Pam Perner Upton To Ride In Fort Worth Stock Show

Pam Upton of San Angelo, Texas will be among 75 pretty young ladies participating in the Invitational Ranch Girls Barrel Race during the 1974 Fort Worth Stock Show Rodeo Jan. 25 through Feb. 3. Riding under sponsorship of P. C. Perner Ranch, Ozona, Texas, she will be racing against the hands of the clock in four go-rounds scheduled during the 20 performances of the "World's Original Indoor Rodeo" in Will Rogers Coliseum.

After a hectic two days of trying the new hours, this schedule was worked out and went into effect last week.

LET'S HEAR IT FOR THE U. S.

Once again America seems to be everyone's favorite whipping boy: Watergate and the crisis of confidence; the energy shortage and talk of recession; the Middle East War and cracks in the Atlantic alliance, and so on and so on.

Some time ago, a perceptive Canadian commentator — Gordon Sinclair — took time out to deliver a thoughtful essay on what's good about America and Americans. Coming from a foreigner, it makes for interesting, and heartening, listening. Here is what Mr. Sinclair had to say:

"This Canadian thinks it is time to speak up for Americans as the most generous and possibly the least appreciated people on all the earth. . . ."

"Germany, Japan and, to a lesser extent, Britain and Italy, were lifted out of the debris of war by the Americans who poured in billions of dollars and forgave other billions in debts. None of these countries is today paying even the interest on its remaining debts to the United States.

"When the franc was in danger of collapsing in 1956, it was the Americans who propped it up, and their reward was to be insulted and swindled on the streets of Paris.

"I was there. I saw it.

"When distant cities are hit by earthquakes, it is the United States that hurries in to help. . . . This spring, 59 American communities (were) flattened by tornadoes. Nobody helped.

"The Marshall Plan and the Truman Policy pumped billions upon billions of dollars into discouraged countries. Now newspapers in those countries are writing about the decadent, warmongering Americans.

"I'd like to see just one of those countries that is gloating over the erosion of the United States dollar build its own airplanes.

"Come on, let's hear it!

"Does any other country in the world have a plane to equal the Boeing Jumbo Jet, the Lockheed Tristar or the Douglas 10? "If so, why don't they fly them? Why do all the international lines except Russia fly American planes?"

"Why does no other land on earth even consider putting a man or woman on the moon?"

"You talk about Japanese technocracy, and you get radios. You talk about German technocracy, and you get automobiles.

"You talk about American technocracy, and you find men on the moon — not once but several times — and safely home again.

"You talk about scandals, and the Americans put their right in the store window for everybody to look at.

"Even their draft-dodgers are not pursued and hounded. They are here on our streets, and most of them — unless they are breaking Canadian laws — are getting American dollars from Ma and Pa at home to spend here. . . ."

"When the railways of France, Germany and India were breaking down through age, it was the Americans who rebuilt them. When the Pennsylvania Railroad and the New York Central went broke, nobody loaned them an old caboose. Both are still broke.

"I can name you 5,000 times when the Americans raced to the help of other people in trouble. Can you name me even one time when someone else raced to the Americans in trouble?"

"I don't think there was outside help even during the San Francisco earthquake.

