and members of the wedding party. The miniature bride and groom were featured under a traditional arch with the four groomsmen and four bridesmaids, in purple, on a spiraling staircase. A punchbowl, with raspberry punch, completed the table.

The groom's table was laid with purple and orchid satin cloth. The spice cake, made by the groom's mother, Mrs. Clarence Albus, was a replica of an open book. Silver appointments were used to serve the coffee.

Serving were Mrs. Doug Samples, Lubbock; Miss Kay Pate, Lubbock; Miss Kay Summers, Dallas, cousin of the bride; Miss LaVon Stegall, cousin of the bride and Miss Gwyn Jenkins of Lubbock. Serving at the groom's table were cousins of the groom: Mrs. Leonard Albus, Jr., Littlefield; Mrs. Ray Decker, Pep; and Ann and Betty Jane Albus of Pep.

For a wedding trip to Ruidoso and El Paso, the bride wore a dark orchid double knit tunic dress trimmed in side and shoulder buttons; purple shoes and black accessories. Her corsage was taken from the bridal bouquet.

The new Mrs. Albus is a graduate of South Plains College where she made "Who's Who", Tex-Ann of the Year and the Dean's Honor Roll. She is also a December graduate from Texas Tech, with a degree in elementary education and was a member of the Major-Minor Club.

The groom is a graduate of South Plains College with a 4. grade average; and a May graduate of Texas Tech in chemical engineering, having made the Dean's Honor Roll 10 times in his college career. He is now doing graduate work at Tech where he is a member of Tau Beta Pi national honorary society. The couple will be at home in Lubbock at 1612 Avenue Y.

Out of town wedding guests were: Charlie Galt, Anchorage, Alaska; Mr. and Mrs. Floyd Ferguson, Hale Center; Mr. and Mrs. Rex Wishard, El Paso; Mrs. Beulah Kinsey, Albuquerque; Mr. and Mrs. Norman Summers, Corsicana; Mrs. Carmen Fillingim, Lubbock; Mrs. Victoria Albus, Littlefield, grandmother of the groom; Mr. and Mrs. T. G. Gaddy, Portales, grandparents of the bride; Mr. and Mrs. Felix Fetsch, Hereford; and Mr. and Mrs. Eugene Sokora, Lubbock.

REHEARSAL DINNER
The rehearsal dinner was held Sunday, December 27, in the Parish Hall at Pep and hosted by the groom's parents, Mr. and Mrs. Clarence Albus.

NATO SHOWDOWN
Senate Democratic Leader Mike Mansfield says the Nixon Administration's decision to keep U.S. troop strength in Europe at its present level for another year will force a Senate showdown in 1971. Noting the cost of the U.S. force in Europe is \$14 billion a year, Mansfield said it is time for the United States to act "in the face of the inability of its NATO allies to face up to their responsibilities."

Anything Unusual?
Teacher to student who is half an hour late to school: "You should have been here at 9 o'clock."
Student: "Why? What happened?"

Mary DeShazo P-TA Has Monthly Meeting

The P-TA of Mary DeShazo Elementary School had its executive meeting at 3:00 p.m. Monday, January 4, prior to the regular 4:00 p.m. meeting. Those attending were Mrs. Kenneth Stice, president; Mrs. Robert Orazco, second vice-president; Mrs. LeRoy Hughes, secretary; Mrs. Butch Vandiver, historian; Mrs. Joe Rhodes, publicity chairman; Mrs. Jimmy White, budget and finance chairman; and Mrs. Walter Bartholf, membership chairman.

The P-TA project of the year was discussed and it was decided that the profit made from the hamburger supper be used to make drapes for the school cafeteria.

The regular meeting was held at 4:00 p.m. in the cafeteria. President, Mrs. Kenneth Stice brought the meeting to order.

W.B. Slayden led the invocation. Laurie Henry, third grade student, led the pledge of allegiance to the flag. Mrs. LeRoy Hughes read the minutes of the last meeting and gave the treasurer's report. Mrs. Stice brought before the meeting the decision the executives had discussed about the drapes to be made from the profit of the project and it was voted on and approved.

Mrs. Mitchell's third grade class provided the musical program with the singing of "Oh Suzannah" and "The Happy Wanderer". They accompanied themselves on various musical instruments.

