Vets Start Battle Against VEE

Over 600 Area Horses Innoculated

Dr. Jerry D. Gleason and Dr. Jim Tucker, local veterinarians, had vaccinated approximately 600 horses in the Muleshoe, Bailey County and Parmer County areas against the killer disease, Venezuelan equine encephalomyelitis (VEE) a sleeping sickness, Tuesday, and were running low on vaccine.

They received 240 doses of vaccine Monday morning, an additional 200 Monday afternoon and 200 more doses Tuesday morning. Dr. Tucker was working at the animal clinic northwest of Muleshoe, inoculating the horses as they were brought to the clinic and Dr. Gleason was working in the Bovina-Lazbuddie areas.

All day Monday and until around 2 a.m. Tuesday, the two veterinarians worked north and west of Muleshoe and in the feed lots. Meanwhile, anxious horse owners were loading the telephone lines with requests for one of the vets to come to their home and vaccinate their horses. Late Monday, the restriction on moving horses was eased enough for individual owners to take their animals to the veterinarian clinics to receive their vaccinations.

It is estimated that 4,000,000 horses, mules and jacks are in

Roping Club's

Western Dance

Friday Night

Muleshoe's Junior Roping Club will sponsor a western dance Friday, July 23, beginning at 9 p.m. in the Muleshoe American Legion Hall.

Providing music for the dance will be Verl Burris and his Western Gentlemen.

Tickets will be \$1 each for girls; \$2 for members and \$3 for non-members.

Warning Issued On Poison Corn

Bailey County Agent J. K. Adams has issued a warning to area citizens concerning the possibility of becoming poisoned from corn which has been sprayed with a systemic chemical insecticide.

Adams said corn sprayed with the chemical can be potentially fatal to humans and livestock, especially when it is in the roasting ear stage.

He suggested checking with a farmer before any corn is gathered from a field for consumption as the systemic chemical is being used on a very large percentage of grain sorghum and corn in this area.

According to the county agent, up to 40 days must lapse before the poison can work out of the field crops, thus making it unsafe for consumption.

If the systemic chemical has been sprayed on a garden plot at the time fields were sprayed, Adams said that the area entomologist has recommended that the garden plots be plowed under and none of the vegetables prepared for human or animal consumption as they are potentially fatal, or can cause serious illness.

There is also danger from irrigation water from corn or grain sorghum which has been treated with the systemic chemical breaking into gardens and contaminating the vegetables with the chemical, said Adams.

He further suggested that every precaution possible be taken in using the powerful chemical or in controlling irrigation water used in the same area as sprayed fields.

City Council

Discusses New Sewage Plant

The Muleshoe City Council met in special session last Wednesday night and heard Joe Smith of First Southwest Company, who spoke to the council members about the proposed sewage treatment plant for Muleshoe.

The treatment plant, which it is estimated will cost \$200,000 to build, was authorized by voters on September 10, 1968, in a blanket series of bonds approved for local improvements.

Councilmen authorized Smith to investigate the state issuing bonds to pay their part of the construction costs in order to get a federal grant for a portion of the cost of the plant.

Muleshoe Rain Deposits 1.34

around Muleshoe Showers Continue; Temperatures Drop

Sheryl and Candace Gable, daughters of Mr. and Mrs. Bill Gable, are visiting with relatives in Australia for a couple of weeks.

Miss Lauren Hall completed her fourth summer Tuesday, July 12, at Camp Waldemar, Hunt, Texas. She and her mother, Mrs. Larry Hall, spent several days in San Antonio before returning to Muleshoe last weekend.

Mr. and Mrs. Doug Horsley and Tommy have returned from their vacation where they visited with Mr. and Mrs. Carroll Howell in Thoreau, New Mexico; with Skinny Winn in Moab, Utah where they toured on one of his boats; then went to Pendleton, Oregon where they met their daughter, Mr. and Mrs. Richard Mayer and daughter, Sheila.

On the way home they toured Yellowstone then down to Denver, Colorado.

Mr. and Mrs. Mayer will spend a few days in Muleshoe before he reports to Las Vegas, Nevada where he will be stationed with the U.S. Air Force. He has just returned from a year's tour of duty in Thailand.

Arrests Heavy

Arrests by the city, county and state officers in Bailey County took a sharp upswing during the past several days, with fifteen arrests being logged at the Bailey County Law Enforcement Center.

Leading the list were drunk charges, with seven of the arrests being for persons charged with being drunk in public; three were charged with driving while intoxicated; two for being drunk and having no driver's license and two with being drunk and in the country illegally.

One other person, who was arrested Sunday afternoon, faces multiple charges by the Muleshoe City Police.

Rain which began falling in the Muleshoe Tuesday morning left .90 officially in Muleshoe by mid-morning Tuesday, when skies began to partially clear, and an additional .44 by 8 a.m. Wednesday morning. With the moisture, temperatures which had ranged from the high 90s into the low 100s skidded sharply

Bula Hosts

Farmers Union State Leader

The community of Bula hosted special guests Tuesday afternoon when they hosted a reception for Jay Naman of Waco, who is state president of National Farmers Union, Accompanying Naman to Bula for the reception in the Post Office building were Kenneth Moss of Lubbock and Joe Rankin of Ralls, both active members and workers in the organization.

Moss, who is a district representative of Farmers Union, spoke to more than 20 persons at the reception and explained several items of interest to the organization, plus explaining a concentrated membership drive which is scheduled to get underway soon.

He said at least 1800 new members will be sought during the campaign and asked all members of the organization to assist in the drive.

Several humorous suggestions for 'fun-type' membership drives were cited by Moss. President Naman spoke briefly, but seriously to the group present, and said the Bailey County Farmers Union group is an aggressive group. He commended the group for their aggressiveness and said he is proud of the group 'which is one of the voices certainly to be heard in Farmers Union.'

He said some of the discussions he has heard in the area

Cont'd. on Page 3, Col. 2

ly to a high of 68 degrees Tuesday. Nighttime temperatures which had stayed in the high 60s, slipped downward into the 50s and many people pulled up a blanket during two nights of cool weather.

With Muleshoe officially reporting a two-day total of 1.34 inches, many reporting stations had up to two inches of rain, and bone-dry southern Bailey County was all but skipped, and had light showers or a trace.

Reports from Harold Allison indicate he received 1.2 inches at his home approximately eight miles east of Muleshoe on Highway 70; E. W. Bass, who lives nine and one-half miles west-

Cottonweed

Moved Into

This County

Dr. Robert Metzger, area agronomist, has reported a new weed which has shown up in this county.

He said, "Cottonweed or star weed is a relatively new weed that looks like wild cotton. It belongs to the same family as cotton but has elongated leaves."

"This warm-season annual weed is fairly common in New Mexico and portions of the Trans-Pecos area. However, the weed was first observed in the Big Spring-Snyder area and more recently found in Bailey and Lubbock Counties."

The agronomist added, "The seeds are rather hard and therefore have the ability to remain in the soil for several years. Its method of movement to the South Plains is not known at this time. This could become a serious weed in our area since preplant herbicides are not effective and it apparently is a prolific seed producer."

Several farmers in this area have reported finding the new weed mixed with their crops.

VETERINARIANS BUSY GIVING VEE SHOTS--Dr. Jim Tucker clings to the side of a horse trailer as he leans over to give a horse from King Feed Lot a shot of the VEE vaccine Tuesday afternoon. Dr. Jerry Gleason was busy in the country moving from farm to farm inoculating horses in Bailey and Parmer Counties against the killer disease. By late Tuesday, more than 600 horses in the area had been inoculated, and several hundred more horses were awaiting the veterinarians who are waging a battle against VEE which has killed thousands of horses in Texas and Mexico.

Hospital District Election Cancelled

The Bailey County Hospital District Board members met in a called meeting Tuesday night at 8:30 p.m. in the West Plains Memorial Hospital board of directors room to discuss the district standing. Attending the meeting were board members Dr. Charles Lewis, Grundy Lewis, Creston Faver, Ernest Locker, A. R. McGuire, Marvin Drake, Neal B. Dillman and

Mrs. Bernard Phelps. Mrs. J. G. Arn was not present.

First discussion held was borrowing money by the hospital district; the expiration of the hospital district as a result of not issuing bonds, levying taxes or taking any other action.

Correspondence with a legal firm indicated that the hospital district would not expire due to non-issuance of bonds or failure to levy taxes.

Also, due to legal correspondence, it became apparent that state legislature must provide for dissolution of hospital districts by due process.

At the last regular meeting of the hospital district board, the resolution for dissolution of the Bailey County Hospital District had been called to be held on the first Saturday in September.

