## Kitty's Korner

by  
Kitty Montgomery

We took off last Friday and spent the weekend in Austin, so we really are not too well prepared for the paper this week. It was worth it, though. While we were gone, former Ozonan Rob Roy Currie came in to visit and left a clever little article taken from "The Market Place"---a little neighborhood paper. Sorry we missed him, but appreciate his help with our column this week. Oh, by the way, we had a nice visit with L. B. T. and Gerry Sikes. After two months of city life, they are about to get used to the stepped up pace.

Here's our reprint. It's entitled "Pitty the Middle Class." For years the greatest fear in a man's life was to be poor. It was about the worst thing that could happen. But gradually that's changing. In fact now days, you can get subsidized housing, health and dental care, university scholarships and various other welfare benefits, provided you're poor enough. All you need to enjoy many of the advantages of life is proof that you are disadvantaged.

Nobody can complain about that. It's human and kind. However, in curing poverty, society has created another problem group. An that's the middle class.

Nobody wants to be middle class anymore because the middle class has an awkward amount of money---too much to be eligible to live as well as the poor, too little to live as well as the rich. The middle class wage earner is caught in between.

Instead of living downtown (Like the rich and the poor) the poor sap has to buy a crummy lot 35 miles from town because that's all he can afford. And then he spends the rest of his life trying to pay his bills, educate the kids and meet the mortgage because nobody will help him out. If poverty gets any more attractive, this is the sort of thing we may run into at the office:

"Mr. Goodie, I wonder if I could speak to you a minute?"  
"What is it, Smedley, I'm busy."

"It's about my salary, Mr. Goodie. I wonder if you could give me a decrease?"

"You had a decrease less than a year ago, Smedley. I know sir. I wouldn't ask if it wasn't important, but I sure could use less money."

"What size decrease did you have in mind?"  
"I was hoping for a \$25.00 cut in salary."

"Twenty-five dollars! That's a big slice, Smedley. What have you done to merit that?"

"I've worked for the company 23 years, Mr. Goodie, and I've never let you down. My work has always been up to standard."

"I realize that, Smedley."  
(CONTINUED ON LAST PAGE)

OUR CONGRESSMAN VISITS -- Bob Krueger, U. S. Congressman from the 21st District of Texas, spent a couple of hours in Ozona Monday at the Civic Center giving his views on government at the federal level and explaining his votes on various

issues. A question and answer period followed and those present managed a word with their representative during the reception before the program or the fellowship which followed.

## Rep. Bob Krueger Discusses National Issues With Ozonans

Bob Krueger, U. S. Congressman, 21 District of Texas, was here Monday afternoon and held an informal discussion at the Civic Center with a group of Ozonans. Forty persons were registered, but before the program got under way an estimated 50 to 60 were present. A reception period was held with small groups visiting with the Congressman and his staff and punch and cookies were served by ladies from the Home Demonstration Club.

In the absence of County Judge Troy Williams who was held up in county court, Chamber of Commerce manager Hubert Baker introduced Rep. Krueger.

Congressman Krueger spoke on some of the bills to come out of the recent session of Congress and explained his position on some which he felt were most important.

He mentioned that he was one of 90 legislators who voted against the tax rebate even though he felt it was not "politically popular." The group responded with a smattering of applause before Krueger went on to explain that the rebate was a one time only giving the taxpayers back their own money and that at the present rate of inflation the federal would soon be

forced to take it back and more besides. He expressed concern over the federal budget deficit and said he felt it would be two years at the least before the country could hope to see a balanced budget if ever.

Krueger explained his vote to go ahead and send arms to Turkey. The measure failed to pass the House, but he feels it will come up again when Congress re-convenes. He explained the importance of American bases in Turkey and reminded those present that the Soviet Union had tried for years to put USSR bases in this strategic area.

He also mentioned that the Turks were solid allies of the U. S. and had been for many years. He was not, he said, making a choice between the Turks and the Greeks but he did mention that there are no Turkish-American groups while there are large numbers of Greek-Americans. He said his mail ran heavily against the arms shipment to Turkey, but he still felt it was in the best interest of all concerned to send Turkey the arms. An interesting fact was brought to light when Krueger explained that the United States had accepted payment from Turkey for the arms, had not refunded the money, and was presently charging that country interest for the storage of the arms. This bore out the truth of a statement made later by Krueger, "there are many times a legislator sees things in a different light from the folks back home."

The energy problem was dealt with at length. Krueger is a member of a newly created subcommittee on energy and power. He said that energy was a new issue for Congress and the policy the country had been following had been very mis-guided. He explained the policy of freezing "old oil" at \$5.27 a barrel, and then the fact that the Arab countries set their own price, and the United States is forced to pay it, since foreign oil constituted 40% of all oil used in the United States. He mentioned many cases where old wells could yield more oil, but that it would cost the producer more than \$5.25 a barrel to increase old production. He believes in a program of gradual de-control of all United States produced oil and natural gas. He said he had rather subsidize the people at home than foreign interests. He said he will vote with President Ford to veto any bill to extend controls past September 1, when all controls expire.

He said that energy was a new issue for Congress and the policy the country had been following had been very mis-guided. He explained the policy of freezing "old oil" at \$5.27 a barrel, and then the fact that the Arab countries set their own price, and the United States is forced to pay it, since foreign oil constituted 40% of all oil used in the United States. He mentioned many cases where old wells could yield more oil, but that it would cost the producer more than \$5.25 a barrel to increase old production. He believes in a program of gradual de-control of all United States produced oil and natural gas. He said he had rather subsidize the people at home than foreign interests. He said he will vote with President Ford to veto any bill to extend controls past September 1, when all controls expire.

Kruger said he expects another, more realistic energy bill by the executive and legislative will be forthcoming. The only way to get more production in the United States is faded decontrol, he said. We cannot regulate the price of oil without freezing the prices of other resources, he pointed out. Krueger said in the long run it will be the only way to keep the Arabs from controlling the price of oil, more development in the United States and more energy sources.

A question and answer period followed: when asked what the answer was to the incredible problem of government waste and a growing bureaucracy which cost in excess of one billion dollars a day just to operate, his advice was "don't despair." He had no answer, but felt that reforms in future years would help the situation.