Mrs. Don Harmon was the special guest speaker and presented her experiences and the highlights of the 61st annual P-TA convention held at Galveston that she attended. She

encouraged any member who had the opportunity to attend the meeting this year.

Mrs. Thompson's third grade class won the room count with 24 percent of the parents there. They received five dollars for their room.

Allisons Visit In Colorado Over Holidays

Mr. and Mrs. Gerald Allison and sons, Larry and Bobby, and Miss Rhonda Briscoe of Lubbock have returned from a trip to Littleton, Colorado, where they spent the holidays with their daughter and family, Mr. and Mrs. Ben Severson, Rusty and Lori; and with their son and family, Mr. and Mrs. Jim Allison, Leslie, Scott, Laurie and Matthew. While in Colorado, the Allisons also had a short visit with Rev. Don Murray and Jeannie, who now live at Aurora, Colorado, where he is the pastor of the First Baptist Church. The Murray's are former Muleshoe residents.

Editorial

Hanoi Gives

In Paris recently Hanoi gave an inch, in the almost farcical negotiations designed to end the fighting in Vietnam. Representatives of the North Vietnamese Government announced they were willing to leave the question of the political future of South Vietnam open to discussion if the United States would agree to pull its troops out of the country by mid-1971 and end all hostile acts against North Vietnam.

North Vietnam sees as hostile regular aerial surveillance of its territory by U.S. aircraft. And in the past the North Vietnamese have insisted on a form of coalition government in Saigon as a condition for ending the fighting.

Since the United States position rejecting a forced coalition government in Saigon has been firm, the apparent Communist retreat on the political future of South Vietnam could be significant. There is speculation it resulted because of recent warnings of the Nixon Administration that the bombing of North Vietnam might be resumed if the Paris peace talks did not show more progress.

Washington, of course, cannot withdraw all U.S. troops from Vietnam by mid-1971, but there might be genuine bargaining on this point; and it is possible Washington could withdraw practically all its forces by the end of 1971. If the South Vietnamese cannot hold their country by that time, with the tremendous amount of military and financial aid provided by the United States, plus continuing air support, then the Thieu regime is probably doomed whatever the U.S. does.

NEWS NOTES

REPORT ON CRIME

Washington--The FBI has reported that crime in the United States has increased 10 per cent during the first nine months of this year compared with the same period in 1969. In a geographical breakdown, Southern states show the largest percentage of increase during this period.

ARCHAEOLOGICAL FIND

Cambridge, Mass.--Prof. C. C. Lamberg-Karlovsky of Harvard's Peabody Museum, reports that an archeological team which he led found where an unknown civilization flourished in southeastern Iran about the same time of the earliest known centers of urban society in Mesopotamia.

TEACHER SAVES CLASS

West Hamlin, W. Va.--Mrs. Flossie Bias, third grade teacher at the elementary school here, saved her class of fifteen students. During a rain, when the children were not allowed out, she noticed something coming down the wall. A closer look revealed the wall was cracking. The children got out just before a several hundred-pound ceiling fell.

RIISING LIVING COST

Washington--A report by the Bureau of Labor Statistics concludes that a family of four living in a city needed 18 per

cent more money to maintain the same living it had in 1967. The report was based on spring 1970 costs--a 6 per cent increase from the year before.

ON FUEL RATIONING

Washington--An emergency presidential board reports that the nation should get through the winter without significant fuel problems if there are no extraordinary interruptions.

ASIAN FORCE REDUCED

Tokyo--The U.S.-Japan Joint Security Consultative Committee has announced about 12,000 troops and a like number of Japanese employees would be reduced in Japan in the next six months. American officials says the reduction would amount to considerable dollar savings.

BRUCE ON PRISONERS

Paris--Chief U.S. negotiator David D. E. Bruce, who recently received a copy of a list of American prisoners being held in North Vietnam, pointed out these prisoners have not been identified. Bruce called upon the Communists to enter into discussions of a cease-fire and prisoner release immediately.

Never, no never, did nature say one thing and wisdom say another.

-Edmond Burke.

All letters to the Editor of reasonable length are welcome and will be published. Letters to the Editor must be signed, however, names will be withheld upon request.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm reports on a new scientific development this week.

