CHILEAN AMNESTY.
WASHINGTON, Oct. 25.—The United States minister to Chile has advised the state department that the Chilean government has granted general amnesty to all persons accused of political offenses prior to August 28, 1892. The effect of this amnesty is to pardon the adherents of ex-President Balmaceda up to the day he was forced to resign and does not extend to those who resisted the new government after the ex-president's abdication.

ST. PETERSBURG, Oct. 26.—The police have received a number of nihilist proclamations which have been secretly circulated, and have arrested a number of young men on the charge of distributing them in various quarters of the city.

A JAPANESE VICTORY.
THEY CAPTURE AN IMPORTANT CHINESE STRONGHOLD.
They Meet With Only a Slight Resistance and Capture a Large Amount of War Material.—The Japanese Loss is 30 Killed—Chinese Lost 200.

WASHINGTON, Oct. 25.—The Japanese legation received yesterday a dispatch which contains the news of a second victory of the Japanese army under Marshal Yamagata. The telegram is dated Hiroshima and reads as follows: "Before dawn of October 26 our army, under Marshal Yamagata, attacked the Chinese position on the important stronghold upon the Chinese frontier. The place was defended by 16,000 troops under General Li and Song. They fled after offering only a slight resistance and the Japanese forces took possession of the fortifications and the city. They captured thirty large field guns, an immense quantity of rice, etc., and more than 300 tents. The Japanese loss is 20 killed and 45 wounded. The Chinese lost more than 200 killed, the exact number of wounded not being known." It is believed that the Japanese legation has received the news of a Chinese victory in the fighting at the noted Chinese commander who played such a prominent part during the Tom King difficulty and to whom it was recently reported, Victor Li had ordered the chief commander of the Chinese army. The had tactics excited the derision of the Japanese army. The latter pointed out that Chinese erect breastworks and then sit quietly in them. The Chinese soldiers also raise a number of banners just as they fire a volley, so that the Japanese troops always know when a shower of lead is impending. The Chinese exhaust their cartridges in the magazine guns as fast as they can fire them, making a hail of bullets and then a long clam. The rifles captured from the Chinese are in a very poor condition. A touching story is told of a Japanese soldier, who had just received the "charge," when he found a ball in the breast. He was urged to lay aside his rifle, as his further exertion would be fatal. His reply was another blast of the "charge" and he toppled over.

CHINESE AMNESTY.
WASHINGTON, Oct. 25.—The secretary yesterday returned an opinion on the South Carolina dispensary case presented by Governor Tillman, in which he sustains the opinion of the treasury department, holding that the state has no authority in the law to enter government bonded warehouses for the purpose of seizing whiskey declared by the state law to be subject to collection. The secretary's opinion of the attorney general says: "The legal status of distilled liquors in a bonded warehouse of the United States and under control of the collector of the revenue is definitely settled by section 934 of the revised statutes of the United States, which declares that all property taken by other officers than those of the revenue department of the United States shall be deemed to be in custody of the law and subject only to the orders and decrees of the courts of the United States having jurisdiction thereof."

FATAL STREET STRAY.
MEMPHIS, Tenn., Oct. 30.—A street fight at York, Ala., yesterday morning resulted in the wounding of two prominent citizens, one fatally, and the killing of Chief of Police J. W. Thompson. On Saturday S. A. Cameron, cotton compress agent and E. F. Allison, a timber merchant, had a quarrel about a business settlement and intervened in a fight between Cameron and Allison. Cameron refused to apologize and drew his pistol. A fight ensued, when Chief of Police Thompson ran up, sized Cameron and attempted to disarm him. In the scuffle Cameron fired two bullets passing through Allison's side and then penetrating Thompson's heart. The latter fell dead and the former is mortally wounded. Cameron was severely hurt by blows on the head.

PROHIBITORY BEER ORDER.
WASHINGTON, Oct. 30.—Secretary Gresham has made a very strong representation to the German government as to the illegality to the United States of the recent order prohibiting the importation of American cattle and fresh beef into Germany. He has protested that the action, which is so severe a blow to a great American industry, is taken without sufficient evidence of the existence among the cattle exported from the United States or its contiguous character or harmful effects. The secretary and the German ambassador were in conference at the state department yesterday on the subject and the minister transmitted the protest to his government, promising a careful consideration.