Most questions from the audience dealt with misuse of welfare funds. Congressman Krueger told those concerned with these problems that if they knew of instances where government funds were being fraudulently used they should come to his office with proof and action would be taken. He also said reform in the present welfare system is under way and will be a big help in assuring that welfare funds go to the aged, the disabled and the needy. He said food stamps would be another item looked into in future welfare reform.

When asked about gun control, Congressman stated that there will be no gun control law. "We will not have it, I will not vote for it. There will be no federal gun control law," he said. Following the meeting, the congressman and his staff lingered to visit awhile before catching a plane for their next visit in the huge district.

## Amoco To Drill In S'west Field

Amoco Production Co. will drill the No. 2-A J. B. Blakey, a 7,420-foot wildcat in southwest Crockett County, 33 miles southwest of Ozona, five miles northwest of the Euleone (Wolfcamp gas) field and three miles southwest of Canyon gas production in the Ozona multipay field.

Location is 1,320 feet from the north and west lines of 58-Q2-D-SE. It is also one mile east of the firm's No. 1-C Blakey, in 63-Q2-GC&SF, active wildcat which is testing, no gauges, through perforations at 5,130-209 feet.

Clearfork gas production was extended 2-3/8 miles northwest in the V. I. P. (multipay Clearfork) field of Crockett County with reclassification of Indian Wells Operating Co., (formerly The Canyon Co., Ltd.) No. 1-101 Crystelle Childress, former dual Clearfork oil producer and Canyon gas producer in the Ozona multipay field, 23 miles southwest of Ozona, for a calculated absolute open flow of 450,000 cubic feet of gas per day, through perforations at 5,648-6,398 feet.

It was finalized June 16, 1968 to pump seven barrels of 32 gravity oil, through Clearfork perforations at 2,350-80 feet; and finalized Sept. 8, 1968 from the Canyon for a calculated, absolute open flow of 600,000 cubic feet of gas per day, through perforations at 5,648-6,398 feet.

Location is 1,320 feet from the south and 1,600 feet from the west lines of 101-WC-A Vasquez.

## More Screwworm Cases This Year Than Disastrous '72

The current year is shaping up as the worst in total number of confirmed screwworm cases since the disastrous 1972, points out Billy Reagor, Crockett County Agent. Texas' total as of August 10 stood at 3,775.

Crockett County Ranchmen have only had six confirmed cases. The first case was on May 12, 2 cases on July 16 and 3 cases were confirmed August 20. This is nothing to compare to last year. Even though the weather conditions have been ideal for screwworm buildup, the effective jobs the alert ranchmen are doing and the continued aerial weekly drops of sterile flies by screwworm program have helped keep cases to a minimum.

But watch out. The officials from Mission Lab notified the agent and informed him that there was an outbreak ahead.

## Sanchez To Officers Training

Richard A. Sanchez, son of Mr. and Mrs. Jose M. Sanchez, was selected by the U. S. Air Force to attend officers training school in San Antonio, Texas.

Upon successful completion of O. T. S. Sanchez will be commissioned as a second Lieutenant. He is a 1970 honor graduate from Ozona High School and received his B. B. A. degree in 1974 from the University of Texas at Arlington.

The ground release will continue this year the same as it did last year.

Herd should be checked regularly and worm samples from infested wounds should be sent in to the Mission Lab to confirm whether or not the

## Local Officers Investigate Dog Poisonings

Four dog poisoning cases the past week have alarmed local officers. All cases reported were poisoned in their owners yards and at least one dog was chained when he was given the poison.

Strychnine in roast beef was the culprit in at least one case. Officials and parents are concerned that young children or even babies will have access to the poison and with dire consequences.

An investigation is underway by county officers into the purchase of strychnine here and in surrounding towns by local persons. Those without good cause for purchase of the poison will be called upon to explain their purchases.

The poisonings possibly stem from the large number of stray dogs running loose on the streets, and this is indeed alarming. Those concerned should petition the proper authorities to bring the situation under control rather than take matters into their own hands and endanger yard pets and children.

pests are actually the flesh-eating screwworm. Once confirmation is made the area where the case was reported is bombarded with sterile flies, both aerial and ground release by ranchmen.

Besides regular herd inspections the agent advises producers to postpone until cool weather such animal surgery operations as dehorning, branding, castrating, and ear-marking. The navels of newborn animals should be treated with recommended protective smear as soon as possible, since they are the sources of a high percentage of confirmed cases.

Containers for mailing worm samples are available at the County Extension office, Ozona Wood and Mohair, and Ranch Feed and Supply. Samples should be sent to the Screwworm Eradication Lab, P. O. Box 969, Mission, Texas 78572.

## Two Ozona Students Get ASU Degrees

Danny Valadez and Grace Urbantke of Ozona were among 233 students receiving degrees from Angelo State University during the University's summer commencement program.

Valadez received a Master of Education degree with a major in school administration.

Ms. Urbantke received a Bachelor of Science degree with a major in elementary kindergarten.

## Fenton Gets Probated Sentence

Former Crockett County Deputy Rex Fenton was assessed a one year jail sentence, probated for three years, and a \$250 fine in U. S. District Court in San Angelo Monday after pleading "no contest" to a federal indictment charging him with a 1974 civil rights violation.

Fenton was charged with beating Luther Ray Rusing in June, 1974, when Rusing was spending the night in Crockett County jail. Fenton resigned his post as Chief Deputy following a grand jury indictment in May. The case was investigated by the Federal Bureau of Investigation.

U. S. District Judge Halbert O. Woodward made the finding of guilty and assessed the penalty. San Angelo attorney Aubrey Stokes, representing Fenton, brought in over 20 law enforcement officers and citizens to testify to Fenton's reputation in the community and as a law enforcement officer.

## Miss Kerby Receives V.N. Certificate

Phyllis Kerby, daughter of Mr. and Mrs. Herb Kerby, was one of the students receiving a certificate as vocational nurse at 7:00 p. m.

August 22 at the Sacred Heart Cathedral in San Angelo. Giving the graduation address was San Angelo physician Dr. Vayden F. Stanley.

San Angelo School Supt. James Nevins presented certificates to the graduates.

## Crockett County 4-H Members Compete

Fourteen Crockett County 4-H members entered their 4-H Record Books in District Competition during the District Record Book Judging and District Council Meeting in Fort Stockton.

