## Mules Will Tackle Dimmitt On Friday Daily At New Firm

### Bobcats Will Be First Opponents

The Muleshoe Mules will play their first game Friday night in Dimmitt against the Dimmitt Bobcats.

Head Coach Fred Hedgecock reports that the probable offense starting lineup for the Mules will be as follows:

Delmer Bleeker, center, Senior; Billy Williams, right guard, Senior; Jerry Hodge, right tackle, Junior; David Faver, right end, Senior; Charlie Vela, left guard, Senior; Larry Vinson, left tackle, Senior; Perry Stockard, left end, Junior; David Wheat, half back, Junior; Ronnie Parker, half back, Junior; George Mitchell, fullback, Junior; and Don Long, quarterback, Junior.

Defense lineup will include about the same boys, according to the coach. Gametime will be at 8 p.m. in Bobcat Stadium. Adult tickets will be \$1.50 and student tickets are priced at 50 cents. The east stand will be the visitor side and Muleshoe visitors attending the game may enter the southeast or northeast gate. There will not be any pregame ticket sales.

This year the Mules have four returning lettermen. They are

David Faver, Senior; Don Long, Junior; David Wheat, Junior; and George Mitchell, Junior.

The Mules are out this year to better their excellent season that they played last year.

Dimmitt has only one returning starter this year. The starting lineup for Dimmitt includes:

On offense, Keith Calhoun, right end, Sr.; Brent Sanders, right tackle, Sr.; Roger Underwood, right guard, Jr.; Ronnie Hall, end, Jr.; Shannon True-lock, right guard, sophomore; Kyle Broderson, left tackle, Jr.; Travis Hampton, split end, Soph.; Terry Powell, quarterback, Sr. (the only returning starter); Gary Wise, fullback, Jr.; Bob Mayberry, tailback, Soph.; Florence Acevedo, wing

### Lazbuddie Announces

### Grid Schedule

Lazbuddie High School has announced its 1972 football schedule.

The Longhorns will play their first game on Friday, September 8, at Hart.

On September 15, the Longhorns will play Meadow on the home field; September 22, New Home, there; September 29, Whiteface will be at Lazbuddie for Homecoming; October 6, Amherst, there; October 20, Nazareth, at Lazbuddie; October 27, Happy, there; November 3, Wilson, at Lazbuddie; November 10, Matador at Lazbuddie; November 17, Sundown, there.

Lazbuddie players this year include Gilbert Longoria, Bart Burnett, Mike Tred, Arthur Graves, Brad Treider, Larry Cox, David Buentello, Glen Morris, Donnie McDonald, Ricky Wall, Donnie Coker, Stan Treider, Mike Winders, Russel Treider, Davey Engelking, Marty Maguire, Doyle Weir, Jim Don Jennings, Mark Barnes, Tim Smith, Danny Clark, Jimmy Robinson, Jack Smith, Jerry Barber, Bobby Broyles, Ricky Seaton, and coaches, Evans and Harmon. The manager

Cont. on Page 3, col. 2

**FACTORY OPENS** . . . Several of the machine operators at the Hensley-Russell Inc. Manufacturing plant in Muleshoe are shown as they begin production in Muleshoe. The plant opened Tuesday with nine operators working. The plant will add two a day until their capacity of 50 to 60 employees is reached. The company hopes to expand their facilities in the future to at least 150 employees. Sources report that when the plant is in top production in four to six months, the plant here in Muleshoe will be producing around 4,000 dresses per week with 50 machines operating.

## Council Meets With Phone Representative

The Muleshoe City Council met Tuesday morning, September 5, at 8:30 a.m. in the City Hall. Present for the meeting were Mayor Irvin St. Clair, Councilmen Alex Williams, Lyndal Murry, Max King and Clarence Christian, City Manager Albert Field, and city secretary, Mary Watkins.

Mayor St. Clair suggested that rye be shown at the Waste Water Treatment plant instead of grass.

Brad Richardson, district manager of the General Telephone Company was present at

the meeting and met with the council.

The mayor and councilmen asked Richardson several questions concerning complaints that they had heard and experienced with the telephone company. Some of the complaints included slow operators, not being able to get an operator, not being able to get a new phone installed and the length of time it took to get a phone installed.

Richardson stated that the company will begin work on some new cables in the northwest corner of town around the first of October that will give the people in Muleshoe better service. The work project is expected to cost around \$120,000 and should be completed in 60 to 90 days. As soon as this project is completed, another one will begin, probably around the first of the year.

When Councilman Williams brought up the problem he had been having trouble getting an operator to answer, Richardson said that the company has a timer on signals coming in and takes samples of the calls. The meter is read and tells how many calls are answered in a certain period. The results of this showed that 95 per cent of the calls are answered within 10 seconds.

The council then asked Richardson about the poor service when it rains. He stated that the wet weather causes clamps and other hardware to wear into the lines. Part of this problem will be eliminated when the new cable is installed. New cables will have dry air pumped into the cable, then in case of a break in the lines, this air will keep the water out by forcing it out.

On the problem of the length of time it takes to get a phone installed, the manager said that it usually takes three days to install a new phone. Shortly two-way radios will be installed in the maintenance vehicles which will make service calls quicker.

Richardson also told the council that Direct Distance Dialing will be installed in Muleshoe in April of 1975.

The district manager told the council that they will work any

way we can to provide better, faster service to this area.

Next on the agenda, the City Judge, Morris Nowlin, met with the council and presented a report including a itemized list of cases on the docket. Between July 7 and September 1, 32 cases were heard with the total amount of money collected in fines being \$729.50.

The council then asked him questions concerning the amount of fine for each different violation, how much of this goes to the city, county and state, how the money is divided between the city, county and state and co-ordination between the city and county.

Nowlin reported that all of the law enforcement officers were working smoothly together and are in harmony.

Nowlin brought out the fact that the teenage offenders are less than half of what they were when he first took office. He credited better law enforcement officers and the fact that they were more tolerant and talked to the youngsters more for the decrease in this area. They also discussed the need for a probation officer in Muleshoe.

Clarence Christian suggested that the judge meet with the

Cont. on Page 3, col. 1

### Insurance Available For School Children

Student's school insurance was passed out at Mary DeShazo and Richland Hills on September 4. Parents will have an opportunity to purchase insurance until noon on September 18.

There will be two policies: At school for nine months will cost \$7 and the 24 hour insurance for 12 months will cost \$20.

Make checks payable to Muleshoe Independent School District. Student insurance may still be

purchased at Junior and Senior High School at the principal's office. The deadline is also September 18.

### Workshop To Be Held At Area Library

Area librarians and library trustees will meet Monday, September 25, 1972, at 9:30 a.m. in the Muleshoe Area Public Library. Discussion at the workshop will focus on the interaction among librarians, library trustees, and government officials in developing and administering policies and budgets for public libraries.

The all-day workshop to be conducted by Ernest Laseter is one of 19 to be held during September and October by Texas State Library Field consultants. Librarians and trustees from the state's 380 public libraries will thus be able to attend meetings close to their homes to discuss a topic of mutual interest.

The annual fall workshop sessions are conducted by the Texas State Library under federal Library Services and Construction Act programs to improve library service to all residents of the state.