There was some discussion concerning rescinding the motion calling the election for district dissolution. Mrs. Phelps pointed out it really wasn't necessary because the motion was illegal anyway.

Drake made a motion to rescind the September election motion and Locker seconded. The motion carried unanimously.

Damron, Cihak

Win Doubles

In Tennis Play

Don Cihak and Sam Damron won the men's doubles in a Methodist Youth sponsored tennis tournament played Sunday, July 18.

Danny Shipman and Gary Stancell defeated Jim Milner and Marvin Lewis, 6-1 and 6-2, but were defeated by the Cihak-Damron team, 6-2 and 10-8 in the finals.

Damron also won the men's singles by defeating Morgan Locker.

Fred Locker defeated Robin Richardson, 6-2 and 6-3, in the semi-finals for boys' singles, and won over Kerry Wagon, 6-2 and 6-2. Wagon has 6-1 and 6-4.

Kim Crane defeated Randy Williams 6-0 and 6-2 in the semi-finals.

Crane and Chuck Smith were chairmen for the tournament and said, "We would like to express our thanks to those who entered the tournament."

Park Chairman Rotary Club Guest Speaker

Clem Peden was initiated as a new member of Rotary during their Tuesday meeting. He is associated with Tri-County Savings and Loan Association. Guests were Dr. Gary R. Albertson, Joe Gonzales and R. W. Phillips.

Jerry Hutton had the program and presented Rev. Walter Bartholf who gave a program on park improvements and development. He explained minor changes in the park plans and cited initial park development.

He said the immediate need for the park was youth football, a softball field and playground equipment.

Rev. Bartholf added that a sprinkler system is now being planned and an asphalt top road will be constructed into developed areas. The initial area to be developed, will consist of approximately 15 acres, according to Rev. Bartholf.

He pointed out that shelters and barbecue facilities are included in the plan and said there will be a lot of ways for civic clubs to participate in developing the new park.

He further suggested that every

TOURNAMENT DIRECTOR THROWS OUT BALL--As the catcher for the Plainview American team watches his form, tournament director George Washington throws out the first ball to open the 1971 Little League Tournament in Muleshoe. Eight teams played the first day. Scheduled play was rained out Tuesday and play will resume today (Thursday) with games scheduled at 6 and 8 p.m. in semi-finals. Muleshoe will play a Plainview team at 8 p.m.

BULA HOSTS FARMERS UNION OFFICIALS--The tiny community of Bula played host to three Farmers Union officials Tuesday afternoon, including State President Jay Naman of Waco, seated left. M. L. Fine, seated right, was in charge of the reception honoring the state president. Other Farmers Union officials at the meeting were standing, left, Kenneth Moss of Lubbock and Joe Rankin, right, of Ralls. More than 25 people welcomed the Farmers Union officials to the county during the afternoon.

Senate Votes Down Payment Program

Agriculture "dodged lightning" again July 15 when the Senate voted 56 to 29 against another move to lower the maximum eligibility of producers to receive payments under current cotton, feed grains and wheat programs. But observers close to the storm in Washington warn that the storm is by no means over.

The Senate vote came on an amendment to the \$13.6 billion appropriations bill for the Agriculture Department and environmental and consumer protection programs. Offered by Senator Birch Bayh, D-Ind., the amendment would have cut the present statutory \$55,000 per crop ceiling to \$20,000.

The House adopted a \$20,000 per crop limitations amendment to the appropriations bill on June 23 by a vote of 214 to 198. Differences between the House and Senate versions, including the limitations issue, now will have to be settled in a House-Senate Conference Committee, after which both houses will

have the opportunity to accept or reject the Conference report.

Congress plans a month-long recess in August, so it is expected that action on the appropriations bill will be completed this month. Senate conferees have already been appointed. House conferees will most likely be appointed early in the week of July 19, and it is at that point that low-level limitations proponents may make their next move. They will no doubt consider the possibility, and perhaps make an all-out effort, to have House conferees instructed to insist on retaining the limitations amendment.

However, according to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., the wide margin by which the amendment was defeated in the Senate and the narrow margin by which it passed the House both should work against the success of such a move. There is also doubt as to the parlia-

mentary acceptability of instructing House conferees on an issue which the Senate specifically rejected.

Johnson, who was in Washington at the time of the vote both in the House and Senate, said "The consensus now is that the lower limit on payments can be avoided for 1972, but the storm clouds continue to build and we dare not become complacent."

Johnson went on to say that Texas Senators Tower and Bentsen, along with the Department of Agriculture and other Administration officials worked very hard to defeat the limitations amendment in the Senate. "There is little doubt," he said, "that there is now a majority in both the House and Senate who favor a lower limitation level, and without the strong opposition of the Administration we could never have won on this issue."

Thus it becomes obvious that the Senate vote against the lim-

itations amendment was a case of Senators acquiescing to the desires of the Administration and other Senators, not a reflection of majority sentiment.

This is further evidenced by the fact that, while rejecting the House - approved \$20,000 payment ceiling, the Senate appropriations Committee nevertheless wrote strong language into

Congressman Says Vaccine To Be Available

Congressman Bob Price has moved swiftly to see that the vaccine which is hoped will prevent sleeping sickness in horses, be released in the Panhandle.

The Congressman has been promised that some of the 185,000 doses of the vaccine which have been sent to Texas will be sent to the Panhandle. Prior to the Congressman's contact with the USDA, all of the vaccine had been scheduled for South Texas where several cases of the sleeping sickness have been diagnosed.

According to USDA officials, the Texas Animal Health Commission is scheduled to set up distribution centers for the vaccine in Amarillo and Lubbock within the next two to three days.

Veterinarians see no likelihood of the disease spreading to the Panhandle prior to that time. The Air Force in conjunction with the USDA has begun spraying some one million acres in Southeast Texas in an attempt to kill the mosquitoes and other insects which carry the virus.

"I am advised that there are approximately 430,000 horses in Texas, and it is hoped that up to 40 percent of them can be vaccinated during the next two weeks. I am also advised that the experimental nature of the vaccine has resulted in a delay in manufacturing large quantities at one time." Price

in his report on the bill directing the Agriculture Department to do a better job of policing the \$55,000 ceiling now in effect.

And the full Senate adopted handily a resolution by Senator Hubert Humphrey, D-Minn., calling for Agriculture Secretary Clifford Hardin to supply Congress with a full report on the operation and administration of the limit on price support payments.

Johnson sums up the solution by saying "It appears we have dodged lightning for this time, but the storm clouds continue to build and get darker every year."

Chamber Corner

Jerry Hutton

C of C

Manager

Our Youth Employment Service is picking up; we have recently placed a number of our youth in summer jobs. We have had some nice compliments on the good job these youngsters are doing, and we certainly do appreciate those who are hiring them.

We would like to remind all you businessmen of the Teacher Appreciation Banquets in the latter part of August; there is still time to order specialty items; you will need about 250 items.

If you are planning a vacation this summer, come by and we'll give you a bunch of brochures to promote Muleshoe while you're vacationing. We also have all sorts of maps and vacation information on nearly every state in the union, Mexico and Canada. It is all yours free for the asking, as a service of your Chamber of Commerce.

You shall not respect persons in judgment; but ye shall hear the small as well as the great.

-Deuteronomy 1:17.

Spray Mist Relieves Many Water Deficits

COLLEGE STATION--Application of a mist spray can relieve water deficits in plants and boost yields up to 60 percent, members of the American Society of Agricultural Engineers learned during their recent annual meeting at Washington State University.

The technique was described in a paper written by T. A. Howell, research associate; E. A. Hiler, associate professor of agricultural engineering; and C. H. M. Van Bavel, soil and crop sciences professor, all of Texas A&M University.

Their experiment involved mist irrigation of southern peas grown in soil on which the surface was protected from moisture and only the plant received the spray. The engineers said they have "direct evidence that the plant water balance was effectively controlled by mist irrigation, and mist irrigation relieved internal water deficits, resulting in a large yield response of up to 60 percent under conditions similar to those in normal fields."

The key to the benefits is the increase in water content of plant leaves, which lose water to the roots by transpiration, even when soil moisture is adequate.

"Although both leaf temperature and leaf water potential were affected simultaneously, we believe that the effects noted should be primarily attributed to reduction of the leaf water deficit, as the temperature effect was not large and the leaf temperatures were at all times close to values normally considered optimal for plant functions," the A&M researcher said.

The experiment was conducted in four sheltered plots, each covered on the surface with a plastic barrier that prevented evaporation losses.

"Since soil water evaporation would then be negligible,

water depletion in the crop root zone could be attributed to transpiration, which was measured separately only after subtracting any downward percolation," they explained.