Max Schroeder and Regina Everett attended the District Council meeting serving as delegates from Crockett County. Both were elected to the District Council. Regina Everett was elected Girls' Vice Chairman and Max was elected Boys' Vice Chairman. They will attend various state and district 4-H activities serving in these capacities.

In the record book competition the following seniors won their division and will enter the State Record Judging.

Regina Everett-Food and Nutrition, Rebecca Everett-Home Environment, Monica Delgado-Consumer Education, and Gigi McKimney-Clothing. Other seniors included Carmen Delgado - Home Management placing 2nd, Max Schroeder - Sheep, 3rd, and Elsa Delgado-Achievement.

In the intermediate division the ribbon results are: Mabel Delgado-Home Improvement-blue, Les Hale-Horse-blue, Ed Hale-Agriculture-red, R. J. Everett, III-Santa Fe-red, and Aldo Delgado-Achievement-white.

The Junior Division ribbon results were: Felice Delgado-Clothing-red and Valerie Mahannah-Achievement-white.

AN EMPTY STREET IS NOT USUALLY OF ANY CONSEQUENCE, however, when school is going on and that street is between the high school and junior high and the library and administration building, it is news in Ozona. The street has been cleared of parking this year and has been a great improvement in traffic safety around the school plant. The new parking lot across from the high school has been completed and is being used daily by students and faculty.

DEADLINE FOR HISTORY STORIES COMING UP -- September 1 is the deadline for family histories to be turned in for the Crockett County History Book, and the museum has been a busy place this week. Everybody waited till the last minute, but stories came in at a fast and furious pace. Here Mrs. Ira Canon looks over a picture of early day settlers while Mrs. Roy Henderson delivers her family history. Mrs. Joe Bean looks on. The framed print in the background is the official Crockett County Bicentennial logo, created by Mrs. Jackie Womack.

**KISSINGER ON PORTUGAL**

The ink has hardly dried on the Helsinki agreement on European Security and already Secretary of State Kissinger is forced to complain publicly that the Soviets are violating its principles by aiding the Portuguese Communist effort to subvert democracy and take over that country.

We say "forced" because Kissinger knew very well that the Soviets were involving themselves in Portugal before he and President Ford went to Helsinki. The CIA warned, weeks ahead of time, that Russia was providing massive financial assistance to the Portuguese comrades. Yet Kissinger made no protest and the State Department played down the reports. Nothing, obviously, was going to be allowed to disturb the "friendly atmosphere" of detente. But now Kissinger comes out with a public warning to Moscow that "the Soviet Union should not assume that it has the option, either directly or indirectly, to influence events contrary to the right of the Portuguese people to determine their own future."

Well, these are nice words, but why shouldn't Russia make that assumption? What is the U.S. going to do about it? Kissinger had an answer of sorts: "The Portuguese people should know that we and all the democratic peoples of the West are deeply concerned about their future and stand ready to help a democratic Portugal."

That sounds a little better, perhaps. We hope, frankly, that in translation it means that the U.S. is already giving some kind of help to the anti-communist forces in Portugal and that if matters come to civil war, the U.S. will prevent any outright military intervention by the Soviets on the side of the Communists.

The Portuguese drama is unfolding against an ominous backdrop. A recent article in the Soviet Communist party newspaper, *Pravda*, suggests that Moscow has dropped the theme of cooperation with other parties, such as the socialists, as the road to power, and now believes the time is ripe for "direct revolutionary activity by the masses." Portugal is evidently going to be a test case for this new line which Moscow is now urging on the other Communist parties of Western Europe.

We're glad Dr. Kissinger finally spoke out. Better late than never. It is simply more proof, if any is needed, that the fine words at Helsinki were nothing more than another idealistic-sounding fraud, having nothing in common with reality. The reality is that the Soviets think the time has come to push for world revolution more aggressively, not less so.

**THE RISING CRIME RATE**

Attorney General Edward H. Levi used the right word to describe the latest FBI statistics on serious crimes in the United States: "Terrifying."

The figures released by FBI Director Clarence M. Kelley showed that serious crime rose 18 percent during the first three months of 1975 over the same period a year ago; one of the largest jumps in the crime rate in history. The increase included every type of violent crime: murder, up 7 percent; forcible rape, up 4 percent; armed robbery, up 28 percent; aggravated assault, up 10 percent; burglary, up 20 percent; larceny, up 19 percent; motor vehicle theft, up 6 percent. The Northeastern states had the largest increase in crime; up 21 percent over a year ago.

Translated into actual figures, and selecting one city at random, we find that in Boston, Massachusetts for the first three months of this year there were 30 murders, 98 rapes, 2,091 robberies, 656 aggravated assaults, 4,589 burglaries, 4,480 thefts (larceny), and 6,182 stolen cars.

The authorities admit that these reported crimes are much less than the actual number committed; for example, many cases of rape, or theft, or assault, etc., are simply not reported.

Attorney General Levi gave the usual explanations for the crime increase; the need to improve our criminal justice system, the court practice of downgrading charges from felonies to misdemeanors, the fact that two-thirds of all persons arrested are repeaters, and so forth.

One statistic we did not see mentioned was the fact that the increase in crime in the United States during the last decade has been accompanied by a marked decrease in church affiliation and attendance. Is there a connection? We think there is.

To put it another way: although the "experts" collect all sorts of figures to show the economic background of the criminal, or his geographical location, age, and color of skin, apparently no record is kept of church affiliation or attendance. Does anyone collect or tabulate such information?

We will hazard the guess that if this were done, the record would show that the crimes of rape, murder, assault, burglary, and car theft are much less among those who are active participants in church affairs — whether Protestant, Jewish, or Catholic.

And if this should prove to be true, then would it not follow that parents who wish their children not to become criminals should enroll them promptly in a local Sunday or church school?

"In these tough times, we've all gotta make sacrifices, buddy."

**STATE CAPITAL Highlights AND Sidelights**  
by Lyndell Williams  
TEXAS PRESS ASSOCIATION

**AUSTIN** — Campaigns for and against a new Texas constitution are getting off the ground.

Proponents of the far-reaching revision to be voted on November 4 have opened an Austin headquarters under the direction of former State Supreme Court Chief Justice Robert W. Calvert and State Rep. Ronald Earle of Austin.

