Kitty's Korner

by Kitty Montgomery

Fellow Texans! Arise and let President Ford and your representatives in Washington hear from you about the proposed 10 to 20 cents per gallon tax on gasoline. This proposal, if passed, would be a tremendous burden on the State of Texas and its residents. We would all be affected, rich or poor, whether we use our cars to carry on our business or just to drive to the grocery store, every last one of us. Some of the larger cities probably have the mass transportation systems to take care of city residents, but we can't even get a bus to San Angelo. Think of what this would mean to all rural and small town residents all over the country, except perhaps for the densely populated Eastern Seaboard. This, of course, is where the idea originated. We now find ourselves in the position of having all big-city boys running our antiinflation fight, and they are going to take the tax money from the sparsely populated areas of the nation, because that's where the votes are not.

So, make yourselves heard. It's now or never. Already 48 percent of our natural resources go out of the state for use in the east and elsewhere, so let's at least let them know we are alive and kicking out here in West Texas, whether it does any good or not.

Well, my football season certainly turned sour last weekend. All my teams lost. I should say all three of my teams, the Lions, the Longhorns and the Cowboys. What a rotten weekend. This is the first time I can remember three losses in a row. If it happens again, I'm going to find another spectator sport.

Rabies Clinic Scheduled After Confirmed Case And Dog Bites rabies two or three days later. important thing to remember

A rabies clinic will be held Tuesday, Oct. 8, from 3 p.m. till 6 p.m. and again Saturday Oct. 12, from 2 p.m. until 5 p.m. at the 4-H Exhibition barn.

The clinic was arranged after three persons were treated by local physicians over the past two weeks for extensive dog bites and a dog, admitted to the Veterinary Clinic Tues-day died later that day with rabies.

County Agent Billy Reagor, County Health Officer Dr. David Blanton, and Dr. Gary Vannoy met and arranged the clinic following the death of the rabid dog last Tuesday.

Simple vaccinations of pets for rabies, the elimination of stray animals and the discouragement of wildlife within the city would go a long way toward eliminating the threat of rabies to our community, Dr. Vannoy said.

County officials are currently considering methods which could enforce a decline in the number of stray dogs which are a nuisance to the city and surrounding ranches.

One young Ozona boy had chest, right upper arm and around his right knee. He is presently receiving rabies treatment. Each year 60,000 persons in the United States are required to undergo treatment for rabies because of exposure. Two-thirds of the dogs and 95 percent of the cats involved in biting incidents in Texas have had no rabies vaccinations. This, of course, necessita prolonged and sometimes painful treatment for the bite vic-

Rabies is a virus disease of the central nervous system. It can be transmitted only by the bite of an infected animal or through the saliva of a rabid animal introduced into a fresh scratch or similar skin break, according to Dr. Vannoy. The virus is present only in the saliva beginning with the two to animal shows evidence of havan animal that has attacked and bitten may appear normal but develop clinical signs of

VOTING FOR THE TAXPAYER

How many U.S. Senators vote for the taxpayer?

Not very many. Sadly, only a minority - 35 in number - had the courage to vote in favor of President Gerald Ford's request that Federal pay raises, which will cost taxpayers some \$700 million, be deferred for the next three months (October, November, and December). Bowing to the political pressure of government worker unions and the bureaucracy, 64 members of the Senate voted to override the President's request, thus granting an immediate pay raise averaging \$66.23 a month.

It is important to note that the President had not asked that Congress deny the pay raise, but only that the increase in salary be delayed for the three month period in order to hold down government expenses and fight inflation.

Congress has not been stingy with the taxpayers' money. In the last five years, federal employees have received pay raises

totalling more than 30 percent, not counting the new raise.

As pointed out by Senator Jesse Helms of North Carolina, "The saving of \$700 million is not a small item; in practical terms, \$700 million over three months is \$7.7 million every day, or \$5,341.88 every minute."

Does the U.S. Government have the money to pay for the increased salaries? No, it does not; the Government is already running heavily in debt, which means that we will be forced to borrow the money at high interest rates, thus increasing the burden to the taxpayers, and adding still more fuel to the inflationary fires.

