Kitty's Korner

by
Kitty Montgomery

We goofed. Not that it's so unusual around here, but last week's goof was a whooper. In giving an account of the birth of a baby girl to Freddie and Suzie Deaton, we erred in the headline. It read "BOY TO DEATONS". We don't know whether to apologize to Freddie and Suzie or to the baby girl. Anyway we do regret the error.

Dan Feather, in his column "Around Town", in the Menard News last week had a clever reprint. I got quite a bang out of it, because people are always asking us why we don't print what "really" happens around town.

"A short time ago the editor or a paper in Indiana grew tired of being called a liar and announced that he would begin telling the truth in the future. The next issue of the paper carried the following items:

"JOHN COYLE, local grocerman, is doing a poor business for a good reason. His prices are high, his store is dirty, and his clerks are insolent. How can he expect much?"

"The REV. BOB JONES preached Sunday night on "Charity". He'll need all the charity he can get from his congregation because his sermon was so poor.

"DAVE CONKEY died at his home here Tuesday night. The doctor called it heart failure, but those who know say whiskey killed him.

"Married- MISS SYLVIA RHODES and JAMES T. COLVIN, last Sunday at the Baptist parsonage by the REV. GORDON. The bride is a very ordinary town girl who does not know any more about cooking than a jackrabbit and never helped her mother three days in her life. She is not a beauty by any means and has a gait like a duck. The groom is an up-to-date loafer. He has been living off the 'old man' at home all his life and is not worth having. A dim future for the couple is predicted.

"Died - Owen Moore, age 56 years, six months and 13 days. Deceased was a mild-mannered pirate who came here in the night with another man's wife and joined the church at the first chance. He owed several dollars for his paper, was indebted to most everyone in town, but you could hear him praying six blocks away. He died singing 'Jesus Paid It All' and we think he is right, because the

Tom Stokes Is New Chief Tax Collector

Tommy Stokes moved here this week to assume the duties of Chief Deputy Tax Assessor-Collector. He replaces John Skelton, who moved to Coleman last week to take a job with the public school system there. Skelton came here originally from Coleman.

Stokes, who has been with a public accounting firm in San Angelo for the past eight years, is a graduate of Texas Tech with a degree in accounting. He is the son of Mr. and Mrs. Dub Stokes of Ozona, and a graduate of Ozona High School.

Stokes and his wife, Jo Nel, purchased the Skelton home on Ave. 1, and have moved in with their three sons, Ken, 11; John Tom, 8, and Andy, 3.

Rotary Club To Bring Exchange Student Here

The Ozona Rotary Club will sponsor a foreign exchange student this year. He is Tom McGaw of Nova Scotia. His parents are in the Canadian armed forces.

Tom is in the eleventh grade and will enter Ozona High School as soon as his visa is issued. Club members expect him to arrive within two weeks. He is in the top 10% of his class of 280 students.

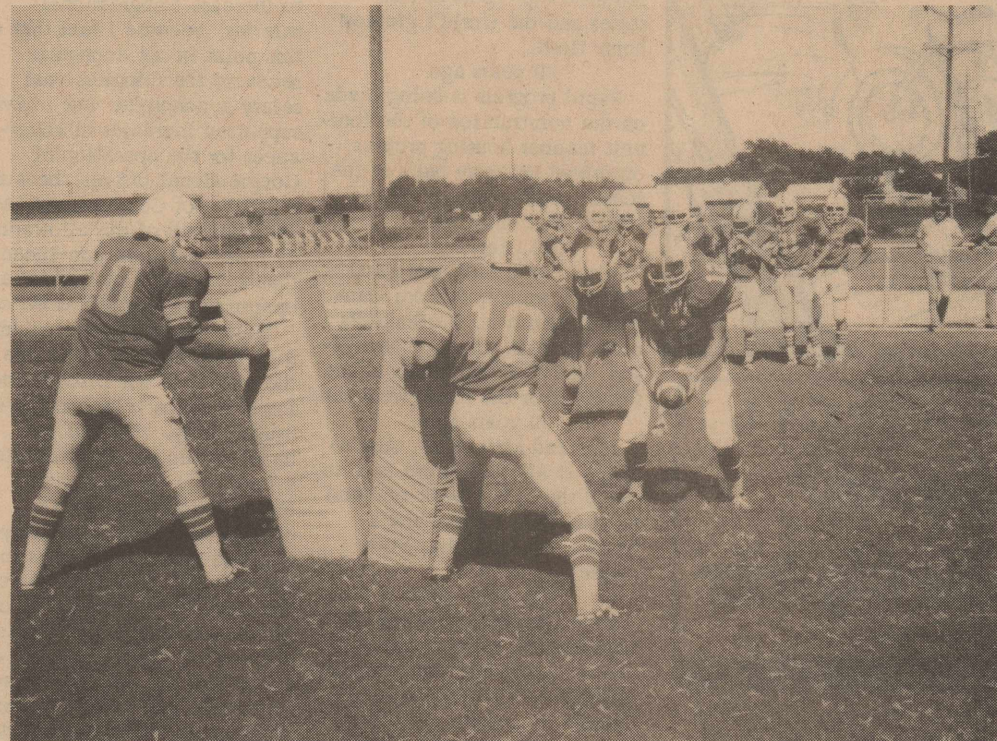

He will live with four Ozona families while living here during the school year. He will spend the first part of his visit with the Clayton Robinsons, then the Dorris Haires, the Bill Coopers and the Sam Martinez family. The Rev. and Mrs. Nelson Lanham home is an alternate.