KILLED HIS WIFE AND SON.
WEST NEWTON, Mass., Oct. 30.—Phillips Le. Hayward was waiting last night, gun in hand, for a man that he had been making preparations in his home. As the animal approached he fired. One barrel of the gun exploded, shattering his stock and tearing the barrel into splinters. Hayward had concealed himself for a rat without the knowledge of his wife and family and she and her son were walking across the lot at the time. As Hayward hid the boy was heard to cry out and fell dead, and Mrs. Hayward was also hit by a flying bullet and died soon afterwards. Hayward's arm was so badly shattered as to require amputation.

TO TEST THE EXTENSION.

DESERTED HIS WIFE.
MRS. DUNCAN AND HER CHILDREN ARE LEFT DESTITUTE.
Her Husband Leaves Her on a Train While He and the Young Nurse Get Out of—She He Forcefully Prevented Her From Leaving the Train.

PARIS, Tex., Oct. 30.—A woman giving her name as Duncan appealed to the city authorities yesterday for assistance. She said that her husband and herself had been picking cotton near Houston, in this county, and on Saturday evening started for their former home in the Indian Territory. They had with them a girl whom they employed as nurse. At Houston five miles north of here, the girl and man got off the train with Mrs. Duncan's baby, leaving her on the train with the other children. She says her husband forceably prevented her from getting off the train until it was moving too rapidly for her to do so. She went on to Arthur, where she got off and came back here in search of her husband, but he could be found. She was unharmed and she said her husband had been acting as a nurse.

It was reported that for some time past there had been considerable tension between the chancellor and Zulebner, owing to the former's views in regard to the measures submitted to the Reichstag for the suppression of socialists. The chancellor is in favor of pursuing a moderate policy, while Zulebner believes in the adoption of radical measures to obtain the end sought.

ALL OVER THE STATE.
Interesting Callings on Various Subjects Taken from the Daily Press.

The other night about 11 o'clock there was an attempt to rob the south-bound Katy at Echo, Bell county. The passenger train passes Echo about 11 o'clock, and the would-be robbers threw the switch, expecting to catch the passenger train, but there was a freight fifteen minutes ahead of the passenger and it ran into the siding and smashed up several empty cars that had been left there. One of the train went west back and flagged the passenger just in time to save a wreck. There were four men seen hurrying across a field when the passenger came up.

A NIGHT MARAUDER.
PARIS, Tex., Oct. 24.—At a late hour night before last the family of Dr. J. A. Creswell, living on South Mill street, were disturbed by some one entering the front gallery. The doctor was up town and Mrs. Creswell and children became scared when the stranger went to the door and asked them to open it. They begged to be left alone. The stranger then entered the house and proceeded to pass by one of the bedrooms and went to the house, where he saw the man on the gallery and called to him to know what he was doing. The man replied that he was trying to make them open the door. Byrum called upon him to stop, but the negro ran with the officer in pursuit. Seeing that he was being followed and as the man refused to halt, the officer fired. At the crack of the pistol the man fell. A night was procured and it was found that the night prowler was Badger Harman, a citizen of Dallas, who lived nine miles from the city on a farm. The ball entered the back of the head and came out at the front. He was taken to the city jail, where he died in about an hour after he was shot. The negro was in his shirt sleeves and stocking feet.

ATTEMPTED HOLD-UP.
BELTON, Tex., Oct. 24.—An ineffectual and abortive attempt was made to hold up the south-bound Katy at Echo, night before last. The robbers threw the switch and the train was stopped. A freight train going south ahead of the passenger was thrown on the switch and collided with and damaged several cars on the track. None of the crew was hurt and as soon as the train was stopped a man was sent back to throw the switch and flag the passenger train. This he did just in time to prevent a serious collision. Passengers on the train say that when their train stopped they saw four men running off through the field. They are supposed to have been the robbers, but it is believed that, finding they had wrecked the wrong train, they became scared and abandoned their enterprise.