Opponents, for the time being led by State Sen. Peyton McKnight of Tyler, are setting up shop in an office building across the street.

First copies of a proposed voter's guide to the revision document were placed in the mail last week. They present complete text of the eight propositions to be voted on, with a comparison summary of the "old" and "new" constitutional provisions.

Acknowledged opposition has centered largely on the proposal for annual sessions of the legislature — a 140-day session during odd-numbered years and a 90-day meeting on even-numbered years.

House Speaker Bill Clayton and Lt. Gov. Bill Hobby, concerned over effect of the opposition, asked an attorney general's opinion on whether the short, even-year session could be limited by law or legislative rule to budgetary and emergency matters.

Their proposal immediately stirred strong disapproving comment from both proponents and opponents of revision, indicating, perhaps, a hot campaign during the next three months.

**Ouster Rules Drawn**

A Senate committee approved rules for the impeachment trial by 31 senators of 229th District Judge O. P. Carrillo September 3.

Carrillo personally appeared at the committee hearing with his attorneys, Leon Jaworski, the former Watergate prosecutor, who will be special counsel to the Senate presiding officer, urged proceedings be conducted "on a high plane in strict accord with the rules."

The committee tentatively approved live broadcast news coverage of the trial and recommended a gag rule to restrict comments by senators on proceedings in which they sit as court and jury.

Carrillo subsequently has been indicted by a Jim Wells County grand jury. He already faced a September 8 trial date on an income tax case in federal court at Corpus Christi and an October 2 hearing by a Judicial Qualifications Commission master in removal proceedings.

**Allowable Wide Open Again**

The Railroad Commission set the oil allowable for the 42nd straight month at 100 per cent of potential.

Commissioner Jim Langdon said a 15 per cent shortfall is expected in interstate gas pipelines this winter.

Any action by the federal government to take Texas gas reserves to make up for shortages in other states would amount to "a rape of Texas," Langdon commented.

"If it is a cold winter, and indications are that it will be, things are going to be pretty tough, gentlemen," Langdon told oil and gas company representatives at the Commission's meeting to set the allowable.

**AG Opinions**

A state representative who intentionally charges expenditures to the state in excess of the authorized amount is subject to prosecution under the penal code, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- Teachers cannot be school board members in the same district which employs them.
- Beginning September 1, judges must contribute six per cent of their annual compensation paid by the state to their retirement fund, legislators eight per cent.

- A motion for discovery rather than the Open Records Act is the appropriate means for access to information in a welfare recipient's case file concerning pending criminal charges against him.

- There is no law authorizing Wharton County to cease operation of the county's Nightingale Hospital, other than by lease.

- Texas Board of Dental Examiners may not require dental assistants to register with the Board and pay an annual fee nor permit employment of more than one dental hygienist per dentist.

- A member of the board of commissioners of the Port of Houston Authority may also be a member of the Texas Amusement Machine Commission.

- A board of regents may not compel a college faculty member or employee to take a leave of absence without pay while campaigning for public office in a school district, city or other local governmental district, but may require that for candidates for any other public office.

- Information on inventories from grain warehouse reports of the Department of Agriculture is not subject to disclosure under the Open Records Act.

**Short Snorts**

State Highway and Public Transportation Commission received \$17.1 million in public transportation fund requests from San Antonio, Beaumont, Galveston, Corpus Christi, Lubbock and Amarillo.

State Board of Insurance approved a joint plan by Texas insurance companies for providing malpractice coverage to hospitals and doctors.

A legislative public health sub-committee recommended doctors be licensed every five years to insure their keeping up with the times.

Comptroller Bob Bullock said 31 retail firms shut down for back sales taxes owe more than \$1 million which will be recovered by the state and cities.

**THE LIONS ROAR**  
BELINDA BEBEE & KAREN MOODY

Those old familiar bells are ringing once again in the halls of O. H. S. There are many new faces as well as familiar old faces to be seen. When we asked the students how it felt to be back in school, we received these comments:

Not too good, but it will pass-Elizabeth H.; It's better than work-Rodney R.; Dymomite-David T.; Back to sleep-Joey P.; School? What's school-Coach Sewell; If it felt any worse, I'd be dead-David G.; I feel????-Lori P.; No more 2-a-days-Max S.; How does it feel to be in a Siberian Concentration Camp?-Johnny H.; Sleepy-Mrs. Carson; Like being run over by a truck-Cliff M.; Like I need an AlkaSeltzer-Orlando D. H.; It doesn't feel at all-Mike F.; It's o. k. but I get the munchies too quick-Henry F.; It's great-Mando R.; It's better than washing dishes-Mr. Clark; Rising early, igh-Coach Tarno. LR

We would like to welcome the four new members of the O. H. S. Faculty. First, our new principal, Mr. Jim Payne, who comes to us from Sanderston, Texas; his secretary, Mrs. Terry Gries; the Biology teacher, Mrs. Dwight Childress; and last but not least, Coach Williams, who is returning to us from Stanton, to teach Civics.

LR  
Congratulations goes to the following people who were selected as class officers: Freshman officers - Debra Galvan-President; Joel Sanchez-Vice President; Karen Warren-Secretary; and Pam Compass-Treasurer. Sophomore officers are - Victor De La Garza-President; Manuel Longoria-Vice President; Kathy Sanchez-Secretary; Maggie Galvan-Treasurer. Junior officers - Brian Gries-President; John Galvan-Vice President; Karen Kirby-Secretary; Helen Bunger-Treasurer. Senior officers - Bill Bissett-President; Tony Hoover-Vice President; Carmen Galvan-Secretary.

LR  
President of the Student Council this year is Richard Harrison with Ricky Perry as Vice President, Lynn Maness as Secretary, and Belinda Bebee as Treasurer. The representatives from each class are: Seniors-Lori Parker and Vince Huffman; Juniors-Orlando DeHoyos and Nancy Womack; Sophomores-Blake Moody and Rhonda Yeager; Freshman-Janice James and Danny Sewell.

LR  
Is it true that Wilson Hill is taking Karate Lessons? If it is, everyone better watch out!!!!

It seems that Bill Bissett was called to Mr. Payne's office after class meetings for collecting money for a certain get together.