Tom is a Boy Scout and likes sports. Chess and stamp collecting are his hobbies. He is a Baptist.

Weekend Rains Over Half Inch

Weekend rainshowers contributed over a half-inch of rain to Ozona lawns and gardens. A heavy rain shower dumped .34 of an inch of rain on Ozona shortly before midnight Friday night. Another .25 of an inch fell Saturday.

The rain brought the total rainfall for August to 1.28 inches, according to the official gauge at the water district office.

FOOTBALL IS IN THE AIR -- Ozona Lion fans will have an opportunity to see the Lions in action Friday night in an intra-squad scrimmage at Lion Stadium. The boys will be introduced individually before the scrimmage begins at 7:30. The Ozona High School Band will also make its first appearance of the year. Following the activities, the Lion Boosters will honor the boys with a watermelon bust behind the east stands.

Ozona School Enrollment Jumps Almost 8% Over Last Year

Total enrollment in Ozona schools was up 71 students over that of the first day of school last year, Supt. Foy Moody reported Monday afternoon.

Enrollment usually takes a jump in all schools following the Labor Day holiday which is Sept. 1, and the first school holiday of the year.

Two hundred and forty-three students were enrolled Monday at Ozona Primary School. Of that number, there were 93 kindergartners, 71 first graders and 79 second graders. Last year, first day enrollment at the school was 210 students, so first day enrollment is up 33 students over that of last year.

Ozona Intermediate School enrolled 324 students Monday, up three students over the 321 enrolled at this time last year.

The third grade has 73 students enrolled; fourth grade, 88; fifth grade, 80; and sixth grade, 83.

First day enrollment at junior high was 168. Ninety seventh graders were enrolled and 78 eighth graders. Last year's figures showed a first

day enrollment of 143. High school had an increase of 10 students over last year's enrollment. A total of 256 students were enrolled in high school Monday afternoon.

Ninth graders numbered 71; tenth graders, 64; eleventh graders, 61; and twelfth graders numbered 60.

Resources Investment Corp., Denver, Colo. completed as a Strawn reef oil discovery its No. 1 J.S. Todd, et al., 1/2 mile north of the two-well Strawn oil area of the Todd multipay field of Crockett County and 21 miles northwest of Ozona, to pump 62 barrels of 38.8 gravity oil and 68 barrels of water, with gas-oil ratio of 950-1.

Production was through perforations at 6,372-384 feet, which had been acidized with 85 gallons.

The following tops were picked on ground elevation of 2,429 feet; Yates, 950 feet; San Andres, 1,960 feet; Strawn reef, 6,368 feet.

Production was through perforations at 4,730-90 feet, which had been acidized with 1,000 gallons and fractured with 30,000 pounds of sand.

Drilled to 5,800 feet, operator set 4 1/2-inch casing at 5,005 feet.

Location is 1,320 feet from the north and east lines of 130-O-GH&SA, Abst. 4558.

Robert M. Wynne, Midland, will drill the No. 3-88 Paul Pearson as a 933-foot north-northwest stepout to the three-well Pure-Bean, South field of Crockett County, 10 miles northwest of Ozona.

Location is 1,710 feet from the south and 2,950 feet from the east lines of 88-OP-GC&SF. Contract depth is 1,600 feet.

A confirmer and a stepout were slated to one Crockett County field and an outpost to another.

James L. Lamb Jr., Midland, will drill the No. 3 University as a 1,320-foot west-southwest offset to his No. 2 University, 1165 San Andres oil opener of the Howard Draw, Northeast (1165 San Andres gas) field, 15 miles northwest of Ozona.

Location is 2,173 feet from the north and 690 feet from the west lines of 1-31-University. Contract depth is 1,600 feet.

Lamb will drill the No. 2-A University, a southeast twin to the oil opener, as a 3/8-mile southeast stepout to gas production in the same field, and one location west and northeast of production in the three-well Susita (Grayburg gas) field.

Intra-Squad Scrimmage-----

OHS Lions Get Organized For Football Season, Action Fri.

Sixty-one aspiring football players turned out last week for high school football practice. Coach Rip Sewell said he expects that number to increase this week as classes got started in all schools Monday.

An intra-squad scrimmage

Kirkkens Buy Lewis Grocery

Mr. and Mrs. Sonny Kirkken purchased Lewis Drive-In Grocery from Ted Lewis and took over the business Monday. Lewis has operated the business in its present location since the building was built about 12 years ago. It was the first drive-in grocery store in Ozona.

Mr. and Mrs. Kirkken moved here several years ago from Dallas and he took over the job of administrator at Crockett County Hospital. Lately he and Mrs. Kirkken have been operating the Big "O" Theatre and he has been an associate of Tom Mitchell's in the building of an elaborate truck stop east of Ozona on Taylor Box Road.

Better T-V Reception In Offing

Ozona Television System repairs have had problems with reception since an air conditioner went out of the Big Lake receiver station earlier this year.

Equipment was lost due to the 130-degree heat, and they have been unable to get it repaired properly. This situation especially affects the reception of channel 4, or KOSA from Odessa.