### SBA Will Hold Interviews In Littlefield

A field representative of the Small Business Administration's Lubbock District Office will be available to interview and counsel small businessmen at the Littlefield Chamber of Commerce on Thursday, September 7, from 9 a.m. till noon.

Any small businessman interested in obtaining information about the Small Business Administration's loan programs, SCORE, management assistance or other programs may call for an appointment at 385-4451 at the Littlefield Chamber of Commerce, City Hall, Littlefield.

Applicants may also obtain information about Economic Op-

Cont. on Page 3, col. 1

## Employees Are Added Daily At New Firm

Hensley-Russell, Inc. began production in Muleshoe Tuesday with nine machine operators on hand for the first day of production. Two additional operators will be added each day until 50 or 60 operators are working full-time at the factory.

The new factory is located in the building formerly occupied by the Muleshoe Manufacturing Co. on East Avenue B.

Additional sewing machines and other equipment have been brought to the Muleshoe branch to enlarge the facility.

Charles Wickersham, who is the manager at the Cameron branch of the firm, is the current manager here. Several supervisors from the Cameron plant are also here to help get production underway.

Plans are for the plant here to expand in the future, possibly into a larger building with

up to 150 employees.

Clyde Hensley, Jr., president of the company, reports that the plant, when in full production, will produce up to 4,000 dresses per week with 50 machines operating.

The factory manufactures the 'Joni J' line of children's wear. This line is sold to individual and chain stores throughout the southern United States.

J. C. Penney, Montgomery Ward, Sears and Hemphill-Wells are a few of the stores who handle this brand of clothing.

Shipments from the factory here in Muleshoe will be shipped from the other plants back to a warehouse in Dallas, mixed with shipments from the other plants in Dallas and Cameron, and then distributed. The new economic boost to Muleshoe will employ local people at the plant.

## First Grid Contest Underway This Week

The Journal's first Back the Mule Football Contest appears in this edition of the Journal.

The annual contest is sponsored by the Journal and local businessmen.

Official rules for the contest state that the contestant must be 12 years of age or older; only one entry per person may be made for any one contest; weekly contests are open to everyone except Journal employees and their families; entries are to be brought to the Journal office or mailed with the postmark no later than 5 p.m. Friday; winners names will be published in this newspaper each Thursday following the close of the weekly contest; entrants must pick the winner of each of the games and predict the scores on the tiebreaker; ten points will be given for first place, six points for second place and four points for third place and the points will determine the Grand Prize Winner; the tie-breaker will count as one of the game's picked with the predicted scores used to determine the top three

places in that week's contest, if necessary; cash prizes and points will be divided between winners in the event of ties. Please write FOOTBALL CONTEST on the envelope of mailed entry.

Cont. on Page 3, col. 2

### Bass Club Has Meeting

The Muleshoe Bass Club met Thursday, August 31, in the Blue Room of the XIT.

Election of officers was held and Dr. Jerry Gleason was elected president and Ben Yeager, secretary-treasurer.

A bass fishing film was shown and plans were made for the club's fall bass fishing tournament to be held Sunday, September 10, at Lake Hubbard near Breckenridge.

All area fishermen are welcome to participate. For further information, contact Ben Yeager at the Muleshoe Elevator.

### around muleshoe with the journal staff

Mr. and Mrs. Bob Rivers and Sandra of Lawton, Okla., visited her parents Mr. and Mrs. Jack Lee and Matt over the weekend.

The United States Army has announced the enlistment of Richard Garcia of Muleshoe this past week. He enlisted for three years with a guaranteed assignment to Fort Hood, Texas.

Airman Steven E. Holfield, USN., son of Mr. and Mrs. Jake Andring of Rt. 2, Muleshoe, was awarded the Vietnam Service Medal for his outstanding service to his country. The presentation took place aboard the USS Oriskany on August 17. Airman Holfield works as an Aviation Electronics Techni-

**JAYCEES MAN BOOTH** . . . The local Jaycee chapter manned the Holiday Rest Stop at the Mule last weekend from 5 p.m. Friday afternoon to midnight Monday night. There were Jaycees present at all hours during the weekend serving cokes, cookies and doughnuts to travelers traveling on the long Labor Day weekend. The rest stops were provided so each traveler could take a 10 minute break for every two hours he traveled. These booths were set up all over Texas with the Texas Jaycees in charge. Over 300 people had stopped at the rest stop as of Monday morning. Pictured in the booth are Edwin Cox, left, and Monty Dollar.

**BELL PEPPERS** . . . This field of bell peppers belonging to Malvin Seym, re southwest of town shows that bell peppers are now ready for harvest. T.J. Power, Inc., vegetable stand west of Muleshoe is now processing bell peppers along with cucumber. The pepper harvest has been underway for about two weeks now with hundreds being shipped out of Bailey County. The peppers seemed to do real well this season, producing quite a few peppers on each stalk, and being in good market condition. One of Muleshoe's longest cucumber seasons is just now beginning to taper off in the area so vegetable producers have done real well this year.

cian on the El-B Aircraft aboard the carrier. He has been overseas since April and is not expected to return until February. He is a 1971 graduate of Muleshoe High School.

\*\*\*\*  
Bailey County Commissioners Court met Friday, September 1, in the commissioners courtroom of the Bailey County courthouse.

Present for the meeting were Commissioners Bill Eubanks, Loyd Stephens, Matt Dudley and Rudolph Moraw and Bailey County Judge Glen Williams. The commissioners paid routine bills and then authorized the court to pay the transportation to and from John Sealy Hospital in Galveston for Raul Yberra and son.

The commissioners will have their regular monthly meeting next Monday, September 11, at 10 a.m. in

### Council...

Cont. from Page 1

council on a quarterly basis and give a report.

City Tax Assessor and Collector John Martin met with the council to discuss delinquent taxes. He said that the tax notices for the current year will go out on October 1.

He reported that there is a total amount of \$28,333 in accumulative delinquent taxes at this time, not counting the penalty and interest.

The council will work with the tax assessor on the procedure of the most feasible way to collect these taxes and report the findings at the next meeting.

Albert Field then brought the subject of the increase in retirement benefits before the council for a vote.

After a lengthy discussion, Max King made the motion to pass an ordinance to accept the new retirement rate which will be seven per cent, up from the present 3.6 per cent now in effect.

The council then passed a solution authorizing the execution of the proposed contract for a grant to develop land for the new park in the amount of \$39,445.

Delinquent accounts in the amount of \$9,45 were transferred to bad debts.

The council then discussed the condition of unpaved streets in the city before it adjourned.

maneuvers.

Also appearing at the show will be Bobby Bishop of Phoenix, Arizona, a factory demonstration pilot for Bellanca Aircraft Corp. whose aerobatics in a stock Bellanca Super Viking while announcing his maneuvers over the P.A. system have thrilled crowds across the nation.

Further excitement will be provided by the Amarillo Skydivers who will have 11 men at a time jumping from their new twin Beech, Wayne Schmitt of Amarillo flying a Schweizer 1-26 Glider, and Jan Wampler of Plainview with his popular radio-controlled model aircraft.

Bill Wilkerson of Idalou, Texas will be at the microphone to announce and co-ordinate the show in his usual fast-moving style which provides no delays. Military exhibits, homebuilt aircraft, and antique planes will be on display for the spectators in an afternoon of exciting family entertainment. The Plainview Kiwanis Club will sponsor the show again this year and proceeds from admission charges of \$1 for adults and 50 cents for children under 12 will be used for Kiwanis Civic Projects.