**Public Notice**

CITATION BY PUBLICATION THE STATE OF TEXAS TO: Carl Louis Appel, Defendant, Greeting: YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the 112th District Court of Crockett County at the Court-house thereof, in Ozona, Texas, by filing a written answer at or before 10 o'clock A.M. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of September A. D. 1975, to Plaintiff's Petition filed in said court, on the 23rd day of May A. D. 1975, in this cause, numbered 3808 on the docket of said court and styled Louise Bean Appel, Plaintiff, vs. Carl Louis Appel, Defendant.

A brief statement of the nature of this suit is as follows to-wit:

That the Court Grant Petitioner a Divorce from Respondent and enter its other orders in accordance with the Petition.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, Leta Powell, Clerk of the District Court of Crockett County, Texas. Issued and given under my hand and the seal of said court at Ozona, Texas, this 5th day of August A. D. 1975.

/s/ Leta Powell, Clerk, District Court Crockett County, Texas --0-- 24-4tc

We seriously believe that if John L. can't control his driving, he ought to let his chauffeur drive.

Some of the students in 6th period typing class seem to be having a hard time keeping up with Mrs. Taliaferro-HMMM!

We want to know what some of the Freshman were doing in 5th period Civics instead of their Math class.

Is it true that Mrs. Allen's Junior English class is going to have a lottery and she's going to get the jackpot?

What inspired Karen Bebee and Kathy Sewell to abandon their task of putting up signs on the 3rd floor and race down the stairs and out the door setting a new world's record. Could it have been the legendary school ghost??

SNIPS, QUIPS AND LIFTS by Lottie Lee Baker

Ignorance must NOT be bliss or lots of people would be jumping with joy all the time.

The easiest way to live within your income is now and then.

Experience is what you have left over after you have pulled the boner.

Children who don't zero in on their grades get shot down.

She thinks she is too good to be true.

Fading memory is what makes them the "good old days."

A mud-pack helped his wife's appearance, then it began to flake off.

A pessimist is one who holds a seashell to his ear and hears a faucet dripping.

Most of us can keep a secret, but the people we tell it to can't.

About the only thing free of charge today is a run-down battery.

Most gossip is either indecent or invented.

If you're going in circles maybe you are cutting too many corners.

**'It's The Law' In Texas**

Are honorary constables entitled to carry pistols? Honorary constables who have not been officially appointed as deputy constables in the manner required by law and have no official duties in such capacity are not permitted to carry a pistol.

Are any other weapons considered prohibited weapons under Texas laws?

It is unlawful according to Section 46.04 of the Texas Penal Code to intentionally or knowingly possess, manufacture, transport, repair or sell an explosive weapon, a machine gun, a short-barrel firearm, a firearm silencer, a switchblade knife or knuckles. Certain types of clubs and knives are also illegal to possess including a black-jack, night stick, mace, tomahawk, knife with a blade over five and one-half inches in length, throw-blade knife, dagger including a dirk, stiletto and poniard, bowie knife, sword or spear.

May persons who have been convicted of certain felony offenses possess a pistol or other prohibited weapon?

Section 46.05 of the Texas Penal Code states that no person who has been convicted of a felony involving an act of violence may possess, away from the premises on which he lives, a firearm of any type. Violation constitutes a felony punishable by imprisonment up to 10 years. In addition a violator may be fined not to exceed \$5,000.

**NOTICE OF REWARD**

I am offering \$500 Reward

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.

**Tips For Gardeners**

From the Ozona Garden Club by Mrs. Bailey Post

Although it's the middle of the summer, now is the time to start getting things in shape for a fall vegetable garden in most areas of Texas. Most home gardeners have had successful gardens this spring. This has been due primarily to better-than-average growing conditions, adequate care and increased interest on the part of the home gardener.

In many areas of Texas, gardening can continue the year round. It is always a tough decision to decide whether or not to terminate a spring garden or try to carry it through until the first frost. In the southern areas of the state, home gardeners should be encouraged to begin a fall garden rather than try to carry their spring planted crops through the summer.

This means getting the soil prepared and getting transplants started as soon as possible for a fall garden. Most homeowners overlook the fact that the months of August and September are the times to plant many popular vegetable crops such as tomatoes, peppers, eggplant, beans, potatoes, okra and squash.

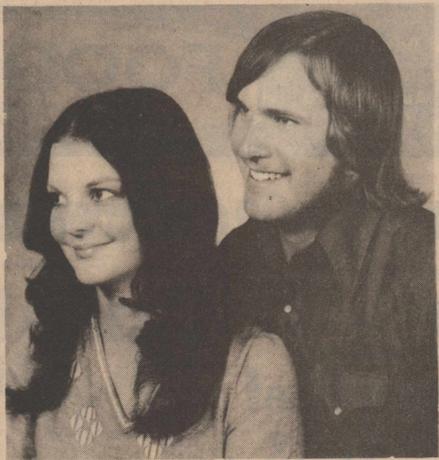

Also the cold-hardy vegetables such as broccoli, cabbage, cauliflower, greens, parsley and carrots can be planted at this time for early harvest. Later plantings of these cold-hardy crops should supply fresh vegetables well into the winter in most areas of Texas.

The serious home gardener should consider several items prior to establishing a fall garden. If the fall garden follows a spring garden where good fertilization practices have been used, usually little, if any additional fertilizer should be applied prior to planting. This is extremely important and timely now due to the current shortage and high price of garden fertilizer.

If the fall garden is to be a new garden or in a new area, then the application of 2 to 3 pounds of complete fertilizer per 100 sq. ft. worked well into the garden prior to planting should be adequate. Later on, if plant growth seems slow and sluggish, a light application of fertilizer watered in between the rows is highly advisable.

A very important consideration for successful fall gardening is an adequate supply of water. Since most fall gardens are planted during the heat of late August and September, sufficient water during germination and early growth is of vital importance. Avoid letting the soil dry out and crust, even if this means a light application of water several times a week.

As with spring gardening, the best practice is to transplant most vegetable crops in the garden. Transplanting is a highly recommended practice for fall gardens as the seeds

MISS POWERS AND MR. BROWN ENGAGED

can be started in areas sheltered from high temperatures and drying winds which are common during the late summer and early fall. It's a good idea to protect transplants from excessive heat and wind when they are first put out in the garden. Transplants of recommended varieties of fall vegetables may be hard to find at local nurseries, although most varieties can be obtained.