ATTEMPTED ROBBERY.
GREENVILLE, Tex., Oct. 24.—An attempt was made to rob the south-bound Katy at Abernethy Monday night. A man woke Mr. O'Neal about midnight to get something for the toothache. On going to the store the stranger drew a revolver and ordered O'Neal to hand over his money, but O'Neal grabbed the man and called loudly for help, on which the robber ran out.

CHARGE WITH ASSAULT.
AUSTIN, Tex., Oct. 25.—A negro named Willis Freeman was arrested yesterday evening on a charge of assaulting Mrs. Kinney at her home on Fourth street yesterday evening. He is a stranger here and upon him was found a ticket from an inmate of the "Red Light," in Dallas, calling upon to come at once, and informing him that he would find a ticket in the post office.

The friends of good government expect every man to do his duty next Tuesday.

SWANSON's letter published in last week's COURIER startled the pops and among them, Judge Burnett.

The victory next Tuesday for honest and good government will be crushing if every man will do his duty.

AUGUSTA has held the banner for twenty years for the biggest democratic vote. Other boxes are in the race with her for it this year.

The colored republican voters have discovered that Judge Burnett wants to lead them into the populist camp and they will have none of it or him.

When Judge Burnett talks to a democrat, he is a democrat; when he talks to a populist he is a populist; when he talks to a republican, he is a republican.

AUGUSTA box should look well to its laurels! Two years ago there were only six third party voters there. Other boxes at this election are going to contest with Augusta for the banner.

EVERY man who wants clean, honest, economical, safe government for the next two years, should go to the polls next Tuesday and put in his ballot against the nominees of the populists.

Sit down and talk to one of these pop agitators for a couple of hours or rather listen to him talk. When you get through, if you don't drop dead like the colored man did at Daly Monday who was listening to Billy Driskell's war-talk, you will at least think "life not worth living."

We have heard nothing of our "dear old grand-mother" for several weeks. We are informed, however, that the "old lady" is still in the ring and expects to warm a seat in the state senate next January. Alas! Alas! Vanity, vanity, all is vanity!

ALL the sore-heads are in the Third Party. All the kickers are in the Third Party. All the growlers and calamity-howlers are in the Third Party.

All those who want the government to do for them what they should do for themselves are in the Third Party.

All those who want something for nothing are in the Third Party. All those who think that the government should make everyone rich is in the Third Party.

All those who believe in sitting down and doing nothing are in the Third Party.

WHAT better proof does the colored republican voter want that Judge Burnett has quit the republicans and joined the populists than these facts: He was brought out by the populists and endorsed by them. He endorsed their platform and has openly declared that he will vote against every republican running for office and vote for every populist running for office. Part of the time he has been editing a Third Party paper, writing Third Party editorials and furnishing the means in part for getting out such paper. We repeat what better proof do the colored republicans want?

Do you want a stable government, one that will protect both property and life? Then vote against the populist.

Do you want for the next two years the same honest, good government that you have had for the past twenty? Then vote against the populists.

Do you want quietude and rest, respite from turmoil and turbulence? Then come out and help crush out of existence the populists.

Do you want to put a quietus on agitators and office-seekers? Then come out and cast your ballot against the populists.

CALL THE ROLL.

And let us see who the croakers and kickers are. No matter what line of policy the democrats pursue you still have these same calamity howlers and sore-heads preaching hard times. They keep up their doleful tunes, as persistently as an old bellowed hand organ. Sinsister reflections are cast on every officer from Governor down.

Call the roll of the little sore head crowd in our state and county and you will find them the same hungry fellows that have been snarling around, snapping and biting at everything good since they were born. There may not be quite as many of them as there was two years ago. Some of them may have died, but those remaining are still "cussin and snoutin." Now, who are they? First: They are those who could not get office in

either of the old parties. Secondly: They are natural and incurable soreheads, kickers by instinct and constitutional agitators. These same fellows brought populism in our country, a new party, asking the people for their confidence.