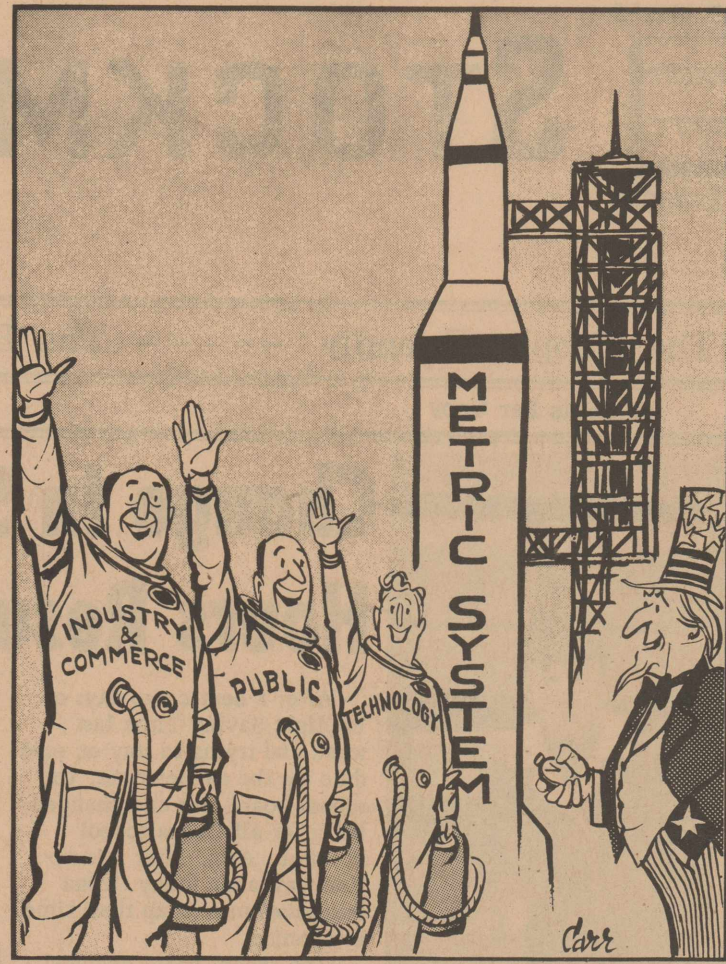

"They will come out of this thing with their flag high. And when they do, they are entitled to thumb their nose at the lands that are gloating over their present troubles.

"I hope Canada is not one of these."

From Canadian commentator Gordon Sinclair, some thoughts on America — as some darkly see it — and, as it truly is.

THE FAMILY LAWYER
About Your Collision Insurance
Gordon parked his car next to an apartment house, unaware that a burglary was taking place inside the building. The burglar leaped from a second-story window, landed on top of Gordon's car, and made good his escape. Gordon, however, wasn't so lucky. His jumped-on car needed \$180 worth of repairs. Was he entitled to collect insurance for the loss?
"Sorry," said the insurance company, "but you are not covered. You do have collision insurance, but this was not a collision."

However, when Gordon took the matter to court, the judge ruled in his favor.

STATE CAPITAL Highlights AND Sidelights
by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Lawmaker delegates to Texas' first Constitutional Convention since 1875 got off to a bumpy start last week.

They lost little time in election of House Speaker Price Daniel Jr. as "president" but they wrangled for two and a half days over procedural rules.

The rules fight appeared to center largely on concern of some delegates over yielding too much authority to the presiding officer and professional staff.

Some observers feared the preliminary wrangles indicated a minority of delegates really do not want a new constitution at all.

Some were sniping at Daniel, and others were following legislative custom and trying to leave their imprint on the rulebook of a historic event.

Top officials, including Gov. Dolph Briscoe, Lt. Gov. Bill Hobby and Daniel, offered words of encouragement to delegates and predictions of success.

Plain citizens are supposed to get their chance to express their views to the delegates when committee hearings get underway, probably this week.

Convention planners hoped to run off a fast-paced 81-day schedule before the spring primary election, but hope for keeping that pace dimmed with the drawn-out rules debate. Mood of delegates appeared to be to take all the time they want. They can work until July 31 if they insist on it.

SPEED LIMIT CUT — Starting January 20 at 12:01 a.m., the speed limit will be 55 — not 70 — miles per hour.

Governor Briscoe issued the official proclamation hours after the Texas Highway Commission approved lowering the limit in line with federal directive as a fuel-saving measure.

President Nixon January 2 signed a new law providing for withholding of federal highway aid funds in those states which refuse to establish a 55 mph limit in 60 days.

An earlier effort by the Commission to reduce the limit was rejected by Atty. Gen. John Hill, who said special legislative authorization was necessary. Briscoe then called the legislature into session and asked for a new law giving the Highway Commission power to lower the limit with his concurrence. Lawmakers granted that authority last month.

Efforts will be made to protect those who get early speeding tickets under the law from jacked-up insurance premiums as a result.

POLITICIANS IN, OUT — Some state office holders bowed out of and some jumped into statewide races during early January.

Comptroller Robert Calvert, 81, announced he would retire at the end of his present term. And Speaker Daniel indicated it is unlikely he will enter any state race.

Meanwhile, Railroad Commissioner Mack Wallace of Athens, appointed last year by Governor Briscoe to fill a vacancy, said he is seeking an elective term.

State Sen. Jim Wallace of Houston sounded like a likely contender for Calvert's job, as did Hugh Edburg, head of the comptroller's accounting, revenue and statistics section. Former Secretary of State Bob Bullock of Austin has been campaigning for comptroller since last summer.

Letters To The Editor

Dear Kitty:
I'm an ex-Ozonan. We still think of Ozona as our 2nd home and still miss and love everyone. We have been gone now since 1954 just before the Flood. Anyway this is of no interest to you because I know you don't remember us. We lived out 8 1/2 miles at the Texas New Mexico Pipe Line camp.