Reception has been poor on channel 6, where normally KCTV in San Angelo gives CBS network programs. However, reception of this station is coming into Ozona fairly well on channel 13. The lost channel 4 is also a CBS station.

Other stations which give reception during this repair period are KVID Midland, NBC, channel 2; KRBC Abilene, NBC, channel 7; and KMOM Monahan, ABC, channel 5. These are the channels those in the Ozona area should be able to get the various stations over.

New equipment is being ordered, and the speed with which it is delivered will depend on how soon good reception is restored to the area. Officials of the cable system ask their patrons to try to be patient and bear with them. They are doing all they can to try to bring good reception back to Ozona.

has been set for tomorrow, Friday, night at 7:30 at Lion Stadium. All Lion fans will have an opportunity to see the boys in action at that time. The Lions will scrimmage Rankin at Rankin Friday night, August 29, around 6 o'clock.

Two-a-day workouts were held last week with the boys in shorts. They are working out this week in pads. Coach Sewell is impressed with the ball club and feel that prospects are good for a competitive season.

The Lions return 14 lettermen, and are a little heavier than teams in past years. Returning lettermen are halfback Ricky Perry, 150 pound senior; quarterback Greg Thompson, 160 pound senior; halfback Orlando DeHoyos, 160 pound junior; halfback Frankie Garza, 150 pound senior; guard Richard Harrison, 145 pound senior; tackle Basil Ramirez, 170 pound senior; tackle Mike Fay, 160 pound junior; tackle Ismael Fierro, 200 pound senior; end John Galvan, 165 pound junior; end Ricky Crawford, 155 pound junior, and end Ronald Shaw, 150 pound senior, all with one letter on the varsity.

Two-year lettermen include Lonnie Martinez, 200 pound senior who will see action at center this year; Henry Fay, 160 pound senior; Gene Castro, 190 pound senior tackle, and Rodney Rutherford, 165 pound senior end.

Other members of the team have been moved up from the junior varsity. They are Vaden Aldridge, quarterback, 140 pound junior; David Torres, 145 pound halfback, senior; Gary Warren, halfback, 160 pound junior; Blake Moody, halfback, 160 pound sophomore; Clyde Bailey, fullback, 180

pound junior; Javier Reyes, fullback, 180 pound sophomore; Raul De La Rosa, fullback, 180 pound senior; Tony Comer, center, 200 pound senior; Eugene Hood, center, 155 pound junior; Max Schroeder, guard, 170 pound sophomore; Alex Guerrero, guard, 155 pound senior; Ricky DeHoyos, guard, 155 pound junior; Paul Sanchez, tackle, 165 pound junior, David Munoz, end, 155 pound senior; Sam Longoria, end, 150 pound junior.

Managers this year are Jerry Weant and Jim Hokit. Brian Gries will be in charge of keeping the statistics.

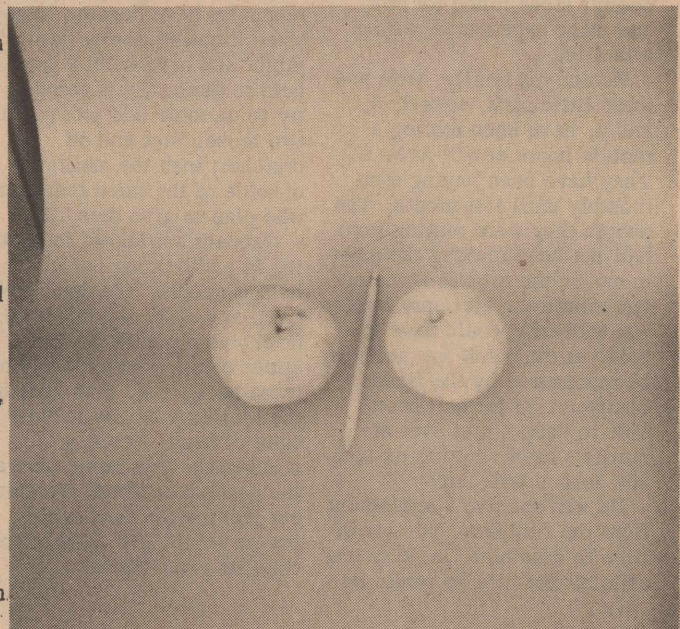

The Lions will officially open the season September 7, at Junction.

Lion Boosters To Honor Team With Melon Bust

Ozona Lion Boosters will sponsor a watermelon bust honoring the Lion team Friday night after the scrimmage behind the east stand. The feast should start around 8:30, but will begin immediately after the scrimmage.

Coach Rip Sewell will introduce the players individually just before the scrimmage. Fans will have an opportunity to visit with the boys during the watermelon bust.

A charge of 50¢ per slice will be charged. This event will take the place of the annual barbecue. Joe Bean is president of the club this year and Weldon Maness is secretary-treasurer. Anyone wishing to make a donation may also do so at this time.

BIG OZONA APPLES -- Hartley Johnigan, after seeing all the big vegetables being featured lately, decided to show the folks some big fruit from Mrs. Johnigan's apple tree. Each apple, some form of delicious, weighed just under a pound. The tree is eleven years old and each year has two to three dozen apples about this size, says Hartley.

Danny Valadez Receives Master's Degree

Danny Valadez, son of Mr. and Mrs. Ray Valadez, received his masters in Education during summer commencement at Angelo State University.