### Football...

Cont. from Page 1

back, Jr. The defense will consist of about the same boys.

Last year Dimmitt ran out of the pro-set and I formation. The Mules seem to be young and eager this year and looking for a winning season.

### Lazbuddie...

Cont. from Page 1

This year is Billy Hill. The Lazbuddie Junior High Football team will be playing Hart on September 7 at Hart; Nazareth at Lazbuddie on September 21, Amherst there on October 5, Nazareth there on October 12, Amherst in Lazbuddie on October 19; and Happy will be at Lazbuddie on October 26. Games are played at 4:30 and 5:30 p.m.

### Contest...

Cont. from Page 1

At the end of the season, the Grand Prize Winner will receive two tickets to the Cotton Bowl Game in Dallas plus \$50 expense money.

Last year, the annual contest was won by Alice Gonzales with a total of 16 points.

The contest will continue each week in the Muleshoe Journal until the end.

## Farm Machinery To Be Featured At Field Day

Latest innovations in farm machinery and agricultural equipment will be on display during the 18th Annual Field Day and Open House, September 14, at High Plains Research Foundation near Halfway.

According to Dr. Tom Longnecker, Foundation director, equipment exhibitors and representatives of seed and agricultural chemical companies have reserved display areas in the exhibit area located west of the Killgore Building.

Dr. Longnecker said the number of exhibitors will not be known until Field Day but he indicated that numbers should be similar to last year's.

In a departure from past Field Day activities, the regular evening program with a special guest speaker will no be obser-

## It Could Happen Here

(The following article appeared in the Georgetown "Sun" and the Lone Star Postal News.)

If you are one who thinks "it can't happen here" we advise you to contemplate your post office.

The United States Post Office belongs to the people, yet they have absolutely nothing to say about how it works.

It's one kind of a giant bureaucratic corporate monopoly that answers neither to our congress of the Divine. It's a law unto itself.

Yet just a couple of years ago it was responsive to the people. Here in Georgetown and in small communities throughout the land if an honest citizen didn't like what the post office was doing he wrote a letter to his congressman, and got results. Now even congressmen are afraid to write about the post office, they have no vote on postal rate changes, nor on the appointment of a postmaster, or anything else of importance associated with the postal service.

In the last two years we have seen rates escalate while service has declined. Our post office is no longer open on Saturday, won't give you mail on Sunday, and joins a national network that delivers more and more slowly everywhere. Cong. Jake Pickle has recently expressed fears that all second and third post offices will be phased out entirely, while long-time employees are being suddenly deprived of their jobs through a seniority system that evidently knows no boundaries.

The postal service belongs to

the people. We pay for it, through our taxes and stamps. It is supposed to be one of the unique public services of this nation and had been until recently, when the seams ripped open and the jelly spilled out. Excuse for the bureaucratic take-over was economic, were told. "It's inefficient and a big money loser," the government claimed, which seemingly made it all right to had it over to somebody - we don't knot to whom. Well, what else about the government establishment is making money these days? ... the Supreme the army? ... the Supreme Court? ... any of these bureaus?

It would be about as easy for the federal government to take over the remaining symbols of individual freedom, when and if we get the kind of president who wants it that way. Quickly we could lose our local courts, our influence in the school system, local control over municipal governments,

even our private colleges and universities would quickly fall... unless we the people wake up to what is happening and lay it on the line to whatever administration is in power.

The first thing the American people ought to do is reclaim their post offices.

This article, let it be said, does not reflect on the merits of our local postal employees, all of whom are dedicated public servants. We suspect the changes are more alarming to most of them than to anyone else.

It seems to us that the democrats will be missing an important issue and opportunity if they fail to include the postal situation in their platform. The American public is thoroughly disappointed and disillusioned with the way the new system is working, or failing to work, and promises of new reforms, or a return to the old way of life, would be mighty appealing.

## Jobs For Veterans Program Praised

Austin -- Efforts to find employment for the Viet Nam era veterans brought national recognition today to the Texas Jobs for Veterans Tasks Force, appointed earlier this year by Governor Preston

Smith. James F. Oates Jr., who heads the National Jobs for Veterans organization, praised the Texas group in a letter written to Texas Employment Commission Chairman Harold K.

Dudley, who serves as chairman of the state task force. Oates said, "The whole nation is indebted to you for the substantial contribution you have made to the Jobs for Veterans Program. (The) focusing of energy to get the job done has depended heavily on the inspiration, dedication, and leadership by the Task Force Chairman. Your participation in this vital role has been noteworthy."

Accompanying the commendation was a certificate of appreciation from the national committee.

Serving on the state task force committee with Dudley are E. Glenn McAllister and W.A. Hazelwood, Jr., both of Austin; Clifford T. Teer, Waco; Miss Edith Martin, Houston, and Laurence Melton, Dallas.

The group has helped to organize local task forces throughout the state and has assisted in various other ways in promoting the hiring of returning veterans. Texas currently has 25 local task forces. Those groups have sponsored job fairs and other events to bring employers and job-seeking veterans together.

## Insect Problems To Be Featured At Field Day

LUBBOCK . . . Researchers at the Texas A&M University Agricultural Research and Extension Center at Lubbock are going after the greenbug with vengeance.

The tiny green insect pest that has been a thorn in the side of grain sorghum producers for the last few years is the object of several projects at the Center that will be featured during the upcoming annual field day on September 12, points out Dr. Jack Gipson, field day chairman. Field tours will begin at 1 p.m.

Dr. Jerry Johnson, grain sorghum breeder, and Dr. George Teetes, entomologist, both with the Texas Agricultural Experiment Station, are leading a coordinated battle against greenbugs.

"We have made good progress in developing grain sorghum varieties that are resistant to greenbugs," points out Johnson. "This research began in 1969 and we are on the threshold of releasing some of the resistant types to commercial breeders. Of course, we are continuing to select plants for improved resistance."

According to the researcher, field day visitors will be given information to show the step-by-step procedure for developing improved greenbug resistant sorghums.

Teetes is conducting several tests to determine the effect of the environment on greenbugs as well as the damage that a specific number of greenbugs can do to a sorghum plant. He is also monitoring the efficiency of beneficial insects.

To study environmental effects on greenbugs, the scien-

tist has erected a number of cages in grain sorghum plots. With these, he can control the various environmental elements that affect plants, such as wind, rain, sunlight, blowing sand and temperature.

Teetes is also able to check the effects of a specific number of beneficial insects on a certain number of greenbugs. "We are trying to determine the ratio of 'good bugs to bad bugs' that is needed to effectively keep greenbugs from causing economic damage to the sorghum. With this information we will be better able to make a judgement on whether or not an insecticide control program should be started."

By eliminating various weather conditions, we can determine what effects each of these conditions has on greenbug populations, adds the entomologist.