In Treatment One, plants were mist-irrigated daily between 11 a.m. and 5 p.m., CDT. They were mist-irrigated in Treatment Two from the time when average leaf temperature increased two degrees centigrade over Treatment One plants until 5 p.m.

In Treatment Three, mist irrigation began when four-degree leaf temperature difference occurred and was continued until 5 p.m. Plants received no mist in Treatment Four, the control plot.

Treatment Two produced the highest yield of dry peas--a 60 percent jump in yield of freshly harvested pods as com-

pared with the control plot. Treatment One produced a 10 percent yield increase, while Treatment Two had a 20 percent rise.

Howell, Hiler and Van Bavel pointed out in the paper that no previously known work on mist irrigation had documented the reaction of internal water deficit in plants to this technique.

"Agriculture may be unable to enjoy the luxury of an abundant supply of irrigation water in the future," they said. "Therefore, more efficient irrigation methods must be developed by agricultural engineers."

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm tries to smooth the international feathers this week, but may have just ruffled them more.

Dear editor: In these days of de-classification of government secrets I was interested in reading about the latest one, a report on how much money in military aid the United States gives to various countries around the world.

Up to now, the matter has been classified as top secret, on the grounds, according to the government, that "it might be embarrassing if one country knew what another country was getting and therefore international relationships might suffer."

Some Senator did press the matter though and the government reluctantly gave the figures, showing that this year we're giving 713 million dollars in military aid to 42 different nations.

What interests me is this matter of damaging our international relationships if one country finds out we're giving more to her neighbor than to her.

It's a valid point. Everybody knows if you give more ice cream to one child than another, the one that got less will, instead of being thankful for what he got, in most cases get mad at you because he didn't get as much as the other.

Now the fat's in the fire. Here we are giving away three-quarters of a billion dollars a year to 42 nations, each one knows what the other one is getting, and all but the topmost one is mad at us, and it probably thinks we should have done more.

Furthermore, there are around 200 nations on earth, and if just 42 got military help, that leaves 158 that didn't get anything and they're probably even madder than the rest. Looks like the more we give away the deeper in hot water we get.

There's only one way to solve this. Give everybody exactly the same amount. Say we've got 713 million dollars to spend. Divide that by 200 and write 200 equal checks.

If this won't keep peace in the family, nothing will. Unfortunately sometimes nothing will. But at least we won't have one country madder at us than another. We'll know where we stand. They'll all just be equally mad.

Yours faithfully,
J. A.

Hog Inventory Reaches 1.7 Million In State

COLLEGE STATION--The Texas hog inventory on June 1, 1971, was 1.7 million head, up 51 percent from a year earlier, according to the latest release from the Texas Crop and Livestock Reporting Service.

The December-May pig crop estimate for the state reached 1.2 million head, showing an increase of about 41 percent over the same period a year earlier. For the June-November period, Texas hog producers intend to farrow 37 percent more sows than during this time last year. This means that the Texas pig crop should reach close to 1.5 million head for June-November.

Breeding animals accounted for 282,000 of the state's inventory. The expansion of the breeding herd was somewhat less than the number kept for other purposes, according to Dr. Ed Uvacek, Extension livestock marketing specialist.

The number of hogs and pigs on U. S. farms as of June 1 was up two percent over year earlier figures, the report revealed. The December-May pig crop was estimated at 51.9 million head, one percent below the year earlier figures.

Intentions are to farrow 6.3 million sows during June-November in the U. S., nine percent less than last year. Uvacek says this would mean production of about 45.7 million pigs which represents eight percent less than the level during that same period a year ago.

In general, the report indicates no real cutback in hog production will be felt until the fall and winter months, the marketing specialist says. He adds that heavy marketings should keep prices from strengthening throughout this summer and on into the fall and that it will be 1972 before any price improvement can be expected due to reduced supplies of pork.

Everybody knows if you give more ice cream to one child than another, the one that got less will, instead of being thankful for what he got, in most cases get mad at you because he didn't get as much as the other.

Now the fat's in the fire. Here we are giving away three-quarters of a billion dollars a year to 42 nations, each one knows what the other one is getting, and all but the topmost one is mad at us, and it probably thinks we should have done more.

Furthermore, there are around 200 nations on earth, and if just 42 got military help, that leaves 158 that didn't get anything and they're probably even madder than the rest. Looks like the more we give away the deeper in hot water we get.

There's only one way to solve this. Give everybody exactly the same amount. Say we've got 713 million dollars to spend. Divide that by 200 and write 200 equal checks.

If this won't keep peace in the family, nothing will. Unfortunately sometimes nothing will. But at least we won't have one country madder at us than another. We'll know where we stand. They'll all just be equally mad.

Yours faithfully,
J. A.

School Board Hires Six New Teachers

Bids on school insurance, milk and gasoline; teachers resignations and hiring of new school personnel were the main items on the agenda for the Muleshoe Independent School District Monday night.

Malone Milk Company received the nod for providing milk for the school lunchrooms with their low bid of .075 cents per half pint; Gulf Oil's low

VEE...

Cont'd from Page 1

the state of Texas, and vaccine is being made available as quickly as possible to inoculate as many of the animals as possible to stop an epidemic which has spread quickly from Mexico.

Because of the emergency nature of acquiring the shots as quickly as possible, the state is providing the vaccine without charge to the veterinarians and is picking up the tab for the inoculations.

At noon Tuesday, Bailey County Agent J.K. Adams said all county agents in Texas and surrounding states are following a directive from Secretary of Agriculture Clifford Hardin to set up a volunteer reporting system. By the system, reports are to be given each noon to the county agent's office if there is a sick or dead horse, giving a description of the horse and name of the owner.

Adams said these calls are to be forwarded to the district office no later than 3 p.m. Monday through Friday.

In this county, the volunteer workers are Dr. Jerry Gleason, Dr. Jim Tucker for Muleshoe; Leon Lewis, Y-L community; Jimmie T. Carpenter, West Camp; Reuel Kirby, Three Way and all southwestern Bailey County and Bob Newton, Bula and all southeastern Bailey County.

A report Tuesday indicated that more than 800 horses have died in Texas from the disease since June 1 and more than 1,000 more horses are infested with VEE which is generally fatal to the animal.

With the vaccine, horses may be moved after 14 days, but until that time must be kept on the premises of the owner or where they are at this time, warned Bobby Henderson, an officer with the Texas Animal Health Commission. He said persons who attempt to move the horses before the required 14 days have elapsed, or other than on a direct route to a veterinarian clinic and back, will be prosecuted, Henderson said all city, county and state officers are helping control movement of the horses in an attempt to stop outbreaks of VEE.

Late Tuesday, there were no confirmed cases of VEE on the South Plains, and a spokesman said it was hoped that by administering the vaccine, such an outbreak would not occur.

In the meantime, spraying was continuing in the Rio Grande Valley, to control disease carrying mosquitoes who have spread VEE germs throughout a wide area.

Nearly 100 persons were reported to be hospitalized in the valley with a milder, non-fatal form of VEE.

bid of 17.96 cents per gallon for gasoline was accepted and a low bid of \$3,526.80 was approved for the James Glaze Company for insurance on all buses, miscellaneous vehicles, driver bonds, textbook bonds and other insurance.

Resignations were accepted from Mrs. Eldon David, Mrs. Raymond Schroeder, Mrs. Elizabeth Wilson and Robert Badger.

Six new teachers were approved by the board. They were Robert W. Hayes, teacher and coach, Muleshoe Junior High School. He is a graduate of McCamey High School and holds a BS degree in education from Texas Tech University. He has three and one half years teaching experience and taught at the Whiteface Public Schools last year.

Floyd Wayne LaGrone, math teacher in junior high. LaGrone graduated from Vega High School and holds a BS degree from West Texas State University and has 24 hours graduate work completed there. He taught for one year at Silvertown High School. Mrs. Floyd LaGrone will be a ninth grade English teacher in high school. She is a graduate of Tascosa High School,

West Plains Memorial Hospital spokesmen said that symptoms of the poisoning from organic phosphate insecticides are as follows:

Mild -- headache, blurred vision, dilated pupils, dryness of mouth, dizziness, skin dry and cool; moderately severe--excessive sweating, teary eyes, salivation, diarrhea and tightness of chest and very severe--coma, blue skin color due to lack of oxygen and respiratory trouble.

Usually, a persons who suffers from insecticide poisoning and hospitalized here, has been an individual who was spraying, or handling the spray, said the spokesman. There have been several cases of mild and moderately severe poisoning treated locally this year.

have concerned enforcement of immigration laws; Farmers Home Administration; drought aid and assistance; Daylight Saving Time; taxes; farm programs and politics.