This year Danny assumes his duties as assistant principal at Lincoln Junior High in San Angelo. He previously taught four years at Fannin Elementary School in San Angelo. He is a graduate of Ozona High School.

Law Enforcement Statistics For August 3-18

Crockett County Deputy Sheriff Bill Wilkins gave the county law enforcement statistics for two weeks, the time period from August 3, through August 18.

Under violations, speeding led the list with 67 charges filed and 24 warnings given. One charge was filed for violation of signs and signals and seven warnings were given. One charge was filed on each of three counts, signal violation, driver's license restriction, and D.W.I. Two vehicles were charged with equipment violations and three warnings issued. Two charges were filed for parking violation and twelve warnings given.

Officers served six warrants and citations, investigated seven accidents, went to the assistance of 12 motorists and investigated two burglaries. They investigated nine family disturbances and fifteen miscellaneous calls, dog calls, etc. A total of 13 illegal aliens were picked up during the two-week period.

Band Ends 2-A-Day Practice

The Ozona Lion Band ended two-a-day practice Friday night with an ice cream supper and a swimming party. Lane Scott, band director, was pleased with the turnout for the band and says he feels it will be one of the best years for the band.

The band will make its first appearance of the year Friday night at the Lion intra-squad scrimmage.

Band Boosters will hold their first meeting of the year Thursday, tonight, and all fans and band parents are urged to be present.

REP. KRUEGER TO VISIT OZONA MON.

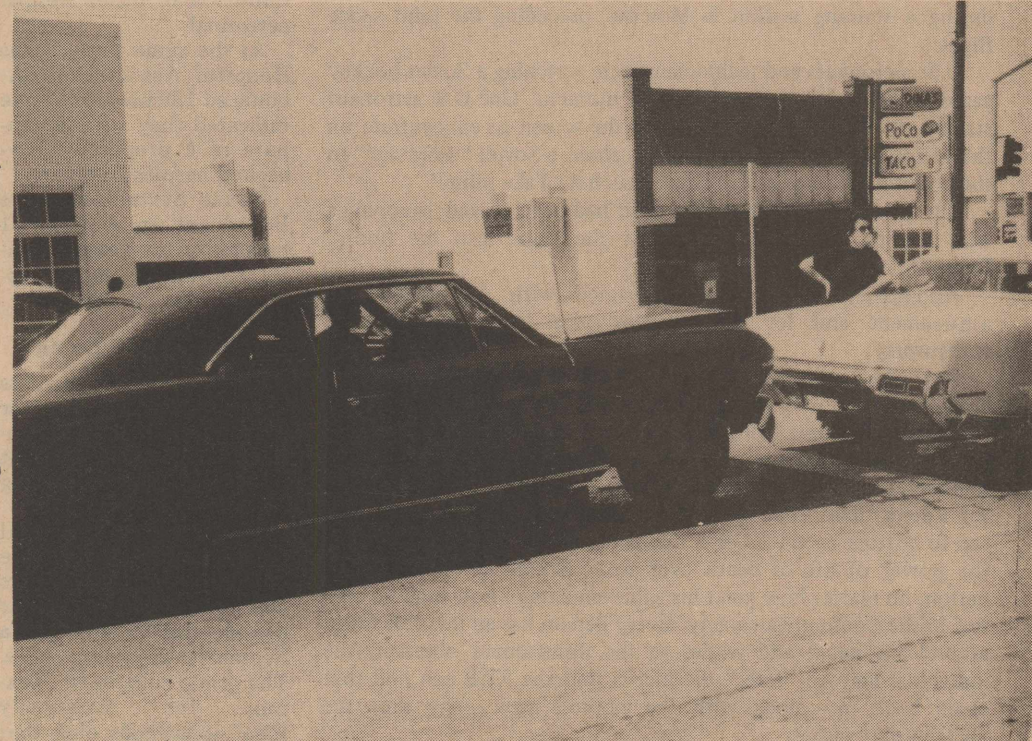

Bob Krueger, U. S. Congressman for the 21st District of Texas, which includes Crockett County, will be in Ozona Monday for a visit.

This will be Representative Krueger's first visit to Ozona since moving to Washington to take up the duties of retiring congressman O. C. Fisher.

Rep. Krueger will be at the Civic Center at 3:00 p. m. to speak and hold a question and answer session for the public. Ozonans are urged to be on hand to welcome Rep. Krueger.

ATTENDING ANNUAL CANCER MEETING in Houston are Mrs. M. E. Nicholas, Dr. W. B. Robertson, of the Crockett County American Cancer Society Unit, and Mrs. C. F. Dacy of Eldorado, the daughter of Mrs. Nicholas, who is president and crusade chairman of Schleicher County Unit and will also serve on the Service and Rehabilitation District Committee in the coming year.

WRECK IN DOWNTOWN OZONA MONDAY stranded a California family. The Lincoln Continental in front was stopped at the red light when the old model car plowed into the rear end. The Lincoln was able to continue on its way, but the other car hit with such force it pushed the radiator into the motor. Two women and eight crying children were stranded here. Driver of the old car said the brakes failed.

Friday 13th Brings Bad Luck To Ozona Family

By - Kitty Montgomery

Friday the thirteenth brought every bit of the bad luck every one always hears about to Don McHenry of Ozona, and it didn't stop there. His bad luck is holding and here it is past the middle of August.