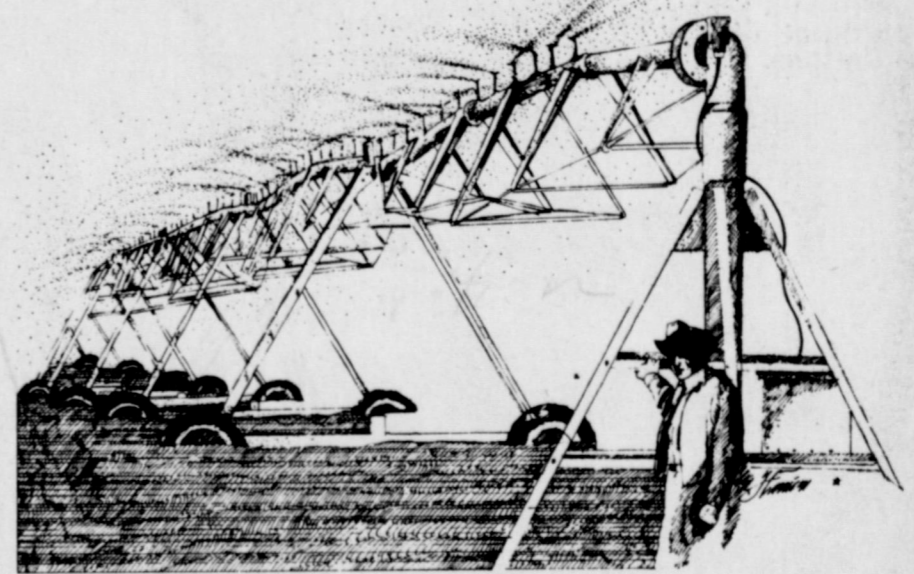

"As we pull this multitude of information together, we should be better able to develop a pest management program that will call for only minimum insecticide usage," contends Teetes.

In addition to the research on greenbug control, field day visitors will also be able to view work with drip irrigation, oilseed crops, cotton diseases and varieties, narrow-row cotton, soil fertility and vegetable crops. Special discussions on weed control and the weather will be conducted at the Center headquarters.

Those with special interests will have an opportunity to spend as much time as they desire at any of the field locations.

Modern equipment and machinery will be displayed, and there will be exhibits in the headquarters building.

# The good old summertime discount.

Every once in a while a real honest-to-goodness sale comes along. And you can believe it when we tell you that this is one of them.

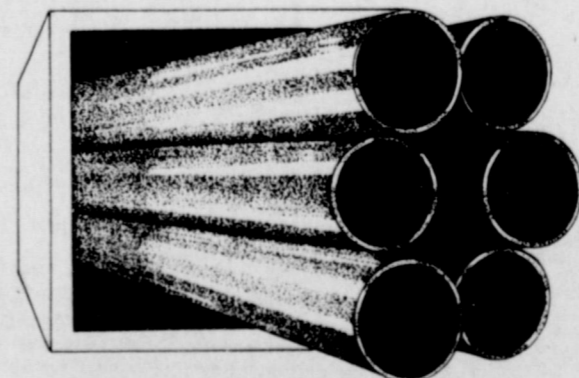

For the rest of the summer Gifford-Hill is offering tremendous savings on each of the products you see here.

You get the same product, the same service and the same warranty that Gifford-Hill has always offered.

You just pay a lot less for our products.

For complete information on how much you can save with our summer time discount contact our representative right now.

Gifford-Hill's 360 For the first time you can save hundreds of dollars on the most efficient, maintenance free electrically-powered system on the market.

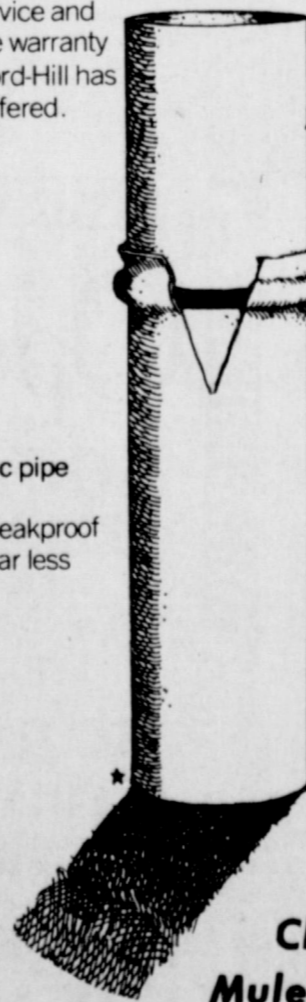

Aluminum flow line and gated pipe For the first time prices have been reduced on our milled coiled reinforced flow line and gated pipe.

MRS. TERRY LEWIS KEMP, the former Debbie Jo Bruns

## Jaycee-Ettes Hold Monthly Meeting

The Muleshoe Jaycee-Ettes met for a regularly scheduled monthly meeting August 28 at 8 p.m. at the First National Bank.

The guest speaker for the night was Jeff Smith, Smith reported on his trip to the Jaycee National Convention in Atlanta, Georgia.

Following the program, Mrs. Bill Dale, president, called the meeting to order and Mrs. Ronnie Gustin led the Creed. The

minutes of the previous meeting were read and the roll called by Mrs. Wayne Peterson, secretary. There were eight members present.

Committee reports were given by the chairman of each, and plans are being made to attend a "Setting Hen Party" in Hereford on September 8.

Graciousness is a virtue many people mistake for weakness.

## PTA To Hold First Meeting

The Muleshoe Elementary PTA will meet Monday, September 11, in the Mary DeShazo Cafeteria. Meeting time is 4:15 p.m. Hospitality time will precede the meeting.

The program will be presented by Mrs. Elizabeth Watson, curriculum director of the Muleshoe Schools. She will explain the leveling system to the PTA.

All parents are encouraged to attend; a nursery will be provided.

# Miss Bruns, Kemp Wed In Afternoon Ceremony

The First United Methodist Church was the setting for the August 20 wedding of Debbie Jo Bruns and Terry Lewis Kemp. Royce Clay officiated the double ring vows at 3 p.m.

The altar was decorated with an arrangement of gladiolus flanked on either side by diagonal candelabra holding seven taper and smaller candelabra holding three tapers.

Becky Sain, organist, played "Joy" as the processional and the traditional "Wedding March" as the recessional and accompanied Kandy Vaughn of Spearman as she sang "Wedding Song" and "The Lord's Prayer".

A reading from Cor. 13 in the "Living Bible" was given by Mtry Sue Hazelwood of Spearman to the background music of "Because" played on the flute by Beverly Kinnibrugh of Floydada.

Attending the bride as maid of honor was Sharron Davis, Tammy Bruns, sister of the bride, and Mrs. Sam Feagley of College Station were bridesmaids. RaDonna Pittman of Amarillo was flower girl. The attendants wore A-line, Empire waisted dresses with bodices of white embroidered eyelet. The skirts were of pastel shades of blue, pink, lime green or yellow gingham with matching organ ribbon accenting the Empire waists and ending in bows at the back of the dresses. They each wore a cluster of daisies in the back of their hair and carried a basket filled with daisies and baby's breath.

Larry Kemp, cousin of the groom served as best man. Groomsmen were Jackie Burris, uncle of the groom, and Bud Bruns of Amarillo, brother of the bride. Candelighters were twin nephews of the bride, Dean and Gene Pittman of Amarillo. Ring bearer was Donnie Bruns of Amarillo, nephew of the bride.

Escorted and given in marriage by her father, the bride was attired in an A-line, Empire waisted gown of flocked polyes-

ter featuring baby doll sleeves. The gown was accented with Venice lace around the neck, waistline, and the top of the ruffles which encircled the bottom of the skirt. The elbow length veil of bridal illusion was attached to a cluster of daisies. The bride carried a cascading bouquet of daisies entwined with ribbon which ended in streamers tied in love knots.

