Laine is the Muleshoe Area Public Library's visiting western author and writer for 1972. Not only will he participate in the dedication ceremonies, but he'll be on hand at the Open House, set from 2-4 p.m. the afternoon of the 23rd.

Many know Laine as the man behind those "Monday Morning" stories about West Texas that are a regular feature in the Lubbock Avalanche-Journal. His popular "Face of a Cowboy" picture series, also in the Avalanche-Journal, has won him many fans in this area.

In it, he tells the origin of over fifty unusual names associated with towns, people, places and things in West Texas. He talks the former Marjory Meek of the book.

In another of Laine's books, "Cow Country," Muleshoe is mentioned several times. All Daily Optic, The Midland Rethree of his books are available at the Muleshoe Area Public Library and autographed co-Tower urged Campbell to give first two months of 1972 -- 32 per pies can be purchased there

COW POKES By Ace Reid

"I shore don't see why somebody ain't invented a waterproof Bull Durham sack!"

Muleshoe State Bank Member FDIC

Dear Editor:

I'm writing in regard to a story that was told to me about the bank robbery in 1917 of the old Muleshoe Bank that stood near the Sandhills. According to the story, the robbers were caught, but the money was never recovered.

Would you have a detailed report of the robbery? Also were the robbers caught the first time the possee went after them, or was it several days later?

I'm interested in old stories. I would appreciate any help you can give me.

Sincerely, Eddie F. McHenry Rt. 1, Box 371 Red Oak, Texas 75154

Week... Cont. from Page 1

Suspicion leads many people into mistakes.

An Open Letter To The People Of Texas

Dear Voter:

I'm a candidate for attorney general of Texas because I believe it's time for a change in the office.
Crawford Martin is seeking fourth term. It's the first time in the history of Texas an attorney general is running for a fourth term. Campaigns should be run on the issues and I don't like to inject personalities and personal relation ships into a political campaign, But the relationship between Sharp and Atty. Gen. Crawford Martin cannot be swept under th

The new book about the Texas stock fraud scandal, "Texas Under a Cloud," tells about that relation ship. On page 128 the book says:

"Atty. Gen. Crawford Martin got some free newspape publicity when it was revealed in October, 1971, that he received 'stock tip' from Frank Sharp — while Martin and his family were Sharp's ranch guests late in 1969 and again at Sharp's Houston office early in 1970.

"Sharp was trying personally to sell National Bankers Life stock to Martin, although the attorney gen-eral said that Sharp never mentioned the possibility of Sharps town Bank loans to buy the stock "Martin said that he turned the stock offer down because it would was in 'shaky' condition, and because he did not buy 'speculative

stocks. "He did not comment on th ethical aspects of a state official's accepting a stock tip of that sort perhaps, because Martin, a. attorney general, had ruled in favo of Sharp on a key legal issue abou Sharpstown State Bank only two and one half years before Sharp

made the stock offer to Martin.
"Martin's ruling had the effect of ncreasing the bank's capitalization dramatically and thus its ability to make large loans, ultimately giving Sharp the financial resources he used in the manipulations charged

by the SEC." As you know, hundreds o Texans lost their life savings be-cause of Sharp's stock manipu lations and it probably wouldn't have happened but for Atty. Gen

Martin's legal opinion.

Don't you agree, it's time for a change in the office of attorney general of Texas?

Just so you'll know what you'd be changing to, I'd like to tell you a little about John Hill. I'm a native Texan, grew up in Wink and Kilore, was national debate champion at Kilgore Junior College and graduated from the University of Texas Law School, I served in the Navy during World War II, practiced law (much of the time in courtrooms) in Houston, and was secretary of state from 1966 to

I certainly would appreciate you

It is time for a change

P.S. If you want to help in ou ampaign, please write John Hill 408 Brown Building, Austin, Texas 78701 or call 512-474-1991

of Good Breeding

Pioneer brand grain sorghum varieties have bred-in yield potential to help farmers get the most from their good management even in the face of adverse weather, insects, or plant disease. Also, the genetic inheritance of every Pioneer hybrid is unique. Each variety is bred to bring out the special traits necessary for maximum perormance in the area where it is to be grown.