As with all Texas gardens, fall gardens are subject to many of the same problems as spring gardens namely weeds, diseases and insects. However, the quality and flavor of many vegetable crops grown in the fall is highly superior to those grown during the spring.

Home gardeners in most of Texas are extremely fortunate in being able to garden the year round and should be encouraged to have a fall garden if at all possible.

**GIRL TO GRIFFINS**

Mr. and Mrs. George O. Griffin, Jr., of Wichita Falls are the parents of a daughter born August 22 at 5:45 p. m. The little girl weighed 6 pounds and 6 ounces and has been named Nicole Julia.

Grandparents are Mr. and Mrs. Dixon Mahon and Mr. and Mrs. George O. Griffin of Georgetown.

**Debra Says**

by Debra Price H. D. Agent

Don't let the heat of late summer drive you out of the garden, because it can be the most enjoyable spot around the home. Of course the early morning hours are the most refreshing and quiet time of the day to begin the chores. Also, you will find gardening in the late evening a delight to be out for a few hours before dark.

This is a time for putting and not have to hurry. A dahlia may need to be tied up, disbud a few roses, pinching some leggy annuals, staking a tomato, pulling a stray weed, repotting a geranium or other plants that are needing attention. Try to enjoy your garden by just being there to get some pleasure out of all your hard work over the past months.

Why not grow your own hardy annuals and perennials from seed for they are not usually available until spring. Some of these are the English daisy, shasta daisy, hardy snapdragon, clove pinks, carnations, larkspur, oriental poppies, and many others that may be ready for transplanting ahead of the first fall frost. Also, by early September you will be able to plant turnips, beets, carrots, cabbage, collards, broccoli, cauliflower, and all kinds of greens and lettuce.

Try planting shallots in your vegetable garden. The "Delta Giant Louisiana" is the type usually grown in the south. They are available through September, so buy and plant early to have enough of the delightful plants.

Treat for borers in peach and plum trees now with 20 percent lindane as a drench spray to trunk and lower limbs.

Vegetable gardens have problems too. All sorts of insects devour vegetables now. Sevin controls most of them at this time of the year. Blights on tomatoes may be controlled with zineb or maneb. Mildew on squash and cucumbers, use zineb and benomyl.

Fertilize many plants now. What you applied last spring or worked around plants in early summer has been used or has disappeared. If you use soluble fertilizer on foliage, use early or late of day.

Digging and dividing day-lilies and iris may be done now to have time to form roots before cold weather. September planting days:

Above ground - 7, 8, 9, 10, 13, 14, 15, 18, 19.  
Root crops - 1, 2, 20, 23, 24, 25, 28, 29.

**Sorority News**

The Alpha Alpha Mu chapter of Beta Sigma Phi met Monday night at the home of Mrs. Jack Bentley. Mrs. Lane Scott and Mrs. Eddie Hale served as co-hostesses. The members met to kick-off their fall activities with each committee reporting what had been done this summer. Mrs. Jim Williams was accepted as a transferee from Stanton Beta Sigma Phi.

Members were treated to watermelon and cookies by the hostesses. Each woman displayed momentos from vacations or projects she had accomplished during the summer. The group decided that the member who had most enriched her versatility through a summer project was Mrs. Tony Allen, as she arrived on her Suzuki.

One guest was present, Miss Whitney Leigh Vannoy. Other members present were: Mmes. Joe Boy Chapman, Frank Hill, Jimmy Lott, Terry McPherson, Johnny Meyer, Charles Spieker, Walter Spiller, Bob Wallace, Tommy Wilson, Alex Valverde, Gary Vannoy, Chuck Morris, and Gary Pfister.

**CALLING ALL HOMEMAKERS**  
Brought to you By Lillian Brown

Did you ever stop to think that a regular double bed is only 54 inches wide, so each person has a space only 27 inches wide to himself--and for comparison, a baby's crib is 27 inches wide, and a telephone booth is about the same width!

Most experts agree that people would sleep better if they had more room, and the solution can be a super-size bed.

In an old regular double bed your movements are restricted. And one expert says, if you sleep like a log, you will wake up stiff as a board. The reason is that even the soundest sleepers move or turn more than 20 times every night to flex their muscles and stimulate their circulation. If you don't have the room to move easily, your muscles stiffen and cramp. You wake up less rested and refreshed than if you moved normally.

In the ordinary bed, you can't turn freely. That's why more and more people are replacing their old double beds with the new King-size or queen-size models. The bigger beds give each person more room to relax, to stretch out, and to move.

Perhaps this would help you. For all your bedding--and all other furnishing needs--come see us. We look forward to serving you.

## Miss Riggs And Mr. Cox Wed In Garden Ceremony

Miss Jackie Bob Riggs and Mr. George Bascomb Cox were married Sunday evening, August 17, in a ceremony in the garden of the Herbert Brown home in Sanderson.

Parents of the couple are Mr. and Mrs. Jack Riggs of Sanderson and Mr. and Mrs. L. B. Cox, III, of Ozona.

The bride wore a wedding gown of ivory chiffon with the Gatsby look. The fitted bodice was accented with a capelet collar with V-neckline. A self-belt circled the waistline and ended in a bow at the center front. The softly flowing circular skirt had a ruffled flounce at the hemline and the skirt formed a sweep train in back. She wore a large picture hat of horsehair braided overlaid with organza. A gartered veil of silk illusion fell to finger tip from the back of the hat. Her bouquet was a nosegay of daisies and roses in her chosen colors of yellow and white.

Rev. David C. Marx, pastor of the First Presbyterian Church

of Sanderson, officiated in front of an altar designated by flowers and greenery covering a gate at the end of a walkway.

Miss Barbara Brown attended the bride as maid of honor. She wore a dress of blue quiana with matching accessories.

Chris Haire, niece of the bridegroom, and Jonni Jack Robbins, niece of the bride, served as flower girls.

Dwight Childress of Ozona served as best man.

A reception followed the wedding in the patio at the end of the garden.

The couple will be at home at the ranch between Ozona and Sheffield following a wedding trip to Disneyland and Las Vegas.

The bridegroom's family attending the wedding besides his parents included his grandmother, Mrs. Mary Mann of Wichita Falls, grandparents, Mr. and Mrs. Bascomb Cox of Ozona, his sisters, Mrs. Butch Haire and family of Pearsall, Mrs. Jay Evans and Mr. Evans of Austin.