In asking for comments from the group present, most of the discussion was on the hail suppression program out of Hale County. Many of the persons in the group said they had watched the hail suppressant planes seeding clouds over Bailey County and asked President Naman if there was anything Farmers Union could do to stop the process. Naman asked for further information on the program as he was not familiar with it.

Naman told the group of a Senior Youth Camp which will begin August 2 for high school age youth at Merkel. He said the youths learn to use political action instead of direct action and learn how to use society instead of working against society.

M. L. Fine of Maple who is president of the county organization, dismissed the group.

and holds a BA degree in education with major in English from WTSU. Mrs. LaGrone has 18 hours graduate work at WTSU and taught for one year at Silvertown High School.

Neil C. Finley was approved as ninth grade math teacher at high school. He is a graduate of Muleshoe High School and holds a BS degree in math education from West Texas State University. He has a minor in English.

Thomas L. Briley was hired as junior high school band director. He graduated from Midland High School and received a bachelor's degree in Music from Ralls. He has completed two years military service where he was on active duty in Vietnam. He has a wife and two children.

Sixth teacher approved was Jerry Mack Lee who will teach science in high school. Lee graduated from Muleshoe High School, attended South Plains Junior College two years and has a BS degree from Tarleton State College.

Franklin Mann, tax collector for the Muleshoe School System,

Hospital...

Cont'd from Page 1

mously. Grundy Lewis explained that hiring Littlefield attorneys Kirby, Ratliff and Sansom to represent the hospital district board would be an economic factor due to their availability and made a motion to contact the attorneys to start proceedings to present to legislature an act providing for an election to dissolve the Bailey County Hospital District Board.

Mrs. Phelps suggested the law firm of Dumas, Huguenin and Boothman of Dallas due to the fact this law firm had been involved in the initial legislation requiring an act of legislation to dissolve a hospital district.

When it became apparent a tie vote on the motion was evident, a motion was made by Drake and seconded by McGuire, to table Grundy Lewis' motion until another meeting could be held in order for all members to be present.

Dr. Charles Lewis pointed out that he was against changing attorneys from Crenshaw, Dupree and Milam of Lubbock to Littlefield attorneys unless there were economic factors involved. In that case, he said he would recommend a local firm be used due to the fact that a local firm would be more accessible than a firm in Littlefield.

reported on the proposed tax increase and told board members some of the reactions he has gotten from area citizens. It was noted that the typical tax on a house and lot with a sales value of \$25,000 in Muleshoe would have school, state and county and city taxes of \$334.40 for 1971 (after the tax increase). In comparison, the same tax at Abilene would be \$526; Amarillo, \$476; Boston, Mass., \$1,130; Dallas, \$521; Fort Worth, \$617; Lubbock, \$482; Milwaukee, Wis., \$921; Racine, Wis., \$1,004; Waltham, Mass., \$1,085; and Wichita, Kan., \$821. It was also mentioned that the other taxes shown were taken from 1968-69 figures, before tax increases there.

Very few of the more than 100 places listed by the school board showed lower taxes than Muleshoe and most of these lower taxes were in the state of Louisiana.

The 1971-72 budget hearing

was set for the next regular meeting, which will be August 16 at 8 p.m. The school board expressed the hope that a number of local residents would attend the session.

In other action, board members heard a report on Children's Book Antitrust Litigation and noted that the local district received a refund of \$464.04 as a first repayment; heard and approved a new immunization policy for Muleshoe Schools; reviewed the proposed, tentative estimated budget for 1971-72 school year; reviewed progress of summer maintenance work; gave approval to have an area 50 feet by 100 feet blacktopped on the Rickland Hills campus for play area for primary students and approved installation of mirowal on upper half of high school auditorium windows. Some of the summer improvements listed include -- replacing outside doors to high school; repairing and repainting boys rest rooms, high school;

painting inside of high school gym and refinishing floors; replacing cracked and broken windows in gym and high school building; paneling started in four classrooms and principals office at high school; waxing and polishing all classroom and corridor floors in high school; built new shelving in book room and band instrument storage in junior high; refinishing gym floor and waxing and polishing all classroom and corridor floors in junior high; completing new shelving in Mary DeShazo library; waxing and polishing classroom floors and corridors in Mary Deshazo; painting 12 restrooms at Richland Hills; waxing and polishing all classrooms and corridors in Richland Hills; sprigging, fertilizing watering and mowing grass on all campuses and repairing gap in old part of junior high building where foundation is settling.

Rain...

Cont'd from Page 1

northwest of Muleshoe had one and a quarter inches.

E. O. Battles, three miles north of Bula recorded one-half inch and J. E. Bayless, who lives two and one-half miles north of Enochs had only .3. Eddie Beene at Needmore reported one-half inch Monday and only a light shower Tuesday.

Ten miles west of Muleshoe on 1760, Jimmie Carpenter said he received two inches of rain. Carpenter commented, "I'm sure proud of what little rain we got, we sure needed it." North of Muleshoe, Dee Brown, who lives 11 miles north, said he received 1.8 inches in a two day total and Clay's Corner Grocery reported a two day total of 1.6 inches.

I. L. Clawson, two miles east and four miles south of Bula, said they received only a light shower during the two days and R. R. Kindle at Maple said he received .4.

One inch was recorded by W. B. Kittrell 13 miles southwest of Muleshoe in the Longview community.

The rain was reported to be too little and too late in the Bula-Enochs area, where bare field after bare field dots the countryside.

Many farmers report there was not enough moisture to plant initially, and some farmers who did plant despite the dry ground found the seed did not come up. In most of the southern part of the county, dry fields and small spotty crops are a common sight.

Dr. & Mrs. Armand Honored At Reception

Muleshoe residents showed their warm friendliness last Friday evening when Dr. and Mrs. Lucien Armand were honored with a reception given by the Pink Ladies of the Muleshoe Hospital Auxiliary. About 200 people greeted the Armands at the Fellowship Hall of the First United Methodist Church between the hours of 7:30 and 9:30 Friday evening, July 16.

Greeting guests at the door was the President of the Hospital Auxiliary, Mrs. J.E. McVicker, who presented them to Mr. and Mrs. Marshall Cook, Hospital Administrator, who in turn introduced Mr. and Mrs. Armand.

The hall was decorated with

fresh garden flowers and greenery. The serving table was covered with a maderia linen cloth and centered with an arrangement of yellow daisies entwined around a gold candleabra. Crystal and silver appointments were used. Alternating at the punch service were Mrs. B. O. McDaniel, Mrs. Homer All good and Mrs. B.E. Sanderlin.

Members of the Hospital Auxiliary were in the house party. They were Mrs. Harold Allison, Mrs. Clarence Mason, Mrs. Harold Cowan, Mrs. Dorothy Green, Mrs. Mabel Caldwell, Mrs. Gordan Wilson, Mrs. Elvis Powell, Mrs. Paul Poyner and Mrs. Horace Hutton.

Goodland Bible Study Meets

Reporter Mrs. Cass Stegall

The Goodland Bible Study met July 13 with Mrs. Ted Simpson. Members present were Mrs. Tommy Galt, Mrs. Pete Tarleton, Mrs. Cass Stegall, Mrs. Terry Hutton, Mrs. Buck Ragsdale and the hostess.

There will be only one more meeting until the month of September. Mrs. L.W. Chapman will have a covered dish luncheon on the last meeting date, July 27.

The eleventh chapter of John was studied and the book of John will be continued.

The white elephant sale went to Mrs. Cass Stegall.

Dr. and Mrs. Lucien Armand

ENGAGEMENT ANNOUNCED . . . Mr. and Mrs. Joe Pat Wagon announced the engagement of their daughter, Deborah, to Johnny St. Clair, son of Mr. and Mrs. Irvin St. Clair. Miss Wagon is a 1971 graduate of Muleshoe High School and will enter Texas Tech next fall. St. Clair, a 1969 graduate of Muleshoe High School will begin his third year of college at Texas Tech this fall.

Market Report

COLLEGE STATION -- Cut down on high food costs this week--follow these marketing suggestions from Gwendolyn Clyatt, Extension consumer marketing specialist.

At retail meat departments, look for features on less tender cuts in less demand during hot weather, such as chuck and round cuts. Ground beef, short ribs and a number of boneless roasts may also be found at economical prices.

Excellent values are available on smoked and canned hams. Other pork features include center-cut chops, bacon, spare-ribs, liver and 1/4 and 1/2 loin chops.