Dear editor:

Despite the drive to clean up the environment newspapers can still be found blowing around and when I saw one coming toward me yesterday riding a stiff north wind across my lawn I stood my ground and was able to catch it without moving out of my tracks, which makes me an environmentalist, I guess. An environmentalist you know is anybody who found out within the last two years what the word ecology means.

Having done my duty toward preserving the environment, although I've never understood why a copy of the Lubbock Avalanche-Journal blowing across a lawn is any worse than dead leaves doing the same thing, I went inside and started reading.

An article that immediately caught my attention told about a rumored break-through in brain chemistry. According to it, science hopes to have a new chemical invented soon that'll improve a man's intelligence.

"It may be possible," the report said, "to improve by chemical means the general level of intelligence in man."

All right, let's say it works. Let's say you can inject a man with the new chemical and he actually becomes more intelligent.

Then what happens? Right off the bat some smart-alec in Washington will demand that everybody be given an injection, every man, woman and child in the entire country, and what do we wind up with?

We wind up with smarter policemen trying to cope with smarter criminals, smarter prosecuting attorneys getting their ears pinned back by smarter defense lawyers, smarter politicians bamboozling smarter voters...thunder, we'd be about where we are now, with the main result being just an increase in the cost of living to cover the price of the shots.

Most people I deal with are already too smart for me. Speeding up both of us isn't going to close the gap.

Yours faithfully,
J.A.

NEWS VIEWS

Melvin R. Laird, Secretary of Defense, on military intelligence:
"These activities must be conducted in a manner which recognizes and preserves individual human rights."

Maurice H. Stans, Secretary of Commerce, on suspending textile talks:
"I assume there will be a renewed attempt to find a solution in further talks at the White House."

Richard Nixon, President:
"We cannot risk possible disruption of programs (farm) so essential to so broad a part of our society."

Walter Winchell, returning to work after two years retirement:
"I got tired of putting around on the putting green."

David Bruce, Chief U. S. negotiator in Paris:
"The Viet Cong's treatment of U.S. captives in the south is disgraceful."

J. W. Fulbright, Senator (D-Ark), on 91st Congress:
"The assumption seems to be that any legislation--even bad legislation--is better than none."

Muskie urges cut in medical training time.

NEWS REPORT FROM WASHINGTON

Nixon And 1972-
O'Brien's Prediction-
The Polls-
The Economy-

Washington, D. C.--Recent polls, the optimistic words of Democratic National Committee boss Larry O'Brien, the Supreme Court decision allowing eighteen-year-olds the vote in presidential and congressional elections, have set off a wave of speculation about 1972 in Washington.

Democrats feel the eighteen-year-olds vote will help their cause. They argue that the recent downturn in the economy can now be labeled a recession and they point to the North Vietnamese buildup in infiltration into South Vietnam and Cambodia as an indication that the dilemma in Asia is as insoluble as ever.

Should President Nixon fail in his effort to save South Vietnam and deescalate the war or should the nation not be enjoying good economic health soon, many Democrats feel 1972 will be their year. That is what Larry O'Brien had in mind recently when he publicly predicted Mr. Nixon would be a one-term President. The Demo party boss feels there are already many signs in the wind pointing to that turn of events.

How much of this is hope and how much cool calculation on a realistic basis? Speculation about the economy is lively. No one can be certain of the outcome in Vietnam. But Democrats are cheered by recent polls which show their leading contender (Senator Ed Muskie

of Maine) already running neck and neck with President Nixon.

This strong showing has caused tremors in both major parties, tremors reaching into the Kennedy machine and into the Republican Party. Some Kennedy aides feel the Senator cannot keep his promise to stay out of the nomination fight if 1972 shapes up strongly as a likely Democratic year.

And some of the President's aides feel he must be very careful to emphasize the moderately progressive approach in the next two years, to retain the percentage of the progressive vote he received in 1968. Thus conservatives within the White House might be in for a more difficult time.

Yet public opinion polls show a majority of voters in each party favor moderation, not extremism, and while Nixon is debating how to hold moderate and conservative strength and not lose the backing of progressives or moderate-liberals, Democrats are debating how far to the left they should go--in view of the obvious tide for moderation among the public.