MRS. GEORGE BASCOMB COX

## Ann Glynn Completes Mission Service

Ann Glynn, daughter of Mrs. George Glynn, recently returned home from serving in the Northwest with the Home Mission Board of the Southern Baptist Convention.

As a summer missionary, Ann spent ten weeks helping with Vacation Bible Schools, finding prospects for a Baptist mission, leading fellowships and Backyard Bible Clubs, and working with a revival team in the Portland, Oregon, area. Two of these weeks were spent in Victoria, Canada, and Vancouver, Washington.

Ann will be returning this week to Hardin-Simmons University in Abilene where she is a sophomore pre-nursing student.

rarely ever find in any other town.

I suppose I have just about said everything I know how to say except just plain thank you.

We have just about accepted the loss of our lovely children when we keep repeating the words that God said, "Thy Will Be Done."

Mr. & Mrs. William Copeland  
2515 Iowa Ave.  
South Gate, Calif. 90280

## Hunters To Find Plenty Of Dove When Season Opens Sept. 1

An abundance of mourning doves over most of West Texas is leading some people to predict one of the better seasons in recent years in the area.

The birds have been steadily increasing in number for the past few weeks in most areas and barring an extended period of cool or rainy weather there should be plenty of doves on hand when the season opens September 1.

"Doves are along the Levee Road in a gray swarm late in the evening," is the way one Parks and Wildlife Department game warden described the situation east of here along the Rio Grande in El Paso and Hudspeth Counties.

Other areas where the birds have been reported as being plentiful are the Lobo area of Culberson County, irrigated areas around Pecos and Balmorhea in Reeves County, the Presidio area in Presidio County, along the river in Brewster County and in irrigated areas of Pecos County.

East of the Pecos River good numbers of doves have been reported in the sandhills of Ward, Ector and Midland Counties. Also plenty of birds have been reported to the southeast in Tom Green and surrounding counties.

Generally the picture is that areas which normally have good populations of mourning doves had an abundance of them through the first three weeks of August.

Early in the season, grain fields or roosting areas should provide the best shooting. Later in the season when weed seeds began to mature, there should be more birds in the sandhill areas if cooler weather hasn't sent them farther south.

In sandhill areas where there are no nearby grain fields, ranch tanks, roosting areas and sunflower patches should provide good early season shooting.

A seven-day white-winged dove season will also be open in the nine North Zone counties lying along the Rio Grande. Shooting for these birds is usually best along the river. The Presidio area is one of the best bets for West Texas whitewing hunters. At times in past seasons good hunting has also been found along the river in Hudspeth and Culberson Counties. Last season

there were good concentrations of these birds as far north as the McNary and Ft. Hancock areas of Hudspeth County and unusual numbers of the whitewings were sighted in El Paso County.

The mourning dove season will be open in the North Zone of the state, which includes all of West Texas, Sept. 1 through Oct. 30. Whitewing season will be Sept. 1, 2, 5, 6, 7, 13, and 14 in El Paso, Hudspeth, Culberson, Jeff Davis, Presidio, Brewster, Terrell, Val Verde and Kinney Counties.

Shooting hours on both species will be noon to sunset. Bag and possession limits will be 10 and 20. Bag limits of both white-winged and mourning doves may be taken during the open whitewing season. A white-winged dove stamp is required of all persons who hunt whitewings, in addition

to a valid hunting license. Also hunters are required to leave one fully-feathered wing on dressed doves in counties having a whitewing season and on days that both species may be hunted.

Shotguns may not be larger than 10 gauge and must be permanently plugged to three-shell capacity.

## LETTERS TO THE EDITOR

(IN PRAISE OF OZONA)

Dear Editor:  
We would like to say thanks

to the whole town of Ozona, Texas.

When we had our tragic accident just outside your town on July 12, it seemed as though our world had ended when we lost our 2 precious children whom we loved and built our whole lives around. We asked Mrs. James if she would see to it that a special thank you letter could be put in the paper for us so we could try to express the way we feel about the people in your town. There were so many wonderful people in your town, that we could not possibly send thank you notes to everyone, and we wanted everyone to know how we feel.

There are a few names we would like to send special thanks to: first of all Mr. and Mrs. James at the funeral home. Others who came by the motel, hospital, and funeral home, prayed with us, brought food for us, were such an inspiration to us both in our time of need. I don't have everyone's names, but the ones I have I would like to mention. They are: Judy Mahaffey, Billy Kiser, Glenda McKinney, Mr. J. V. McKinney, Mrs. L. Carpenter, Mrs. L. D. Long, Jonsey Williams, Mike Jeffreys, Rev. and Mrs. Nelson Latham Jr., Mrs. Huey Ingram, Mrs. Phillip Smith, Hilda Dysort, Mrs. Tommy Womack, Rev. and Mrs. Ben H. Bohmfalk, Ginny Rivera, Belia Rodriguez, Belinda Rodriguez, and many others which we were unable to get the names of.

All I can say is God bless you all, because without your help, inspiration, thoughtfulness, and prayers it would have been so much harder to accept our loss.

My husband and I will never get over the kindness and love that was shown in your town, and if ever there was a town God has blessed, it is Ozona, Texas, his presence is clearly shown in just about every way possible. There is a contentment within the people you

# OHS Elects Class Officers Sponsors And Council Members

Class sponsors, officers and student council officers and representatives were elected at Ozona High School after a week of elections following the opening of the fall school term.

## Kitty's Korner —

CONTINUED FROM PAGE 1

But \$25.00! Wouldn't you be satisfied with a \$15.00 cut? We have a budget right now. We're already below last year's salary figures, and I hear the union is furious tax-wise."

"Mr. Goodie, a \$15.00 cut-back is better than nothing, but my wife and I had our hearts set on a \$25.00 decrease."

"How about \$20.00?"

"If I made \$25.00 less, we'd be eligible for an apartment in the city's new development, the one downtown with a pool, sauna and tennis court. Besides, my son could qualify for a government scholarship, and we could get his teeth fixed."

"You drive a hard bargain, Smedley, but you win. You get your \$25.00 decrease on this condition. If your work slips, you'll take a \$10.00 raise, no questions asked."

"And Smedley, will you invite me over for tennis and a swim some night when you get into your new place?"