Fryers remain a bargain in most meat departments, and frozen turkeys are currently available at prices hard to pass up. Grade A large eggs continue to offer the best combination of economy and quality.

Fresh vegetable supplies are increasing seasonally. Among the more important items are tomatoes, cucumbers, sweet corn, cabbage, celery, black-eye and purple hull peas, okra, collards, mustard greens and eggplant. Yellow onions and potatoes also have attractive price tags.

An increasing supply of seasonal fresh fruits means greater menu variety at moderate prices. White seedless grapes and nectarines are nearing peak supply, Mrs. Clyatt says. Peach supplies, while on the light side now, should be increasing soon. Banana imports are heavier, making for lower prices. Fresh plums are abundant with many varieties to choose for sweet out-of-hand eating. Pineapples, lemons, avocados, cherries, cantaloupe and watermelon are also good selections.

Senators raise spending limit for '72.

Birthday Tribute To Mrs. Carrie Boydston

(Editor's Note: The following tribute to Mrs. Carrie Boydston on her 85th birthday was submitted to the Journal by Lewis Stewart, a neighbor and friend of Mrs. Boydston's.)

On July 13, a host of friends gathered in the home of Mrs. Carrie Boydston to celebrate her 85th birthday. Mrs. Boydston was born at Prescott, Arkansas in the year 1886 to Mr. and Mrs. Joe Noonkaster.

Everywhere, at that time, talk of Texas flowed from the mouths of men. And those who tore their living from ungracious soil heard much of the fertility of Central Texas, its generous land prices and its manifest advantages for energetic folks. Caught into the current of the stream was Carrie's father, Joe Noonkaster.

Together, with some relatives, they loaded most of their possessions into covered wagons and struck west over rough wilderness country. There were scarcely ruts for their wagon wheels through Texas at that time and the land was not torn by the breaking plow.

They arrived at Rising Star, a little frontier town in Eastland County, when Carrie reached her fourth birthday.

Mr. and Mrs. Noonkaster prospered and finished their lives in this community and are buried in the Rising Star cemetery.

Carrie received her education at the school near her home.

However, her higher education came to an end when at the tender age of fifteen romance entered her life. John Boydston, a gallant young man at the age of 17 from the neighboring town of Brownwood came into their community. It was then that fate, that guiding hand, the power or influence that predetermines the events that lead to our destinies laid its hand, John and Carrie were married December 22, 1901.

They farmed in the community around Rising Star for several years and then the same frontier energy that drove her father west took possession of them and they drifted northwest into the Great Western Plains. Since that time they have resided at many different locations between Peacock and Muleshoe. John passed away at their home in Muleshoe on September 3, 1959.

Through these years, Mrs. Boydston became the mother of 12 children. She met reverses and hardship with a cheerful heart and undaunted courage. With optimism she has taken life's varied gifts and made her home a house of joy for her husband and children. Their wants were ordinarily few and their needs the simple necessities of life.

And now in the shadows of a century, she is not ready to quit. Today, should you chance to visit her home you would be charmed by her conversation, astonished at the keenness of her mind and spirit and her zest for life does not yet lie dormant.

I agree with Dorothy Dix in her tribute to motherhood when she says "in the shadow of every man's fame walks his mother. She has paid the price of his success. She gave the labor of her hands for his support, she poured into him ambition when he grew discouraged, she supplied his weakness with her strength, she filled him with hope and strength and faith when his own hand failed."

Today, there are various opinions as to what constitutes a successful life, but to my mind, after Mrs. Boydston has completed her course here on earth, made her last bow upon the stage of life and disappeared behind the scene forever and then when all those who know her best can gather around and say that she had been a thoughtful and helpful companion; a wise, patient and loving mother, a gentle and kind neighbor, it will be far more of an honor and prove that her life was much more successful than had she gained great wealth or attained a high position in this life.

(S) A neighbor and friend
Lewis Stewart

Miss Jane Williams

Miss Jane Williams Honored At Shower

Miss Jane Williams, bride-elect of Kenneth McManis, was honored with a bridal shower Friday afternoon, July 16, at 4:00 p.m., in the Muleshoe State Bank community room.

The serving table was covered with a blue cloth overlaid with a white lace cloth. The centerpiece was of daisies and baby's breath with bows and streamers inscribed with the names of the bride and groom. Serving punch and assorted cookies to the guests were Kathy Seymore and Nancy Bush. The guests were registered by Diane Bush. The registration table was covered with a blue cloth and centered with a bud vase of daisies.

The honoree, the mothers and grandmother were all presented corsages of daisies and baby's breath. Special guests included her mother, Mrs. Lloyd Williams; her grandmother, Mrs. Stella Morgan; his mother, Mrs. F.H. Huffman; his sister-in-law, Mrs. Gayle McManis; and his twin sisters, Karen

and Sharon Huffman, all of Lubbock.

Hostesses for the occasion were Mrs. J.B. Young, Jr., Mrs. Jim Shafer, Mrs. Melvin Seymore, Mrs. Max Bush, Mrs. Ed Little, Mrs. Cooper Young, Mrs. Harold Mardis and Mrs. Glenn Scott.

Hostess gift was an electric skillet.

In Fashion

The more ridiculous beach costumes are this summer, the more acclaim they get from the youngsters. T-shirts must have a figure of some sort--flowers, a cartoon character, a peace slogan, etc., on the back.

Beautiful swim suits are in the shops along with the bikinis. Now is the time to pick up one of these suits at bargain prices.

LOUISA'S LETTER

Dear Louisa,

I am to be married this summer to a fine man but he comes from a family who are not wealthy. Now my problem is this. My mother wants me to have a big wedding in the evening and a reception afterwards with all of us wearing formal clothes but I know my future husband's family cannot afford clothes that they will have little use for later on. One of his sisters is a bridesmaid and his father and brother will be in the wedding party.

I hate to disappoint my mother but what would you do?
L.B.--Pa.

Answer:

Why not compromise and have a late afternoon wedding. In that case, your bridesmaids could wear long dresses but the wedding would not be so formal and the majority of people would come wearing cocktail dresses or afternoon dresses. The bridesmaid dresses could be selected so that they could be shortened later on if the owner wished.

In case you do decide to have a formal wedding, evening clothes for men can usually be

rented for the occasion from a good men's store--but put your order in early enough so that the sizes will be right.
Louisa

Dear Louisa,

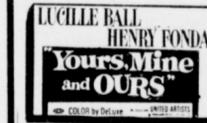

We are building a new house and we plan to have a swimming pool but my mother has got me all stirred up because she says our two children who are two and four years will probably drown before the summer is over. They do play out in the yard but I stay where I can watch them. I sure hate to give up the pool but what do you think about this?
A.L.D.--La.

Answer:

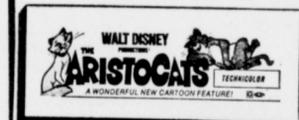

If the telephone rings do you leave the children in the yard while you go to answer it?
The only safe way to have a pool and two small children is to put a wire fence around it and keep the gate locked unless someone is with the children who can be depended upon to keep them away from the pool or pull them out if they fall in.
Louisa

Mrs. Danny Noble

Gift Coffee Honors Mrs. Danny Noble

Mrs. Danny Noble, the former Miss Cynthia Gable, was honored with a gift coffee Saturday, July 17, from 10:00 until 11:30 a.m. in the home of Mrs. Herbert Griffiths.

The table was covered with a linen hand drawn cloth and centered with an arrangement of blue, turquoise and white daisies. Apple cider and coffee were served from a silver serving tray. Miniature rolls and thumbprint cookies with tur-

WEEKLY RECIPE

By Sarah Anne Sheridan

Custard Ice Cream

- 3/4 c sugar
- 2 T cornstarch
- 1 c milk
- 2 egg yolks
- 1/3 c coffee cream
- 2 egg whites
- 1 1/2 c whipping cream
- 2 t vanilla extract
- pinch of salt

Mix sugar and cornstarch. Add scalded milk gradually, stirring constantly. Cook in double boiler 25 minutes. Stir several times during cooking. Combine with well beaten egg yolks. Cook for 5 minutes, stirring constantly. Add salt and coffee cream. Mix well, strain and cool. When custard is cool, whip cream and fold into custard.

Pour into refrigerator trays and freeze. Before the ice cream has frozen solid enough to serve, remove the tray from refrigerator. Stir well with a spoon from front to back of tray. Then carefully fold in stiffly beaten egg whites. Freeze. If you like churned ice cream, use your hand or electric churn and freeze according to your churn's directions. We prefer the hand churned cream over the electric churn.

*Serve plain or with your favorite topping.

quoise centers were served by Jeane Milburn and Monica Griffiths.