It has had a brief career in the northwest and has succeeded in destroying the prosperity of several states.

How can any man vote for such a party?

TO THE COLORED REPUBLICANS.

We invite the attention of the colored republican voters to an editorial printed in this week's COURIER taken from the leading republican organ of the west. It is from the St. Louis Globe-Democrat. Read it and see what advice it gives republican voters. Read it and see if it advises you to go to the populists like Judge Burnett and other so called republican leaders do.

HE LOVES THE EXCITEMENT.

Those who have not kept close watch of Judge Burnett's career are not aware that he has had a mania all his life for office. After turning his back upon the South and those with whom he fought during that dark period he turned republican and accepted a judgeship from that party. We next see him elected to the State Senate on the Greenback-Republican ticket. He next applies for a Federal judgeship to succeed Judge Sabin. Bryant is chosen and Burnett left. He next applies for a Federal judgeship to succeed Judge McCormick. Rector is chosen and Burnett again left. We next hear of him threatening to run against Judge Reeves. He next has a desire to run for congress and for quite awhile it was thought he was a candidate. In the latter two instances, his judgment prevailed over his inclinations. Later he makes the race for Judge of the Court of Civil Appeals. He is defeated of course. His ambition for office, however, is aroused and hurries him precipitately forward after something, anything that even—smacks of pie. He becomes, next, a candidate for Mayor of Palestine and is defeated for the nomination before a citizen's mass-meeting. By this time the momentum acquired hurries him along further and he resolves secretly and to himself that he will have an office or bust. Defeated for the Mayor's nomination, he announces a candidate for alderman of Palestine and is defeated again. He now stops not from exhaustion or satisfaction but because there is nothing more in sight to run for and he has to stop. He is not disgusted or disheartened the least but comforts himself in the reflection that another opportunity will soon roll around. He is quiet but meditative and tactical. He wants to run for judge of the Third District in 1894. He knows he can't be elected to the position by republican votes alone. He turns populist, swallows their platform and promises to support all the Third Party candidates and announces for the bench. He is running and of course will be defeated. But he will not be dismayed by that. Every time he offers he is pulverized but like the ancient bird he comes again from his own ashes. Two years hence he will be a candidate again. He has started and can't stop. He has run so often and so long that he doesn't feel at himself unless he is in a political center of some sort.

GRAPELAND.

October, 29th., 1894.

CROCKETT COURIER:—Judge J. R. Burnett made a speech here last Saturday. He declared himself in favor of fiat money pure and simple, based on nothing. Said the government had the power to stamp paper money and make it a legal tender for all debts. He was in favor of protective tariff. Said we should wall ourselves in with it thereby doing away with the necessity of international agreement to make our money good. He said the populists were right on the money question but opposed the ownership of rail roads, yet was willing to try it as an experiment if the Pops said so. Elder J. W. Marshall of the Christian church closed a meeting here a few days ago with 33 additions to the church and secured pledges amounting to \$600.00 towards the erection of a house of worship for his people, which will soon be done as they have selected the lot and are getting the material ready.

Rev. J. P. Childers of the Methodist church is running a tent meeting here now which will close in a few days with 5 or 6 additions.

Rev. Fowler of Palestine preached the dedication sermon at the new Methodist church (which has just been completed) last Sunday. A large crowd was present to assist in the ceremonies. This is a nice neat commodious and excellent building and is quite an ornament to our town.

Mr. Claud Sory has commenced the erection of a fine residence on the west side of town.

Mr. W. S. Johnson has just completed a new residence in Southeast Grapeland which is now ready for occupancy.

Mr. Buddie Hend who had his arm amputated owing to a gin accident, is about well.

A little negro had his thumb severely mashed in Mr. W. W. Lively's press last week which necessitated amputation.

Misses Mary and Fannie Hill Messrs. Cassidy and Peterson of Crockett were in town this week.

Jno. Chiles and family, Mrs. T. Bealy and family, W. D. Taylor and daughter, and Miss Venie Beasley of Daly were in town Saturday and Sunday attending the meeting.