Those Senators who had the courage to vote to support the President's request deserve recognition and thanks from the millions of Americans who are on fixed incomes and who will not be getting increased incomes of \$66.23 per month, either now or three months from now. Those Senators, as reported by the Congressional Record, were: Baker, Bartlett, Bellmon, Bennett, Biden, Brock, Buckley, Chiles, Clark, Cook, Cotton, Curtis, Fannin, Goldwater, Griffin, Gurney, Hansen, Hatfield, Helms, Hruska, Huddleston, Mansfield, McClure, Nunn, Pearson, Percy, Ribicoff, Roth, Scott (Hugh), Scott (William), Stafford. Stevenson, Taft, Thurmond and Tower.

One way the taxpayers can say thank you is by their votes in

Texans cut gasoline consumption sharply, but electricity consumption increased 8.1 per cent from last year (based on a May figure), according to a governor's office energy report.

Texas Water Rights Com-mission adopted a new policy requiring water district developers to contribute up to 30 per cent of cost of water, sewer and drainage facilities.

AUSTIN—Texas governmental units need to spend \$852 million over the next five years to improve transportation systems, according to a Texas Mass Transportation Commission staff estimate.

A TMTC preliminary development plan proposes \$566 million worth of rail system improvements and construction and \$286 million for bus

The state, the report con-cluded, must come up with ideas for moving an increas-ing number of travelers among major cities by rail, new expressways parallelling existing ones or other means.

existing ones or other means. If travel increases as fast as expected, according to one authority, traffic on Interstate 35 between San Antonio and Dallas may be as congested by the year 2,000 as it is on the Gulf Freeway in the Houston area. in the Houston area.

Cost of developing mail passenger facilities presents a generally unhappy picture. Railroads, according to TM-TC Director Russell Cummings, are not enthusiastic about starting up new pas-senger service or turning their tracks over to any agency for passenger hauling in conflict with their freight business.

Only 18 cities in the state still maintain transit systems, as compared with 37 such systems 20 years ago, TMTC was informed. But use of transit systems is expected to increase three-fold by 1990. Buses are projected to handle 75 per cent of the future load, rail systems 18 per cent and "specialized systems" seven per cent. LEASES TAKE UP—Cash bonus payments totalling more than \$7.8 million reached the state Permanent University Fund from a recent oil and gas lease auction on University of Texasowned lands.

More than 123,540 acres were leased for oil and gas exploration. With deposits of the cash bonus payments the Permanent University Fund increased to \$678,-332,143.

Biggest areas of interest were Loving and Ward coun-

Superior Oil Company paid the largest cash bonus— \$810,000 for a 640-acre tract in Ward County. Chalfant, Magee and Hansen were successful bidders on a 320-acre tract in Ward and Loving counties with a \$435,000 cash

Land Commissioner Bob Armstrong, chairman of the Board for Lease of University Lands, said increased demands for energy are being reflected in all public

land lease sales.
INDUSTRIES INCREASE— Thirty - one new industries with a combined annual outout of over \$8 million located

in Texas during August.
Total economic impact of the 31 firms was estimated by Texas Industrial Commission and the University of Texas Bureau of Business Research at more than \$129 million a year.

The 31 new industries are expected to generate \$7.7 million a year in federal taxes, \$550,948 in local taxes and \$502,943 in state taxes, and to create 1,743 new jobs with a spinoff of another

DPS Chief Col. Wilson Speir agreed the legislature

should furnish guidelines, but he warned against restraints so strict as to interfere with law enforcement efforts.
ENROLLMENT UP—State-

wide enrollment at Texas colleges and universities is up about five and a half per cent above 1975, far above the national projection of a 1.3 per cent nationwide in-

Preliminary tabulation shows total enrollment of 549,830 students at Texas public, private, junior and senior institutions. This is 28,300 more than the fall semester of 1973. Two hundred and seventy five thousand of the students are attending public senior colleges, 201,400 at public com-

munity colleges.

Even the private institutions in Texas are growing.
Their total enrollment of 70,-800 represents a 1.4 per cent increase over the 1973 head-count. About 10 of the 37 may experience some decline

AG OPINIONS-Voters who participate in party primary elections are not eligible to sign applications of independent candidates where nominations for the office sought are made in primaries, Atty. Gen. John Hill held. In other recent opinions, Hill concluded:

• State employees who leave their jobs before completing six months' service are eligible for no accrued vacation time.