Gayetta Gable registered the guests from a table decorated with a turquoise candle. Hostesses for the coffee were Mrs. Clarence Christian, Mrs. Martin Oliver, Mrs. Joe Ferris, Mrs. Bill Jim St. Clair, Mrs. Barbara Milburn, Mrs. Bobby Morris, Mrs. C. E. Moore, Mrs. Alton Carpenter, Mrs. Claude Riley, Mrs. Harry Waddle, Mrs. Russell Bryant, Mrs. Jerry Carpenter and Mrs. Morgan Locker.

Mrs. M. T. Young Hosts Reunion

Mrs. M. T. Young had a family reunion dinner Sunday evening, July 18, at the Hilltop School.

Her daughters, Mrs. Barbara Fenderson and children from New Orleans, Louisiana; Mrs. Edith Norman and children from Denver, Colorado; Mrs. Young's mother, Mrs. Odessa Hunt from Lubbock; Mrs. Dollie Mae Shepard of Odessa and a host of relatives and friends attended. Mrs. Young's daughters will be with her for a week.

Rev. McFrazier and his wife were there and he blessed the food before the lunch was served to the 45 people present.

Tired business men might try resting.

Regular exercise is the secret of old age.

Fishing solves a surprising number of problems.

Few people respect intelligence and fewer possess it.

Square Thru News

Reporter: Nelda Hunt

The Muleshoe Square Thru's are still around dancing on their second and fourth Monday nights at the American Legion Hall. The entire club has had a very busy spring and summer working with the crops, watering day and night, baling hay, suffering injuries, some have had illness, some had guests, and would you believe a few have gone on vacations. Well, there is a group that we are all envying! Little League ball season is over and the canning season is upon us so maybe we will all get back on schedule and put dancing on our calendars again.

The Muleshoe Square Thru's have elected officers to serve from July to December. They are: Jimmy Presley, president; Laverne James, secretary; Curby Brantley, social chairman; and the treasurer's office is vacant due to the resignation Sherry Wisian. We know those elected will do their best during the next six months to encourage square dancing and promote the good will and family entertainment it provides. These officers and fellow club members invite you to their dances.

Incidentally, we have gained some new members in the Square Thru's. They are Mr. and Mrs. Lewis Wayne Shafer, Ellen, Robert and Linda and Mr. and Mrs. Jack Dunham, Dani, Shelly, Rhonda and Mike.

The Square Thru's danced June 28 with Mr. and Mrs. Eugene Shaw and Mr. and Mrs. Ed Gunnels as hosts. Spudnuts and punch were served to guests Mr. and Mrs. Daryl Stephens of Clovis Y-Squares and Mr. and Mrs. Joe Odom of Friona. Members present were the Jimmy Presleys, Jack Dunhams, Lewis Shafers, Carl Ellingtons, John Bickels, Curby Brantleys, Willie James', Robert Hunts, Hilbert Wisians and Johnnie Mac. Teenagers present were Debbie Purcell, Brent Gunter, Marilyn Black and Dan Ellis.

Monday, July 12, the regular dance started off very slow and few in number. Gradually one square, then two, finally three were on the floor. The caller, Ed Gunnels of Clovis, warmed up and called a very good dance for the ones who braved the heat to come dancing. Serving punch and cookies were the host couples, Mr. and Mrs. Arnold Prater and Mr. and Mrs. Ike Wilcox.

The door prize was won by Ronnie Scott, Members dancing were the Carl Ellingtons, John Bickels, Lewis Shafers, Jimm

Presleys, Robert Hunts, Johnnie Mac, Ronnie Scott and Joyce Puckett. Guests included Mr. and Mrs. Joe Odom of Friona, Mr. and Mrs. Wes Brown of Dimmitt, Mr. and Mrs. Alvin Talley of Muleshoe and Mr. and Mrs. Harmon Wilson of the Merry Mixers of Lubbock.

During refreshment time, the group sang Happy Birthday to Mrs. John Bickel and a cake decorated as a doll was presented to her. The cake was made by Mrs. Jimmy White, Lottie was surprised as we think she thought we were singing to Mrs. Ed Gunnels who's birthday was also the 13 of July. Others having birthdays were Jimmy Presley - July 5 and Willie James and Arnold Prater celebrated theirs July 9.

We're always happy to have guests and spectators at our dances so come dance and visit with us.

Thursday night, July 15, the Presleys, Odoms and Ellingtons visited the Littlefield Circle 8 Club. Friday night, July 16, the Presleys, Sherman, Melinda and Marilyn Black visited the Cannon AFB Swingin' Wings.

I mentioned injuries and illness among our members. Those on the sick list included Ike Wilcox, Laura Jean Presley, Tori and Sheila Hunt and Willie James is out of dancing for awhile with head and back injuries suffered July 2. We are hoping the Carl Ellington's daughter, Carla Wilson, recovered from recent dog bites and at this writing we are extending our sympathy to Curby Brantley on the passing of his uncle who lived at Crosbyton.

Visiting the Arnold Prater's have been her parents, Mr. and Mrs. Chan Wolfe of Independence, Kansas, and the Curby Brantleys have been vacationing in the northwestern part of the U. S. Donna Shaw is a new aunt, I guess that makes Eugene an uncle too! They have a new niece.

I believe that covers the grapevine and until our next dance, July 26, we'll be hoping to see you out there dancing with us.

If you enjoy square dancing, a big weekend of it will be held in Ruidoso at the Chaparral Center on August 14 and 15. A group of Muleshoe Square Thru's plan to go so why don't you go too. See you at our next dance.

Note to beauty contest losers: the prettiest girl doesn't always win the contest.

People are dying every day on the highways, trying to find out how fast they can make a trip.

Bula News

By Mrs. John Blackman

We welcome Ronnie and Sherry Green and children, Tammy and Brett, to our community. Ronnie is pastor for the Baptist Church. They moved into the parsonage Saturday. He has been doing work at Wayland College and will be a candidate for graduation in December. They moved here from Petersburg. Their former home is Borge.

Ronnie will be ordained as a minister into the Baptist Church this Sunday, July 18, in a service at the First Baptist Church in Petersburg by Dr. Don Olive from Wayland College.

Mr. and Mrs. V. C. Weaver enjoyed having her niece and husband visit with them this week. They were Vern and Jennie Volker and children, Craig and Stephanie from Tulsa, Okla.

Sherry Withrow, daughter of Mr. and Mrs. Jack Withrow, left at 6:45 Monday morning from the Lubbock airport for Gutamala City. She was to be met at the airport by Mr. and Mrs. Jerry Hill, Church of Christ missionaries there. She will be making her home for the next six weeks with missionaries in that country and helping in any capacity she is needed with the Church work there.

Mr. and Mrs. Cleo Aduddell from Hollister, Calif. are here for a visit with her mother, Mrs. Nettie Blackman at the West Plains Nursing Home in Muleshoe, and also with other relatives in the area.

Saturday Mrs. Blackman was made very happy when all of her children were in to see her. First time for all six of the children to be with their mother.

BIBLE VERSE

"Mine eyes are upon all their ways: they are not hid from my face: neither is their iniquity hid from mine eyes."

1. Who was the author of the above statement?
2. Of what disaster was he prophesying?
3. What is its meaning for us today?
4. Where may this verse be found?

Answers to Bible Verse

1. Jeremiah the Prophet.
2. The utter ruin of the Jews.
3. That God is ever cognizant of our actions and knows our sins.
4. Jeremiah 16:17.

at the same time in twenty years.

Mr. and Mrs. Bert Killingsworth from Robey were weekend guests in the Paul Young home, Mrs. Killingsworth and Paul are brother and sister.

Mrs. Nolan Harlan and children, Ann and John, attended the Yarborough reunion Sunday at the Edmonson community center building.

Mrs. Betty Williams and Mrs. Linda Samples and children, DeShawn and Tarsha from Lubbock, spent the day Tuesday with their aunt and uncle, Mr. and Mrs. Gene Bryan.

Miss Gladys Setliff of Hereford visited the first of the week with her mother, Mrs. Julia Setliff and son Chester.

Mrs. John Hubbard drove to Amarillo Monday after Miss Vina Tugman and Mrs. Rowena Richardson. Miss Tugman had been in the High Plains Hospital for a week following eye surgery. Her sister, Mrs. Richards, has been staying with her.

Visitors the past week in the Bill Brewer home were Mr. and Mrs. Doyle Ballard and children, Clay and Wayne, from Norwalk, Calif., Mr. and Mrs. Dave Dillard from Galveston, and Mr. and Mrs. John Latham and children, Nancy and Carla, from Los Angeles, Calif.