One reason for Muskie's strong poll showing, in fact, is the Senator's quiet image, an image without flare or flamboyance, an image traditionally associated with conservatism, though Muskie is, of course, very liberal.

1971. You've changed. We've changed.

Change. That's what it's all about this year. And that's what we mean by putting you first.

These are uneasy times. There are major concerns. About pollution. About safety. About the economy. About your hard-earned dollar. We know.

For the past 10 years Chevrolet research people have questioned thousands of people on every subject from rising taxes to the size of the glovebox in their cars.

We've found that price and maintenance costs, trade-in value and quality have become tremendously important.

Your car has to work. It has to last. And each new model must have more built-in value.

At Chevrolet, we understand. You want meaningful change. And our aim is to give that to you, as you'll see in the 1971 Chevrolets.

Caprice. The biggest, most luxurious Chevrolet ever. A complete change.

Bigness in itself is nothing. But if it allows you to lengthen the distance between the front and rear wheels (which we did), then you've got something.

You've got a smoother ride. The idea in the 1971 Caprice was to give you the looks and comfort of a six- or seven-thousand-dollar car, without asking you to pay anywhere near that much for it. And above all, to build in as much dependability and security as possible.

So we changed the body structure for 1971, too. We made it stronger. And we made it quieter by putting a double layer of steel in the roof.

Caprice, as you can see below, is a lot of luxury at a Chevrolet price.

Vega. The littlest Chevy ever. It wasn't changed from anything.

Before building Vega, we read everything we could get our hands on about little cars. We talked to owners. We studied little cars up one side and down the other and, literally, tore them apart. We found out what made them tick, or why they didn't tick.

What ticked were gas economy and dependability. What didn't were underpowered engines, cramped quarters and getting blown around in the wind.

In our little Vega, everything ticks. It's not just another little car. You didn't want that. It's one little car that does everything well.

The yeast-rising loaf

MRS BAIRD'S

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. -- As expected, Texans will be paying higher auto insurance rates next year. But rates will not be as high as first proposed.

State Board of Insurance has announced an average statewide 13.6 per cent increase for all classes of vehicles and coverages. Actually, that's about a 14 per cent overall increase for private passenger cars.

In establishing the rate, the Board, for the first time in its history, took into consideration insurance company income from investments and all other sources. But it backed off from the "net worth concept" which would have produced still higher rates.

Staff members of the state regulatory agency last November recommended an average hike of 23.4 per cent. Industry actually asked 27.7 per cent, and reportedly is disappointed

at the end result, since it got only about half of what it wanted.

Board members staunchly defended their findings as adequate, however, and said rates will allow after-tax profit of 5.1 per cent on total assets, or 7.2 per cent before taxes.

Rate of return from policy underwriting reflected in 5.1 per cent profit is only 1.3 per cent after taxes. Profit allocation from interest, dividends and rents is 2.9 per cent after taxes and from realized and unrealized capital gains of 1.9 per cent.

On a sample area basis, policies for average drivers would increase (all coverages combined) by the following amounts: Northeastern zone \$25, Southeastern \$23, El Paso \$29, East Texas oil field area \$15, West Texas oil field \$30,

Webb County \$19, Coastal \$24, Rio Grande Valley \$20, Galveston County \$26, Potter and Randall Counties \$24, Denton County \$25, Wichita County \$21, Dallas County \$27 and Harris County \$22.

LAWMAKER PAY HIKE PUSH-ED

A sub-committee of House Speaker Gus Mutscher's blue-ribbon "Committee of 100" termed legislator pay "unrealistically low" and said the \$4,800 limit should be stricken from the State Constitution.

Sub-panel, headed by Newspaper Publisher S.B. Whittenberg of Amarillo, recommended that a six-member commission be named by the governor to fix legislative pay and expense account boundaries.

APPOINTMENTS

Gov. Preston Smith named District Attorney E.W. Patterson of Gonzales as 25th District Judge, serving Gonzales, Guadalupe, Lavaca and Colorado Counties.

Smith picked Billie B. Schraub of Seguin to succeed Patterson as district attorney. Schraub was recently elected Guadalupe County judge.

Vernon A. McGee, aide to Governor Smith for the last two years and longtime head of the Texas Legislative Budget Board, has been named executive vice-president of Management

Services Associates of Austin and New York.