Don, age 30, was a driller for Delta Drilling and was bringing home around \$720 every two weeks when payday came around until that unlucky Friday. Now, with a wife and three little girls to support, he gets \$70 per week and is disabled.

Controversy with some of the men working on the rig some 20 miles south of Sonora was the culprit. After an argument, Don was pushed or fell some 20 feet to the rig floor, breaking both feet and suffering other injuries. He spent 22 days in the hospital after the accident and has been out of work since that time. His injuries are such that he will not be able to work for at least five months.

Out of his workman's compensation pay of \$70 per week, he gets \$192 worth of food stamps a month for \$54. This doesn't leave much for rent and other expenses of raising a family.

He and his family, wife and three little girls, ages 8, 6, and 4, have been renting a mobile home at 313 Ave. H. They have been paying rent monthly until last month. The people they were renting from had not been making the payments on the mobile home and last month the McHenry family was told they would have to move as the home was going to be repossessed by the finance company. So far he's been able to keep a roof over his family's head, but has no idea how long it will last.

He will receive a settlement from the company, but not in time to help now. In fact, one official told him he would be

lucky to come out with a few hundred dollars. He had just worked himself up to the position of driller and worries that he might never be able to be that well paid again.

He has paid social security for years, but discovered he must be disabled for at least six months before he would be able to collect disability payments. He went to the State Welfare office on behalf of his children, but found that since he was receiving the \$70 a week workman's compensation payments, the family was not eligible for welfare payments.

He was appalled that he couldn't even collect half of his salary after he was laid off. It seems that in Texas workman's comp. absolves the company of all liability, and if you are receiving workman's compensation payments you are not eligible for any kind of state aid.

The children did get started to school and will receive free school lunches. Some members of First Baptist Church assisted the little girls with school supplies and a group of local teenagers have become interested in the McHenry family's plight and have been a great help to them. He is going to try to do some odd jobs (with two broken feet and on crutches) with the assistance of some of the same teenagers, who plan to give their time.

Ozonans are known for pitching in and helping out where help is needed. We don't believe any club, organization or church group could find a better cause, and certainly no more needy one, than assisting the McHenry family in their time of need. Keeping our noses to the grindstone here at the newspaper office prohibits our leading the fund raising, but we would like to be among the first contributors.

The "Subversive" Astronauts

It didn't make much of a splash in the Washington, D.C. papers, but to us one of the most significant stories to come out of the Apollo-Soyuz space mission came from the office of Sen. William Proxmire of Wisconsin.

Proxmire told reporters of this incident which took place during a training session in Moscow, preceding the joint space flight:

U.S. astronauts and technicians were watching a Soviet hockey game on television during a relaxed moment. One U.S. astronaut started to move his chair closer to the screen to concentrate on the action. As he began to move his chair, a Soviet "secretary" to the cosmonaut corps said, "Don't touch it! Take mine!"

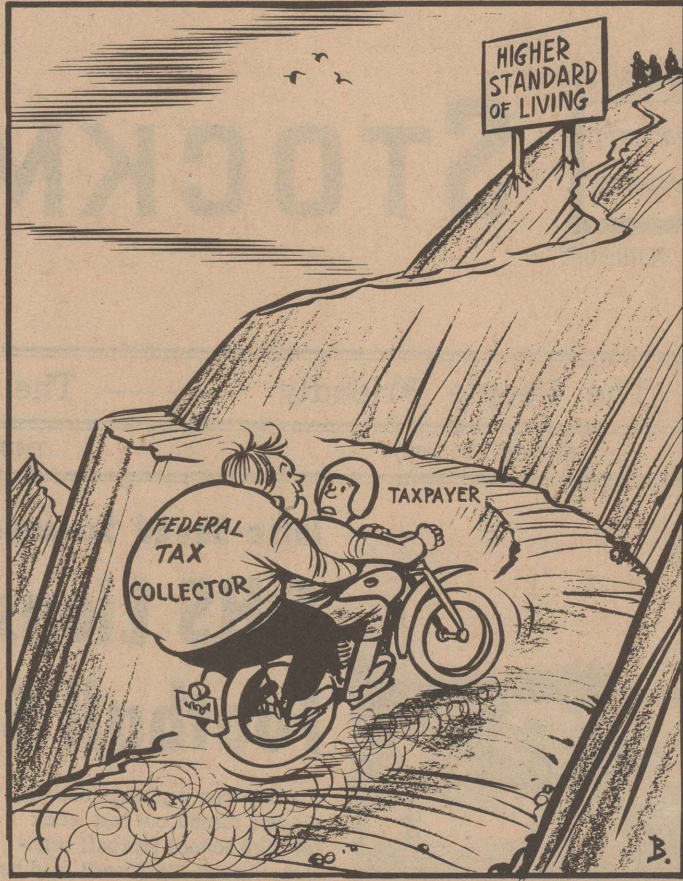

"By this time, however, the chair had been moved, snapping a wire leading from the bottom of the chair into the floor," Proxmire related.

Apparently the Americans reacted with an attitude of amusement and let the incident pass in order to avoid controversy.