Carrying out the tradition of something old, new, borrowed and blue, the bride wore a locket watch which was given to her paternal grandmother, Mrs. Fred Bruns, by her father as a wedding gift; her wedding attire was new; she borrowed a ring from Jo Linda Lee of Spearman; and wore a blue garter. She also placed pennies minted in the years of their births in her shoe.

A reception followed the ceremony at the home of the bride's grandmother Mrs. Fred Bruns. The serving table was covered with a white lace cloth over blue and centered with a five branch hurricane candelabra holding white tapers. The candelabra was surrounded by pastel daisies and the bridal bouquet. The four-tiered, col-

ored wedding cake was decorated with pastel shades of lattice work, daisies and forget-me-nots. It was topped with a miniature bride and groom under an archway of daisies and pastel forget-me-nots. Cake and lime sherbet punch were served by Jo Linda Lee of Spearman and Renda Lowe of Brownfield.

Guests were registered by Melanie Hanson of Amarillo from a table decorated with a white gardenia floating in a silver dish.

For a wedding trip to Colorado Springs, the bride chose a white sleeveless knit dress with a white and yellow sleeveless knit coat. She wore white accessories.

The bride is a 1971 graduate of Muleshoe High School and is employed by Kemp Pump Service.

The couple is at home at the Muleshoe Trailer Park.

Out of town guests attended the ceremony from Lubbock, Farwell, Canyon, Spearman, Amarillo, Brownfield, Floydada, Friona, Clovis, N.M., and Oklahoma City, Okla.

A rehearsal dinner was hosted by the groom's parents at the Corral Restaurant.

MR. AND MRS. EDGAR BROYLES

## Anniversary Celebration Honors Mr., Mrs. Broyles

Mr. and Mrs. Edgar Broyles, formerly of Muleshoe, celebrated their 50th Wedding Anniversary on Sunday, September 3, with an anniversary tea in the Hospitality Room of the Portales National Bank, Portales, N.M. Hosted by their children, the tea was attended by about 22 direct descendants and their spouses.

Children of the couple are Sondra Broyles Hugg of Portales, N.M.; LaVonne Broyles McKillip of Muleshoe; J.C. Broyles of Tenaha; Ralph Broyles of Friona; Bobby Broyles of Lazbuddie; Anita Merrill of Clovis,

N.M.; Anne Prater of Muleshoe and Pat White of Albuquerque, N.M.

On January 27, 1972, the Edgar Broyles ranch home in south central Oklahoma was totally destroyed by fire during the night. The flames were fanned by a windy ice storm. Since that time they have lived on their ranch in the temporary quarters of two small travel trailers, owned by two of their children, Mrs. Hugg and Mrs. McKillip. Their new home construction was begun in March and is expected to be completed by November of this year.

# 1972 4-H Project Fair Set For September 30

The 1972 Bailey County 4-H Project Fair will be held Saturday, September 30, from 10:30 a.m. to 4 p.m.

General rules for the Fair are as follows: 4-H members will report to Mildred Throckmorton and Betty Carpenter for exhibit members. All entries must be in place by 10:30 a.m. The awards will be presented at 4 p.m. Immediately following this presentation, baked foods and garden products will be sold at auction. Items will go to the highest bidder. A bid may be left with the officials before the auction but this is not a guarantee of purchase since the product may receive a higher bid during the sale.

Any 4-H member is eligible to exhibit his work. Agricultural and Horticultural products must be grown in the exhibitors own garden, farm or yard. All exhibits must be 1972 products. No more than one entry may be made in each class by a club member. Example: Category, Agricultural Dept., Division, Field Crops; Class, Yellow Corn. One first place, one second place, and one third place ribbon will be awarded in each class. The decision of the judges will be final.

Special awards will be given to the senior girl, senior boy, junior girl, junior boy, sub-junior girl and the sub-junior boy who acquire the greatest number of points in the fair. Points will be awarded according to the number of entries

in a class. Example: 10 entries: Blue ribbon, 10 points; red ribbon, nine points; white ribbon, 1 point.

For the first time this year, a traveling trophy will be awarded to the club whose members accumulate the most total points. To retain permanent possession of this trophy, the club must win it three consecutive years.

Seniors are 4-H members who were 14 years old before January 1, 1972. Sub-juniors are boys and girls under nine years of age.

Special rules in the agricultural department are that no chemically treated seed will be judged and no castor beans will be shown. In the field crops division, cotton, grain and seeds (one quart of each); grain sorghum heads (10 heads) and baled hay in standard bales can be exhibited. Corn (six ears) Classes in the horticulture division include vegetables, fruit and miscellaneous crops.

Special rules in the flower division include: specimen - a single bloom, spike or stalk; collection - a group of three or five specimen blooms of the same kind of plant as stated in the schedule. Specimen should have stem length in proportion to blossom with foliage attached. The exhibitor shall furnish a regular size coke bottle for each flower specimen or collection exhibited. Annuals, perennials and potted plants can be exhibited. An arrangement

may be made of cut flowers, dried flowers or artificial flowers. The arrangement must be the work of the exhibitor. Each arrangement must be accompanied by a five by seven card stating where the arrangement would be used.

Rabbits are for exhibition and ribbons will be awarded according to breed. Cages must be furnished by the exhibitor.

Divisions in the home economics department include textiles, clothing, canned food, baked food and culinary, crafts and hobbies, and educational exhibits.

Special rules for the textile division are: All entries must be the work of the exhibitor and must be completed. No soiled articles will be accepted. Classes in the textile division include junior household linens and the clothing division, junior and senior groups.

Special rules in the canned food division are: All canned products including pickles and relishes must be in standard quart of pint jars.

Special rules for the baked food and culinary divisions are that all cakes and pies will be sold at auction following the awarding of prizes. Proceeds from the auction will go into a county 4-H fund. Both boys and girls are eligible to enter. Classes included are Junior baking class; senior bread, se-

MRS. BILLY WAYNE GORE, the former Linda Karen Doty

## Sudan Vows Unite Couple

Miss Linda Karen Doty and Billy Wayne Gore pledged double ring vows at 7:30 p.m. Saturday, September 2, in the First Baptist Church of Sudan with Rev. Oscar Newell, pastor of the Roosevelt Baptist Church, officiating.

Parents of the bride are Mr. and Mrs. Wayne Doty and Mr. and Mrs. Billy A. Gore, all of Sudan.

An archway covered with greenery and tiny white flowers, flanked by pedestals of greenery and the white flowers and candle trees, provided the setting for the wedding ceremony.

Providing the traditional wedding music were Mrs. Tommy Ewins, organist, and Linda Lane soloist, who sang "Wedding Song", "For All We Know" and "The Lord's Prayer".

The bride, escorted by her father, wore a formal Gibson girl gown of white silk organza and tulle with accents in crocheted lace and tiny variegated turquoise blue forget-me-nots. The fitted bodice featured a high neckline trimmed in the lace which continued down the front of the gown to the waistline. Long Gibson girl sleeves were shirred to lace cuffs accented in the variegated shades of the tiny forget-me-nots. The full bell skirt and chapel length train were encircled in a border of lace and sprinkled in lace medallions centered with the forget-me-nots. A wide satin sash marked the Empire waistline. Her bouffant veiling fell in tiers from a matching Venice lace capulet of white flowerlets. She carried a cascading bouquet of white rosebuds with baby's breath and a lift-out white glabella corsage atop an ivory prayer book that her mother had carried at her wedding.