COURT BLOCKS PARK

Federal District Judge Jack Roberts issued a temporary restraining order against state-federal funding of the proposed Mustang Island land purchase.

Judge Roberts acted after Parks and Wildlife Commission Chairman Pearce Johnson and three others filed suit to stop the \$4.2 million land buy.

Earlier, the U.S. Bureau of Outdoor Recreation disregarded the request of Governor Smith and Johnson that application for federal assistance totaling about \$2.1 million be rejected. Johnson went to court just before the funds were to have been released and the voucher delivered to the would-be seller, Mrs. Sam E. Wilson Jr. of Corpus Christi.

VOTE FOR 18-YEAR OLDS

County tax assessor-collectors have been notified that voter registration certificates should be issued to applicants 18 years and above and those who will be 18 by March 1, 1972.

Secretary of State Martin Dies Jr., chief state election officer, has sent out instructions for implementing the U.S. Supreme Court order giving 18-year-olds the right to vote in federal elections.

Certificates issued to those under 21 will be labeled for

"federal elections only until 21 years of age." Same document will contain birthdate so it can be used for state and local elections after applicant turns 21.

OPINIONS

Commissioners courts are authorized to approve expenditures for dues in non-profit association of counties, says Atty. Gen. Crawford Martin. In other opinions, Martin ruled that:

*Orange County commissioner could not resign office for new term to which he was elected before the term actually begins.

*Gillespie County commissioners can lease part of an airport to the county fair association.

*Secretary of State is authorized to require proof of compliance with laws governing trust companies before allowing reinstatement of charters forfeited for failure to pay a franchise tax.

*City-county hospital boards can't borrow money for operation except by revenue bonds.

*Higher Education Coordinating Board may alter the role and scope of the Texas Tech University Medical School in Lubbock and order initiation of a degree program in veterinary medicine in the school.

*School trustees can deli-

berate on hiring a teacher in closed session -- but not if the teacher demands a public hearing.

*Property taxes, which become exempt between January 1 and October 1 by virtue of the land's being acquired by government agencies, must be prorated to the date of conveyance or date of the order of possession as provided by law.

*County or district attorneys may seek grand jury or commissioners court action against sheriffs releasing prisoners who have not served their time.

AUTO REGISTRATION PERIOD SET

Auto registration period, February 1-April 1, for the second time will utilize the new computerized procedure devised by the Texas Highway Department.

Seven million motor vehicle owners will soon be receiving by mail the three-part renewal application form.

Form and required fee after February 1 should be taken to county tax office, or orders can be placed through mail (by adding \$1 for handling costs and postage). At least 30 days before registration deadline should be allowed for delivery of plates ordered by mail.

Presentation of last year's registration receipt or certificate of title is no longer necessary with renewal application form.

BUILDING CONTRACT LET

State Building Commission approved contract for a new seven-story state office building to be located five blocks north of the capitol.

Stokes Construction Company of San Marcos submitted the low bid of \$7,076,596.

Alternative bids were also accepted for five possible additional floors, with the contractor to hold the enlargement offer open until September 1.

THE FAMILY LAWYER

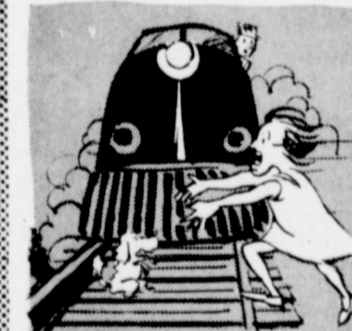

Good (But Foolish) Samaritan

Farmer Green was standing near a highway crossing when he saw a car run a red light, bounce off a truck, and land in the ditch. Green ran over. Finding the car on its side, with the driver trapped and injured, he managed to lift it upright.

Unhappily, he also managed to strain his own back. Later, after the first few doctor bills, the farmer decided to seek damages from the man he had saved.

"It was his original bad driving that led to my injury," Green reasoned in court.

"But he took his own chances

in coming to my rescue," countered the motorist. "If the car was that heavy, he should have gone for help. I appreciate his effort, but I am not liable for his bad judgment."

Nevertheless, the court upheld the farmer's claim, because his injury was indeed a direct result of the motorist's negligence. As for any "bad judgment," the court said a Good Samaritan could not be expected to show perfect prudence under the stress of an emergency.