Your Pioneer dealer has many varieties bred to help farmers on the Plains turn in top yields. Some of these varieties are:

Pioneer Brand 820: shows its potential on irrigated land - performs well under stress — excellent standability — MDM resistant — 144-day

Pioneer Brand 828: outstanding yielder — stands and threshes well even after freeze or snow — hard grain holds quality — MDM resistant - 144-day maturity

Pioneer Brand 846: excellent drouth resistance - consistent high yields - MDM resistant - 134-day maturity

Pioneer Brand 833: yields along with 820 - excellent thresher -140-day maturity

Pioneer Brand 8417: new yellow endosperm variety - full, open heads — good standability — easy thresher — MDM resistant — 135-day maturity

Days to maturity is an averaged figure, which is affected by weather and other variables.

GOOD YEAR OR BAD YEAR, YOU'RE BETTER OFF WITH

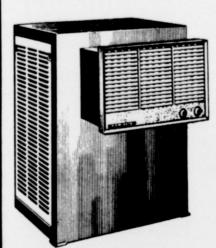

HOUSTON HART, Muleshoe, reported an average yield of 6000 pounds per acre with Pioneer brand 846 and 5000 pounds per acre with Pioneer brand 828. These yields were outstanding considering the below normal temperatures early in the season and considerable hail damage, especially to the 828. As Mr. Hart describes it, "Yield and standability were good under the conditions." He plans to plant both of these performance-proven hybrids again this year.

The U.S.Weather Bureau Report calls for partly cloudy skies, hot and dry.

Back in the days when Mother Nature had control over the weather, there wasn't much you could do. Except sit and wait for it to rain. But now you can order your own rain. Any time you want it. With Gifford-Hill's 360 electrically-

powered, pivotal sprinkler system.

We've added several new features

that make it even better than last year.
An automatic end gun control option.

A new collector ring. A new alignment control linkage. A new direct gear drive motor on each section. A new moisture-proof intermediate control panel. And a new weather-proof coating.

But where we really have it over the competition, including Mother Nature, is

By setting a dial you can apply as

much water as you want to any portion of your field.

And because of our unique sprinkler spacing concept, your crops get the same amount of water at one end of the system No compaction. No puddling.

the most dependable, the most versatile and the safest pivotal sprinkler system on the market. We want you to buy the 360. And forecast your own rain. Contact our representative today

So, before you worry too much about weather reports, get a full report on the 360 from a Gifford-Hill representative.

He'll give you a demonstration.
That will convince you that the 360 is

A SPY SATELLITE

Cape Kennedy -- An American spy satellite has been launched which was reported to be the third in a series intended to monitor rocket tests of the Soviet Union and Communist China. It will give almost instant alert of an all-out missile attack on the U.S.

BAILEY COUNTY WINS SECOND ... Kenneth Moss, left, is shown presenting Mr. and Mrs. M.L. Fine with a steam and dry iron for Bailey County winning second in the Farmers Union Membership Drive held the week of March 20-24. Twenty counties were involved in the membership building effort. We Sell CONGRESSMAN

18th Congressional District

bers of Congress to be recorded on at least 70 per cent session of Congress or lose their jobs.

This measure, which was or-iginally sponsored by Congressman Price on February 17th, gained support from these other Members who feel as he does that the elected representatives of the people should be doing what they were elected by the people to do-represent their constituents by voting on legislation before the Congress. "My bill is quite simple," Congressman Price stated, "It

------Twenty-nine Members of the | would merely amend the Con-House of Representatives joined stitution of the United States in Congressman Bob Price today in such a way that, if a Member introducing a joint resolution of Congress is not recorded on which, if adopted and ratified at least 70 per cent of the roll by the states, would amend the call votes of the House or Se-Constitution by requiring Mem- nate, the office becomes vacant and the state from which he is elected is notified of the vaof the roll call votes during a cancy. The only exception to that required 70 per cent vote record is when a Member of Congress is excused or necessarily prevented from being present due to illness or official business.'

> The Congressman expressed his gratitude for the support of his colleagues in the House and said that he hoped that even more Members would recognize the importance of this much-needed amendment and lend their support to its adoption by the House of Representatives.