The prayer book served as something borrowed. She wore the traditional blue garter made by her grandmother, Mrs. J.C. Wells of Muleshoe. She wore a gold wedding band which belonged to her great-great-grandmother as something old and also wore a penny in her shoe.

Joan Harper served as maid of honor. Bridesmaid was Jo Gaye Doty, sister of the bride. They wore turquoise blue gowns with Empire waists and short puff sleeves accented with matching turquoise lace. They wore sheer white hats trimmed with the turquoise lace and each carried a longstemmed glabella with ribbon streamers.

The flower girl was Miss Ginger Gore, sister of the groom. Her attire was like that of the other attendants and she carried a white lace and tulle basket filled with turquoise and white flowers and baby's breath.

Randy Pierce served as best

man. Groomsmen were Bo Lanee, Donald Doty, brother of the bride, served as ringbearer. Ushers were David Doty, brother of the bride, and Arlan Patton of Lubbock, cousin of the bride and groom. Candlelighter were Rusty Gore and Randy Gore, brother of the groom. The attendants wore white dinner jackets and black trousers.

For her daughter's wedding Mrs. Doty chose an ice aqua lace knit dress with bone accessories and an aqua carnation corsage. The groom's mother wore an aqua crepe dress and an aqua carnation corsage.

Registering guests was Lori Patton of Lubbock, cousin of the bride and groom. She wore a turquoise street length dress. A reception followed the ceremony in the fellowship hall of the church. The serving table, covered with a white net cloth

over white satin, was centered with a candelabra holding turquoise tapers which were encircled with the bridal bouquet and the attendant's flowers. The three-tiered white wedding cake, decorated with white and turquoise roses, angels and bells, was topped with a miniature bride and groom. Cake, punch, nuts and mints were served by Mrs. Bobby Foster of Farwell, Vicki Doty, cousin of the bride and Shawnda Turner of Muleshoe, cousin of the groom.

John Chester and Rita Willford of Abertathy, cousins of the bride, distributed the rice bags.

The bride is a 1971 graduate of Sudan High School and a 1972 graduate of the South Plains College School of Vocational Nursing at Levelland.

Gore is 1970 graduate of Sudan High School and a 1972 graduate of South Plains College as diesel mechanic.

The couple will make their home at Casa Linda apartments in Lubbock.

A rehearsal supper for families and attendants was held Friday night at Leaf's Restaurant in Muleshoe with Mr. and Mrs. Billy Gore hosting the occasion.

The following leaders were appointed: Mr. and Mrs. Reuel Kirby, organizational leaders; Mr. and Mrs. Homer Richardson, assistant organizational leaders; Wesley Warren, horse project; Freddy Parkman, livestock projects (beef, swine and sheep); Mrs. Nelson Carlisle, foods projects; Mrs. Wayland Altman and Mrs. Homer Richardson, clothing projects; W.C. Eubanks and Jim Johnson, crafts projects; and Mrs. Freddy Parkman, art projects.

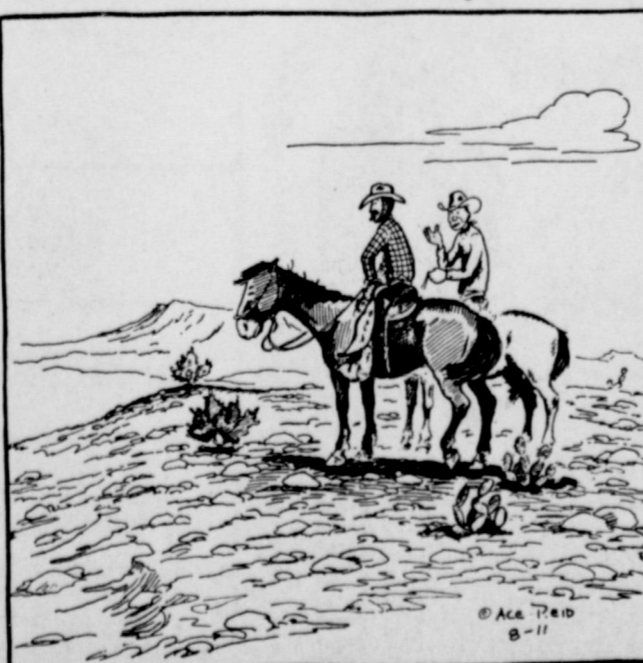

The Three Way 4-H Club will hold its meetings on the first Monday night of each month at 7:30 p.m. at the Maple Community Center.

A Sew Fair is scheduled in Lubbock at the South Plains Mall on Friday and Saturday, September 15 and 16.

Companies selling products used in sewing, such as zippers, buttons, trims, etc., will set up exhibits and demonstrate their products.

Mrs. Robin Taylor, Bailey County Home Demonstration Agent, will be working at one of the exhibits during the Sew Fair.

## Social Hosted By Jaycee-Ettes

An ice cream social was held August 24 in the Muleshoe City Park for the Jaycee-Ettes, their husbands, prospective members and husbands and children. There were approximately 35 attending the social.

## NEW ARRIVALS

## Matthew Hutton Putman

Mr. and Mrs. Joe Putman of Houston are the parents of a son born August 20 in the Methodist Hospital in Houston. The baby weighed seven pounds 12 1/2 ounces and was named Matthew Hutton. He has one brother, James Michael, two and one half years old.

Maternal grandparents are Mr. and Mrs. Horace Hutton of Muleshoe. Maternal great-grandmother is Mrs. Iona Hutton of Shallowater.

## Market Report

COLLEGE STATION -- Broiler-fryers remain the number-one bargain in most meat departments this week, according to Mrs. Gwendolyn Clyatt, Texas Agricultural Extension Service consumer marketing information specialist suggested. "For economy and versatility, it's almost impossible to surpass fried chicken--serve it often, and pocket the savings," the Texas A&M University specialist suggested.

Beef prices are about the same as during the past few weeks.

In most markets features on various cuts of beef at special prices will include chuck roasts and steaks, round steaks and roasts, ground beef and stew meat.

Mrs. Clyatt noted that retail pork prices remain steady at a moderate level with best values generally found on hams, picnics, shoulder roasts and steaks, and end cut loin roasts end ps.

"Egg supplies are ample and are considered a bargain when compared to other high protein foods," the specialist pointed out.

"Grade A large-size eggs offer the most economy and quality for your egg money."

Fresh fruit and vegetable items in good supply at the most economical prices include prunes, plums, bananas, prunes, plums, bananas, Thompson seedless grapes, oranges and lemons.

Also cantaloupes, watermelons, nectarines, potatoes, celery, cabbage, carrots, tomatoes, green peppers, squash, dry yellow onions, radishes and green onions.

## In Fashion

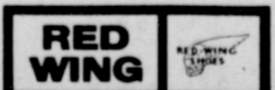

Every once in a while we hear that pants are "out" but then we find later that they are still in. The reason for this is that the women of today find them so sensible that they are not about to stop wearing them. The shops continue to be filled with them.

A knitted bolero with knitted pants to match completes an attractive costume. The bolero is worn over a long sleeved blouse.