But, what an incredible situation, that the Communists cannot even trust their own space flyers to meet in the same room with Americans, without being watched and bugged! This one incident provides moot evidence of everything that Solzhenitsyn and other opponents of the Communist system have been trying to tell us for a long time: that the entire Communist state is ruled from top to bottom by the KGB - the Soviet Secret Police - who hold the power of life or death over every inmate in that "prison" nation, no matter how great his achievements or how high he may rise in the Communist society. Every person has an invisible chain around his neck; and while, to the uninformed observer, the individual may be "free," the fact is that the KGB can pull that chain back in - along with the victim's neck - any time the Dictatorship wishes.

Deal with the Soviets we must; but we hope that at no time will our representatives, from the President on down, have any illusions as to the exact nature of the vaunted "Union of Soviet Socialist Republics." It is a slave society, where even their astronauts, however brave and daring, are little more than monkeys on a string.

GET OFF MY BACK!

THE NEWS REEL

A re-run of "The Ozona Story"

as gleaned from the files of

THE OZONA STOCKMAN

Thursday, August 22, 1946 Mrs. Paul Perner and Mrs. C. D. Allen, Jr., were hostesses at a coke party honoring two recent brides, Mrs. L. B. Cox, 3rd, and Mrs. Booche Coates. 29 years ago

Crowds estimated at 5,000 daily enjoyed the 1946 annual rodeo celebration which featured top ropers of four states and the world's greatest horse flesh. 29 years ago

Bob Krueger Reports

U. S. Representative 21st District

The 94th Congress has been the subject of much criticism from the press and TV commentators, and much of the criticism is probably well-deserved. But there is a consistent criticism which I would like to comment upon: that the Congress is too expensive - salaries are too high, allowances are too big -- a matter on which every Congressional office receives a great deal of mail. I voted against the resolution to increase Congressional salaries, because I feel that at this point in our economic recovery the Congressional salary is adequate. But I have supported increases in allowances for the operation of Congressional offices, because a number of Congressmen have exceeded all of the allowances by now, and I am convinced that we in the 21st District are operating as frugally as we can.

Many readers of this column may have tried to reach one of the offices in our District and found that the telephones are usually busy. Many of you have written letters and waited a long time for an answer. Many of you have tried to arrange appointments with your Representative when he is in the District and discovered that the calendar is full. Some of you have come to Washington to see your Representative, and found that not only the Representative, and found that not only the Representative, but his staff are very busy. We don't have enough telephones, we don't have enough stationery or postage to answer the mail, we don't have enough staff to solve the many problems facing the residents of the 21st District as they deal with their government, and of course there is never enough time to do the job that should be done, a problem we share with all of you. The cost of maintaining our office from August to December will come out of my pocket, and while I do not regret my opportunity to serve you, I know that many of my colleagues cannot afford to contribute part or all of their salary to their own Congressional operations - they have families to support, 2 homes to maintain, and high travel expenditures in the case of those who live far from Washington. Contrary to popular understanding, all Congressional travel is not paid for by your taxes, all stationery is not purchased by your taxes, all telephones are not paid for by your taxes. Those of us who represent very large Districts necessarily spend more than those who represent Districts that are more compact, and there are no adjustments made to compensate for geographical differences.

It is easy and fun to ridicule on the basis of statistics that we don't understand. But when you see an article that suggests that your Congressman gets

Public Notice CITATION BY PUBLICATION THE STATE OF TEXAS TO: Carl Louis Appel, Defendant, Greeting: YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the 112th District Court of Crockett County at the Court-house thereof, in Ozona, Texas, by filing a written answer at or before 10 o'clock A.M. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of September A. D. 1975, to Plaintiff's Petition filed in said court, on the 23rd day of May A. D. 1975, in this cause, numbered 3803 on the docket of said court and styled Louise Bean Appel, Plaintiff, vs. Carl Louis Appel, Defendant.

A brief statement of the nature of this suit is as follows to-wit: That the Court Grant Petitioner a Divorce from Respondent and enter its other orders in accordance with the Petition.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs. Witness, Leta Powell, Clerk of the District Court of Crockett County, Texas. Issued and given under my hand and the seal of said court at Ozona, Texas, this 5th day of August A. D. 1975. /s/Leta Powell, Clerk, District Court Crockett County, Texas --0--

\$300,000 or \$400,000 for being a Congressman, remember that all of those allowances, except staff salaries, have already been expended, and that is true for most Congressmen who have not been in office for a long time, most Congressmen who have active Committee responsibilities, and certainly all Congressmen who have large Congressional districts. Apparently Congressmen of former years were able to save some of their stationary allowance, or their postage allowance, and were able to count it as personal income, subject of course to income tax. Those days are long gone - Congressional business has increased at a far greater rate than the allowances have. The cost of running a Congress is concomitant with the cost of big government, and I think our government is too big now. But while we are working toward reducing the size of our government, we cannot ignore the needs and problems which big government creates for many citizens. Your representative is your ombudsman as you try to deal with the complicated forms, the difficult regulations, the mixups that develop as you try to live with your government. The best solution to the high cost of Congress is to work at reducing the high cost of a government too big to be efficient or even of service to its constituents.

SNIPS, QUIPS AND LIFTS by Lottie Lee Baker

The happy backyard gardener is the one who prepares for plot luck.

The hardest decision in life is when to start middle age.

Part of today's problem is that our paycheck is minus tax and our bills are plus tax.

Social Security Agent to Applicant: "Feeling 65 isn't good enough- you have to be 65."