"Certainly sir, I believe the poor should share with the less fortunate."

## Kiss Your Baby Week

"Kiss Your Baby Week" is not as frivolous as it sounds, according to Cystic fibrosis fund chairman Bekie Diaz. It might lead to early detection of the dread disease.

Alert to parents! A salty taste of the skin, persistent, bulky diarrhea and nasal polyps -- these are signs of cystic fibrosis, a life-threatening lung disease.

Additional signs, which can also signal other children's lung-damaging diseases, such as asthma and chronic bronchitis, are: recurrent wheezing; persistent coughing with excessive mucus; pneumonia more than once; good appetite but poor weight gain; and clubbing (enlargement of the fingertips).

Mrs. S. A. Coose is in Fairburn, Ga., visiting her granddaughter and her family, Mr. and Mrs. Duane Oswald and children.

Mrs. Pete North returned from Ruidosa, N. M. Sunday where she had been vacationing.

# Speir Says Labor Day Fatalities To Be 42

State Public Safety Director Wilson E. Speir today estimated that Labor Day Weekend traffic in Texas will claim 42 lives.

The holiday period extends from 6 p.m. Friday, August 29 through midnight Monday, September 1. During a comparable period last year, Texas traffic killed 51 persons.

"Traffic will be particularly heavy near recreational areas

such as beaches, lakes and campgrounds. Actually, in these situations, motorists need to be extra watchful for children playing and other pedestrians. Also, persons towing recreational vehicles and boats should be mindful of extra stopping distances and other problems unique to trailers," Speir said.

The DPS director called on motorists to cooperate in law enforcement efforts to hold speeds down during the holiday, noting that "excessive speed is still our top accident problem."

He also urged motorists to work with officers to eliminate the serious threat posed by drunk drivers.

In an effort to reduce the toll, Speir said extra DPS troopers will be on duty statewide. He said troopers and local officers will be especially watchful for speeding, reckless and drunk drivers.

In addition to these efforts, the Texas Department of Public Safety will also work with the news media in its "Operation Motorcade" accident awareness program. This program is designed to provide motorists with current information on accident dangers during the holiday period.

## Miss Wood And Mr. Collett Married Wed.

Miss Donna Fay Wood became the bride of Will Samuel Collett in a ceremony Wednesday, August 20, at the home of the bridegroom's parents, Mr. and Mrs. Edward Collett.

Parents of the bride are Mr. and Mrs. Herbert H. Wood of Sonora.

Wedding music was furnished by Marian Sue Hendricks of Big Lake.

A reception followed in the home. Mrs. Jack Williams of Andrews served cake, Mrs. Jean Weinkauff of San Angelo and Mrs. Joe Kemp, sister of the bridegroom, poured.

Collett is a graduate of Ozona High School and attended Ranger Junior College. Mrs. Collett is a graduate of Reagan County High School in Big Lake. The couple will be at home at 211 Ave. D in Ozona.

## Virus Disease Occurs In Home Gardens

Many virus diseases occur in the home vegetable garden, and there is little that can be done to control them once they occur.

Although viruses attack many plants, those commonly afflicted include beans, tomatoes, peppers, potatoes, Southern peas, squash, mustard and turnips, points out Billy Reagor, county agent with the Texas Agricultural Extension Service.

Viruses can be identified by mosaic of the leaves (mottled appearances), ring spots on the foliage and sometimes on the fruit, yellowing of the foliage along with possible bronzing and reddening, and stunting of plants.

Virus diseases in home vegetable gardens are primarily spread by insects, says the agent. Aphids and leafhoppers are mainly responsible. Therefore, insect control is important to the prevention of virus diseases.

Virus diseases can also be spread by contaminated clothing or hands.

## Public Notice

NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST THE ESTATE OF JOSEPH BERT COUCH, DECEASED

## Drilling Up In County Oil And Gas Fields

Amoco Production Co., will drill a wildcat and two confirmations in southwest Crockett County.

The No. 1 J. B. Blakeney "B" is a 7,420-foot wildcat, 1/2 mile west of the firm's No. 1 J. B. Blakeney "C" and 2-5/8 miles north of the firm's No. 1 J. B. Blakeney "D", active wildcats, 33 miles southwest of Ozona, five miles southwest of Canyon gas production in the Ozona multiphase field and seven miles northwest of the Euleonee (Wolfcamp gas) field.

Location is 1,199 feet from the north and 1,131 feet from the east lines of 64-Q2-GC&SF. The No. 1 J. B. Blakeney "C", in 63-Q2-GC&SF, was recovering load through perforations at 4,130-209 feet at the last report.

The No. 1 J. B. Blakeney "D", in 70-Q2-GC&SF, was recovering load through perforations at 4,382-5,480 feet. Amoco will drill two outposts to the two-well east area of the Euleonee field, 32 miles south and very slightly west of Ozona.

The No. 1 W. W. West "D", 5/8 mile northeast, is 1,320 feet from the north and west lines of 58-0-GH&SA. Contract depth is 5,670 feet.

The No. 1 W. W. West "E", one mile north, is 1,320 feet from the south and east lines of 62-0-GH&SA. Contract depth is 5,550 feet.

The field has four wells, one seven miles to the west and another 10 miles to the northwest.

Kay McMullan and Debbie Deaton served as counselors at Camp Waldemar in Hunt this summer. Kay is a student at A & M and Debbie is a student at A. S. U.

Remember Reddy Supplies the energy-but only YOU can use it wisely!  
REDDY'S REFRIGERATOR SAVINGS TIPS  
Return fresh foods to the refrigerator and frozen foods, such as ice cream, to the freezer as soon as possible. Measure and remove the quantity needed for cooking or for the table, and refrigerate the remainder at once.  
Use cold controls efficiently by selecting the settings that provide about 36° F. in the refrigerator and 0° F. in the freezer.  
Fill the refrigerator with food, but be careful not to overfill. Make sure that food packages don't block air vents in the freezer or refrigerator section.  
Clean the condenser surfaces of the refrigerator; dirt restricts air flow and acts to insulate the condenser, forcing the refrigerator to work harder and longer to maintain proper temperatures.  
Pick up your FREE copy of "ENERGY CONSERVATION" Booklet from Frigidaire Home Environment Division of General Motors.  
West Texas Utilities Company