## College Football Season To Start

The longest winning streak in college football is in real danger of being broken on this first Saturday of the 1972 season. The Toledo Rockets, winners of 35 straight without a loss, face the newest team to be accepted into major college janks, the powerful Spartans of Tampa. We rated Toledo #26 among major colleges last fall. Tampa was ranked second in the college division. The Rockets are favored to win their 36th by eight points, but it could also be the end of the string. Four teams in last year's top ten start the season very conscious of retaining national supremacy. Everyone's 1971 National Champion, Nebraska, meets U.C.L.A. in Los Angeles Saturday night. Second-ranked Alabama, humiliated just a bit by the Cornjerkers in last January's Orange Bowl, will try to "re-bounce" against Duke. Another of the Big Eight standouts last fall was Colorado. The Buffaloes tangle with the California Bears in 1972's first outing for both clubs. Colorado was ranked 6th in the final Harmon ratings. Arizona State finished in the #10 spot last fall. The Sun Devils draw the toughest assignment of the four-Houston. The Cougars were ranked 13th, so it may very well be the top game of the day.

### A Comparison

The hippies are rapidly going the way of the American buffalo, to which they bear a strong resemblance. -Baptist Courier.

Planes took to the air August 30 to initiate the ninth year of insecticide applications in the High Plains Boll Weevil Control Program. Field surveys, underway for the past seven weeks, indicate that over 31,000 acres in 519 fields will require treatment in the first of this season's containment efforts.

According to Ed Dean, Field Service Director for Plains Cotton Growers, Inc., the organization responsible to cotton producers for the program, cotton fields below the Caprock are being sprayed this year when punctured square counts reach to 10 percent level. Cotton above the Caprock, the protection of which is the program's primary goal, will be sprayed when weevil damage approaches five percent, he said.

In previous years all cotton in a prescribed control zone was treated with insecticide on a set schedule. But it has been found more economical and just as effective to survey all fields weekly and spray only those which meet the 10 percent and five percent criteria.

"Our objective is to prevent weevils in infested fields below the Caprock and along its edge from migrating westward into the High Plains," Dean said, "and seven years of experience in this program has convinced us that the job can be done with this spray-as-needed 'approach'."

The Control Program was begun by PCG in 1964 when overwintering of weevils above the Caprock made it obvious that a concerted effort was necessary to prevent prohibitive insecticide costs and devastating crop losses to all High Plains farmers from the Caprock to the New Mexico line and beyond.

In the 1971 program only about 10,000 acres required treatment the first of September. Program officials say mild 1971-72 winter and wet 1972 spring, ideal weather for weevils, is responsible for the increased early infestation this year.

Early applications in the control effort are designed to break the weevil's reproductive cycle, while later treatments, up to a maximum of six, will prevent weevils that may not be killed earlier from entering diapause and going into winter hibernation. Twelve ounces per acre of ultra low volume Malathion is the dosage now, and this will be increased to 16 ounces later in the season.

The first application, again thanks to "unfriendly" weather, got off to a slow start with high winds halting operations the first day after only about 3,000 acres had been covered. Planes were able to fly all day on August 31, then rains came to again interrupt the schedule September 1.

"But we'll get planes back in the air as soon as possible," Dean said, "and there's no reason to believe we can't carry out another successful program this year."

Eight planes are involved in this year's opening salvo which covers cotton in Garza, Borden, Crosby, Dickens, Motley, Briscoe, Floyd, Kent and Hall Counties. Some cotton in Dawson, Lynn and possible along either side of Yellowstone Canyon in

Lubbock County will require spraying in subsequent applications. As acreage increases, more planes will be added to assure timely treatments.

Aggregate acreage that will require insecticide this year cannot yet be determined. Last year the largest acreage sprayed in a single application was 130,250 and aggregate acres covered in 1971 totaled about 400,000. The original control zone in 1964 covered 300,000 acres of cotton and total acreage sprayed pilled up to over 1 million.

Contractor for the entire 1972 spraying program is Esslinger Spraying Service of Marion, Kansas. The contract was awarded on a low bid of \$1.24 per gallon of insecticide, which according to Dean is well below an average low contract awarded to three contractors last year of about \$2.00 per gallon.

Cotton producers on the Plains support the program and insure themselves against a weevil invasion by per-bale contributions. Their part of the cost is paid as a part of compress receiving charges, amounting to 50 cents per bale in 1964, 40 cents for the next three years, 25 cents in 1968, 30 cents in 1969, 50 cents in 1970, 40 cents last year and back to 30 cents this year.

These funds, plus varying amounts each year from the Texas Department of Agriculture, are matched dollar for dollar by the U. S. Department of Agriculture.

The contract was awarded on a low bid of \$1.24 per gallon of insecticide, which according to Dean is well below an average low contract awarded to three contractors last year of about \$2.00 per gallon.

Cotton producers on the Plains support the program and insure themselves against a weevil invasion by per-bale contributions. Their part of the cost is paid as a part of compress receiving charges, amounting to 50 cents per bale in 1964, 40 cents for the next three years, 25 cents in 1968, 30 cents in 1969, 50 cents in 1970, 40 cents last year and back to 30 cents this year.

These funds, plus varying amounts each year from the Texas Department of Agriculture, are matched dollar for dollar by the U. S. Department of Agriculture.

A Comparison  
The hippies are rapidly going the way of the American buffalo, to which they bear a strong resemblance. -Baptist Courier.

\*\*\*\*\*  
Lubbock County will require spraying in subsequent applications. As acreage increases, more planes will be added to assure timely treatments.

Aggregate acreage that will require insecticide this year cannot yet be determined. Last year the largest acreage sprayed in a single application was 130,250 and aggregate acres covered in 1971 totaled about 400,000. The original control zone in 1964 covered 300,000 acres of cotton and total acreage sprayed pilled up to over 1 million.

Contractor for the entire 1972 spraying program is Esslinger Spraying Service of Marion, Kansas. The contract was awarded on a low bid of \$1.24 per gallon of insecticide, which according to Dean is well below an average low contract awarded to three contractors last year of about \$2.00 per gallon.

The longest winning streak in college football is in real danger of being broken on this first Saturday of the 1972 season. The Toledo Rockets, winners of 35 straight without a loss, face the newest team to be accepted into major college janks, the powerful Spartans of Tampa. We rated Toledo #26 among major colleges last fall. Tampa was ranked second in the college division. The Rockets are favored to win their 36th by eight points, but it could also be the end of the string. Four teams in last year's top ten start the season very conscious of retaining national supremacy. Everyone's 1971 National Champion, Nebraska, meets U.C.L.A. in Los Angeles Saturday night. Second-ranked Alabama, humiliated just a bit by the Cornjerkers in last January's Orange Bowl, will try to "re-bounce" against Duke. Another of the Big Eight standouts last fall was Colorado. The Buffaloes tangle with the California Bears in 1972's first outing for both clubs. Colorado was ranked 6th in the final Harmon ratings. Arizona State finished in the #10 spot last fall. The Sun Devils draw the toughest assignment of the four-Houston. The Cougars were ranked 13th, so it may very well be the top game of the day.