Mrs. Nolan Harlan and children, Ann and John, took Mrs. Betty Sheperd to her home at Jean Monday returning Tuesday. Mrs. Sheperd has spent the past two weeks here with her sister, Mrs. Lula Harlan.

Funeral services were conducted Wednesday at 2:30 p.m. at the Methodist Church for Mrs. Rachel Carter. She died at the age of 94 years in the Lea County General Hospital. She had been bedfast at the home of a son, Clarence Carter, for three years. She and her husband lived in the Bula community for several years and reared their family here. She was buried in the Littlefield cemetery beside her late husband, Will Carter, who passed away in 1957. Children surviving are Clarence and Tommy Carter of Lovington, Earnest of Fresno, Calif., and Fern Richardson of Floydada.

Joe Salem, accompanied by his wife from Sudan, were guests Sunday morning and evening at the Methodist Church where he spoke at both services. Sunday evening he showed pictures of his travel in seven foreign countries, which was most interesting.

Mr. and Mrs. Dennis Medlin and children of Brownfield spent the weekend with their parents, Mr. and Mrs. L. H. Medlin, Mr. and Mrs. R. P. McCall.

Mr. and Mrs. Nolan Harlan and children visited Wednesday evening in the home of her mother, Mrs. Mary Britt at Amherst. They also were pleased to visit with her nephew and family, Mr. and Mrs. Don Britt from East Andover, Mass.

6 Entries Received For Queen Contest

Another Bailey County lass is making her bid for queen of the Bailey County Farm Bureau. With five girls announcing by Friday of last week, Renee Caldwell, 17, daughter of Mr. and Mrs. Gene Caldwell, has announced she is also a candidate for the crown.

Renee will be a senior in high school in September and has been active in plays, a member of Thespians, Future Teachers Association, Art Club and Future Homemakers of America.

She said she is interested in art and plans to major in art when she graduates from Muleshoe High School. Her hobbies are swimming, tennis and reading.

The candidate, who has lived on a farm near Muleshoe all her life has one sister, LaDonna. She attends the Church of Christ.

The other candidates are Delinda Henry, Kathy Schuster, Linda Mason, Vowery Throckmorton and Karen Hamilton. The Bailey County Farm Bureau Queen contest will be held at 8:30 p.m., Friday, July 30 in the Muleshoe High School Cafeteria.

Kathy Schuster

Renee Caldwell

Aphids, Thrips, Grass Mites And Greenbugs Here

According to Bailey County Agent J. K. Adams, bank grass mites have increased somewhat in area crops, and corn leaf aphids are beginning to decline.

Adams said that according to area entomologists, widespread spraying for corn leaf aphid infestations has occurred during the past two weeks. The entomologists say most of this spraying is unnecessary from the standpoint of preventing significant economic damage and has only served to increase production costs and destroy

beneficial insect populations.

Don R. Rummel, area entomologist for the Texas Agricultural Extension service added that corn leaf aphid infestations have declined greatly in untreated fields which have headed. He said that light to heavy infestations are still present in preboot sorghum.

Greenbugs have been reported in the area with more scattered areas being noted than at the same time last year.

Thrips has shown up in some fields of late planted cotton, but cotton which showed the effects of heavy thrips infestations a few weeks ago is now growing off well with little evidence of thrips injury, continued Rummel.

Telephone Co. Transfers Two Employees Here

Troy Lee Rowell has been assigned as Installer-Repairman in Muleshoe by General Telephone Company. He replaces Jack Milburn who transferred to the construction department of General Telephone Company. Carrol C. Shelton has also been transferred to Muleshoe as central office repairman, as announced by Jerry Kehoe, district manager.

Rowell was recently employed by General Telephone, said Kehoe. Previously he had been employed by West Texas Telephone Company at Dimmitt and Eastern New Mexico Rural Telephone Company at Clovis since he began working in telephony in 1956. Rowell and his wife, Florence, have three children, Edward Keith, age 12, Daniel Lee, age 11 and David Alan, age 10. They attend the Baptist church.

Shelton came here from Spearman where he has worked as installer-repairman and central office repairman since he was employed in 1961. He and his wife, Ann, have one daughter, Deborah Ann, age 14, and they are active in the IOOF.

Tax Man Sam Sez

TOPIC: COMMUNITY PROPERTY AND YOUR INCOME TAX MAN SAM SEZ:

It's not any news to Texans that folks in Texas are different and that the laws may also be different. There are still a lot of Texans around that don't know about the effect of the Texas Community Property Law on their Federal income tax. Retired Texans often get a substantial tax saving through having a double retirement income credit on their tax return. On the other hand they may also lose their retirement income credit through the community half of the income earned by their spouse. You can get Publication 555 from Internal Revenue Service office. This publication tells you how community property affects you.

To be respectable implies a multitude of little observances, from the strict keeping of Sunday down to the careful tying of a cravat.

-Victor Hugo.

Enochs News

By Mrs. J.D. Bayless

Mr. and Mrs. J. O. Dane returned home last Monday after a visit with relatives at Nocona, and visited her brothers, Jake, Temple and Troy Speck families at Denton.

Mr. and Mrs. Chester Petree spent the weekend in Lubbock to visit their sons, Mr. and Mrs. Dannie Petree and Mr. and Mrs. Kenneth Petree.

Rev. and Mrs. Vergil Ichertz of Plainview, were dinner guests in the W. M. Bryant home Sunday July 4th and he preached at the Enochs Baptist Church.

Rev. and Mrs. Atkinson of Plainview, the district mission-

aries, were in Enochs Sunday. He preached at the Baptist Church and they were dinner guests in the Harold Layton home.

Carl Hall, W. B. Peterson, C. C. Snitker and Dale Nichols attended the brotherhood meeting and breakfast at Three Way Sunday morning.

Guests spending Saturday night and Sunday with Mr. and Mrs. W. B. Peterson were their children, Mr. and Mrs. Morris Peterson and son Scott of Brownfield, Rev. and Mrs. Harold Abney of Plainview, and Mrs. Peterson's sister, Mr. and Mrs. D. B. Pashion and children, Louise and Duane of Hollister, Calif. Another guest Sunday was another sister, Mr. and Mrs. T. A. Smith of Hart, Texas.

Mr. H. B. King was admitted to the Methodist Hospital in Lubbock early Sunday morning for tests and x-rays. She was feeling better Sunday afternoon.

Mrs. E. B. Julian and Mr. and Mrs. Gary Freeman were in Amarillo Wednesday. Gary left Amarillo for the service. They spent Wednesday night with Mr. and Mrs. Billy Henderson and she also visited in the home of Mr. and Mrs. George Henderson.

Mrs. Rose Nichols and Mrs. W. M. Bryant attended the library meeting at the First Baptist Church in Littlefield Tuesday afternoon.

Mrs. J. E. Layton, accompanied by Mrs. J. W. Layton, took Jarrol Layton to Lubbock Tuesday to see his doctor for a check-up and did some shopping.

E. F. Campbell has been on the sick list for some time. They went to Plainview Monday to see his doctor.

Brother Harrold Drennan of Morton preached at the Enochs Baptist Church Sunday.

Mrs. Lorella Jones was honored with a party from 9:30 to 11:00 a.m. Friday at the home of Mrs. George Autry. The table was covered with an ecru table cloth and a flower arrangement of garden flowers adorned the table and a big round cake, decorated with white icing and yellow and green roses, featured "Welcome to Lorella" wrote across the top. Coffee and tea was served from a silver coffee and tea service. Green punch, mints and nuts were served to the guests. She was presented a pair of sheets with pink roses and pink pillow cases, a four piece towel set and a white bath set. There were 27 present including Mrs. Jim Claunch, Mrs. Robert Claunch, Mrs. Bennie Claunch, Mrs. Sherri Claunch, Mrs. Fay Jones, Mrs. C. C. Snitker, Mrs. W. T. Thomas, Mrs. W. R. Adams, Mrs. J. D. Bayless, Mrs. H. B. King, Mrs. John Gunter, Mrs. G. R. Newman, Rose and Paula Nichols, Olive Angel, Mrs. A. M. McBee, Mrs. J. O. Dane, Mrs. L. E. Nichols, Mrs. Bob Newton, Alma Altman, Mrs. Dennis Turney, Mrs. A. C. Archer, Mrs. Burley Roberts, Brenda Pyburn, Shonny and Teresa Autry, the host, Mrs. Jones and the hostess, Mrs. Autry.

Mr. and Mrs. Chester Petree and Mr. and Mrs. George Fine were dinner guests in the home of Mrs. Alma Altman Sunday.