Anyway I saw this write-up in today's Austin paper and spied something about Ozona so I thought maybe you would be interested.

Best to all our old friends. We enjoy your column.
The very best to you and yours for this New Year.

Washington News Letter
By Congressman O. C. Fisher

The strangest things have a way of happening in Washington. Now more about tapes. It will be recalled that one of the reasons President Nixon gave why his private confidential taped conversations with his aides and others should not become public property was because of the concept of privacy and confidentiality associated with and essential to the office of the Presidency.

Finally 7 tapes were released to a federal judge, for use only as related to subject matters being investigated by a grand jury, probably of relatively little probative use. But that broke the ice, and in rushed Ralph Nader with Nader's Raiders, that super-duper group of reformers who engage in rooting out injustice, malfeasance, misfeasance, wrongdoing, and bad judgment of all description -- you name it, they raid it, they file lawsuits willy-nilly.

The Nader crowd proceeded to file a suit and subpoena a tape recording of a meeting of March 23, 1971, attended by the President, some aides, and attorneys and spokesmen for the nation's three largest milk cooperatives. A week later the parity price of milk was raised, and in due course the milk people made a political contribution.

The Naders showed scant interest in the fact that some 30 prominent members of Congress, including Senators McGovern and Humphrey, had demanded that the President raise the ceiling on milk -- and there was, in fact, good sound economic reason for the raise.

And so, to keep peace in the family, the President under court order turned his private tape over to Nader's lawyer, one Bill Dobrovir, who before the tape was ever used in court proceeded to have two duplicates made and took the original to a cocktail party in Georgetown and played it for the entertainment of the revelers. It's being said that the Nader lawyer violated court procedure and rules of legal ethics by openly and brazenly misusing that particular tape. It remains undecided whether disbarment or other proceedings will be filed against the jubilant Dobrovir.

MRS. CHARLES E. DAVIDSON, IV
...nee Miss Sadie Tillman

Miss Tillman Becomes Bride Of Mr. Davidson

Miss Sadie Tillman, daughter of Mr. and Mrs. Frank Tillman, became the bride of Mr. Charles Edward Davidson, IV, son of Mr. and Mrs. Charles E. Davidson, III, in a candlelit ceremony Saturday January 12, at 5 p.m. at the Ozona United Methodist Church with Rev. Bert Bronaugh, Presbyterian minister, officiating.

The bride, given in marriage by her father, wore a formal gown of white silk organza featuring an empire waistline and long, full sleeves. The high banded neckline, yoke, sleeves and skirt were accented with appliques of Venice lace encrusted with seed pearls.

The veil of illusion fell from a Juliet cap of lace and extended over the chapel length train. She carried a colonial bouquet of white roses and stephanotis centered with a large white orchid.

Maid of honor was Miss Shirlene Hopson of Lampasas. Matron of honor was Mrs. David Scott of Coleman. Bridesmaids were Miss Helen Carol Hudson of Midland, Miss Tanya Blanton, Miss Kathy Lynn Russell and Miss Christy Davidson, the bridegroom's sister.

The bride's attendants wore formal gowns of burgundy velvet with empire waistlines and long fitted sleeves, trimmed with white Venice lace. They wore strings of pearls and carried colonial bouquets of Mary de Vor roses feathered with white mums and centered with white orchids.

Best man was Tom Davidson. Ring bearer was Eric Baker of San Angelo. Groomsmen were Jim Randolph of Grand Prairie, John Pate of Houston, Randy Winston of Lufkin, Mark Tillman, the bride's brother, and Dan Davidson, brother of the bridegroom.

Ushers were Craig Deaton, Philip Perner, Will Collett and Fred Deaton.

Wedding music was furnished by Mrs. L. B. Cox, III. A large arrangement of

white mums and pom mums decorated the altar. The altar was flanked with silver candelabra entwined with greenery and holding white tapers. The pews were marked by white mums and greenery.

A reception followed the wedding at the Ozona Country Club. Members of the house-party included Miss Rita Tillman, Miss Lida Tillman, Miss Anne Tillman, all sisters of the bride, Miss Callie Brown, Miss Sally Bailey, Miss Nancy Hudson, Miss Margo Powell, Miss Kay Prud'Homme, Miss Diana Morris, Miss Sara Bullock, Miss Kay McMullan, Miss Heidi Bruegel, Miss Windy Bruegel, Mrs. Randy Upham, Mrs. Fred Deaton and Mrs. Steve Baker.

Mrs. Davidson is a graduate of Ozona High School and attended Texas Tech and Southwest Texas State University. Her husband is a graduate of Ozona High School and attended Southwestern University in Georgetown where he was a member of Phi Delta Theta Fraternity. He will attend Angelo State University next semester.