### WHO KNOWS?

1. How many inches of snow will one inch of rain make?
2. Who invented the motion picture camera?
3. What country contains the most lakes and inland waters in the world?
4. What is another name for a small cowpony?
5. Who is the author of "Alice's Adventures in Wonderland"?
6. Name the highest mountain in Africa.
7. Who owned these famous horses: Traveller; Tony?
8. When was Labor Day made an official U.S. holiday?
9. Which is the longest river in Europe?
10. Who wrote the words to the song "Sweet and Low"?

### Answers to Who Knows

1. Approximately 10 inches.
2. Thomas A. Edison.
3. Canada.
4. A bronco or cayuse.
5. Lewis Carroll.
6. Mount Kilimanjaro.
7. Robert E. Lee; Tom Mix.
8. June 28, 1894.
9. The Volga.
10. Alfred Lord Tennyson.

### A Comparison

The hippies are rapidly going the way of the American buffalo, to which they bear a strong resemblance. -Baptist Courier.

nior cakes and cookies, pies except refrigerator pies, and candy.

The crafts and hobbies division is subject to the general rules of the fair.

Educational exhibits can be entered by project groups. The exhibit must show something of activities of the projects. Project leaders and members work together in planning and preparing the exhibit. A first, second and third place will be chosen in these exhibits.

As a special attraction a 4-H Dog Show will be held as a separate division in the fair this year. All dogs should be in place in the exhibit area by 3:15 p.m. and ready to be judged at

3:30 p.m. Only 4-H Club members will be eligible to enter dogs in the show.

General rules and regulations of the show will apply. Dogs must be kept on leashes at all times. No unruly dogs will be allowed to be shown. The exhibitor must remain with his dog. A parent or guardian must be present with each exhibitor. Exhibitors must show proof of current rabies shots and tags for dogs. The Adult Leaders Council will not be held responsible for accidents. Ribbons will be awarded to the first, second and third place dogs in each of the following classes: most original costume, funniest costume, longest ears, shortest ears, largest dog, smallest dog, dog with most spots, best trained dogs, and dog with the longest tail.

**STATE CAPITAL Highlights AND Sidelights**  
by Bill Boykin  
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. - Gov. Preston Smith is convincing high state officials and legislators he is serious about calling a special legislative session on insurance reform after mid-September.

Smith himself revived speculation at a news conference last week when he said odds favor or such a session sometime before the general election November 7.

The Governor told newsmen legislative leaders had indicated they will cooperate with him. He included Lt. Gov. Ben Barnes among the latter.

"I believe he is giving real a session," said Barnes. "He really wants to have one."

Smith made clear there is nothing definite yet about his plans, and he would still want to make sure a session would be productive before he summons lawmakers.

Establishment of a competitive insurance rate system for all lines of insurance would be his top objective, Smith said.

He added he "probably" would seek Insurance Board reorganization but added: "If we established competitive rates, I don't know how much further you would need the Board."

Smith earlier said an opinion by Atty. Gen. Crawford Martin that the governor cannot order funds transferred from one agency to another to meet emergencies may also bring on a special session.

Smith said recent opinions would place "drastic limitations" on the governor's powers and "threaten virtually every authority of the chief executive."

**RULES COMMITTEE NAMED--** The Democratic party battle over rules goes on and on, and will resume in earnest at the September 19 state convention in Houston.

A new committee to study proposed changes in the rules will meet prior to the convention to study recommendations.

Members are Gordon Wynne Jr. of Willis Point, chairman; Jane Hickey of Austin, vice chairman; Lola L. Bonner of Rockport; Charles Purnell of Dallas; Wayne Dammier of Amarillo; Mark McLaughlin of San Angelo; John Brunson of Houston; Mrs. Roland Blumberg of Seguin; Claudia Brummett of Amarillo; Bill Olicer of Beaumont; Marie Bynum of Longview; Carrin Patman of Ganado; Larry Andrews of Houston and Jesus J. Rubino of Austin.

**DEMOCRATIC CAMPAIGN LAUNCHED--**Land Commissioner Bob Armstrong and Agriculture Commissioner John C. White emerged as co-chairmen of the Texas campaign for George McGovern and Sargent Shriver.

Both acknowledged the Democratic national nominees are starting from "away behind," but they predicted the outlook will improve within the week or so.

McGovern and Shriver and President Nixon will devote more time to wooing Texas voters than any other national candidates ever did before, said White.

White defended gubernatorial nominee Dolph Briscoe for not assuming a national campaign post. He said Briscoe has active opposition and is "doing what is right and proper" in concentrating on his own race.

A statewide steering committee is expected to be named soon.

One hundred and 37 "lost" claimants who have \$49,500 coming to them from an anti-trust suit settlement are being sought by the attorney general's office.

If they can be located, they will get money recovered by the attorney general from five major drug manufacturers in a suit involving overcharges for the antibiotic drug tetracycline. Those who filed claims but have not received copies of the final judgement in the price-fixing suit should call the attorney general's office in Austin.

**VET BONDS SOLD--**The last \$30.7 million in state veterans

land board bonds were sold in Austin last week.

If the program is to continue new bond authorization will have legislative. Four authorizations have been approved in the form of constitutional amendments during the land program's 23-year history.

Low bid of 3,6902 per cent interest was submitted by the First National Bank of Dallas and Harris Trust and Savings Bank of Chicago and Associates.

Armstrong said he has support of House Speaker-elect Price Daniel Jr. and other lawmakers in submitting a new constitutional amendment to deep the program alive after the \$30.7 million is spent. He recalled the program has been self supporting, has required no taxes and has benefitted 48,000 veterans. The Commissioner indicated an additional \$50 million to \$100 million in bonds will be sought.

**AG OPINIONS--**Attorney General Martin, in a new opinion, struck again at the governor's powers over state fiscal matters.

He invalidated more than 40 appropriations rider requiring approval by the chief executive (or other officials) on expenditures of fund.

In other recent opinions, Martin concluded: "A law which abolished the offices of county school superintendent, ex officio county superintendent and the county school board in Caldwell County is unconstitutional."

"A corporation which purchases the stock of a bankrupt motor carrier may not be eligible for legal transfer of the bankrupt firm's specialized motor carrier certificate from the Railroad Commission.

"Deduction of the value of a life estate is not authorized in computing inheritance taxes when the life tenant dies within five years after receiving it.

"Piercing of ears for ear-rings does not constitute practice of medicine and requires no medical license.

"The Board of Nursing Home Administrators must deposit the initial license fee, which may not exceed \$100 for the biennium, and the renewal license fee into the State Treasury beginning June 15.

"Elected, state-salaried officials such as judges may also hold non-salaried jobs as regents of state colleges and universities.

**STATE PAY RAISE GRANTED--**A 6.8 per cent pay raise for about 67,000 state employees effective September 1 has approval of the Federal Pay Board.

The pay boost was authorized under a special "catch-up" provision of regulations permitting increases for employee groups where the average raises over the last three years was less than seven per cent. Pay Board approval is necessary where raises are higher than the five per cent limit established as a guideline to check inflation.

State employees received pay increases of 6.8 per cent in 1969, 3.4 per cent in 1970 and 6.8 per cent in 1971.

**ACT TO BRING STATE \$60 MILLION--**Texas would get about \$60 million in new federal money under the Rural Development Act of 1972.

The legislation authorizes more than \$980 million nationwide for physical and economic development of rural America. The program seeks to bring people and business to underpopulated areas and thus ease the congestion in urban centers.