D. M. Martin and family of Sheridan spent Sunday in town enjoying the dedication ceremonies etc.

Mr. Doc Dupuy and wife of Elkhart were in town a few days this week.

Jno. Kennedy, Wu. McLean, Sam Kyle and Harold Baldwin and several others from the holy city of Augusta greeted us this week with their presence.

Ed Horn wife and sister of Elkhart attended the meeting Sunday returning home in the evening.

THE RULE OF THE POPULISTS.

The document sent out by the Business Men's League of Denver—representing 5000 men engaged in commercial pursuits in that city—with regard to the effects of Populist rule in Colorado deserves the attention of intelligent and patriotic citizens everywhere. It asserts that \$300,000,000 of the values of that State have been destroyed by the impairment of credit, the obstruction of business and the crippling of industry. The selling price of property in Denver has fallen two-thirds, and a relative depreciation of farm property has ensued. Before the advent of the Populists, Colorado's borrowing power ranked next to that of New York; and now she can not borrow at all. "So withering has been the effect in this respect," we are told, "that at the present moment even a gold mine can not borrow \$1 on \$5 worth of gold ore actually in sight with which to extract and ore and send it to the smelter." Leaders would like to furnish the money, but are afraid to take the risk of unfriendly Populist legislation. The proverbial timidity of capital is fully justified by the conditions which have been brought to pass in this case. There is no assurance of safety for it, but a standing menace against it, in the character of the State Government and the sentiments and tendencies of the dominant party.

From Every Store House— can be heard the stentorian voice in wild and vociferous exclamations, you are agonizing exorcising strains, Come to me! I am the cheapest! I will do thee good from the sole of thy foot to the crown of thy head! I buy for cash etc. I do wish you could peep into some of the big ledgers in New York, Baltimore, Chicago, Boston, Cincinnati, Memphis, St. Louis, New Orleans, Galveston and Houston and you would become breathless with astonishment at some of the great big accounts against some of those Roosters who are defying the people with the cry that they are strictly cash buyers.

All Over the Commercial World we are known as Spot Cash buyers, and mail after mail brings us letters from manufacturers and wholesalers who are anxious to sacrifice some line of goods in order to obtain the spot cash. Yes we have not only these facilities, but have expert buyers—men who know more about the value and quality of a piece of goods in an instant than any merchant in Crockett will know in a life time, and often we receive goods purchased by these expert from under the hammer or from tottering concerns for less than cost to manufacture.

REMEMBER! BEAR IN MIND! DON'T FORGET! That we sell as we buy. When we get a great land slide we give the people the benefit until it becomes exhausted; so when we advertise an article it means don't delay; come right away, for we can't promise to keep an article always at the advertised price.

We Mean No Harm

to competition by giving these low figures. All those who can't swim or climb the center pole must sink. We only mean a benefit to ourselves and the people.

APALACHICOLA, FLA., Feb. 17, 1899. MESSRS. LIPPMAN BROS., Savannah, Ga.

DEAR SIRS—I will write to inform you that I was afflicted with Blood Disease. I tried one bottle of P. P. P. and it gave me no relief. I was in bed seven months. I tried prominent physicians, and they could not do me any good. I saw your advertisement of P. P. P. in the Apalachicola Times, and thought I would try it. The bottle I got to-night makes seven or eight, and oh! how good I feel. I have been up ever since and at my business, lumber inspector. You may publish this if you desire. I have informed my friends that P. P. P. is life, health and strength.

GENTLEMEN—While in San Antonio, Texas last spring, I saw your advertisement of P. P. P. (Prickly Ash, Poke Root and Potassium) in the paper for the cure of rheumatism, and thought I would try a bottle, finding such great relief from it, on my return home I had my druggist, Mr. John McClellan to order me a supply. After taking, I think, ten bottles, I have not had a pain or ache since; previous to that I suffered for twenty-five (25) years, and could not get the least benefit until I tried P. P. P., and therefore, take pleasure in recommending it to all.

Yours truly,