 State licensing of private child care facilities does not sufficiently implicate the state in the policies of the institutions to make their discriminatory practices a "state action" for constitu-

tional protection purposes.

• Receipt of guaranteed annual wage payments does not render an individual out of work ineligible for state unemployment compensation.

Congressman O. C. Fisher

President Ford's shakedown cruise has already encountered some stormy weather. In assuming a national viewpoint, he has run into some trouble.

AFL-CIO's George Meany, after a traditional courtesy call at the White House, is now telling his unions to beware of Ford's battle plans against infaltion. He can be expected to blame the President for all our Ford's amnesty plans are un-

popular in Congress and elsewhere. The strings he attaches to conditions for return and disposition of the fugitives may not be as attractive as the renegades had hoped for. The President's flip-flop on

his previous position relating to importation of Rhodesian chrome caught his former colleagues by surprise. In 1971 Ford supported legislation to lift the UN-imposed embargo against trade with Rhodesia, but recently said he now favors reimposing it.

These actions are irritants, but the big tests are ahead. Ford's forthright plans to combat inflation are being well received. And he reiterated his strong support of national defense. In any event, he has his work cut out for him in performing what many believe to be the most difficult job in the

Have you ever read a news item when you had to read between the lines to figure out precisely what was meant? Well, the Russians are notorious for making the worse the better reason seem. Here's an example:

The story relates to a sail boat race between the U.S. and Soviet teams, involving one boat each, in which the Americans were victorious. Pravda, so the story goes, reported the humiliating defeat

sons of the People's Republic sailed their craft through extreme handicaps, to come in second from the top. Another ship, sailed by reactionary capitalists from the USA came of giving away oranges, she in next to last!"

past week by general, slowfalling rains which continued since last Friday, with intermittent falls of varying amounts throughout the area, reported ranging from an inch to more than two inches.

Dr. H. B. Tandy has returned to Ozona to practice medicine after spending more than two years in overseas service in North Africa and Italy as a Major in the U.S.

29 years ago Mr. and Mrs. R. L. Flowers have moved their home from the ranch to Ozona to a lot a block west of the high school

From the Ozona Garden Club Mrs. Bailey Post

It's later than you may think, so with frost time approaching, do take time to enjoy the beautiful green hills and valleys wherever you may go on a weekend trip, or perhaps from your own windows.

With all the abundance of rain we have had, it's almost unbelievable that this is really southwest Texas. It's great to go into the fall season with plenty of moisture for garden preparation, planting, and growth on all plants, trees and

To keep ahead of the enormous weed crop, everyone is urged to act now, and accept the challenge of a real cleanup to beautify our environment. Many towns around us are stressing a general fall cleanup in October, so we don't want Ozona to fail to keep grooming yards, vacant lots, and urging others to do so. A sanitation program includes pulling up all of the spent bedding plants, cutting off tops of browned perennials, raking the ground to collect surface debris, and removing all from the garden.

Many are wanting to get rid of nut grass, that dark-green, upright grass growing in flower beds, lawns and vegetable gar- SON TO WALKERS dens. You can pull it up; before long it's back again. Once established it's almost impossible to remove all the thread like rhizomes. It multiplies rapidly in moist soil, but can be controlled if found

early, and pull new plants before the tubers have a chance to form. Southern living gives the latest and most effective method of nut grass control. Apply the organic arsenates DSMA or MSMA. They can be used alone or in combination with 2, 4-D amine. Be careful not to apply to lawns when temperature is above 85 degrees or when soil is dry. This may cause lawn damage. Be sure to read herbicide labels and follow directions to prevent damage to desirable plants many.

in your yard. Your roses may need spraying for mildew and black spot after so much cloudy weather and rain. We should have a season of beautiful blooms. --0--

H. D. CLUB MEETS The Ozona Home Demonstration Club met at the Civic Center Thursday, September 26. Debra Price presented the program on "Fall Fashions."

The next meeting will be October 10, featuring a program on "Make Yesterday's Today's Fashions, " by Debra Price. All homemakers are welcome to attend. If you have a garment that you would like to rework or restyle, please bring it to the meeting.