After a brief wedding trip, the couple will be at home in San Angelo.

The bridegroom's parents hosted the rehearsal dinner at the Ozona Country Club. Other local parties honoring the bride were the rice bag party, given by Mrs. Ed Collett, Mrs. George Russell and Mrs. O. R. Blanton; a gift coffee at the Tom Mitchell home. Hostesses other than Mrs. Mitchell were Mrs. Jack Baggett, Mrs. L. B. Cox, III, Mrs. Taylor Deaton, Mrs. James Dockery, Mrs. Kenny McMullan, Mrs. L. T. Sewell, Mrs. Byron Stuart, Mrs. Sherman Taylor, Mrs. Byron Williams and Mrs. Bob Bailey.

The bridesmaid's luncheon was held Saturday at the Civic Center and hosted by the bride's aunt, Mrs. R. K. Hudson of Midland. --0--

Tips For Gardeners
From the Ozona Garden Club by Mrs. Bailey Post

There have been very few days for several weeks that were warm and sunny enough to want to start garden chores.

You may be as late as I am getting some bulbs planted, so get them out as soon as possible. I am hoping they will be just ready for the April Flower Show. Too, I am experimenting with planting them in pots. I will pass on the results. Some will be placed in a south window inside, and others buried in dirt up to the top of the pot to keep the bulbs from freezing. They will need to be kept watered some if there is no rain soon.

I mentioned before about getting your vegetable garden plot ready early for planting. Have you been reading with interest of the growing trend of community gardens? Gardens for All is a new national organization with aspirations to extend the community gardening idea throughout the United States. There are many who would like to grow their own vegetables if they had a small space available with water. Perhaps some one or more in Ozona that have vacant lots would profit by such a project. One such project launched in 1971 with 200 families has grown to 2,000 families by 1972. One area of one-third acre now furnishes 60 garden

plots. In another place seven acres of land has 239 garden plots. Each family participating pays \$10 annually for one of the plots, which includes not only rental, but plowing and planting. Vegetables produced on each have an estimated market value of \$300 to \$500. In Boston Fenway Gardens 500 plots of land each 15 by 30 feet in size have been open free of charge since World War II. Last year there were many profitable as well as beautiful gardens in Ozona. Perhaps others may want to try this spring. Looking at seed catalogues makes one want to try everything in the book.

If dry weather continues, don't fail to water grass, shrubs, and small trees and especially new plants.

Texas Arbor Day, Jan. 18, will be a busy one if the weather is favorable, for many are planning to plant new shrubs and trees. At least get your plans and orders made by then.

Don't take trees for granted -- recognize their beauty and value in the landscape.

6 WAYS TO CONSERVE AND SAVE ON WINTER HEATING

1. For savings on energy, set the thermostat on the temperature setting that provides adequate comfort (the President suggests 68°). Don't continually switch it up and down. Remember, the lower you set the thermostat in the winter the more money you save on energy.
2. A routine service inspection by a qualified service man is advisable prior to the heating season. Follow the manufacturers recommendations on this. Clean filters keep the heating unit operating at maximum efficiency and economy. Filters are the most neglected part of any forced-air heating system.
3. A wood burning fireplace should be equipped with an efficient damper. Be sure to keep the damper closed when not in use. A chimney with the damper open carries warm air out the house, wasting heat.
4. To decrease heat loss and reduce energy cost in rooms that are not in use at night or in extremely cold weather, draw the draperies and lower the shades over the windows, glass panels and doors. If the sun is shining on glass areas, open the draperies. The sun shining through the glass will supply additional heat at no cost.
5. Some wall heaters have fan-forced circulation. To clean, turn the unit "OFF". Blow dust out of unit with vacuum exhaust attachment. Clean the grill cover with a vacuum or warm detergent water.
6. Proper insulation and weather stripping will make your home more comfortable. It will help keep dust and dirt from blowing in, and will help to eliminate cold drafts in the winter time, thus saving money on your heating bill.

Now we are four. Our family has assumed a new dimension. Molly has a brother, and we have a son.

There is new richness and happiness in our lives, but there is also new responsibility. Sure, we'll need to keep that "roof over the head," but there's much more to being a parent than that. Sometimes, when you look at the headlines in the paper, you get scared. As these kids grow up, can you face "the new moralities," the endless changes?

No — not alone. But you have the strongest ally in history to help you: the Church. In case you haven't noticed, the Church has been keeping pace with change.

Why not start next Sunday—and bring yourself up to date?