Generally speaking, because of a Samaritan's good motives, his conduct is judged with extra tolerance. This is true even if there is no real emergency at all. Take this case:

A faulty freezer in a hotel kitchen began to leak fumes of ammonia. One of the waiters, fearing for the cook's safety, rushed to her aid. But in his haste, he suffered a painful fall.

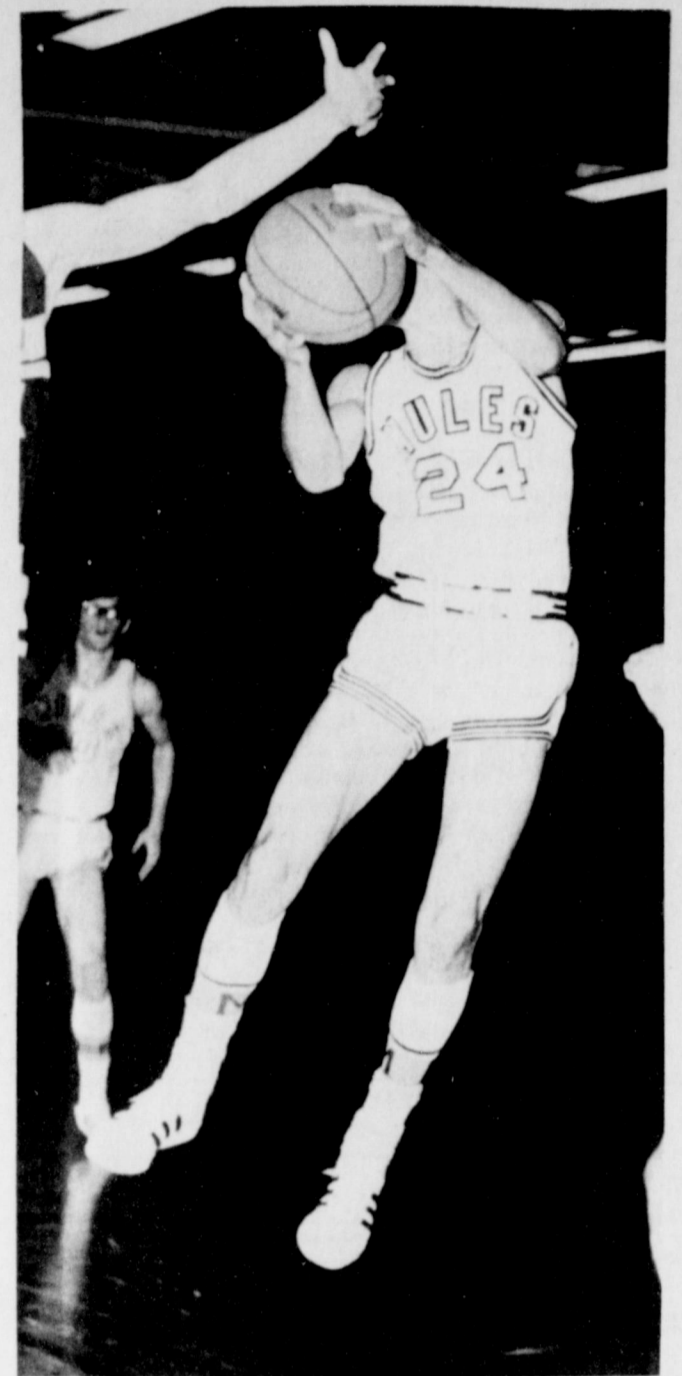

When he sought damages afterward for his injury, the hotel management pointed out that at no time had the cook been in any real danger. Yet the waiter won a judgment, because there had been at least enough appearance of danger "to excite a person of ordinary humanitarian instincts to take action."

Still, the law does draw a line when the Samaritan's action is not only risky but downright reckless. In another case, a woman was killed by a train when she tried to snatch her dog from in front of an oncoming express.

Was the railroad legally liable for her death? A court said no. The judge held that with danger so obvious, and with no human life at stake, she had taken a risk that could not reasonably be justified.

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

© 1970 American Bar Association

IT'S MY BALL--As a Whiteface arm comes out to block, Mike Riley, one of the Muleshoe Mules varsity basketball players maneuvers to the side before attempting a field goal in the championship game between Muleshoe and Hereford last Saturday night. The Whitefaces won the first place trophy in the Muleshoe Invitational Tournament.