When your hair has turned to silver, and your teeth have turned to gold, make sure you're growing wiser-- instead of merely old.

Did you ever have a Monday that made your world seem uphill coming and going?

In Los Angeles traffic, you've got to be a Dodger or an Angel.

Remember when the folks who wore blue jeans worked?

Are you a doubtful thinker- or a thoughtful doubter?

To see myself as others see me makes me swear it can't be me.

A LIFT FOR THE WEEK - Nothing ever happens tomorrow- do as much as you can today.

'It's The Law' In Texas

A Continuing Series on Texas Law Brought To You by the County Sheriff's Office

Who determines whether a person is in fact a traveler?

This is a question of fact for a trial court judge or jury to decide. The practical disadvantage in relying upon this provision to justify carrying a pistol is the potential risk of being arrested, jailed and subjected to trial and possible punishment in establishing one's status as a traveler. A similar risk is involved when one must prove any set of circumstances entitling him to possess a pistol.

Is there any difference in Texas when carrying a pistol if one conceals it or displays it openly?

No, a person may not carry a pistol from place to place idly, or habitually or for an unlawful purpose. Deuschle v. State, 4 SW2d 559. Unless authorized by some other provision of the law, a person carrying an un concealed pistol is in open violation of the law. Do these statutes apply to persons traveling beyond the boundaries of Texas? No, each state has its own laws governing the possession of weapons, and Texas laws have no extra territorial effect for Texans traveling in other states.

NOTICE OF REWARD

I am offering

\$500 Reward

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County -- except that no officer of Crockett County may claim the reward.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

Up to this date our summer weather has been very pleasant, for the hot winds have missed us. Even though the showers have been light, our area has stayed green and fresh in appearance.

Throughout this month and the fall our green thumbs should be ready to get busy again. Maybe you are one that wishes for a green thumb. That myth which would have you believe that all great gardeners are born is just not so. The real secret to relaxed and successful gardening is simply having a desire and enjoyment of the chores it involves, common sense gardening know-how, a few professional gardening tricks, practical information, and new ideas and experiments from several magazines available.

Start your root cuttings of most woody shrubs now to have them ready for fall or spring planting. Both broodle of evergreens (azalea, camellia, holly, ligustrum, photinia & others) and deciduous flowering shrubs (buddleia, crepe myrtle, forsythia, spirea, hydrangea and weigela) are commonly propagated this way.

Tip cuttings should be 4 to 8 inches long, with foliage removed from the lower half of each cutting. Insert cuttings 3 or 4 inches apart in a well drained rooting medium of sand, soil, peat or a mixture of these. Keep cuttings moist but not wet and in a shaded location.

After 6 weeks, examine cuttings for a callous formation at the cut area. Rooting should occur about a month after a callous forms. Place rooted cuttings in containers until they are the desired size to plant.

For rooting roses, select healthy, vigorous shoots to include four leaves and cut with a sharp knife. Remove the two lower leaves, and stick the cuttings about half their length into the rooting mix. They will root better if soil is placed in a container that can be covered with plastic to reduce evaporation, and place in a shaded place. Rooting should take from 2 to 4 weeks.

One August task is to remove dead bloom stalks from hemerocallis (day lilies). The best way to remove is to pull sharply on them and they will come up neatly from the crown.

All annuals continue to bloom, but many have lost their earlier luster. Removing old blooms will help put on new blooms. Now looking particularly good are the gloriosa daisies, perennial phlox, various celosias, marigolds, begonias, and sultana.

If your petunias have straggly stems and a scarcity of leaves and flowers, they need your attention for a second time blooming. Trim plants to reshape them, but avoid cutting back into the hard woody growth. Give them an application of complete fertilizer and water thoroughly.

CALLING ALL HOMEMAKERS

Brought to you by Lillian Brown

One of the most practical pieces of furniture that you could add to your home is a bench--and when we speak of benches we can also include such other related things as decorative stools and ottomans. They are so useful, and they can be put to work for you in so many rooms.

In the living room, of course, benches can stretch your seating capacity and in some cases can even be used as tables.

In the bedroom, a bench can be a useful addition to such areas as the foot of a bed. Benches can also be both decorative and useful in your foyer and hallways. In fact they may be just the thing you need in those areas, but perhaps never thought of.

You might want to add several different benches to your home, or use them in pairs. Along with all their other advantages, they can also be helpful by being able to be moved around easily in the home to wherever and whenever they are needed.

For benches, stools, ottomans--and all your home furnishing and decorating needs and ideas--stop in and see us. We'll look forward to serving and helping you.

Debra Says

by Debra Price
H. D. Agent

Too many garden fresh vegetables present a problem to homemakers with limited freezer space or canning equipment.

Fruits and vegetables can be preserved by drying--the oldest method known to mankind. Drying is removing enough moisture from the food to prevent spoilage, because both enzymes and microorganisms require moisture.

Although many different recommendations for types of drying treatments exist, the "trial and error" approach may be best to find which technique works in certain situations. Drying methods include sun-drying, oven drying and sun (solar) heaters. Successful drying depends on enough heat to draw out moisture, but not enough to cook the food material. It's also necessary to have dry air to absorb released moisture and air circulation to carry off the moisture.