Mr. and Mrs. Lee McDonald of Memphis are the parents of a baby girl, Sherry Lynn, born July 4. She weighed eight pounds and four ounces. Mr. and Mrs. Harvey Blackstone spent the weekend with their daughter to see their new grandbaby and their daughter, Nancy Blackstone returned home with her parents. She has spent a few weeks with her sister.

Mr. and Mrs. Donald Grusen-dorf of Plainview visited her parents last week.

Mr. and Mrs. Duane Clem of Wolforth visited friends in Enochs over the weekend, Mr. and Mrs. J. W. Layton, Mr. and Mrs. Ralph Beasley and Mr. and Mrs. J. D. Bayless and attended church Sunday morning at the Enochs Baptist Church.

We wish to say congratulations to Mr. and Mrs. Rusty Rowden of Lubbock who are the proud parents of twins, a boy and a girl, who were born Tuesday afternoon, July 13, 1971, in the Methodist Hospital in Lubbock. The little son weighed seven pounds and one half ounces and was named Kerry Jay, and the little daughter's name is Kimberly Kay and she weighed six pounds and eleven ounces. The Rowdens have another son, Chris. The grandparents are Mr. and Mrs. Wayne Rowden of Morton, and Mr. and Mrs. E. N. McCall of Enochs.

Mr. and Mrs. Clyde Price were dinner guests in the home of his sister, Mr. and Mrs. F. B. Kile Friday. They stopped in for a visit with her brother, Mr. and Mrs. Big Johnson. They also visited Mr. and Mrs. N. O. Sullivan who were patients in the University Hospital.

The Enochs Baptist Women met Tuesday for their regular Royal Service program. The meeting opened with a song, "Others", led by Mrs. Chester Petree, and Mrs. H. B. King led in prayer with Mrs. Harold Layton in charge of the program. Mrs. L. E. Nichols read James 4:1-10 and gave the call to prayer and Mrs. J. D. Bayless offered the closing prayer. There were nine present, Mrs. E. N. McCall, Mrs. C. C. Snitker, Mrs. W. M. Bryant, Rose Nichols, Mrs. H. B. King, Mrs. Harold Layton, Mrs. J. D. Bayless and Mrs. L. E. Nichols.

Timmy and Kurt Vanlandingham from Albuquerque, N. M.

are in Enochs for an extended visit with their grandparents, Mr. and Mrs. J. B. Vanlandingham.

Mrs. Vera Bartlett of California spent Wednesday night with her sister, Mr. and Mrs. Ray Seagler. They drove to Lubbock Thursday for her sister to catch the bus to Odessa where she is staying with her twin sister, Mrs. Eubanks, who is ill. Mrs. Seagler was a supper guest in the home of her daughter, Mr. and Mrs. Wayne Harrington.

Jerry Hardaway of Littlefield is spending the week with her grandparents, the C. H. Byars, and hoing some.

Mrs. Rowella Jones attended her family reunion at the Farm Bureau building at Wellington Sunday, July 18. All of her brothers and sisters were present, Mr. and Mrs. Jim Claunch of Bula, Mrs. Neil Parkinson of 29th Ponds, Calif., Mr. and Mrs. Ben Farmer of Wellington, Mr. and Mrs. E. P. Farmer of Merkle and Mrs. Jones daughter, Mr. and Mrs. Carl Jones of Whitharrol. There were 36 relatives present.

are in Enochs for an extended visit with their grandparents, Mr. and Mrs. J. B. Vanlandingham.

Eight Wrecks; One Injury During June

The Texas Highway Patrol investigated eight accidents on rural highways in Bailey County during the month of June, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in no persons killed and one person injured.

The rural traffic accident summary for this county during the first six months of 1971 shows a total of 23 accidents resulting in no persons killed and 14 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for June, 1971, shows a total of 524 accidents resulting in 10 persons killed and 308 persons injured. This was 19 less accidents, 13 less fatalities, and 46 less injured than during May.

The ten traffic deaths for the month of June, 1971, occurred in the following counties: Floyd with two; Hale, Montague, Palo Pinto, Stonewall, Carson, Donley, Hardeman, and Hutchinson with one each.

James E. Springfield, Director of food stamp program: "Tighter local handling rules have reduced food stamp thefts from local offices."

Obituaries

Roy Sheriff

Roy F. Sheriff, 80, died at 8:20 Monday night in Clovis Memorial Hospital. He had lived in the West Camp community for the past 41 years, moving there from Amarillo. Roy Sheriff was born February 1, 1891 in Blue Ridge, Tex. He was a farmer and a member of the West Camp Baptist Church. Roy F. Sheriff married the former Ethel Prewitt on September 15, 1915 at El Dorado, Okla. Funeral services were held at 3:30 p.m. Wednesday in the

Prussic Acid Poison Cattle

COLLEGE STATION--Several cases of prussic acid (hydrogen cyanide) poisoning in cattle grazing Johnson grass and sorghum hybrids have been diagnosed during the past week at the Texas Veterinary Medical Diagnostic Laboratory here. Dr. John C. Reagor, toxicologist, said that in one case, 260 hungry cows were turned into a Bermuda grass field about 4:30 p.m. The upper edge of the field had a large amount of wilted Johnson grass, which the animals began to eat immediately.

The next morning, 27 were found dead. They never made it to the Bermuda grass.

In another case, 20 cows were placed in a small pasture containing volunteer Haygrazer from hay fed in early spring. The young, drouthy plants were quickly grazed, and 13 animals were found dead the next morning.

Dr. Reagor said prussic acid caused the deaths in both instances, Johnson grass and sorghum hybrids may contain high levels of the deadly poison when under drouth stress followed by a summer rain shower.

Either the wilted or fast growing stage of the plant can be dangerous, the toxicologist points out. Problems usually arise when hungry animals are suddenly placed in these pastures.

Prussic acid is swift, Reagor said death can occur within five minutes after grazing affected plants, and almost always within 12 hours.

He urged stockmen to graze their cattle in such pastures only with great caution. Hungry cattle should never be turned in.

Samples of muscle tissue may be submitted to the Texas Veterinary Medical Diagnostic Laboratory for testing, Reagor said. However, they must be "fixed" in a one percent mercuric chloride solution for transport to the lab because prussic acid is not stable.

The lab also offers a testing service on plants suspected to be poisonous. Reagor said the fee for either the muscle tissue or plant test is \$2 per sample.

Representative Named Delegate For Conference

AUSTIN--State Representative Bill Clayton of Springlake is one of then House members accompanying Texas House Speaker Gus Mutscher this week in Tulsa for the 25th annual meeting of the Southern Conference of the Council of State Governments.

The Texas delegates are participating in the meeting, which began Tuesday, with legislative leaders from 15 southern states.

Mutscher, a member of the Southern Conference Executive Committee, selected Representative Clayton as a delegate saying, "he has exemplified the attributes of conscientious legislative service and has a solid background in several areas of vital legislative concern."

Topics scheduled for discussion during the conference include federal-state revenue sharing methods of improving the legislative process, the future of public education, environmental protection, court reform, drug abuse, and mass transportation.

Mutscher said the meeting will help prepare the Texas delegates for "their roles as leaders during future legislative sessions."

Representative Clayton is serving his fifth term as a member of the Texas House. During the 62nd Session, Clayton was Chairman of the Counties Committee and Vice Chairman of the Banks and Banking Committee.

Philippine leaders take wary view on China.

West Camp Baptist Church with Rev. Glenn Harlin, pastor, officiating. Burial was in the Muleshoe Cemetery under direction of Singleton-Ellis Funeral Home.

Survivors include his wife, Ethel; one son, Dwight of Clovis; two sisters, Mrs. Gladys Robertson of Hollis, Okla., and Mrs. Thelma Burt of Chicago and three grandchildren.

C.L. Munday

C. Lowell Munday, father of a former Muleshoe resident, Mrs. Martha Estes Lamb, died Sunday night, July 18 in High Plains Baptist Hospital at Amarillo.

Munday founded the Amarillo Speech and Hearing Center, served on the American Hearing Society Board and worked with

leaders in rehabilitation divisions of the U. S. Department of Health, Education and Welfare. He was the chairman of the Amarillo Rehabilitation Committee the past six years and was active in civic affairs. He was one of Amarillo's largest builders and his Munday Co. built more than 4,500 homes there.

Services were held Tuesday, July 20, at 4:00 p.m. in the First United Presbyterian Church, of Health, Education and Welfare. He was the chairman of the Amarillo Rehabilitation Committee the past six years and was active in civic affairs. He was one of Amarillo's largest builders and his Munday Co. built more than 4,500 homes there.