Members present were Mrs. Glenn Sutton, Mrs. R. J. Everett, Mrs. H.D. Vinson, Mrs. Dale Burger and Mrs. M. C. --0--

Mr. and Mrs. Greg Walker are the parents of a son born September 15 in a Del Rio hospital. The little boy weighed in at 7 lbs., 14 oz., and has been named James Gregory. Maternal grandparent is

Henderson-

(CONTINUED FROM PAGE ONE) served as the Society's president and on numerous committees. She was one of the leaders in the organization, establishment and financing of the Ozona Community Center, which has served the commu-

nity for many years.

She served for many years in the church Sunday School program, teaching for a number of years a class in the Sunday School. The Lillian Henderson Sunday School class is still an organized group in the Sunday School program and will continue to honor her memory for her tireless work on behalf of the church. An accomplished gardener, she was a member of the Ozona Garden Club as long as her health permitted.

Survivors include one son, Floyd R. (Dick) Henderson, Jr. of Kerrville; three sisters, Mrs. sugar and pineapple juice. Scott (Lula Mae) Peters of Austin, Mrs. Evelyn Newton of St. Louis, Mo., and Mrs. Jake Short of Ozona; two brothers, Goode Stewart of Little Rock, Ark. and Vaughn Stewart press our thanks to so many who of Dallas; three grandchildren and two great-grandchildren.

Football-

(CONTINUED FROM PAGE 1)

Overall the Lions had 7 first DAUGHTER TO BAGGETTS downs to Lakeview's 16, 134 yards total yardage to 246 for Lakeview, intercepted 2 passes Andrea Paige, born September while giving up 3 interceptions and a fumble, punted 8 times for a 27 yard average while Lakeview punted twice for 23

The Chiefs scored early in the first quarter, and held the Lions on downs. The Lions held the big Chiefs after a drive that put them on the Lions' 6-yard-line, and things began to look up for Ozona. However, two plays later the Lions fumbled on their own 6-yard-line and the Chiefs came up with the ball and scored. From that point on it was all downhill for the Lions. With the exception of the 80yard drive which put them on the scoreboard, they were man-handled by the Lakeview

leading to the recovery of a 10-speed yellow bicycle taken John Galvan kicked the from the carport at 1005 Henpoint after the Lions' touchderson Dr. Friday night. Call 392-3288.

Dollar Saver

If you'd like to eat more beef but can't afford existing prices, there may be an alternative in "baby beef."

According to a livestock and meat specialist for the Texas Agricultural Extension Service, baby beef is beef produced from young animals weighing 400 to 700 pounds that have come off pastures where they have been nursing.

"Baby beef was once quite popular in the supermarket, out in recent years the trend has been toward choice heavy beef, " points out Woodrow Bailey. "However, the high cost of feedgrains has caused the price of fat animals to jump while young calves coming off pastures have sold for considerably less."

This price differential on August 10 was 20 per cent, according to the Texas A&M University System specialist. So, consumers could save that much on their beef dollar by purchasing baby beef instead of heavy beef.

What are the basic differences in the two types of beef?

"The major factor is that there is less marbling--flecks of fat--in the lean portion of the meat, " points out Bailey. "This means that loin steaks from baby beef do not lend themselves to broiling as well as those from heavy beef. But for all other methods of cooking, young beef is excellent, In fact, baby beef is unsurpassed for pan frying."

The specialist encourages consumers to look for baby beef in the supermarket, as some stores are beginning to display it once again. Better yet, check with a rancher or an auction owner and buy a young calf weighing 500 to 600 pounds. Then have it custom slaughtered, cut and wrapped for your home freezer. Often the manager of a local meat processing plant will be able to obtain a calf for you.

"If it's high quality beef you want, you can get it--and at a savings, too--by purchasing baby beef, " contends Bai-

Announcement of the birth of a baby boy to Mr. and Mrs. Bob Heinsch of Port Richey, Florida, has been received by friends in Ozona. Mrs. Heinsch is the former Brenda Brentz of Ozona.

Time is here for fireplace equipment. See now at BROWN FURNITURE CO.