Sun drying was invented at the same time as agriculture. Man dried fish, meat and fruit to reserve them for another day. In the 13th century, Genghis Khan's nomadic warriors sun-dried mare's milk to a light-weight powder and put some of it in a water filled saddle bottle at the beginning of each day's journey. The jogging of the horse stirred the mixture to make a thin porridge by night-fall.

Today sun-drying for preservation is especially important to underdeveloped nations. In Turkey, yogurt made from cow or buffalo milk is sun-dried into a chalky powder that can be stored indefinitely.

To this is added flour, bits of carrots, beans or pepper.

Mr. Hunt Is Married

Mr. Embree Hunt and Mrs. Nelcene Hare were married August 9, in a ceremony in Lovers Lane United Methodist Church in Dallas.

The couple will be at home in Phoenix and Dallas after a wedding trip to Palm Springs.

Mr. Hunt has extensive land holdings in Crockett County and is a former Ozonan.

Miss Hanson Married To Michael Karr

Mr. and Mrs. Vernon Hanson of Crane announce the marriage of their daughter, Vicky Jo, to Michael L. Karr, son of Mr. and Mrs. K. W. Karr of Ozona.

The wedding was held in the First Methodist Church, Crowley, Texas, July 27, 1975, with reception following in their Dallas apartment. Cathy and Richard Collett of San Angelo served as attendants.

Vicky will remain at her job in Dallas while Mike completes his tour of duty at Weisbaden AFB, Germany.

Michael Garmon original sculpture at BROWN Furniture Company.

Winter Hours Announced For Adult Library

The Crockett County or Adult Library will be open on Monday evenings throughout the school term, according to Mrs. Earline Jones, librarian.

The facility will be open Monday, August 25, from 5:30 until 7:30 p.m. It will be closed the following Monday which is Labor Day, and then follow these hours for the remainder of the fall and winter. The Library will, of course, be open during school hours for public use, Monday through Friday each week.

Mrs. Jones has extended a plea for readers to return books checked out during the summer months. She said that many children's books were missing from the shelves, along with adult books. Mothers need to look through children's bookshelves and return those belonging to the library.

Mr. and Mrs. Dave Matney were in Navasota, Texas, this weekend where they attended the wedding of Mrs. Matney's niece.

THE SIZE OF THE CREATURE

No doubt the dinosaur thought--if dinosaurs thought at all--that he was big enough, powerful enough to survive anything. But the dinosaur is extinct.

Man used to think that his brain, his cleverness, his frightening weapons made him a cinch for survival. Now we talk seriously about man's "hope of survival."

No wonder the dinosaur has become fascinating. Poor fellow--so big and powerful and extinct. Surely if he'd had our intelligence and our nuclear war-pile, he'd have made it!

But there's always that gnawing uncertainty--maybe it takes something else!

Come to church and you'll be rubbing shoulders with people who are sure it does. For them, mankind's hope is not in the size of the creature... but in his soul.

Local Persons Attend Annual Cancer Meet

Dr. W. B. Robertson, Jr., recently attended the Thirtieth Texas Division Annual Meeting of the American Cancer Society held at the Shamrock Hilton Hotel in Houston as Crockett County Unit's voting delegate.

Mrs. M. E. Nicholas, who also attended the state meeting, stated that the meetings were very worthwhile and it was certainly gratifying to see more than 300 volunteers from all over Texas getting together for a common cause.

Succeeding Mrs. Nicholas as District Public Information Chairman for the new year commencing September 1st will be Sam Pendergrast of San Angelo.

Mrs. Nicholas will serve as the local Public Education Chairman, District Crusade Chairman, and as a member of the District Executive Board; she will also serve on Area II and Texas Division Crusade Committees.

Miss Shaw Completes Training

Miss Teresa Shaw, daughter of Mr. and Mrs. Harold Shaw of Ozona, has just completed a ten-week term as summer missionary for the Galveston Baptist Association. A sophomore at East Texas Baptist College in Marshall, Miss Shaw is an interior decorating major.

In her work with the West End Baptist Church on Galveston Island, she organized youth activities, conducted Backyard Bible Clubs, day camps, recreation and beach witnessing.

Miss Shaw's parents are members of First Baptist Church, Ozona.

County Draws Locations For Two Wildcats

Crockett County drew locations for two wildcats. Amoco Production Co. will drill the two Crockett County wildcats, 17 miles southeast of Ozona, three miles south-southeast of the Joe T. (Strawn and Canyon gas) field, but separated by a depleted Strawn producer, and in the vicinity of the firm's No. 1-C Joe T. Davidson, active wildcat.

The No. 1-E Joe T. Davidson, a 9,110-foot test 1/2 mile east of the No. 1-C Davidson, is 1,320 feet from the south and west lines of 15-TG-GC&SF. The No. 1-D Joe T. Davidson, 1/2 mile south of the No. 1-C Davidson, is 1,320 feet from the north and east lines of 7-TG-GC&SF. The No. 1-C Davidson, in 6-TG-GC&SF, drilled to 9,320 feet, was testing, no gauges, through perforations at 9,056-72 feet.

Days Ph. 915-392-3523
Nights Ph. 392-3004
Ozona, Tex. 76943 392-3246

Remember Reddy Supplies the energy - but only YOU can use it wisely!

Reddy's helpful tips for your Room Air-Conditioners

Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.

Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.

Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, so cool air falls and can escape through vents.

You purchased fine-home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and breakdown costs.