Ground breaking will be scheduled about January 15. Completion time is estimated at 780 days for the seven initial stories.

SHORT SNORTS

Louisiana wants another hearing in its boundary suit with Texas if the referee rules against Louisiana's claim.

Internal Revenue rules that tips are taxable, and those totalling \$20 or more a month cash must be reported to employers.

General Electric faces a suit in federal court here by an Austin appliance dealer who

claims that in arrangements with some builders GE grants quantity discounts not justified by costs.

Refreshments of cookies, brownies, punch and coffee were served to the group. *****

There was a go-away party in the fellowship hall of the Enoch's Baptist Church Sunday night following church services for Mr. and Mrs. Donald Grusendorf. They have been members of the Enoch's Church for 20 years. The Grusendorfs moved to Plainview Thursday. They were presented a bed spread, sheets and pillow cases. Visiting in the E.C. Gilliam home during the weekend were their children, Mr. and Mrs. Jerry Gilliam and family of Anton; Mr. and Mrs. Wayne Gilliam and children of Morton; Mr. and Mrs. Vester Gilliam and Mrs. Linda Ogle all of Morton; Mr. and Mrs. Carlton Gilliam and family of Lubbock; Mr. and Mrs. Jimmie Gilliam and children from Olathe, Colo. and Mrs. Gilliam's sister, Mr. and Mrs. Elroy Kinson of Dayton. *****

New Year's guests in the home of Mr. and Mrs. T.A. Thomas were their children Mr. and Mrs. Vergil Thomas and children from Houston; Mr. and Mrs. L.W. Richmond and children from Brownwood; Jerry Thomas from Lubbock; and a granddaughter, Mr. and Mrs. Robert Crowley of Midland.

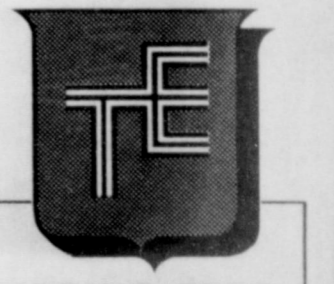

A Better Calf Crop!

Another good reason for feeding T-E Liquid Supplement.

When the calves are on the ground you'll be glad you had T-E Liquid Feed Supplement on the range. It delivers the protein, vitamins and trace minerals your cows need to produce a better calf crop. It will give them extra energy, make them forage better and enable them to get all the nutrition available from stalks, hay or pasture. With T-E Liquid Feed Supplement in your feeding program, you can count on more consistent estrus, better conception, easier calving, fewer abortions or stillborns and larger calves dropped and weaned.

Feed free-choice. T-E Liquid Feed takes the guesswork and hard work out of supplement feeding. It's self-rationing. Animals consume what they need--no more, no less. And since one T-E feeder will take care of 75 to 100 head up to ten days, it does away with most of the work.

There are many good reasons for feeding T-E Liquid Supplement that you can count in your calf crop. Talk to your dealer about other reasons why T-E Liquid Feed saves you time and makes you money.

LIQUID FEED SUPPLEMENT

T-E LIQUID FEED SUPPLEMENT IS MADE FROM A PATENTED FORMULA. The basic ingredients of T-E Liquid Feed Supplement are urea, phosphoric acid, molasses, vitamins A, D and E and trace minerals. The urea is chemically inhibited (by the patented formulation with phosphoric acid and molasses) to control the release of nitrogen and pace its conversion into protein for more efficient use by the animal.

Congressman Price Discusses Legislation

As the holiday season concludes, Congress has maintained its head of steam and is working overtime on legislative business. The House has slowed somewhat, though, from its madcap pace of last week, a week which saw floor action on 33 bills and conference reports. This week attention has been focused on a smaller number of issues; chief among them being, Food Stamps, Defense Appropriations, Foreign Aid, Manpower Training, and National Disaster Relief.

FOOD STAMPS

The House, by a vote of 290 to 68, has voted to increase the Food Stamp Program. I did not support this action for several reasons: (1) Food Stamps do not remove the causes of hunger or poverty, they merely ease the effect and reduce individual incentive to seek new or expanded job opportunities; (2) What is needed is not more Food Stamps, but real welfare reform; (3) Since the programs modest costs of \$115 million in 1967, costs to the taxpayers have skyrocketed. This year the House bill costs \$610 million; the Senate version will cost \$7 billion. What the final compromise will be is anyone's guess; and (4) The program permits striking workers to receive Food Stamps, something which I think distorts not only the original purpose of the Act, but also the principle of government neutrality in labor-management disputes. Free collective bargaining is an appropriate way of resolving disputes in private business; but, when the government gives Food Stamps to workers who have walked off the job, government is then in effect, siding with labor.

DEFENSE APPROPRIATIONS

The House has voted to chop \$2 billion off the Defense Department budget described by President Nixon and Secretary Laird as the absolute minimum needed to maintain national security. I was quite vocal in my concern over the House action. The stakes are too high and the risks are too great for Congress to skimp on defense spending. Unless we remain number one in military preparedness, the Russians may well make good on their promise to bury us.

FOREIGN AID

In the final analysis, the security and future of this Nation and that of the free world depends on the strength of our military forces. We must not allow this strength to turn to weakness. In an effort to help prevent such an occurrence, I plan to take the offensive on this issue in the 92nd Congress.

The Foreign Aid Program has been funded for another year. I did not support this action; the United States does not profit from foreign "give aways" any more than it profits from domestic ones. Some comfort, however, should be taken in the fact that President Nixon has reduced foreign aid budget requests in each of his first two years of office. The result is that this year's appropriation of \$2.5 billion is modest when compared to expenditures of earlier years.

The annual funding of the Foreign Aid Program is not to be confused with the supplement-

tal foreign aid monies the House voted last week to give to Cambodia, Vietnam, Indonesia, and certain other countries menaced by internal instabilities or Communist aggression. These target funds will be channeled into military hardware and other technical assistance which will help these countries stand on their own two feet.

By a vote of 177 to 159, the House approved a compromise manpower training bill last week that was later vetoed by President Nixon. I did not support this bill for many of the same reasons that the President gave in his veto message to the House and Senate.

Manpower training programs are badly needed, but not of the type called for by this legislation. Under the name of "public service employment", large numbers of unskilled workers would have been permanently consigned to low paying and low productive jobs and more than 40 percent of the bill's funds would have been channeled toward maintaining these dead-end positions.

Job training programs for the unemployed and underemployed are badly needed, but bad programs are worse than no programs at all. Hopefully, President Nixon's veto will be sustained and we can give more thought in the 92nd Congress to the effective restructuring of manpower training programs.

The House has approved the Conference Report on legislation reforming National Disaster Relief Programs. This will update Federal disaster assistance efforts and make them conform to modern-day needs. I was most gratified that the bill incorporated legislation I introduced providing additional disaster relief assistance to the State of Texas. This will facilitate the reconstruction of those areas of the High Plains damaged last spring by killer tornadoes, as well as the areas devastated by Hurricane Celia.

GENERAL In these closing days of the 91st Congress, Members have been so preoccupied with the crush of legislative business that proper accord has not been paid to the fact that about noon Tuesday, December 14, 1970, our gross national product reached the \$1 trillion mark. This momentous occasion occurred while President Nixon was unveiling the new GNP Clock installed in the Department of Commerce. This clock

will provide the American people with a minute-by-minute record of the growth of our economy. The achievement of this economic milestone has been made possible by the Capitalist system. Free enterprise has been the cornerstone of our success. Attaining the \$1 trillion mark is a monument to the height that Man's striving for economic well being can reach in a free society.

HOLIDAY VISITOR--Pvt. Tony Perez, son of Mrs. Mike Perez and the late Mike Perez, Sr., has returned to Fort Ord, Calif., following a Christmas visit with his mother, six sisters and three brothers in the Muleshoe area. He graduated from Muleshoe High School in 1969 and enlisted in the Army following his graduation.

HORMONE MEAT BAN

Washington--Sweden informed the United States recently it would no longer import meat from animals fattened with hormones. The U.S. Food and Drug Administration says farmers are required to withdraw hormone-laced food from cattle 48 hours before marketing which protects Americans from eating the hormone because it caused cancer in rats.

Thousands of foreign military men study in U.S.
